*Dalhousie University sits on the Traditional Territory of the Mi'kmaq. We are all Treaty People.
Dalhousie University values its relationship with Indigenous Peoples.*

What does it mean to be a
CITIZEN *of* **DALHOUSIE?**

you can **BE MORE**

than a STUDENT

An excellent academic experience that includes opportunities for each and every student to put learning into practice and prepare for future careers. A diverse and welcoming community that supports student health, growth and success. From new knowledge to new friendships to the new places you'll explore, it's all waiting for you at Dalhousie — whether your ambition is to change the world or simply become the best version of yourself.

Dalhousie is respected nationally and internationally for its academic excellence, innovative research and rich student experience. Beyond teaching and learning, our diverse community is committed to building a more inclusive and prosperous world, from our local neighbourhoods to the farthest corners of the globe.

This is a place where your hard work, tenacity and sense of adventure are rewarded. You're challenged to be your best — and get the support you need to make it happen.

our BIRTHDAY

A once-in-a-lifetime celebration is coming to Dalhousie. And students joining us in 2018 can get ready for a once-in-a-lifetime experience.

Dalhousie is turning 200, and to mark this rare milestone we're hosting a year-long celebration filled with special events, high-profile guests and unique learning opportunities. It's a time of reflection, but more importantly a time to look towards the future you'll help to shape.

Be a special guest for this special occasion — because there's never been a better time to be a Dalhousie student.

your CELEBRATION

DAL.CA/200

the CITY *is your* CAMPUS

A vibrant city with a distinctive coastal culture, Halifax combines the liveliness of a large urban centre with a close-knit community that's home to some of the world's friendliest people. Dalhousie and Halifax share a special connection, and our campus is the ideal jumping-off point for exploring the city.

Whether you're studying in a quiet spot overlooking the ocean or making noise in one of Canada's most spirited music scenes, Halifax is your classroom and your playground.

INSPIRED BY THE OCEAN

Find beaches a short drive away. Grab a longboard and paddle out for your first surf. Learn how to sail at the local club or sign up for scuba lessons. Or, you can simply take a moment to listen to the waves and gain a new perspective on the world.

BEYOND THE CITY

Use your weekends and weeknights to get the full Nova Scotia experience. Hike Cape Blomidon, cycle the world-famous Cabot Trail and find your own favourite nooks and crannies in your downtime.

the CAMPUS *is your* CITY

EXPLORE HALIFAX

Theatre, music and art. Bustling farmers' markets and food truck treats. High fashion and hockey heroes. Whatever energizes you, there's a place to plug in only steps away from campus.

DIG INTO the story of Canada's evolving population at the Canadian Museum of Immigration at Pier 21.

DISCOVER NEW FAVOURITES through the 400+ things to eat, shop, see and do in downtown Halifax.

GET COMFORTABLE at the Halifax Central Library with its five floors of study space, books and cozy cafes.

FIND A TREASURE when strolling Queen Street's vintage clothing shops.

RUN THE TRAILS of Point Pleasant Park on a sunny afternoon in the city's South End.

GO GREEN with Dalhousie, twice named one of Canada's Greenest Employers, and the 93% of residents in Halifax who compost — the highest percentage in urban Canada.

GRAB THE FERRY to Dartmouth using your transit UPass.

OUR HALIFAX CAMPUS is just 300 metres from the waters of the Atlantic. Our aquatron even pumps salt water directly from the ocean to our research labs.

Home to our agricultural campus, Truro is Nova Scotia's hub, connecting the campus and surrounding communities to the rest of Atlantic Canada.

Modern agriculture at Dalhousie brings together the land and the lab, innovation and invention, students and professors. Through our experiential learning and research opportunities, you can make a real and significant impact in the world while making valuable career connections. Every day the work and research of our students and faculty puts better food on our tables, richer soil in the ground and greater resources at our fingertips.

COZY COMMUNITY

With around 1,000 students, our agricultural campus is a close-knit community you'll want to contribute to. Located just minutes from the town of Truro, you can spend your weekend mornings at the local farmers' market or strolling Main Street.

