# Messages to Graduates

## Chancellor's Message

What an achievement! As a fellow alumnus, I congratulate you on your graduation and on the hard work, dedication and commitment it has taken to reach this impressive milestone.

I still vividly remember the excitement and sense of accomplishment I felt when I completed my own degree 31 years ago. On reflection, I am struck by how important my experience at Dalhousie was in shaping my career, and in fact my life. I trust your experience has been just as formative.

This was to be my first Convocation as chancellor, and it pains me not to be able to celebrate the Class of 2020 on stage with you. Someday, I hope our paths will cross, and I will have the opportunity to congratulate you in person.

You completed your studies in extraordinary times — ones that have kept us separated in the short term but will unite you and your classmates forever. As you move towards your future successes, remember the bonds of friendship, collegiality and community that you relied on throughout your studies. It's those bonds that pull us all through hard times and make our best times even more special.

Congratulations,

**The Honourable Scott Brison,  
P.C.**  
Chancellor, Dalhousie University

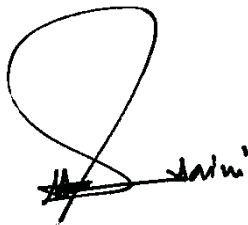

## President's Message

Graduation is a significant milestone, not only for students, but for your families and supporters. You have worked diligently to get to this point, and while you are not able to cross the stage this spring as planned, please know that the Dalhousie community is extremely proud of you and your accomplishments.

Whether you take part in virtual celebrations with your Faculty, plan to return to campus to cross the stage at a later date, or both, I hope you will take the time to mark this incredible milestone achievement.

Your university experience, both within and outside the classroom, has taught you invaluable lessons and left you with principles and insights that will continue to guide you. As a Dalhousie graduate, you join a community of more than 150,000 alumni who are making an impact in their communities, here in Canada and around the world. Now more than ever, the world needs your skills, your intelligence, your persistence, your compassion and your optimism – be confident that you have much to contribute.

I truly look forward to seeing the impact the Class of 2020 will make. Congratulations, and please keep in touch.

**Dr Deep Saini**  
President and Vice-Chancellor,  
Dalhousie University

## Message from Alumni

I would be remiss if I didn't acknowledge that this is a bittersweet time. Convocation is a special experience, a time to celebrate all of your hard work and achievements as a student, and I'm sorry you are not experiencing it as you likely planned. But do not lose sight of the significance of this amazing milestone—you are now part of the Dalhousie University alumni community. Welcome!

You are entering a new phase in your life filled with exciting possibilities. Just as Dal supported you as a student, there are many ways we can continue to support you through the next steps of your journey.

If the current crisis has taught us anything, it is the importance of staying connected even when we cannot physically be together.

There are more than 150,000 Dal alumni around the world, and there are many reasons to connect with us, from networking opportunities to great benefits to fun social events we all can look forward to in the near future. So, find a way to stay engaged that is meaningful to you, whether through an alumni event, volunteering or even our various social media channels.

Lastly, I want to remind you to cherish your time at Dal. Graduating is one of the most important moments in your life. I hope that when you look back at your time on campus, you are filled with fond memories and pride for all you have accomplished.

**Brian Johnston**  
President, Dalhousie Alumni  
Association

# Convocation and Ceremonial Elements

---

## Convocation

Convocation is a celebration where students transition to alumni, celebrating their achievements as they cross the stage to receive their degree.

## New Dawn Staff of Place and Belonging

Dalhousie introduced the New Dawn Staff of Place and Belonging on May 10, 2019. The Staff officially replaced the University Mace as the ceremonial object used to open and close Convocation ceremonies. Like the Mace before it, the New Dawn Staff is carried into the ceremony by the University Beadle at the head of the graduate procession and placed onstage to signal the start of the celebration and carried back out to mark the end.

The New Dawn Staff of Place and Belonging was designed and created by artists Alan Syliboy of Millbrook First Nation and Mark Austin of Cumberland County with guidance from the university and in collaboration with a team of artists and craftspeople from diverse communities across Nova Scotia.

Dalhousie is one of the first universities in North America to replace its traditional mace with a new ceremonial object. Through its mix of symbols, materials and textures, the New Dawn Staff reflects the rich diversity of individuals who make up the Dalhousie community today and their collective history in this place that we share together.

Symbols and materials integrated along the shaft signify Dalhousie's location in Mi'kma'ki and important on-going relationships with Mi'kmaq communities. Descendants of early European and international settlers, Acadians, Peoples of African descent, persons with disabilities, all genders and the LGBTQ2S+ communities are acknowledged with Staff elements in an effort to convey inclusion, diversity, and equity. Contributions by artists from Mi'kmaq, African Nova Scotian and other communities celebrate that Dalhousie is part of a larger geographic and cultural place of diversity and inclusion.

More than thirty materials and twenty processes were used in the creation of the New Dawn Staff and its accompanying stand. Nova Scotian materials were used when possible, including the white ash that serves as the base material for the pole and driftwood that forms the top segment. Textiles from around the world, near-field chip technology, recycled

gold, and several other natural materials were incorporated throughout using processes ranging from wood turning and textile wrapping to laser cutting, wire weaving, and gilding.

At 7'4" (2.24 metres) tall, the New Dawn Staff cuts an impressive figure befitting of a symbol of achievement. But as a walking stick it also symbolizes the idea of a journey — educational and otherwise — and provides functionality as an aid for walking and as a beacon for community. Four distinct grip zones mean the staff can be carried by individuals with different walking or sitting heights.

