- BSc (120 credit hour) Combined Honours*
- BSc (120 credit hour) Major*
- BSc (120 credit hour) Double Major*
- Minor in Marine Biology

* BSc Co-op option available

* May be combined with Minor programs from other disciplines

Departmental requirements for each degree program can be seen by following the links in the menu at the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Student applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Marine Biology undergraduate academic advisor.

Prospective Marine Biology students should be aware that to advance to the second year Biology courses in the Marine Biology program, they must achieve at least a C+ grade in the prerequisite first year Biology courses. Students with exceptional extenuating circumstances may appeal this requirement to the Biology Undergraduate Curriculum Committee. Students should go to the Biology Main Office for further details.

Program Advisors

For Marine Biology program advising, please email biology.advising@dal.ca and indicate whether you are interested in Majors or Honours advising.

BSc or BA (120 credit hour) Concentrated Honours in Marine Biology

Students who want a challenging program resulting in a broad background in Marine Biology, including an independent research experience may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours.

To graduate with Honours, students must complete a minimum of 54 credit hours above the 1000 level in Marine Biology/Biology. A minimum B+ average (GPA of 3.3), with no grade less than C, is required in the core 2nd year Biology courses. Students must also have a cumulative B average (GPA of 3.0) at the time of graduation. Students write a research-based Honours thesis. The Honours Qualifying Examination requirement is satisfied through completion of MARI 4900X/Y.06 or MARI 4901.03 AND MARI 4902.03.

A Science Co-op option is available for students enrolled in a BSc Concentrated Honours in Marine Biology. See Co-operative Education Program.

Admission to Honours

Students must apply for admission to Honours programs. Students considering Honours should consult with a Marine Biology Honours Advisor early in their studies. To be admitted, students must:

- Have a minimum B+ average (GPA of 3.3) in core 2nd year Biology courses with no grade less than C. A maximum of two of these core courses may be repeated to achieve this requirement.
- Have a minimum B average (GPA of 3.0) across all courses.
- Identify and gain the support of a thesis supervisor during their third year of studies (see Honours webpage for supervisor eligibility)
- With the supervisor's input, draft and submit a thesis proposal to the Honours Committee no later than May 15th of their third year of studies. See Honours webpage for thesis proposal guidelines, and admission procedures for Honours Co-op students.

Marine Biology/Biology Honours webpage <http://biology.dal.ca/honours/index.html>

Course Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Concentrated Honours program in Marine Biology must complete the following courses:

1000 level

- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution or SCIE 1505X/Y.18: Integrated Science or equivalent
- BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology or SCIE 1505X/Y.18: Integrated Science or equivalent
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences or SCIE 1505X/Y.18: Integrated Science or equivalent
- CHEM 1011.03: Concepts of Chemistry: Structure and Reactivity and CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus

Marine Biology students who wish to include 2nd year courses in Ocean Sciences (other than OCEA 2000.06: The Blue Planet) in their programs should also take PHYC 1300X/Y.06: Physics In and Around You or equivalent.

2000 level

Core Biology courses

- BIOL 2003.03: Diversity of Life I
- BIOL 2004.03: Diversity of Life II
- BIOL 2020.03: Cell Biology
- BIOL 2030.03: Genetics and Molecular Biology
- BIOL 2040.03: Evolution
- BIOL 2060.03: Introductory Ecology

Other required courses

- OCEA 2000.06: The Blue Planet or OCEA 2001.03: The Blue Planet I/OCEA 2002.03: The Blue Planet II

- MATH 2080.03/STAT 2080.03: Statistical Methods for Data Analysis and Inference

3000/4000 level

- A minimum of 18 credit hours of MARI courses
- An additional 12 credit hours in MARI or MARI-equivalent, or BIOL or BIOL-equivalent courses (see Biology section of the calendar for a list of BIOL equivalent courses)
- MARI 4900X/Y.06: Honours Research and Thesis or MARI 4901.03/MARI 4902.03 Honours Research and Thesis I & II (for co-op students)

Please speak with an advisor for a comprehensive list of acceptable courses.

BSc or BA (120 credit hour) Combined Honours in Marine Biology and another subject

Students who wish to study Marine Biology in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science (other than Biology), the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Marine Biology may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject. Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. Students must have their program of study approved by Academic Advisors in both subject areas.

To graduate, students must complete a minimum of 36 credit hours (Marine Biology as primary subject) or 30 credit hours (Marine Biology as secondary subject) above the 1000 level in Marine Biology/Biology. A minimum B+ average (GPA of 3.3), with no grade less than C, is required in the core 2nd year Biology courses. Students must also have a cumulative B average (GPA of 3.0) at the time of graduation. Students write a research-based Honours thesis. Students complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Marine Biology, this requirement is satisfied through MARI 4900X/Y.06 or MARI 4901.03/MARI 4902.03.

A Co-op option is available for students enrolled in a BSc Combined Honours in Marine Biology. See Co-operative Education Program.

Admission to Honours

Students must apply for admission to Honours programs. To be admitted to the Marine Biology Honours program, students must:

- Have a minimum B+ average (GPA of 3.3) in core 2nd year Biology courses with no grade less than C. A maximum of two of these core courses may be repeated to achieve this requirement.
- Have a minimum B average (GPA of 3.0) across all courses.
- If Marine Biology is to be the primary subject area, students must
 - Identify and gain the support of a thesis supervisor during their third year of studies (see Marine Biology Honours webpage for supervisor eligibility)
 - With the supervisor's input, draft and submit a thesis proposal to the Marine Biology Honours Committee no later than May 15th of their third year of studies. See Honours webpage for thesis proposal guidelines, and admission procedures for Honours Co-op students.

Marine Biology/Biology Honours webpage <http://biology.dal.ca/honours/index.html>

Course Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Combined Honours program in Marine Biology and another subject must complete the following:

1000 level

- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution or SCIE 1505X/Y.18: Integrated Science or equivalent
- BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology or SCIE 1505X/Y.18: Integrated Science or equivalent
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences or SCIE 1505X/Y.18: Integrated Science or equivalent
- CHEM 1011.03: Concepts of Chemistry: Structure and Reactivity and CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus

Marine Biology students who wish to include 2nd year courses in Ocean Sciences (other than OCEA 2000.06: The Blue Planet) in their programs should also take PHYC 1300.06: Physics In and Around You or equivalent.

2000 level

Core Biology courses

- BIOL 2003.03: Diversity of Life I
- BIOL 2004.03: Diversity of Life II
- BIOL 2020.03: Cell Biology
- BIOL 2030.03: Genetics and Molecular Biology
- BIOL 2040.03: Evolution
- BIOL 2060.03: Introductory Ecology

Other recommended courses

- OCEA 2000.06: The Blue Planet or OCEA 2001.03: The Blue Planet I/OCEA 2002.03: The Blue Planet II
- MATH 2080.03/STAT 2080.03: Statistical Methods for Data Analysis and Inference

3000 level

- A minimum of 9 credit hours of MARI courses
- An additional 3 credit hours in MARI or MARI-equivalent, or BIOL or BIOL-equivalent courses. (see Biology section of the calendar for a list of BIOL equivalent courses)

If Marine Biology is the primary subject, students will also complete

- MARI 4900 X/Y.06: Honours Research and Thesis or MARI 4901.03/MARI 4902.03: Honours Research and Thesis I & II (for co-op students)

Please speak with an advisor for a comprehensive list of acceptable courses.

BSc or BA (120 credit hour) Major in Marine Biology

The 120 credit hour Major is suited to students who want to focus on Marine Biology, but wish to have a program that is somewhat less constrained than the Honours program. It provides a four-year survey of Marine Biology, and is designed for students not anticipating subsequent experimental graduate-level training in Marine Biology or related disciplines. Marine Biology Majors complete a minimum of 42 credit hours in Marine Biology courses above the 1000 level and do not have thesis (or related) requirements. Research and other experiential learning opportunities are available through laboratories, special topics and experiential courses. Students should plan their programs carefully and, if required, obtain advice from an academic advisor.

A Science Co-op option is available for students enrolled in a 120 credit hour BSc Major program in Marine Biology. See Co-operative Education Program.

Course Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Major program in Marine Biology must complete the following courses:

1000 level

- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution or SCIE 1505X/Y.18: Integrated Science or equivalent
- BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology or SCIE 1505X/Y.18: Integrated Science or equivalent
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences or SCIE 1505X/Y.18: Integrated Science or equivalent
- CHEM 1011.03: Concepts of Chemistry: Structure and Reactivity and CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus

Marine Biology students who wish to include 2nd year courses in Ocean Sciences (other than OCEA 2000.06: The Blue Planet) in their programs should also take

PHYC 1300.06: Physics In and Around You or equivalent.

2000 level

- BIOL 2003.03: Diversity of Life I
- BIOL 2004.03: Diversity of Life II
- BIOL 2020.03: Cell Biology
- BIOL 2030.03: Genetics and Molecular Biology
- BIOL 2040.03: Evolution
- BIOL 2060.03: Introductory Ecology
- OCEA 2000.06: The Blue Planet or OCEA 2001.03: The Blue Planet I/OCEA 2002.03: The Blue Planet II

3000/4000 level

- A minimum of 24 credit hours of Marine Biology (MARI) or MARI-equivalent courses or BIOL courses with marine emphasis (For example, BIOL 3065.03: Conservation Biology, BIOL 3102.03: Microbial Eukaryotes: Biodiversity and Evolution, BIOL 3326.03: Vertebrate Design: Evolution and Function, BIOL 3615.03: Methods in Ecology, BIOL 3665.03: Food Web Assembly and Modelling, BIOL 4061.03: Design of Biological Experiments, BIOL 4062.03: Analysis of Biological Data, and approved summer field courses).

Please speak with an advisor for a comprehensive list of acceptable courses.

BSc or BA (120 credit hour) Double Major in Marine Biology and another subject

The Double Major degree program allows students to combine a study of Marine Biology with another subject. The other subject may be any discipline from the Faculty of Science (other than Biology), the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Marine Biology may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

Regardless of whether Marine Biology is the primary or secondary subject, the Biology departmental requirements are the same (see below). Students must complete a minimum of 30 credit hours in Marine Biology courses above the 1000 level. It is recommended that students enrolled in a Double Major program consult with advisors in both subject areas.

A Science Co-op option is available for students enrolled in BSc Double Major with Marine Biology as the primary subject. See Co-operative Education Program.

Course Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Double Major program in Marine Biology and another subject must complete the following:

1000 level

- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution or SCIE 1505X/Y.18: Integrated Science or equivalent
- BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology or SCIE 1505X/Y.18: Integrated Science or equivalent
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences or SCIE 1505X/Y.18: Integrated Science or equivalent
- CHEM 1011.03: Concepts of Chemistry: Structure and Reactivity and CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus

Marine Biology students who wish to include 2nd year courses in Ocean Sciences (other than OCEA 2000.06: The Blue Planet) in their programs should also take PHYC 1300.06: Physics In and Around You or equivalent.

2000 level

- BIOL 2003.03: Diversity of Life I
- BIOL 2020.03: Cell Biology
- BIOL 2030.03: Genetics and Molecular Biology

- BIOL 2040.03: Evolution
- BIOL 2060.03: Introductory Ecology

3000/4000 level

- A minimum of 15 credit hours of Marine Biology (MARI) or MARI-equivalent courses or BIOL courses with marine emphasis (For example, BIOL 3065.03: Conservation Biology, BIOL 3102.03: Microbial Eukaryotes: Biodiversity and Evolution, BIOL 3326.03: Vertebrate Design: Evolution and Function, BIOL 3615.03: Methods in Ecology, BIOL 3665.03: Food Web Assembly and Modelling, BIOL 4061.03: Design of Biological Experiments, BIOL 4062.03: Analysis of Biological Data, and approved summer field courses).

Please note that a double major in Biology and Marine Biology is not offered.

Please speak with an advisor for a comprehensive list of acceptable courses.

Minor in Marine Biology

This minor is available to non-Biology/Marine Biology students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Science) program.

Requirements

- A minimum of 18 to a maximum of 36 credit hours in Marine Biology (MARI) courses at the 2000 level or higher

Contact Marine Biology for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students Co-operative Education Program (Science Co-op) in Marine Biology

Co-op Academic Advisor: Dr. N McAllister-Irwin (nancy.mcallister-irwin@dal.ca)

Science Co-op is a program where academic study in a science subject is combined with paid career-related work experience. Students undertake three work-terms interspersed with their academic study terms. Science Co-op degree programs enable students to apply their knowledge directly while providing them with work experience that assists in making educated career choices.

Science Co-op is available to students in **BSc (120 credit hour) Honours or Major programs** in Marine Biology, or in Combined Honours or Double Major programs with Marine Biology as the primary subject. The number of students admitted into Science Co-op each year is limited. A minimum GPA of 3.00 is required for admission and for continuation in the Co-op program. For entry into Marine Biology Co-op, a minimum grade of B+ in BIOL 1010.03 is required. Students must be eligible to work in Canada.

Students normally apply to join Science Co-op during their first year of study, but application during the second year of study is possible. Students must apply before April 15, and it is strongly recommended that interested students meet with their Departmental Co-op advisor early in the Winter term of their first year. If accepted into Science Co-op, students must register for, and attend the Science Co-op Seminar Series (SCIE 2800.00) at least four months prior to the first work term.

Details are available from the Marine Biology/Co-op Academic Advisor and from the Co-operative Education office www.dal.ca/academics/cooperative_education.html. For more information on Co-op Education in Marine Biology, please see the Departmental webpage www.dal.ca/academics/programs/undergraduate/marinebio/what_will_i_learn/coop_work_terms.html

Minors available to students in Marine Biology

Minor programs allow students to develop subject specialties in addition to their major or honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs (including Science Co-op).

Students in a BSc (120 credit hour) program in Marine Biology may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc in Marine Biology, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to student enrolled in a BSc in Marine Biology include:

- Certificate in Animal Behaviour
- Certificate in Environmental Impact Assessment
- Certificate in Genetics
- Certificate in Geographic Information Science
- Certificate in Science Leadership and Communication

MARI-Equivalent Courses

The following courses given by other departments may be taken as a Marine Biology course toward a BA, BSc and BSc (Honours) Marine Biology degrees.

Please note that MARI-equivalent courses will not count towards a minor program in Marine Biology.

Any course cross-listed as a MARI course

| | |
|-----------------------------------|--|
| Aquaculture (AQUA) | AQUA 2000, AQUA 3000, AQUA 4000, AQUA 4001 |
| Biology (BIOA) | BIOA 3006 |
| Nutrition (NUTR) | NUTR 3002 |
| Research Methods/Project Seminars | RESM 4010, RESM 4011 |

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

The normal entry requirement for upper level courses in Biology and Marine Biology is a grade of C+ or better in BOTH terms of first year Biology or in SCIE 15050.18. Students with extenuating circumstances may appeal to the departmental Undergraduate curriculum committee. Students should go to the Biology Main Office for further details.

Course Descriptions

MARI 3003 Introduction to Field Oceanography

CREDIT HOURS: 3

See course description for OCEA 3003.03 in the Oceanography section of the calendar.

MARI 3042 Molecular Ecology

CREDIT HOURS: 3

We survey techniques of molecular genetic analysis and consider how they can be used to identify species, populations, sexes, individuals and family relationships, and

study population attributes such as historical dispersal, contemporary connectivity, mating behaviour and effective population size. Evaluation is based on assignments, a test and a final exam.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: A grade of B- or better in each of BIOL 2030.03 (or GENE 2000.03), BIOL 2040.03, and BIOL 2060.03

CROSS-LISTING: BIOL 3042.03

EXCLUSIONS: BIOL 4042.03

MARI 3063 Resource Ecology

CREDIT HOURS: 3

This course considers the ecology, utilization, and management of natural resources in fisheries, wildlife and forest management, agriculture and aquaculture. Topics include population dynamics, community interactions, and ecosystem support of resources as well as the history of resource utilization, practices of controlling production, pests, and predators, and sustainable management strategies.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 2

TUTORIAL HOURS PER WEEK: 2

PREREQUISITE: BIOL 2060.03 (or BIOA 3001.03), MATH 1000.03 (or MATH 1215.03 or SCIE 15xx), STAT 1060.03 (or SCIE 15xx)

CROSS-LISTING: BIOL 3063.03

MARI 3074 Physiology of Marine Animals, Part I

CREDIT HOURS: 3

Animals in a marine environment are quite different from those found in air or fresh water, but the “physiological principles” are similar. This course deals with the same principles as BIOL 3078, but emphasizes the special characteristics of marine animals and the techniques necessary to study them in laboratories. Note: Students must complete MARI 3074.03 before MARI 3076.03

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: BIOL 2003.03 and BIOL 2020.03 (or BIOA 2001.03)

CROSS-LISTING: BIOL 3078.03

MARI 3076 Physiology of Marine Animals Part II

CREDIT HOURS: 3

Animals in a marine environment are quite different from those found in air or fresh water, but the “physiological principles” are similar. This course deals with the same principles as BIOL 3079, but emphasizes the special characteristics of marine animals and the techniques necessary to study them in laboratories.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: MARI 3074.03 OR BIOL 3078.03

CROSS-LISTING: BIOL 3079.03

RESTRICTIONS: BIOA 3005.03

MARI 3080 The Ecology and Evolution of Fishes

CREDIT HOURS: 3

The course examines selected topics on the ecology and evolution of marine and freshwater fishes. Topics include: phylogeny and systematics; functional morphology and physiology; population biology; life-history evolution; behavior; fisheries science; and conservation biology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: A cumulative GPA of 2.7 (B-) or better in BIOL 2003.03, BIOL 2040.03, BIOL 2060.03 (or BIOA 3001.03)

CROSS-LISTING: BIOL 3080.03

EXCLUSIONS: BIOL 3067.03, MARI 3067.03, BIOL 5067.03

MARI 3090 Marine Mammalogy

CREDIT HOURS: 3

This course examines the characteristics of marine mammals, the roles of marine mammals in oceanic ecosystems and general principles of marine mammal population biology. Students use information on the biology of marine mammals to explore conservation/management issues. They learn of these animals and explore how they interact with humans.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 2060.03 or BIOA 3001.03

EXCLUSIONS: BIOL 4060.03, MARI 4060.03

MARI 3101 Microbial Ecology

CREDIT HOURS: 3

Lectures on the ecology of bacteria, viruses, protists. Community structure, food web nutrient cycling, biogeochemical cycles, competition, succession and symbiosis are discussed with examples from marine, fresh-water and soil habitats. There is an emphasis on marine organisms.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 2004.03 (or MICI 2100.03) and BIOL 2060.03 (or BIOA 3001.03)

CROSS-LISTING: BIOL 3101.03

MARI 3221 Diversity of Algae

CREDIT HOURS: 3

This course is a taxonomic introduction to the major algal groups (macrophytic and microscopic) with an emphasis on the marine seaweeds. Basic taxonomic

differences are covered, along with an introduction to macrophyte ecology, human uses and symbioses. Laboratory sessions focus on morphology and reproduction. NOTES: Also offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times, and special registration procedures, see <http://www.seaside.science.dal.ca>
PREREQUISITE: BIOL 2004.03 or equivalent
CROSS-LISTING: BIOL 3221.03
EXCLUSIONS: BIOL 3212.03, MARI 3212.03

MARI 3301 Invertebrate Biology

CREDIT HOURS: 3

A survey of the diversity, ecology, and evolutionary history of the major invertebrate groups. Lectures will emphasize phylogenetics and diversity of body plans. Labs will emphasize identification and anatomy through field trips to local sites, computer aided learning, and group projects to construct food-webs for local invertebrate communities.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

LAB HOURS PER WEEK: 3

PREREQUISITE: BIOL 2003.03

CROSS-LISTING: BIOL 3301.03

RESTRICTIONS: This course is restricted to MARI majors.

EXCLUSIONS: BIOL 3321X/Y.06

MARI 3602 Introduction to Aquaculture

CREDIT HOURS: 3

This course offers an introductory overview of aquaculture, the culturing of aquatic plants and animals. The following topics are covered with both a Maritimes and global perspective: overview physico-chemistry of water, engineering, culture techniques, health, nutrition, genetics, environmental and socio-economic considerations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 2003.03

EXCLUSIONS: BIOL 3600.03, MARI 3600.03

MARI 3603 Practical Aquaculture

CREDIT HOURS: 3

This course provides students with aquaculture practical experience. Two field trips expose students to real life issues for aquaculturists. The laboratories help students acquire skills useful for experiments with aquatic animals (e.g., marking, measuring, anaesthesia, etc.). Students collect real data and learn to conduct exploratory graphical and statistical analyses.

FORMAT: Lab

LAB HOURS PER WEEK: 3

COREQUISITE: MARI 3602.03

PREREQUISITE: STAT 1060.03 and BIOL 2003.03

EXCLUSIONS: BIOL 3600.03, MARI 3600.03

MARI 3623 Applied Coastal Ecology

CREDIT HOURS: 3

Impacts of anthropogenic inputs on the structure and function of coastal ecosystems. Through field trips and other coursework, students examine ecosystem health, e.g., in macroalgal communities on rocky shores, in seagrass beds on sedimentary shores, and learn basic experimental design, principles of environmental assessment and monitoring, and coastal habitat remediation.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see seaside.science.dal.ca. Not offered every year.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2003.03 and BIOL 2060.03 (or BIOA 3001.03)

CROSS-LISTING: BIOL 3623.03, ENVS 3623.03

MARI 3626 Field Studies of Marine Mammals

CREDIT HOURS: 3

Hands-on introduction to research on marine mammals. Lectures provide an overview of marine mammal adaptations, evolution, population biology, social organization, conservation, and management. Labs include a necropsy and techniques of photographic identification of individuals. On a several-day camping trip, students observe marine mammals from whale-watch boats and conduct research projects.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see seaside.science.dal.ca.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 (or BIOA 3001.03), and BIOL 3062.03 (or BIOL 3630.03 or PSYO 2160.03), and STAT 1060.03 (or equivalent)

CROSS-LISTING: BIOL 3626.03

MARI 3627 Biology and Conservation of Sharks, Skates and Rays

CREDIT HOURS: 3

This course offers a combination of lectures, labs, and field trips that explore the elements of elasmobranchs (shark, skate and ray) biology and conservation. Students are introduced to current methods used in shark research, such as tagging, and learn about the role of sharks in ecosystems.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see seaside.science.dal.ca

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 (or BIOA 3001.03) and BIOL 2003.03

MARI 3628 Marine Ornithology

CREDIT HOURS: 3

Overview of the biology of birds in marine environments. Seabird ecology, evolution, adaptations, identification, and natural history. Tools and techniques for studying their behaviour, diet, and populations in the field. Lectures, exercises, and a week-long field trip to Maritime seabird breeding colonies. Student team and independent research projects and presentations.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see: seaside.science.dal.ca.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 1010 or BIOL 1020 or equivalent, and BIOL 1011 or BIOL 1021 or equivalent, or SCIE 15XX, one of BIOL 2003 or BIOL 2004, and BIOL 2060, or instructor's permission. Knowledge of statistics, Geographic Information Systems (GIS), and familiarity with Excel spreadsheets are helpful, but not required, for research projects.

CROSS-LISTING: BIOL 3628.03

MARI 3632 Applied Field Methods in Fish Ecology

CREDIT HOURS: 3

Practical experience conducting field research on fishes with field trips to streams and shallow water marine/freshwater habitats. Techniques include collecting fish, designing and conducting surveys, studying behaviour, measuring phenotypic variability, quantifying temporal and spatial variation, planning for statistical analysis, and weighing tradeoffs between data quality, quantity, costs and ethical/environmental considerations.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see seaside.science.dal.ca.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 or BIOL 2003.03 or BIOA 3001.03 and STAT 1060.03 or their equivalents or permission of instructor. STAT 2080 is recommended.

CROSS-LISTING: BIOL 3632.03, ENVS 3632.03

MARI 3664 Intertidal Ecology and Diversity

CREDIT HOURS: 3

Hands-on, intensive introduction to ecological research on rocky shores, tidal flats, and sandy beaches. Relevant ecological concepts, sampling techniques for flora and fauna, and statistical skills are learned. Field sampling on day and camping trips is followed by lab work (e.g., identification of seaweeds, invertebrates), statistical analysis, and report preparation.

NOTES: Offered in summer through SEASIDE. An auxiliary fee is charged to cover field expenses. For dates, times and special registration procedures, see seaside.science.dal.ca.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 (or BIOA 3001.03) and BIOL 2003.03 and (MATH 1060.03/STAT 1060.03 or SCIE 15xx)

CROSS-LISTING: BIOL 3664.03, ENVS 3664.03

EXCLUSIONS: BIOL 3662.03, BIOL 3663.03

MARI 3680 Scientific Diving Methods for Marine Ecology

CREDIT HOURS: 3

This course introduces students that are certified divers to the practice of underwater research using SCUBA. It combines lectures with supervised dives in various marine habitats to demonstrate the application of standard sampling and experimental procedures in marine ecology, with an emphasis on logistical considerations and diving safety.

NOTES: Offered every other summer through the SEASIDE program. An auxiliary fee is charged to cover costs of dive trips. For dates, times and special registration procedures, see seaside.science.dal.ca.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2003.03 and BIOL 2060.03 (or BIOA 3001.03) and STAT 1060.03 or SCIE 15xx, and an internationally recognized diving certification, and a diving physical. Recommended: BIOL 3221.03/MARI 3221.03, BIOL 3301.03

CROSS-LISTING: BIOL 3680.03

MARI 3685 The Gulf of Eilat Ecosystem: Coral Reef and Subtropical Sea

CREDIT HOURS: 3

Introductin to physical, chemical, and biological ocnography, marine geology, biogeochemistry, and coral-reef biology. Focus is on subtropical seas, the coral reef ecosystem, and the unique characteristics of the Gulf of Eilat. Lectures, laboratories, demonstrations, field trips, exam, group field research projects in the sea, oral presentation, and scientific research paper.

NOTES: This is a field course given at the Eilat Ocean Studies Centre in Isreal. Entry is restricted and requires submissionof an application form

FORMAT: Lecture| Lab

PREREQUISITE: OCEA 2000, STAT 1060 or permissin of instructor

CROSS-LISTING: OCEA 3685.03

MARI 3761 Marine Ecology

CREDIT HOURS: 3

Building upon an understanding of basic ecological and evolutionary principles, and a familiarity with the major marine invertebrate and algal taxa, this course examines patterns and processes at the organismal, population and community levels that determine the diversity and distribution of life in the sea.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 (or BIOA 3001.03), and (BIOL 2003.03 or BIOL 2004.03) and OCEA 2000X/Y.06 or (OCEA 2001.03 and OCEA 2002.03)

CROSS-LISTING: BIOL 3761.03

RESTRICTIONS: This course is restricted to 3rd and 4th year students.

MARI 3800 Experiential Learning

CREDIT HOURS: 3

Experiential Learning recognizes the learning experience relevant to the program outside the scheduled curriculum. Students are responsible for drafting a learning agreement with the course coordinator and supervisor to specify learning outcomes, activities designed to accomplish these outcomes, a quantifiable assessment strategy and a timetable.

NOTES: To register in this course, a student must first find a suitable supervisor and sign a learning agreement between the course coordinator, the student and the supervisor.

PREREQUISITE: Students must be registered in a Biology or Marine Biology program, have completed a minimum of 18 credit hours in Biology or Marine Biology

above the 1000 level and have a minimum cumulative GPA of 2.4 or permission of the course coordinator.

CROSS-LISTING: BIOL 3800.03

EXCLUSIONS: Scheduled courses at a learning institution, study that would qualify for a Special Topics class, an Honours project, co-op work terms and paid work. Only one experiential learning course per degree is permitted.

MARI 4003 Coral Reefs and Environmental Change

CREDIT HOURS: 3

Coral reefs are iconic marine ecosystems both biologically and economically. This course introduces students to the biology of both tropical and cold-water corals, key characteristics of their abiotic environments, human impacts at both local and global scales, and management options for sustainable resource use and the protection of biodiversity.

PREREQUISITE: CHEM 1011.03/CHEM 1012.03 and BIOL 2060.03 and 6 credit hours in ENVS or BIOL or MARI at or above the 3000 level.

CROSS-LISTING: ENVS 4003

RESTRICTIONS: This course is restricted to fourth year students.

MARI 4060 Evolutionary Ecology of Marine Mammals

CREDIT HOURS: 3

The course examines the characteristics that mammals brought with them when they returned to the ocean, their evolution, special adaptations, and roles in oceanic ecosystems and general principles of marine mammal population biology. The biology of marine mammals is used to explore conservation/management issues.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 2060.03 or BIOA 3001.03

CROSS-LISTING: BIOL 4060.03

RESTRICTIONS: This course is restricted to third and fourth year MARI majors.

MARI 4080 Laboratory Studies of Fishes

CREDIT HOURS: 3

Through a series of laboratory exercises, the course provides students with practical experience on various topics related to the study of ichthyology. Topics shall include the following: species identification; meristics and morphometrics; use of dichotomous keys; internal and external morphology; ageing and growth determination; ecomorphological attributes; data collection and analysis.

FORMAT: Lab

LAB HOURS PER WEEK: 3

PREREQUISITE: BIOL 3080.03 or MARI 3080.03

CROSS-LISTING: BIOL 4080.03

EXCLUSIONS: BIOL 3067.03, MARI 3067.03, BIOL 5067.03

MARI 4090 Evolutionary ecology of marine mammals

CREDIT HOURS: 3

Mammals evolved on land and then made their way into the ocean. The course considers how marine mammals adapted to this major change in habitat, so that they are now highly successful participants in the marine ecosystem. Students examine adaptations ranging from the cellular to social structure.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: One of MARI 3090.03, BIOL 3626.03, MARI 3626.03, BIOL 4060.03, MARI 4060.03 or permission of Instructor

MARI 4323 Biologging in Ecology

CREDIT HOURS: 3

This course explores the fundamentals and applications of biologging and biotelemetry: the use of electronic tags to study free-ranging animals and their environment. Students are introduced to the wide range of tags and their diverse applications in biology.

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2060.03 or BIOA 3001.03 or PSYO/NESC 2160.03 or permission of the instructor.

CROSS-LISTING: BIOL 4323.03

MARI 4335 Environmental Impacts in Marine Ecosystems

CREDIT HOURS: 3

See course description for OCEA 4335.03, in the Oceanography section of this calendar.

MARI 4350 Cutting Edge in Marine Science

CREDIT HOURS: 3

This course focuses on current, often hotly debated topics in marine science. We discuss recently published papers and current research initiatives on urgent issues, including biodiversity, fisheries, conservation, management, climate change, and human-ocean interactions. Class format includes lectures, case-studies, as well as active discussion, debates, group work and hands-on assignments.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 2

TUTORIAL HOURS PER WEEK: 1

PREREQUISITE: BIOL 2060.03 and OCEA 2000X/Y.06 (or OCEA 2001.03 and OCEA 2002.03) and one of any of the following; BIOL 3065.03, MARI 3063.03, BIOL 3067.03, MARI 3067.03, BIOL 3600.03, MARI 3600.03, MARI 3602.03 or MARI 3761.03.

CROSS-LISTING: MARI 5350.03

MARI 4369 Fisheries Oceanography

CREDIT HOURS: 3

See course description for OCEA 4160.03, in the Oceanography section of this calendar.

MARI 4370 Deep Sea Biology

CREDIT HOURS: 3

See course description for OCEA 4370.03, in the Oceanography section of this calendar.

MARI 4661 Biological Oceanography

CREDIT HOURS: 3

See course description for OCEA 4140.03, in the Oceanography section of this calendar.

MARI 4662 Biology of Phytoplankton

CREDIT HOURS: 3

See OCEA 4230.03 in the Oceanography section of the calendar.

MARI 4664 History of Marine Sciences

CREDIT HOURS: 3

In this course, we will trace the history of marine sciences from the ancients to the 20th century. Topics may include ancient cosmologies, voyages of discovery, ocean circulation, and a range of scientific perspectives and technological developments that have shaped human understanding of the oceans.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: BIOL 4664.03, OCEA 4331.03/5331.03, HIST 3073.03, HSTC 3331.03, SCIE 4001.03

MARI 4665 Hacking the blue planet: The scientific and social dimensions of ocean fertilization

CREDIT HOURS: 3

This course explores the biology, ecology, biogeochemistry and ethical and legal dimensions of purposeful ocean fertilization. Through lectures, discussion, case studies, and group projects, students consider the biological and oceanographic basis of ocean fertilization and its use as a 1) scientific tool and 2) controversial geoengineering strategy for climate change mitigation.

FORMAT: Lecture| Discussion

LECTURE HOURS PER WEEK: 3

PREREQUISITE: One of the BIOL 3101.03, OCEA 2000X/Y.06, EARTH 3601.03, BIOL 3060.03 or instructor's permission

MARI 4666 Benthic Ecology

CREDIT HOURS: 3

See course description for OCEA 4330.03, in the Oceanography section of this calendar.

MARI 4667 Census of Marine Life

CREDIT HOURS: 3

The Census of Marine Life recorded over 250,000 known species of eukaryotes in the world's oceans. In this course, the Senior Scientist for Census 2010 examines the diversity, distribution and abundance of marine biota globally, and reviews new approaches to discover new species and to monitor responses to climate change.

FORMAT: Lecture| Discussion

PREREQUISITE: BIOL 2003.03 and BIOL 2060.03 (or BIOA 3001.03) and 18 credit hours of BIOL, MARI, or OCEA classes.

CROSS-LISTING: BIOL 4667.03

RESTRICTIONS: This course is restricted to third and fourth year students.

MARI 4806 Special Topics in Marine Biology

CREDIT HOURS: 3

Independent study intended for students who wish to study an area of marine biology not covered in other courses. Students should first consult with a faculty member to arrange the topic of study. An outline of the course content must be approved by the Biology Undergraduate Curriculum Committee Chair.

NOTES: For registration forms and further information go to: <http://biology.dal.ca/Undergraduate/index.htm>

MARI 4807 Special Topics in Marine Biology

CREDIT HOURS: 3

Independent study intended for students who wish to study an area of marine biology not covered in other courses. Students should first consult with a faculty member to arrange the topic of study. An outline of the course content must be approved by the Biology Undergraduate Curriculum Committee Chair.

NOTES: This course is for students who have already completed one Special Topics Course. For registration forms and further information go to:

<http://biology.dal.ca/Undergraduate/index.htm>

MARI 4900X/Y Honours Research and Thesis

CREDIT HOURS: 6

This course is required of, and restricted to, all Marine Biology Honours programs in which Marine Biology is the major area of study. Students conduct a research project supervised by a research scientist and attend weekly meetings of the class.

NOTES: The course grade is based on the results of the research which are submitted in April as an Honours Thesis, an oral presentation about the research to the course, and an oral or poster presentation at the Honours Cameron Conference. Co-op students attend this course by registering for MARI 4901 and MARI 4902. See details about selecting a supervisor for the honours research under the general requirements for MARI honours programs or on the honours page of Biology's website <http://biology.dal.ca/honours/index.htm>

CROSS-LISTING: BIOL 4900X/Y.06

RESTRICTIONS: Honours students are normally in their final year of study.

MARI 4901 Honours Research and Thesis I

CREDIT HOURS: 3

This is required of, and restricted to, all Marine Biology Co-op Honours programs. The course description is the same as for MARI 4900X/Y. Students attend MARI 4901 in the Winter term of their 4th year and MARI 4902 in the Fall term of their 5th year to accommodate their work terms.

NOTES: MARI 4901 and MARI 4902 must be taken in consecutive winter/fall terms to get a grade for either course. No grade will be recorded for MARI 4901 until 4902 is also completed and the final Honours Thesis has been evaluated.

CROSS-LISTING: BIOL 4901.03

EXCLUSIONS: BIOL 4900.06 and MARI 4900.06

MARI 4902 Honours Research Thesis II

CREDIT HOURS: 3

This is the 2nd half of the required course for Marine Biology Co-op honours students. The course description is the same as for MARI 4900X/Y. Students attend 4902 in the fall of their 5th year.

NOTES: MARI 4901 and MARI 4902 must be taken in consecutive winter/fall terms to get a grade for either course. No grade will be recorded for MARI 4901 until 4902 is also completed and the final Honours Thesis has been evaluated.

FORMAT: Seminar

CROSS-LISTING: BIOL 4902

RESTRICTIONS: Students in Marine Biology Co-op Honours Program, usually in their final year of study.

EXCLUSIONS: BIOL 4900.06 and MARI 4900.06

MARI 8891 Co-op Workterm I

CREDIT HOURS: 0

PREREQUISITE: SCIE 2800.03

MARI 8892 Co-op Workterm 2

CREDIT HOURS: 0

PREREQUISITE: SCIE 2800.03, MARI 8891.00

MARI 8893 Co-op Workterm 3

CREDIT HOURS: 0

PREREQUISITE: SCIE 2800.03, MARI 8892.00

MARI 8894 Co-op Workterm 4

CREDIT HOURS: 0

PREREQUISITE: MARI 8893.00 and SCIE 2800.03

The Mathematics division offers a full range of programs aimed at students of diverse interests and levels. This includes honours, major, minor and joint degree programs. We work closely with students to choose a program that is the right fit for their interests and goals. Mathematics is a creative activity with its own intrinsic value and beauty. Mathematics also provides a solid foundation for every scientific field. A degree in mathematics can prepare students for a career in academia, industry, management, information technology, banking, teaching, and other areas.

General Interest Courses

We offer a number of courses for students not majoring in Mathematics:

- MATH 1000.03/MATH 1010.03: These core calculus courses are the starting point for any degree program in the sciences.
- MATH 1060.03: This course serves as an introduction to the basic ideas of statistics, through examples drawn from a wide variety of disciplines.
- MATH 1115.03: Linear algebra and calculus are arranged to meet the needs of commerce students, but of interest to anyone wishing a brief introduction to these topics.
- MATH 1215.03: This course emphasizes the application of calculus to the life sciences.
- MATH 2112.03: Whereas calculus deals with continuous phenomena, this course deals with discrete objects, especially varieties of ways to count.
- MATH 2030.03/MATH 2040.03: These courses serve as introductions to matrix theory, linear equations and linear algebra, topics of importance in many fields.
- MATH 2300.03: Topics from science and technology are used to motivate and illustrate basic mathematical tools of linear algebra and calculus. Mathematical software such as Matlab and Maple is also introduced.

Six credit hours of Mathematics or Statistics are required for a BSc degree. The following courses may not be used to satisfy this requirement: MATH 1001.03, MATH 1002.03, MATH 1003.03, MATH 1115.03.

Degree Programs

The Department of Mathematics and Statistics offers the following degree programs in Mathematics

- BSc (120 credit hour) Honours (Concentrated)*
- BSc (120 credit hour) Combined Honours*
- BSc (120 credit hour) Major*
- BSc or BA (120 credit hour) Double Major*
- BSc (90 credit hour) Minor in Mathematics
- Minor in Mathematics (added to a 120 credit hour degree)

* May be combined with Minor programs from other disciplines

Departmental requirements for each degree program can be seen by following the links in the menu to the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A BSc degree is the choice of most students in Mathematics; however, a BA degree option is also available for each of the programs listed below. The Departmental requirements for each BA degree program are the same as those of the corresponding BSc degree program; however, students are advised that some of the general College of Arts and Science requirements differ for the BA and BSc degrees. Minors and certificates that can be combined with a BSc degree can also be combined with a BA degree.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Students applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Mathematics undergraduate academic advisor. Students who participated in the Integrated Science Program in their first year should consult the Undergraduate Calendar for first year course equivalencies.

Students in any Mathematics program are strongly encouraged to include CSCI 1100.03 and CSCI 1101.03 in their programs.

Li, L., MSc (Dalhousie)

BSc (120 credit hour) Concentrated Honours in Mathematics

An Honours degree offers an in-depth preparation in undergraduate mathematics, including an independent research experience. This degree option is recommended for students interested in eventually pursuing graduate studies in mathematics. Honours students complete a minimum of 54 credit hours above the 1000 level in Mathematics with a minimum GPA of 3.0 and write an Honours Comprehensive Examination.

Admission to Honours

Students must apply for admission to Honours programs. Students considering Honours in Mathematics should consult with a Mathematics Honours Advisor early in their studies to have their programs approved.

Departmental requirements

The Department offers two Honours streams in Mathematics: (A) Pure Mathematics and (B) Applied Mathematics. Stream A emphasizes the power and beauty of mathematics as an independent academic discipline. Stream B emphasizes the connections between mathematics and other scientific disciplines. Both streams follow the same courses for the first two years. Students decide which stream to pursue during their second year.

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc Concentrated Honours program in Mathematics must complete the following courses:

2000 level

- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I/MATH 2135.03: Linear Algebra and MATH 2505.03: Introductory Analysis
- Twelve additional credit hours in mathematics at or above the 2000 level - not including courses listed below

3000 level

- MATH 3031.03: Abstract Algebra I and MATH 3501.03: Intermediate Analysis I
- Students in Stream A are required to take MATH 3032.03: Abstract Algebra II and MATH 3502.03: Intermediate Analysis II
- Students in Stream B are required to take MATH 3080.03: Introduction to Complex Variables and MATH 3260.03: Applied Differential Equations

4000 level

- MATH 4950.03: Honours Research Project
- Twelve additional credit hours at or above the 4000 level

Students in Stream A are advised to include a selection of courses from the following list in their programs:

- MATH 2051.03: Problems in Geometry
- MATH 2113.03: Discrete Structures II
- MATH 3045.03: Curves and Surfaces
- MATH 3070.03: Theory of Numbers
- MATH 3080.03: Introduction to Complex Variables
- MATH 3260.03: Applied Differential Equations
- MATH 3330.03: Applied Graph Theory
- MATH 3360.03: Probability

Students in Stream B are advised to include a selection of courses from the following list in their programs:

- MATH 2060.03: Introduction to Probability and Statistics
- MATH 2300.03: Mathematical Modelling
- MATH 3032.03: Abstract Algebra II
- MATH 3045.03: Curves and Surfaces
- PHYC 3050.03: Introduction to Numerical Programming
- MATH 3300.03: Optimization
- MATH 3330.03: Applied Graph Theory
- MATH 3360.03: Probability
- MATH 3400.03: Classical Game Theory
- MATH 3502.03: Intermediate Analysis II
- MATH 3900.03: Financial Mathematics

Honours Comprehensive Examination

The Honours Comprehensive Examination in mathematics consists of a written paper of about 20-30 pages researched and prepared by the student. The topic is decided on in conjunction with the Honours advisor. The paper is also presented to the honours seminar. The work for this paper is done as part of the required course MATH 4950.03: Honours Research Project.

BSc (120 credit hour) Combined Honours in Mathematics and another subject

Students who wish to study Mathematics in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Mathematics may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject. Students contemplating a Combined Honours program in Mathematics and another subject should bear in mind, however, that the work in either subject may be insufficient for admission to a regular graduate program.

Students planning to enrol in a Combined Honours program should consult with academic advisors from both programs early in their studies. The same standards and conditions for admission apply as for entry into a Concentrated Honours program (see above). In addition, students must have their program of study approved by Academic Advisors in both subject areas. Students must complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Mathematics, this requirement is satisfied through MATH 4950.03.

Departmental Requirements

Students in a BSc Combined Honours program in Mathematics and another subject must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections. A combined total of 66 credit hours above the 1000 level must be completed in two subjects, with a minimum of 30 credit hours above the 1000 level in each subject.

Mathematics as the primary subject

The Mathematics part of a Combined Honours program in Mathematics and another subject will be designed to suit the needs and interests of the student. However, the program must be approved by a Mathematics Honours Advisor and an Honours advisor from the other subject. Students will normally complete MATH 4950.03 Honours Research Project.

Mathematics as the secondary subject

The Mathematics part of a Combined Honours program in Mathematics and another subject will be designed to suit the needs and interests of the student. However, the program must be approved by a Mathematics Honours Advisor and an Honours advisor from the other subject.

BSc (120 credit hour) Major in Mathematics

The 120 credit hour Major is suited to students who want to focus on Mathematics, but wish to have a program that is somewhat less constrained than the Honours program. Students in a Major program normally choose to concentrate in Pure Mathematics, Applied Mathematics or Mathematics Education.

Departmental Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc Major program in Mathematics must complete the following courses:

2000 level

- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I and MATH 2040.03: Matrix Theory and Linear Algebra II (or MATH 2135.03: Linear Algebra)
- At least one of MATH 2112.03: Discrete Structures I, MATH 2051.03: Problems in Geometry or MATH 2505.03: Introductory Analysis
- Three additional credit hours in MATH at or above 2000 level
- Three credit hours in a STAT course at or above 2000 level

3000 level

- 24 additional credit hours in MATH at or above the 3000 level. This selection may not include MATH 3700.03: Mathematics for Economists, MATH 3800.03: Financial Economics.

Students wishing to concentrate in Applied Mathematics should choose the additional MATH courses from

- MATH 2060.03: Introduction to Probability and Statistics/MATH 2080.03: Statistical Methods for Data Analysis and Inference
- MATH 2120.03: Methods for Ordinary Differential Equations/MATH 3120.03: Differential Equations
- MATH 2300.03: Mathematical Modelling
- MATH 3210.03: Introduction to Numerical Analysis
- MATH 3260.03: Applied Differential Equations
- MATH 3300.03: Optimization
- MATH 3330.03: Applied Graph Theory
- MATH 3400.03: Classical Game Theory

Students wishing to concentrate in Pure Mathematics should choose the additional MATH courses from

- MATH 2060.03: Introduction to Probability and Statistics/MATH 2080.03
- MATH 2120.03: Methods for Ordinary Differential Equations/MATH 3120.03: Differential Equations
- MATH 3031.03: Abstract Algebra I/MATH 3032.03: Abstract Algebra II

- MATH 3045.03: Curves and Surfaces
- MATH 3070.03: Theory of Numbers
- MATH 3080.03: Introduction to Complex Variables

Students contemplating a career in Mathematics Education should choose the additional MATH courses from

- MATH 2051.03: Problems in Geometry
- MATH 2060.03: Introduction to Probability and Statistics/MATH 2080.03
- MATH 2112.03: Discrete Structures I/MATH 2113.03: Discrete Structures II
- MATH 2300.03: Mathematical Modelling
- MATH 3031.03: Abstract Algebra I/MATH 3032.03: Abstract Algebra II
- MATH 3070.03: Theory of Numbers
- MATH 3080.03: Introduction to Complex Variables
- MATH 3140.03: Introduction to Wavelets
- MATH 3150.03
- MATH 3300.03: Optimization
- MATH 3330.03: Applied Graph Theory
- MATH 3400.03: Classical Game Theory

BSc or BA (120 credit hour) Double Major in Mathematics and another subject

The Double Major degree program allows students to combine the study of Mathematics with another subject. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Mathematics may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

Students enrolled in a Double Major program are advised to review their proposed program of study with advisors in both subject areas.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc or BA Double Major program in Mathematics and another subject must complete the following:

Mathematics as the primary subject

Student completing a double major with Mathematics as the primary subject can fulfill the Mathematics requirements by following one of two programs below.