NEVER A DULL MOMENT

There's always something to keep you busy. Volunteer at the SPCA, take up tidal bore rafting or climb Jacob's Ladder at Victoria Park. Or try your hand at something totally new, like the College Royal Competition or our national champion Woodsmen team.

THE HEART OF NOVA SCOTIA

It's easy to explore Nova Scotia from our campus in Truro. Drive the Sunrise Trail in just 45 minutes and swim the warmest waters in the province. Grab a friend and take a weekend trip to Halifax. It's just an hour away.

your PROGRAM

Academic excellence. Unparalleled choice. Experiential learning opportunities that connect classes to real-world careers. When you put all this together, you get a learning experience unlike any other.

See a future in business? We have programs in commerce, management and international food business. Have a passion for helping people? Explore programs like health promotion, recreation or social work. Serious about science and technology? Study computer science, physics or aquaculture. Or engage your creative and critical thinking skills in a wide variety of arts and social science options, including sustainability or electives offered at our partner university, King's College.

Best of all, your choices include combinations as unique as you are. Pair math and music, classics and chemistry or psychology and political science. Our advisors can help you turn one of your favourite courses into a minor that adds something special to your degree.

With our broad selection of programs, classes, majors and minors, you can build a program that speaks to your individual goals — and prepares you to achieve them when you graduate.

CHALLENGE *boundaries*

Exploration comes naturally at Dalhousie. We're part of the U15 — a group of Canada's top research-intensive universities — and our students are deeply involved in the discovery of new knowledge that happens here every day.

From day one, you'll have the chance to participate in the unique projects of researchers driven to learn more about the world. From the tree of life to entrepreneurship, from the depths of the ocean to art in public spaces, you can be part of a research community that is changing the world.

Over \$136 million in funded research conducted each year

50 Canada Research Chairs

30 Research Centres

challenge YOURSELF

FUNDAMENTAL CHANGE

Dalhousie is home to humanitarian Romeo Dallaire's Child Soldiers Initiative, which is committed to ending the use of children in armed conflict.

ESSENTIAL OCEAN

Dr. Boris Worm investigates changes in the ocean ecosystem and their impact on marine species, pollution and climate change.

DEEP THINKING

Dr. Chike Jeffers explores how our backgrounds and identities inform our understanding of politics, history, ethics and culture.

SUSTAINABLE POWER

Dr. Jeff Dahn is a lithium ion battery innovator, a research partner of Tesla Motors and the winner of several prestigious research awards — and also teaches first-year Physics.

GET UP AND GO

Dr. Mary Kilfoil, through the Starting Lean Program, engages entrepreneurial students in innovative classroom startups.

SOCIAL PERSPECTIVE

Dr. Karen Foster's research looks at the intersection of sociology, economics, history and public policy, examining how everyday people shape — and are shaped by — the world of work.

professor. COLLEAGUE. *mentor.*

A great professor is much more than a teacher. Our professors take pride in sharing knowledge, research opportunities and the support you need to reach your full potential.

Just ask Maike van Niekerk. After taking Dr. Amy Bombay's Social Determinants of Health course, the Nursing student asked her professor if they could partner on a research program investigating cancer rates and psychological health among Canada's Indigenous Peoples. Not only did Dr. Bombay agree, she expanded her own work to accommodate Maike's interests.

As a mentor, Dr. Bombay gave Maike the confidence to challenge herself and explore rewarding opportunities, like presentations at national and international conferences. Their relationship is a big reason why Maike is now a successful student, experienced researcher, engaged community member — and Dalhousie's 90th Rhodes Scholar.

Find out what you can become. Find your mentor at Dalhousie.

90...AND COUNTING

THE RHODES SCHOLARSHIP IS ONE OF THE MOST PRESTIGIOUS ACADEMIC AWARDS IN THE WORLD. ONLY 11 CANADIAN STUDENTS A YEAR RECEIVE THE \$100,000 SCHOLARSHIP TO STUDY AT OXFORD UNIVERSITY IN ENGLAND — IN 199 YEARS DALHOUSIE STUDENTS HAVE EARNED THE HONOUR 90 TIMES.

