Due to the specialized nature of the Veterinary Technology program, the online schedule generated does not represent your final schedule. For this reason, if you receive errors related to conflicts in your lab sections, please do not be concerned, no action is needed on your part. Ensure that you have registered for one lab section for VTEC 0112, VTEC 0113 and VTEC 0115. **In August you will receive an email communication from your instructors which will include your final schedule for the fall term.** When considering planning for employment or other activities, you should assume that you will have classes between 8:30 and 17:30 from Monday to Friday, even if the online schedule indicates that you have openings. If you have questions specific to scheduling, please contact Joye Sears, RVT, at joye.sears@dal.ca.

Specific questions regarding the program can be directed to Dr. Lori Parsons, DVM, Coordinator of the Veterinary Technology program at lori.parsons@dal.ca.