Pure Mathematics

2000 level

- MATH 2001.03: Intermediate Calculus I and MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I and MATH 2040.03: Matrix Theory and Linear Algebra II (or MATH 2135.03: Linear Algebra)
- At least one of MATH 2112.03: Discrete Structures I, MATH 2051.03: Problems in Geometry, MATH 2505.03: Introductory Analysis

3000 level

- 15 additional MATH credit hours at or above the 3000 level. This selection may not include MATH 3700.03: Mathematics for Economists, MATH 3800.03: Financial Economics.

Applied Mathematics

2000 level

- MATH 2001.03: Intermediate Calculus I
- MATH 2030.03: Matrix Theory and Linear Algebra I and MATH 2040.03: Matrix Theory and Linear Algebra II (or MATH 2135.03: Linear Algebra)

- MATH 2120.03: Methods for Ordinary Differential Equations or MATH 2002.03: Intermediate Calculus II
- MATH 2060.03: Introduction to Probability and Statistics or MATH 2080.03: Statistical Methods for Data Analysis and Inference

3000 and 4000 level

- MATH 3120.03: Differential Equations or MATH 3260.03: Applied Differential Equations
- At least four of MATH 3080.03: Introduction to Complex Variables, MATH 3210.03: Statistical Mechanics, MATH 3300.03: Optimization, MATH 3330.03: Applied Graph Theory, MATH 3400.03: Classical Game Theory, MATH 3900.03: Financial Mathematics, MATH 4190.03: Ordinary Differential Equations, MATH 4220.03: Introduction to Partial Differential Equations, MATH 4230.03: Partial Differential Equations, MATH 4250.03: Asymptotic Analysis, MATH 4320.03: Combinatorial Optimization, MATH 4370.03: Combinatorics: Techniques and Structures, MATH 4540.03: Applied Analysis

Mathematics as the secondary subject

A student enrolled in a Double Major with Mathematics as the secondary subject also fulfills the Mathematics requirements by following one of the programs listed above for a Double Major with Mathematics as the primary subject.

BSc (90 credit hour) Minor in Mathematics

The 90 credit hour Minor in Mathematics is appropriate for students who want to study some Mathematics but do not wish to complete the conventional four-year program. The degree is best suited for students who want a general science degree with some specialization in Mathematics. A 90 credit hour degree program is not suitable for students who wish to pursue graduate studies. With additional study, the degree may be upgraded to a 120 credit hour Major or Honours degree at a later date.

A 90 credit hour BSc in Mathematics is usually the preferred option for students who wish to combine studies in Mathematics with a degree in Engineering (see BSc/BEng Concurrent Program).

See the Minor in Mathematics section of this Calendar.

Minor in Mathematics

This minor is available to students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Sciences) program.

BA or BSc (90 credit hour) degree program with a Minor in Mathematics is also available.

Requirements

- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II or MATH 1500.06X/Y: Calculus
- MATH 2001.03: Intermediate Calculus I
- MATH 2030.03: Matrix Theory and Linear Algebra I
- MATH 2120.03: Methods for Ordinary Differential equations
- nine additional credit hours of Math at or above the 2000 level

Contact Mathematics and Statistics for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students **Minors available to students in Mathematics**

Minor programs allow students to develop subject specialties in addition to their Major or Honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs (including Science Co-op).

Students in a BSc (120 credit hour) program in Mathematics may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc in Mathematics, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section of the calendar.

Certificates of particular interest to students enrolled in a BSc in Mathematics include:

- Certificate in Actuarial and Financial Mathematics
- Certificate in Applied and Computational Mathematics

BSc/BEng Concurrent Program

Students interested in combining their interest in Mathematics with a degree in Engineering may choose a BSc/BEng Concurrent Program, normally completed in a 5 year period. Over the first three years, students complete the requirements for a 90 credit hour BSc degree in Mathematics and a Diploma of Engineering (the first two years of engineering studies). Two more years of engineering studies are then required to obtain a BEng. Interested students should see an undergraduate advisor from Mathematics and from the Faculty of Engineering in their first year of study.

Departmental Requirements

In addition to fulfilling the requirements for a 90 credit hour BSc degree outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in the BSc/BEng Concurrent Program must complete the following Mathematics courses:

Option 1:

- MATH 1000.03/MATH 1010.03 or MATH 1500.06X/Y
- MATH 2001
- MATH 2030
- MATH 2120
- Nine additional credit hours in MATH courses at or above the 2000 level

Option 2:

- ENGM 2022.03, ENGM 2032.03, and ENGM 2101.03
- MATH 2300.03
- At least one of MATH 2051.03, MATH 2112.03, or MATH 2135.03
- Twelve additional credit hours in MATH courses at or above the 3000 level. This selection may not include MATH 3700, MATH 3800.

Please note that all ENGM courses require a minimum grade of B-.

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are available to students in the second, third, fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not take both courses so designated.

Not all courses are offered each year. Please consult the current timetable for this year's offering. For further information please contact the department.

Course Notes

Course descriptions for Statistics can be found in the calendar under Statistics.

Credit may not be obtained twice for the same course even if the numbers have been changed.

Courses with the designation (MLC) are supported by the tutorial services of the Math Learning Centre.

The following three courses below the 1000 level are offered by the College of Continuing Education. Students register and pay for them at the College of continuing Education located at 1220 LeMarchant Street, 2nd Floor or by calling (902) 494-2375 (see College of Continuing Education for more details).

Course Descriptions

MATH 0009 Academic Math

CREDIT HOURS: 0

Academic Math has been developed to prepare you for the math involved in non-calculus courses. If you have solid math skills (at least grade 11 academic level) and want to develop them to the university level necessary for entrance to the Faculty of Arts, Bachelor of Commerce, Management, or Nursing programs, this course is designed for you. MATH 0009.00 is accepted by Dalhousie University in place of NS Math 12 Academic.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

TUTORIAL HOURS PER WEEK: 1

PREREQUISITE: At least grade 10 academic math or equivalent

MATH 0010 Pre-Calculus Accelerated

CREDIT HOURS: 0

This single-term accelerated course has been designed for calculus bound students, who have a firm grasp of grade 11 and 12 math skills. Focus is placed on pre-calculus key concepts, assuming students have current knowledge of grade 11 and 12 math concepts. Students requiring review of grade 11 and 12 concepts should take Pre-Calculus Plus (MATH 0011.00). Topics are explored in class following a clear, logical progression, with mastery generally occurring after assignments are completed.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 1

PREREQUISITE: Recommend at least 80% in grade 11 and 12 math

MATH 0011 Pre-calculus Plus

CREDIT HOURS: 0

This full year course has been designed for the majority of students either requiring pre-calculus to gain admittance to the Dalhousie BSc program or as preparation for MATH 1000.03. This course provides a more in depth coverage of math concepts than found in the accelerated 1 term class, and adds a review of relevant 11 and 12 material, as well as a study of area under a curve. Students who have been away from math for 2 or more years, or have a heavy schedule, will find this course a better fit than the accelerated MATH 0010.00. Throughout the course, algebra, and applied geometric problem solving skills needed for calculus, are emphasized.

FORMAT: Lecture| Tutorial

PREREQUISITE: Grade 11 and 12 math or equivalent

MATH 1000X/Y Differential and Integral Calculus I

CREDIT HOURS: 3

This course offers a self-contained introduction to differential and integral calculus. The topics include functions, limits, differentiation of polynomial, trigonometric, exponential and logarithmic functions, product, quotient and chain rules, applications of differentiation, antiderivatives and definite integrals, integration by substitution. A sequel to this course is MATH 1010.03. The XY version of this course covers the same material, but the course duration is spread over the Fall and Winter term. The format of the XY course (1.5 hour workshops twice a week, and the smaller class size) allows for a more interactive learning environment than in a regular lecture format.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Nova Scotia Mathematics advanced 11 and 12 or pre-calculus. Pre-calculus is highly recommended.

EXCLUSIONS: MATH 1215.03, MATH 1280.03, MATH 1500X/Y.06

MATH 1010 Differential and Integral Calculus II

CREDIT HOURS: 3

A continuation of the study of calculus with topics including: Riemann sums, techniques of integration, elementary differential equations and applications, parametric equations and polar coordinates, sequences and series, Taylor series.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03, or MATH 1215.03 with a grade of B or better

MATH 1060 Introductory Statistics for Science and Health Sciences

CREDIT HOURS: 3

See course description for STAT 1060.03 in the Statistics section of this calendar.

MATH 1115 Mathematics for Commerce

CREDIT HOURS: 3

An introduction to matrices, linear programming, mathematics of finance, probability and differential calculus. All topics are taught with an emphasis on applications to business. This course cannot be used to partially satisfy the BSc Mathematics requirement.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Nova Scotia Advanced Mathematics 11 or 12 or equivalent

EXCLUSIONS: MATH 1110.03, MATH 1120.03

MATH 1215 Life Sciences Calculus

CREDIT HOURS: 3

This course emphasizes the application of calculus to the life sciences. The concepts and content studied include derivatives, techniques of differentiation, logarithmic and exponential functions, optimization, basic ordinary differential equations, integration, and techniques and applications of integration.

NOTES: Students who have already received credit for MATH 1215.03 cannot subsequently receive credit for MATH 1115.03.

FORMAT: Lecture| Tutorial

PREREQUISITE: Nova Scotia Mathematics 11 and 12 or pre-calculus is highly recommended.

EXCLUSIONS: MATH 1000.03, MATH 1500X/Y.06

MATH 1280 Engineering Mathematics I

CREDIT HOURS: 3

This forms an introduction to differential and integral calculus for Engineering students. All topics of MATH 1000.03 are covered, but in greater depth. In addition, this course covers functions, differentiation of polynomial, trigonometric, exponential and logarithmic functions, product, quotient and chain rules, Taylor series, antiderivatives and definite integrals, Riemann sums, polynomial approximations, and numerical approximations of integrals.

NOTES: Students who have already received credit for MATH 1280.03 cannot subsequently receive credit for MATH 1000.03 or MATH 1115.03

FORMAT: Lecture| Tutorial

PREREQUISITE: Nova Scotia Mathematics advanced 11 and 12 or pre-calculus. Pre-calculus is highly recommended.

EXCLUSIONS: MATH 1000.03, MATH 1215.03

MATH 1290 Engineering Mathematics II

CREDIT HOURS: 3

This course is a sequel to MATH 1280. All topics of MATH 1010.03 are covered, but in greater depth. This course also introduces the students to the application of mathematics in engineering problems.

NOTES: 1: Students who have already received credit for MATH 1290.03 cannot subsequently receive credit for MATH 1010.03 2: MATH 1010.03 is not equivalent to MATH 1290.03

FORMAT: Lecture| Tutorial

PREREQUISITE: MATH 1280.03

MATH 1500X/Y Calculus

CREDIT HOURS: 6

This course is intended primarily for students who are considering a majors or an honours program in the physical or mathematical sciences. The topics of MATH 1000/MATH 1010 are covered, but in greater depth. MATH 1500 is equivalent as a credit to MATH 1000/MATH 1010.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Nova Scotia Mathematics advanced 11 and 12 or pre-calculus. Pre-calculus is highly recommended.

EXCLUSIONS: Credit can be given for only one of MATH 1000/MATH 1010 and MATH 1500.

MATH 2001 Intermediate Calculus I

CREDIT HOURS: 3

Topics include review of parametric equations, polar coordinates, conic sections, coordinate systems and vectors, dot product and cross product, vector functions, derivatives and integrals of vector functions, arc length and curvature, functions of several variables and partial derivatives, directional derivatives and double and triple integrals.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1010.03

MATH 2002 Intermediate Calculus II

CREDIT HOURS: 3

Topics include multiple integrals and changes of variables, and vector calculus, with an emphasis on Green's and Stokes' theorems. The course also includes an introduction to second order ordinary differential equations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2001.03

MATH 2030 Matrix Theory and Linear Algebra I

CREDIT HOURS: 3

This course is a self-contained introduction to Matrix Theory and Linear Algebra. Topics include: subspaces, linear transformations, determinants, eigenvalues and eigenvectors, systems of linear equations. Students should note that this is a second-year course and, although it has no formal first-year prerequisites, certain mathematical maturity is expected.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Nova Scotia advanced Mathematics 11 or 12

MATH 2040 Matrix Theory and Linear Algebra II

CREDIT HOURS: 3

This course is a continuation of MATH 2030.03. Topics include: vector spaces and linear transformations, eigenvalues and eigenvectors, similarity and diagonalization, inner product spaces and orthogonal transformations, diagonalization of symmetric matrices and quadratic forms.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2030.03, and MATH 1000.03 or MATH 1500X/Y.06 or MATH 1215.03

EXCLUSIONS: MATH 2135.03

MATH 2051 Problems in Geometry

CREDIT HOURS: 3

This is a basic course for all students interested in geometry. Topics from Euclidean and non-Euclidean geometry may include: transformation geometry, symmetry groups, frieze groups, wallpaper groups and the crystallographic restrictions, similarities; projective geometry and the classical theorems of Menelaus, Ceva, Desargues, Pappus, Pascal; hyperbolic geometry.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1010.03 or MATH 1500X/Y.06

MATH 2060 Introduction to Probability and Statistics

CREDIT HOURS: 3

See course description for STAT 2060.03 in the Statistics section of this calendar.

PREREQUISITE: Math 1000 or Math 1215 or Math 1500 or 1500X/Y

MATH 2080 Statistical Methods For Data Analysis and Inference

CREDIT HOURS: 3

See course description for STAT 2080.03 in the Statistics section of this calendar.

MATH 2112 Discrete Structures I

CREDIT HOURS: 3

This course together with MATH 2113.03 offers a survey of the following areas: set theory, mathematical induction, number theory, relations, functions, algebraic structures and introductory graph theory. The topics to be discussed are fundamental to most areas of Mathematics and have wide applicability to Computer Science.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Nova Scotia Mathematics 441 or equivalent

CROSS-LISTING: CSCI 2112.03

MATH 2113 Discrete Structures II

CREDIT HOURS: 3

This course continues CSCI 2112.03/MATH 2112.03. This course covers some basic concepts in discrete mathematics which are of particular relevance to students of computer science, engineering, and mathematics. The topics to be covered will include solution of recurrence relations, generating functions, number theory, Chinese remainder theorem, trees and graphs, finite state machines, abstract algorithms, Boolean algebra.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: CSCI 2112.03 or MATH 2112.03

CROSS-LISTING: CSCI 2113.03

MATH 2120 Methods for Ordinary Differential Equations

CREDIT HOURS: 3

A comprehensive introduction to the theory of ordinary differential equations (ODEs), which is a broad field in pure and applied mathematics with numerous applications in other sciences. The topics include: special types of ODEs of 1st order, homogeneous and inhomogeneous linear ODEs with constant coefficients, Laplace transforms, systems of ODEs.

COREQUISITE: MATH 2030.03

PREREQUISITE: MATH 1010.03 or MATH 1500X/Y.06 or permission of the instructor

MATH 2135 Linear Algebra

CREDIT HOURS: 3

This course is a continuation of MATH 2030.03 with an emphasis on foundations and the theory of vector spaces and linear transformations. Additional topics include inner product spaces, symmetric and orthogonal transformations, bilinear forms, similarity and diagonalization, the solution of linear differential equations, and various applications in mathematics, physics and computer science.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2030.03 and MATH 1000.03

EXCLUSIONS: MATH 2040.03

MATH 2300 Mathematical Modelling

CREDIT HOURS: 3

By using fundamental calculus concepts in a modelling framework, the student investigates practical problems chosen from common experiences encompassing many academic disciplines, including the mathematical sciences, operations research, engineering and the management and life sciences. A significant part of the course is learning to use MAPLE as a mathematical tool.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

COREQUISITE: MATH 2030.03
PREREQUISITE: MATH 1000.03
CROSS-LISTING: STAT 2300.03

MATH 2505 Introductory Analysis

CREDIT HOURS: 3

This course is for honours students and other serious students of mathematics. Topics include: the axioms for the real number system, geometry and topology of Euclidean space, limits, continuity, differentiability, the inverse and implicit function theorems.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2001.03

MATH 2600 Theory of Interest and Life Contingencies

CREDIT HOURS: 3

Simple and compound interest are covered in detail. Topics include: nominal and effective rates of interest/discount, force of interest, annuities, perpetuities, and bonds.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1010.03, MATH 1115.03 or MATH 1215.03

CROSS-LISTING: STAT 2600.03

MATH 3030X/Y Abstract Algebra

CREDIT HOURS: 6

In this first course in abstract algebra the following topics are treated: groups, subgroups, factor groups, homomorphisms, rings, ideals, Euclidean domains, polynomial rings, fields, unique factorization, irreducible polynomials, Sylow theorems, solvability of polynomial equations, Galois theory, and the Jordan canonical form.

NOTES: MATH 3030X/Y.06 is equivalent as a credit to MATH 3031.03 and MATH 3032.03

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2040.03 or MATH 2135.03

EXCLUSIONS: MATH 3031.03, MATH 3032.03

MATH 3031 Abstract Algebra I

CREDIT HOURS: 3

Groups, subgroups, permutation groups, cosets, direct products, fundamental theorem of finitely generated abelian groups, simple groups, group homomorphisms, factor groups, isomorphism theorems of groups, series of groups, Sylow theorems and applications. Additional topics may include free groups, group actions, and groups in Topology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2040.03 or MATH 2135.03

EXCLUSIONS: MATH 3030X/Y.06

MATH 3032 Abstract Algebra II

CREDIT HOURS: 3

Rings, fields, integral domains, Fermat's theorem, Euler's theorem, ideals, quotient rings, prime and maximal ideals, factorization of polynomials, Grobner bases, Unique Factorization Domains, Euclidean Domains and Gaussian integers, and applications as time allows.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3031.03

EXCLUSIONS: MATH 3030X/Y.06

MATH 3045 Curves and Surfaces

CREDIT HOURS: 3

The course is designed as an introduction to differential geometry, the study of geometric objects by means of analysis. It presents a comprehensive study of curves and surfaces in Euclidean space. Topics include: Frenet frame and equations, curvature, torsion, first and second fundamental forms, shape operator, Gauss-Weingarten equations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2002.03 and (MATH 2040.03 or MATH 2135.03) or consent of instructor

MATH 3070 Theory of Numbers

CREDIT HOURS: 3

Topics include: congruences and residues; elementary properties of congruences, linear congruences, theorems of Fermat, Euler and Wilson, Chinese remainder theorem, quadratic residues, law of quadratic reciprocity, Legendre, Jacobi and Kronecker symbols, arithmetic functions, algebraic fields, algebraic numbers and integers, uniqueness of factorization, elementary properties of ideals, and class number.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2040.03 (or MATH 2135.03)

MATH 3080 Introduction to Complex Variables

CREDIT HOURS: 3

An introduction to the basic elements of complex analysis. Topics include: complex numbers, functions, differentiation and integration in the complex plane, some special mappings, series in general, Taylor and Laurent Series, residues, some principles of conformal mapping theory.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2002.03

MATH 3120 Differential Equations

CREDIT HOURS: 3

The topics discussed are of great importance to any student interested in applied mathematics. Areas include Fourier series, orthogonal polynomials, Sturm-Liouville problems, the classical partial differential equations, and some applications to physics, chemistry and engineering.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2120.03 or MATH 2135.03 or PHYC 2140.03

MATH 3140 Introduction to Wavelets

CREDIT HOURS: 3

Wavelet analysis provides an extremely powerful and highly flexible tool for the compression, denoising, and recognition of both audio and image signals. This course will develop many of the essential mathematical ideas behind Fourier analysis and wavelets. Many applications will also be discussed and examined.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2002.03 and MATH 2030.03

MATH 3210 Introduction to Numerical Analysis

CREDIT HOURS: 3

This course covers the practice as well as theory of basic numerical techniques. Topics may include: root finding, interpolation, integration, initial value problems, linear and nonlinear fitting, boundary value problems. We will emphasize error analysis and stability of methods, as well as practical implementation on a computer.

PREREQUISITE: MATH 2001.03 or (MATH 2120.03 and MATH 2030.03)

MATH 3260 Applied Differential Equations

CREDIT HOURS: 3

This course provides an introduction to a variety of mathematical techniques that are used in modelling real-world problems. Topics may include: population dynamics and hysteresis; diffusion, the heat kernel and Fourier series; spread of disease and phase plane analysis; networks, image processing and spectral clustering; delay differential equations; traffic modelling, first order PDE's and method of characteristics; and numerical schemes for differential equations.

PREREQUISITE: MATH 2120.03 or MATH 2135.03 or PHYC 2140.03 or consent of the instructor

MATH 3300 Optimization

CREDIT HOURS: 3

An introduction to the concepts and applications of linear programming. Topics include the simplex method for linear programming, duality and sensitivity analysis.

Some of these topics are illustrated by means of interactive computer packages.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2030.03

MATH 3330 Applied Graph Theory

CREDIT HOURS: 3

This course offers an introduction to graph theory, with an emphasis on applications and modelling. Topics include: paths and cycles, shortest route problem, connectivity and trees, minimum spanning trees, network flow, planar graphs, matchings, assignment problem, graph colouring and applications to scheduling, Hamilton cycles, and the Travelling Salesman Problem.

PREREQUISITE: MATH 2112.03 or MATH 2030.03

MATH 3340 Regression and Analysis of Variance

CREDIT HOURS: 3

See course description for STAT 3340.03 in the Statistics section of this calendar.

MATH 3350 Design of Experiments

CREDIT HOURS: 3

See course description for STAT 3350.03 in the Statistics section of this calendar.

MATH 3360 Probability

CREDIT HOURS: 3

See course description for STAT 3360.03 in the Statistics section of this calendar.

MATH 3380 Sample Survey Methods

CREDIT HOURS: 3

See course description for STAT 3380.03 in the Statistics section of this calendar.

MATH 3400 Classical Game Theory

CREDIT HOURS: 3

This course will cover the important concepts of classical game theory: game trees, dominance, zero-sum games, saddle points, utility theory, non-zero sum games, Nash equilibrium, non-competitive solutions, Prisoner's dilemma, Chicken, Newcomb's problem. There will be applications to many areas including anthropology, biology, business, economics and philosophy.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2030.03, or permission of the instructor

MATH 3460 Intermediate Statistical Theory

CREDIT HOURS: 3

See course description for STAT 3460.03 in the Statistics section of this calendar.

MATH 3500X/Y Intermediate Analysis

CREDIT HOURS: 6

MATH 3500.06 continues the analysis sequence begun in MATH 2505.03. Topics include: number systems, metric spaces, compactness, continuous functions on metric spaces, Stone-Weierstrass theorem, Arzela-Ascoli theorem, sequences and series of functions and their properties, inverse and implicit function theorems, extrema, co-ordinate transformations.

NOTES: MATH 3500X/Y.06 is equivalent as credit to MATH 3501.03 and MATH 3502.03.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2135.03, 2505.03

EXCLUSIONS: MATH 3501.03, MATH 3502.03

MATH 3501 Intermediate Analysis I

CREDIT HOURS: 3

MATH 3501.03 continues the analysis sequence begun in MATH 2505.03. Topics include: Metric spaces, point-set topological notions, sequences, completeness, separability, compactness (Heine-Borel, Bolzano-Weierstrass, Finite Intersection, complete and totally bounded), limits and continuity, continuity in topological terms, connectedness, path and local-path connectedness, homeomorphisms, uniform continuity, Lipschitz continuity, contractions, contraction principle, sequences of functions, uniform convergence. Further topics may include: Arzela-Ascoli theorem, Stone-Weierstrass theorem.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2135.03, MATH 2505.03

EXCLUSIONS: MATH 3500X/Y.06

MATH 3502 Intermediate Analysis II

CREDIT HOURS: 3

Topics include: The full derivative for functions between Euclidean spaces, directional derivatives, Jacobian matrix, differentiability, C^k functions, multilinear maps, higher derivatives, Taylor's theorem, extrema, inverse and implicit function theorems, extrema subject to constraints, Lagrange multipliers. Further topics may include: normed vector spaces and basic functional analysis, basic theory of manifolds in \mathbb{R}^n , Fourier series.

PREREQUISITE: MATH 3501.03

EXCLUSIONS: MATH 3500X/Y.06

MATH 3700 Mathematics for Economists

CREDIT HOURS: 3

See course description for ECON 3700 in the Economics section of this calendar.

MATH 3800 Financial Economics

CREDIT HOURS: 3

See course description for ECON 3800.03 in the Economics section of this calendar.

MATH 3900 Financial Mathematics

CREDIT HOURS: 3

This course is an introduction to derivative pricing. Topics include: binomial tree model, stochastic calculus, Itô calculus, Black-Scholes model, market price of risk, log-normal models.

PREREQUISITE: MATH 2060.03 and (MATH 2120.03 or MATH 2135.03), or permission of the instructor

CROSS-LISTING: ECON 3900.03

MATH 4001 AARMS Summer School I

CREDIT HOURS: 3

A Topics class given by leading researchers in the precise field, which varies from year to year. Consult the Department for current details.

FORMAT: Lecture

PREREQUISITE: Permission of the Honours Advisor

CROSS-LISTING: STAT 4001.03

MATH 4002 AARMS Summer School II

CREDIT HOURS: 3

A Topics class given by leading researchers in the precise field, which varies from year to year. Consult the Department for current details.

FORMAT: Lecture

PREREQUISITE: Permission of the Honours Advisor

CROSS-LISTING: STAT 4002.03

MATH 4010 Introduction to Measure Theory and Integration

CREDIT HOURS: 3

Lebesgue's theory of measure and integration. The topics include: sigma-algebras, measures, construction of measures, Lebesgue measure on the real line, measurable functions, the Lebesgue integral and convergence theorems, L^p spaces, product measures and the Fubini-Tonelli theorem.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3501.03

CROSS-LISTING: MATH 5010.03

MATH 4020 Analytic Function Theory

CREDIT HOURS: 3

Topics include: review of analytic complex functions including topological properties of the plane, Mobius mappings, exponential, logarithmic, trigonometric and related functions, integration and the Cauchy theorem. Cauchy's integral formula, residues, harmonic functions, analytic continuation, entire and meromorphic functions, some results of conformal mapping, including the Riemann mapping theorem.

PREREQUISITE: MATH 2002.03 (MATH 3080.03 recommended)

CROSS-LISTING: MATH 5020.03

MATH 4025 Commutative Algebra I

CREDIT HOURS: 3

This introduction to commutative algebra includes a selection of the following topics: prime and maximal ideals, primary decomposition, Noetherian rings, Hilbert's Basis Theorem and the Nullstellensatz.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3032.03

CROSS-LISTING: MATH 5025.03

MATH 4035 Topics in Commutative Algebra

CREDIT HOURS: 3

This course covers special topics in commutative algebra.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 4045.03 or permission of the instructor

CROSS-LISTING: MATH 5035.03

MATH 4045 Advanced Algebra I

CREDIT HOURS: 3

Introduction to module theory: modules, submodules, quotient modules, module homomorphisms, generators for modules, direct sums, free modules, tensor products, exact sequences, projective modules, injective modules, and flat modules. Modules over principal ideal domains. Additional topics may include homological algebra, Ext and Tor Functors, symmetric and exterior algebras.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3032.03

CROSS-LISTING: MATH 5045.03

MATH 4055 Advanced Algebra II

CREDIT HOURS: 3

Field theory, field extensions, Galois theory and applications.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3032.03

CROSS-LISTING: MATH 5055.03

MATH 4065 Algebraic Geometry

CREDIT HOURS: 3

This is a first course in algebraic geometry and will introduce students to the basic properties of affine and projective varieties. Topics covered will include a selection from: local properties of plane curves, elliptic curves, Bezout's Theorem, Riemann-Roch Theorem.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3032.03

CROSS-LISTING: MATH 5065.03

MATH 4066 Advanced Statistical Theory I

CREDIT HOURS: 3

See course description for STAT 4066.03 in the Statistics section of this calendar.

MATH 4070 Algebraic Number Theory

CREDIT HOURS: 3

An introduction to algebraic number theory, with special emphasis on quadratic and cyclotomic fields. A more general study of rings of integers of algebraic number fields focuses on divisibility properties. Other topics include Dedekind domains, ideals and their factorization into prime ideals, and class groups and class numbers.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3032.03 (MATH 3070.03 recommended)

CROSS-LISTING: MATH 5070.03

MATH 4116 Cryptography

CREDIT HOURS: 3

This course is an introduction to modern cryptographic techniques and its mathematical foundations. The material covered includes: elementary number theory and algebra, classical cryptosystems, probability, the Data Encryption Standard, prime number generation and primality tests, public key cryptosystems, and further applications, such as digital signatures and identification.

PREREQUISITE: MATH 1000.03, MATH 1010.03, MATH 2030.03, and at least six additional credit hours in Mathematics beyond the first year, or permission of the instructor.

CROSS-LISTING: CSCI 4116.03

MATH 4130 Design and Analysis of Algorithms II

CREDIT HOURS: 3

See course description for CSCI 4113.03 in the Computer Science section of this calendar.

MATH 4135 Introduction to Category Theory

CREDIT HOURS: 3

Categories, functors, natural transformations and adjointness are introduced with emphasis on examples drawn from undergraduate Mathematics and theoretical Computer Science. The calculus of diagram chasing, limits, colimits and Kan extensions is explored in detail.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3031.03 and MATH 3501.03 or permission of the instructor.

CROSS-LISTING: MATH 5135.03

MATH 4136 Topics in Category Theory

CREDIT HOURS: 3

Topics of current interest in category theory will be discussed with an emphasis on open problems. No previous knowledge of category theory is required. The necessary concepts will be discussed in the context of their applications. However, a certain familiarity with the basic concepts of modern mathematics such as found in courses on algebra and topology would be an asset.

PREREQUISITE: MATH 3031.03 and consent of instructor

CROSS-LISTING: MATH 5136.03

MATH 4140 Introduction to Functional Analysis

CREDIT HOURS: 3

An introduction to the basic principles of functional analysis including the following topics: infinite dimensional vector spaces, normed spaces, inner-product spaces, Banach and Hilbert spaces, linear and continuous linear functionals, the Hahn-Banach Theorem, the principle of uniform boundedness, dual spaces, weak topology, and the Alaoglu theorem, the open mapping and closed graph theorems, and consequences and applications.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3502.03

CROSS-LISTING: MATH 5140.03

MATH 4165 Mathematical Methods in Physics

CREDIT HOURS: 3

Complex variables and applications including solutions to Laplace equation, ideal fluid flow and Joukowski airfoil. Integral transformations; separation of variables. Asymptotic evaluation of integrals and special functions. Plus some additional topics in mathematical physics.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3120.03 or MATH 3260.03 or permission of instructor.

CROSS-LISTING: PHYC 4160.03, PHYC 5160.03, MATH 5165.03

MATH 4170 General Topology

CREDIT HOURS: 3

An introduction to topological spaces that includes the following topics: classification in terms of cardinality of bases, separation, etc., product spaces, Tychonoff theorem, compactness, compactifications, Tychonoff spaces, metrization.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3502.03

CROSS-LISTING: MATH 5170.03

MATH 4175 Topics in Mathematical Physics

CREDIT HOURS: 3

This course is a continuation of MATH 4165.03 and deals with special topics in mathematical physics selected from areas such as the Green's function technique for solving ordinary and partial differential equations, scattering theory and phase shift analysis, diffraction theory, group theory, tensor analysis and general relativity.

PREREQUISITE: MATH 4165.03

CROSS-LISTING: PHYC 4170.03, PHYC 5170.03

MATH 4180 Introduction to Algebraic Topology

CREDIT HOURS: 3

An introduction to algebraic topology including the following topics: the definitions, properties and methods of computation of the fundamental group of a topological space; simplicial, singular and cellular homology groups; basic properties and methods of computation of homology groups; a selection of application such as the classification of surfaces and fixed point theorems.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2505.03, MATH 4170.03

CROSS-LISTING: MATH 5180.03

MATH 4190 Ordinary Differential Equations

CREDIT HOURS: 3

A graduate-level introduction to ordinary differential equations. Topics covered include flows, existence and uniqueness theorems, continuity of solutions, coordinate transformations, symmetry methods and reductions, linearization of dynamical systems, and ODEs on manifolds.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: (MATH 3120.03 or MATH 3260.03) and MATH 2505.03 or permission of the instructor

MATH 4200 Ordinary Differential Equations - Qualitative Theory

CREDIT HOURS: 3

Qualitative theory is concerned with determining the behaviour of solutions of differential equations without finding explicit solutions. Topics are selected from Liapunov stability theory, stable and unstable manifolds of singular points and periodic solutions, classification of plane singular points, structural stability and Hamiltonian systems. Other topics at the instructor's discretion.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 4190.03

CROSS-LISTING: MATH 5200.03

MATH 4220 Introduction to Partial Differential Equations

CREDIT HOURS: 3

This course is a basic introduction to the theory of partial differential equations. Topics covered include: modelling physical systems, method of characteristics, Laplace, wave and heat equations, separation of variables, eigenfunction expansions, integral transforms, maximum principles and Ritz-Raleigh theory.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3120.03 or MATH 3260.03 or permission of instructor

CROSS-LISTING: MATH 5220.03

MATH 4230 Partial Differential Equations

CREDIT HOURS: 3

This course will provide students with an introduction to advanced topics in partial differential equations in a variety of settings. Topics may include: reaction diffusion systems, pattern formation, numerical methods, applications to physical sciences, variational methods, Sobolev Theory.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3120.03 or MATH 3260.03 or permission of the instructor

CROSS-LISTING: MATH 5230.03

MATH 4250 Asymptotic Analysis

CREDIT HOURS: 3

Most mathematical models of physical systems cannot be solved exactly. Often such systems have a naturally occurring small parameter which may be exploited using asymptotic analysis techniques. In this course, we will study a variety of physical systems which illustrate many of the common approaches used in asymptotic analysis. Focus will be on applications to ordinary and partial differential equations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2030.03 and (MATH 3120.03 or MATH 3260.03), or permission of the instructor

CROSS-LISTING: MATH 5250.03

MATH 4320 Combinatorial Optimization

CREDIT HOURS: 3

Various graph algorithms will be presented and analyzed. Specifically we will treat the algorithms for the problems: minimum spanning tree, shortest path, maximal flow, minimum cost flow, maximum matching. For each problem, various algorithms will be presented and compared. The link with Linear Programming, especially LP-Duality, will receive special attention.

PREREQUISITE: MATH 2030.03, some knowledge of linear programming and the theory of algorithms is recommended.

CROSS-LISTING: MATH 5320.03

MATH 4330 Topics in Graph Theory

CREDIT HOURS: 3

This course is intended for math and computer science students. Items to be selected from the following topics: graphs and matrices, graphs and groups, network analysis, extremal graph theory, enumeration problems, and algebraic methods in graph theory.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3330.03 or CSCI 3110.03 or permission of the instructor

CROSS-LISTING: MATH 5330.03, CSCI 4115.03

MATH 4340 Discrete Random Structures

CREDIT HOURS: 3

This course will cover basics of probability and stochastic processes, and then focus on areas where probability and combinatorics interact. Topics include: probabilistic method, stochastic graph models for complex networks, probabilistic algorithms. Probabilistic techniques include: expectation and concentration of random variables, stochastic processes, conditional expectation, Markov chains, martingales, branching processes.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 4330.03/MATH 5330.03 or MATH 2113.03 or permission from the instructor

CROSS-LISTING: MATH 5340.03

MATH 4360 Combinatorial Modelling

CREDIT HOURS: 3

This course introduces a common framework for combinatorial structures (graphs, digraphs, hypergraphs, posets, preorders, lattices, finite topologies, simplicial complexes), with an emphasis on how to model these structures with other fields of mathematics, such as matrix theory and linear algebra, commutative algebra, topology, analysis, probability and logic.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3
PREREQUISITE: MATH 2060.03 and MATH 3032.03 or permission of the instructor.
CROSS-LISTING: MATH 5360.03

MATH 4370 Combinatorics: Techniques and Structures

CREDIT HOURS: 3

We introduce counting techniques and combinatorial structures, and show their application and use in all branches of mathematics. Counting techniques include combinations and permutations, the pigeonhole principle, inclusion/exclusion. Advanced techniques include recurrence relations, generating functions and power series. Structures include partial orders, set systems and transversals, and finite geometries

FORMAT: Lecture

PREREQUISITE: MATH 2112.03 or MATH 2051.03 or MATH 3070.03 or MATH 3330.03

CROSS-LISTING: MATH 5370.03

MATH 4410 Cosmology

CREDIT HOURS: 3

A self-contained introduction to cosmology will be given and no prior knowledge of differential geometry or general relativity will be assumed (although some knowledge of elementary differential equations will be useful). A cosmological model is a model of the universe, as a whole, on the largest scales; the emphasis of the course will be on the modelling aspects of cosmology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's permission

CROSS-LISTING: MATH 5410.03, PHYC 4660.03/PHYC 5660.03

MATH 4500 Introduction to Harmonic Analysis

CREDIT HOURS: 3

This course covers the basic elements of L^p -spaces, convolution, interpolation, maximal functions, Fourier analysis of functions, and the theory of generalized functions, or distributions. Further topics may include L^{∞} -Sobolev spaces, boundary values of harmonic functions, spherical harmonics, singular integral operators, or multipliers.

FORMAT: Lecture

PREREQUISITE: MATH 4010.03/MATH 5010.03, or MATH 3502.03 with permission of instructor

CROSS-LISTING: MATH 5500.03

MATH 4530 Differential Geometry

CREDIT HOURS: 3

This course is a self-contained introduction to manifold theory. Topics include: elements of surface theory, the tangent space, vector fields, differential forms and more general tensors, the Lie derivative, connections, Riemannian geometry, applications in mechanics and general relativity.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3045.03 or MATH 3502.03 or permission of the instructor

CROSS-LISTING: MATH 5530.03

MATH 4540 Applied Analysis

CREDIT HOURS: 3

This course is an introduction to the methods of modern applied analysis. This course is suitable for advanced undergraduate and graduate students. The topics include classification of planar dynamical systems, nonlinear dynamics, and equilibria, global nonlinear techniques, closed orbits and limit cycles. Calculus of Variations: first and second variations, symmetries, conservation laws and Noether's theorem, Hamiltonian formalism. Time permitting, other topics in Applied Analysis such as tensor calculus will be covered.

FORMAT: Lecture

PREREQUISITE: (MATH 3120.03 or MATH 3260.03) and MATH 3501.03, or consent of instructor

CROSS-LISTING: MATH 5540.03

MATH 4650 General Relativity

CREDIT HOURS: 3

A review of differential geometry will be given followed by an introduction to the general theory of relativity. Various topics will be discussed, including: linearized theory and gravitational radiation, spherically symmetric metrics and the Schwarzschild solution, gravitational collapse, black holes, and cosmology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3045.03 or permission of the instructor

CROSS-LISTING: MATH 5650.03, PHYC 4650.03/PHYC 5650.03

MATH 4660 Theory of Computation

CREDIT HOURS: 3

See course description for CSCI 4112.03 in the Computer Science section of this calendar.

MATH 4680 Topics in Logic and Computation

CREDIT HOURS: 3

This course covers topics of current interest in logic and/or the foundations of computation. Suitable topics include: formal logic, soundness and completeness, Gödel's incompleteness theorem, formal set theory, the Zermelo-Fraenkel axioms, non-standard models, independence of axioms, lambda calculus and foundations of functional programming languages, proof theory, semantics.

NOTES: Please consult the instructor for the topics offered in a particular year. This course is suitable for advanced undergraduates and graduate students from both mathematics and computer science.

FORMAT: Seminar

PREREQUISITE: MATH 3030X/Y.06 or MATH 3500X/Y.06, or CSCI 3110.03 and CSCI 3136.03, or permission of the instructor.

Suggested prerequisites for math students are algebra or analysis at honours undergraduate level. Students from computer science should be familiar with formal language theory and concepts of programming languages. All students should be comfortable with writing mathematical proofs. When in doubt about prerequisites, please consult the instructor.

CROSS-LISTING: MATH 5680.03

MATH 4800 Introduction to Mathematical Research

CREDIT HOURS: 3

This course is intended to introduce students to the science and methodology of research in the mathematical sciences. The course will be organized around topics from a wide spectrum of mathematics from which students will be guided to investigate open problems. Conjectures will be formulated and evidence will be developed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3031.03 and MATH 3501.03, or permission of the instructor

MATH 4900 Combinatorial Game Theory

CREDIT HOURS: 3

This course looks at 2-player games of strategy where there are no chance devices and both players have perfect information. The surprising mathematical structure underlying these games will be introduced along with the evaluation scheme and its application to specific hot, all-small and impartial games.

PREREQUISITE: (MATH 2040.03 or MATH 2135.03) and MATH 2002.03

CROSS-LISTING: MATH 5900.03

MATH 4950 Honours Research Project

CREDIT HOURS: 3

A requirement for the mathematics honours degree, this course consists of a supervised research project culminating in a written report and an oral presentation in the honours seminar. Enrolment must be approved by the mathematics honours coordinator.

NOTES: Students are required to take twelve additional credit hours at or above the 4000-level in addition to this one.

MATH 8891 Co-op Work-Term I

CREDIT HOURS: 0

PREREQUISITE: SCIE 2700.03

MATH 8892 Co-op Work-Term II

CREDIT HOURS: 0

PREREQUISITE: MATH 8891.00

MATH 8893 Co-op Work-Term III

CREDIT HOURS: 0

PREREQUISITE: MATH 8892.00

MATH 8894 Co-op Work-Term IV

CREDIT HOURS: 0

PREREQUISITE: MATH 8893.00

Introduction

The Medical Sciences program is a new program at Dalhousie aimed at students who wish to initiate studies in medical science as undergraduates. The program will introduce students to subjects such as human anatomy and physiology, neuroscience, epidemiology and medical ethics.

In the first two years of the program, students will take core courses in Biology, Chemistry, Math, Biochemistry, Neuroscience, Physiology, Microbiology, Sociology of Health, and Psychology. These courses will not only provide a solid background in basic sciences, but will prepare students for admission tests for various medical sciences disciplines (such as the MCAT), meet (or exceed) the early pre-requisites for acceptance into medically related professional faculties (such as Medicine, Dentistry, and Pharmacy) locally and across the country, and meet (or exceed) the early pre-requisites required for acceptance into biomedical sciences graduate programs at Dalhousie and across the country. In their third and fourth years, students take core and elective courses in various subjects within the medical sciences. Students will graduate with a broad biomedical science background that will prepare them for a variety of clinical/professional programs, graduate school, or employment in the biotechnology industry or government.

Career path advising and the course selection process are critical to the success of the Medical Sciences undergraduate program. In addition to guidance with respect to professional schools and their entry requirements, academic advising is provided so that students are aware of what courses are required should they want to enter graduate programs in the various biomedical science disciplines. Opportunities are available to concentrate in areas of special interest (for example, Immunology, Microbiology, Pharmacology). In addition, students may choose to loop out and join the undergraduate programs in Biology, Biochemistry & Molecular Biology, Microbiology & Immunology, or Psychology & Neuroscience, if that better suits their interests or career goals.

Degree Programs

The core required courses not only provide a broad background in biomedical science but they are also designed to meet prerequisites of more advanced selectives and to provide a guided learning experience through the program content.

The program also includes "Selective" courses in a number of relevant biomedical fields (a selective is a course from a predetermined list provided by the program - see below). Students will be encouraged to choose their selective courses carefully such that they result in more specialized education in a particular area of emphasis (in Immunology or Biochemistry, for example). This will allow them to take advanced courses in the chosen area in their fourth year, to pursue Honour's research if they wish, and to be excellent candidates for thesis-based graduate programs in a specialized field at Dalhousie or elsewhere in Canada.

The program includes 21 credit hours in open "Electives", which allows students to take any course offered at Dalhousie (at the appropriate level). Students will be encouraged to fulfill the Writing requirement using one or both of the Electives in the first year. Students can fill the elective slots with Selectives if they wish; the reverse will not be allowed.

NOTE: Most second and third year core courses in the Medical Sciences curriculum have pre-requisites with minimum grade requirements in those prerequisite courses. Please consult the appropriate calendar section for these requirements.

The Medical Sciences program offers the following degree options:

- BSc (Medical Sciences) Concentrated Honours (120 credit hour)
- BSc (Medical Sciences) Major (120 credit hour)

In both the Major and Honours programs students take a set of core required courses, and choose their Selective and elective courses. The core required courses provide a broad background in biomedical science and a guided learning experience through the program content. Selective courses are courses offered in a number of relevant biomedical fields.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Medical Sciences undergraduate academic advisor.

Program requirements can be seen by following the links to the right. In addition, students must satisfy the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections of this calendar.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Students applying the old academic regulations should consult the calendar of the appropriate year.

BSc (120 credit hour) Major in Medical Sciences

Medical Sciences offers a 4-year, 120 credit hour Major program. Although the program does not provide the required preparation for future thesis-based graduate studies, it will provide an educational experience that offers a broad, interdisciplinary background in all relevant subjects in biomedical sciences. The Major degree also meets the general degree requirements for the Faculty of Science.

Requirements

In addition to the courses listed below, students must ensure that they satisfy the requirements outlined in the "Degree Requirements" section for the College of Arts and Science. For the required Writing class, students can choose from the list of "Writing Across the Curriculum" approved classes. Before selecting a writing course, students are encouraged to consult the advising sheet available on the Medical Sciences program website, as some professional schools require an ENGL course.

1000 Level

- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution with BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology *or* SCIE 1505X/Y.18: Integrated Science

- ANAT 3010.03
- PATH 3000.03
- Introductory Epidemiology
- Capstone course

24 credit hours of Selectives, including at least 3 credit hours of Advanced Selectives

BSc (120 credit hours) Honours in Medical Sciences

Students who want a challenging program resulting in a broad background in Medical Sciences, including independent research experience, may want to enrol in an Honours program. An Honours degree in the Medical Sciences program aims to prepare students for future thesis-based graduate studies in a number of medically related fields. In addition to specific course requirements and completion of at least 54 credit hours in Medical Sciences courses above the 1000 level, with a minimum GPA of 3.3, students must complete an Honours Qualifying Examination. Students will have the flexibility to do their Honours research at a Dalhousie Research site of their choice (Faculty of Science, Faculty of Medicine, or other), subject to the approval of the Honours class coordinator. All students conduct an independent research project in their final year under the supervision of a faculty member, and a presentation of the thesis research in an Honours student research forum will be required.

Students should consult with an advisor and choose their electives and selectives carefully in their second, third and fourth years to ensure that they are prepared for graduate studies in their field of interest. Students with an Honours degree will also be well prepared for entry into professional schools.

Requirements

In addition to the courses listed below, students must ensure that they satisfy the requirements outlined in the "Degree Requirements" section for the College of Arts and Science. For the required Writing class, students can choose from the list of "Writing Across the Curriculum" approved classes. Before selecting a writing course, students are encouraged to consult the advising sheet available on the Medical Sciences program website, as some professional schools require an ENGL course.

1000 Level

- BIOL 1010.03: Principles of Biology Part I *or* BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution with BIOL 1011.03: Principles of Biology Part II *or* BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology *or* SCIE 1505X/Y.18: Integrated Science

21 credit hours of Selectives (see list below), including at least 3 credit hours of Advanced Selectives

List of Selectives and Advanced Selectives

Medical Sciences Honours students must include at least seven of the following courses in their program. Major students must include at least eight of these courses. In

both cases, at least one of the Selectives must be an Advanced Selective.