DALHOUSIE HAS ONE OF THE LOWEST STUDENT-TO-PROFESSOR RATIOS AMONG CANADA'S U15 UNIVERSITIES.

get REAL WORK *experience*

Co-op placements, internships, practicums, research projects and volunteer opportunities can give you real work experience, professional mentorship and a resume that sets you up for real-world success.

At Dalhousie, you'll find a wide range of ways to put new knowledge into action and make the connection between classes and careers.

Experiential learning: opportunities to learn by doing are part of every degree program at Dalhousie.

Work-integrated learning: 4,200+ students participated in more than 225 courses.

Co-op: 2,000+ work-term placements.

Entrepreneurship: 400+ venture and entrepreneurial projects.

Innovation: home to start-up incubators like ShiftKey Labs, IDEA and Cultiv8 through which hundreds of student participants are driving new ideas.

EXCHANGE PROGRAMS

Finding your wings is easier than you think — we have flexible exchange and study abroad programs that can add an international perspective to your degree.

Ever want to visit places like China, Denmark or Wales? We can get you there.

your HOME *at* DALHOUSIE

We know a home is so much more than a bed, a desk and a Wi-Fi connection. It's about feeling secure and supported among the friends and classmates that make up your community. In Halifax and Truro, we'll help you find your place.

WHY CHOOSE RESIDENCE

A room to study and relax in. A built-in community. Proximity to food, classes and amenities. Living in residence comes with many benefits, including the feeling that whatever your first year at university brings, you're experiencing it alongside friends who can relate.

EASY ACCESS

Grab a bite to eat in your residence dining hall or one of dozens of on-campus food locations. Go for a workout, hit the books at the library or kick the ball around with friends. It's all just steps away when you live on campus.

YOUR ROOM, YOUR CALL

Feel like living solo? Definitely want a roommate? Suite set-up more your scene? We've got residences that are right for you.

SAFETY FIRST

Close to classes and always secure, residence makes an easy transition to life away from home.

HALIFAX TO TRURO
(AGRICULTURAL CAMPUS):
1 HOUR DRIVE

[DAL.CA/RESIDENCE](https://dal.ca/residence)

THE BUILDINGS

- New students are guaranteed a place in residence. The application deadline is June 30.
- 11 residences (8 in Halifax, 3 in Truro).
- Approximately 75% (Halifax) and 50% (Truro) of our rooms are single occupancy.
- Wi-Fi and an entertainment package are always provided in residence rooms.
- Safe and secure buildings — many offer 24-hour front desk support.

