

Global Surgery Office Travel Grant Application

The Global Surgery Office (GSO) awards an annual travel grant to residents and staff to support international and local travel for purpose of research, conferences, international electives, service delivery etc. Applicants must meet the following criteria to be considered:

- Active resident or faculty within the Department of Surgery
- Residents must have at least one or more year of training remaining

Each physician can have **1** successful application each year. The award will be transferred directly to the individual physician upon completion of the trip. Each award is valued at **\$2500**. Please submit the application with necessary attachments ([Canadian Common CV](#), travel itinerary and, letter of acceptance at conference or international elective, letters of support, research proposal etc) via email to the [GSO coordinator](#).

****If you wish to provide any other relevant information related to your project not included in this application, please send it as a separate attachment with this application.**