Selectives:

Biochemistry and Molecular Biology

BIOC 2610: Introductory Biochemistry Lab
BIOC 3300: Intermediary Metabolism
BIOC 3400: Nucleic Acid Biochemistry & Molecular Biology
BIOC 3610: Laboratory Techniques in Biomedical Sciences
BIOC 3700: Biomolecular Chemistry

Biology

BIOL 2003: Diversity of Life I
BIOL 2040: Evolution
BIOL 2060: Introductory Ecology
BIOL 3020: Advanced Cell Biology
BIOL 3046: Molecular Evolution
BIOL 3050: Developmental Biology
BIOL 3078: Animal Physiology I
BIOL 3322: Parasitology
BIOL 3328: Medical Entomology (only offered in Summer)
BIOL 3430/ANAT 2160: Introduction to Human Histology
BIOL 3421/ANAT 3421: Comparative Vertebrate Histology

Chemistry

CHEM 2301: Introduction to Physical Chemistry I
CHEM 2304: Introduction to Physical Chemistry II
CHEM 3601: Chemistry of Living Systems

Humanities and Social Sciences

ENGL 2030: Literature, Health, and Healing (offered in alternate years to ENGL 3320)
ENGL 3320: Literature and the History of Medicine (offered in alternate years to ENGL 2030)
INTD 3115: Global Health in the 21st Century
PHIL 2805: Ethics and Health Care: Patient Care
SOSA 2502: Biomedicine and the Illness Experience
SOSA 3143: Health, Illness, and the World System
SOSA 3145: Gender and Health
SOSA 3147: Social Gerontology
SOSA 3148: The Sociology of Addiction/ Drugs, Health, and Society

Interprofessional Health Education

IPHE 2201: Introduction to Aboriginal Peoples' Health and Healing

Mathematics

MATH 1010: Differential and Integral Calculus II

Medical Neuroscience

ANAT 2160/BIOL 3430: Introduction to Human Histology
ANAT 3421/BIOL 3421: Comparative Vertebrate Histology

Microbiology and Immunology

MICI 2400: Laboratory Methods in Microbiology and Immunology
MICI 3114: Virology
MICI 3119: Physiology of Prokaryotic Cell
MICI 4115: Immunology of Host Resistance
MICI 4218: Clinical Microbiology

Neuroscience

NESC 2130/PSYO 2130: Introduction to Cognitive Psychology
NESC 2570/PSYO 2570/PHYL 2570: Cellular Neuroscience
NESC 3043/PSYO 3043: Neurobiology of Learning
NESC 3170/PSYO 3170: Hormones and Behaviour
NESC 3227/PSYO 3227: Principles of Human Neuropsychology
NESC 3670: Genes, Brain and Behaviour

Pharmacology

PHAC 4001: Pharmacology II

Physics

PHYC 1300X/Y: Physics in and Around You

Physiology and Biophysics

PHYL 3120: Exercise Physiology in Health & Disease
PHYL 3320: Human Cell Physiology
PHYL 3420: Sensory Physiology
PHYL 3520: Core Concepts in Medical Physiology
PHYL 3620: Human Physiology Lab

Psychology

PSYO 2080: Social Psychology
PSYO 2090: Developmental Psychology
PSYO 2220: Abnormal Behaviour
PSYO 2770: Brain & Behaviour (offered in alternate years)
PSYO 3129: Childhood Psychopathology
PSYO 2130/NESC 2130: Introduction to Cognitive Psychology
PSYO 3043/NESC 3043: Neurobiology of Learning
PSYO 3170/NESC 3170: Hormones and Behaviour
PSYO 3227/NESC 3227: Principles of Human Neuropsychology

Advanced Selectives:

Biochemistry and Molecular Biology

BIOC 4010: Bioinformatics (offered in alternate years)
BIOC 4302: Biochemistry of Lipids

BIOC 4305: Mechanisms of Signal Transduction
BIOC 4403: Genes and Genomes
BIOC 4404: Gene Expression
BIOC 4501: Medical Biotechnology I
BIOC 4700: Proteins
BIOC 4701: Enzymes
BIOC 4835/BIOL 4035: Human Genetics

Biology

BIOL 4035/BIOC 4835: Human Genetics
BIOL 3079: Animal Physiology II

Humanities and Social Sciences

POLI 4260: The Politics of Health Care

Microbiology and Immunology

MICI 4027: Molecular Mechanisms of Cancer (offered in alternate years)
MICI 4033: Advanced Microbial Genetics
MICI 4100: Processes & Mediators of Inflammation
MICI 4114: Advanced Topics in Molecular & Medical Virology
MICI 4116: Current Topics in Mucosal Immunology
MICI 4302: Clinical and Molecular Immunology

Neuroscience

NESC 3180/PSYO 3180: Psychoneuroimmunology/Ecological Immunology (offered in alternate years)
NESC 4185/PSYO 4185: Current Advances in Synaptic Function or Plasticity
NESC 3440: Neuroanatomy
NESC 3970/PSYO 3970: Molecular Neuroscience

Pathology

PATH 4100: Critical Thinking in Neuropathology

Physiology and Biophysics

PHYL 4000/NESC 4185: Current Advances in Synaptic Function and Plasticity
PHYL 4324: Endocrine Physiology
PHYL 4680: Cardiovascular Physiology
PHYL 4504: Respiratory Physiology

Psychology

PSYO 3180/NESC 3180: Psychoneuroimmunology/Ecological Immunology (offered in alternate years)
PSYO 3224: Forensic Psychology
PSYO 3970/NESC 3970: Molecular Neuroscience

Courses

For course descriptions, please see section of the calendar corresponding to the department offering the course (e.g. BIOL = Biology).

Courses marked with an asterisk (*) above are upper level courses that are being developed especially for students in the Medical Sciences program.

Microbiology and Immunology

Location:

Building/Room: Sir Charles Tupper Medical Building

Street Address 1: 5850 College Street

Street Address 2: Room 7-C

P.O. Box: 15000

Halifax, NS B3H 4R2

Telephone: (902) 494-3587

Website: medicine.dal.ca/departments/department-sites/microbiology.html

Email Address: microimm.advising@dal.ca

Introduction

Microbiologists study small cells (microorganisms) and viruses. Among other things, immunologists want to know how larger organisms (such as humans) respond to foreign objects, many of which are very small. These two disciplines are thus inextricably linked, and when taken together comprise a major strength of the Dept. Another focus of the department is cancer biology, a natural fit with other interests, as cancers can be thought of as foreign objects, and many are caused by bacteria and viruses.

Degree programs in Microbiology and Immunology at Dalhousie focus on education and training in bacteriology, virology and immunology, with an understanding that biochemistry, genetics, and cell and molecular biology are also essential elements of a comprehensive academic program. A degree in Microbiology and Immunology provides a firm foundation for future employment in a variety of laboratory environments, for the pursuit of an advanced post-graduate degree, and/or for entry into the health professions (e.g. medicine).

Degree Programs

The Department offers the following degree programs in Microbiology and Immunology

- BSc (120 credit hour) Honours (Concentrated)*
- BSc (120 credit hour) Combined Honours*
- BSc (120 credit hour) Major*
- BSc (120 credit hour) Double Major*
- Minor in Microbiology and Immunology

* BSc Co-op option available

* May be combined with Minors from other disciplines

NOTE: There is no 90 credit hour (3 year) degree program in Microbiology and Immunology.

Departmental requirements for each degree program can be seen by following the links in the menu to the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Student applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully. It is recommended that students considering an Honours or Major program consult with a Microbiology and Immunology Academic Advisor prior to registering for second year classes.

Students who participated in the Integrated Science Program in their first year should consult the Undergraduate Calendar for first year course equivalencies. The following options fulfill the first year requirements for any Microbiology and Immunology program:

- SCIE 1515.36
- SCIE 1520.30
- SCIE 1540.27
- SCIE 1505.18

McCormick, C., PhD (British Columbia) (Viral Oncology)
Rohde, J., PhD (British Columbia) (Bacterial Pathogenesis and Ubiquitin)
Thomas, N., PhD (Queen's) (Molecular Bacterial Pathogenesis)
Wang, J., PhD (McMaster) (Host Defense Mechanisms Against Infection and Cancer and Vaccine Development)

Assistant Professors

Corcoran, J., PhD (Dalhousie) (Virus-Cell Interactions; Viruses and Cancer)
Hatchette, T. F., MD (Memorial), Pathology (Clinical Virology and Influenza)

Senior Instructor

Murray, L. E., PhD (Dalhousie) (Molecular Genetics)

BSc (120 credit hour) Concentrated Honours in Microbiology and Immunology

Students who want a challenging program that results in a broad and in-depth background in Microbiology and Immunology, and includes an independent research experience, may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours. Honours students complete a minimum of 54 credit hours above the 1000 level in Microbiology and Immunology subject courses, with a minimum GPA of 3.0 and write a research-based Honours thesis. The Honours thesis and Qualifying Examination requirements are satisfied through completion of MICI 4900.06. Certain specified courses from other departments (BIOC, BIOL, CHEM, NESC) count as MICI-subject courses (see below).

A Co-op option is available for students enrolled in a BSc Concentrated Honours in Microbiology and Immunology.

Admission to Honours

Students who wish to enrol in a Microbiology and Immunology Honours program should apply for admission after their 2nd year Fall term grades are in. To be admitted, students must have:

- Consulted with a Departmental Academic advisor
- Completed the required 1000 level classes
- A GPA of B+ at the time of application

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc Concentrated Honours program in Microbiology and Immunology must complete the following courses:

1000 level

- BIOL 1010.03: Principles of Biology Part I/BIOL 1011.03: Principles of Biology Part II or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution/BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus
- MATH 1010.03: Differential and Integral Calculus II or STAT 1060.03: Introductory Statistics for Science and Health Sciences

Or Integrated Science Program: One of SCIE 1515.36, SCIE 1520.30, SCIE 1540.27, SCIE 1505.18

2000 level

- MICI 2100.03: Introductory Microbiology and Immunology and MICI 2400.03: Laboratory Methods in Microbiology and Immunology
- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- BIOC 2300.03: Introduction to Biochemistry and BIOC 2610.03: Introduction Biochemistry Lab
- CHEM 2401.03: Introductory Organic Chemistry: Structure, Concepts of Mechanisms and Spectroscopy and CHEM 2402.03: Introductory Organic Chemistry: Reactivity of Functional Groups

3000 level

- BIOC 3400.03: Nucleic Acid Biochemistry and Molecular Biology
- MICI 3114.03: Virology
- MICI 3115.03: Immunology
- MICI 3119.03: Physiology of the Prokaryotic Cell

4000 level

- MICI 4900.06: Honours Research and Thesis*
- One additional 4000-level MICI course
- A minimum of three additional courses from the list below, at least one of which is at the 4000 level
 - MICI 2115.03: Human Organs and Tissues, MICI 3024.03: Microscopy, MICI 3620.03: Experiential Learning in Microbiology and Immunology,

MICI 4027.03: Molecular Mechanisms of Cancer, MICI 4033.03: Advanced Microbial Genetics, MICI 4100.03: Processes and Mediators of Inflammation, MICI 4114.03: Advanced Topics in Molecular and Medical Virology, MICI 4115.03: Immunology of the Host Resistance, MICI 4116.03: Current Topics in Mucosal Immunology, MICI 4118.03: Molecular Bacterial Pathogenesis, MICI 4218.03: Clinical Microbiology, MICI 4302.03: Molecular Immunology

- BIOC 4010.03: Bioinformatics, BIOC 4403.03: Genes and Genomes, BIOC 4404.03: Gene Expression, BIOC 4501.03: Medical Biotechnology, BIOC 4835.03: Human Genetics
- BIOL 2004.03: Diversity of Life II, BIOL 3101.03: Microbial Ecology, BIOL 3102.03: Microbial Eukaryotes, BIOL 3322.03: Parasitology
- PSYO 3180.03/NESC 3180.03: Psychoneuroimmunology/Ecological Immunology
- FOSC 3080.03: Food Microbiology

* The honours research thesis (MICI 4900.06) is normally supervised by a faculty member from Microbiology and Immunology or from Biochemistry and Molecular Biology (including joint and cross appointments). Students who wish to undertake their honours research project in another department must first have the project approved by the Microbiology and Immunology Undergraduate Studies Committee.

Grade requirements for Honours:

- In the following core courses, MICI 2100.03: Introductory Microbiology and Immunology, MICI 2400.03: Laboratory Methods in Microbiology and Immunology, MICI 3114.03: Virology, MICI 3115.03: Immunology, MICI 3119.03: Physiology of the Prokaryotic Cell and MICI 4900.06: Honours Research and Thesis, a minimum grade of B in five and a minimum grade of B- in the sixth course. In the other MICI or required courses a grade of C or greater is required.

BSc (120 credit hour) Combined Honours in Microbiology and Immunology and another subject

Students who wish to study Microbiology and Immunology in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Microbiology and Immunology may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject.

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. The same standards and conditions for admission apply as for entry into a Concentrated Honours program (see above). In addition, students must have their program of study approved by Academic Advisors in both subject areas. Students must complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Microbiology and Immunology, this requirement is satisfied through MICI 4900.06.

A Co-op option is available for students enrolled in BSc Combined Honours with Microbiology and Immunology as the primary subject.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Combined Honours program in Microbiology and Immunology and another subject must complete the following:

Microbiology and Immunology as the primary subject

- 1000-level as for Concentrated Honours (above)
- MICI 2100.03: Introductory Microbiology and Immunology and MICI 2400.03: Laboratory Methods in Microbiology and Immunology
- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- BIOC 3400.03: Nucleic Acid Biochemistry and Molecular Biology
- CHEM 2401.03: Introductory Organic Chemistry: Structure, Concepts of Mechanisms and Spectroscopy and CHEM 2402.03: Introductory Organic Chemistry: Reactivity of Functional Groups
- BIOC 2300.03: Introduction to Biochemistry and BIOC 2610.03: Introduction Biochemistry Lab
- MICI 3114.03: Virology, MICI 3115.03: Immunology, MICI 3119.03: Physiology of the Prokaryotic Cell
- MICI 4900.06: Honours Research and Thesis
- One additional MICI course at the 4000 level

Requirements for a Combined Honours with Biochemistry & Molecular Biology as the secondary subject can be met by completing the following courses in addition to the above list:

- BIOC 3300.03: Intermediate Metabolism, BIOC 3700.03: Biomolecular Chemistry
- Two courses from BIOC 40XX, 43XX, 44XX, 45XX, or 47XX
- Three additional MICI or BIOC courses at or above the 2000 level

Microbiology & Immunology as the secondary subject

- 1000-level as for Concentrated Honours (above)
- MICI 2100.03: Introductory Microbiology and Immunology and MICI 2400.03: Laboratory Methods in Microbiology and Immunology
- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- BIOC 3400.03: Nucleic Acid Biochemistry and Molecular Biology
- CHEM 2401.03: Introductory Organic Chemistry: Structure, Concepts of Mechanisms and Spectroscopy and CHEM 2402.03: Introductory Organic Chemistry: Reactivity of Functional Groups
- BIOC 2300.03: Introduction to Biochemistry and BIOC 2610.03: Introduction Biochemistry Lab
- MICI 3114.03: Virology, MICI 3115.03: Immunology, MICI 3119.03: Physiology of the Prokaryotic Cell
- MICI 4900.06: Honours Research and Thesis
- One additional MICI course at the fourth year level

Grade requirements for Combined Honours:

In the following core courses, MICI 2100.03: Introductory Microbiology and Immunology, MICI 2400.03: Laboratory Methods in Microbiology and Immunology, MICI 3114.03: Virology, MICI 3115.03: Immunology, MICI 3119.03: Physiology of the Prokaryotic Cell and MICI 4900.06: Honours Research and Thesis, a minimum of B in five and a minimum of B- in the sixth course. In the other MICI or required courses a grade of C or greater is required.

BSc (120 credit hour) Major in Microbiology and Immunology

The 120 credit hour Major is suited to students who want to focus on Microbiology and Immunology, but wish to have a program that is somewhat less constrained than the Honours program. Microbiology and Immunology Majors complete a minimum of 42 credit hours in program courses above the 1000 level. Certain specified courses from other departments (BIOC, BIOL, CHEM, NESC) count as program courses (see below). Research and other experiential learning opportunities are available through laboratories, and through direct research and experiential classes.

A Co-op option is available for students enrolled in a 120 credit hour BSc Major program in Microbiology and Immunology.

It is required that a student consult with a MICI department advisor.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Major program in Microbiology and Immunology must complete the following courses:

1000 level

- BIOL 1010.03: Principles of Biology Part I/BIOL 1011.03: Principles of Biology Part II or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution/BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus
- MATH 1010.03: Differential and Integral Calculus II or STAT 1060.03: Introductory Statistics for Science and Health Sciences

Or Integrated Science Program: One of SCIE 1515.36, SCIE 1520.30, SCIE 1540.27, SCIE 1505.18

2000 level

- MICI 2100.03: Introductory Microbiology and Immunology and MICI 2400.03: Laboratory Methods in Microbiology and Immunology
- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- BIOC 2300.03: Introduction to Biochemistry and BIOC 2610.03: Introduction Biochemistry Lab
- CHEM 2401.03: Introductory Organic Chemistry: Structure, Concepts of Mechanisms and Spectroscopy and CHEM 2402.03: Introductory Organic Chemistry: Reactivity of Functional Groups

3000 level

- BIOC 3400.03: Nucleic Acid Biochemistry and Molecular Biology
- MICI 3114.03: Virology
- MICI 3115.03: Immunology
- MICI 3119.03: Physiology of the Prokaryotic Cell

4000 level

- One of MICI 4027.03: Molecular Mechanisms of Cancer, MICI 4033.03: Advanced Microbial Genetics, MICI 4100.03: Processes and Mediators of Inflammation, MICI 4114.03: Advanced Topics in Molecular and Medical Virology, MICI 4115.03: Immunology of the Host Resistance, MICI 4116.03: Current Topics in Mucosal Immunology, MICI 4118.03: Molecular Bacterial Pathogenesis, MICI 4218.03: Clinical Microbiology, or MICI 4302.03: Molecular Immunology
- Three additional credit hours in MICI-approved courses at or above the 3000 level

Grade requirements for Majors:

For all MICI or required courses you must obtain a grade of C- or better. In some cases, you will need a grade of B as a prerequisite for entry into 3000 or 4000 level courses.

BSc (120 credit hour) Double Major in Microbiology and Immunology and another subject

The Double Major degree program allows students to combine a study of Microbiology and Immunology with another subject. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Microbiology and Immunology may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

It is recommended that students enrolled in a Double Major program consult with advisors in both subject areas.

A Co-op option is available for students enrolled in BSc Double Major with Microbiology and Immunology as the primary subject.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Double Major program in Microbiology and Immunology and another subject must complete the following set of core courses:

1000 level

- BIOL 1010.03: Principles of Biology Part I/BIOL 1011.03: Principles of Biology Part II or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution/BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- MATH 1000.03: Differential and Integral Calculus I or MATH 1215.03: Life Sciences Calculus
- MATH 1010.03: Differential and Integral Calculus II or STAT 1060.03: Introductory Statistics for Science and Health Sciences

Or Integrated Science Program: One of SCIE 1515.36, SCIE 1520.30, SCIE 1540.27, SCIE 1505.18

2000 level

- MICI 2100.03: Introductory Microbiology and Immunology and MICI 2400.03: Laboratory Methods in Microbiology and Immunology
- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- BIOC 2300.03: Introduction to Biochemistry and BIOC 2610.03: Introduction Biochemistry Lab
- CHEM 2401.03: Introductory Organic Chemistry: Structure, Concepts of Mechanisms and Spectroscopy and CHEM 2402.03: Introductory Organic Chemistry: Reactivity of Functional Groups

3000 level

- BIOC 3400.03: Nucleic Acid Biochemistry and Molecular Biology
- MICI 3114.03: Virology
- MICI 3115.03: Immunology
- MICI 3119.03: Physiology of the Prokaryotic Cell

4000 level

- One of MICI 4027.03: Molecular Mechanisms of Cancer, MICI 4033.03: Advanced Microbial Genetics, MICI 4100.03: Processes and Mediators of Inflammation, MICI 4114.03: Advanced Topics in Molecular and Medical Virology, MICI 4115.03: Immunology of the Host Resistance, MICI 4116.03: Current Topics in Mucosal Immunology, MICI 4118.03: Molecular Bacterial Pathogenesis, MICI 4218.03: Clinical Microbiology, or MICI 4302.03: Molecular Immunology

The same set of core courses is required in a Double Major with Microbiology and Immunology as the primary or secondary subject.

Grade requirements for Double Majors:

For all MICI or required courses you must obtain a grade of C- or better. In some cases, you will need a grade of B as a prerequisite for entry into 3000 or 4000 level courses.

Minor in Microbiology and Immunology

This minor is available to non-Microbiology students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Science) program.

Requirements

A minimum of 18 to a maximum of 36 credit hours in Microbiology and must include:

- MICI 2100.03: Introductory to Microbiology and Immunology
- A minimum of 15 additional credit hours in Microbiology courses at the 2000 level or higher

Please note that there are prerequisite requirements for entry into upper level Microbiology courses, including:

- BIOL 2020.03: Cell Biology and BIOL 2030.03: Genetics and Molecular Biology
- CHEM 2401.03: Organic Chemistry I and CHEM 2402.03: Organic Chemistry II (or CHEM 2441.03: Foundation of Organic and Biological Chemistry)

Contact Microbiology and Immunology for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students

Co-operative Education Program (Science Co-op) in Microbiology and Immunology

Co-op Academic Advisor: Dr. D.B. Stoltz (dstoltz@dal.ca)

Science Co-op is a program where academic study in a science subject is combined with paid career-related work experience. Students undertake three work-terms interspersed with their academic study terms. Science Co-op degree programs enable students to apply their knowledge directly while providing them with work experience that assists in making educated career choices.

Science Co-op is available to students in BSc (120 credit hour) Honours or Major programs in Microbiology and Immunology, or in Combined Honours or Double Major programs with Microbiology and Immunology as the primary subject. The number of students admitted into Science Co-op each year is limited. A minimum GPA of 3.3 is required for admission and for continuation in the Co-op program as is a grade of B+ in MICI 2100.03. Students must be eligible to work in Canada.

Students normally apply to join Science Co-op during their first year of study. Students must apply before April 15, and it is strongly recommended that interested students meet with their Departmental Co-op advisor early in the Winter term of their first year. If accepted into Science Co-op, students must register for, and attend the Science Co-op Seminar Series (SCIE 2800.00) in the Fall term of the year they join.

Details are available from the Microbiology and Immunology Co-op Academic Advisor and from the Co-operative Education office www.dal.ca/academics/cooperative_education.html For more information on Co-op Education in Microbiology and Immunology, please see the Department webpage www.dal.ca/academics/programs/undergraduate/mbim/what_will_i_learn/coop_work_terms.html

Minors available to students in Microbiology and Immunology

Minor programs allow students to develop subject specialties in addition to their major or honours subjects. Minors in other subjects are normally embedded within 120 credit hour programs (including Science Co-op).

Students in a BSc (120 credit hour) program in Microbiology and Immunology may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc in Microbiology and Immunology, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to students enrolled in a Microbiology and Immunology Major or Honours program include:

- Certificate in Genetics
- Certificate in Medicinal Chemistry

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

Course Notes

For more detailed information on the following courses please see the departmental webpage <http://microbiology.medicine.dal.ca>

NOTE: Owing to the combined pressures of student numbers and a dearth of available space, the names of students absent from the first day of course may be deleted from course lists; students are therefore advised that being signed into a course is no guarantee of continued registration.

Course Descriptions

MICI 1050 Basic Microbiology and Immunology for Pharmacy

CREDIT HOURS: 3

This course is only for pharmacy students and involves problem based learning tutorials, lectures and laboratory sessions (demonstrations and exercises). Topics include: concepts of antibiotics and immunity, basic principles of microbial structure, physiology, and genetics in relation to microbial pathogenesis.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 1000X/Y.06 or (BIOL 1010 or BIOL 1020 and BIOL 1011 or BIOL 1021) or instructor's consent

MICI 1100 Health Science Microbiology

CREDIT HOURS: 3

An introduction to microbiology and infectious diseases only for healthcare professionals. It includes a study of the structure and physiology of microorganisms, the

ways microorganisms cause disease in man and the way they affect human's well being.

NOTES: This course is also offered by distance education to all students.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

RESTRICTIONS: This course is restricted to Nursing and Kinesiology students. It is not for students registered in the Faculty of Science.

MICI 1200 Introduction to General and Oral Microbiology

CREDIT HOURS: 3

See course description in the Dental Hygiene section of the Dentistry, Law and Medicine Calendar (DEHY 2850.03).

MICI 2100 Introductory Microbiology and Immunology

CREDIT HOURS: 3

An introduction to the basic concepts of microbiology and immunology. Topics include: structure, genetics and biology of microorganisms, basic immunology and host defence mechanisms. The class is designed to interrelate the major research themes within the Department (bacteriology and microbial pathogenesis, immunology, microbial and molecular genetics, virology and cancer biology).

NOTES: This class is also offered by distance education.

FORMAT: Lecture| Lab| Online Delivery

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Grade of B- or better in BIOL 1010.03 and 1011.03, (or BIOL 1020.03 and BIOL 1021.03) and CHEM 1011.03 and CHEM 1012.03

MICI 2115 Human Organs and Tissues

CREDIT HOURS: 3

Using a histology approach, students look at how tissues and organs are constructed and function at the cellular level normally and in disease. The course does not cover all histology topics. Instead, the subject matter has been selected for its relevance and potential for complementing advanced courses in microbiology/immunology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Grade of B- or better in MICI 2100.03

MICI 2400 Laboratory Methods in Microbiology and Immunology

CREDIT HOURS: 3

An introduction to techniques in Microbiology and Immunology through a rigorous wet laboratory experience that includes training in how to explore safely and effectively the properties of viruses, bacteria and immune cells. This course is directed to students in Microbiology and Immunology, Biochemistry & Molecular Biology, and Biology programs.

FORMAT: Lab

COREQUISITE: BIOL 2020.03 and BIOL 2030.03

PREREQUISITE: MICI 2100.03 with a grade of B- or higher, or instructor's consent

RESTRICTIONS: Second year or above

MICI 3024 Microscopy

CREDIT HOURS: 3

Biological ultrastructural analysis concentrating on transmission and scanning electron microscopy. Topics include: physical and chemical principles governing technical procedures such as fixation, staining, freeze-fracture, immunocytochemistry, autoradiography, X-ray microanalysis and photography. During laboratory periods, students have the opportunity through individual projects to participate in some techniques covered in lectures.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: A grade of B- or better in MICI 2100.03 and BIOL 2020.03

CROSS-LISTING: BIOL 3024.03

MICI 3114 Virology

CREDIT HOURS: 3

Viruses play important roles in infectious diseases and cancer as well as in model systems for gene regulation, molecular evolution and gene therapy. Topics include: virus structure, assays, classification, gene organization and expression, host-cell interactions, cell transformation, gene therapy and molecular mechanisms of pathogenesis.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Includes all of MICI 2100.03, BIOC 2300.03 and BIOL 2020.03 and BIOL 2030.03 (a minimum of B- in each of these courses). BIOC 3400.03 should be taken either prior to or concurrently with this course; the same grade requirement applies.

MICI 3115 Immunology

CREDIT HOURS: 3

An introduction to cellular and molecular immunology. Topics include: cells and tissues of the immune system, the structure and synthesis of antibodies, complement pathways, lymphocyte subsets and their functions, hypersensitivity reactions, and the genetics of the immune response.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Includes all of MICI 2100.03, BIOC 2300.03, BIOL 2020.03 and BIOL 2030.03 (a minimum of B- in each of these courses)

MICI 3119 Physiology of the Prokaryotic Cell

CREDIT HOURS: 3

An introduction to the bacterial physiological processes required for interactions with other organisms and the environment. Topics include: molecular architecture and assembly of bacterial cell components, metabolism and energy production, utilization of energy, adaptation responses to host and environmental challenges, and host-pathogen interactions.

PREREQUISITE: MICI 2100.03, BIOC 2300.03, BIOL 2020.03 and BIOL 2030.03, (a minimum of B- in each of these courses).

MICI 3620 Experiential Learning in Microbiology and Immunology

CREDIT HOURS: 3

This lab-based course is designed to give students an introduction to general lab procedures, molecular and cell biological techniques in bacterial pathogenesis, cancer cell biology, immunology, molecular genetics or virology. In collaboration with the research supervisor and the course coordinator, students will draft a learning agreement specifying learning outcomes and how these will be achieved.

NOTES: To register in this course students will need to find a research supervisor and receive approval from the Undergraduate Committee.

PREREQUISITE: Includes all of MICI 2100.03, BIOC 2300.03, BIOC 2610.03, BIOL 2020.03, BIOL 2030.03 (a minimum of B- in each of these courses). Permission of instructor required.

RESTRICTIONS: Normally restricted to students registered in a Majors or Honours degree in Microbiology and Immunology; any other students interested should consult the course coordinator.

EXCLUSIONS: The following may not be used towards MICI 3620: lab work that is part of another scheduled class, co-op workterms, and paid employment. Only one experiential learning course per degree is permitted. Students may not take MICI 3620 concurrently with MICI 4900, MICI 4700, MICI 4901, MICI 4902, or a co-op work term.

MICI 4027 Molecular Mechanisms of Cancer

CREDIT HOURS: 3

This advanced course focuses on the molecular mechanisms of cancer and consists of lectures and student presentations based on review articles and current research papers. Topics include: receptors and downstream signaling, oncogenes and tumor suppressors, cancer metastasis and angiogenesis, cell cycle control, and apoptosis

FORMAT: Lecture| Discussion

PREREQUISITE: Minimum grades of B in a 3000 level Microbiology, Pathology or Biochemistry course. Permission of instructor required.

CROSS-LISTING: MICI 5027.03/PATH 5027.03/BIOC 4027.03

MICI 4033 Advanced Microbial Genetics

CREDIT HOURS: 3

This advanced course focuses on select aspects on bacterial gene regulation including bacterial viruses. Topics include gene transfer, transposon biology, bacterial cell signaling, activators and repressors, molecular and chemical approaches to genetic analysis and regulation of bacterial gene expression.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: A grade of B- or better in MICI 3119.03 or instructor's consent is required.

CROSS-LISTING: MICI 5033.03

MICI 4100 Processes and Mediators of Inflammation

CREDIT HOURS: 3

This advanced course focuses on the cellular and molecular mechanisms of inflammation and consists of lectures and student presentations based on review articles and current research papers. Topics include: inflammatory mediators and receptors, complement, steroids, tissue remodeling and transplant modulation. Current research questions and emerging treatments are emphasized.

FORMAT: Lecture| Discussion

PREREQUISITE: MICI 3115.03 with a grade of B+ or better and instructor's consent is required

CROSS-LISTING: MICI 5100.03, PATH 5100.03

MICI 4114 Advanced Topics in Molecular and Medical Virology

CREDIT HOURS: 3

This advanced course focuses on selected aspects of molecular and medical virology and consists of lectures and student presentations based on review articles and current research papers. Topics include: Hepatitis C virus and innate immunity, influenza virus pathogenesis, virus interactions with host cells, viruses as vectors for gene therapy and applications.

FORMAT: Lecture| Discussion

PREREQUISITE: Students enrol in the Fall semester, but must attend the first class where final admittance is determined. Restricted enrollment based on performance in MICI 3114.03 (minimum A- or instructor's consent)

CROSS-LISTING: MICI 5114.03

MICI 4115 Immunology of Host Resistance

CREDIT HOURS: 3

This advanced course focuses on mechanisms involved in the host immune response to pathogens and tumour cells and consists of lectures and student presentations based on review articles and current research papers. Topics also include: allergic inflammation and transplantation immunology.

FORMAT: Lecture| Discussion

PREREQUISITE: Minimum grade of B in MICI 3115.03 or instructor's consent

MICI 4116 Current Topics in Mucosal Immunology

CREDIT HOURS: 3

This advanced course focuses on the mucosal immune system, which maintains a state of tolerance to environmental antigens while mounting a strong immune response to infectious agents. The course consists of lectures and student presentations based on review articles and research papers. Topics include: immune mechanisms in the gastrointestinal tract and respiratory and genitourinary systems.

PREREQUISITE: MICI 3115.03 with a grade of B or better or instructor's consent

CROSS-LISTING: MICI 5116.03

MICI 4118 Molecular Bacterial Pathogenesis

CREDIT HOURS: 3

This advanced course focuses on the molecular basis of bacterial pathogenesis and consists of lectures and student presentations based on landmark articles and current research papers. Topics include: the regulation of genes encoding virulence factors, the function of these factors in surface colonization, invasion, intracellular growth and toxin production.

PREREQUISITE: MICI 3119.03 with a grade of B or better or instructor's consent.

CROSS-LISTING: MICI 5118.03

MICI 4218 Clinical Microbiology

CREDIT HOURS: 3

This advanced course covers all aspects of clinical microbiology including bacteriology, virology, parasitology, mycology and molecular diagnostics. The emphasis will be placed on bacteriology. Topics include epidemiology and transmission, laboratory management and identification, antimicrobial testing and resistance, treatment and prevention of infectious diseases.

FORMAT: Lecture

PREREQUISITE: A grade of B- or better in MICI 3119.03 or Instructor's consent.

MICI 4302 Clinical and Molecular Immunology

CREDIT HOURS: 3

This advanced course focuses on understanding the generation and expression of immune responses. Topics include: regulation of cytokines, antibody diversity by immunoglobulin gene rearrangement, class switching, structure/function of cell surface receptors including the T cell antigen receptor, MHC and adhesion molecules, receptor signaling and the genetics of immune regulation.

FORMAT: Lecture| Discussion

PREREQUISITE: MICI 3115.03 with a grade of B or instructor's consent

CROSS-LISTING: BIOL 4302.03/5302.03, MICI 5302.03

MICI 4700X/Y Directed Research Project

CREDIT HOURS: 6

Students spend at least one day per week performing laboratory research in the lab of approved departmental faculty. This course is not for students in a regular BSc Honours program. Approval is required from the departmental undergraduate committee.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

PREREQUISITE: Permission of the Undergraduate Studies Committee and a member of the Department who will serve as a supervisor. At least a B average for MICI, 3114.03, 3115.03 and 3119.03

MICI 4701 Advanced Topics in Microbiology and Immunology

CREDIT HOURS: 3

This advanced course is an independent studies course that is not part of the regular BSc program. Approval is required from the departmental undergraduate committee.

PREREQUISITE: Permission of the Undergraduate Studies Committee and a member of the Department who will supervise the independent study program.

MICI 4702 Advanced Topics in Microbiology and Immunology

CREDIT HOURS: 3

This advanced course is an independent studies course that is not part of the regular BSc program. Approval is required from the departmental undergraduate committee.

PREREQUISITE: Permission of the Undergraduate Studies Committee and a member of the Department who will supervise the independent study program.

MICI 4900X/Y Honours Research and Thesis

CREDIT HOURS: 6

This advanced course requires at least one day per week (or equivalent) of laboratory research in the laboratory of an approved departmental faculty member. This course is for students in a MICI or combined MICI B.Sc. Honour's program. Students must meet the course instructor prior to registering for the course. NOTE: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

NOTE: Course Details listed here also apply to MICI 4901/MICI 4902.

PREREQUISITE: B average in at least three of MICI 3114, 3115, 3119 and BIOC 3400 with no grade lower than B- (or Instructor's permission); and a member of the Department who will serve as a supervisor. Students must have completed all second year course requirements.

MICI 4901 Honours Research and Thesis

CREDIT HOURS: 3

See description for MICI 4900X/Y.06. MICI 4901.03 and MICI 4902.03 do not necessarily have to be taken in consecutive terms, although that will normally be the case.

MICI 4902 Honours Research and Thesis II

CREDIT HOURS: 3

See description for MICI 4900X/Y.06. MICI 4901.03 and MICI 4902.03 do not necessarily have to be taken in consecutive terms, although that will normally be the case.

MICI 8891 Co-op Work Term I

CREDIT HOURS: 0

MICI 8892 Co-op Work Term II

CREDIT HOURS: 0

MICI 8893 Co-op Work Term III

CREDIT HOURS: 0

Introduction

The last century has witnessed the emergence of a new, interdisciplinary field called Neuroscience. Its primary goal is the understanding of the brain. Neuroscience is a rapidly developing research area which includes all aspects of the structure and function of nervous systems. Neuroscience involves a variety of experimental strategies to understand nervous systems. These include molecular, biochemical, behavioural, anatomical, physiological, and developmental approaches. Although firmly grounded in the natural sciences, the scope of Neuroscience also encompasses fundamentally important philosophical issues, such as the nature of human thought and its mechanism. The programs outlined below represent all of these approaches, with an emphasis on behaviour as the adaptive product of neural activity. Knowledge obtained from research in Neuroscience is applied to a variety of human health problems, including Alzheimer's disease, Parkinson's disease, and a variety of drug- or injury-induced behavioural disorders. Research in Neuroscience is also contributing new information related to the major psychiatric disorders, including affective disorders and the schizophrenias.

Degree Programs

The Department of Psychology and Neuroscience offers the following degree programs in Neuroscience:

- BSc (120 credit hour) Honours (Concentrated)*
- BSc (120 credit hour) Combined Honours*
- BSc (120 credit hour) Major*
- BSc (120 credit hour) Double Major*
- Minor in Neuroscience

* May be combined with Minor programs from other disciplines (except Psychology).

Departmental requirements for each degree program can be seen by following the links in the menu at the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Students applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Neuroscience undergraduate academic advisor.

Program Advisors

To contact a program advisor, please go to the Psychology and Neuroscience Main Office (Life Sciences Centre, Room 3263), telephone (902) 494-3417, or visit the [Psychology and Neuroscience website](#).

For a complete listing of faculty members in the Department of Psychology and Neuroscience.

BSc (120 credit hour) Concentrated Honours in Neuroscience

The Honours program is intended to serve as a preparation for graduate work in Neuroscience, biological psychology, medicine, human communication disorders and related fields. Its interdisciplinary nature is reflected in the participation of faculty from several departments in the program. In the first year of study, students take courses which provide a firm grounding in the physical and biological sciences. In subsequent years, the program includes credits in courses drawn from Neuroscience, Psychology and Biology. These include a number of required core courses that emphasize the acquisition and application of laboratory skills.

Honours students complete a minimum of 54 credit hours above the 1000 level in Neuroscience with a minimum GPA of 3.0 and write a research-based Honours thesis. The Honours thesis and Qualifying Examination requirements are satisfied through completion of NESC 4500.06.

Admission to Honours

Students must apply for admission to Honours programs. Students wishing to enrol in Honours in Neuroscience should consult with the Neuroscience Honours Advisor in January of their third year. A detailed description of the Honours application process can be found on the departmental website www.dal.ca/psychandneuro. Admission requirements include:

- A grade of B or better in NESC 2007.03: Neuroscience Principles and Methods
- A minimum of A- or better in the most recently completed:
 - 18 credit hours of NESC courses (for admission in January of 3rd year)
 - OR
 - 27 credit hours of NESC courses (for admission at end of 3rd year)

Students in the Honours program should find a thesis supervisor, and begin the preparation for their Honours research (reading, learning laboratory methodology) as early as possible in their third year.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Concentrated Honours program in Neuroscience must complete the following:

1000 level

- MATH 1000.03: Differential and Integral Calculus I (preferred) or MATH 1215.03: Life Science Calculus
- An additional three credit hours in mathematics (ideally, but not necessarily MATH 1010.03: Differential and Integral Calculus II)
- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution and BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology, or BIOL component of the Integrated Science Program (all with a grade of B- or better)
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- Recommended:
 - PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person and PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology, or PSYO component of the Integrated Science Program (SCIE 1605X/Y.18 or equivalent) (all with a grade of B- or better)

Students are strongly recommended to take PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You prior to finishing their degrees.

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology
- Six credit hours selected from: NESC 2130.03: Introduction to Cognitive Psychology, NESC 2140.03: Learning, NESC 2150.03: Perceptual Processes, NESC 2160.03: Animal Behaviour, BIOC 2300.03: Introduction to Biochemistry, BIOL 2030.03: Genetics and Molecular Biology, PHYC 2250.03: Physics

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000 level

- PSYO 3502.03: Statistical Methods II (**must be taken in third year**)
- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Six additional credit hours selected from NESC 3043.03: Neurobiology of Learning, NESC 3052.03: Sensory Neuroscience II Hearing and Speech, NESC 3131.03: Research Methods in Attention, NESC 3132.03: Research Methods in Visual Cognition, NESC 3133.03: Research Methods in Memory, NESC 3134.03: Research Methods in Psycholinguistics, NESC 3162.03: Advanced Animal Behaviour, NESC 3165.03: Neuroethology, NESC 3170.03: Hormones and Behaviour, NESC 3180.03: Psychoneuroimmunology/Ecological Immunology, NESC 3190.03: Psycholinguistics, NESC 3227.03: Principles of Human Neuropsychology, NESC 3237.03: Drugs and Behaviour, NESC 3260.03: Biological Rhythms, NESC 3264.03: The Science of Sleep, NESC 3270.03: Developmental Neuroscience, NESC 3670.03: Genes, Brain and Behaviour, NESC 3770.03: Behavioural Neuroscience, NESC 3790.03: Neurolinguistics, NESC 3970.03: Molecular Neuroscience, BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology

4000 level

- NESC 4500X/Y.06: Honours Thesis and Qualifying Exam
- Six credit hours selected from NESC 4000.03: Senior Seminar, NESC 4007.03: Contemporary Issues in Neuroscience, NESC 4050.03: Topics in Perception, NESC 4070.03: Chemical Neurobiology, NESC 4130.03: Topics in Cognition, NESC 4160.03: Topics in Behavioural Biology, NESC 4170.03: Topics in Behavioural Neuroendocrinology, NESC 4177.03: Theoretical Neuroscience, NESC 4185.03: Current Advances in Synaptic Function and Plasticity, NESC 4230.03: Human Performance Topics, NESC 4740.03: Topics in the Neurobiology of Learning and Memory, PHAC 4001.03: Pharmacology II
- Six additional credit hours from Neuroscience 3000-level or 4000-level courses

BSc (120 credit hour) Combined Honours in Neuroscience and another subject

Students who wish to study Neuroscience in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be from any discipline in the Faculty of Science (other than Psychology), the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Neuroscience may be the primary subject (with a minimum of 45 credit hours beyond the 1000 level), or the secondary subject (30 credit hours).

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. Students must have their program of study approved by Academic Advisors in both subject areas. Students complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Neuroscience, this requirement is satisfied through NESC 4500.06.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Combined Honours program in Neuroscience and another subject must complete the following:

1000 level

- MATH 1000.03: Differential and Integral Calculus I (preferred) or MATH 1215.03: Life Science Calculus
- An additional three credit hours in mathematics (ideally, but not necessarily MATH 1010.03: Differential and Integral Calculus II)
- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution and BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology, or BIOL component of the Integrated Science Program (all with a grade of B- or better)
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- Recommended:
 - PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person and PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology, or PSYO component of the Integrated Science Program (SCIE 1505X/Y.18 or equivalent) (all with a grade of B- or better)

Students are recommended to take PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You prior to finishing their

degrees.

Neuroscience as the primary subject

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology*
- Three credit hours selected from: NESC 2130.03: Introduction to Cognitive Psychology, NESC 2140.03: Learning, NESC 2150.03: Perceptual Processes, NESC 2160.03: Animal Behaviour, BIOC 2300.03: Introduction to Biochemistry, BIOL 2030.03: Genetics and Molecular Biology, PHYC 2250.03: Physics of Biological and Medical Technology

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently

3000 level

- PSYO 3502.03: Statistical Methods II (**must be taken in third year**)
- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Three additional credit hours selected from NESC 3043.03: Neurobiology of Learning, NESC 3052.03: Sensory Neuroscience II Hearing and Speech, NESC 3131.03: Research Methods in Attention, NESC 3132.03: Research Methods in Visual Cognition, NESC 3133.03: Research Methods in Memory, NESC 3134.03: Research Methods in Psycholinguistics, NESC 3162.03: Advanced Animal Behaviour, NESC 3165.03: Neuroethology, NESC 3170.03: Hormones and Behaviour, NESC 3180.03: Psychoneuroimmunology/Ecological Immunology, NESC 3190.03: Psycholinguistics, NESC 3227.03: Principles of Human Neuropsychology, NESC 3237.03: Drugs and Behaviour, NESC 3260.03: Biological Rhythms, NESC 3264.03: The Science of Sleep, NESC 3270.03: Developmental Neuroscience, NESC 3670.03: Genes, Brain and Behaviour, NESC 3770.03: Behavioural Neuroscience, NESC 3790.03: Neurolinguistics, NESC 3970.03: Molecular Neuroscience, BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology

4000 level

- NESC 4500X/Y.06: Honours thesis and Qualifying Exam
- Six credit hours selected from NESC 4000.03: Senior Seminar, NESC 4007.03: Contemporary Issues in Neuroscience, NESC 4050.03: Topics in Perception, NESC 4070.03: Chemical Neurobiology, NESC 4130.03: Topics in Cognition, NESC 4160.03: Topics in Behavioural Biology, NESC 4170.03: Topics in Behavioural Neuroendocrinology, NESC 4177.03: Theoretical Neuroscience, NESC 4185.03: Current Advances in Synaptic Function and Plasticity, NESC 4230.03: Human Performance Topics, NESC 4740.03: Topics in the Neurobiology of Learning and Memory, PHAC 4001.03: Pharmacology II
- Six additional credit hours from Neuroscience 3000-level or 4000-level courses

Neuroscience as the secondary subject

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology*

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000/4000 level

- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience

- Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Nine additional credit hours selected from NESC courses, at least six credit hours at the 3000 or 4000 level, including BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology, PHAC 4001.03: Pharmacology II

* If students undertake another program of study that requires BIOL 2020.03: Cell Biology, they should substitute another three credit hour elective in a Neuroscience topic at the 2000 level for BIOL 2020.03.

BSc (120 credit hour) Major in Neuroscience

The 120 credit hour Major is suited to students who want to focus on Neuroscience, but wish to have a program that is somewhat less constrained than the Honours program. It provides a four-year survey of Neuroscience, and is designed for students not anticipating subsequent experimental graduate-level training in Neuroscience or related disciplines. Neuroscience Majors complete a minimum of 45 credit hours in Neuroscience courses above the 1000 level and do not have thesis (or related) requirements.

Students should plan their programs carefully and, if required, obtain advice from an academic advisor. Advisors can be consulted by contacting the Psychology and Neuroscience Main Office (Life Sciences Centre, Room 3263 or (902) 494-3417), or by visiting the [Psychology and Neuroscience website](#).