THE LIFESTYLE

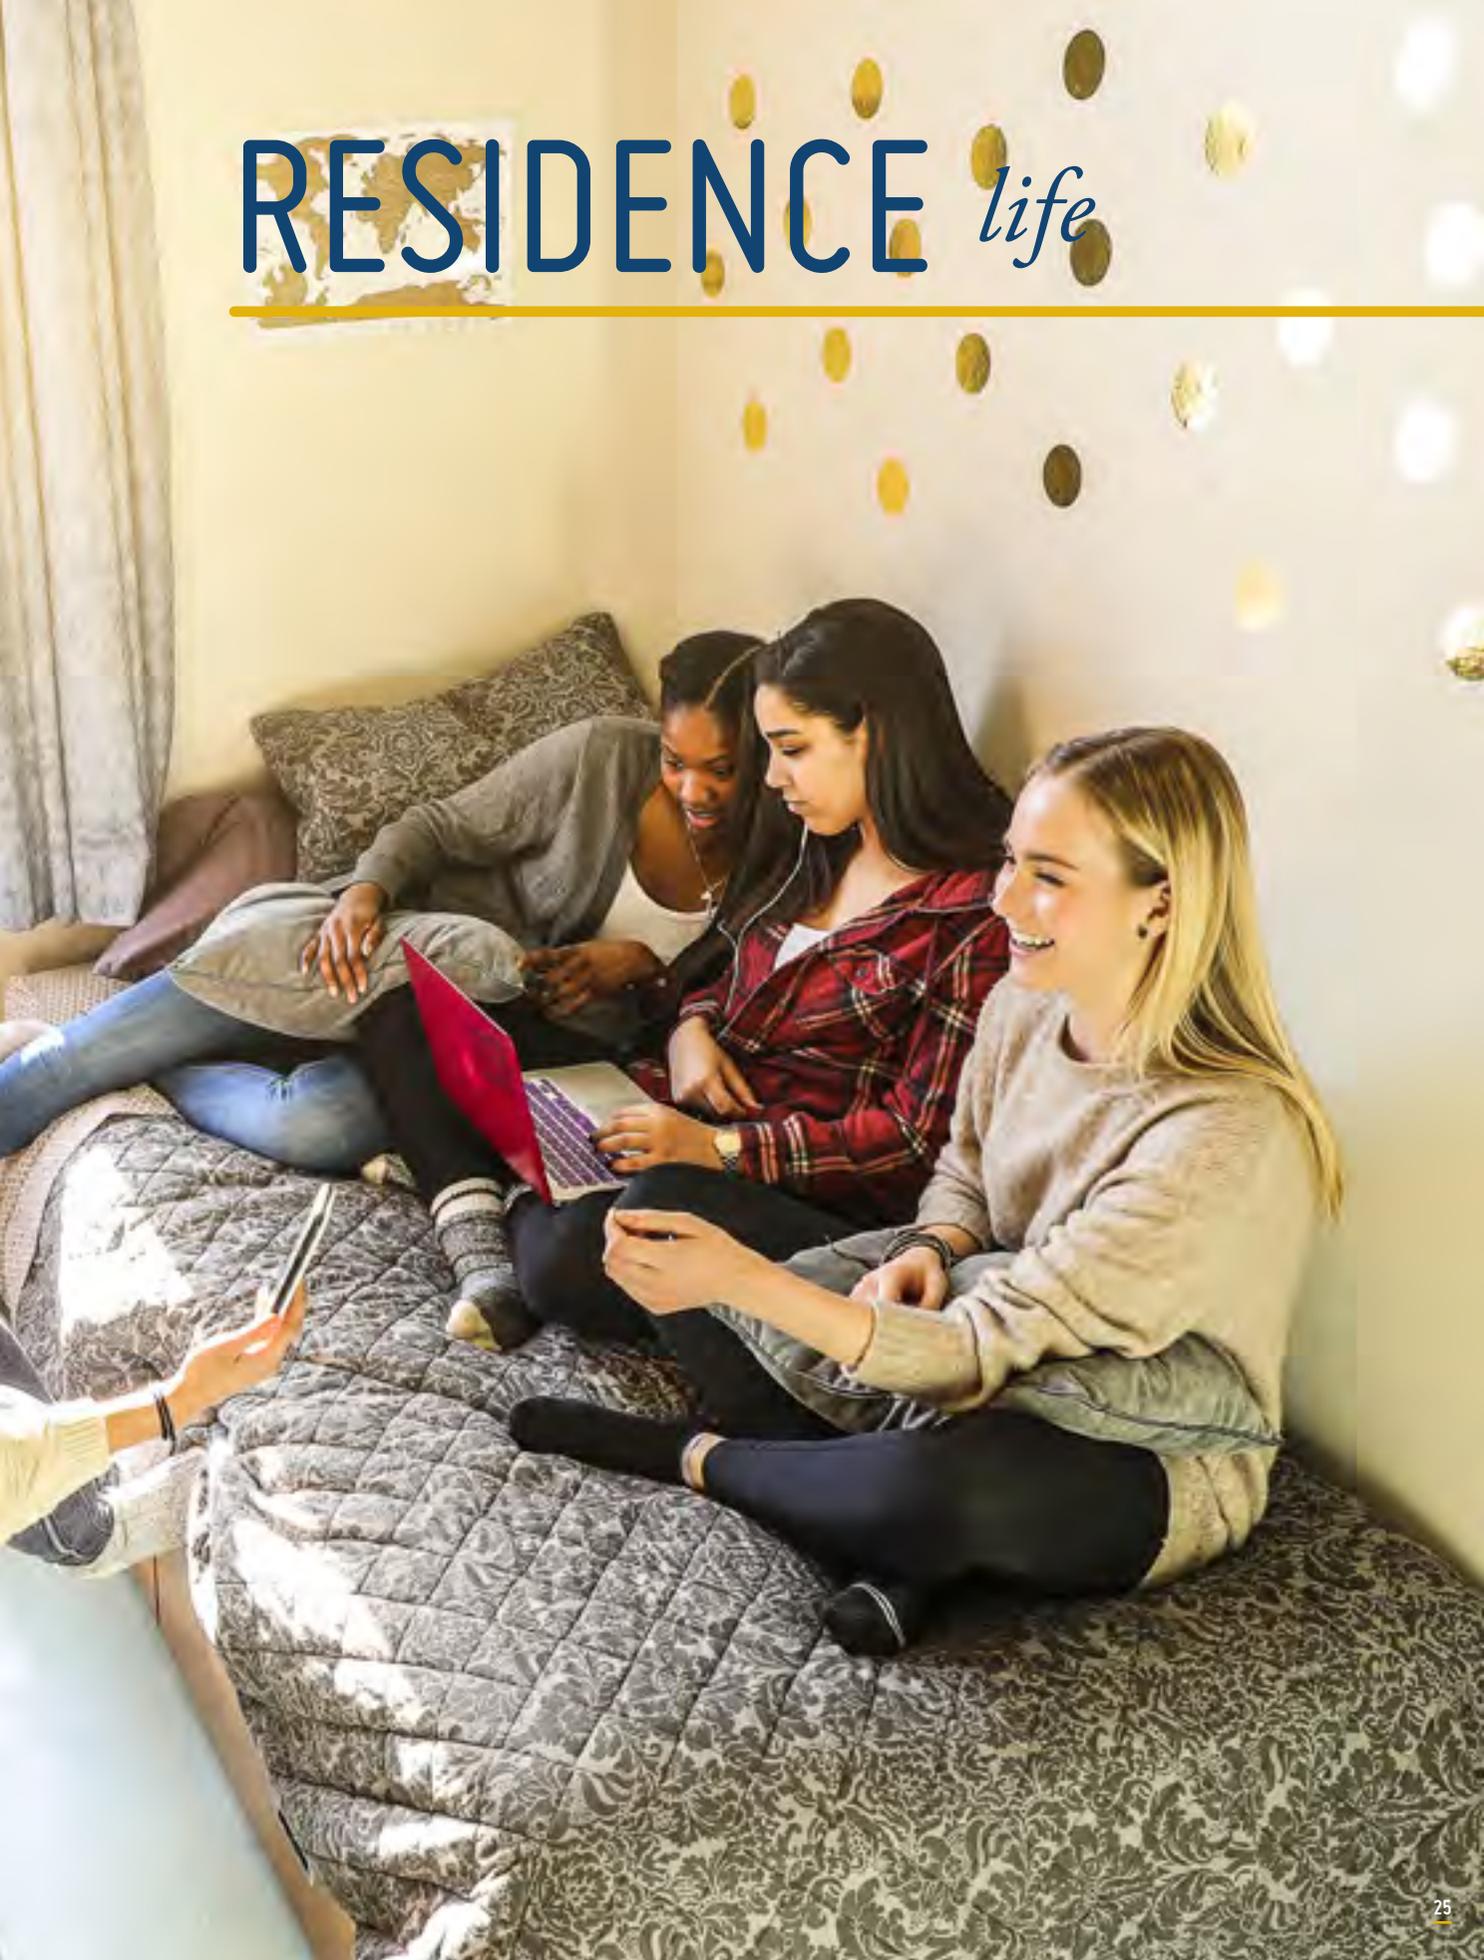

- Get support and mentorship from a designated residence assistant (a current upper-year student) and a residence life manager or don.
- Enjoy organized events like floor dinners, study sessions, sporting events and our annual eco-Olympics.
- Grab a late-night snack in your residence during exams.
- Halifax students compete in annual charity face-offs that have raised over \$180,000 for the IWK Health Centre.
- Truro students enjoy the friendly competition of year-round house challenges.

