

GRADUATE APPLICATION ADDITIONAL INFORMATION FORM

Graduate Programs (MA Health Promotion, MSc Kinesiology, and MA Leisure Studies)

**School of Health and Human Performance
Dalhousie University**

Name: _____ **Program applying to:** _____

1. Before accepting students into the graduate program, we ensure that a suitable faculty member is available to serve as the student's thesis supervisor. We assign supervisors on the basis of the student's research interests. Please list in order of priority a maximum of three individuals whose area of research most closely matches your own interests. You will find the research interests of faculty on the School of Health and Human Performance website www.dal.ca/hahp. You are encouraged to contact individuals to find out more about their research interests before making your choices.

1st Priority _____ **2nd Priority** _____ **3rd Priority** _____

2. Please send a copy of a sample of your writing (e.g., a recently submitted term paper) or submit a brief response (1-2 typed pages) to one of the following questions:
- a) What do you envision to be the role of your discipline (Kinesiology, Health Promotion or Leisure Studies) in Canada?
 - b) Identify a current (Health Promotion, Kinesiology or Leisure Studies) related activity issue/problem facing Canada, North America or the world and describe the role and responsibilities that could be assumed by (Health Promotion, Kinesiology or Leisure Studies) professionals in addressing the issue/problem.

3. Indicate which of these research activities you have carried out to date and how many times you have done each (#):

A: Details

	YES	NO	#		YES	NO	#
Literature review				Designed research study			
Collected data				Analysed data			
Wrote up research study							

B: Projects

- Honours thesis (independent research project culminating in a full written report)
- Independent research projects as part of a course (please indicate the course number)
- Other research experience

If you checked the first or second box above:

Title of Project: _____

Short description of project including the purpose, nature of the research (individual, group, experimental, theoretical, library, research etc.), the procedures used, and type of report (e.g., lab report, thesis): (Attach 1 page if necessary)

If you checked the third box above, please describe this experience and indicate the role you played: (Attach 1 page if necessary)

4. Do you wish to be considered for a Dalhousie scholarship and/or assistantship? (Assistants normally work 10 hours per week for the fall and winter terms).
Yes _____ No _____
5. Have you applied for an external scholarship (e.g., NSERC, SSHRC, CIHR, NSHRF)?
Yes (indicate funding agency) _____ No _____
6. Have you taken an introductory statistics course?
Yes (indicate course number) _____ No _____
7. Have you taken an introductory research methods course?
Yes (indicate course number) _____ No _____
8. Our School's Equitable Admissions Policy is intended to create opportunities to increase the support and admission, and graduation of students who self-identify as belonging to historically underrepresented groups: Persons of Aboriginal/Indigenous ancestry (especially Mi'kmaq), members of racialized groups, persons of African descent (especially African Nova Scotians), Acadians, persons with dis/Abilities, and persons belonging to minority sexual orientation and/or gender identity (SOGI) groups. Please indicate which of the target groups listed above applies to you, if any. (Answering this question is optional.)