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Major program in Neuroscience must complete the following courses:

1000 level

- MATH 1000.03: Differential and Integral Calculus I (preferred) or MATH 1215.03: Life Science Calculus
- An additional three credit hours in mathematics (ideally, but not necessarily MATH 1010.03: Differential and Integral Calculus II)
- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution and BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology, or BIOL component of the Integrated Science Program (all with a grade of B- or better)
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- Recommended:
 - PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person and PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology, or PSYO component of the Integrated Science Program (SCIE 1505X/Y.18 or equivalent) (all with a grade of B- or better)

Students are recommended to take PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You prior to finishing their degrees.

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology
- Six credit hours selected from: NESC 2130.03: Introduction to Cognitive Psychology, NESC 2140.03: Learning, NESC 2150.03: Perceptual Processes, NESC 2160.03: Animal Behaviour, BIOC 2300.03: Introduction to Biochemistry, BIOL 2030.03: Genetics and Molecular Biology, PHYC 2250.03: Physics of Biological and Medical Technology

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000/4000 level

- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience

- Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Six more credit hours selected from NESC 3043.03: Neurobiology of Learning, NESC 3052.03: Sensory Neuroscience II Hearing and Speech, NESC 3131.03: Research Methods in Attention, NESC 3132.03: Research Methods in Visual Cognition, NESC 3133.03: Research Methods in Memory, NESC 3134.03: Research Methods in Psycholinguistics, NESC 3162.03: Advanced Animal Behaviour, NESC 3165.03: Neuroethology, NESC 3170.03: Hormones and Behaviour, NESC 3180.03: Psychoneuroimmunology/Ecological Immunology, NESC 3190.03: Psycholinguistics, NESC 3227.03: Principles of Human Neuropsychology, NESC 3237.03: Drugs and Behaviour, NESC 3260.03: Biological Rhythms, NESC 3264.03: The Science of Sleep, NESC 3270.03: Developmental Neuroscience, NESC 3670.03: Genes, Brain and Behaviour, NESC 3770.03: Behavioural Neuroscience, NESC 3790.03: Neurolinguistics, NESC 3970.03: Molecular Neuroscience, BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology, PHAC 4001.03: Pharmacology II
- An additional 12 credit hours from Neuroscience 3000-level or 4000-level courses

BSc (120 credit hour) Double Major in Neuroscience and another subject

The Double Major degree program allows students to combine a study of Neuroscience with another subject. The other subject may be from any discipline in the Faculty of Science (other than Psychology), the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Neuroscience may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

Students enrolled in a Double Major program must have their program of study approved by advisors in both subject areas.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Double Major program in Neuroscience and another subject must complete the following:

1000 level

- MATH 1000.03: Differential and Integral Calculus I (preferred) or MATH 1215.03: Life Science Calculus
- An additional three credit hours in mathematics (ideally, but not necessarily MATH 1010.03: Differential and Integral Calculus II)
- BIOL 1010.03: Principles of Biology Part I or BIOL 1020.03: Introductory Biology I: Cells, Genetics and Evolution and BIOL 1011.03: Principles of Biology Part II or BIOL 1021.03: Introductory Biology II: Organismal Biology and Ecology, or BIOL component of the Integrated Science Program (all with a grade of B- or better)
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- Recommended:
 - PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person and PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology, or PSYO component of the Integrated Science Program (SCIE 1505X/Y.18 or equivalent) (all with a grade of B- or better)

Students are strongly recommended to take PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You prior to finishing their degrees.

Neuroscience as the primary subject

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology*

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000/4000 level

- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Six more credit hours selected from NESC 3043.03: Neurobiology of Learning, NESC 3052.03: Sensory Neuroscience II Hearing and Speech, NESC 3131.03: Research Methods in Attention, NESC 3132.03: Research Methods in Visual Cognition, NESC 3133.03: Research Methods in Memory, NESC 3134.03: Research Methods in Psycholinguistics, NESC 3162.03: Advanced Animal Behaviour, NESC 3165.03: Neuroethology, NESC 3170.03: Hormones and Behaviour, NESC 3180.03: Psychoneuroimmunology/Ecological Immunology, NESC 3190.03: Psycholinguistics, NESC 3227.03: Principles of Human Neuropsychology, NESC 3237.03: Drugs and Behaviour, NESC 3260.03: Biological Rhythms, NESC 3264.03: The Science of Sleep, NESC 3270.03: Developmental Neuroscience, NESC 3670.03: Genes, Brain and Behaviour, NESC 3770.03: Behavioural Neuroscience, NESC 3790.03: Neurolinguistics, NESC 3970.03: Molecular Neuroscience, BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology, PHAC 4001.03: Pharmacology II
- An additional six credit hours from Neuroscience 3000-level or 4000-level courses

Neuroscience as the secondary subject

2000 level

- NESC 2007.03: Neuroscience Principles and Methods
- NESC 2470.03: Systems Neuroscience
- NESC 2570.03: Cellular Neuroscience
- PSYO 2501.03: Statistical Methods I
- BIOL 2020.03: Cell Biology*

Note: NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000/4000 level

- Six credit hours of laboratory courses selected from NESC 3044.03: Laboratory Methods of Learning and Conditioning, NESC 3051.03: Sensory Neuroscience I Vision, NESC 3137.03: Research Methods in Cognitive Neuroscience, NESC 3161.03: Measuring Behaviour, NESC 3370.03: Neuroscience Laboratory I, NESC 3371.03: Neuroscience Laboratory II, NESC 3440.03: Neuroanatomy, NESC 3775.03: Behavioural Neuroscience Laboratory
- Nine additional credit hours selected from NESC courses, at least six credit hours at the 3000 or 4000 level, including BIOL 3020.03: Advanced Cell Biology, PHAC 3001.03: Pharmacology, PHAC 4001.03: Pharmacology II

* If students undertake another program of study that requires BIOL 2020.03: Cell Biology, they should substitute another three credit hour elective in a Neuroscience topic at the 2000 level for BIOL 2020.03.

Minor in Neuroscience

This Minor is available to non-Neuroscience/Psychology students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Science) program.

Requirements

- A minimum of 18 to a maximum of 36 credit hours in Neuroscience courses at the 2000 level or higher, other than NESC 2007.03: Neuroscience Principles and Methods and PSYO 2501.03: Statistical Methods I, which are available only to students in a Major/Honours program.

Contact Neuroscience for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students

Minors available to students in Neuroscience

Minor programs allow students to develop subject specialties in addition to their Major or Honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs (including Science Co-op).

Students in a BSc (120 credit hour) program in Neuroscience may choose to include a Minor selected from the list of approved Minors (except Psychology). Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc in Neuroscience, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to students enrolled in a BSc in Neuroscience include:

- Certificate in Animal Behaviour
- Certificate in Science Leadership and Communication

BSc/BEng Concurrent Program

Students wishing to combine their interest in Neuroscience with a degree in Engineering may choose a BSc/BEng Concurrent Program. Students take courses toward, and complete the requirements for a BSc 120 credit hour Major in Neuroscience, at the same time as they fulfill their BEng requirements. Such a program normally takes 5 years (or longer) to complete. Interested students should see undergraduate advisors from Neuroscience and from the Faculty of Engineering in their first year of study.

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

Course Notes

In 2006/2007, the six credit hour Introduction to Psychology courses were divided into two three credit hour courses. PSYO 1000X/Y.06 became PSYO 1021.03 and PSYO 1022.03, and PSYO 1001X/Y.06 became PSYO 1011.03 and PSYO 1012.03. If a course now requires PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03 as prerequisites, this requirement may also be met by either PSYO 1000.06 or PSYO 1001.06. Students going on in Neuroscience are recommended to take PSYO 1011.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1032.03 with the lab component.

4000-Level Seminars

These seminars are intended for fourth-year Honours students. Third-year Honours students are eligible provided they obtain permission from the instructor, and the needs of all the fourth-year Honours students have been met. The topics covered in these courses vary from year to year. Go to the departmental website www.dal.ca/psychandneuro for more detail about the topics to be covered in the current academic year.

Course Descriptions

NESC 2007 Neuroscience Principles and Methods

CREDIT HOURS: 3

This course introduces methods used to investigate contemporary issues in Neurobiology. Characteristics of these methods, including their strengths and limitations, are

presented conceptually in lectures, and then practically in the form of supervised laboratory experiments where students implement in the lab what they encountered first in lectures.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30, or SCIE 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

RESTRICTIONS: Students registered in Neuroscience Major or Honours programs.

EXCLUSIONS: PSYO 2000.03

NESC 2130 Introduction to Cognitive Psychology

CREDIT HOURS: 3

Lectures focus on the processes involved in transforming sensory information into the meaningful everyday world that we know. Initially, emphasis is on the visual system, and how information within that system is structured and organized, followed by a consideration of the character of internal representations used in thinking and remembering.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, 1515X/Y.36, 1520X/Y.30, or 1540X/Y.27 (with a grade of B- or better)

CROSS-LISTING: PSYO 2130.03

NESC 2140 Learning

CREDIT HOURS: 3

Lectures focus on several goals: (1) providing general principles of learning; (2) understanding the behaviour of particular species; (3) direct application to human problems. Emphasis is on understanding why researchers in animal learning do what they are currently doing (given the goals and the historical context).

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, 1515X/Y.36, 1520X/Y.30, or 1540X/Y.27 (with a grade of B- or better)

CROSS-LISTING: PSYO 2140.03

NESC 2150 Perceptual Processes

CREDIT HOURS: 3

Perception deals with the way in which our senses provide us with information about our environment. This course focuses on the process by which sensory experiences are coded, how they are interpreted by the nervous system, and how experience modifies perception.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, 1515X/Y.36, 1520X/Y.30, or 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: PSYO 2150.03

EXCLUSIONS: NESC/PSYO 3005.03

NESC 2160 Animal Behaviour

CREDIT HOURS: 3

Using concepts from behavioural biology and psychology, animal behaviourists attempt to explain why animals behave the way they do. The course examines topics such as mating and social systems, mate choice, the evolution of behaviour, and animal communication. The behaviour of a wide range of animals is studied.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30, or SCIE 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: PSYO 2160.03

NESC 2470 Systems Neuroscience

CREDIT HOURS: 3

This course provides an introduction to the functional systems of the brain. We examine neural systems (e.g., the sensory systems, motor system, neurotransmitter-specific systems) individually. We explore their anatomy and function, neurobiological properties that make each unique, and factors that are common to all neural systems (e.g., development and plasticity).

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03, or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27, or BIOL 1010.03 or BIOL 1021.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: PSYO 2470.03

RESTRICTIONS: Restricted to students registered in Neuroscience or Psychology Major or Honours programs.

EXCLUSIONS: PSYO 2770.03, PHYL 2041.03

NESC 2570 Cellular Neuroscience

CREDIT HOURS: 3

This course explores the brain at the neuronal level. Material covered includes: the ionic basis of resting potentials; the electrical activity of neurons; synaptic transmission and plasticity; synthesis and action of synaptic transmitters; and drug actions. Cellular phenomena relevant to healthy and neurologically-dysfunctional systems are also discussed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, 1515X/Y.36, 1520X/Y.30, 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

NESC 3000X/Y Independent Research in Neuroscience

CREDIT HOURS: 6

Primarily for Honours students wishing research experience. Requirements include a minimum grade of B in NESC 2007.03 or PSYO 2000.03, a high level of performance in other Neuroscience courses, an overall B+ (GPA 3.30) average, and securing a faculty advisor to supervise the research project. Note: This course cannot be used to fulfill the department's research laboratory requirement. **SIGNATURE REQUIRED**

COORDINATOR: J. Christie

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lab

LAB HOURS PER WEEK: 4

PREREQUISITE: PSYO 2000.03 or NESC 2007.03 or NESC 2470.03/PSYO 2470.03, PSYO 2501.03, and previous or concurrent enrolment in two other 3000-level courses, and Coordinator's consent.

CROSS-LISTING: PSYO 3000X/Y.06

EXCLUSIONS: NESC 3001.03/PSYO 3001.03

NESC 3001 Directed Project in Neuroscience

CREDIT HOURS: 3

Primarily for Honours students wishing research experience. Requirements include a minimum grade of B in NESC 2007.03 or PSYO 2000.03, a high level of performance in other Neuroscience courses, an overall B+ (GPA 3.30) average, and securing a faculty advisor to supervise the research project. Note: This course cannot be used to fulfill the department's research laboratory requirement. **SIGNATURE REQUIRED**

COORDINATOR: J. Christie

NOTES: This course provides only a half-year research experience. Students wanting a full-year research experience in a lab should register for NESC 3000X/Y.06.

FORMAT: Lab

LAB HOURS PER WEEK: 4

PREREQUISITE: PSYO 2000.03 or NESC 2007.03 or NESC 2470.03/PSYO 2470.03, PSYO 2501.03, and previous or concurrent enrolment in two other 3000-level courses, and Coordinator's consent.

CROSS-LISTING: PSYO 3001.03

EXCLUSIONS: NESC/PSYO 3000X/Y.06

NESC 3010X/Y Advanced General Psychology

CREDIT HOURS: 6

An active learning course for suitably-qualified senior students. Students complete a series of oral and written assignments designed to consolidate critical thinking and communication skills in Psychology/Neuroscience. After instructional training, assignments include preparing and delivering lab material to a small group (approximately 30) of PSYO 1011.03 and PSYO 1012.03 students. **SIGNATURE REQUIRED**

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture| Lab| Seminar

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, advanced courses in Psychology or Neuroscience, and instructor's consent.

CROSS-LISTING: PSYO 3010X/Y.06

NESC 3043 Neurobiology of Learning

CREDIT HOURS: 3

This course examines the neurobiological processes underlying various forms of learning such as classical and operant conditioning, song learning by birds, spatial learning, and fear conditioning. Different methods used to study the neurobiology of learning, and the evolutionary origins of these systems are also considered.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03 or PHYL 2041.03

CROSS-LISTING: PSYO 3043.03

NESC 3044 Laboratory Methods of Learning and Conditioning

CREDIT HOURS: 3

A hands-on course on techniques used to test learning and memory in animals, including operant conditioning and spatial memory, and an exposure to the neurobiological systems involved. Students work in pairs to conduct a series of experiments, analyze data as a class, but write individual laboratory reports on each experiment.

NOTES: Students should be aware that some data collection occurs outside of class time.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and one of NESC 2140.03/PSYO 2140.03 or NESC 2470.03/PSYO 2470.03 or PSYO 2770.03

CROSS-LISTING: PSYO 3044.03

EXCLUSIONS: PSYO 3042.03

NESC 3051 Sensory Neuroscience I Vision

CREDIT HOURS: 3

This course examines the neural basis for the perception of light, colour, movement, depth, and form. The course covers developmental events important for vision, and the extent to which vision is constrained by anatomical and physiological development.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, NESC 2470.03/PSYO 2470.03 or PSYO 2770.03, and NESC 2150.03/PSYO 2150.03

CROSS-LISTING: PSYO 3051.03

NESC 3052 Sensory Neuroscience II Hearing and Speech

CREDIT HOURS: 3

This course explores hearing at levels that include stimulus parameters and their psychophysical correlates, middle ear function, cochlear biophysics, central auditory neurophysiology, and principles of speech perception. We emphasize mechanisms of normal hearing and speech, but address pathology wherever it helps us understand

the relation between neurophysiology and perception.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and NESC 2470.03/PSYO 2470.03

CROSS-LISTING: PSYO 3052.03

NESC 3131 Research Methods in Attention

CREDIT HOURS: 3

The methods, findings, and theories that underpin our understanding of attention (alertness, preparation, selection, and control of information processing) are covered. Behavioural and neuroscientific evidence as well as computational models are examined in the lectures. Laboratories emphasize behavioural methods used to isolate and reveal the components of attention.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and NESC 2130.03/PSYO 2130.03 or NESC 2150.03/PSYO 2150.03

CROSS-LISTING: PSYO 3131.03

EXCLUSIONS: NESC 3130.06/PSYO 3130.06

NESC 3132 Research Methods in Visual Cognition

CREDIT HOURS: 3

Visual cognition is the study of how we extract meaning from our visual environment and use it to direct our behaviour. Emphasis is placed on object, face, and word recognition as revealed by normal behaviour, and by neuroimaging techniques and neuropsychological studies of brain-damaged individuals who have lost these recognition abilities.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and NESC 2130.03/PSYO 2130.03 or NESC 2150.03/PSYO 2150.03

CROSS-LISTING: PSYO 3132.03

EXCLUSIONS: NESC 3130.03/PSYO 3130.06

NESC 3133 Research Methods in Memory

CREDIT HOURS: 3

This course examines human memory from the perspective of cognitive psychology and, to a lesser extent, cognitive neuroscience. Lectures emphasize cognitive approaches to the study of memory with an explicit focus on empirical research methods, data, and interpretation of results.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and NESC 2130.03/PSYO 2130.03

CROSS-LISTING: PSYO 3133.03

EXCLUSIONS: NESC 3130.03/PSYO 3130.06

NESC 3134 Research Methods in Psycholinguistics

CREDIT HOURS: 3

Provides hands-on experience with various methodologies employed in the study of language processing, and uses these to explore topics in psycholinguistics in greater depth. Methods covered may include reaction time, priming, self-paced reading, computational modeling, corpus-based research, and event-related brain potentials.

Students serve as experimenters and participants in class experiments.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and NESC 3190.03/PSYO 3190.03

CROSS-LISTING: PSYO 3134.03

EXCLUSIONS: NESC 3130.06/PSYO 3130.06

NESC 3137 Research Methods in Cognitive Neuroscience

CREDIT HOURS: 3

An overview of neuroimaging and other techniques of cognitive neuroscience (including fMRI, ERP, and others) focusing on how they work, how they are applied, and their inherent limitations. Labs include experience collecting and analyzing ERP data, demonstrations of fMRI scanning, and analysis of fMRI data.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and NESC 2130.03/PSYO 2130.03

CROSS-LISTING: PSYO 3137.03

NESC 3161 Measuring Behaviour

CREDIT HOURS: 3

Measuring behaviour is essential in the study of ethology, behavioural neuroscience, developmental, social and clinical psychology. The function of this laboratory course is to teach methods of observing and scoring behavior using qualitative and quantitative methods. Sampling methods, behaviour description and analysis will be done in laboratory and naturalistic settings.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03

CROSS-LISTING: PSYO 3161.03

NESC 3162 Advanced Animal Behaviour: Theories and Applications

CREDIT HOURS: 3

This course focuses on advanced theories and applications of animal behaviour, with a focus on proximate, integrative and applied questions. It offers a more in-depth analysis of topics covered in NESC/PSYO 2160.03 and explores trends and issues in contemporary ethology, animal psychology and behavioural ecology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007 or BIOL 3062.03 or BIOL 3630.03, and NESC 2160.03/PSYO 2160.03
CROSS-LISTING: PSYO 3162.03

NESC 3165 Neuroethology

CREDIT HOURS: 3

Neuroethology explores how assemblies of neurons work together to produce behaviour. Neural control of selected behaviours from a wide range of animals, both invertebrate and vertebrate, are examined. From this comparative perspective an attempt is made to tease out common themes in the physiological control of behaviour. NOTES: All experiments in the accompanying lab involve insects. Students are required to handle insects during the lab.

FORMAT: Lab

PREREQUISITE: NESC 2160.03/PSYO 2160.03 or BIOL 3062.03; and NESC 2570.03/PSYO 2570.03 or BIOL 3078.03 and BIOL 3079.03 or MARI 3074.03 and MARI 3076.03; and PSYO 2000.03 or NESC 2007.03 or one of following Biology courses: BIOL 2003.03, BIOL 2004.03, BIOL 2020.03, BIOL 2030.03, BIOL 2060.03

CROSS-LISTING: PSYO 3165.03

NESC 3170 Hormones and Behaviour

CREDIT HOURS: 3

How chemical signals of the neural, endocrine, and immune systems interact to influence the brain and behaviour. How neurotransmitters, cytokines, and hormones control neural and behavioural development, sexual, aggressive, and maternal behaviour. Hormone receptors in the brain, reproduction, puberty, brain sex differences, and stress are also examined.

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03, or PHYL 2041.03 or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: PSYO 3170.03

EXCLUSIONS: NESC 2170.03/PSYO 2170.03

NESC 3180 Psychoneuroimmunology/Ecological Immunology

CREDIT HOURS: 3

Our behaviour can influence how well we resist disease, and infection can alter behaviour. This course examines how immune systems and nervous systems interact in both vertebrates and invertebrates. Evolutionary forces that have led to the existence of these interactions are also examined.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 and one of NESC 2470.03/PSYO 2470.03 or PSYO 2770.03 or PHYL 2041.03 or MICI 2100.03; OR BIOL 2020.03

CROSS-LISTING: PSYO 3180.03

NESC 3190 Psycholinguistics

CREDIT HOURS: 3

Explores the cognitive and neural bases of human language processing. Topics include: human language and other communication systems; phonology; morphology; semantics; syntax; discourse; first and second language acquisition; relationship of language to general cognitive functions such as music and mathematics; signed languages such as American Sign Language, and non-linguistic gesture.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and NESC 2130.03/PSYO 2130.03

CROSS-LISTING: PSYO 3190.03

EXCLUSIONS: NESC 2190.03/PSYO 2190.03

NESC 3227 Principles of Human Neuropsychology

CREDIT HOURS: 3

Clinical neuropsychologists study the organization of cognitive, emotional, and social functions in the brain to understand how brain damage alters human behaviour across the lifespan. We examine how clinicians diagnose and rehabilitate persons with brain diseases and disorders. Assignments emphasize application of textbook/lecture-based knowledge, critical thinking, and group presentation skills.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03 or PHYL 2041.03, PSYO 2130 is recommended

CROSS-LISTING: PSYO 3227.03

NESC 3237 Drugs and Behaviour

CREDIT HOURS: 3

An introduction to behavioural psychopharmacology. The lectures involve basic anatomy, physiology, and chemistry of the nervous system. Behavioural effects and underlying mechanisms of various psychoactive drugs are discussed. Specific topics covered are alcohol, tobacco, amphetamines, cocaine, opiates, hallucinogens, tranquilizers, and antipsychotic drugs.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and one of NESC 2470.03/PSYO 2470.03, NESC 2570.03/PSYO 2570.03, or PSYO 2770.03

CROSS-LISTING: PSYO 3237.03

NESC 3260 Biological Rhythms

CREDIT HOURS: 3

Daily (circadian) clocks generate rhythms in many functions, including sleep, reproduction, and intellectual performance. This course examines the nature of these biological clocks, their neural mechanisms, and their roles in regulating sleep and other aspects of physiology and in pathological conditions, including sleep disorders, jet lag, and psychiatric disorders.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03, and NESC 2470.03/PSYO 2470.03 or

PSYO 2770.03
CROSS-LISTING: PSYO 3260.03

NESC 3264 The Science of Sleep

CREDIT HOURS: 3

This course reviews the history, methods and results of the scientific study of sleep. Topics include: circadian and homeostatic regulation; developmental and cultural impacts; normal and abnormal function of neural and other control mechanisms; effects of sleep loss on performance and health; theories of the functions of sleep.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and either NESC 2470.03/PSYO 2470.03 or PSYO 2770.03; OR BIOL 2020.03

CROSS-LISTING: PSYO 3264.03

NESC 3270 Developmental Neuroscience

CREDIT HOURS: 3

This course presents the fundamentals of development in complex and simple nervous systems. Cell differentiation, pattern regulation, proliferation, migration, and circuit development are discussed. Special attention is given to later developmental events such as neuronal growth cones, cell death, growth factors, neuron-target interactions, and synapse formation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, NESC 2470.03/PSYO 2470.03 and NESC 2570.03/PSYO 2570.03

CROSS-LISTING: PSYO 3270.03

NESC 3370 Neuroscience Laboratory I

CREDIT HOURS: 3

Introduction to several neurophysiological techniques used in contemporary neuroscience, employing extracellular and intracellular electrical recording and stimulation methods on nervous system preparations, both sensory and motor. After introductory instruction, students in groups of 2 or 3 get to perform quite sophisticated practical experiments themselves, enabled by computer-based data acquisition.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, NESC 2470.03/PSYO 2470.03 and NESC 2570.03/PSYO 2570.03,

CROSS-LISTING: PSYO 3370.03

NESC 3371 Neuroscience Laboratory II

CREDIT HOURS: 3

Introduction to several techniques used in contemporary neuroscience. Students work under supervision in groups of 2 or 3 in regular labs that introduce neuroanatomical analyses using the following: Golgi impregnation, immunocytochemistry, dye-tracing of connections, electronmicroscopy of the retina, and neurotransmitter determinations using HPLC.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, NESC 2470.03/PSYO 2470.03 and NESC 2570.03/PSYO 2570.03

CROSS-LISTING: PSYO 3371.03

NESC 3440 Neuroanatomy

CREDIT HOURS: 3

This is a survey of the structure and function of the human central nervous system (CNS, the brain and spinal cord). The laboratory component provides the opportunity to dissect the human brain and to study the microscopic anatomy of the CNS. This course provides the lecture and laboratory component for the graduate course ANAT 5100 Human Neuroanatomy. ORGANIZER: W. Baldrige

FORMAT: Lecture| Lab

PREREQUISITE: BIOL 2020.03 or permission of the instructor

NESC 3670 Genes, Brain and Behaviour

CREDIT HOURS: 3

The application of genetic techniques to the study of cognitive abilities, psychopathology, personality disorders, stress-related illnesses, and ethical issues in genetic research. The role of genetic factors in eating and drug abuse problems, as well as methods used to study gene-environment interactions are explored.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03, or PHYL 2041.03 or PHYL 2014.03, AND BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30, or SCIE 1540.27 (with a grade of B or better); BIOL 2020.03 and BIOL 2030.03 are useful

CROSS-LISTING: PSYO 3670.03

EXCLUSIONS: NESC 2670.03/PSYO 2670.03

NESC 3770 Behavioural Neuroscience

CREDIT HOURS: 3

Behavioural neuroscience explores the neural and hormonal mechanisms underlying a variety of behavioural phenomena. The course focuses on neural correlates of social and emotional behaviour, motor behaviour and patterns, and behavioural toxicology processes (neurotoxins and endocrine disruptors).

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and NESC 2470.03/PSYO 2470.03 or PSYO 2770.03

CROSS-LISTING: PSYO 3770.03

NESC 3775 Behavioural Neuroscience Laboratory

CREDIT HOURS: 3

Students motivated to pursue a career in Neuroscience, or in a related biomedical discipline, gain direct experience studying the nervous system in relation to behaviour. Students acquire skills in animal handling, ethics, and measuring behaviour. Emphasis is placed on histological/molecular analysis of the brain including examining protein and/or mRNA levels. **SIGNATURE REQUIRED**

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007, NESC 2470.03/PSYO 2470.03 or PSYO 2770.03, PSYO 2501.03, and one of NESC 2160.03/PSYO 2160.03 or NESC 3237.03 /PSYO 3237.03 or NESC 3770.03/PSYO 3770.03, and instructor's consent

CROSS-LISTING: PSYO 3775.03

NESC 3790 Neurolinguistics

CREDIT HOURS: 3

The course covers: (1) brain damage and language disorders; (2) aphasia; (3) localization of lesions in the human brain; (4) neuroimaging; (5) intracranial electric stimulation experiments; (6) event-related brain potential experiments; (7) PET, fNMR scan experiments; (8) neural models of language processing.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03

CROSS-LISTING: PSYO 3790.03

NESC 3970 Molecular Neuroscience

CREDIT HOURS: 3

This course examines the development, function, and pathology of the brain at the molecular level. Model systems are examined from the perspective of ion channels, messengers, receptors, intracellular signaling cascades, transcription factors, and genes. The concepts underlying basic cellular and molecular neuroscience tools are emphasized.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2570.03/PSYO 2570.03 or BIOL 2020.03 or BIOL 2030.03

CROSS-LISTING: PSYO 3970.03

NESC 4000 Senior Seminar

CREDIT HOURS: 3

An individually tailored reading or study course designed to allow Honours students to focus on a particular issue, or a set of related issues, that are not part of the regular program. Enrolment is contingent upon securing a faculty member to supervise the study program. **SIGNATURE REQUIRED**

COORDINATOR: J. Christie

FORMAT: Seminar

CROSS-LISTING: PSYO 4000.03

NESC 4007 Contemporary Issues in Neuroscience

CREDIT HOURS: 3

This is a seminar course that focuses on a significant theme or topic in the research literature in Neuroscience. Topics vary from year to year. Consult the department for the details about course content. **SIGNATURE REQUIRED**

FORMAT: Seminar

PREREQUISITE: NESC Honours student, permission of the instructor.

NESC 4050 Topics in Perception

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

PREREQUISITE: NESC 3051.03/PSYO 3051.03 or instructor's consent

CROSS-LISTING: PSYO 4050.03

NESC 4070 Chemical Neurobiology

CREDIT HOURS: 3

The goal is to acquaint the student with neurotransmitters (excitatory amino acids, acetylcholine, monoamines, neuropeptides). Anatomical, biochemical, physiological, pharmacological, behavioral, and clinical aspects of individual neurotransmitter systems are discussed. Lectures are given by the instructors. Students are expected to write an examination and a review, and give a presentation.

FORMAT: Seminar

PREREQUISITE: NESC 2470.03/PSYO 2470.03 and NESC 2570.03/PSYO 2570.03, or instructor's consent

CROSS-LISTING: NESC 5070.03

NESC 4130 Topics in Cognition

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

CROSS-LISTING: PSYO 4130.03

NESC 4140 Animal Learning Topics

CREDIT HOURS: 3

SIGNATURE REQUIRED

NOTES: PSYO 2140.03/NESC 2140.03 recommended

FORMAT: Seminar

CROSS-LISTING: PSYO 4140.03

NESC 4160 Topics in Behavioural Biology

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

CROSS-LISTING: PSYO 4160.03

NESC 4170 Topics in Behavioural Neuroendocrinology

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

CROSS-LISTING: PSYO 4170.03

RESTRICTIONS: Restricted to NESC/PSYO Honours Students

NESC 4177 Theoretical Neuroscience

CREDIT HOURS: 3

An introduction to basic concepts and research questions in computational neuroscience. This includes cellular mechanisms such as spike generation and synaptic plasticity, network-level concepts such as perceptrons and associative attractor networks, and system-level concepts such as memory, learning and anticipation. This course includes an introduction to MATLAB programming. **SIGNATURE REQUIRED**

FORMAT: Seminar

PREREQUISITE: Intended for third- or fourth-year Neuroscience students.

NESC 4185 Synaptic Function and Plasticity

CREDIT HOURS: 3

Key recent research studies in cellular and system neurophysiology are presented and critically discussed. Emphasis is placed on plasticity, synaptic function, excitability, dendritic integration, neural networks and relevant advances in experimental methods. Newly published papers within these areas are reviewed weekly, followed by a more extensive critique of two publications.

FORMAT: Seminar

PREREQUISITE: NESC 2570/PHYL 2570 or permission of course instructors

CROSS-LISTING: PHYL 4000.03

NESC 4230 Human Performance Topics

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

CROSS-LISTING: PSYO 4230.03

NESC 4500X/Y Honours Thesis

CREDIT HOURS: 6

Under a staff member's supervision, each student conducts original research in experimental neuroscience. Students meet to describe their proposed research and progress. A formal written report of the completed research is required. The final grade is based on originality and skill with emphasis on the written and oral reports.

SIGNATURE REQUIRED

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

PREREQUISITE: PSYO 3502.03, Fourth-year Honours students, and instructor's consent

CROSS-LISTING: PSYO 4500X/Y.06

RESTRICTIONS: Restricted to Honours students in their graduating year

NESC 4587 Topics in the History of Neuroscience

CREDIT HOURS: 3

This course examines the history of the attempts to find the neurobiological basis for human thought and behaviour. This involves the examination of the theories, methods and experimental data which have attempted to link neural activity with thought and behaviour. Historical documents and web-based resources are used to examine original sources.

FORMAT: Seminar

PREREQUISITE: PSYO 1011.03 or PSYO 1012.03 or equivalent, or instructor's consent

EXCLUSIONS: HSTC 4301.03

NESC 4705 Neurotechnology Innovation, Commercialization, and Entrepreneurship

CREDIT HOURS: 3

Intensive 2-week course in neurotechnology, clinical neuroscience, and commercialization. Topics include neuroimaging methods; diagnosis, assessment, and treatment of nervous system-related disorders; the process of innovation; and business fundamentals. Features guest lectures by successful scientists and entrepreneurs, as well as hands-on workshops and lab exercises on business and neurotechnology topics. **SIGNATURE REQUIRED**

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Two full years of undergraduate University study, plus instructor's consent.

CROSS-LISTING: PSYO 4705.03

EXCLUSIONS: PSYO 7705.06

NESC 4740 Topics in the Neurobiology of Learning and Memory

CREDIT HOURS: 3

SIGNATURE REQUIRED

FORMAT: Seminar

PREREQUISITE: NESC 2470.03/PSYO 2470.03, NESC 2140.03/PSYO 2140.03

CROSS-LISTING: PSYO 4740.03

Ocean Sciences

Location:

Building/Room: Life Sciences Centre

Street Address 1: Department of Oceanography
Street Address 2: 1355 Oxford Street
P.O. Box: 15000
Halifax, NS B3H 4R2
Telephone: (902) 494-3557
Fax: (902) 494-3877
Website: www.dal.ca/oceanography
Email Address: oceanography@dal.ca

Introduction

Ocean Sciences includes the study of the physics, biology, geology, chemistry, and meteorology of the marine environment. Topic areas include ocean currents, waves, tides, marine sediments, oceanic crustal structure, nutrient cycling, acoustics, ocean-atmosphere coupling, biological production, marine biodiversity, and seawater properties, among others. Students enrolled in the Ocean Sciences program will be educated in the core oceanographic sub-disciplines of physical, geological, chemical, and biological oceanography, while also being exposed to issues in marine policy, law, and management. Graduates of the Ocean Sciences program will have gained an appreciation of the interdisciplinary and collaborative approaches often required to arrive at effective solutions to environmental problems relating to the oceans. They will have developed strong quantitative and practical skills, as well as a breadth of knowledge across ocean science disciplines. Ocean scientists are employed in research laboratories, universities, government agencies, and private industry. Career paths include environmental prediction, environmental monitoring and assessment, marine technology, marine surveying, marine resource use and extraction, and marine conservation.

NOTE: Not all courses are offered every year. Please consult the current timetable for this year's offerings.

Degree Programs

The Department of Oceanography offers the following degree programs in Ocean Sciences:

- BSc (120 credit hour) Honours (Concentrated)*
- BSc (120 credit hour) Combined Honours*
- BSc (120 credit hour) Major*
- BSc (120 credit hour) Double Major*
- Minor in Ocean Sciences

* May be combined with Minor programs from other disciplines

NOTE: There is no 90 credit hour (3 year) degree program in Ocean Sciences.

Departmental Requirements for these programs are described below. In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Student applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with an Ocean Sciences undergraduate academic advisor.

Students who participated in the Integrated Science Program in their first year should consult the Undergraduate Calendar for first year course equivalencies. The following options fulfill the first year requirements for any Ocean Sciences program:

- SCIE 1515.36
- SCIE 1520.30
- SCIE 1530.27
- SCIE 1540.27, MATH 1000.03/MATH 1010.03 and PHYC 1300.06 or PHYC 1310.03/PHYC 1320.03
- SCIE 1505.18, Option A or B (MATH 1000.03/MATH 1010.03, PHYC 1300.06 or PHYC 1310.03/PHYC 1320.03)

Staff

Dean

Moore, C., BA (Hons), PhD (Cambridge), Professor (Psychology)

Chairperson of Department

Hill, P. S. (902) 494-1435

Undergraduate Advisor

Metaxas, A. (902) 494-3021

Graduate Studies Coordinator

Kelley, D. (902) 494-1694

Professors Emeriti

Bowen, A. J., MA (Cantab), PhD (Scripps), FRSC
Cullen, J. J., AB (California), PhD (Scripps), FRSC
Fournier, R. O., MSc (Wm & Mary), PhD (URI)
Mills, E., BSc (CARL), MS, PhD (Yale), FLS
Moore, R. M., BA (Oxan), PhD (Southampton)

Professors

Beaumont, C., BSc (Sussex), PhD (Dalhousie), Canada Research Chair
Boudreau, B. P., BSc (UNB), MS (Texas A & M), PhD (Yale), FRSC
Fennel, K., MSc, PhD (Rostock), Canada Research Chair
Grant, J., BSc (Duke), PhD (South Carolina), NSERC - Cooke IRC

Smith, J., BSc (McGill), MA (Chicago), PhD (Toronto)
Sommer, U., PhD (Vienna)
Tanhua, T., MSc, PhD (Goteborg)

BSc (120 credit hour) Concentrated Honours in Ocean Sciences

Students who want a challenging program that results in a broad and in-depth background in Ocean Sciences, and includes an independent research experience, may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours. Honours students complete a minimum of 54 credit hours above the 1000 level in Ocean Sciences with a minimum GPA of 3.3 and write a research-based Honours thesis. The Honours Qualifying Examination requirement is satisfied through completion of OCEA 4200.06.

Admission to Honours

Students considering Honours should consult with an Ocean Sciences Honours Advisor early in their studies.

Departmental Requirements

In addition to fulfilling the requirements outline in the Academic Regulations and College of Arts and Science Degree Requirements, students in a Concentrated Honours program in Ocean Sciences must complete the following courses:

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences
- Any two of the following three course sequences: BIOL 1010.03/BIOL 1011.03: Principles of Biology, CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium, EARTH 1080.03: Geology I/ERTH 1090.03: Geology II

OR Integrated Science Program (options above)

A "B+" average (3.3) must be attained in the following 2000, 3000, and 4000 level courses.

2000 level

- OCEA 2000.06: The Blue Planet or OCEA 2001.03/OCEAN 2002.03: The Blue Planet (minimum grade of "B")
- OCEA 2020.03: Tools and Concepts in Ocean Sciences I/OCEA 2021.03: Tools and Concepts in Ocean Sciences II (minimum grade of "B")

3000 and 4000 level

- OCEA 3003.03: Introduction to Field Oceanography
- A minimum of six credit hours each from three of the four Ocean Science areas (18 credit hours total). See Ocean Science Areas.
- One additional six credit hours from any of the four Ocean Science areas.
- OCEA 3001.03: Introduction to Physical Oceanography or OCEA 4120.03: Physical Oceanography must be included in one of the preceding two requirements.
- OCEA 4000.03: Oceans and Global Change
- OCEA 4401.03: Marine Management I/OCEA 4402.03: Marine Management II
- OCEA 4200.06: Honours Research

BSc (120 credit hour) Combined Honours in Ocean Sciences and another subject

Students who wish to study Ocean Sciences in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Ocean Sciences may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject.

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. The same standards and conditions for admission apply as for entry into a Concentrated Honours program (see above). In addition, students must have their program of study approved by Academic Advisors in both subject areas. Students must complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Ocean Sciences, this requirement is satisfied through OCEA 4200.06.

Departmental Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements, students in a BSc or BA Combined Honours program in Ocean Sciences and another subject must complete the following:

Ocean Sciences as the primary subject

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences
- Any two of the following three course sequences: BIOL 1010.03/BIOL 1011.03: Principles of Biology, CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium, EARTH 1080.03: Geology I/ERTH 1090.03: Geology II

OR Integrated Science Program (options above)

A "B+" average (3.3) must be attained in the following 2000-, 3000- and 4000- courses.

2000 level

- OCEA 2000.06: The Blue Planet or OCEA 2001.03/OCEA 2002.03: The Blue Planet (minimum grade of "B")
- OCEA 2020.03: Tools and Concepts in Ocean Sciences I/OCEA 2021.03: Tools and Concepts in Ocean Sciences II (minimum grade of "B")

3000 and 4000 level

- OCEA 3003.03: Introduction to Field Oceanography
- OCEA 3001.03: Introduction to Physical Oceanography or OCEA 4120.03: Physical Oceanography
- Six credit hours selected from: OCEA 3002.03: Introduction to Chemical Oceanography, OCEA 4110.03: Geological Oceanography, OCEA 4140.03:

Introduction to Biological Oceanography

- An additional nine credit hours from the Ocean Science areas. See Ocean Science Areas.
- OCEA 4000.03: Oceans and Global Change
- OCEA 4401.03: Marine Management I/OCEA 4402.03: Marine Management II
- OCEA 4200.06: Honours Research

Ocean Sciences as the secondary subject

1000 level

- PHYC 1190.03/PHYC 1290.03 or PHYC 1300.06
- MATH 1000.03
- MATH 1060.03/STAT 1060.03
- Any two of the following three course sequences: BIOL 1010.03/BIOL 1011.03, CHEM 1011.03/CHEM 1012.03, EARTH 1080.03/ERTH 1090.03

OR Integrated Science Program (options above)

A “B+” average (3.3) must be attained in the following 2000-, 3000- and 4000- courses.

2000 level

- OCEA 2000.06: The Blue Planet or OCEA 2001.03/OCEA 2002.03: The Blue Planet
- OCEA 2020.03: Tools and Concepts in Ocean Sciences I/OCEA 2021.03: Tools and Concepts in Ocean Sciences II

3000 and 4000 level

- OCEA 3003.03: Introduction to Field Oceanography
- A minimum of six credit hours each from three of the four Ocean Sciences areas (18 credit hours total). See Ocean Sciences areas.
- OCEA 4000.03: Oceans and Global Change

BSc (120 credit hour) Major in Ocean Sciences

The 120 credit hour Major is suited to students who want to focus on Ocean Sciences, but wish to have a program that is somewhat less constrained than the Honours program. Ocean Science Majors complete a minimum of 42 credit hours in OCEA courses. Research and other experiential learning opportunities are available through laboratories, special topics and experiential courses.

Departmental Requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements, students in a Major program in Ocean Sciences must complete the following courses:

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- MATH 1060.03/STAT 1060.03: Introductory Statistics for Science and Health Sciences
- Any two of the following three course sequences: BIOL 1010.03/BIOL 1011.03: Principles of Biology, CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium, EARTH 1080.03: Geology I/ERTH 1090.03: Geology II

OR Integrated Science Program (options above)

2000 level

- OCEA 2000.06: The Blue Planet or OCEA 2001.03/OCEA 2002.03: The Blue Planet
- OCEA 2020.03: Tools and Concepts in Ocean Sciences I/OCEA 2021.03: Tools and Concepts in Ocean Sciences II

3000 and 4000 level

- OCEA 3003.03: Introduction to Field Oceanography
- A minimum of six credit hours each from three of the four Ocean Science areas (18 credit hours total). See Ocean Science Areas.
- OCEA 4000.03: Oceans and Global Change
- OCEA 4401.03: Marine Management I/OCEA 4402.03: Marine Management II

BSc or BA (120 credit hour) Double Major in Ocean Sciences and another subject

The Double Major degree program allows students to combine a study of Ocean Sciences with another subject. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Ocean Sciences may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements, students must fulfill the requirements listed for the BSc (120 credit hour) Major in Ocean Sciences.

The Ocean Science course requirements for students in a Double Major program, with Ocean Sciences as the primary or secondary subject, are the same as for the Major program (above).

Minor in Ocean Sciences

This minor is available to students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Sciences) program.

Requirements

- A minimum of 18 to a maximum of 36 credit hours in Ocean Sciences courses at the 2000 level or higher.

Please note that there are prerequisite requirements for entry into upper level Ocean Sciences courses (see Department of Oceanography course listings).

Contact Ocean Sciences for more information.

Ocean Science Areas

NOTE: Classes marked with an asterisk* are required in that area.

Physical Oceanography

OCEA 3001.03 and/or OCEA 4120.03*, OCEA 4210.03, OCEA 4220.03, OCEA 4222.03, OCEA 4311.03, OCEA 4411.03, OCEA 4412.03, OCEA 4505.03, OCEA 4520.03, OCEA 4541.03, OCEA 4550.03

Biological Oceanography

OCEA 4140.03*, OCEA 4160.03, OCEA 4230.03, OCEA 4330.03, OCEA 4335.03, OCEA 4370.03, OCEA 4380.03

Chemical Oceanography

OCEA 3002.03*, OCEA 3420.03 (NOTE: this course may fulfill a three credit hour requirement in either this Ocean Science Area or the Geological Oceanography Ocean Science Area, but not both), OCEA 4130.03, OCEA 4595.03

Geological Oceanography

OCEA 3004.03, OCEA 3420.03 (NOTE: this course may fulfill a three credit hour requirement in either this Ocean Science Area or the Chemical Oceanography Ocean Science Area, but not both), OCEA 4110.03*, OCEA 4115.03, OCEA 4470.03, OCEA 4480.03

See Oceanography section for course descriptions.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students

Minors available to students in Ocean Sciences

Minor programs allow students to develop subject specialties in addition to their major or honours subjects. Minors in other subjects are normally added to 120 credit hour BSc programs

Students in a BSc program in Ocean Sciences may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc in Ocean Sciences, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not take both courses as designated.

Not all courses are offered each year. Please consult the current timetable for this year's offering. For further information please contact the department.

Course Descriptions

OCEA 1000X/Y Conversations with Ocean Scientists

CREDIT HOURS: 6

Students engage with working ocean scientists about their research, its relevance, and how to communicate science to different audiences. In addition to regular writing

exercises that include journaling, blogging, and lab reporting, students compose a research paper and follow it through the process of submission and peer-review for an in-class journal.

FORMAT: Lecture| Tutorial

COREQUISITE: MATH 1000.03 or MATH 1215.03 and STAT 1060.03

OCEA 2000X/Y The Blue Planet

CREDIT HOURS: 6

This course provides a general survey of oceanography. It is designed to develop an understanding of the ocean and of the science of oceanography. Students learn about the geological, chemical, physical and biological processes at work in the sea. Consideration is also given to human impacts.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms. The exception is for Marine Biology Co-op students, who can enroll in OCEA 2001X.03 and OCEA 2002Y.03 in non-consecutive terms if their program demands conflict with a full year enrollment.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: OCEA 2001.03/2002.03, OCEA 2850.06, OCEA 2851.03/2852.03

OCEA 2001 The Blue Planet I

CREDIT HOURS: 3

This course provides a general survey of oceanography. It is designed to develop an understanding of the ocean and of the science of oceanography. Students learn about the geological, chemical, physical and biological processes at work in the sea. Consideration is also given to human impacts.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms. The exception is for Marine Biology Co-op students, who can enroll in OCEA 2001X.03 and OCEA 2002Y.03 in non-consecutive terms if their program demands conflict with a full-year enrollment.

EXCLUSIONS: OCEA 2000.06, OCEA 2850.06, OCEA 2851.03/2852.03

OCEA 2002 The Blue Planet II

CREDIT HOURS: 3

This course provides a general survey of oceanography. It is designed to develop an understanding of the ocean and of the science of oceanography. Students learn about the geological, chemical, physical and biological processes at work in the sea. Consideration is also given to human impacts.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms. The exception is for Marine Biology Co-op students, who can enroll in OCEA 2001X.03 and OCEA 2002Y.03 in non-consecutive terms if their program demands conflict with a full-year enrollment.