THE FOOD

- 3 meal plan options for on-campus students in Halifax. Choose from 14, 19 and unlimited meals per week.
- Our Truro students always have an unlimited meal plan.
- Meal plans for off-campus students are also available.
- We use locally-sourced food whenever possible.
- 4 dining halls available in Halifax and 1 on our Truro campus.
- Plenty of food options: halal, vegan, vegetarian, gluten-free and dairy-free.
- Halifax dining halls host guest chef nights with local restaurants and our in-house executive chef leads cooking classes for students.

RESIDENCE *life*

SIGN *on*

SIGN *up*

With clubs, societies, athletics, student government and more, you'll find a community of people who share your interests — and countless opportunities to discover a new lifelong passion. Try your hand at magic, trade entrepreneurial ideas, get active or cheer on varsity teams — we've got extracurricular activities to energize you.

GET INVOLVED

- 400+ diverse clubs and societies to choose from.
- A wide range of opportunities to develop leadership skills and give back to the community.

COMMUNITY

There's always someone willing to lend a hand in our diverse, inclusive and welcoming campus community. From help finding the books for Chemistry 1011 to help editing your paper, support at Dalhousie is just around the corner.

Better yet, why not volunteer yourself? Pick up a shift at the Dalhousie Bike Centre or at the Global Health office.

And if you want to make a difference off campus, our students are in communities every day getting involved and giving back.

.....

Dalhousie's support system includes:

- Academic Advising
- Access Services Centres
- Athletic Centres
- Bike Centres
- Black Student Advising Centre
- Bookstores
- Career and Leadership Development Centre
- Chemistry Resource Centre
- Co-curricular Record
- Community Assistants (Off-campus Student Support)

***/**For a complete list of Math courses that fulfil this requirement, see the chart on page 31.**

1. Students who wish to complete first year in the Integrated Science Program must apply to the Bachelor of Science or Medical Sciences program and select the Integrated Science option on the application form. In addition to meeting the English and Math requirements for the BSc, students must also complete two of Chemistry, Biology or Physics and one additional university preparatory course.

2. Students applying to Music are also required to demonstrate proficiency as instrumental or vocal performers in an audition/interview, and knowledge of the basic rudiments of music theory (equivalent to Grade II theory, Royal Conservatory of Music) and aural dictation through written diagnostic tests.

3. New admission requirement for September 2018. All Nursing applicants will be required to complete the CASPer test to be considered for admission. Visit dal.ca/studynursing for details.

4. See dal.ca/admissions for specific Faculty of Agriculture admission requirements.

ADDITIONAL ADMISSION INFORMATION

EARLY ADMISSION

(October 15-January 31)

We begin considering applications in mid-October. If you wish to apply directly from high school and had a strong grade 11 year, you may want to apply early for admission. Your application will be considered based on your self-reported grade 11 final grades and anticipated grade 12 courses.

To self-report your grades, complete the online application at dal.ca/applynow. You must include a list of your grade 11 courses and final grades and a list of planned grade 12 courses.

ONTARIO STUDENT TRANSCRIPTS

Ontario students who have included an OUAC number on the application form are not required to submit official transcripts. Some programs require additional information or documents. Read the application carefully as it will indicate any additional requirements.

INTERNATIONAL BACCALAUREATE (IB)

Students who complete the International Baccalaureate Diploma must receive a minimum of 26 points and meet the subject requirements listed on page 30. Those who complete HL subjects with grades of 5, 6 or 7 may be eligible for university credit. We also offer a second-year credit for TOK to eligible students who score a grade of C or higher.

Diploma candidates are eligible for IB scholarships, along with general entrance scholarships and awards. To be considered, students must submit anticipated IB grades. For details visit dal.ca/ib.

ADVANCED PLACEMENT (AP) COURSES

Students may be eligible for university credit for AP courses with grades of 4 or 5. Completed AP courses are also considered during entrance award assessment. For details visit dal.ca/ap.

