

Dalhousie Pharmacology

be **CLOSER** *to...*

Faculty Beyond teaching and driving innovative research, our faculty want you to be the best version of yourself. Here, your professors become mentors, ready to motivate you to excel in your studies and help launch your career.

Opportunities In addition to fully-funded scholarship opportunities, you can choose from a range of interdisciplinary research fields aimed at understanding and treating disease.

Patients Come, push the boundaries of drug discovery. With access to our modern lab facilities you'll bring your research closest to patients.

Ocean Located on Canada's east coast, Dalhousie University is just five minutes from the ocean. So get your feet wet, kayak along our waterfront, and let your discoveries come in waves.

**Move your research
from bench to bedside.**

Earn Your **Masters**. Earn Your **PhD in Pharmacology**.