OCEA 2020 Tools and Concepts in Ocean Sciences I

CREDIT HOURS: 3

Students gain practical insights oceanographic concepts introduced in OCEA 2000.06 through lab exercises. Labs focus on instruments, building/calibration a sensor, ocean optics and acoustics, mapping and remote sensing, particle dynamics, ocean oxygen and pH. Labs involve data acquisition and analyses to develop quantitative skills. Some familiarity with 'R' programming is recommended.

FORMAT: Lab

LAB HOURS PER WEEK: 3

COREQUISITE: OCEA 2000.06 (or OCEA 2001.03/2002.03); or permission of instructor.

PREREQUISITE: MATH 1000.03; STAT 1060.03; PHYC 1280/1290.03 (or PHYC 1300.06); at least 1 credit from BIOL 1010/1011 (or BIOL 1020.03/1021.03), or CHEM 1011.03/1012.03, EARTH 1080.03/1090.03 ; or permission of instructor.

OCEA 2021 Tools and Concepts II

CREDIT HOURS: 3

Following OCEA 2020.03, students gain additional practical insight through lab exercises. Labs again involve various instruments with the focus on ocean nutrients, convection, waves, Coriolis effect, primary and secondary production and biomass, production modeling, and an Aquatron mesocosm study. Additional data acquisition and analyses in 'R' will further enhance quantitative skills.

FORMAT: Lab

LAB HOURS PER WEEK: 3

COREQUISITE: OCEA 2000.06 (or OCEA 2001.03/2002.03); or permission of instructor

PREREQUISITE: OCEA 2020.03

OCEA 2800 Climate Change

CREDIT HOURS: 3

See course description for PHYC 2800.03 in the Physics and Atmospheric Science section of this calendar.

CROSS-LISTING: PHYC 2800.03, GEOG 2800.03

EXCLUSIONS: ECON2850.06, PHYC2850.06

OCEA 3001 Introduction to Physical Oceanography

CREDIT HOURS: 3

This course introduces Ocean Physics, focusing on issues of interest to undergraduates in ocean-related disciplines. The approach is to bind facts together with ideas, often starting with thought experiments and proceeding to simple mathematical models.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03 or permission of Instructor

OCEA 3002 Introduction to Chemical Oceanography

CREDIT HOURS: 3

This course provides students with a basic understanding of the composition of seawater and the processes that leads to this composition. This understanding is both qualitative and quantitative through the use of thermodynamic, kinetic and box models to describe the balances that produce the observed chemical distributions.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: CHEM 1011.03 and CHEM 1012.03 or equivalents, and OCEA 2000.06 (or OCEA 2001.03/2002.03); OCEA 2020.03; OCEA 2021.03; or permission of instructor

EXCLUSIONS: OCEA 3170

OCEA 3003 Introduction to Field Oceanography

CREDIT HOURS: 3

This course explores interrelationships between living organisms in the sea and the ocean environment. Biological processes are introduced in the context of the physical and chemical oceanography. The emphasis is on sea-going field work on day trips in local marine waters and hands-on laboratory investigation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 2000

CROSS-LISTING: MARI 3003.03, BIOL 3003.03

OCEA 3004 The Last Billion Years

CREDIT HOURS: 3

This course examines major events in Earth history. The geological evidence of major events will be described, and the hypothesized causes of the events will be examined. The goal of this course is to develop on the part of students an understanding of the functioning of the earth/ocean/atmosphere system.

PREREQUISITE: OCEA 2000X/Y or EARTH 1080

OCEA 3420 Geochemistry of Aquatic Environments

CREDIT HOURS: 3

This course is an introduction to the governing principles and processes of aquatic geochemistry. Specific topics will include physical chemistry of natural waters, kinetics of geochemical reactions, the hydrologic cycle, the carbonate system and pH, redox reactions, weathering and mineral-solution equilibria, controls on the composition of rainwater, rivers, and oceans.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: CHEM 1011.03/1012.03 or equivalent and EARTH 1080.03/1090.03

CROSS-LISTING: EARTH 3420.03

OCEA 3685 Gulf of Eilat Ecosystem

CREDIT HOURS: 3

Introduction to physical, chemical, and biological oceanography, marine geology, biogeochemistry, and coral-reef biology. Focus is on subtropical seas, the coral reef ecosystem, and the unique characteristics of the Gulf of Eilat. Lectures, laboratories, demonstrations, field trips, exam, group field research projects in the sea, oral presentation, and scientific research paper.

NOTES: This is a field course given at the Eilat Ocean Studies Centre in Israel. Entry is restricted and requires submission of an application form

FORMAT: Lecture| Lab

PREREQUISITE: OCEA 2000, STAT 1060, permission of instructor

CROSS-LISTING: MARI 3685.03

OCEA 4000 Oceans and Global Change

CREDIT HOURS: 3

This course examines the role and response of the Oceans to global change, including alterations in currents and circulation, increases in sea level and storm surges, changes in ocean chemistry, modification to the types and patterns of sediment deposition, alterations in the abundances and distributions of organisms, and overall productivity. The course will discuss means of predicting these changes and their effects.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 3001.03, OCEA 3002.03, OCEA 4110.03, OCEA 4140.03 or permission of Instructor

OCEA 4110 Geological Oceanography

CREDIT HOURS: 3

This course is intended to give a broad survey of topics in marine geology and geophysics. The course content covers recent methods and observations with quantitative applications to an understanding of geophysical and geological processes. Some topics covered are: plate tectonics; seismic, heat flow, gravity, and magnetic methods; patterns and processes of sediment transport and deposition.

NOTES: Some laboratory exercises may augment the lectures. Third year and honours undergraduates will be admitted by consent of the instructor. No previous background in Geology or Geophysics is required.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 2000.06 (or OCEA 2001.03/2002.03); OCEA 2020.03; OCEA 2021.03; or permission of instructor.

CROSS-LISTING: OCEA 5110.03, EARTH 4110.03

OCEA 4115 Micropaleontology and Global Change

CREDIT HOURS: 3

See course description for EARTH 4502 in the Earth Sciences section of this calendar.

CROSS-LISTING: EARTH 4502.03

OCEA 4120 Physical Oceanography

CREDIT HOURS: 3

This course introduces undergraduate students to the physical properties and dynamics of the oceans. Topics range from global circulation down to the small scales of turbulence. Fact and theory are blended throughout. Quantitative problem solving is emphasized in assignments.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03, MATH 1010.03, classic calculus or equivalent, and permission of the instructor

CROSS-LISTING: OCEA 5120.03

RESTRICTIONS: Third- and fourth-year students only

OCEA 4130 Chemical Oceanography

CREDIT HOURS: 3

This course covers the major and minor constituents of sea water, the controls on its chemical composition, nutrient cycling, gas exchange and the influence of the oceans on atmospheric chemistry. Other topics included are chemical tracers, and radiochemical dating methods, stable isotope studies, chemical speciation and chemical models of sea water.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 2000, OCEA 3002 or instructor's consent

CROSS-LISTING: OCEA 5130.03

OCEA 4140 Biological Oceanography

CREDIT HOURS: 3

The goal is to describe how physical, chemical and biological processes interact to determine the species composition, biogeochemical activities, and trophic structure of marine communities. Outstanding problems currently facing biological oceanographers and earth systems scientists are discussed, as are current attempts and methodologies to address them.

NOTES: Biological oceanography is a quantitative science and extensive problem solving is required. Students should be competent in mathematics through calculus.

Permission of instructor is required.

PREREQUISITE: OCEA 2000.06 (or OCEA 2001.03/2002.03); OCEA 2020.03; OCEA 2021.03; or permission of instructor

CROSS-LISTING: OCEA 5140.03, BIOL 4661.03, 5661.03, MARI 4661.03

OCEA 4160 Fisheries Oceanography

CREDIT HOURS: 3

Oceanographic influences on ecology of marine fish: on population dynamics, distribution, abundance, reproduction, life history, feeding, growth, metabolism, mortality, and recruitment. Emphasis on contemporary hypotheses and primary literature and some on fishery management. Primary-publication-style research paper required. Competence with fundamental population dynamics, ecology, physical oceanography, mathematics, and statistical analyses expected.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 2000.06 or 2001.03 or 2002.03, BIOL 2060.03 and/or 3067.03 or equivalent. MATH/STAT 1060.03 and/or 2080.03 or equivalent or instructor's consent.

CROSS-LISTING: BIOL 4369.03, MARI 4369.03, OCEA 5160.03

OCEA 4200X/Y Honours Research

CREDIT HOURS: 6

This course is required for students enrolled in the Concentrated Honours in Ocean Sciences, and certain streams of the Combined Honours in Oceanography program. It consists of a research project under the supervision of a faculty member, and should include an original component in oceanography. Students are required to participate in weekly meetings of the class and make a presentation (oral or poster) at the annual CDOGS meeting in March.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

PREREQUISITE: Permission given by instructor.

OCEA 4210 Time Series Analysis in Oceanography and Meteorology

CREDIT HOURS: 3

This course describes the application of advanced time series analysis in oceanography and meteorology. Time and frequency domain approaches are covered. Students will develop their own computer programs to analyze real observations. Specific topics include stationarity, auto and cross covariance functions, power and cross spectra, and state space models.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: STAT 4390.03/5390.03, OCEA 5210.03

OCEA 4220 Numerical Modelling of Atmospheres and Oceans

CREDIT HOURS: 3

This course discusses numerical modelling techniques for simulating atmospheric and oceanic circulations. Material includes: review of governing equations; finite difference, finite element, and spectral methods; Eulerian, semi-implicit and semi-Lagrangian time integration techniques; accuracy and stability analyses; data assimilation and ensemble prediction methods; and boundary treatment for ocean models.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: 1000-level calculus course and instructor's consent

CROSS-LISTING: OCEA 5220.03

OCEA 4221 Ocean Dynamics

CREDIT HOURS: 3

An advanced course for students in Physical Oceanography and Atmospheric Science that studies the basic equations governing rotating geophysical flows, plus applications. Topics include geostrophy, conservation of potential vorticity, quasi-geostrophic dynamics, geostrophic adjustment, response to surface forcing (steady and unsteady).

CROSS-LISTING: OCEA 5221.03

OCEA 4222 Estuary, Coast and Shelf Dynamics

CREDIT HOURS: 3

This course discusses the physical processes that operate on continental shelves to create long waves, tides, tidal mixing, thermohaline circulation, wind forcing, upwelling, etc. Both observations and models for these processes are discussed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: OCEA 4120.03

CROSS-LISTING: OCEA 5222.03

OCEA 4230 Biology of Phytoplankton

CREDIT HOURS: 3

This class presents the phytoplankton in the context of their evolutionary history and ecological diversity, with an emphasis on their adaptations and acclimation to different environments and their role in food webs and in biogeochemical cycling.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: BIOL 4662.03, OCEA 5230.03, MARI 4662.03

OCEA 4250 Acoustical Oceanography

CREDIT HOURS: 3

This class covers the basic theory of sound propagation and scattering in the ocean environment, and the applications to acoustic remote sensing of the ocean interior.

Topics include: normal modes; ray theory; scattering from particles, bubbles and biota; sonar theory and operation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2001.03 and 2002.03 or equivalent and instructor's consent

CROSS-LISTING: OCEA 5250.03

OCEA 4290 Advanced Chemical Oceanography

CREDIT HOURS: 3

This course presents research topics in chemical oceanography, taught as 3-4 self-contained modules. Examples include, the oceanic CO₂ system and its relation to climate change, chemical reactions in sediments, photochemistry in the upper ocean, and inferring the chemistry of ancient oceans through the isotope record in sediments.

PREREQUISITE: Students will have completed all required 3000 level courses in Oceanography, OCEA 4130, and have the consent of the instructor of this course.

CROSS-LISTING: OCEA 5290.03

RESTRICTIONS: Open only to students enrolled in the combined Honours in Chemistry and Oceanography

OCEA 4311 Fluid Dynamics I

CREDIT HOURS: 3

An introduction to the theory of fluid dynamics, with some emphasis on geophysically important aspects. Contents: tensor mathematics, flow kinematics, equations of motion, viscous flow, potential flow, convection, turbulence, and basic aerodynamics. Occasional reference will be made to current research topics, especially those in Physical Oceanography.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Intended for first-year graduate students in physical oceanography, but graduate students or senior undergraduates in Mathematics or Physics are invited to take it (subject to instructor approval)

CROSS-LISTING: PHYC 4311.03, PHYC 5311.03, OCEA 5311.03

OCEA 4330 Benthic Ecology

CREDIT HOURS: 3

A graduate/fourth year undergraduate course on major problems of benthic ecology, such as food supply to benthic animals, and geomicrobiological processes in sediments. Classes consist of two lectures per week and one journal paper discussion session. The last three weeks of the course are devoted to a class research project.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: BIOL 4666.03, OCEA 5330.03, MARI 4666.03

OCEA 4331 History of Marine Sciences

CREDIT HOURS: 3

In this course, we will trace the history of marine sciences from the ancients to the 20th century. Topics may include ancient cosmologies, voyages of discovery, ocean circulation, and a range of scientific perspectives and technological developments that have shaped human understanding of the oceans.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: BIOL 4664.03, OCEA 5331.03, SCIE 4001.03, HIST 3073.03, HSTC 3331.03, MARI 4664.03

OCEA 4335 Environmental Impacts in Marine Ecosystems

CREDIT HOURS: 3

Consideration of various activities in marine environments, with focus on ecosystem level influences: dispersion, elemental fluxes, benthic impacts, food webs, biodiversity. Simulation modelling of ecosystems is undertaken using Simile OOP software. Classes include lectures, modelling examples, and discussion of research papers. Course requirements consist of problem sets and modelling project.

FORMAT: Lecture

COREQUISITE: BIOL 2060.03, MATH 1000.03, STAT 1060, or permission of the instructor.

CROSS-LISTING: OCEA 5335.03, BIOL 4335.03, MARI 4335.03

OCEA 4370 Deep Sea Biology

CREDIT HOURS: 3

We focus on the biology of organisms inhabiting the deep sea: physiological adaptations to the physicochemical and geological environment; spatial and temporal distributions of biological assemblages; and regulatory factors of these assemblages, such as currents, food availability, reproduction and recruitment. Also, we delve into unique habitats, such as hydrothermal vents.

PREREQUISITE: BIOL 2060.03 and OCEA 2000.06

CROSS-LISTING: BIOL 4370.03, MARI 4370.03, OCEA 5370.03

OCEA 4380 Marine Modelling

CREDIT HOURS: 3

This course provides a survey of modelling techniques applied to physical, biological and biogeochemical problems in oceanography. Lecture material covers the philosophy of modelling, dimensional analysis, parameterization of various processes, numerical approaches to solving differential equations, etc. Students are given the opportunity to study topics of particular interest to them.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03; MATH 1010.03; OCEA 2020.03; OCEA 2021.03; or permission of instructor

CROSS-LISTING: OCEA 5380.03

OCEA 4401 Marine Management I

CREDIT HOURS: 3

This course exposes students with a marine science background to the increasing need for marine scientists and ocean managers and policy makers to work collaboratively to address the interdisciplinary nature of the problems confronting the world's oceans. This course is restricted to 4th year students with a marine science background.

FORMAT: Lecture

PREREQUISITE: OCEA 2000.06 (or OCEA 2001.03/2002.03)

RESTRICTIONS: Restricted to 4th year students

OCEA 4402 Marine Management II

CREDIT HOURS: 3

Students focus on the linkages between ocean governance and ocean science to understand the role of marine science in informing and influencing decisions affecting coastal and marine space and resources at multiple geographic and jurisdictional scales. This course is restricted to 4th year students with a marine science background.

PREREQUISITE: OCEA 2000.06 (or OCEA 2002.03/2002.03), OCEA 4401.03

RESTRICTIONS: Restricted to 4th year students

OCEA 4411 Atmospheric Dynamics I

CREDIT HOURS: 3

See course description for PHYC 4411.03 in the Physics and Atmospheric Science section of this calendar.

PREREQUISITE: PHYC 2140.03, or instructor's consent

CROSS-LISTING: OCEA 5411.03, PHYC 4411.03/5411.03

OCEA 4412 Atmospheric Dynamics II

CREDIT HOURS: 3

See course description for PHYC 4412.03 in the Physics and Atmospheric Science section of this calendar.

PREREQUISITE: OCEA 4411.03/5411.03 or PHYC 4411.03/5411.03, or instructor's consent

CROSS-LISTING: OCEA 5412.03, PHYC 4412.03/ PHYC 5412.03

OCEA 4470 Introduction to Seismic Imaging

CREDIT HOURS: 3

See course description for EARTH 4470.03 in the Earth Sciences section of this calendar.

PREREQUISITE: EARTH 2270.03, or instructor's consent

CROSS-LISTING: OCEA 5470.03, EARTH 4470.03/5470.03

OCEA 4480 Advanced Seismic Imaging

CREDIT HOURS: 3

See course description for EARTH 4480.03 in the Earth Sciences section of this calendar.

PREREQUISITE: EARTH 4470.03, or instructor's consent

CROSS-LISTING: EARTH 4480.03, EARTH 5480.03, OCEA 5480.03

OCEA 4505 Atmospheric Physics

CREDIT HOURS: 3

See course description for PHYC 4505.03 in the Physics & Atmospheric Science section of this calendar.

CROSS-LISTING: OCEA 5505, PHYC 4505/5505

OCEA 4520 Introduction to Atmospheric Science

CREDIT HOURS: 3

See course description for PHYC 4520.03 in the Physics and Atmospheric Science section of this calendar.

PREREQUISITE: PHYC 2140.03, or instructor's consent

CROSS-LISTING: OCEA 5520.03, PHYC 4520.03/5520.03

OCEA 4541 Synoptic Meteorology I

CREDIT HOURS: 3

See course description for PHYC 4540.03 in the Physics and Atmospheric Science section of this calendar.

COREQUISITE: OCEA 4411.03

PREREQUISITE: At least one third-year Physics course

CROSS-LISTING: OCEA 5541.03, PHYC 4541.03/5541.03

OCEA 4550 Synoptic Meteorology II

CREDIT HOURS: 3

See course description for PHYC 4550.03 in the Physics and Atmospheric Science section of this calendar.

PREREQUISITE: OCEA 4541.03, or PHYC 4540

CROSS-LISTING: OCEA 5550.03, PHYC 4550.03/5550.03

OCEA 4595 Atmospheric Chemistry

CREDIT HOURS: 3

See course description for PHYC 4595.03 in the Physics and Atmospheric Science section of this calendar.

PREREQUISITE: PHYC 2140.03 and a first-year chemistry course

CROSS-LISTING: OCEA 5595.03, PHYC 4595.03, PHYC 5595.03, CHEM 4595.03

Introduction

How does the world work? What are the rules that govern how things happen? These are the questions that intrigue physicists who try to explain the great diversity of nature with the fewest and simplest hypotheses. They discover that there are underlying similarities between things that look very different on the surface. Good physicists have the imagination to see these similarities, coupled with the understanding of the fundamentals of their science to determine the rules that govern the universe. Our programs are designed to allow you to learn physics in a systematic manner and understand how physics applies to the world around us.

Physicists are employed in many areas in universities, government departments and industry and are valued for their ability to discover and apply fundamental insights to a variety of situations.

This intellectual rigor can be applied in many fields beyond physics including meteorology, engineering, education, law, medicine, dentistry, health sciences, and business. Because practicing physicists often have knowledge of several fields, we have a number of combined programs with other science disciplines to provide that broader approach.

Our Honours program is our most comprehensive program aimed at those intending to become career physics specialists. Our various major and combined programs described below provide the opportunity to pursue a broad education in both physics and other areas.

First Year Courses

There are three first year courses. PHYC 1450.06 is a general interest course for BA students and is not acceptable as a prerequisite for further courses in physics. PHYC 1190.03/PHYC 1290.03, and PHYC 1300.06 both give a general introduction to physics, but each has its own particular approach and selection of topics.

PHYC 1190.03/PHYC 1290.03 is primarily for students intending to make a study of a physical science or engineering; it has regular labs, occasional tutorials, uses calculus, and is accepted as a prerequisite for advanced physics courses. Nova Scotia Grade XII Physics or its equivalent is a prerequisite. It is recommended that PHYC 1190/PHYC 1290 be taken consecutively, but PHYC 1190 is not a prerequisite for PHYC 1290.

PHYC 1300.06 is an introductory course which is oriented towards the health sciences and is primarily intended for students in biology, pre-medicine, pre-dentistry and allied health sciences. The course incorporates labs and tutorials, and is accepted as a prerequisite for advanced physics courses when MATH 1000.03 and MATH 1010.03 are taken concurrently. It is a good preparation for the Medical College Admission Test (MCAT). Nova Scotia Grade XII Physics or its equivalent is highly recommended.

Students who participate in the Integrated Science Program in their first year should consult the Undergraduate Calendar for first year course equivalencies. The following options fulfill the first year requirements for any Physics program:

- SCIE 1515.36
- SCIE 1520.30
- SCIE 1530.27
- SCIE 1505.18, Option A or B

Second Year Courses

There are five 2nd year core physics courses (PHYC 2050, PHYC 2140, PHYC 2150, PHYC 2510, PHYC 2515). These courses are also suitable for students in other disciplines who would like to enhance their knowledge of physics. In particular, PHYC 2150 provides an opportunity to gain more laboratory experience, which is extremely valuable in many jobs.

Third and Fourth Year Courses

Not all courses are offered each year. Students should take careful note of the year in which each of these courses is planned to be offered. This information can be found at the department website <http://www.physics.dal.ca>

Prizes are awarded to the top students in each year of the program. Please refer to Awards.

Degree Programs

The Department of Physics and Atmospheric Science offers the following degree programs in Physics

- BSc or BA (120 credit hour) Honours (Concentrated)*
- BSc or BA (120 credit hour) Combined Honours*
- BSc or BA (120 credit hour) Major*
- BSc or BA (120 credit hour) Major combined with a Diploma in Meteorology*
- BSc or BA (120 credit hour) Double Major*
- BSc or BA (90 credit) Minor in Physics
- Minor in Physics
- One year Diploma in Meteorology

* BSc Co-op option available

* May be combined with Minor programs from other disciplines

Departmental requirements for each degree program can be seen by following the links in the menu to the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Student applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Physics undergraduate academic advisor.

Staff

Dean

Moore, C. L., BA, PhD (Cantab)

Chair of Department and George Munro Professor

Rotermund, H. H. (902) 494-2342

Undergraduate Advisor

Kreplak, L. (902) 494-8435 UGPhysicsAdvisor@dal.ca

Graduate Coordinator

Monchesky, T. (902) 494-3582 theodore.monchesky@dal.ca

Coordinator, Atmospheric Science

Drummond, J. R. (902) 494-2324 james.drummond@dal.ca

Coordinator, Diploma in Meteorology

Folkins, I. (902) 494-1292 ian.folkins@dal.ca

Co-op Academic Advisor

Labrie, D. (902) 494-2322 daniel.labrie@dal.ca

Professors Emeriti

Jericho, M. H., BSc, MSc (Dalhousie), PhD (Cantab), FRSC
Kreuzer, H. J., MSc, DSc (Bonn), FRSC - A.C. Fales Professor of Theoretical Physics
Stroink, G., BSc, MSc (Delft), PhD (McGill), PEng

Professors Research

Geldart, D. J. W., BSc (Acadia), PhD (McMaster), FRSC - Research
Kreuzer, H. J., MSc, DSc (Bonn), FRSC - A.C. Fales Professor of Theoretical Physics

Professors

Chapman, S. C., BSc, MSc, PhD (UBC)
Dahn, J. R., BSc (Dalhousie), MSc, PhD (UBC), FRSC, NSERC/3M Canada Inc. Industrial Research Chair, Canada Research Chair in Materials for Batteries and Fuel Cells, cross appointment with Chemistry
Drummond, J. R., BA, MA, PhD (Oxford), FRSC - Canada Research Chair, Remote Sounding of Atmospheres
Dunlap, R. A., BS (Worcester), AM (Dart), PhD (Clark) - Research
Geldart, D. J. W., BSc (Acadia), PhD (McMaster), FRSC - Research
Hill, I. G., BSc, PhD (Queen's)
Martin, R. V., BS (Cornell), MS, PhD (Harvard), Killam Professor, cross appointment with Environmental Programs, Chemistry
Rotermund, H. H., PhD (Berlin), George Munro Professor of Physics
Rutenberg, A. D., BSc (Toronto), PhD (Princeton)
White, M. A., BSc (Western), PhD (McMaster), FRSC, University Research Professor, primary appointment with Chemistry
Zwanziger, J. W., BA (Chicago), PhD (Cornell), Canada Research Chair in NMR Studies of Materials, primary appointment with Chemistry

Associate Professors

Beyea, S., PhD (UNB), primary appointment with Diagnostic Radiology
Duck, T., BSc, PhD (York)
Folkins, I., BSc (Dalhousie), MSc, PhD (Toronto)
Hall, K. C., MSc, PhD (Toronto), Canada Research Chair, Ultrafast Science
Hewitt, K., BSc (Toronto), PhD (SFU), P. Phys.
Kelly, R., BSc, MSc (Memorial), PhD (Western)
Kreplak, L., MSc (Supélec), PhD (Univ. Paris XI), cross appointment with Biomedical Engineering
Kyriakidis, J., BSc, MSc (Dalhousie), PhD (Basel)
Labrie, D., BSc (Montreal), MSc, PhD (McMaster)
Maksym, G. N., PhD (McGill), primary appointment in the School of Biomedical Engineering

Monchesky, T., BSc (Toronto), PhD (SFU)
Robar, J., MSc (McGill), PhD (UBC), primary appointment with Radiation Oncology
Thomas, C., BSc (St. Mary's), MSc (Dalhousie), PhD (Western)
Wells, S. M., BSc (Western), PhD (Toronto) (NSERC University Faculty Award), primary appointment with Medicine
Xu, H., BSc (Zhejiang), MSc (Regina), PhD (McMaster)

Assistant Professors

Chang, R. Y. -W., BSc, MSc, PhD (Toronto) Canada Research Chair in Atmospheric Science
Lesins, G. B., PhD (Toronto)
Maassen, J., BEng, MSc (Ecole Polytechnique de Montreal), PhD (McGill)

Senior Instructor

Payne, S. H., BSc, PhD (Canterbury)

Instructor

de Vet, S. J., MSc (Dalhousie), PhD (Western)

Adjunct Professors

Azzouz, M., PhD (J. F., France), Physics and Astronomy, Laurentian University
Bennett, J. C., PhD (Waterloo), Physics, Acadia
Beyea, S., PhD (UNB), National Research Council of Canada
Bonev, S. A., MSc (Dalhousie), PhD (Cornell), Lawrence Livermore National Laboratory
Bowen, C., BSc (St. FX), MSc (McMaster) PhD (Western), Institute for Biodiagnostics, NRC
Butler, M., PhD (Caltech), Carleton University
Grabtchak, S., PhD (UPEI)
Greatbatch, R., BSc (Liverpool), PhD (Cambridge), NSERC/MARTEC/MSC Industrial Research Chair
Hornidge, D., PhD (Saskatchewan) Physics, Mount Allison
Kanungo, R., PhD (Calcutta Univ), Astronomy and Physics, St. Mary's
Pierce, J., BS (Northeastern), PhD (Carnegie Mellon), Colorado State
Ritchie, H. C., MSc, PhD (McGill), Meteorological Service of Canada - Atlantic
Robertson, M., PhD (Waterloo), Physics, Acadia
Sarty, A., PhD (Saskatchewan) Astronomy and Physics, St. Mary's
Schmidt, P., PhD (Michigan)
Titus, L., BSc (St. Mary's), DMet, MSc (Dalhousie)

Postdoctoral Fellows/Research Associates

Croft, B., PhD (Dalhousie)
Geddes, J., (Toronto)
Hall, D., PhD (Ottawa)
Ma, X., PhD (Florida State)
Snider, G., PhD (McGill)
Stevens, D., PhD (Dalhousie)
Tikhomirov, A., DSci (Institute of Atmospheric Optics, St. Petersburg)
Tsehtik, Y., MSc (Mozhaisky Military Space Engineering Univ)
van Donkelaar, A., PhD (Dalhousie)
Wang, Y., PhD (McMaster)
Xia, J., PhD (Sun Yat-sen)

BSc or BA (120 credit hour) Concentrated Honours in Physics

Students who want a challenging program resulting in a broad and in-depth background in Physics, including an independent research experience, may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours. Honours students complete a minimum of 54 credit hours above the 1000 level in the Physics courses listed below with a minimum GPA of 3.0, and write a research-based Honours thesis. The

thesis requirement is satisfied through completion of PHYC 4800.03/PHYC 4850.03.

A Co-op option is available for students enrolled in a BSc Concentrated Honours in Physics.

Admission to Honours

Students must apply for admission to Honours programs. Students considering Honours in Physics should consult with a Physics Undergraduate Advisor early in their second year.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Concentrated Honours program in Physics must complete the following courses:

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium

Or Integrated Science Program (options above)

2000 level

- PHYC 2140.03: Physics Tools: Theory/PHYC 2150.03: Physics Tools: Experiment
- PHYC 2515.03: Modern Physics/PHYC 2510.03: Electricity and Magnetism
- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I/PHYC 2050.03: Computer Simulation in Science

3000 and 4000 level

- PHYC 3000.03: Experimental Physics I/PHYC 3010.03: Experimental Physics II
- PHYC 3640.03: Quantum Physics I/PHYC 3590.03: Advanced Classical Mechanics
- PHYC 3200.03: Thermodynamics/PHYC 3210.03: Statistical Mechanics
- MATH 3120.03: Differential Equations/PHYC 3100.03
- PHYC 4151.03: Quantum Physics II
- PHYC 4160.03: Mathematical Methods of Physics
- PHYC 4800.03/PHYC 4850.03: Honours Research Project
- An additional six credit hours of 3000 or 4000 level PHYC courses, other than PHYC 3160.03, PHYC 3170.03, PHYC 3330.03, PHYC 4540.03: Synoptic Meteorology I, PHYC 4550.03: Synoptic Meteorology II

* Up to 30 credit hours of general electives may be chosen from the Faculty of Engineering.

Honours Qualifying Exam

The Honours Qualifying Exam grade is the average of best ten grades obtained in 3000 and 4000 level Honours courses.

BSc or BA (120 credit hour) Combined Honours in Physics and another subject

Students who wish to study Physics in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Physics may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject. In recent years, students have combined Physics with

- Mathematics

- Biology
- Earth Sciences
- Chemistry
- Computer Science
- History of Science and Technology
- Contemporary studies

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. The same standards and conditions for admission apply as for entry into a Concentrated Honours program (see above). In addition, students must have their program of study approved by Academic Advisors in both subject areas. Students must complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Physics, this requirement is satisfied through PHYC 4800.03/PHYC 4850.03.

A Co-op option is available for students enrolled in BSc Combined Honours with Physics as the primary subject.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Combined Honours program in Physics and another subject must complete the courses listed below. Elective Physics courses should be chosen in consultation with a Physics undergraduate advisor. If courses are not selected carefully, students in a Combined Honours program may not be qualified to enter a regular graduate program in Physics after graduation.

Physics as the primary or secondary subject

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium

Or Integrated Science Program (options above)

2000 level

- PHYC 2140.03: Physics Tools: Theory/PHYC 2150.03: Physics Tools: Experiment
- PHYC 2515.03: Modern Physics/PHYC 2510.03: Electricity and Magnetism
- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- PHYC 2050.03: Computer Simulation in Science

3000 and 4000 levels

- A minimum of 15 credit hours in PHYC courses at or above the 3000 level

If Physics is the primary subject

- An additional six credit hours at or above the 3000 level, which may be PHYC 4800.03/PHYC 4850.03: Honours Research Project

BSc or BA (120 credit hour) Major in Physics

The 120 credit hour Major is suited to students who want to focus on *Physics*, but wish to have a program that is somewhat less constrained than the Honours program. Physics Majors complete a minimum of 42 credit hours in Physics courses past the 1000 level as listed below. Research and other experiential learning opportunities are available through laboratories, special topics and experiential classes.

A Co-op option is available for students enrolled in a 120 credit hour BSc Major program in Physics.

Departmental requirements

In addition to fulfilling the requirements outline in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Major program in Physics must complete the following courses:

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium

Or Integrated Science Program (options above)

2000 level

- PHYC 2140.03: Physics Tools: Theory/PHYC 2150.03: Physics Tools: Experiment
- PHYC 2515.03: Modern Physics/PHYC 2510.03: Electricity and Magnetism
- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- PHYC 2050.03: Computer Simulation in Science
- Six additional physics credit hours at or above the 2000 level

3000 and 4000 level

- A minimum of 21 additional physics credit hours at or above the 3000 level

BSc (120 credit hour) Major in Physics combined with a Diploma in Meteorology

This is an integrated Physics/Meteorology program. In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students must complete the following courses:

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium

Or Integrated Science Program (options above)

2000 level

- PHYC 2140.03: Physics Tools: Theory/PHYC 2150.03: Physics Tools: Experiment
- PHYC 2515.03: Modern Physics/PHYC 2510.03: Electricity and Magnetism
- MATH 2001.03: Intermediate Calculus I/MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I/PHYC 2050.03: Computer Simulation in Science
- Three additional physics credit hours at or above the 2000 level

3000 level

- PHYC 3100.03 or PHYC 3210.03: Statistical Mechanics or PHYC 3250.03: Computational Methods in Physics or PHYC 3590.03: Advanced Classical Mechanics or PHYC 4311.03: Fluid Dynamics I
- PHYC 3200.03: Thermodynamics

4000 level: Meteorology course requirements

- PHYC 4505.03: Atmospheric Physics/PHYC 4570.03: Light Scattering, Radiative Transfer, and Remote Sensing
- PHYC 4540.03: Synoptic Meteorology I/PHYC 4550.03: Synoptic Meteorology II
- PHYC 4411.03: Atmospheric Dynamics I/PHYC 4412.03: Atmospheric Dynamics II
- PHYC 4520.03: Introduction to Atmospheric Science/PHYC 4595.03: Atmospheric Chemistry
- OCEA 4120.03: Physical Oceanography
- OCEA 4220.03: Numerical Modelling of Atmospheres and Oceans or another three credit hour course approved by Program Coordinator

Students are encouraged to ensure that their program meets the requirements for the 90 credit hour BSc by the end of Year 3.

After completion of the Major in Physics and Diploma in Meteorology program, students are eligible to be considered for admission to a graduate program in Atmospheric Science at Dalhousie.

BSc or BA (120 credit hour) Double Major in Physics and another subject

The Double Major degree program allows students to combine a study of Physics with another subject. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Physics may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

It is recommended that students enrolled in a Double Major program consult with advisors in both subject areas.

A Co-op option is available for students enrolled in BSc Double Major with Physics as the primary subject.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a Double Major program in Physics and another subject must complete the following:

Physics as the primary or secondary subject

1000 level

- PHYC 1190.03/PHYC 1290.03: Introduction to Physics or PHYC 1300.06: Physics In and Around You or equivalent
- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity/CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium

Or Integrated Science Program (options above)

2000 level

- PHYC 2140.03: Physics Tools: Theory/PHYC 2150.03: Physics Tools: Experiment
- PHYC 2515.03: Modern Physics/PHYC 2510.03: Electricity and Magnetism
- PHYC 2050.03: Computer Simulation in Science

3000 and 4000 levels

- A minimum of 15 credit hours in PHYC courses at or above the 3000 level

BSc or BA (90 credit hour) Minor in Physics

The 90 credit hour degree with Minor in Physics is appropriate for students who want to study some Physics but do not wish to complete the conventional four-year program. The degree is best suited for students who want a general science degree with some specialization in Physics. A 90 credit hour degree program is not suitable for students who wish to pursue graduate studies. With additional study, the degree may be upgraded to a 120 credit hour Major or Honours degree at a later date.

A 90 credit hour BSc in Physics is usually the preferred option for students who wish to combine studies in Physics with a degree in Engineering (see BSc/BEng or BA/BEng Concurrent Program below). Students with a 90 credit hour BSc in Physics may also want to consider the one year Diploma in Meteorology program.

See the Minor in Physics section of this Calendar.

Minor in Physics

This minor is available to students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Sciences) program.

A BSc or BA (90 credit hour) degree program with a Minor in Physics is available to students in the Faculty of Science.

Departmental Requirements

1000 level

- PHYC 1190.03: Introduction to Physics/PHYC 1290.03: Introduction to Physics OR PHYC 1300.06: Physics in and Around You
- MATH 1000.03: Differential and Integral Calculus I
- MATH 1010.03: Differential and Integral Calculus II
- CHEM 1011.03: Concepts in Chemistry: Structure and Reactivity
- CHEM 1012.03: Concepts in Chemistry: Energy and Equilibrium
- OR Integrated Science Program

2000 level

- PHYC 2050.03: Computer Simulation in Science
- PHYC 2140.03: Physics Tools: Theory
- PHYC 2150.03: Physics Tools: Experiment
- PHYC 2510.03: Electricity and Magnetism
- PHYC 2515.03: Modern Physics
- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II

3000 and 4000 levels

- A minimum of nine credit hours in PHYC courses at or above the 3000 level

Contact Physics and Atmospheric Science for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students

Co-operative Education Program in Physics

Co-op Academic Advisor: Dr. D. Labrie (daniel.labrie@dal.ca)

Co-operative Education in Science is a program where academic study in a science subject is combined with paid career-related work experience. Students undertake three work-terms interspersed with their academic study terms. Science Co-op degree programs enable students to apply their knowledge directly while providing them with work experience that assists in making educated career choices.

Co-op is available to students in BSc (120 credit hour) Honours or Major programs in Physics, or in Combined Honours or Double Major programs with Physics as the

primary subject. The number of students admitted into Co-op each year is limited. A minimum GPA of 3.00 is required for admission and for continuation in the Co-op program. Students must be eligible to work in Canada.

Students normally apply to join Co-op during their first year of study. Students must apply before April 15, and it is strongly recommended that interested students meet with their Departmental Co-op advisor early in the Winter term of their first year. If accepted into Science Co-op, students must register for, and attend the Science Co-op Seminar Series (SCIE 2800.00) at least four months prior to the first work term.

Details are available from the Physics Co-op Academic Advisor and from the Co-operative Education office www.dal.ca/academics/cooperative_education.html. For more information on Co-op Education in Physics, please see the departmental webpage www.dal.ca/academics/programs/undergraduate/pas/what_will_i_learn/coop_work_term.html.

Minors available to students in Physics

Minor programs allow students to develop subject specialties in addition to their major or honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs (including Science Co-op).

Students in a BSc or BA (120 credit hour) program in Physics may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc or BA in Physics, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to student enrolled in a BSc or BA in Physics include:

- Certificate in Information Technology
- Certificate in Materials Science
- Certificate in Science Leadership and Communication

BSc/BEng or BA/BEng Concurrent Program

Students interested in combining their interest in Physics with a degree in Engineering may choose a BSc/BEng or BA/BEng Concurrent Program, normally completed in a 5 year period. Over the first three years, students complete the requirements for a 90 credit hour degree in Physics and a Diploma of Engineering (the first two years of engineering studies). Two more years of engineering studies are then required to obtain a BEng.

A BSc (Honours Physics)/BEng combination is also possible. Interested students should see an undergraduate advisor from Physics and from the Faculty of Engineering in their first year of study.

Geophysics

For students interested in Geophysics, two options are recommended:

- Combined Honours program in Physics and Earth Sciences,

OR

- Concentrated Honours in Physics
- Elective courses: EARTH 2270.03, EARTH 3270.03, EARTH 4470.03, EARTH 4480.03.

Diploma in Meteorology

Students with a general 90 credit hour BSc degree in Physics, Mathematics, Chemistry, or other quantitative disciplines, may apply for admission into a one year Diploma in Meteorology program, provided they have completed the appropriate Physics and Mathematics courses. A strong background in Physics and Mathematics is

necessary, and courses taken should cover Vector Calculus and differential equations. More information on the Diploma in Meteorology program is available at http://atm.dal.ca/Diploma_in_meteorology/.

Course requirements

- PHYC 4505.03: Atmospheric Physics/PHYC 4570.03: Light Scattering, Radiative Transfer, and Remote Sensing
- PHYC 4540.03: Synoptic Meteorology I/PHYC 4550.03: Synoptic Meteorology II
- PHYC 4411.03: Atmospheric Dynamics I/PHYC 4412.03: Atmospheric Dynamics II
- PHYC 4520.03: Introduction to Atmospheric Science/PHYC 4595.03: Atmospheric Chemistry
- OCEA 4120.03: Physical Oceanography
- OCEA 4220.03: Numerical Modelling of Atmospheres and Oceans or another three credit hour course approved by Program Coordinator

After completion of the Diploma program, students are eligible to be considered for admission to a graduate program in Atmospheric Science at Dalhousie.

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

Course Descriptions

PHYC 0010 University Prep Physics

CREDIT HOURS: 3

This course can be used as a prerequisite for PHYC 1100X/Y.06 and PHYC 1300X/Y.06. The course will develop problem-solving techniques in preparation for topics to be covered in PHYC 1100X/Y.06 and PHYC 1300X/Y.06. This course is offered by the College of Continuing Education. Students may register and pay for this course at the College of Continuing Education located at 1220 LeMarchant Street, 2nd Floor or by calling (902) 494-2375. This course is offered in the Fall and Summer sessions only (see College of Continuing Education for more details <http://collegeofcontinuing.dal.ca>).

PREREQUISITE: Grade 12 Pre-Calculus Math

PHYC 1190 Introduction to Physics

CREDIT HOURS: 3

This course concentrates on mechanics (forces and motion). Primarily for students interested in Physical Sciences and Engineering. Students entering this course must be familiar with algebra, graphs, and trigonometry, and should be taking calculus (MATH 1000.03/1010.03 or MATH 1280.03/1290.03) concurrently. Ideas are introduced through in-class demonstrations enabling students to relate physical theory to events in the real world. Students explore many concepts via hands-on labs.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: High School Physics equivalent to the Nova Scotia 12 level. Students not having a physics credit equivalent to Nova Scotia Grade 12 Physics are strongly advised to take PHYC 0010.00 available in the summer and in the fall term. See the College of Continuing Education at: <http://collegeofcontinuing.dal.ca>.

EXCLUSIONS: Credit will be given for only one of 1190.03, 1280.03, or 1310.03

PHYC 1290 Introduction To Physics

CREDIT HOURS: 3

This course concentrates on oscillations and waves, optics, electricity and magnetism. Primarily for students interested in Physical Sciences and Engineering. This course is required for all Engineering programs. Students entering this course must be familiar with algebra, graphs, and trigonometry, and should be taking calculus (MATH 1000.03/1010.03 or MATH 1280.03/1290.03) concurrently. Ideas are introduced through in-class demonstrations enabling students to relate physical theory to events in the real world. Students explore many concepts via hands-on labs.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: High School Physics equivalent to the Nova Scotia 12 level. Students not having a physics credit equivalent to Nova Scotia Grade 12 Physics are

strongly advised to take PHYC 0010.00 available in the summer and in the fall term. See the College of Continuing Education at: <http://collegeofcontinuing.dal.ca>.
EXCLUSIONS: Credit will be given for only one of 1190.03/1290.03, 1280.03/1290.03, 1300X/Y.06, or 1310.03/1320.03

PHYC 1300X/Y Physics In and Around You

CREDIT HOURS: 6

An introduction to physics for students in Biology, Psychology, Arts and Environmental Sciences, and for students preparing for MCAT, and Medicine, Dentistry and Applied Health Sciences. It is accepted as a prerequisite to advanced courses in physics when combined with MATH 1000.03 and 1010.03. Basic concepts in physics are applied, where possible, to realistic biological models, e.g. forces and torques are related to muscles and joints, electricity to cellular activity, fluids to blood circulation, etc. NOTES: 1. This course is not acceptable in the Engineering program. 2. Students taking this course must register in both X and Y in consecutive terms; credit will be given only if both are completed consecutively. 3. Labs do not start until the second week of classes.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: High School Physics equivalent to the Nova Scotia 12 level. Students not having a physics credit equivalent to Nova Scotia Grade 12 Physics are strongly advised to take PHYC 0010.00 available in the summer and in the fall term. See the College of Continuing Education at: <http://collegeofcontinuing.dal.ca>.

EXCLUSIONS: Credit will be given for only one of PHYC 1000X/Y.06, 1100X/Y.06, 1190.03/1290.03, 1280.03/1290.03, 1300X/Y.06, or 1310.03/1320.03

PHYC 1310 Physics in and Around You

CREDIT HOURS: 3

This half course along with PHYC 1320 are, as a pair, equivalent to PHYC 1300X/Y.06. They are available ONLY to accommodate special circumstances; permission from the Department is required for students **not** in Kinesiology. PHYC 1310.03 is strongly recommended for all first year Kinesiology students. PHYC 1320.03 is strongly recommended for Kinesiology students considering the Ergonomics stream. See the Health and Human Performance section of this calendar.

PREREQUISITE: High School Physics equivalent to Nova Scotia Grade 12 level is highly recommended. Students not having a physics credit equivalent to Nova Scotia Grade 12 Physics are strongly advised to take PHYC 0010.00 available in the summer and in the fall term. See the College of Continuing Education at: <http://collegeofcontinuing.dal.ca>.

EXCLUSIONS: Credit will be given for only one of PHYC 1000X/Y.06, 1100X/Y.06, 1190.03/1290.03, 1280.03/1290.03, 1300X/Y.06, or 1310.03/1320.03

PHYC 1320 Physics in and Around You

CREDIT HOURS: 3

This half course along with PHYC 1310 are, as a pair, equivalent to PHYC 1300X/Y.06. They are available ONLY to accommodate special circumstances; permission from the Department is required for students **not** in Kinesiology. PHYC 1310.03 is strongly recommended for all first year Kinesiology students. PHYC 1320.03 is strongly recommended for Kinesiology students considering the Ergonomics stream. See the Health and Human Performance section of this calendar.

PREREQUISITE: PHYC 1310.03 or permission of the instructor.

EXCLUSIONS: Credit will be given for only one of PHYC 1000X/Y.06, 1100X/Y.06, 1190.03/1290.03, 1280.03/1290.03, 1300X/Y.06, or 1310.03/1320.03

PHYC 1450X/Y Astronomy: The Evolving Universe

CREDIT HOURS: 6

Both the universe and our understanding of it are evolving. Topics include naked "eye" astronomy, underlying laws of nature, the revolution in our understanding of the solar system (planets, moons, origin), and the recently discovered "other" planetary systems. We examine our advances in the study of stars, galaxies, and the universe at large. Finally, we introduce the weird and the wonderful - black holes, dark matter and dark energy.

NOTES: This course meets the science distribution requirements for BA students. The course does not count as a prerequisite for any other science course. Algebra and geometry are used only when helpful. Credit can only be given for this course if X and Y are completed in consecutive terms.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: Not open to students taking or having taken PHYC 2450X/Y.06, or PHYC 2451.03 or PHYC 2452.03. BSc students should take PHYC 2451.03 and PHYC 2452.03 instead.

