With the support of the
Erasmus+ programme
of the European Union

About the JMEUCE

The **Jean Monnet European Union Centre of Excellence (JMEUCE)** is funded jointly by Dalhousie University and the Erasmus+ programme of the European Union (EU). It builds on the success of the European Union Centre of Excellence (EUCE) which operated at the university from 2006 to 2016. The JMEUCE is one of a network of Jean Monnet Centres of Excellence around the globe.

JMEUCE Associates and Fellows from multiple disciplines conduct research on a range of topics pertaining to EU policies and EU-Canada relations. By comparing Europe and Canada, they highlight important lessons which the two partners across the Atlantic can learn from each other.

The Centre also advances **student learning**, laying a foundation to help create the next generation of EU scholars. This is achieved through courses, speakers and financial support, including student exchanges to countries within the EU.

Key Objectives

Promoting Research on the European Union

With a focus mainly on trade, migration and health care, the JMEUCE promotes and organises:

- research projects
- academic exchanges with EU universities
- grants and awards for students researching EU-related issues

Fostering Knowledge of the European Union

The Centre aims to increase awareness and understanding through:

- local and international speakers with EU and Canadian perspectives
- EU-related courses
- conference and workshops
- opportunities for students to gain first-hand experience in Europe
- networking with other research centres

Engaging Local Stakeholders

JMEUCE outreach activities seek to engage:

- policy-makers
- NGOs
- youth
- representatives of EU member states
