Messages to Graduates

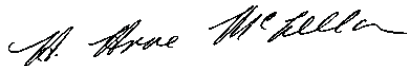

Chancellor's Message

Convocation is a day of well-deserved celebration. For students, it signifies the completion of years of hard work but also the beginning of an exciting new chapter in your lives. For families, it is a day to recognize years of dedication and to embrace enthusiastically the pride that convocation evokes. For all of us, convocation is a time to look with optimism and anticipation to the future.

Twice each year, thousands of people travel from across Canada and from around the world to be part of convocation ceremonies. Among staff and faculty members on our campuses, everyone pauses to acknowledge the success of our graduates and to reflect upon and remember the real reason we are here: to help prepare the world's newest leaders, life-changers and influencers for the challenges and opportunities ahead. The accomplishments of our graduating students are a source of pride for all of us at Dalhousie.

We hope our convocation ceremonies create wonderful memories for our graduating students, their families and friends.

Congratulations to all of you at this very special time.

The Honourable A. Anne McLellan, P.C., O.C., A.O.E.

Chancellor, Dalhousie University

President's Message

Graduation is a significant milestone for students and their supporters. Today, I hope you enjoy the well-deserved celebration of your accomplishments and achievements.

When you cross the stage and receive your degree, you join a community of more than 145,000 Dalhousie alumni who are making an impact in their communities and around the world.

During your time at Dalhousie, I know you have worked hard within and outside the classroom, and you have bettered yourselves and one another. I am sure you have gained values and insights that will not only continue to guide you as your journey continues, but that have set you up for a bright future. I hope you will reflect on the lessons you have learned from your peers, your professors, and others at the university who introduced you to new possibilities and new ideas.

Congratulations and best wishes!

Dr. Teri Balser

Interim President and Vice-Chancellor,
Dalhousie University

Message from Alumni

Congratulations on your graduation from Dalhousie University! You are entering a new phase in your life filled with exciting possibilities, and there are many ways Dalhousie can continue to support you.

I'm happy to share three things every new grad should know:

Stay connected: You are now among over 145,000 Dal alumni around the world. There are many reasons to connect with this wide-ranging and welcoming community – fun and valuable social events, networking opportunities and great benefits and discounts. So, find a way to stay engaged with your fellow alumni that is meaningful to you, whether through an alumni event, volunteering or even our various social media channels.

Jump-start your career: The network you've created while at Dal can open countless doors. One of the best things you can do is seek out a mentor to help advise you as you navigate the early part of your career. Your alumni community is a great place to find one!

Cherish your memories: Graduating is a major milestone in your life and career. I hope that when you look back at your time on campus you have many fond memories. These memories will stay with you forever.

Finally, welcome to the Dalhousie alumni community. I have found that keeping connected is very gratifying and fulfilling. Stay in touch!

Ceremonial Music

Maritime Brass Quintet

We take this opportunity to acknowledge our nationally and internationally recognized faculty members who are too numerous to list but who play a vital role in inspiring and teaching Dalhousie's graduates.

In addition, we acknowledge staff and administrators who provide a variety of services and support to enhance each graduate's experience.

Convocation and Ceremonial Elements

Convocation

Convocation is a celebration where students transition to alumni, celebrating their achievements as they cross the stage to receive their degree.

Convocation ceremonies are the most visual events associated with Dalhousie University. Each year 21 ceremonies are held with over 4,300 graduates and their 15,000+ guests. Participants and guests include the Chancellor, President and senior administration, members of the Board of Governors, Senate, Deans, Alumni, Honorary Degree recipients, faculty members, graduating students and their families and friends.

New Dawn Staff of Place and Belonging

Dalhousie introduced the New Dawn Staff of Place and Belonging on May 10, 2019. The Staff officially replaced the University Mace as the ceremonial object used to open and close Convocation ceremonies. Like the Mace before it, the New Dawn Staff is carried into the ceremony by the University Beadle at the head of the graduate procession and placed onstage to signal the start of the celebration and carried back out to mark the end.