PHYC 1600 Understanding Weather

CREDIT HOURS: 3

The changing weather is a topic of almost universal interest. This course provides an introductory explanation for the basic processes that comprise the day to day weather changes in a non-mathematical way. Topics include weather maps and the wide range of atmospheric phenomena.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PHYC 2050 Computer Simulations in Science

CREDIT HOURS: 3

Computer simulation plays an essential role in all fields of science. This class introduces techniques in computer simulation, including finite-difference calculations, Monte Carlo methods, and scientific visualization. A modern programming language and practical tools will be used. The course is suitable for students in Science, Computer Science and Engineering.

PREREQUISITE: PHYC 1280.03/PHYC 1290.03, CHEM 1011.02/CHEM 1012.03, MATH 1000.03/MATH 1010.03

PHYC 2140 Physics Tools: Theory

CREDIT HOURS: 3

The character of physical laws is most lucidly expressed in mathematical terms. The objective of this course is the acquisition of mathematical tools and gainful proficiency in their use. Topics will include complex numbers, partial derivatives, vector calculus, linear transformations and differential equations. Theorems and proofs will be kept to a minimum. Instead, lectures, homework and tutorials will be largely driven by example problems from a wide variety of physics fields. Text book: Boas, Mathematical Methods in the Physical Sciences.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 1190.03/1290.03 or 1300X/Y.06 and a 1000 level calculus class or permission from the instructor.

PHYC 2150 Physics Tools: Experiment

CREDIT HOURS: 3

Introducing experimental tools and techniques within a theoretical framework, this course explores concepts in oscillations, waves, electricity and magnetism. The aim is to learn and apply techniques commonly used in Physics research. The following experimental tools and techniques are explored: Instrumentation; Fourier series; Data analysis; building AC and DC circuits; Detection and production of ultrasonic, acoustic, visible, microwaves; Mechanical systems. For example, the concept of resonance is applied to electronic (e.g. Radio), optical, acoustic (e.g. Music), mechanical and nuclear (e.g. MRI) systems in the lab. Textbook: An Introduction to Error Analysis, John R. Taylor.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 1

LAB HOURS PER WEEK: 5

PREREQUISITE: PHYC 1190.03/1290.03 or 1300X/Y.06 or SCIE 1500X/Y.30 and a 1000-level calculus course, or permission of instructor

PHYC 2250 Physics of Biological and Medical Technology

CREDIT HOURS: 3

This course focuses on the nature of different forms of radiation and their interactions with living organisms. Particular attention is given to imaging techniques for the examination of internal organs, and the resulting effects of radiation. Topics may include ultrasound, nuclear medicine, X-ray tomography, magnetic resonance imaging, and exposure to ultraviolet and nuclear radiation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 1190.03/1290.03 or 1300X/Y.06: MATH 1000.03/1010.03 or SCIE 1500X/Y.30, 1501X/Y.30, 1501X/Y.27, 1502X/Y.21 1503X/Y.21, 1504X/Y.27, or 1510X/Y.33 or permission of the instructor.

PHYC 2310 Energy and the Environment

CREDIT HOURS: 3

The physical principles and limitations of renewable energy source utilization and energy conversion. A quantitative introduction to energy conversion and storage systems, including solar power and heating, wind, tidal, geothermal, hydroelectric, nuclear power, hydrogen technology, electrical and mechanical energy storage. The input of these energy options on the global climate and environment will be discussed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 1190.03/1290.03 or PHYC 1300X/Y.06 or CHEM 1011.03/1012 and MATH 1000.03 or MATH 1215.03 or permission of the instructor.

CROSS-LISTING: ENVS 2310.03

EXCLUSIONS: Students who have previously taken PHYC 3330 can not take PHYC 2310.

PHYC 2451 Astronomy I : The Sky and Planets

CREDIT HOURS: 3

An introduction to astronomy for science students. If you have ever marvelled at the beauty of the night sky and yearned to learn a little about how Science can help us understand it, then this course (and its companion PHYC 2452.03) is for you. After learning the fundamentals, (observation of the sky, gravitation, radiation and telescopes), we will study the Solar System, primarily the planets and their major satellites.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: A first year science course

EXCLUSIONS: PHYC 2450.06 X/Y

PHYC 2452 Astronomy II: Stars and Beyond

CREDIT HOURS: 3

This course is the second part of an introduction to astronomy for science students. This course builds on the knowledge gained in the first half of PHYC 2451.03 to study the nearest star (the sun) and develops this to explain the behaviour of objects outside the Solar System like stars, pulsars, quasars and black holes. Finally, galaxies and the Universe as a whole (cosmology) are studied with questions like, "will the universe expand forever - or will it collapse in the Big Crunch"? How do we know all of this and how well do we know it?

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2451.03 or permission of the instructor

EXCLUSIONS: PHYC 2450X/Y.06

PHYC 2510 Electricity and Magnetism

CREDIT HOURS: 3

The course will develop the vector calculus needed for the description of electric and magnetic fields. Other topics include scalar and vector potentials, forces on charges, magnetic induction and Maxwell's equations. The course will give students the necessary foundation for an understanding of more advanced topics in electricity and magnetism.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03, a multi-variable calculus course (MATH 2001.03/2002.03, which can be taken concurrently), or permission of the instructor

PHYC 2515 Modern Physics

CREDIT HOURS: 3

This course introduces two physics revolutions: Einstein's theory of special relativity and the theory of quantum mechanics. Important early experiments are considered throughout the course. We consider length contraction, time dilation, and relativistic kinematics. Then, to account for wave-like properties of matter, we introduce complex wave functions in one-dimension and show how they lead to energy quantization, Schrodinger's equation, and penetration into classically forbidden regions. Other topics of modern physics, such as random walks (transport theory) may be introduced. A tutorial is offered.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 1190.03/1290.03 or PHYC 1300.06 or SCIE 1500.03, and a 1000 level calculus course

PHYC 2610 Introduction to Biomechanics

CREDIT HOURS: 3

This course provides an introduction to mechanical and analytical concepts applied to the study of biological systems, particularly human movements and tissues. It expands on the knowledge acquired in PHYC 1310, the mechanics as it applies to the human body. It deals with the muscle forces required for the different tasks, the role of the centre of mass in balance and motion and the stresses and strains endured by the different biological tissues. The primary goal of the course is to learn to apply basic mechanical concepts to human movements.

FORMAT: Lecture

PREREQUISITE: PHYC 1300.06 or PHYC 1310.03 or PHYC 1190.03 or permission of the instructor

EXCLUSIONS: KINE 2465.03

PHYC 2800 Climate Change

CREDIT HOURS: 3

The workings of the Earth's climate system are examined and then applied to help understand contemporary climate change. The role of numerical climate models is discussed with the aim of interpreting climate change predictions for the coming decades. Finally the impacts of climate change are studied with a focus on the various mitigation and adaptation strategies needed.

CROSS-LISTING: GEOG 2800.03, OCEA 2800.03

EXCLUSIONS: ECON2850.06, PHYC2850.06

PHYC 2850 The Science and Economics of Climate Change

CREDIT HOURS: 6

This course examines how climate change will impact the environment and human activities, and how to formulate and implement economically realistic solutions. It integrates the physical and biological science with economics in order to analyze the response options as we move towards a carbon-neutral society.

FORMAT: Lecture

PREREQUISITE: Any first year science or math course or permission of the instructor.

CROSS-LISTING: ECON 2850

EXCLUSIONS: PHYC 2800, ECON 2216

PHYC 3000 Experimental Physics I

CREDIT HOURS: 3

This course introduces students to electronics and measuring techniques. Topics include digital electronics: logic gates, clocks, shift registers, counters, memory; analog electronics; R.C.L. circuits, operational amplifiers; electronic systems: A/D and D/A chips, computer chips, and displays. The course also introduces students to modern data acquisition methods (including LabVIEW), skills which will be applied in the design and execution of experiments that illustrate fundamental concepts in physics. This course is open to Honours students only.

NOTES: This course has no final examination. Student evaluation is through performance on assignments and projects, and evaluation of written lab reports.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 6

PREREQUISITE: PHYC 2150.03 and PHYC 2515.03, or permission of the instructor.

PHYC 3010 Experimental Physics II

CREDIT HOURS: 3

Designed to give the students a chance to do non-set experiments and thereby encounter and solve the problems of experimentation. Original approaches by the students are encouraged. As the number of experiments is small (three) students should achieve a real understanding of a few physical phenomena. Lecture topics include data& analysis as encountered in the different areas of physics.

FORMAT: Lecture| Lab

LAB HOURS PER WEEK: 6

PREREQUISITE: PHYC 3000.03 with a minimum grade of B, or permission of the instructor

PHYC 3180 Contemporary Physics

CREDIT HOURS: 3

This course covers a variety of topics related to areas of current interest in physics. Presently, topics include high temperature superconductivity, quantum hall effect, neutrino oscillations, gravitational radiation and fusion reactors.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 2001.03 and at least one of PHYC 2515.03 or PHYC 2150.03 or permission of the instructor

PHYC 3200 Thermodynamics

CREDIT HOURS: 3

An introduction to the basic concepts and laws of thermodynamics. There will be a short survey of required Mathematics (partial derivatives). Topics include: thermometry, equations of state, energy and entropy, thermodynamic potentials, heat engines, thermodynamic efficiency and phase transitions.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03, MATH 2001.03/2002.03, or permission of the instructor.

PHYC 3210 Statistical Mechanics

CREDIT HOURS: 3

Using statistical entropy, we will explore how macroscopic thermodynamic behavior emerges from microscopic models. We will consider the microcanonical, canonical, and the grand canonical statistical ensembles. We will examine two-state systems as well as non-interacting Fermionic and Bosonic systems. Finally, we will learn about deceptively simple interacting systems such as the Ising model.

PREREQUISITE: PHYC 3200.03 or equivalent; MATH 2001.03/2002.03

PHYC 3250 Computational Methods in Physics

CREDIT HOURS: 3

The objective of this course is to teach students the use of computers in physical analysis. The UNIX operating system will be introduced and used throughout the

course. A modern programming language will be applied to a selection of problems drawn from physical theory and experiment. This is a hands-on, practical, and interactive class with an emphasis on the development of computational skills that scientists use.

PREREQUISITE: PHYC 1190.03/1290.03 or equivalent, MATH 1010.03 or equivalent, PHYC 3050.03 or equivalent

PHYC 3303 Materials Science

CREDIT HOURS: 3

The emphasis is on the principles involved in understanding physical properties of materials, such as thermal and mechanical stability, and electrical and optical properties. All phases of matter are examined: gases, liquids, films, liquid crystals, perfect crystals, defective solids, glasses. Important processes such as photography and Xerography are explained.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: CHEM 2301.03 or PHYC 3200.03 (which may be taken concurrently) or EARTH 2001.03/2002.03 or ENGI 2800.03 or permission of the instructor

CROSS-LISTING: CHEM 3305.03

PHYC 3340 Electronics

CREDIT HOURS: 3

Topics include digital electronics: logic gates, clocks, shift registers, counters, memory; analog electronics: R.C.L. circuits, operational amplifiers; electronic systems: A/D and D/A chips, computer chips, and displays.

NOTES: Credit cannot be given for both PHYC 3000.03 and PHYC 3340.03

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 3

PREREQUISITE: PHYC 2150.03; or ENGI 2001.03

PHYC 3540 Optics and Photonics

CREDIT HOURS: 3

Topics in physical and geometrical optics will be covered. Selected applications will be presented in certain areas of photonics, including micro-optic sensors, semiconductor lasers and detectors, optical waveguides and fibres, optical signal processing and telecommunications.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2150.03 and PHYC 2510.03 or MATH 2002.03

PHYC 3590 Advanced Classical Mechanics

CREDIT HOURS: 3

Topics include: central force motion, the principle of virtual work, Lagrange's equations, the principle of least action, Hamilton's equations, canonical transformations, Hamilton-Jacobi equation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03, MATH 2002.03

PHYC 3640 Quantum Physics I

CREDIT HOURS: 3

This course introduces the formal structure of quantum mechanics as well as quantum mechanical calculations. The emphasis is on problem solving. The course starts with quantum measurement, then considers particles in a box and the quantum harmonic oscillator. The course starts with one-dimensional quantum mechanics and ends with higher dimensional problems. The course introduces quantum mechanical operators, time-evolution, quantum angular momentum, and the solution of the hydrogen atom.

PREREQUISITE: MATH 2002.03, MATH 2030.03, PHYC 2515.03 and PHYC 2140.03

PHYC 3810 Microcomputers and the Real World

CREDIT HOURS: 3

Subject material: measurement theory, modern sensors, microcomputer architecture, and software simulation of digital electronic circuits. Interfacing techniques including serial, parallel USB and GPIB ports. The graphical programming language is used throughout.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2150.03, PHYC 3340.03

CROSS-LISTING: CSCI 3122.03

PHYC 3900 Introduction to Soft Condensed Matter Physics

CREDIT HOURS: 3

The aim of this course is to provide an introduction to some concepts used in soft condensed matter physics through the study of three systems, polymers, colloids and liquid crystals. The course will be divided in four modules: I) Brownian dynamics and diffusion II) Polymers shape, molecular mass distribution, osmotic pressure, gel, entropic elasticity III) Colloids: van der Waals and electrostatic interactions, Hamaker constant, DLVO theory, polymer layers (brushes), gel electrophoresis IV) Liquid crystals: order parameter, optical properties of nematics (birefringence), phase transitions, LCD

FORMAT: Lecture

PREREQUISITE: MATH 2001.03, 2002.03: Intermediate Calculus I and II

PHYC 4098 The Physical Cosmology

CREDIT HOURS: 3

The course is intended to provide a sound physical foundation to modern cosmology and the formation and evolution of the Universe. The course introduces the principles of geometrical and astrophysical cosmology and emphasizes the direct confrontation of observational data with contemporary theories.

FORMAT: Lecture

PREREQUISITE: PHYC 2515, PHYC 2140, or permission of instructor

PHYC 4099 Stellar Structure and Evolution

CREDIT HOURS: 3

This course introduces concepts in stellar astronomy, building an understanding of stellar physics to probe the evolution of stars. Topics covered include stellar timescales, energy generation, and derivation of equations of stellar structure, evolution of stars from the pre-main sequence, through the main sequence hydrogen burning, and beyond.

FORMAT: Lecture

PREREQUISITE: PHYC 2515, PHYC 2140, or permission of instructor

PHYC 4151 Quantum Physics II

CREDIT HOURS: 3

This course is a continuation of PHYC 3640.03. Topics include: the spin-1/2 problem, quantum dynamics, entanglement and the EPR Paradox, perturbation theory, identical particles, and the quantised radiation field.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 3640.03

CROSS-LISTING: PHYC 5151.03

PHYC 4160 Mathematical Methods of Physics

CREDIT HOURS: 3

Topics discussed include: complex variable theory, Fourier and Laplace transform techniques, special functions, partial differential equations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3120.03, PHYC 2140.03 or permission of instructor.

CROSS-LISTING: PHYC 5160.03, MATH 5165.03

PHYC 4180 Nuclear and Particle Physics

CREDIT HOURS: 3

This is an introductory course in nuclear physics. Topics discussed include: nucleon-nucleon interactions, nuclear structure, gamma transitions, alpha decay, beta decay, nuclear reactions and elementary particle physics, with applications to the interior of stars and the earlier universe.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 3640.03

CROSS-LISTING: PHYC 5180.03

PHYC 4230 Introduction to Condensed Matter

CREDIT HOURS: 3

An introduction to the basic concepts of solid state physics which are related to the periodic nature of the crystalline lattice. Topics include crystal structure, X-ray diffraction, phonons and lattice vibrations, the free electron theory of metals, energy bands, magnetism and superconductivity.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 3640.03 and 3210.03 which may be taken concurrently, or permission of instructor

CROSS-LISTING: PHYC 5230.03

PHYC 4250 Topics in Numerical Computing

CREDIT HOURS: 3

This class focuses on discrete and stochastic techniques of computational physics. Topics may include stochastic methods, global optimisation techniques, spectral methods, linear algebra, correlations, and computational modelling.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 1280.03/1290.03 or equivalent, MATH 1010.03 or equivalent, PHYC 3050.03 or equivalent

PHYC 4311 Fluid Dynamics I

CREDIT HOURS: 3

An introduction to the theory of fluid dynamics with some emphasis on geophysically important aspects. Contents: tensor mathematics, flow kinematics, equations of motion, viscous flow, potential flow, convection, turbulence, and basic aerodynamics.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Subject to instructor approval

CROSS-LISTING: PHYC 5311.02, OCEA 4311.03/5311.01

PHYC 4411 Atmospheric Dynamics I

CREDIT HOURS: 3

The basic laws of fluid dynamics are applied to studies of atmospheric motion, including the atmospheric boundary layer and synoptic scale weather disturbances (the familiar highs and lows on weather maps). Emphasis will be placed on the blend of mathematical theory and physical reasoning which leads to the best understanding of the dominant physical mechanisms.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03 or permission of the instructor

CROSS-LISTING: PHYC 5411.03, OCEA 4411.03/5411.03.

PHYC 4412 Atmospheric Dynamics II

CREDIT HOURS: 3

The approach is the same as for PHYC 4411.03, with emphasis on synoptic-scale wave phenomena, frontal motions and the global circulation. Additional topics

including tropical meteorology, middle atmospheric dynamics, severe storms, mesoscale meteorology and numerical weather prediction may be included.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 4411.03 or permission of the instructor.

CROSS-LISTING: PHYC 5412.03, OCEA 4412.03/5412.03

PHYC 4460 Advanced Optics

CREDIT HOURS: 3

This class covers a selection of topics in advanced optics, that may include: a quantum treatment of light-matter interactions, strong field effects, quantum optics, nonlinear optics, optical resonators, laser physics, laser dynamics, and photonic devices.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 3540.03 and PHYC 3640.03

CROSS-LISTING: PHYC 5460.03

PHYC 4505 Atmospheric Physics

CREDIT HOURS: 3

Moist thermodynamics is applied to a variety of atmospheric phenomena. These include aerosols, cloud droplets, precipitation formation, convection, supercells, hurricanes, lightning, and the boundary layer. We also discuss the radar equation and the interpretation of radar images.

FORMAT: Lecture

PREREQUISITE: PHYC 2140 and PHYC 4520, or permission of the instructor

CROSS-LISTING: PHYC 5505, OCEA 4505/5505

PHYC 4520 Introduction to Atmospheric Science

CREDIT HOURS: 3

The general overview of the atmosphere provides the student with an understanding of the composition and thermal structure of the atmosphere, air mass and frontal theory and weather generating physical processes and their consequences. Other topics include atmospheric radiation, dynamic meteorology, climatology and the physics of clouds and storms.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03 or permission of instructor

CROSS-LISTING: PHYC 5520.03, OCEA 4520.03/5520.03

PHYC 4540 Synoptic Meteorology I

CREDIT HOURS: 3

This course introduces the practical skills of meteorological observation and analysis. Emphasis is on developing skills in drawing and interpreting weather maps, and on studying the three-dimensional structure of weather systems. Satellite and radar remote sensing of the atmosphere is also introduced. Case studies of atmospheric systems and processes are carried out during the tutorial-laboratory period.

FORMAT: Lecture| Lab| Tutorial

LECTURE HOURS PER WEEK: 3

COREQUISITE: PHYC 4411.03

PREREQUISITE: At least one third-year physics course

CROSS-LISTING: PHYC 5540.03, OCEA 4541.03/5541.03

PHYC 4550 Synoptic Meteorology II

CREDIT HOURS: 3

This course extends the analysis and diagnosis of atmospheric dynamics and weather processes introduced in PHYC 4540.03. Emphasis is on the practical application of meteorological theory, particularly in the area of diagnosing the causes of weather events. Modern computer and statistical methods are discussed, and students receive an introduction to weather forecasting.

FORMAT: Lecture| Lab| Tutorial

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PHYC 4540.03

CROSS-LISTING: PHYC 5550.03, OCEA 4550.03/5550.03

PHYC 4570 Light Scattering, Radiative Transfer, and Remote Sensing

CREDIT HOURS: 3

The equations of radiative transfer through the atmosphere will be developed and used. Special topics include transfer of infrared radiation. Mie scattering, absorption by atmospheric gases and aerosols, transfer through clear and cloudy atmospheres. Also remote sensing techniques and radiative transfer models are covered.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PHYC 2140.03, PHYC 2510.03

CROSS-LISTING: PHYC 5570.03, OCEA 5570.03

PHYC 4595 Atmospheric Chemistry

CREDIT HOURS: 3

A fundamental introduction to the physical and chemical processes determining the composition of the atmosphere and its implications for climate, ecosystems, and human welfare. Origin of the atmosphere. Nitrogen, oxygen, carbon, sulfur cycles. Climate and the greenhouse effect. Atmospheric transport and turbulence.

Stratospheric ozone. Oxidizing power of the atmosphere. Regional air pollution: aerosols, smog, acid rain.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000, PHYC 1190.03/1290.03 or PHYC 1300 and CHEM 1011/1012

CROSS-LISTING: PHYC 5595.03, CHEM 4595.03, OCEA 4595.03/5595.03

PHYC 4650 General Relativity

CREDIT HOURS: 3

A review of differential geometry will be given followed by an introduction to the general theory of relativity. Various topics will be discussed, including: linearized theory and gravitational radiation, spherically symmetric metrics and the Schwarzschild solution, gravitational collapse, black holes, and cosmology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 3045.03 or permission of the instructor

CROSS-LISTING: PHYC 5650.03, MATH 4650.03/5650.03

PHYC 4660 Cosmology

CREDIT HOURS: 3

A self-contained introduction to cosmology will be given and no prior knowledge of differential geometry or general relativity will be assumed (although some knowledge of elementary differential equations will be useful). A cosmological model is a model of the universe, as a whole, on the largest scales; the emphasis of the course will be on the modeling aspects of cosmology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's permission

CROSS-LISTING: PHYC 5660.03, MATH 4410.03/5410.03

PHYC 4800X/Y Honours Research Project I

CREDIT HOURS: 3

Students in the honours stream in Physics and Atmospheric Science will do a research project under the direction of a faculty member. A research plan, interim progress reports and a formal final report are required. The final grade will be based on an evaluation of the reports and an oral presentation. Students in the major stream can apply to the department to take this course.

COORDINATOR: H. Rotermond

PREREQUISITE: PHYC 3010 and permission of the coordinator and supervisor.

PHYC 4850 Honours Research Project II

CREDIT HOURS: 3

Students in the honors stream will do a second research project or continue the project started in PHYC 4800 under the direction of a faculty member. A research plan, interim progress reports and a formal, final report are required. The final grade will be based on an evaluation of the reports and an oral presentation.

COORDINATOR: H. Rotermond

PREREQUISITE: PHYC 4800 and permission of the coordinator and supervisor.

PHYC 8891 Co-op Work-Term I

CREDIT HOURS: 0

PREREQUISITE: SCIE 2800.00

PHYC 8892 Co-op Work-Term II

CREDIT HOURS: 0

PHYC 8893 Co-op Work-Term III

CREDIT HOURS: 0

PHYC 8894 Co-op Work-Term IV

Staff

Dean

Moore, C. L., BA, PhD (Cantab)

Chairperson of Department

Perrot, T. S., BSc, PhD (Western)

Academic Advisors

To contact an academic advisor, please go to the Psychology and Neuroscience Main Office (LSC 3263), telephone (902) 494-3417, or visit the [Psychology and Neuroscience website](#).

Professors Emeriti

LoLordo, V. M., AB (Brown), PhD (Penn)

Mitchell, D. E., BSc, MAppSc (Melb), PhD (Berkeley)

Professors

Adamo, S., BSc (Toronto), PhD (McGill)

Brown, R. E., BSc (Victoria), MA, PhD (Dalhousie)

Bryson, S. E., BA (Guelph), PhD (McGill), major appointment in Pediatrics

Chambers, C. T., BSc (Dalhousie), MA, PhD (UBC), joint appointment in Pediatrics

Corkum, P. V., BSc (Dalhousie), MA, PhD (OISE at Toronto)

Deacon, S. H., BSc (UPEI), PhD (Oxon), Faculty of Science Killam Professor in Psychology

Duffy, K., BA (St. Thomas), PhD (McMaster)

Eskes, G. A., BA, PhD (Berkeley), joint appointment in Psychiatry

Finley, G. A., BSc, MD (Dalhousie), FRCPC, major appointment in Anaesthesia

Kay-Raining Bird, E., BA (Queen's), MSc (Columbia), PhD (Univ Wisconsin - Madison), major appointment in the School of Human Communication Disorders

Kieft, M., BA (Memorial), MSc, PhD (Alberta), major appointment in the School of Human Communication Disorders

Klein, R. M., BA (SUNY), MA, PhD (Oregon), FRSC, University Research Professor

McMullen, P., BSc, MSc (Toronto), PhD (Waterloo)

Meinertzhagen, I. A., BSc (Aberdeen), PhD, DSc (St. Andrews), University Research Professor

Moore, C. L., BA, PhD (Cantab)

Perrot, T. S., BSc, PhD (Western)

Phillips, D. P., BSc, PhD (Monash)

Pohlmann-Eden, B., MD, PhD (Univ of Heidelberg), major appointment in Neurology

Rusak, B., BA (Toronto), PhD (Berkeley), FRSC, joint appointment in Psychiatry

Semba, K., BEd, MA (Tokyo), PhD (Rutgers), major appointment in Medical Neuroscience

Smith, I. M., BA (Dalhousie), MSc (Brown), PhD (Dalhousie), major appointment in Pediatrics, Joan and Jack Craig Chair in Autism Research

Stewart, S., BSc (Dalhousie), PhD (McGill), joint appointment in Psychiatry

Taylor-Helmick, T. L., BA (Calgary), MSc, PhD (Dalhousie)

Ungar, M., BA, BSW, MSW (McGill), PhD (Wilfrid Laurier), major appointment in the School of Social Work

Westwood, D. A., BSc, MA, PhD (Waterloo), major appointment in the School of Health and Human Performance

Associate Professors

Abbass, A., BSc (Ottawa), MD (Dalhousie), FRCPC (Toronto), major appointment in Psychiatry

Barrett, S. P., BA (St. FX), PhD (McGill), Clinical PhD Program Director of Training

Boe, S., BPhEd (Brock), PhD, MPT (Western), major appointment in the School of Physiotherapy

Crowder, N. A., BSc, PhD (Alberta)

Fisk, J., BSc, MA, PhD (Western), major appointment in Psychiatry

Good, K., BSc (UNB), MSc, PhD (UBC), major appointment in Psychiatry

Jacques, S., BA (McGill), MA, PhD (Toronto)

Johnson, S., BA (Kalamazoo), MSc, PhD (Victoria)

Newman, A. J., BA (Winnipeg), MSc, PhD (Oregon)

Phillmore, L., BA (UWO), MA, PhD (Queen's), Undergraduate Program Coordinator
Robinson, L., BSc (Victoria), MA, PhD (Simon Fraser), major appointment in the School of Health and Human Performance
Sherry, S. B., BA (York), MA (UBC), PhD (Saskatchewan)
Uher, R., MRCPsych (Royal College of Psychiatrists), CCT (London Deanery, UK), PhD, MUDr. (Charles Univ), major appointment in Psychiatry

Assistant Professors

Aiken, S., BA, MSc (Western), PhD (Toronto), major appointment in the School of Human Communication Disorders
Bombay, A., BSc (Ottawa), MSc, PhD (Carleton), major appointment is held jointly with the School of Nursing and Psychiatry
Campbell-Yeo, M., BSc, MScN (Dalhousie), PhD (McGill), major appointment in the School of Nursing
Chorney, J., BSc (Dalhousie), MA, PhD (West Virginia), major appointment in Anesthesiology
Dithurbide, L., BA (St. Mary's), MA (Brock), PhD (Michigan State), major appointment in the School of Health and Human Performance
Franklin, T., BSc (King's), MSc (Dalhousie), PhD (Swiss Federal Institute of Technology)
Lovas, D., BSc, MD (Dalhousie), major appointment in Psychiatry
Rosen, N. O., BA (Queen's), PhD (McGill)
Sculthorpe-Petley, L., BSc (Laurentian), PhD (Ottawa), major appointment in Surgery
Town, J., BSc (York), DClinPsy (Univ of Sheffield), major appointment in Psychiatry
Weaver, I. C. G., BSc (Alberdeen), MSc (Bristol), PhD (McGill)

Senior Instructors

Gadbois, S., BSc, MAPs (Univ de Moncton), PhD (Dalhousie)
Juckes, T., BA, MA (Natal), PhD (Dalhousie)
Ply, E., BS Education (Univ of N Texas), MA, PhD (Texas Women's Univ)
Stamp, J., BSc (Dalhousie), PhD (Cambridge)

Instructor

Stevens, L., BSc (Acadia), MSc, PhD (Dalhousie)

University Teaching Fellows

Gadbois, S.
Stamp, J.

Adjunct Professors

Backman, J., BA (Dalhousie), MA, PhD (Carleton), Erica Baker Psychological Services
Bardouille, T., BSc (Queen's), MSc (Dalhousie), PhD (Toronto), BIOTIC MEG Laboratory/IWK Health Centre
Barresi, J., BSc (Brown), MA (S Calif), MS, PhD (Wisc), Psychology and Neuroscience/Dalhousie
Chipman, K., BA (UPEI), MA, PhD (Western), Neuropsychology Service/Nova Scotia Hospital
Church, E., BA (St. John's), MA, PhD (Toronto), School Psychology/Mount Saint Vincent
Conrad, N., BA (St. Mary's), PhD (McMaster), Psychology/Saint Mary's
Ellsworth, C., BA (McMaster), MA, PhD (Queen's), Psychology/IWK Health Centre
Fisher, D., BSc (Ottawa), MSc, PhD (Carleton), Psychology/Mount Saint Vincent
Gilin Oore, D., BSc (Northern Michigan), MA, PhD (Missouri-St. Louis), Psychology/Saint Mary's
Hauf, P., PhD (Johann Wolfgang Goethe Univ, Frankfurt), Psychology/St. Francis Xavier
Ivanoff, J., BSc, MA (Guelph), PhD (Dalhousie), Psychology/Saint Mary's
Krigolson, O. E., BEd (Victoria), MSc (Indiana), PhD (Victoria), School of Exercise Science, Health and Physical Education/Univ of Victoria
LoLordo, V. M., AB (Brown), PhD (Penn), Psychology and Neuroscience/Dalhousie
MacDonald, G. W., BA (St. FX), MA, PhD (Windsor), Private Practice
Marchand, Y., MCS (Univ of Paris), PhD (Compiègne)
Mendez, I., BSc (Toronto), MD, PhD (Western), Surgery/Univ of Saskatchewan
Mitchell, D. E., BSc, MAppSc (Melb), PhD (Berkeley), Psychology and Neuroscience/Dalhousie
Omisdade, A., BA (York), PhD (Dalhousie), Neuropsychology/QEII Health Sciences Centre
O'Neill, P., MSc, PhD (Yale), Professor Emeritus/Acadia
Robertson, E., BA (Mt. A), MA, PhD (Western), Psychology/Cape Breton Univ
Rodger, R. S., MA (Edin), PhD (Queen's, Belfast)
Saint-Aubin, J., BA (Sherbrooke), MPs, PhD (Laval), École de psychologie/ Université de Moncton
Schellinck, H., BSc, MSc, PhD (Dalhousie), Psychology and Neuroscience/Dalhousie
Shaw, S. R., BSc (London), PhD (St. Andrews), Psychology and Neuroscience/Dalhousie

Smith, S. M., BA (Bishop's), MA, PhD (Queen's), Psychology/Saint Mary's
Song, C., BSc (East China Normal Univ), MD in Chinese Medicine (Hu Nan Medical Univ), MSc (East China Normal Univ and Chinese Acad. of Science), PhD (National Univ of Ireland), Psychiatry/Guangxi Medical Univ
Vallis, T. M., BSc (Dalhousie), MA, PhD (Western), Psychology/QEII Health Sciences Centre
Wassersug, R., BA (Tufts), PhD (Chicago), Urologic Sciences/UBC
Watt, M., BA (St. FX), PhD (Dalhousie), Psychology/St. Francis Xavier
Yoon, M. G., BS (Seoul), PhD (Berkeley)

Postdoctoral Fellows

Hudson, A., PhD (Dalhousie)
Mimeau, C., PhD (Laval)
Ryan, K., PhD (Dalhousie)
Salmon, J., PhD (Dalhousie)

Introduction

Psychology is an experimental science: Its purpose is to discover the conditions that control the activities of animals and people, to measure these conditions and the responses they produce, and to use this knowledge to invent ways of predicting behaviour and changing it. It is a subject for inventive but also scientifically rigorous people, better suited to those who want to find out for themselves than to those who want to be told what to believe.

Psychology at Dalhousie treats behaviour as a natural phenomenon, and in that sense shares much with the other life sciences. Today, for example, the boundaries that have historically separated psychology from zoology, physiology, and even cellular biology have begun to blur. As well, important ties are being made to such disciplines as anthropology, sociology, and philosophy. The student will find that the diverse subject matter includes three major levels of analysis: the organism, the organism's biological machinery, and the broader social-environmental context in which particular behaviour patterns are expressed. Meaningful integration of these diverse levels and forms of analysis is an intellectual challenge of major proportions. Similarly, the time perspectives of immediate causation, development, evolution, and function all contribute to the modern approach to behavioural science and each must be evaluated in relation to the others.

A. Enrolment Limitations

Psychology is a popular program, and we have a high enrolment of students. Potential Major and Honours students, and those intending to enrol in the 90 credit hour BA or BSc Minor program in Psychology should note that there are limitations on the number of students that can be accepted into these programs in any given year. Passing introductory psychology courses with the required grade of B- and declaring an intent to Major in Psychology does not guarantee a place in any of these programs. Students are advised to register as early as possible for required courses to secure a space within a program.

There are strict size restrictions on individual courses. Lecture courses are limited by room size. Enrolment in laboratory courses is further restricted because of equipment limitations and requirements for supervision. All Major and Honours students, and those enrolled in a 90 credit hour program, should take the 2000 level prerequisites for at least two 3000 level laboratory courses. Laboratory courses fill rapidly, and not all laboratory courses are offered every year.

B. Enrolment of Other Students

Only Major and Honours students in Psychology may enrol in PSYO 2000.03, PSYO 2470.03 or PSYO 2770.03, and PSYO 2501.03, and such students are given preference in other second-year courses. All students must have at least a B- in both the introductory psychology courses, or a B- in the psychology component of the Integrated Science Program, to be permitted to register in any second-year course in Psychology.

C. Laboratories

Psychology laboratories are of two types. In research-type laboratories, students collect data and write reports on the results of their research. All Major and Honours students must take the second-year research laboratory course (PSYO 2000.03) and at least one third-year research laboratory course (six credit hours for Honours students). Other courses may have a proficiency or skills laboratory, which often involves computer exercises or other additional work related to the lecture material and course readings.

Degree Programs

The Department of Psychology and Neuroscience offers the following degree programs in Psychology:

- BSc or BA (120 credit hour) Honours (Concentrated)*
- BSc or BA (120 credit hour) Combined Honours*
- BSc or BA (120 credit hour) Major*
- BSc or BA (120 credit hour) Double Major*
- BSc or BA (90 credit hour) Minor in Psychology
- Minor in Psychology

* May be combined with Minor programs from other disciplines (except Neuroscience).

Departmental requirements for each degree program can be seen by following the links in the menu to the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections. Students are advised that a number of requirements differ between the BA and BSc degrees.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Students applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Psychology undergraduate academic advisor.

A detailed description of the Psychology programs is available in a pamphlet titled "A Student's Guide to Psychology Classes". The pamphlet is available from the Psychology and Neuroscience Main Office (Life Sciences Centre, Room 3263) and online from the Department's website (www.dal.ca/psychandneuro).

BSc or BA (120 credit hour) Concentrated Honours in Psychology

Students who want a challenging program resulting in a broad background in Psychology, including an independent research experience, may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours. Honours students complete a minimum of 54 credit hours above the 1000 level in Psychology with a minimum GPA of 3.0 and write a research-based Honours thesis. The Honours thesis and Qualifying Examination requirements are satisfied through completion of PSYO 4500.06.

Admission to Honours

Students must apply for admission to Honours programs. Students wishing to enrol in Honours in Psychology should consult with an Honours Advisor. Students may not apply for Honours before January of their third year of studies. A detailed description of the Honours application process can be found on the departmental website www.dal.ca/psychandneuro. Admission requirements include:

- A grade of B or better in PSYO 2000.03: Methods in Experimental Psychology
- A minimum of A- or better in the most recently completed:
 - 18 credit hours of PSYO courses (for admission in January of 3rd year)
 - OR
 - 27 credit hours of PSYO courses (for admission at end of 3rd year)

Departmental requirements

All students must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections. Students are advised that a number of requirements differ between the BA and BSc degrees. In addition, students in a Concentrated Honours program in Psychology must complete the

following:

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours)
- PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person (with grade of B- or better)
- PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology (with grade of B- or better)

OR

a B- in the Psychology component of SCIE 1505.18: Integrated Science Program, or equivalent

2000 level

- PSYO 2000.03: Methods in Experimental Psychology (with grade of B or better)
- PSYO 2501.03: Statistical Methods I
- PSYO 2470.03: Systems Neuroscience or PSYO 2770.03: Brain and Behaviour
- Three courses selected from:
 - PSYO 2080.03: Social Psychology
 - PSYO 2090.03: Developmental Psychology
 - PSYO 2130.03: Introduction to Cognitive Psychology
 - PSYO 2140.03: Learning
 - PSYO 2150.03: Perceptual Processes
 - PSYO 2160.03: Animal Behaviour
 - PSYO 2220.03: Abnormal Behaviour
 - PSYO 2570.03: Cellular Neuroscience

Note: PSYO 2000.03: Methods in Experimental Psychology and PSYO 2501.03: Statistical Methods I must be taken concurrently.

Care should be taken in selecting second-year courses to ensure they provide the necessary prerequisites for courses intended to be taken in third and fourth years of study.

3000 level

- PSYO 3502.03: Statistical Methods II (**must be taken in third year**)
- A minimum of 15 credit hours selected from courses in Categories A and B of which:
 - At least 6 credit hours must come from each category and
 - A minimum of 6 credit hours must be designated LAB courses

Students are encouraged to also take PSYO 3000.06: Independent Research or PSYO 3001.03: Directed Project in Psychology as preparation for their thesis work in fourth year.

4000 level

- PSYO 4500.06: Honours Thesis
- Six credit hours of 4000-level seminar courses
- Six additional credit hours of 3000- or 4000-level courses

Other regulations

- Students in the Honours program should find a thesis supervisor and begin the preparation for their Honours research (reading, learning laboratory methodology, submitting ethics forms) no later than the summer preceding their thesis year.
- Students in a Psychology Honours program cannot use cross-listed Neuroscience courses as electives.
- Laboratory courses focusing on human psychology typically require students to serve as participants and/or as experimenters in course projects. Students who do not wish to participate in such projects should ensure that they have the prerequisites necessary to register in alternative laboratory courses.

BSc or BA (120 credit hour) Combined Honours in Psychology and another subject

Students who wish to study Psychology in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be from any discipline in the Faculty of Science (other than Neuroscience), the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Psychology may be the primary subject (with a minimum of 45 credit hours beyond the 1000 level), or the secondary subject (30 credit hours).

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. Students must have their program of study approved by Academic Advisors in both subject areas. Students complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Psychology, this requirement is satisfied through PSYO 4500.06.

Departmental requirements

All students must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections. Students are advised that a number of requirements differ between the BA and BSc degrees. In addition, students in a Combined Honours program in Psychology and another subject must complete the following program requirements:

Psychology as the primary subject

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours):
- PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person (with grade of B- or better)
- PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology (with grade of B- or better)

OR

a B- in the Psychology component of SCIE 1505.18: Integrated Science Program, or equivalent

2000 level

- PSYO 2000.03: Methods in Experimental Psychology (with grade of B or better)
- PSYO 2501.03: Statistical Methods I
- PSYO 2470.03: Systems Neuroscience or PSYO 2770.03: Brain and Behaviour
- An additional 9 credit hours at the 2000 level

Note: PSYO 2000.03: Methods in Experimental Psychology and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000 level

- PSYO 3502.03: Statistical Methods II (**must be taken in third year**)
- Six credit hours in 3000 level LAB courses
- An additional six credit hours in 3000 level PSYO courses

The above selection must include a minimum of three credit hours from each of Categories A and B.

4000 level

- PSYO 4500.06: Honours Thesis
- Six credit hours of 4000-level seminar courses

Psychology as the secondary subject

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours):
- PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person (with grade of B- or better)
- PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology (with grade of B- or better)

OR

a B- in the Psychology component of SCIE 1505.18: Integrated Science Program, or equivalent

2000 level

- PSYO 2000.03: Methods in Experimental Psychology (with grade of B or better)
- PSYO 2501.03: Statistical Methods I
- PSYO 2470.03: Systems Neuroscience or PSYO 2770.03: Brain and Behaviour
- An additional 9 credit hours at the 2000 level

Note: PSYO 2000.03 and PSYO 2501.03 must be taken concurrently.

3000/4000 level

- A minimum of 12 credit hours at or above the 3000 level which must include a minimum of 3 credit hours from each of Categories A and B, and 3 credit hours of a laboratory (LAB) course.

BSc or BA (120 credit hour) Major in Psychology

The 120 credit hour Major is suited to students who want to focus on Psychology, but wish to have a program that is somewhat less constrained than the Honours program. Psychology Majors complete a minimum of 42 credit hours in Psychology courses above the 1000 level. Research and other experiential learning opportunities are available through laboratories and research project classes.

Students should plan carefully and, if required, obtain advice from an academic advisor. Advisors can be consulted by contacting the Psychology and Neuroscience Main Office (Life Sciences Centre, Room 3263 or (902) 494-3417) or by visiting the [department's website](#).

Departmental requirements

All students must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections of this calendar. Students are advised that a number of requirements differ for the BA and BSc degrees. In addition, students in a Major program in Psychology must complete the following courses:

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours):
- PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person (with grade of B- or better)
- PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology (with grade of B- or better)

OR

a B- in the Psychology component of SCIE 1505.18: Integrated Science Program, or equivalent

2000 level

- PSYO 2000.03: Methods in Experimental Psychology
- PSYO 2501.03: Statistical Methods I
- PSYO 2470.03: Systems Neuroscience or PSYO 2770.03: Brain and Behaviour
- Three courses selected from:
 - PSYO 2080.03: Social Psychology
 - PSYO 2090.03: Developmental Psychology
 - PSYO 2130.03: Introduction to Cognitive Psychology
 - PSYO 2140.03: Learning
 - PSYO 2150.03: Perceptual Processes
 - PSYO 2160.03: Animal Behaviour
 - PSYO 2220.03: Abnormal Behaviour
 - PSYO 2570.03: Cellular Neuroscience

Note: PSYO 2000.03: Methods in Experimental Psychology and PSYO 2501.03: Statistical Methods I must be taken concurrently.

Care should be taken in selecting second-year courses to ensure they provide the necessary prerequisites for courses intended to be taken in third and fourth years of study.

3000 level

- A minimum of 24 credit hours at or above the 3000 level, which must include
- A minimum of six credit hours from each of Categories A and B. Courses in Category C are intended for students planning to enter the Honours program.
- A minimum of three credit hours of a laboratory (LAB) course

BSc or BA (120 credit hour) Double Major in Psychology and another subject

The Double Major degree program allows students to combine a study of Psychology with another subject. The other subject may be from any discipline in the Faculty of Science (other than Neuroscience), the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. A Double Major in Psychology requires 30 credit hours beyond the 1000 level. Psychology may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

Students enrolled in a Double Major program must have their program of study approved by advisors in both subject areas.

Departmental requirements

All students must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections. Students are advised that a number of requirements differ for the BA and BSc degrees. In addition, students in a Double Major program in Psychology and another subject must complete the following:

Psychology as the primary or secondary subject

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours):
- PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person (with grade of B- or better)
- PSYO 1012.03:

Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology (with grade of B- or better)

OR

a B- in the Psychology component of SCIE 1505.18: Integrated Science Program, or equivalent

2000 level

- PSYO 2000.03: Methods in Experimental Psychology
- PSYO 2501.03: Statistical Methods I
- PSYO 2470.03: Systems Neuroscience or PSYO 2770.03: Brain and Behaviour

- Three additional second-year courses

Note: PSYO 2000.03: Methods in Experimental Psychology and PSYO 2501.03: Statistical Methods I must be taken concurrently.

3000 level

- A minimum of 12 credit hours at or above the 3000 level of which must include a minimum of three credit hours from each of Categories A and B, and three credit hours of a laboratory (LAB) course. Courses in Category C are intended for students planning to enter the Honours program.

BSc or BA (90 credit hour) Minor in Psychology

The 90 credit hour degree with a Minor in Psychology is appropriate for students who want to study some Psychology but do not wish to complete the conventional four-year program. The degree is best suited for students who want a general Science degree with some specialization in Psychology. A 90 credit hour degree program is not suitable for students who wish to pursue graduate studies. With additional study, the degree may be upgraded to a 120 credit hour Major or Honours degree at a later date.

A 90 credit hour BSc or BA in Psychology is usually the preferred option for students who wish to combine studies in Psychology with a degree in Engineering (see BSc/BEng or BA/BEng Concurrent Program below).

See the Minor in Psychology section of this Calendar.

Minor in Psychology

This Minor is available to non-Neuroscience/Psychology students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Science) program.

A BSc or BA (90 credit hour) degree program with a Minor in Psychology is also available.

Requirements

- A minimum of 18 to a maximum of 36 credit hours in Psychology courses at the 2000 level or higher, other than PSYO 2000.03: Methods in Experimental Psychology and PSYO 2501.03: Statistical Methods I, which are restricted to students in a Major/Honours program

Please note that entry into upper level Psychology (PSYO) courses requires completion of six credit hours, with a minimum grade of B-, at the first year level (PSYO 1011.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1021.03: Introduction to Psychology and Neuroscience I: From Neuron to Person or PSYO 1031.03: Introduction to Psychology and Neuroscience I: From Neuron to Person and PSYO 1012.03: Introduction to Psychology and Neuroscience II: From Social

Interaction to Psychopathology or PSYO 1022.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology or PSYO 1032.03: Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology), or SCIE 1505.18: Integrated Science Program, or equivalent.

Contact Psychology for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students **Minors available to students in Psychology**

Minor programs allow students to develop subject specialties in addition to their Major or Honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs (including Science Co-op).

Students in a BSc or BA (120 credit hour) program in Psychology may choose to include a Minor selected from the list of approved Minors (except Neuroscience). Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc or BA in Psychology, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of

proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to student enrolled in a BSc or BA in Psychology include:

- Certificate in Animal Behaviour (Biology, Psychology and Neuroscience)
- Certificate in Science Leadership and Communication

BSc/BEng or BA/BEng Concurrent Program

Students interested in combining their interest in Psychology with a degree in Engineering may choose a BSc/BEng or BA/BEng Concurrent Program, normally completed in a 5 year period. Over the first three years, students complete the requirements for a 90 credit hour BSc or BA degree in Psychology and a Diploma of Engineering (the first two years of engineering studies). Two more years of engineering studies are then required to obtain a BEng. Interested students should see an undergraduate advisor from Psychology and from the Faculty of Engineering in their first year of study.