SAT OR ACT SCORES

To apply with a U.S.-based curriculum, students require SAT results with a total score of at least 1,100. ACT results are also acceptable with a composite score of at least 23 and no individual score of less than 20. Home-schooled students can present a SAT or ACT score for admission and scholarship consideration.

TRANSFER STUDENTS

If you have attended another post-secondary institution, you may be able to transfer to Dalhousie and receive credit for the courses you completed. Normally, a cumulative GPA of at least 2.0 is required to be admitted as a transfer student. Some programs may require higher GPAs. For details, visit dal.ca/transfercredits.

ESTIMATED COSTS

Fall and Winter Term **CAD\$**

For Canadian Students

Tuition and incidental fees*	\$7,237 – \$8,520
Books and supplies	\$1,350
Residence (lodging and food)**	\$10,040 – \$12,700
Total	\$18,627 – \$22,570

For International Students

Tuition and incidental fees*	\$7,247 – \$8,530
Books and supplies	\$1,350
Residence (lodging and food)**	\$10,040 – \$12,700
Differential fee	\$9,264
Health insurance***	\$694
Total	\$28,595 – \$32,538

Tuition and incidental fees are based on approved rates for the 2017/18 academic year.

* Fees vary by program. Nova Scotia students are eligible for a \$1,283 bursary from the Province of Nova Scotia. Bursary amount is based on a full course load.

** Costs will vary depending on room type and meal plan selected.

*** Based on 2017/18 rate and subject to change.

SCHOLARSHIPS & FINANCIAL INFORMATION

Dalhousie's entrance awards include scholarships and bursaries for students with the potential to shape and enrich our communities. What makes you unique may make you eligible for a wide range of award opportunities. Students who apply to their program of choice by March 1 with admission averages of 85% or higher are eligible to participate in our awards program.

Some of Dalhousie's entrance awards are administered automatically on the basis of academic achievement. Other awards are application-based, which allows us to recognize you on the basis of leadership, financial need, community involvement, athletic success, academic achievement and other personal characteristics. For more details on entrance awards, please visit dal.ca/entranceawards.

BURSARIES AND TEMPORARY LOANS

Despite careful planning, students sometimes run into financial hardship. Hundreds of Dalhousie students receive non-repayable bursaries every year. Others are provided with temporary loans. Visit dal.ca/moneymatters for more information.

THE CANADA STUDENT LOAN PROGRAM

For details specific to your province or territory's student loan office, visit dal.ca/studentloans.

U.S. STUDENT LOANS PROGRAM

The U.S. Department of Education recognizes Dalhousie for the Direct Stafford and Plus Loan programs. Dalhousie is also recognized by some private lending agencies. Find information about the student loan application process for U.S. students attending a foreign school at dal.ca/studentloans.

BUILDING A BUDGET

If you've never budgeted before, now is a great time to start. Find helpful budgeting tips and suggestions at dal.ca/moneymatters.

the NEED to KNOWS

STEP 1: **SUBMIT YOUR** **ADMISSION APPLICATION**

Applications open October 15. To apply visit dal.ca/applynow and pick up to three program choices. Submit your application by March 1 to be considered for financial awards. Some programs have earlier application deadlines and may require separate forms. See dal.ca/admissions for details.

STEP 2: **SUBMIT YOUR** **SCHOLARSHIP APPLICATION**

In addition to your admission application, you must also submit a General Entrance Award application by March 1 to be considered for financial awards based on non-academic factors like leadership, volunteerism and financial need. Visit dal.ca/entranceawards.

STEP 3: **SEND OFFICIAL** **TRANSCRIPTS**

Have your official transcripts sent directly from your high school, college and/or university to the Registrar's Office. Ontario students who have included an OUAC number on the application form are not required to submit official transcripts.

STEP 4: **CHECK YOUR STATUS**

If you applied online, you can check your application status by logging into your account at dal.ca/applynow. All applicants will receive official communication, including admission decisions by email only.

STEP 5: **CONFIRM YOUR SPOT**

To confirm your place in a program, pay your admission deposit by following the instructions at dal.ca/congratulations. Scholarship offers are sent out in mid-April. You will also be asked to officially confirm acceptance of specific scholarships by May 15.