Artists involved in the creation of the New Dawn Staff of Place and Belonging were Mark Austin, Alan Syliboy, Wendie Poitras, Annie Martin, Mohammed Issa, Jessie Marshall, Mark Hamilton, Matt D'Entremont, Fred Marshall, Lily Volio, Debby Finkbeiner, Arjun Lal, and many unknown makers whose pre-existing work was incorporated for its cultural significance.

With the New Dawn Staff of Place and Belonging, Dalhousie journeys proudly into its third century informed by the past and inspired for the future.

## Coat of Arms

The Dalhousie University Coat of Arms, which you see hanging at the back of the stage, is based on the heraldic achievement (commonly called "Coat of Arms") of the Ramsay family of Scotland. The Rt. Hon. George Ramsay, Lieutenant-Governor of Nova Scotia, founded the University in 1818. Initially the Ramsay family coat of arms was used to identify Dalhousie. But over time, it has evolved, as have most heraldic devices through marriage or political alliances.

The seal used by the University differs from that of the Ramsay family version in three ways.

First, through marriage one of the supporters on the Ramsay achievement has now changed to include a greyhound on the right. Secondly, the original Ramsay supporters were griffins (half lion, half dragon). Dalhousie has dragons. The third change occurred in 1950 when the Board of Governors changed the colour of the shield from white (silver) to gold, to reflect the University's colours of black and gold.

Since 1987 the university has used the eagle and shield as the basis for its logo.

# Academic Dress

Academic dress — also known as academic costume or regalia — are the distinctive gowns and hoods worn by all participants (including faculty members and university officials who sit onstage) during a Convocation ceremony.

The tradition of graduates wearing gowns and hoods dates back to the 12th and 13th centuries. This tradition continues today at Dalhousie University to signify a graduate's academic accomplishment.

Graduates of the University wear gowns and hoods of black material. The lining of the hood identifies the field of study.

Indigenous students are welcome to wear traditional dress in a manner that celebrates their heritage with or instead of the gown along with their ceremonial hood.

In recognition of their heritage, black graduates of African descent may wear a **Kente Sash**; a symbolic stole, using hand woven material made in Ghana.

During the ceremony, Aboriginal graduates may be recognized by Elders with the gift of a traditional handmade **Medicine Pouch**.

# Academic Honours

---

## College of Arts and Science

**Distinction** is bestowed upon students who excel academically in the regular three-year program or the four-year major degree program. A minimum cumulative grade point average of 3.70 is required to graduate with distinction.

**Honours** is bestowed upon students in the four-year program who complete the requirements for the honours program and obtain, for Arts & Social Sciences, a minimum grade point average of 2.70 in the honours subject(s) and the minor(s), if declared. For Science, a minimum grade point average of 3.00 in all of the courses in the honours subject(s).

**First Class Honours** First Class Honours is bestowed upon students who obtain a minimum grade point average of 3.70 in the courses in the honours subject(s) for Science; a minimum grade point average of 3.70 in the courses in the honours subject(s) and the minor(s), if declared, for Arts and Social Sciences.

Unless pass grading is employed, the grade must be B- or better for honours, and A- or better for first class honours in the honours qualifying result.

## Faculty of Agriculture

**Distinction** is bestowed upon students who have achieved a minimum cumulative grade point average of 3.70.

## Faculty of Architecture and Planning

**Distinction** is bestowed upon students who have achieved a minimum cumulative grade point average of 3.70.

**Sexton Distinction** is bestowed upon students who have achieved a minimum cumulative grade point average of 3.85.

## Faculty of Computer Science

**Distinction** is bestowed upon students who excel academically in the regular three or four-year degree program. A minimum cumulative grade point average of 3.70 is required to graduate with distinction.

**Honours (Bachelor of Computer Science)** is bestowed upon students who obtain a minimum grade point average of 3.00 in all of the courses in computer science.

**Honours (Bachelor of Science)** is bestowed upon students in the four-year honours program who obtain a minimum grade point average of 3.00 in all of the courses in the honours subject.

**First Class Honours (Bachelor of Computer Science)** is bestowed upon students who obtain a minimum grade point average of 3.70 in all of the courses in computer science.

**First Class Honours (Bachelor of Science)** is bestowed upon students who obtain a minimum grade point average of 3.70 in the courses in the honours subject.

**Sexton Distinction** is bestowed upon students in the Faculty of Computer Science who have taken a full course load, as determined by the Faculty, and achieved a cumulative grade point average of 3.85.

## Faculty of Dentistry

**Distinction** may be awarded to graduating Dentistry students whose cumulative grade point average is at least 3.60 who in the opinion of faculty, merit the award.

## Faculty of Engineering

**Distinction** is bestowed upon students who excel academically in the program. A minimum cumulative grade point average of 3.70 is required to graduate with distinction.

**Sexton Distinction** is bestowed upon students in the Faculty of Engineering who have taken a full course load, as determined by the Faculty, and achieved a cumulative grade point average of 3.85.

## Faculty of Health

**Distinction** is bestowed upon students graduating with a cumulative grade point average of 3.70 or better.

Students who have been on the Dean's List for three of the four years of the Pharmacy Program will graduate with Distinction.

**Kinesiology, Health Promotion, Recreation Honours** is bestowed upon students who have successfully completed the honours program.

**First Class Honours** is bestowed upon students who obtain a minimum grade point average of 3.70.

## Faculty of Management

**Distinction** is bestowed upon students who excel academically in the regular four-year program. A minimum cumulative grade point average of 3.70 is required to graduate with distinction.

## Faculty of Medicine

**Distinction** is awarded to students, who have, on graduation, reached a high standard as set by the Faculty of Medicine for that purpose.