Required Psychology courses for a BSc/BEng or BA/BEng program in Psychology

1000 level

- Introduction to Psychology and Neuroscience I and II (six credit hours):
 - PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 (with grade of B- or better)
 - PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03 (with grade of B- or better)
- OR
- a B- in the Psychology component of the Integrated Science Program (SCIE 1505.18 or equivalent).
 - A minimum of 18 credit hours in Psychology courses at the 2000 level or higher, other than PSYO 2000.03 and PSYO 2501.03, which are restricted to students in the Major and Honours programs

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

Course Notes

In 2006/2007, the six credit hour Introduction to Psychology courses were divided into two three credit hour courses. PSYO 1000X/Y.06 became PSYO 1021.03 and PSYO 1022.03, and PSYO 1001X/Y.06 became PSYO 1011.03 and PSYO 1012.03. If a course now requires PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03 as prerequisites, this requirement may also be met by either PSYO 1000.06 or PSYO 1001.06. Students going on in Psychology are recommended to take PSYO 1011.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1032.03 with the lab component.

Psychology Course Categories

All students enrolled in a Psychology Major or Honours program must take a selection of courses from each of Categories A and B, and must include one or more designated laboratory (LAB) courses in their programs. Category C courses are intended for Honours students. See Degree Programs (above) for minimum number of

required credit hours in each.

Category A. Brain, Language, Learning, and Cognition

- PSYO 3043.03: Neurobiology of Learning
- PSYO 3044.03: Lab Methods of Learning and Conditioning (LAB)
- PSYO 3051.03: Sensory Neuroscience I. Vision (LAB)
- PSYO 3052.03: Sensory Neuroscience II. Hearing and Speech
- PSYO 3084.03: Social Cognition
- PSYO 3131.03: Research Methods in Attention (LAB)
- PSYO 3132.03: Research Methods in Visual Cognition (LAB)
- PSYO 3133.03: Research Methods in Memory (LAB)
- PSYO 3134.03: Research Methods in Psycholinguistics (LAB)
- PSYO 3137.03: Research Methods in Cognitive Neuroscience (LAB)
- PSYO 3161.03: Measuring Behaviour (LAB)
- PSYO 3162.03: Advanced Animal Behaviour
- PSYO 3165.03: Neuroethology (LAB)
- PSYO 3170.03: Hormones and Behaviour
- PSYO 3180.03: Psychoneuroimmunology/Ecological Immunology
- PSYO 3190.03: Psycholinguistics
- PSYO 3227.03: Principles of Human Neuropsychology
- PSYO 3237.03: Drugs and Behaviour
- PSYO 3260.03: Biological Rhythms
- PSYO 3264.03: The Science of Sleep
- PSYO 3270.03: Developmental Neuroscience
- PSYO 3370.03: Neuroscience Laboratory I (LAB)
- PSYO 3371.03: Neuroscience Laboratory II (LAB)
- PSYO 3670.03: Genes, Brain and Behaviour
- PSYO 3770.03: Behavioural Neuroscience
- PSYO 3775.03: Behavioural Neuroscience Laboratory (LAB)
- PSYO 3790.03: Neurolinguistics
- PSYO 3970.03: Molecular Neuroscience

Category B. Clinical, Developmental, History, Personality, and Overviews of Psychology

- PSYO 3010.06: Advanced General Psychology
- PSYO 3030.03: Psychometrics (LAB)
- PSYO 3082.03: Experimental Social Psychology (LAB)
- PSYO 3091.03: Methods in Developmental Psychology (LAB)
- PSYO 3092.03: Early Development
- PSYO 3093.03: Development of Language and Literacy Abilities
- PSYO 3122.03: Methods in Experimental Clinical Psychology (LAB)
- PSYO 3129.03: Childhood Psychopathology
- PSYO 3220.03: Clinical Psychology
- PSYO 3224.03: Forensic Psychology
- PSYO 3225.03: Health Psychology
- PSYO 3280.03: Personality
- PSYO 3390.03: Cognitive Development
- PSYO 3581.03: History of Psychology I
- PSYO 3582.03: History of Psychology II

Category C. Directed Research Courses for Potential Honours Students

- PSYO 3000.06: Independent Research in Modern Psychology
- PSYO 3001.03: Directed Project in Psychology
- PSYO 4500.06: Honours Thesis

4000-Level Seminars

These seminars are intended for fourth-year Honours students. Third-year Honours students are eligible provided they obtain permission from the instructor, and the needs of all the fourth-year Honours students have been met. The topics covered in these courses vary from year to year. Go to the departmental website (www.dal.ca/psychandneuro) for more detail about the topics to be covered in the current academic year.

Course Descriptions

PSYO 1011 Introduction to Psychology and Neuroscience I: From Neuron to Person

CREDIT HOURS: 3

Material covered includes historical background, research methodology, neural mechanisms that underlie behaviour, sensory and perceptual processes, states of consciousness, learning, and memory. The course is taught by several different instructors with expertise in the topics covered. Biweekly labs add depth to the material covered in lectures.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.02 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03. COORDINATOR: L. Stevens

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1021.03, PSYO 1031.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE 1503X/Y.21, SCIE 1504X/Y.27, SCIE 1510X/Y.33, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27, SCIE 1505X/Y.18

PSYO 1012 Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology

CREDIT HOURS: 3

This course extends the coverage offered in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and includes material on development, cognition, intelligence, motivation, personality, social behaviour, and psychopathology. The course is taught by several different instructors with expertise in the topics covered. Biweekly labs add depth to the material covered in lectures.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.02 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03.

COORDINATOR: L. Stevens

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1022.03, PSYO 1032.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE 1503X/Y.21, SCIE 1504X/Y.27, SCIE 1505X/Y.18, SCIE 1510X/Y.33, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27

PSYO 1021 Introduction to Psychology and Neuroscience I: From Neuron to Person

CREDIT HOURS: 3

Material covered includes historical background, research methodology, neural mechanisms that underlie behaviour, sensory and perceptual processes, states of consciousness, learning, and memory. The course is taught by one or two different instructors with expertise in the topics covered. This course has no accompanying laboratory/tutorial.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1011.03, PSYO 1031.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE 1503X/Y.21, SCIE 1504X/Y.27, SCIE 1510X/Y.33, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27, SCIE 1505X/Y.18

PSYO 1022 Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology

CREDIT HOURS: 3

This course extends the coverage offered in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and includes material on development, cognition, intelligence, motivation, personality, social behaviour, and psychopathology. The course is taught by one or two different instructors with expertise in the topics covered. This course has no accompanying laboratory/tutorial.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1012.03, PSYO 1032.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE 1503X/Y.21, SCIE 1504X/Y.27, SCIE 1510X/Y.33, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27, SCIE 1505X/Y.18

PSYO 1031 Introduction to Psychology and Neuroscience I: From Neuron to Person

CREDIT HOURS: 3

PSYO 1031 is the online distance education equivalent of PSYO 1011. Material covered includes historical background, research methodology, neural mechanisms that underlie behaviour, sensory and perceptual processes, states of consciousness, learning, and memory. Recorded lectures, lab activities and write-ups, quizzes, and class discussions will be delivered through the University's learning management system.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03.

FORMAT: Online Delivery

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1011.03, PSYO 1021.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE 1503X/Y.21, SCIE 1504X/Y.27, SCIE 1505X/Y.18, SCIE 1510X/Y.33, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27

PSYO 1032 Introduction to Psychology and Neuroscience II: From Social Interaction to Psychopathology

CREDIT HOURS: 3

PSYO 1032 is the online distance education equivalent of PSYO 1012. Material covered includes psychological development, problem solving, reasoning, intelligence, motivation and emotion, social behaviour, personality, health psychology, psychological disorders, and treatment. Recorded lectures, lab activities and write-ups, quizzes, and discussion will be delivered through the University's learning management system.

NOTES: To enrol in 2000-level Psychology courses, a grade of B- is required in PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03.

FORMAT: Online Delivery

EXCLUSIONS: PSYO 1000X/Y.06, PSYO 1001X/Y.06, PSYO 1010X/Y.06, PSYO 1012.03, PSYO 1022.03, SCIE 1500X/Y.30, SCIE 1501X/Y.27, SCIE

PSYO 2000 Methods in Experimental Psychology

CREDIT HOURS: 3

The course provides a thorough grounding in scientific research methods used by psychologists. Lectures explore analytic procedures commonly employed to investigate human and animal behaviour. Students conduct and analyze in written reports a series of experiments in the laboratory to illustrate important concepts discussed in class.

NOTES: Restricted to students registered in Psychology Major or Honours programs. Students must take PSYO 2501.03, Statistical Methods I, concurrently with PSYO 2000.03. Students must attend the first lecture session.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

LAB HOURS PER WEEK: 2

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30, SCIE 1540X/Y.27 (with a grade of B- or better)

EXCLUSIONS: NESC 2007.03

PSYO 2080 Social Psychology

CREDIT HOURS: 3

The course undertakes a critical analysis of social theory and research promoting a close and skeptical evaluation of our knowledge, our obedience and rebellion, our affections and hostilities, our willingness to help and injure, our attempts to explain ourselves and others, our erotic orientations, and our gender roles.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better)

PSYO 2090 Developmental Psychology

CREDIT HOURS: 3

People change with age. This course examines the changes that occur in humans from conception through adolescence. Biological, social, cognitive, and linguistic aspects of development are considered. Theory, research, and practical implications are integrated throughout the course.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, 1520X/Y.30 or 1540X/Y.27 (with a grade of B- or better)

PSYO 2130 Introduction to Cognitive Psychology

CREDIT HOURS: 3

Lectures focus on the processes involved in transforming sensory information into the meaningful everyday world that we know. Initially, emphasis is on the visual system, and how information within that system is structured and organized, followed by a consideration of the character of internal representations used in thinking and remembering.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better)

CROSS-LISTING: NESC 2130.03

PSYO 2140 Learning

CREDIT HOURS: 3

Lectures focus on several goals: (1) providing general principles of learning; (2) understanding the behaviour of particular species; (3) direct application to human problems. Emphasis is on understanding why researchers in animal learning do what they are currently doing (given the goals and the historical context).

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, 1520X/Y.30 or 1540X/Y.27 (with a grade of B- or better)

CROSS-LISTING: NESC 2140.03

PSYO 2150 Perceptual Processes

CREDIT HOURS: 3

Perception deals with the way in which our senses provide us with information about our environment. This course focuses on the process by which sensory experiences are coded, how they are interpreted by the nervous system, and how experience modifies perception.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505 X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better), or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03

CROSS-LISTING: NESC 2150.03

EXCLUSIONS: PSYO 3005.03/NESC 3005.03

PSYO 2160 Animal Behaviour

CREDIT HOURS: 3

Using concepts from behavioural biology and psychology, animal behaviourists attempt to explain why animals behave the way they do. The course examines topics such as mating and social systems, mate choice, the evolution of behaviour, and animal communication. The behaviour of a wide range of animals is studied.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE

1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better), or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03
CROSS-LISTING: NESC 2160.03

PSYO 2220 Abnormal Behaviour

CREDIT HOURS: 3

This course involves the study of a broad range of manifestations of abnormal behaviour in adults (e.g., anxiety disorders, substance abuse/dependence, schizophrenia, affective disorders, personality disorders). Causes of abnormal behaviour and the scientific techniques developed to better understand and intervene with various forms of behavioural dysfunction are appraised.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better)

PSYO 2470 Systems Neuroscience

CREDIT HOURS: 3

This course provides an introduction to the functional systems of the brain. We examine neural systems (e.g., the sensory systems, motor system, neurotransmitter-specific systems) individually. We explore their anatomy and function, neurobiological properties that make each unique, and factors that are common to all neural systems (e.g., development and plasticity).

NOTES: Restricted to students registered in Psychology or Neuroscience Major or Honours programs.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, 1520X/Y.30 or 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: NESC 2470.03

EXCLUSIONS: PHYL 2041.03, PSYO 2770.03

PSYO 2500 Contemporary Research Problems in Psychology

CREDIT HOURS: 3

A continuation PSYO 2000.03, this course introduces prospective Honours students to the design, execution, and analysis of independent research projects. Each student works with a supervisor on a one-to-one basis preparing a research project that the student then conducts and describes in a formal written report.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

LAB HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03, with grade of B or better, and permission of the instructor

PSYO 2501 Statistical Methods I

CREDIT HOURS: 3

This course provides an introduction to research design and statistics within Neuroscience and Psychology. Particular emphasis is placed on conducting and interpreting various statistical procedures, including descriptive and inferential statistics (z-test, t-test, ANOVA, chi-square tests), frequently used in these fields.

NOTES: Only students undertaking a Major or Honours degree in Psychology or Neuroscience are eligible for enrolment. This course does not fulfil any part of the Faculty of Science Mathematics requirement.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03 (must be taken concurrently), or instructor's consent

EXCLUSIONS: PSYO 3501.03, STAT 2080.03

PSYO 2570 Cellular Neuroscience

CREDIT HOURS: 3

This course explores the brain at the neuronal level. Material covered includes: the ionic basis of resting potentials; the electrical activity of neurons; synaptic transmission and plasticity; synthesis and action of synaptic transmitters; and drug actions. Cellular phenomena relevant to healthy and neurologically-dysfunctional systems are also discussed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03 (with a grade of B- or better)

CROSS-LISTING: NESC 2570.03, PHYL 2570.03

PSYO 2770 Brain and Behaviour

CREDIT HOURS: 3

This course examines the brain's role in controlling experience and behaviour in both animals and humans. It focuses on the functional anatomy of brain systems: in particular on neural pathways involved in motivation, mood, memory, and sensation/perception. Recent research findings and methodologies for studying brain systems are emphasized.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, SCIE 1520X/Y.30 or SCIE 1540X/Y.27 (with a grade of B- or better)

EXCLUSIONS: PSYO 2470.03/NESC 2470.03, PSYO 2270.03/NESC 2270.03

PSYO 3000X/Y Independent Research in Modern Psychology

CREDIT HOURS: 6

Primarily for Honours students wishing research experience. Requirements include a minimum grade of B in PSYO 2000.03, a high level of performance in other Psychology courses, an overall B+ (GPA 3.30) average, and securing a faculty advisor to supervise the research project. **SIGNATURE REQUIRED**

COORDINATOR: J. Christie

NOTES: This course cannot be used to fulfill the department's research laboratory requirement. Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lab

LAB HOURS PER WEEK: 4

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, previous or concurrent enrolment in two other Psychology or Neuroscience 3000-level courses, and Coordinator's consent.

CROSS-LISTING: NESC 3000X/Y.06

EXCLUSIONS: PSYO 3001.03/NESC 3001.03

PSYO 3001 Directed Project in Psychology

CREDIT HOURS: 3

Primarily for Honours students wishing research experience. Requirements include a minimum grade of B in PSYO 2000.03, a high level of performance in other Psychology courses, an overall B+ (GPA 3.30) average, and securing a faculty advisor to supervise the research project. Note: This course cannot be used to fulfill the department's research laboratory requirement. **SIGNATURE REQUIRED**

COORDINATOR: J. Christie

NOTES: This course provides only a half-year research experience. Students wanting a full-year research experience in a lab should register for PSYO 3000X/Y.06.

FORMAT: Lab

LAB HOURS PER WEEK: 4

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, previous or concurrent enrolment in two other Psychology or Neuroscience 3000-level courses, and Coordinator's consent.

CROSS-LISTING: NESC 3001.03

EXCLUSIONS: PSYO 3000X/Y.06/NESC 3000X/Y.06

PSYO 3010X/Y Advanced General Psychology

CREDIT HOURS: 6

An active learning course for suitably-qualified senior students. Students complete a series of oral and written assignments designed to consolidate critical thinking and communication skills in Psychology/Neuroscience. After instructional training, assignments include preparing and delivering lab material to a small group (approximately 30) of PSYO 1011.03 and PSYO 1012.03 students. **SIGNATURE REQUIRED**

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture| Lab| Seminar

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, advanced courses in Psychology or Neuroscience, and instructor's consent.

CROSS-LISTING: NESC 3010X/Y.06

PSYO 3030 Psychometrics

CREDIT HOURS: 3

This course focuses on the theory and method of psychological measurement. Basic and advanced analytic methods employed in quantifying human abilities, traits, and syndromes are examined. Students contribute to the design of, and report on, a new measure of behaviour in the laboratory component of the course.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2501.03

PSYO 3043 Neurobiology of Learning

CREDIT HOURS: 3

This course examines the neurobiological processes underlying various forms of learning such as classical and operant conditioning, song learning by birds, spatial learning, and fear conditioning. Different methods used to study the neurobiology of learning, and the evolutionary origins of these systems are also considered.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2470.03/NESC 2470.03 or PSYO 2770.03 or PHYL 2041.03

CROSS-LISTING: NESC 3043.03

EXCLUSIONS: PSYO 3041.03

PSYO 3044 Laboratory Methods of Learning and Conditioning

CREDIT HOURS: 3

A hands-on course on techniques used to test learning and memory in animals, including operant conditioning and spatial memory, and an exposure to the neurobiological systems involved. Students work in pairs to conduct a series of experiments, analyze data as a class, but write individual laboratory reports on each experiment.

NOTES: Students should be aware that some data collection occurs outside of class time.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and one of PSYO 2140.03/NESC 2140.03 or PSYO 2470.03/NESC 2470.03 or PSYO 2770.03

CROSS-LISTING: NESC 3044.03

EXCLUSIONS: PSYO 3042.03

PSYO 3051 Sensory Neuroscience I Vision

CREDIT HOURS: 3

This course examines the neural basis for the perception of light, colour, movement, depth, and form. The course covers developmental events important for vision, and the extent to which vision is constrained by anatomical and physiological development.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2470.03/NESC 2470.03 or PSYO 2770.03, and PSYO 2150.03/NESC 2150.03

CROSS-LISTING: NESC 3051.03

PSYO 3052 Sensory Neuroscience II Hearing and Speech

CREDIT HOURS: 3

This course explores hearing at levels that include stimulus parameters and their psychophysical correlates, middle ear function, cochlear biophysics, central auditory neurophysiology, and principles of speech perception. We emphasize mechanisms of normal hearing and speech, but address pathology wherever it helps us understand the relation between neurophysiology and perception.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2470.03/NESC 2470.03

CROSS-LISTING: NESC 3052.03

PSYO 3082 Experimental Social Psychology

CREDIT HOURS: 3

This course attempts to develop students' skill level in empirical analysis of social psychology phenomena. Students complete two research projects during the term. The projects involve testing subjects, coding data, computer data analysis, and report writing. Familiarity with computer-based statistical analysis and text processing is strongly recommended.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2080.03

PSYO 3084 Social Cognition

CREDIT HOURS: 3

This course focuses on the understanding people develop of themselves and others as social beings. The contributions of evolution, historical, and cultural factors are considered. The ways in which human development of social perception and cognition differs from that of other species are also examined.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and one of PSYO 2080.03 or PSYO 2090.03 or PSYO 2220.03

PSYO 3091 Methods in Developmental Psychology

CREDIT HOURS: 3

This course provides a survey of research methods in developmental psychology. It assumes knowledge of basic methodology and design, and concentrates on methods of relevance to the study of human development. In addition to lectures, students conduct a number of research exercises to gain experience in conducting research with children.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2090.03

PSYO 3092 Early Development

CREDIT HOURS: 3

This course examines development in infancy and the preschool period. The main theme of the course is to examine the integration of perceptual, cognitive, emotional, social, and linguistic changes occurring during the first five years of life.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2090.03

PSYO 3093 Development of Language and Literacy Abilities

CREDIT HOURS: 3

This course examines the cognitive and linguistic processes underlying language acquisition and how they interact in influencing the development of language and literacy abilities.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2090.03

PSYO 3122 Methods in Experimental Clinical Psychology

CREDIT HOURS: 3

Students learn how to conduct research on topics in applied clinical psychology. Students conduct a series of research projects in the laboratory by serving both as subjects and experimenters, and analyze the results of these studies in written lab reports. Research studies serve to illustrate concepts discussed in class.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2220.03

PSYO 3129 Childhood Psychopathology

CREDIT HOURS: 3

This course examines a wide range of mental health disorders in children (e.g., reading disability, autism, ADHD). The goal is to gain a better understanding of the nature of these disorders, to learn about evidence-based assessment and treatment, and to review research findings in relation to children's mental health.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03; PSYO 2220.03 is recommended

PSYO 3131 Research Methods in Attention

CREDIT HOURS: 3

The methods, findings, and theories that underpin our understanding of attention (alertness, preparation, selection, and control of information processing) are covered. Behavioural and neuroscientific evidence as well as computational models are examined in the lectures. Laboratories emphasize behavioural methods used to isolate and reveal the components of attention.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2130.03/NESC 2130.03 or PSYO 2150.03/NESC 2150.03
CROSS-LISTING: NESC 3131.03
EXCLUSIONS: PSYO/NESC 3130.06

PSYO 3132 Research Methods in Visual Cognition

CREDIT HOURS: 3

Visual cognition is the study of how we extract meaning from our visual environment and use it to direct our behaviour. Emphasis is placed on object, face, and word recognition as revealed by normal behaviour, and by neuroimaging techniques and neuropsychological studies of brain-damaged individuals who have lost these recognition abilities.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2130.03/NESC 2130.03 or PSYO 2150.03/NESC 2150.03

CROSS-LISTING: NESC 3132.03

EXCLUSIONS: PSYO 3130.06/NESC 3130.06

PSYO 3133 Research Methods in Memory

CREDIT HOURS: 3

This course examines human memory from the perspective of cognitive psychology and, to a lesser extent, cognitive neuroscience. Lectures emphasize cognitive approaches to the study of memory with an explicit focus on empirical research methods, data, and interpretation of results.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2130.03/NESC 2130.03

CROSS-LISTING: NESC 3133.03

EXCLUSIONS: PSYO 3130.06/NESC 3130.06

PSYO 3134 Research Methods in Psycholinguistics

CREDIT HOURS: 3

Provides hands-on experience with various methodologies employed in the study of language processing, and uses these to explore topics in psycholinguistics in greater depth. Methods covered may include reaction time, priming, self-paced reading, computational modeling, corpus-based research, and event-related brain potentials.

Students serve as experimenters and participants in class experiments.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 3190.03/NESC 3190.03

CROSS-LISTING: NESC 3134.03

EXCLUSIONS: PSYO 3130.06/NESC 3130.06

PSYO 3137 Research Methods in Cognitive Neuroscience

CREDIT HOURS: 3

An overview of neuroimaging and other techniques of cognitive neuroscience (including fMRI, ERP, and others) focusing on how they work, how they are applied, and their inherent limitations. Labs include experience collecting and analyzing ERP data, demonstrations of fMRI scanning, and analysis of fMRI data.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 2

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2501.03, and PSYO 2130.03/NESC 2130.03

CROSS-LISTING: NESC 3137.03

PSYO 3161 Measuring Behaviour

CREDIT HOURS: 3

Measuring behaviour is essential in the study of ethology, behavioural neuroscience, developmental, social and clinical psychology. The function of this laboratory course is to teach methods of observing and scoring behaviour using qualitative and quantitative methods. Sampling methods, behaviour description and analysis will be done in laboratory and naturalistic settings.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03

CROSS-LISTING: NESC 3161.03

PSYO 3162 Advanced Animal Behaviour: Theories and Applications

CREDIT HOURS: 3

This course focuses on advanced theories and applications of animal behaviour, with a focus on proximate, integrative and applied questions. It offers a more in-depth analysis of topics covered in PSYO 2160.03/NESC 2160.03 and explores trends and issues in contemporary ethology, animal psychology and behavioural ecology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03 or BIOL 3062.03 or BIOL 3630.03, and PSYO 2160.03/NESC 2160.03

CROSS-LISTING: NESC 3162.03

PSYO 3165 Neuroethology

CREDIT HOURS: 3

Neuroethology explores how assemblies of neurons work together to produce behaviour. Neural control of selected behaviours from a wide range of animals, both invertebrate and vertebrate, are examined. From this comparative perspective an attempt is made to tease out common themes in the physiological control of behaviour.

NOTES: All experiments in the accompanying lab involve insects. Students are required to handle insects during the lab.

FORMAT: Lab

PREREQUISITE: PSYO 2160.03/NESC 2160.03 or BIOL 3062.03; and PSYO 2570.03/NESC 2570.03 or BIOL 3078.03 and BIOL 3079.03, or MARI 3074.03 and MARI 3076.03; and PSYO 2000.03 or NESC 2007.03 or one of following Biology classes: BIOL 2003.03, BIOL 2004.03, BIOL 2020.03, BIOL 2030.03, BIOL 2060.03

CROSS-LISTING: NESC 3165.03

PSYO 3170 Hormones and Behaviour

CREDIT HOURS: 3

How chemical signals of the neural, endocrine, and immune systems interact to influence the brain and behaviour. How neurotransmitters, cytokines, and hormones control neural and behavioural development, sexual, aggressive, and maternal behaviour. Hormone receptors in the brain, reproduction, puberty, brain sex differences, and stress are also examined.

PREREQUISITE: PSYO 2770.03 or PSYO 2470.03/NESC 2470.03 or PHYL 2041.03 or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03

CROSS-LISTING: NESC 3170.03

EXCLUSIONS: PSYO 2170.03/NESC 2170.03

PSYO 3180 Psychoneuroimmunology/Ecological Immunology

CREDIT HOURS: 3

Our behaviour can influence how well we resist disease, and infection can alter behaviour. This course examines how immune systems and nervous systems interact in both vertebrates and invertebrates. Evolutionary forces that have led to the existence of these interactions are also examined.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03, AND PSYO 2000.03 or NESC 2007.03, and one of PSYO 2770.03 or PSYO 2470.03/NESC 2470.03 or PHYL 2014.03 or MICI 2100.03; OR BIOL 2020.03

CROSS-LISTING: NESC 3180.03

PSYO 3190 Psycholinguistics

CREDIT HOURS: 3

Explores the cognitive and neural bases of human language processing. Topics include: human language and other communication systems; phonology; morphology; semantics; syntax; discourse; first and second language acquisition; relationship of language to general cognitive functions such as music and mathematics; signed languages such as American Sign Language; and non-linguistic gesture.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2130.03/NESC 2130.03

CROSS-LISTING: NESC 3190.03

EXCLUSIONS: PSYO/NESC 2190.03

PSYO 3220 Clinical Psychology

CREDIT HOURS: 3

A survey of professional issues relevant to the practice of clinical psychology in hospitals, private practice, schools, the court system, and the community. Students gain knowledge about psychological services, and an understanding of the training, ethics, and expertise that clinical psychology brings to the delivery of mental health and healthcare.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2220.03

EXCLUSIONS: PSYO 2120.03

PSYO 3224 Forensic Psychology

CREDIT HOURS: 3

This course provides an introduction to the application of psychology to the various areas of the criminal justice system (i.e., courts, corrections, policing). In addition, consideration is given to professional and ethical issues that arise when psychological knowledge is applied in forensic contexts.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1021.03 or PSYO 1031.03 and PSYO 1012.03 or PSYO 1022.03 or PSYO 1032.03, or SCIE 1505X/Y.18, SCIE 1515X/Y.36, 1520X/Y.30 or 1540X/Y.27 (with a grade of B- or better), AND any 2000-level Psychology class, or PHYL 2041.03 and SOSA 2503.03

PSYO 3225 Health Psychology

CREDIT HOURS: 3

A study of psychological influences on how people stay healthy and how they respond when they become ill. Using a biopsychosocial model, this course examines topics such as health behaviours and prevention, stress and coping, the patient in treatment settings, and management of chronic and terminal illness.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2220.03

PSYO 3227 Principles of Human Neuropsychology

CREDIT HOURS: 3

Clinical neuropsychologists study the organization of cognitive, emotional, and social functions in the brain to understand how brain damage alters human behaviour across the lifespan. We examine how clinicians diagnose and rehabilitate persons with brain diseases and disorders. Assignments emphasize application of textbook/lecture-based knowledge, critical thinking, and group presentation skills.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: NESC 2470.03/PSYO 2470.03 or PSYO 2770.03 or PHYL 2041.03, PSYO 2130.03 is recommended

CROSS-LISTING: NESC 3227.03

PSYO 3237 Drugs and Behaviour

CREDIT HOURS: 3

An introduction to behavioural psychopharmacology. The lectures involve basic anatomy, physiology, and chemistry of the nervous system. Behavioural effects and underlying mechanisms of various psychoactive drugs are discussed. Specific topics covered are alcohol, tobacco, amphetamines, cocaine, opiates, hallucinogens, tranquilizers, and antipsychotic drugs.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and one of PSYO 2170.03/NESC 2170.03, PSYO 2470.03/NESC 2470.03, PSYO 2570.03/NESC 2570.03, or PSYO 2770.03

CROSS-LISTING: NESC 3237.03

PSYO 3260 Biological Rhythms

CREDIT HOURS: 3

Daily (circadian) clocks generate rhythms in many functions, including sleep, reproduction, and intellectual performance. This course examines the nature of these biological clocks, their neural mechanisms, and their roles in regulating sleep and other aspects of physiology and in pathological conditions, including sleep disorders, jet lag, and psychiatric disorders.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, or BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03, **and** one of PSYO 2170.03/NESC 2170.03 or PSYO 2470.03/NESC 2470.03 or PSYO 2770.03

CROSS-LISTING: NESC 3260.03

PSYO 3264 The Science of Sleep

CREDIT HOURS: 3

This course reviews the history, methods and results of the scientific study of sleep. Topics include: circadian and homeostatic regulation; developmental and cultural impacts; normal and abnormal function of neural and other control mechanisms; effects of sleep loss on performance and health; theories of the functions of sleep.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and either PSYO 2770.03 or PSYO 2470.03/NESC 2470.03; OR BIOL 2020.03

CROSS-LISTING: NESC 3264.03

PSYO 3270 Developmental Neuroscience

CREDIT HOURS: 3

This course presents the fundamentals of development in complex and simple nervous systems. Cell differentiation, pattern regulation, proliferation, migration, and circuit development are discussed. Special attention is given to later developmental events such as neuronal growth cones, cell death, growth factors, neuron-target interactions, and synapse formation.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2470.03/NESC 2470.03 and PSYO 2570.03/NESC 2570.03

CROSS-LISTING: NESC 3270.03

PSYO 3280 Personality

CREDIT HOURS: 3

Personality deals with questions such as: Is a science of persons possible? Are there types of personalities, or is each individual's personality unique? Is an individual's life history an expression of his or her personality, or is personality description merely a summary statement of behaviour whose cause lies elsewhere?

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and one of PSYO 2080.03 or PSYO 2090.03 or PSYO 2220.03

PSYO 3370 Neuroscience Laboratory I

CREDIT HOURS: 3

Introduction to several neurophysiological techniques used in contemporary neuroscience, employing extracellular and intracellular electrical recording and stimulation methods on nervous system preparations, both sensory and motor. After introductory instruction, students in groups of 2 or 3 get to perform quite sophisticated practical experiments themselves, enabled by computer-based data acquisition.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2470.03/NESC 2470.03 and PSYO 2570.03/NESC 2570.03,

CROSS-LISTING: NESC 3370.03

PSYO 3371 Neuroscience Laboratory II

CREDIT HOURS: 3

Introduction to several techniques used in contemporary neuroscience. Students work under supervision in groups of 2 or 3 in regular labs that introduce neuroanatomical analyses using the following: Golgi impregnation, immunocytochemistry, dye-tracing of connections, electronmicroscopy of the retina, and neurotransmitter determinations using HPLC.

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2470.03/NESC 2470.03 and PSYO 2570.03/NESC 2570.03

CROSS-LISTING: NESC 3371.03

PSYO 3390 Cognitive Development

CREDIT HOURS: 3

In this course we trace the development of the child's knowledge from birth to adolescence. Piaget's theory provides the background for the study of recent progress in our understanding of children's concepts of the physical world.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2090.03

PSYO 3502 Statistical Methods II

CREDIT HOURS: 3

This course is the continuation of PSYO 2501.03, with the examination of more complex, but commonly used, inferential statistics. Topics include factorial ANOVA, ANCOVA, and multiple regression. This course is for prospective Honours students in Psychology or Neuroscience. Class work includes computer-based assignments.

NOTES: PSYO 3502.03 is to be taken **prior** to enrolling in PSYO 4500X/Y.06/NESC 4500X/Y.06.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03 (with a grade of B or above), PSYO 2501.03, or instructor's consent

PSYO 3581 History of Psychology I

CREDIT HOURS: 3

Drawing on writings from antiquity to the early years of the 20th century, we explore the nature of historical explanation, explanation in science, knowledge and truth, life, human nature, the domains of animal and man, neuroscience, and personality. Usually offered in the Fall term.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1012.03 or equivalent, or Instructor's consent

EXCLUSIONS: PSYO 3580.06

PSYO 3582 History of Psychology II

CREDIT HOURS: 3

Drawing on writings from antiquity to the early years of the 20th century, we explore the nature of learning, thinking, memory, intelligence, mental illness and treatment, the unconscious, dreams, development, and the self. Usually offered in the Winter term. Familiarity with ideas developed in PSYO 3581 is helpful.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 1011.03 or PSYO 1012.03 or equivalent, or instructor's consent

EXCLUSIONS: PSYO 3580.06

PSYO 3670 Genes, Brain and Behaviour

CREDIT HOURS: 3

The application of genetic techniques to the study of cognitive abilities, psychopathology, personality disorders, stress-related illnesses, and ethical issues in genetic research. The role of genetic factors in eating and drug abuse problems, as well as methods used to study gene-environment interactions are explored.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2470.03/NESC 2470.03 or PSYO 2770.03, and BIOL 1010.03 or BIOL 1020.03 and BIOL 1011.03 or BIOL 1021.03, or SCIE 1505X/Y.18, SCIE 1515.X/Y36, SCIE 1520X/Y.30, or SCIE 1540X/Y.27 (with a grade of B- or better); BIOL 2020.03 and BIOL 2030.03 are useful

CROSS-LISTING: NESC 3670.03

EXCLUSIONS: PSYO/NESC 2670.03

PSYO 3770 Behavioural Neuroscience

CREDIT HOURS: 3

Behavioural neuroscience explores the neural and hormonal mechanisms underlying a variety of behavioural phenomena. The course focuses on neural correlates of social and emotional behaviour, motor behaviour and patterns, and behavioural toxicology processes (neurotoxins and endocrine disruptors).

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, and PSYO 2470.03/NESC 2470.03 or PSYO 2770.03

CROSS-LISTING: NESC 3770.03

PSYO 3775 Behavioural Neuroscience Laboratory

CREDIT HOURS: 3

Students motivated to pursue a career in Neuroscience, or in a related biomedical discipline, gain direct experience studying the nervous system in relation to behaviour. Students acquire skills in animal handling, ethics, and measuring behaviour. Emphasis is placed on histological/molecular analysis of the brain including examining protein and/or mRNA levels. SIGNATURE REQUIRED

FORMAT: Lab

PREREQUISITE: PSYO 2000.03 or NESC 2007.03, PSYO 2470.03/NESC 2470.03 or PSYO 2770.03, PSYO 2501.03, and one of PSYO 2160.03/NESC 2160.03 or PSYO 2170.03/NESC 2170.03 or PSYO 3237.03/NESC 3237.03 or PSYO 3770.03/NESC 3770.03, and instructor's consent

CROSS-LISTING: NESC 3775.03

PSYO 3790 Neurolinguistics

CREDIT HOURS: 3

The course covers: (1) brain damage and language disorders; (2) aphasia; (3) localization of lesions in the human brain; (4) neuroimaging; (5) intracranial electric stimulation experiments; (6) event-related brain potential experiments; (7) PET, fNMR scan experiments; (8) neural models of language processing.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2470.03/NESC 2470.03 or PSYO 2770.03

CROSS-LISTING: NESC 3790.03

PSYO 3970 Molecular Neuroscience

CREDIT HOURS: 3

This course examines the development, function, and pathology of the brain at the molecular level. Model systems are examined from the perspective of ion channels, messengers, receptors, intracellular signaling cascades, transcription factors, and genes. The concepts underlying basic cellular and molecular neuroscience tools are emphasized.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: PSYO 2570.03/NESC 2570.03 or BIOL 2020.03 or BIOL 2030.03

CROSS-LISTING: NESC 3970.03

PSYO 4000 Senior Seminar

CREDIT HOURS: 3

An individually tailored reading or study course designed to allow Honours students to focus on a particular issue, or a set of related issues, that are not part of the regular program. Enrollment is contingent upon securing a faculty member to supervise the study program.

SIGNATURE REQUIRED

COORDINATOR: J. Christie

CROSS-LISTING: NESC 4000.03

PSYO 4001 Contemporary Issues in Psychology

CREDIT HOURS: 3

PSYO 4230 Human Performance Topics

CREDIT HOURS: 3
SIGNATURE REQUIRED
FORMAT: Seminar
CROSS-LISTING: NESC 4230.03

PSYO 4500X/Y Honours Thesis

CREDIT HOURS: 6
Under a staff member's supervision, each student conducts original research in experimental psychology. Students meet to describe their proposed research and progress. A formal written report of the completed research is required. The final grade is based on originality and skill with emphasis on the written and oral reports.
SIGNATURE REQUIRED
NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.
PREREQUISITE: PSYO 3502.03, Fourth-year Honours students, and instructor's consent
CROSS-LISTING: NESC 4500X/Y.06
RESTRICTIONS: Restricted to Honours students in their graduating year

PSYO 4581 Topics in the History of Psychology

CREDIT HOURS: 3
This course will cover in depth a particular topic in Psychology as it changes through history, from conception, development, and study, including important figures and historical context. Topic changes from year to year.
FORMAT: Seminar
PREREQUISITE: PSYO 1011.03 or PSYO 1012.03 or equivalent, or instructor's consent.

PSYO 4705 Neurotechnology Innovation, Commercialization, and Entrepreneurship

CREDIT HOURS: 3
Intensive 2-week course in neurotechnology, clinical neuroscience, and commercialization. Topics include neuroimaging methods; diagnosis, assessment, and treatment of nervous system-related disorders; the process of innovation; and business fundamentals. Features guest lectures by successful scientists and entrepreneurs, as well as hands-on workshops and lab exercises on business and neurotechnology topics.
FORMAT: Lecture
LECTURE HOURS PER WEEK: 3
PREREQUISITE: Two full years of undergraduate University study, plus instructor's consent
CROSS-LISTING: NESC 4705.03
EXCLUSIONS: PSYO 7705.06

PSYO 4740 Topics in the Neurobiology of Learning and Memory

CREDIT HOURS: 3
SIGNATURE REQUIRED
FORMAT: Seminar
PREREQUISITE: PSYO 2470.03/NESC 2470.03, PSYO 2140.03/NESC 2140.03
CROSS-LISTING: NESC 4740.03

Science, Interdisciplinary

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not take both courses as designated.

Not all courses are offered each year. Please consult the current timetable for this year's offering. For further information please contact the department.

Course Descriptions

SCIE 1111 Writing for the Sciences

CREDIT HOURS: 3

This course satisfies the Faculty of Science Writing Requirement. The course covers the history of writing and information theory, grammar and punctuation, sentences and paragraphs, scientific style, proposals, the scientific paper, citations and references, graphics, posters, and ethics. Weekly assignments/quizzes develop and reinforce writing skills introduced in lectures.

FORMAT: Lecture| Tutorial

SCIE 1505X/Y Integrated Science

CREDIT HOURS: 18

This program provides comprehensive first-year preparation for science major or honours degrees and includes a full-year writing course and research project in the sciences. Concepts and techniques are taught in Biology, Earth Science, Psychology, and Statistics and are linked to material taught in separate Chemistry, Mathematics, and Physics courses.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture| Lab

LECTURE HOURS PER WEEK: 9

LAB HOURS PER WEEK: 5

COREQUISITE: PHIL 1050.03; CHEM 1011.03/CHEM 1012.03; one of MATH 1000.03/MATH 1010.03 or MATH 1000.03 or MATH 1215.03 OR MATH 1280.03 and MATH 1290.03 or MATH 1500.06. Recommended: PHYC 1190.03/PHYC 1290.03 or PHYC 1300.06 X/Y or PHYC 1310.03/PHYC 1320.03 or PHYC 1310.03

CROSS-LISTING: BIOL 1010.03/BIOL 1011.03 or BIOL 1020.03/BIOL 1021.03; EARTH 1080.03; PSYO 1011.03/1012.03 or PSYO1021.03/PSYO 1022.03 or PSYO 1031.03/PSYO 1032.03; SCIE 1111.03; STAT 1060.03

SCIE 2000X/Y Knowing and Making the World: The History of Science from the Ancients to the Moderns

CREDIT HOURS: 6

This course is a broad introductory survey of the central developments in the history of science, open to first and higher level students whatever their fields, and may be an introduction to further study in the history of science. It examines the most revolutionary figures from the Greeks to the modern period. The work of each of these had such a profound influence upon their own era and upon subsequent times that students in the humanities will find this course clarifies the nature of science and its cultural importance. Students in the sciences will recognize that their contributions have been permanently woven into the fabric we call science. In uncovering the sources and character of each of these transformations in the theory and practice of science, the course will challenge conventional views about the nature and place of science. This course may be taken as an arts or science credit.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

FORMAT: Lecture| Tutorial

CROSS-LISTING: HIST 2074X/Y.06, HSTC 1200.06, HSTC 2200.06

EXCLUSIONS: HSTC 2201.03, BIOL 3502.03, HIST 3072.03, SCIE 4000.03, HIST 3074X/Y.06

SCIE 2800 Science Co-op Seminar Orientation

CREDIT HOURS: 0

This course is designed to introduce Science Co-op students to aspects of career development and preparation for their work terms. This course is a prerequisite to the first work term and is a mandatory component of the Science-Cooperative Education program; all Science Co-operative Education students are required complete this course at least four months prior to the first workterm. A grade of Pass is required before students undertake the first work term experience.

FORMAT: Seminar

SCIE 3111 Communicating Science

CREDIT HOURS: 3

A course for senior science students to hone communication skills. Students (1) learn to communicate scientific information to various non-specialist audiences, and (2) prepare and deliver tutorials to small groups of SCIE 1111.03 students. The course allows students to use different communication styles and topics to build a portfolio.

PREREQUISITE: Permission of instructor

SCIE 3600 Exploring Geographic Information Systems

CREDIT HOURS: 3

This course provides a general overview of Geographic Information Systems (GIS), examining what GIS is, what it can do, and how it works. The course is aimed at students studying in all disciplines and will involve creating, understanding, manipulating and displaying geographic data. Topics will include data models, analysis of vector and raster data, creation of spatial databases, the Global Positioning System and other aspects of spatial data. Lectures (3 per week) will explore basic aspects of GIS in detail and introduce material to be covered in the labs. Labs are held once per week and will provide practical experience in data manipulation and problem solving.

PREREQUISITE: Two years of university study

EXCLUSIONS: EARTH 3500.03, ENVS 3500.03, GEOG 3500.03, EARTH 5600.03

SCIE 4001 History of Marine Sciences

CREDIT HOURS: 3

In this course, we will trace the history of marine sciences from the ancients to the 20th century. Topics may include ancient cosmologies, voyages of discovery, ocean circulation, and a range of scientific perspectives and technological developments that have shaped human understanding of the oceans.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Instructor's consent

CROSS-LISTING: BIOL 4664.03, OCEA 4331.03/5331.03, HIST 3073.03, HSTC 3331.03, MARI 4664.03

SCIE 4444 Leadership in Science

CREDIT HOURS: 3

Students will develop leadership skills and build confidence while applying their scientific knowledge. Through in-class activities and a science-based practicum, students gain experience with various aspects of leadership, allowing for integration and application of their expertise.

PREREQUISITE: Instructor permission. Students should have completed at least three (3) third year courses in their declared major and have a minimum of B+ average in their major.

CROSS-LISTING: BIOL 4444.03

SCIE 4850 Geographic Information Science Research Project

CREDIT HOURS: 3

Students learn how to design, manage and complete a research project in Geographic Information Science (GIS). Projects must include a substantive analytical component where GIS is central to methods employed. Evaluation includes a written report, oral presentation and digital data. Required for completion of the Certificate in GIS.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

COREQUISITE: EARTH 5420.03/GEOG 4520.03

PREREQUISITE: ENVS 3500.03/ERTH 3500.03/GEOG 3500.03 and permission of instructor

CROSS-LISTING: BIOL 4850.03, ENVS 4850.03, EARTH 4850.03, GEOG 4850.03

EXCLUSIONS: Restricted to 3rd and 4th year students

Statistics

Location:

Building/Room: Chase Building

Street Address 1: 6316 Coburg Road

Street Address 2: Department of Mathematics and Statistics

P.O. Box: 15000

Halifax, NS B3H 4R2

Telephone: (902) 494-2572

Fax: (902) 494-5130

Website: www.dal.ca/faculty/science/math-stats.html

Email Address: info@mathstat.dal.ca

It doesn't matter if you want to design computer games, study the safety of nuclear power plants, analyzing the stock market or conduct political polls: scientists of all kinds work with numbers to measure and explore the world. That's where statistics comes in. Statistics is the study of the collection, organization, analysis, interpretation and presentation of data. Pulling knowledge from data helps us plan for the future and improve our quality of life.

The Dalhousie Statistics program is the only program in the Maritimes that offers a full range of undergraduate and graduate programs. Our undergraduate courses are also approved by the accreditation committee of the Statistics Society of Canada, so that our graduates can apply for the Associate Statistician designation.

Statistics makes a great undergraduate degree with wide applicability and is an essential component of any program in the sciences or social sciences.

Degree Programs

The Department of Mathematics and Statistics offers the following degree programs in Statistics

- BSc or BA (120 credit hour) Honours (Concentrated)*
- BSc or BA (120 credit hour) Combined Honours*
- BSc or BA (120 credit hour) Major*
- BSc or BA (120 credit hour) Double Major*
- BSc or BA (90 credit hour) Minor in Statistics
- Minor in Statistics

* May be combined with Minor programs from other disciplines

Departmental requirements for each degree program can be seen by following the links in the menu to the right.

In addition to departmental requirements, students must satisfy the requirements outlined in the Academic Regulations and the College of Arts and Science Degree Requirements sections. Students are advised that a number of requirements differ for the BA and BSc degrees.

A student is governed by the academic regulations in place at the time of initial enrolment, as long as the degree is completed within the time permitted (10 years). Subsequent changes in regulations shall apply only if the student so elects. Students applying the old academic regulations should consult the calendar of the appropriate year.

Students should plan their programs of study carefully and are strongly encouraged to do so in consultation with a Statistics undergraduate academic advisor.

