

DISP TEXTBOOKS FOR 2019/2020

Below is a list of the textbooks for the 2019/2020 Integrated Science courses SCIE 1506 and SCIE 1507. This list can also be found on the Bookstore website by searching for SCIE 1506 and SCIE 1507.

SCIE 1506 and SCIE 1507

Biology

- **Reece**, Campbell Biology, 2nd Canadian Edition, Pearson
Used, previous editions (Campbell Biology, 1st Canadian ed.) or e-text alone are acceptable.

Psychology

- Feist, Psychology: Evaluating Connections, 2nd Canadian Edition, McGraw
IMPORTANT: A NEW hardcopy or new e-text will be required to obtain an access code for the online quiz tool. The e-text is more economical.

SCIE 1506

Statistics

- Deveaux, Stats Data and Models, 3rd Canadian edition, Pearson
Used copies, previous versions or e-text only are also ok.

SCIE 1507

Earth Sciences

- **Marshak**, Earth. Portrait of a Planet, 6th Edition, Norton
New or used hardcopy (previous editions are ok) or e-text. Hardcopy is recommended if continuing in Earth Science.
- **Ludman & Marshak**, Laboratory Manual for Introductory Geology, Norton
NEW hard copy.
The edition available to the Dal bookstore has not been determined. To ensure the correct edition please do not purchase before the start of fall term. Details will be provided in class.

You will also have required textbooks in your co-requisite Math, Chemistry and Physics courses and should confirm details with the instructors for these courses or by searching textbooks at <https://bookstore.dal.ca/Course/campus>.

There is no required text for **Phil 1050**