The New Dawn Staff of Place and Belonging was designed and created by artists Alan Syliboy of Millbrook First Nation and Mark Austin of Cumberland County with guidance from the university and in collaboration with a team of artists and craftspeople from diverse communities across Nova Scotia.

Dalhousie is one of the first universities in North America to replace its traditional mace with a new ceremonial object. Through its mix of symbols, materials and textures, the New Dawn Staff reflects the rich diversity of individuals who make up the Dalhousie community today and their collective history in this place that we share together.

Symbols and materials integrated along the shaft signify Dalhousie's location in Mi'kma'ki and important on-going relationships with Mi'kmaq communities. Descendants of early European and international settlers, Acadians, Peoples of African descent, persons with disabilities, all genders and the LGBTQ2S+ communities are acknowledged with Staff elements in an effort to convey inclusion, diversity, and equity. Contributions by artists from Mi'kmaq, African Nova Scotian and other communities celebrate that Dalhousie is part of a larger geographic and cultural place of diversity and inclusion.

More than thirty materials and twenty processes were used in the creation of the New Dawn Staff and its accompanying stand. Nova Scotian materials were used when possible, including the white ash that serves as the base material for the pole and driftwood that forms the top segment. Textiles from around the world, near-field chip technology, recycled gold, and several other natural materials were incorporated throughout using processes ranging from wood turning and textile wrapping to laser cutting, wire weaving, and gilding.

At 7'4" (2.24 metres) tall, the New Dawn Staff cuts an impressive figure befitting of a symbol of achievement. But as a walking stick it also symbolizes the idea of a journey — educational and otherwise — and provides functionality as an aid for walking and as a beacon for community. Four distinct grip zones mean the staff can be carried by individuals with different walking or sitting heights.

Artists involved in the creation of the New Dawn Staff of Place and Belonging were Mark Austin, Alan Syliboy, Wendie Poitras, Annie Martin, Mohammed Issa, Jessie Marshall, Mark Hamilton, Matt D'Entremont, Fred Marshall, Lily Volio, Debby Finkbeiner, Arjun Lal, and many unknown makers whose pre-existing work was incorporated for its cultural significance.

With the New Dawn Staff of Place and Belonging, Dalhousie journeys proudly into its third century informed by the past and inspired for the future.

Coat of Arms

The Dalhousie University Coat of Arms, which you see hanging at the back of the stage, is based on the heraldic achievement (commonly called "Coat of Arms") of the Ramsay family of Scotland. The Rt. Hon. George Ramsay, Lieutenant-Governor of Nova Scotia, founded the University in 1818. Initially the Ramsay family coat of arms was used to identify Dalhousie. But over time, it has evolved, as have most heraldic devices through marriage or political alliances.

The seal used by the University differs from that of the Ramsay family version in three ways.

First, through marriage one of the supporters on the Ramsay achievement has now changed to include a greyhound on the right. Secondly, the original Ramsay supporters were griffins (half lion, half dragon). Dalhousie has dragons. The third change occurred in 1950 when the Board of Governors changed the colour of the shield from white (silver) to gold, to reflect the University's colours of black and gold.

Since 1987 the university has used the eagle and shield as the basis for its logo.

Academic Dress

Academic dress — also known as academic costume or regalia — are the distinctive gowns and hoods worn by all participants (including faculty members and university officials who sit onstage) during a Convocation ceremony.

The tradition of graduates wearing gowns and hoods dates back to the 12th and 13th centuries. This tradition continues today at Dalhousie University to signify a graduate's academic accomplishment.

Graduates of the University wear gowns and hoods of black material. The lining of the hood identifies the field of study.

Indigenous students are welcome to wear traditional dress in a manner that celebrates their heritage with or instead of the gown along with their ceremonial hood.

In recognition of their heritage, black graduates of African descent may wear a **Kente Sash**; a symbolic stole, using hand woven material made in Ghana.

During the ceremony, Aboriginal graduates may be recognized by Elders with the gift of a traditional handmade **Medicine Pouch**.
