## DALHOUSIE UNIVERSITY

# FACULTY OF AGRICULTURE
**First Year Bachelor of Science in Bioveterinary Science**
2023-2024 Academic Year

This worksheet is intended to guide first year students in making first year course selections. Use the academic timetable to look up the course reference numbers (CRN), days and times of the lectures, labs and tutorials you wish to take. Use the blank schedule template to build your weekly schedule or try a digital site like Coursicle. It is recommended that you schedule your required courses first, followed by your elective(s). Complete information on the overall requirements for the BSc Bioveterinary Sciences program can be found in the academic calendar.

| Fall Term | Winter Term |
|---|---|
| EGLA 1000 Composition or EGLA 1004 English Studies in Science & Technologies | BVSC 1000 Overview of Animal Health Sciences |
| BIOA 1002 Biology I | BIOA 1003 Biology II |
| CHMA 1000 General Chemistry I | CHMA 1001 General Chemistry II |
| MTHA 1000 Introductory Calculus I | PHYS 1000 Physics for Life Sciences |
| Elective (3 credit hours) | Elective (3 credit hours) |

## CHOOSE YOUR ELECTIVES
Before graduation BSc Bioveterinary Science students must complete **39 credit hours of general elective, and 3 credit hours of humanities electives**. General electives can be any course of interest, provided the student meets all pre-requisite requirements, 1000 and 2000 level courses are recommended for students in their first year of study.

**Humanities and social science** courses include those in the following subjects: English, Arts, History, French, Spanish, Philosophy, Economics, Geography, Psychology, Political Science, Rural Studies, and Sociology. Additional courses from outside these subjects are listed in the Academic Calendar.

## DETERMINE IF YOU REQUIRE PREPARATORY COURSES
If you do not have Pre-Calculus Math 12 or the 65% required minimum grade, it is recommended to take a non-credit preparatory course, **MTHA 0050** Functions, prior to enrolling in **MTHA 1000** Calculus. Students may register for MTHA 0050 for the summer term by emailing enrolment.services@dal.ca, and then registering for the course using the CRN.

**Upgrading courses are offered online** and can be taken through the summer or regular academic year with the Faculty of Open Learning. A grade must be awarded before a student may enrol in university level courses if a student is missing these high school level courses. **Students are strongly encouraged to complete these courses in the summer** if they wish to prevent delays within their program.

Students who may be eligible for course credits based on previous post-secondary education or IB/AP courses should ensure their final official transcripts are forwarded to Dalhousie **as soon as they become available**. Any inquiries regarding transfer credits may be directed to transfercredits@dal.ca.

## Build your Schedule

1. Login to DalOnline.
2. Select Web for Students.
3. Select View Academic Timetable.
   i.  From here you can select the Term and Location, it is recommended to review course offering one term (fall or winter) at a time.
4. Select the subject from the drop-down list, note that courses are listed by subject not program or degree.
   i.  All courses offered on the Agricultural campus will be indicated by either Agri Campus, Agricultural Campus, or AGR in the subject title (e.g. Economics-Agricultural Campus).
5. Find the course required (e.g. ECOA 1000) and record the CRN number for one of the lecture (Lec) sections.
   i.  The CRN is a five-digit code (e.g. 13789).
6. If applicable, select a tutorial (Tut) or Lab section and record the CRN. You must register for one of each of the sections that appear for each course (Lec, Lab, and Tut).
   i.  Note that not all courses have a lab or tutorial section, e.g. ECOA 1000.
7. Check the first column for notes such as restrictions (R), or preferred sections for select programs.
8. Repeat, finding the CRN's for all courses required for the given term and be mindful of time conflicts, while recording CRN's in your schedule.
9. Once you have found all the CRN's for your courses in the Fall term, repeat the same process for the Winter term.

## Register for Courses

10. Access DalOnline and navigate to Web for Students, then the Registration page.
11. Select Register for Classes, twice,
    i.  From the drop-down menu select your term, starting with **2023/2024 Fall** and Continue.
12. Select Enter CRNs from the option across the top of the screen, **do not** use the Class Search option.
    i.   Add as many CRN text boxes as needed.
    ii.  Type one CRN into each text box, once complete select Add to Summary.
13. Your tentative schedule will be available in the panel in the bottom left and your summary of courses can be seen in a panel in the bottom right of the screen.
    i.  Confirm your schedule is accurate and that there are no course conflicts.
14. Next to each pending course confirm your intended Action generally Web Registered and select Submit to finalize your course registration.
15. After registering for the Fall term, complete the process again for the **2023/2024 Winter** term.
16. If errors occur after submitting CRN's please reach out to newtodalac@dal.ca for clarification and assistance to resolve the issue.