Staff

Dean

Moore, C., BA (Hons), PhD (Cambridge), Professor (Psychology)

Chair of the Department

Smith, B., MSc (Calgary), PhD (Berkeley)

Director of Division

Gu, H., MSc (Peking), PhD (Hong Kong)

Faculty Advisor

Dowd M., PhD (Dalhousie), Honours and Undergraduate Advisor

Professor Emeritus

Field, C. A., MSc, PhD (Northwestern)

Professors

Dowd, M., PhD (Dalhousie)

Hamilton, D. C., MA, PhD (Queen's)

Smith, B., MSc (Calgary), PhD (Berkeley)

Susko, E., PhD (Waterloo)

Thompson, K., MSc (Manchester), PhD (Liverpool) (CRC Chair), jointly with Oceanography

Zhao, Y., MSc (Western Kentucky), PhD (UBC), cross appointment with Management

Associate Professors

Beiko, R., PhD (Ottawa), cross appointment with Computer Science

Bielewski, J., MA, PhD (Texas A & M), jointly with Biology

Gu, H., MSc (Peking), PhD (Hong Kong)

Herbinger, C., MSc (Paris), PhD (Dalhousie), jointly with Biology

Mills-Flemming, J., MSc (TUNS), PhD (Dalhousie), Graduate Advisor Statistics

Assistant Professors

Kenney, T., BA (Hons), MMath, PhD (Cambridge), cross appointment with Mathematics

Lecturer

Sarhan, A., PhD (Ghansk)

Postdoctoral Fellow

Auger-Methe, M., (Alberta)
Aeberhard, W., (Geneva)

Adjunct Professors

Cole, D., PhD (McGill) Toronto
Gupta, R. P., PhD (Delhi) Dalhousie
Millar, M., PhD (Dalhousie) MSVU
Sneddon, G., PhD (Dalhousie) MSVU
Wang, X., PhD (Waterloo) St. FX

Statistical Consultant

Liu, L., MSc (Dalhousie)

Please refer to the entry for the Department of Mathematics and Statistics for a full listing of the members of the Department and information on other programs offered by the Department.

BSc or BA (120 credit hour) Concentrated Honours in Statistics

Students who want a challenging program resulting in comprehensive knowledge of both theoretical and applied Statistics may want to enroll in an Honours program. Students interested in eventually pursuing graduate studies are particularly encouraged to consider Honours. Honours students complete a minimum of 54 credit hours above the 1000 level in Statistics with a minimum GPA of 3.0 and write a research-based Honours thesis. The research thesis and the Honours Qualifying Examination requirement are satisfied through completion of STAT 4950.03.

Admission to Honours

Students must apply for admission to Honours programs. Students considering Honours in Statistics should consult with a Statistics Honours Advisor early in their studies.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc or BA Concentrated Honours program in Statistics must complete the following courses:

1000 level

- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II or MATH 1215.03: Life Sciences Calculus/MATH 1010.03: Differential and Integral Calculus II
- STAT 1060.03: Introductory Statistics for Science and Health Sciences¹
- CSCI 1100.03: Computer Science I/CSCI 1101.03: Computer Science II²

2000 level

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I/MATH 2040.03: Matrix Theory and Linear Algebra II or MATH 2030.03: Matrix Theory and Linear Algebra I/MATH 2135.03: Linear Algebra
- STAT 2060.03: Introduction to Probability and Statistics
- STAT 2080.03: Statistical Methods for Data Analysis and Inference³
- An additional six credit hours of STAT courses⁴ at or above the 2000 level, other than the courses listed below.

3000 level

- STAT 3340.03: Regression and Analysis of Variance
- STAT 3350.03: Design of Experiments
- STAT 3360.03: Probability
- STAT 3380.03: Sample Survey Methods
- STAT 3460.03: Intermediate Statistical Theory
- An additional nine credit hours of Statistics or Mathematics⁵ courses at or above the 3000 level, other than the courses listed below.

4000 level

- STAT 4066.03: Advanced Statistical Theory I
- One of STAT 4350.03: Applied Multivariate Analysis, STAT 4390.03: Time Series Analysis and STAT 4620.03: Data Analysis
- STAT 4950.03: Honours Research Project

¹The requirement to take STAT 1060.03: Introductory Statistics for Science and Health Sciences may be waived for students entering the program in their second year.

²Math 3210 may be taken in place of CSCI 1101. Thus students can fulfill the basic computer skills requirement by taking CSCI 1100 and Math 3210.

³Some students may take STAT 2080.03 in the first year of their degree program.

⁴Statistics courses are any courses listed or cross-listed as STAT. The following can also be counted towards statistics credit hours:

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I
- MATH 2040.03: Matrix Theory and Linear Algebra II

⁵The 3000 level mathematics courses can be chosen from the following list:

- MATH 3045: Curves and Surfaces
- MATH 3080: Introduction to Complex Variables
- MATH 3120: Differential Equations
- MATH 3140: Introduction to Wavelets
- MATH 3210: Introduction to Numerical Analysis
- MATH 3260: Applied Differential Equations
- MATH 3300: Optimization
- MATH 3330: Applied Graph Theory
- MATH 3400: Classical Game Theory
- MATH 3500X/Y.06: Intermediate Analysis
- MATH 3501: Intermediate Analysis I
- MATH 3502: Intermediate Analysis II
- MATH 3900: Financial Mathematics

BSc or BA (120 credit hour) Combined Honours in Statistics and another subject

Students who wish to study Statistics in conjunction with another subject may wish to pursue a Combined Honours degree program. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science, or the College of Sustainability. Statistics may be the primary subject (defined as the subject with the larger number of honours credits), or the secondary subject.

Students planning to enroll in a Combined Honours program should consult with academic advisors from both programs early in their studies. Students must have their program of study approved by Academic Advisors in both subject areas. Students must complete an Honours Qualifying Examination in one of the two subject areas, a requirement normally completed in the primary subject area. For Statistics, this requirement is satisfied through STAT 4950.03.

Departmental requirements

Students in a BSc or BA Combined Honours program in Statistics and another subject must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections.

- A minimum of 30 credit hours in statistics courses at or above the 2000 level with a grade of C or better in each, which must include

- MATH 2001.03: Intermediate Calculus I
- MATH 2030.03: Matrix Theory and Linear Algebra I
- STAT 2060.03: Introduction to Probability and Statistics
- STAT 2080.03: Statistical Methods for Data Analysis and Inference
- STAT 3340.03: Regression and Analysis of Variance
- STAT 3360.03: Probability
- STAT 3460.03: Intermediate Statistical Theory
- One additional three credit hours STAT course at the 4000 level.
- The remaining courses may be any Statistics⁴ courses at or above the 2000 level.

If Statistics is the primary subject, students will also complete

- STAT 4950.03: Honours Research Project and an additional six credit hours of STAT courses⁴ at or above the 2000 level

OR

- An honours thesis in another subject and an additional 9 credit hours of STAT⁴ courses at or above the 2000 level

⁴Statistics courses are any courses listed or cross-listed as STAT. The following can also be counted towards statistics credit hours:

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I
- MATH 2040.03: Matrix Theory and Linear Algebra II

BSc or BA (120 credit hour) Major in Statistics

The 120 credit hour Major is suited to students who want to focus on Statistics, but wish to have a program that is somewhat less constrained than the Honours program.

Departmental requirements

In addition to fulfilling the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections, students in a BSc or BA Major program in Statistics must complete the following courses:

1000 level

- MATH 1000.03: Differential and Integral Calculus I/MATH 1010.03: Differential and Integral Calculus II or MATH 1215.03: Life Sciences Calculus/MATH 1010.03: Differential and Integral Calculus II
- STAT 1060.03: Introductory Statistics for Science and Health Sciences¹
- CSCI 1100.03: Computer Science I/CSCI 1101.03: Computer Science II²

2000 level

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I/MATH 2040.03: Matrix Theory and Linear Algebra II or MATH 2030.03: Matrix Theory and Linear Algebra I/MATH 2135.03: Linear Algebra
- STAT 2060.03: Introduction to Probability and Statistics
- STAT 2080.03: Statistical Methods for Data Analysis and Inference³

3000 level

- STAT 3340.03: Regression and Analysis of Variance
- STAT 3360.03: Probability
- STAT 3380.03: Sample Survey Methods or STAT 3350.03: Design of Experiments
- STAT 3460.03: Intermediate Statistical Theory
- At least six additional credit hours in Statistics⁴ or Mathematics⁵ courses at or above the 3000 level

¹The requirement to take STAT 1060.03: Introductory Statistics for Science and Health Sciences may be waived for students entering the program in their second year.

²Math 3210 may be taken in place of CSCI 1101. Thus students can fulfill the basic computer skills requirement by taking CSCI 1100 and MATH 3210.

³Some students may take STAT 2080.03 in the first year of their degree program.

⁴Statistics courses are any courses listed or cross-listed as STAT. The following may also be counted towards statistics credit hours:

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.04: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I
- MATH 2040.03: Matrix Theory and Linear Algebra II

⁵The 3000 level mathematics courses can be chosen from the following list:

- MATH 3045: Curves and Surfaces

MATH 3080: Introduction to Complex Variables

MATH 3120: Differential Equations

MATH 3140: Introduction to Wavelets

MATH 3210: Introduction to Numerical Analysis

MATH 3260: Applied Differential Equations

MATH 3300: Optimization

MATH 3330: Applied Graph Theory

MATH 3400: Classical Game Theory

MATH 3500X/Y.06: Intermediate Analysis

MATH 3501: Intermediate Analysis I

MATH 3502: Intermediate Analysis II

MATH 3900: Financial Mathematics

BSc or BA (120 credit hour) Double Major in Statistics and another subject

The Double Major degree program allows students to combine a study of Statistics with another subject. The other subject may be any discipline from the Faculty of Science, the Faculty of Arts and Social Sciences, the Faculty of Computer Science or the College of Sustainability. Statistics may be the primary subject (defined as the subject with the larger number of credits), or the secondary subject. If the primary subject area is from the Faculty of Arts and Social Sciences, the degree granted will be a BA.

It is recommended that students enrolled in a Double Major program consult with advisors in both subject areas.

Departmental requirements

Students in a BSc or BA Double Major in Statistics and another subject must fulfill the requirements outlined in the Academic Regulations and College of Arts and Science Degree Requirements sections.

- A minimum of 30 credit hours in statistics courses at or above the 2000 level, including at least 12 credit hours above the 2000 level, which must include
- MATH 2001.03: Intermediate Calculus I
- MATH 2030.03: Matrix Theory and Linear Algebra I
- STAT 2060.03: Introduction to Probability and Statistics
- STAT 2080.03: Statistical Methods for Data Analysis and Inference
- STAT 3340.03: Regression and Analysis of Variance
- STAT 3360.03: Probability
- STAT 3460.03: Intermediate Statistical Theory
- The remaining courses may be any statistics courses⁴ at or above the 2000 level.

⁴Statistics courses are any courses listed or cross-listed as STAT. The following can also be counted towards statistics credit hours:

- MATH 2001.03: Intermediate Calculus I
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra I
- MATH 2040.03: Matrix Theory and Linear Algebra II

BSc or BA (90 credit hour) Minor in Statistics

The 90 credit hour Minor in Statistics is appropriate for students who want to study some Statistics but do not wish to complete the conventional four-year program. The degree is best suited for students who want a general science degree with some specialization in Statistics. A 90 credit hour degree program is not suitable for students who wish to pursue graduate studies. With additional study, the degree may be upgraded to a 120 credit hour Major or Honours degree at a later date.

A 90 credit hour BSc or BA in Statistics is usually the preferred option for students who wish to combine studies in Statistics with a degree in Engineering (see BSc/BEng or BA/BEng Concurrent Program).

See the Minor in Statistics section of this Calendar.

Minor in Statistics

This minor is available to students registered in a 120 credit hour Bachelor of Arts, Bachelor of Commerce, Bachelor of Computer Science, Bachelor of Informatics, Bachelor of Management, Bachelor of Music, Bachelor of Science or Bachelor of Science (Medical Sciences) program.

A BSc or BA (90 credit hour) degree program with a minor in Statistics is also available.

Requirements

A minimum of 18 to a maximum of 36 credit hours in Statistics, which must include:

- STAT 2060.03: Introduction to Probability and Statistics
- STAT 2080.03: Statistical Methods for Data Analysis and Inference
- STAT 3340.03: Regression and Analysis of Variance
- at least three additional credit hours of STAT at the 3000 level or above and six credit hours of STAT at 2000 level or higher

¹Statistics courses are any courses listed or cross-listed as STAT. The following can also be counted towards statistics credit hours:

- MATH 2001.03: Intermediate Calculus
- MATH 2002.03: Intermediate Calculus II
- MATH 2030.03: Matrix Theory and Linear Algebra
- MATH 2040.03: Matrix Theory and Linear Algebra II

Contact Statistics for more information.

Co-op, Minors, Certificates and Engineering Concurrent Programs for Students

Minors available to students in Statistics

Minor programs allow students to develop subject specialties in addition to their Major or Honours subjects. Minors in other subjects are normally added to 120 credit hour BSc or BA programs.

Students in a BSc or BA (120 credit hour) program in Statistics may choose to include a Minor selected from the list of approved Minors. Courses counted toward a Major or Honours subject cannot be used to fulfill the requirements of a Minor program.

Certificates

In combination with a BSc or BA in Statistics, students may obtain one or more Certificates. A Certificate indicates that a student has achieved a certain level of proficiency in a given area or subspecialty. Courses counted toward a Major, Honours or Minor subject may also be used to fulfill the requirements of a Certificate. Students must apply to the Certificate Coordinator to be considered for a Certificate. Certificates are awarded upon graduation and are noted on the student's academic transcript.

A complete list of Faculty of Science Certificates and requirements can be found at the beginning of the Faculty of Science section. Students may also work toward

obtaining Certificates offered by other Faculties; some of these are listed in the College of Arts and Science Degree Requirements section.

Certificates of particular interest to student enrolled in a BSc or BA in Statistics include:

- Certificate in Actuarial and Financial Mathematics
- Certificate in Applied and Computational Mathematics

BSc/BEng or BA/BEng Concurrent Program

Students interested in combining their interest in Program with a degree in Engineering may choose a BSc/BEng or BA/BEng Concurrent Program, normally completed in a 5 year period. Over the first three years, students complete the requirements for a 90 credit hour BSc or BA degree in Statistics and a Diploma of Engineering (the first two years of engineering studies). Two more years of engineering studies are then required to obtain a BEng. Interested students should see an undergraduate advisor from Statistics and from the Faculty of Engineering in their first year of study.

Required Statistics courses for a BSc/BEng or BA/BEng program in Statistics

- A minimum of 18 credit hours in Statistics courses at the 2000 level or higher, which must include STAT 2060.03, STAT 2080.03, STAT 3340.03 and at least one other STAT course⁴ at or above the 3000 level

⁴Statistics courses are any courses listed or cross-listed as STAT. The following can also be counted towards statistics credit hours:

- MATH 2001.03
- MATH 2002.03
- MATH 2030.03
- MATH 2040.03

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are typically available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not obtain credit for both courses as designated.

Not all courses are offered each year. Please consult the current [timetable](#) for this year's offering. For further information please contact the department, or visit the department's website.

Course Descriptions

Course Notes

Certain courses have been approved for use in fulfilling the educational requirements of the Associate Statistician (A.Stat.) designation of the Statistical Society of Canada (SSC). See the Department or the SSC website (<http://ssc.ca/en/accreditation/apply/suggested-courses-use-towards-astat-designation>) for details.

Credit may not be obtained twice for the same course even if the numbers have been changed.

Actuarial Science

ACSC 3703 Actuarial Models I

CREDIT HOURS: 3

This class builds on the material in STAT 3360 to develop the theoretical basis for construction and evaluation of actuarial models. Topics covered include survival models, probability distributions, deductibles and limits, and aggregate loss models, with application to insurance.

PREREQUISITE: STAT 3360.03 OR MATH 3360.03 or permission of instructor

CROSS-LISTING: STAT 3703.03
EXCLUSIONS: STAT 4701.03

ACSC 3720 Life Contingencies I

CREDIT HOURS: 3

This course introduces the student to the mathematical models for valuation of life contingencies (e.g. life insurance policies). The course covers both the statistical aspects of modelling survival data, and the financial aspects of valuing uncertain future cash-flows.

PREREQUISITE: STAT 3360.03/MATH 3360.03 and STAT 2600.03/MATH 2600.03

CROSS-LISTING: STAT 3720.03

ACSC 3750 Credibility Theory

CREDIT HOURS: 3

Credibility theory deals with the difficulty in combining information from two samples, one of which is small ver relevant, the other is large but less relevant. In this course, we will study different approaches to dealing with t his problem.

COREQUISITE: STAT 3703.03/ACSC 3703.03

PREREQUISITE: STAT 3360.03 or MATH 3360.03

CROSS-LISTING: STAT 3750.03

ACSC 4703 Actuarial Models II

CREDIT HOURS: 3

This course focuses on the development of statistical methods for the estimation and validation of actuarial models. Topics to be discussed include: methods of estimation, properties of estimators, goodness of fit, credibility theory, survival estimators, measures of risk, estimation of severity and ruin models.

PREREQUISITE: STAT 3703 or ACSC 3703

CROSS-LISTING: STAT 4703.03

ACSC 4720 Life Contingencies II

CREDIT HOURS: 3

STAT 3720.03 covers the basics of life contingencies in a simple standard situation. In this course we extend this to deal with a number of common additional features that affect life insurance policies. We introduce multiple-state models, pensions, interest rate risk and profit testing.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3720.03 or ACSC 3720.03

CROSS-LISTING: STAT 4720.03

ACSC 4950 Honours Research Project

CREDIT HOURS: 3

A requirement for the actuarial science honours degree, this course consists of a research project under the supervision of a faculty member in the department. The project will be submitted as a written report. Students wishing to enroll in this class must obtain permission from the Actuarial Science honours advisor.

Statistics

STAT 1060 Introductory Statistics for Science and Health Sciences

CREDIT HOURS: 3

This course gives an introduction to the basic concepts of statistics through extensive use of examples. The topics include experimental design, descriptive statistics, simple linear regression and the basics of statistical inference. Students will learn to use the statistical package MINITAB. NOTE: Students who have already taken university level Calculus should consider taking STAT 2060.03 instead of STAT 1060.03.

NOTES: Students will not receive credit for taking STAT 1060.03 after receiving credit for STAT 2060.03.

FORMAT: Lecture| Tutorial

LECTURE HOURS PER WEEK: 3

PREREQUISITE: Academic or advanced Grade 12 Mathematics (or pre-calculus) or equivalent

CROSS-LISTING: MATH 1060.03

EXCLUSIONS: COMM 2501.03, MGMT 2501.03, DISP

STAT 2060 Introduction to Probability and Statistics

CREDIT HOURS: 3

Rigorous introduction to probability and statistical theory. Topics covered include elementary probability, random variables, distributions, estimation and hypothesis testing. Estimation and testing are introduced using maximum likelihood and the generalized likelihood ratio. Natural sequels for this course are STAT 2080.03 and 3360.03

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03 or MATH 1215.03 or MATH 1550 OR MATH 1500X/Y

CROSS-LISTING: MATH 2060.03, ECON 2260.03

EXCLUSIONS: ENGM 2032.03

STAT 2080 Statistical Methods for Data Analysis and Inference

CREDIT HOURS: 3

The usual sequel to STAT 1060.03 or STAT 2060.03. This course introduces a number of techniques for data analysis and inference commonly used in the experimental sciences. Topics covered include model building in linear models, multiple regression, analysis of variance, factorial designs, analysis of covariance using the general techniques for linear models and two and three way tables along with logistic regression. A natural sequel for this course is STAT 3340.03.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 1060.03 or STAT 2060.03 or DISP

CROSS-LISTING: MATH 2080.03, ECON 2280.03
EXCLUSIONS: COMM 2502.03, MGMT 2502.03, PSYO 2501.03

STAT 2300 Introduction to Mathematical Modelling I

CREDIT HOURS: 3

See course description for MATH 2300.03 in the Mathematics section of this calendar.

STAT 2450 Introduction to Data Mining with R

CREDIT HOURS: 3

This course provided as introduction to data mining and R programming, suited for science students. Data mining methods include a vast set of tools developed in different areas for identifying the patterns in data. Students will learn programming methods for manipulating and exploring data through learning the basic ideas of some clustering, regression and classification methods. No prior programming knowledge is assumed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: MATH 1000.03 and either (STAT 1060.03 or MATH 1060.03) or (STAT 2060.03 or MATH 2060.03)

STAT 2600 Theory of Interest

CREDIT HOURS: 3

See course description for MATH 2600.03 in the Mathematics section of this calendar.

STAT 3340 Regression and Analysis of Variance

CREDIT HOURS: 3

A thorough treatment of the theory and practice of regression analysis. Topics include: fitting general linear models using matrices, optimality of least squares estimators (Gauss-Markov theorem), inferences, simple and partial correlation, analysis of residuals, case-deletion diagnostics, polynomial regression, transformations, use of indicator variables for analysis of variance and covariance problems, model selection, and an introduction to nonlinear least squares. This course makes extensive use of computer packages.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 2080.03, MATH 2030.03 and either MATH 1010.03 or STAT 2060.03 or DISP (except SCEI 1540X/Y.27)

CROSS-LISTING: MATH 3340.03

STAT 3345 Environmental Risk Assessment

CREDIT HOURS: 3

Statistical methods for assessing risk are discussed, including dose-response models, survival analysis, relative risk analysis, bioassay, estimating methods for zero risk trend analysis and association risks. Case studies are used to illustrate the methods.

PREREQUISITE: MATH 1000.03 or MATH 1215.03, STAT 2080.03 or equivalent

STAT 3350 Design of Experiments

CREDIT HOURS: 3

The aim of the course is to develop the fundamental statistical concepts required for designing efficient experiments to answer real questions. The first main subject is unit variation and control. The basic concepts of replication, blocking and randomization are each examined. The second main subject is treatment questions and structure. The ideas of factorial designs, split-plot and incomplete plot designs are presented. We conclude with a look at response surface methodology.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 2080.03, MATH 2030.03 and either MATH 1010.03 or STAT 2060.03 or DISP (except SCIE 1540X/Y.27)

CROSS-LISTING: MATH 3350.03

STAT 3360 Probability

CREDIT HOURS: 3

The concepts and application of probability. Topics include the classical discrete and continuous distributions, including the binomial, hypergeometric, multinomial, Poisson, uniform, exponential and normal; definitions and properties of random variables; independence; sums of independent random variables, including the law of large numbers and central limit theorem; conditional probability; and the bivariate normal distribution. Examples will be taken from the natural and physical sciences.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 2060.03 and MATH 2001.03

CROSS-LISTING: MATH 3360.03

STAT 3380 Sample Survey Methods

CREDIT HOURS: 3

The development of design and analysis techniques for sample surveys. Topics include simple, stratified and systematic random sampling, ratio and regression estimation, sub-sampling with units of equal and unequal size, double-multistage and multiphase sampling, non-sample errors and non-respondents.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 2060.03

CROSS-LISTING: MATH 3380.03

STAT 3460 Intermediate Statistical Theory

CREDIT HOURS: 3

This course provides an intermediate level coverage of statistical theory to provide a framework for valid inferences from sample data. The methods developed are based on the likelihood function and are discussed from the frequentist, likelihood, and Bayesian approaches. The problems of point estimation, interval estimation and hypothesis testing and the related topics of sampling distributions, sufficiency, and Fisher Information are discussed.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3360.03
CROSS-LISTING: MATH 3460.03

STAT 3703 Actuarial Models I

CREDIT HOURS: 3

This class builds on the material in STAT 3360 to develop the theoretical basis for construction and evaluation of actuarial models. Topics covered include survival models, probability distributions, deductibles and limits, and aggregate loss models, with application to insurance. This course covers the part of the syllabus for the professional actuarial examination concerned with the Construction and Evaluation of Actuarial Models.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3360.03 OR MATH 3360.03

CROSS-LISTING: ACSC 3703.03

EXCLUSIONS: STAT 4701.03

STAT 3720 Life Contingencies I

CREDIT HOURS: 3

This course introduces the student to the mathematical models for valuation of life contingencies (e.g. life insurance policies). The course covers both the statistical aspects of modelling survival data, and the financial aspects of valuing uncertain future cash-flows.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3360.03, STAT 2600.03

CROSS-LISTING: ACSC 3720.03

STAT 3750 Credibility Theory

CREDIT HOURS: 3

Credibility theory deals with the difficulty in combining information from two samples, one of which is small but very relevant, the other is large but less relevant. In this course, we will study different approaches to dealing with this problem.

COREQUISITE: ACSC 3703.03

PREREQUISITE: STAT 3360.03

CROSS-LISTING: ACSC 3750.03

STAT 4066 Advanced Statistical Theory I

CREDIT HOURS: 3

This course, together with STAT 5067.03 provides a solid basis in the theory of statistical inference. After a review of some probability and distribution theory, the Bayesian and classical theories of estimation and testing are introduced.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3460.03 or instructor's consent

CROSS-LISTING: MATH 4066.03/5066.03, STAT 5066.03

STAT 4100 Survival Analysis

CREDIT HOURS: 3

This course is an introduction to survival analysis methods and will cover both the statistical theory behind the methods, and the application of various techniques.

Topics to be discussed include survivorship and hazard functions and their relationship to lifetime distributions and densities; modes of censoring; the Kaplan-Meier estimate of the survivor function; parametric survival time distributions; proportional hazard models and their semi-parametric estimation; accelerated life models, log rank tests, including the Mantel-Haenszel test; and goodness of fit measures.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3340.03 and STAT 3460.03, or equivalent

CROSS-LISTING: STAT 5100.03

STAT 4130 Bayesian Data Analysis

CREDIT HOURS: 3

This course introduces the student to the Bayesian methods in applied statistics. The course covers all the fundamental concepts of Bayesian methods, and works from the simplest ideas (characterizations of probability; comparative inference; prior, posterior and predictive distributions) up through hierarchical models applied to various data. Computational methods include MCMC for posterior simulation.

PREREQUISITE: MATH 2030.03 Matrix Theory/Linear Algebra 1, STAT 3460.03 Intermediate statistical Theory

STAT 4300 Topics in Statistics and Probability

CREDIT HOURS: 3

CROSS-LISTING: STAT 5300.03

STAT 4350 Applied Multivariate Analysis

CREDIT HOURS: 3

The course deals with the stochastic behaviour of several variables in systems where their interdependence is the object of analysis. Greater emphasis is placed on practical application than on mathematical refinement. Topics include classification, cluster analysis, categorized data, analysis of interdependence, structural simplification by transformation or modelling and hypothesis construction and testing.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3340.03 and MATH 2135.03 or 2040.03

CROSS-LISTING: STAT 5350.03

STAT 4360 Robust Statistics

CREDIT HOURS: 3

Robust statistics are those which provide protection against violation of assumptions underlying the statistical procedure. We will develop basic concepts including sensitivity, influence and breakdown of estimates and tests. Classical procedures will be evaluated in terms of robustness and alternate techniques developed based on weighted least squares and/or median based generalizations. We will also consider robust techniques in time series.

PREREQUISITE: STAT 3340.03 and STAT 3460.03

CROSS-LISTING: STAT 5360.03

STAT 4370 Stochastic Processes

CREDIT HOURS: 3

The theory and application of stochastic processes. Topics to be discussed include the Poisson process, renewal theory, discrete and continuous time Markov processes, and Brownian motion. Applications will be taken from the biological and physical sciences, and queueing theory.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3360.03 or instructor's consent

CROSS-LISTING: STAT 5370.03

STAT 4390 Time Series Analysis

CREDIT HOURS: 3

Time series analysis in both the time and frequency domain is introduced. The course is applied and students are required to develop their own computer programs in the analysis of time series drawn from real problems. Topics to be discussed include the nature of time series, stationarity, auto and cross covariance functions, the Box-Jenkins approach to model identification and fitting, power and cross spectra and the analysis of linear time-invariant relationships between pairs of series.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3340.03, 3460.03, or instructor's consent

CROSS-LISTING: OCEA 4210.03/5210.03, STAT 5390.03

STAT 4570 Statistical Genetics

CREDIT HOURS: 3

Statistical aspects of several ideas in genetics are discussed. Topics of some or all the following: gene frequency estimation, Hardy-Weinberg equilibrium, linkage analysis, association studies, quantitative traits, microarrays.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3460 or permission of instructor

CROSS-LISTING: STAT 5570

STAT 4620 Data Analysis

CREDIT HOURS: 3

A variety of statistical models which are useful for the analysis of real data are discussed. Topics include: generalized linear models, such as logistic regression and Poisson regression, models for multidimensional contingency tables, ordered categories and survival data.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3340.03, 3460.03, or instructor's consent

CROSS-LISTING: STAT 5620.03

STAT 4701 Actuarial Models I

CREDIT HOURS: 3

This course develops the theoretical basis of a number of probabilistic models useful for the study of life contingencies, including survival models, Markov chains, Poisson processes, with application to life insurances and annuities.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3360.03

STAT 4703 Actuarial Models II

CREDIT HOURS: 3

This course focuses on the development of statistical methods for the estimation and validation of actuarial models. Topics to be discussed include: methods of estimation, properties of estimators, goodness of fit, credibility theory, survival estimators, measures of risk, estimation of severity and ruin models.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3703 or ACSC3703

CROSS-LISTING: ACSC 4703.03

STAT 4720 Life Contingencies II

CREDIT HOURS: 3

STAT 3720.03 covers the basics of life contingencies in a simple standard situation. In this course we extend this to deal with a number of common additional features that affect life insurance policies. We introduce multiple-state models, pensions, interest rate risk and profit testing.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

PREREQUISITE: STAT 3720.03

CROSS-LISTING: ACSC 4720.03

STAT 4950 Honours Research Project

CREDIT HOURS: 3

This course is required for students in the honours program. It will consist of a research project carried out under the supervision of a faculty member. The results of the research will be submitted to the statistics honours advisor as a written report. Students wishing to enroll in this course must have a suitable background in statistics, and must meet with, and obtain the approval of, the statistics honours co-ordinator before undertaking their project.

Minor in Journalism Studies

This minor is available to students registered in a 120 credit hour Bachelor of Arts, Bachelor of Management, Bachelor of Music, Bachelor of Science, or Bachelor of Science (Medical Science) program.

Bachelor of Arts and Bachelor of Management

Minimum requirement of 24 credit hours in Journalism which must include:

Core Requirements

- JOUR 1001.06: Foundations of Journalism
- JOUR 2700.03: Introduction to Reporting

Elective Requirements

Students must complete 15 credit hours in electives from the list below:

- JOUR 3002.03: Introduction to Radio
- JOUR 2400.03: Science and the Media
- JOUR 2701.03: Intermediate Reporting
- JOUR 3005.03: Advanced Reporting 2
- JOUR 3122.03: Ethics of Journalism
- JOUR 3304.03: Through Her Eyes: Women and the Documentary Tradition
- JOUR 3333.03: News Media & the Courts in Canada
- JOUR 3339.03: Ethics and Law for Journalists
- JOUR 3440.03: Creative Non-fiction
- JOUR 3441.03: Advanced Creative Non-fiction
- JOUR 3540.03: Feature Writing
- JOUR 3542.03: Business Reporting for Journalists
- JOUR 3550.03: Copy Editing
- JOUR 3557.03: Intro to Online Journalism
- JOUR 3560.03: Great Journalists
- JOUR 3660.03: Photojournalism
- JOUR 3662.03: Journalist as Documentarian

Bachelor of Science

Minimum requirement of 24 credit hours in Journalism which must include:

Core Requirements

- JOUR 1001.06: Foundations of Journalism
- JOUR 2700.03: Introduction to Reporting
- JOUR 2400.03: Science and the Media

Elective Requirements

Students must complete 12 credit hours in electives from the list below:

- JOUR 2701.03: Intermediate Reporting
- JOUR 3002.03: Introduction to Radio
- JOUR 3005.03: Advanced Reporting 2
- JOUR 3122.03: Ethics of Journalism
- JOUR 3304.03: Through Her Eyes: Women and the Documentary Tradition
- JOUR 3333.03: News Media & the Courts in Canada
- JOUR 3440.03: Creative Non-fiction
- JOUR 3441.03: Advanced Creative Non-fiction
- JOUR 3540.03: Feature Writing
- JOUR 3542.03: Business Reporting for Journalists
- JOUR 3550.03: Copy Editing
- JOUR 3557.03: Intro to Online Journalism
- JOUR 3560.03: Great Journalists
- JOUR 3660.03: Photojournalism
- JOUR 3662.03: Journalist as Documentarian

Contact [University of King's College](#) for more information.

Courses

Below you will find descriptions for courses offered in this field of study. You will find a general overview of the topics covered and any prerequisite course or grade requirements, credit value and exclusions.

The first digit of the course indicates the general level. Those in the 1000 series are introductory degree level. Courses at the 2000, 3000, 4000 series are available to students in the second, third, and fourth year. Courses numbered at the 5000 level or above are graduate level. Courses listed at the 0100 or 0200 series are technology level courses. Courses below the 0100 level are generally non credit courses.

Some courses are listed as exclusionary to one another. This means that students may not take both courses as designated.

Not all courses are offered each year. Please consult the current timetable for this year's offering. For further information please contact the department.

Core Requirements

Students must complete one and a half full credits of core courses:

JOUR 1001X/Y.06 Foundations of Journalism
JOUR 2000.03 Basic Reporting Techniques

Elective Requirements

Students must complete an additional 15 credit hours in electives from the complete list of Journalism 'Course Descriptions' above

Course Descriptions

JOUR 1001X/Y Foundations of Journalism

CREDIT HOURS: 6

This course gives students both a theoretical and practical introduction to journalism. In one part, students will learn how to read, listen and watch the news knowledgeably and critically. They will look at the history of journalism as it has developed in newspapers, radio, television and internet and examine how the structure of the media influence journalistic principles and practices. The other part of this course teaches students how to write imaginative and interesting prose using correct English and effective storytelling methods. Students will be required to write nearly every day and will have their work assessed by professional journalists.

NOTES: Credit can only be given for this course if X and Y are completed in consecutive terms and partial credit cannot be given for a single term.

JOUR 2004 Introduction to Radio

CREDIT HOURS: 3

This course will introduce students to broadcast news writing and reporting, emphasizing skills particular to radio such as writing for the ear and to deadline, interviewing for tape and on-air performance. Students will visit a radio news operation and examine policy, broadcast standards and ethical issues.

PREREQUISITE: JOUR 1001.06

RESTRICTIONS: This course is not available to students in the BJ(H) program.

JOUR 2400 Science and the Media

CREDIT HOURS: 3

From the first Babylonian astronomical records on cuneiform to the public understanding of science on television, the various media have long been crucial to the success and spread of science. This course provides a history of science in the media from the ancient and medieval use of geometrical diagrams, astronomical figures and anatomical illustration through early modern printed texts, popular broadsheets and color botanical plates all the way to the ubiquity of science in literature, cinema and on the Internet. This expanding presence of science in the media is examined against the backdrop of three revolutions: literary and artistic (ancient and medieval worlds), mechanical (early modern period) and electronic (contemporary age). Specific themes considered include the increasing accuracy of scientific illustration, the rise of scientific journals, public scientific demonstrations, science in poetry and prose fiction, science and art, radio and television documentaries, the advertising and marketing of science, scientific apocalypses and techno-utopias, bioethics, Soviet era technological iconography, environmentalism and science-religion relations in the journalistic press, science fiction from H.G. Wells' *War of the Worlds* to *Star Wars* and *Jurassic Park*, and science in computing and cyberspace.

FORMAT: Lecture| Seminar

CROSS-LISTING: HSTC 2400.03

JOUR 2700 Introduction to Reporting

CREDIT HOURS: 3

This course builds on the writing foundation provided in JOUR 1001X/Y.06 and gives students a comprehensive introduction to news reporting in a digital environment. Students will learn how to develop and pitch original story ideas, write with minimal factual and grammatical error, and craft a story with nuance. Students will also study how to build interactive elements into their work and apply research and data skills.

FORMAT: Lab

PREREQUISITE: JOUR 1001.06

JOUR 2701 Intermediate Reporting

CREDIT HOURS: 3

The course builds on the essential reporting skills learned in JOUR 2700.03 Introduction to Reporting by integrating text and multimedia skills. The objective of lectures and assignments is to enable students to craft publishable pieces of multimedia journalism. Student will learn to think across platforms, perform advanced web production, integrate various kinds of research and data skills, and demonstrate an overall ability to keep abreast of changing news and technology environments.

FORMAT: Lab

PREREQUISITE: JOUR 1001.06 and JOUR 2700.03

JOUR 2702 Introduction to Visual Storytelling

CREDIT HOURS: 3

This course introduces students to the audio, video and photography skills they need to become successful practitioners of visual storytelling. Course discussion will focus on the strengths and weaknesses of visual versus text-based journalism. Students will learn how to operate a camera and capture clear audio to complement video. They will develop an eye for a compelling image and learn how to capture and edit those images.

FORMAT: Lab

PREREQUISITE: JOUR 1001.06 (with a grade of C or higher)

RESTRICTIONS: Students in BJH

JOUR 3002 Introduction to Radio

CREDIT HOURS: 3

This course will introduce students to broadcast news writing and reporting, emphasizing skills particular to radio such as writing for the ear and to deadline, interviewing for tape and on-air performance. Students will visit a radio news operation and examine policy, broadcast standards and ethical issues.

PREREQUISITE: JOUR 1001.06

JOUR 3004 Journalism Research

CREDIT HOURS: 3

This course will focus on the essential skills journalists need to produce fair, balanced and accurate stories. It will include methods of finding facts and sources, digging below the surface and analysing the evidence. There will be special emphasis on interviewing. Students will learn how to find and use information tucked away in court, business and property records as well as in libraries and on the Internet. There will be instruction on using Freedom of Information laws to get access to government files as well as how to read a budget and analyze polls.

PREREQUISITE: JOUR 2001.06 or permission of Instructor

JOUR 3005 Advanced Reporting 2

CREDIT HOURS: 3

This course expands on the skills learned in JOUR 2702.03 Introduction to Visual Storytelling as students focus on broadcast techniques. Students will learn how to create a story using an array of forms, including packaged and live reports from the field. They will also practise shooting and editing a proper video sequence, learn the

basics of interviewing for audio and video and apply journalistic broadcast ethics in the field.

FORMAT: Lab

PREREQUISITE: JOUR 2701.03 Intermediate Reporting and JOUR 2702.03 Intro to visual Storytelling

JOUR 3122 Ethics of Journalism

CREDIT HOURS: 3

This course will discuss the power - and responsibility - of the mass media in shaping public opinion and public policy. Students will consider the various and conflicting roles of media in contemporary society.

PREREQUISITE: JOUR 1001.06 or permission of the Instructor

JOUR 3304 Through her Eyes: Women and the Documentary Tradition

CREDIT HOURS: 3

This course will explore the rarely examined historical and contemporary involvement of women in the field of documentary filmmaking. Women documentary makers have produced extensive bodies of engaging work that challenge many societal assumptions about gender, class, race, the function of political power, sexuality and peace-war. They have worked at every level within the process: as directors, cinematographers, editors, sound recordists, producers, writers and fund-raisers. A variety of documentaries made by women from diverse backgrounds will be screened and analyzed along with a close reading of selected critical texts. Students will identify the similarities and differences in subjects, themes, style, aesthetics, and approached to creation, production and distribution.

FORMAT: Seminar

CROSS-LISTING: CTMP 3304.03

JOUR 3333 News Media and the Courts in Canada

CREDIT HOURS: 3

This course is an introduction to the justice system and the specific laws that govern how journalists do their jobs. The goal is to give students and working journalists an understanding of court structure, legal principles, and criminal and civil procedure. Bans on publication, contempt of court, libel law, media access to the courts, confidentiality of sources and other media-law issues will be examined. The format combines lectures with forum discussions featuring lawyers, prosecutors, judges and other players in the justice system.

PREREQUISITE: JOUR 1001.06 or CANA 2000.06 or permission of the instructor

CROSS-LISTING: CANA 3333.03

JOUR 3339 Ethics & Law for Journalists

CREDIT HOURS: 3

This course will give students the ethical and legal knowledge they need to operate as journalists in the field. Students will develop an understanding of the criminal court process and the journalistic protocol for working with sources. Discussion will focus on topics such as the law regarding defamation, the process for civil proceedings and restrictions imposed by public bans.

FORMAT: Lecture

PREREQUISITE: JOUR 1001.06 and JOUR 2700.03 (with a grade of C or higher)

JOUR 3440 Creative Nonfiction

CREDIT HOURS: 3

Narrative nonfiction writing includes literary journalism, memoir and essay. In this introductory course, students will learn about the historic development of this genre as well as read and discuss some of the best examples of historical and contemporary narrative nonfiction. The goal is to make students better informed readers as well as to provide them with the tools to produce this kind of writing themselves.

PREREQUISITE: JOUR 1001.06 (with a grade of C or higher) or permission of the instructor

JOUR 3441 Advanced Creative Nonfiction

CREDIT HOURS: 3

This is a how-to course that focuses on writing - and rewriting - a major piece of narrative nonfiction.

PREREQUISITE: JOUR 3440.03

RESTRICTIONS: This course is not available to BJ(H) students

JOUR 3540 Feature Writing

CREDIT HOURS: 3

This course will introduce students to the more creative writing aspects of journalism - the writing of stories behind the breaking news of the day, or the small human dramas that make up the world around us. Students will study feature writing styles and techniques, and experiment with several feature formats, from color stories and personality profiles to substantial background articles. Students will produce a major, term-end feature story and several smaller assignments.

PREREQUISITE: JOUR 2000.03 or JOUR 2001.06 or permission of the Instructor.

JOUR 3542 Business Reporting for Journalists

CREDIT HOURS: 3

Budgets, stock markets, statistics, polls, securities, mergers and takeovers. This course will give students a working knowledge of how business functions. It will provide students with the tools to analyze and present complex economic situations in clear language.

JOUR 3550 Copy Editing

CREDIT HOURS: 3

In this course, students will focus on the skills copy editors need to perform the most basic and essential of their tasks - handling stories. Students will edit, on paper and on screen, real stories selected for their potential as well as their problems. They will work on them for tightness, polish, accuracy and style. The goal is to help students develop the copy editor's "double vision" - the ability to see the story as a whole, and line by line, as a collection of parts, to see both the forest and the trees. This course is not only for students who want to become copy editors, but also for students who want to become better editors of their own writing.

PREREQUISITE: JOUR 2000.03 or JOUR 2001.06

JOUR 3557 Introduction to Online Journalism

CREDIT HOURS: 3

The Internet is still in its infancy as a journalistic medium, which creates opportunities for innovation as well as challenges for finding the best and most appropriate ways to communicate information. Students in this course will not only learn about the recent evolution of the Internet as a journalistic medium but will also explore for themselves ways of using the Internet to tell journalistic stories.

PREREQUISITE: JOUR 1001.06 or permission of the Instructor

JOUR 3560 Great Journalists

CREDIT HOURS: 3

This course provides an introduction to some of the greatest journalists of all time. Students will discover the beautiful work these journalists created, and learn how and why they did it. This course also focuses on improving students' writing. By carefully considering great journalists' work, students learn techniques that make them better writers. Amazing characters students will meet include James Cameron, the only journalist to have a ringside seat at three atomic bomb blasts. Students get to know Ida B. Wells, who founded a newspaper exposing lynchings and racism when most media were ignoring the truth. Students will consider the work of Joan Didion, Martha Gellhorn, Peter Gzowski, Seymour Hersh, and many more. By the end of the course students will have a strong understanding of journalism's honourable legacy. They will know the brilliant qualities of great journalists, how hard they work, and how they changed the world.

JOUR 3660 Photojournalism

CREDIT HOURS: 3

This course will explore visual perception as applied to photojournalism. Students will be taught to "see" photos and explore ideas visually, especially as applied to the essence of news photography. Students will also examine the beginnings of news photography and modern developments in the business. Students must have their own digital cameras to take this course.

JOUR 3661 Sports Journalism

CREDIT HOURS: 3

Students will study and discuss excellence in sports writing; acquire practical sports writing skills suited to websites, newspapers and magazines; practise a range of applications, including tweets, blogs, on-deadline game stories, CP style and long-form journalism; and learn how to integrate digital and print formats with multi-media packaging. Discuss the challenges of covering different beats, using real-life examples.

PREREQUISITE: JOUR 2000, or JOUR 2001, or permission of the instructor.

JOUR 3662 The Journalist as Documentarian

CREDIT HOURS: 3

This course is about the journalist as a visual long form storyteller, in short, a documentarian. Students will watch, analyse, and write about curated program of Canadian and international documentaries. Discussion topics will include, research, documentary structure and approach, editorial decision making, journalistic and ethical considerations.

FORMAT: Lecture

LECTURE HOURS PER WEEK: 3

RESTRICTIONS: Restricted to 2nd year and above

JOUR 3670 Opinion Writing

CREDIT HOURS: 3

Do you aim to influence people with your perceptions, insights and ideas? If so, you need to know the difference between a rant and proving your point. You need to consider the tone and flow of what you write. Writing Opinion teaches these practices and more.

JOUR 4857 Digital Reporting Workshop

CREDIT HOURS: 9

Students in this workshop will serve as reporters and editors for the school's online news portal, which serves the Halifax community. Beginning with a daily story meeting, students will report on news events as they happen each day, using a range of multimedia tools. They will also learn to pitch story ideas quickly and succinctly, and develop them into focused stories that put their research and critical thinking skills to work. The course places a heavy emphasis on using social media as a newsgathering and engagement tool. It gives students practice in headline writing and tagging, and also an understanding of analytic measures of story performance.

FORMAT: Other (explain in comments)

PREREQUISITE: JOUR 4002 (with a grade of C or higher)

RESTRICTIONS: Must be enrolled in BJH

JOUR 6903 New Venture Creation

CREDIT HOURS: 3

New Venture Creation is about Entrepreneurship - the process of creating new businesses. It is designed to expose students to the issues, problems and challenges of creating new businesses and to provide students with the opportunity, within the framework of a formal course, to explore and develop business ideas they have been considering or wish to investigate.

PREREQUISITE: Enrolment in King's MJ program. Required course.

CROSS-LISTING: BUSI 6002.03

Centres and Institutes

A number of centres and institutes for study and research in specific fields are based at the University. These are:

Atlantic Institute of Criminology

Director: D.H. Clairmont, BA, MA, PhD

The Atlantic Institute of Criminology (AIC) is a research institute that is heavily policy-oriented in the field of crime and the criminal justice system. Its mandate is to foster the exchange of information among researchers and policy makers in those areas. Consultative services are provided to fellow scholars and researchers, including graduate students and visiting professors, with respect to the planning and execution of research projects and related undertakings. The AIC is an entity that itself conducts extensive research in criminology, especially with respect to policing, the administration of justice, youth justice issues, race, ethnic and equity issues in justice. It has produced a significant body of policy-oriented research on Aboriginal and African-Canadian justice issues. The AIC Dalhousie website (Dalhousie - SOSA-AIC), which is regularly updated, provides a clear indication of the research products of recent years even though the website is largely restricted to research output that does not include articles in professional journals or edited books available elsewhere.

Atlantic Research Centre (ARC)

Director: Neale Ridgway

Phone: (902) 494-7133

Website: <http://arc.medicine.dal.ca/>

Established in 1967, the ARC conducts basic biomedical research in the fields of lipid metabolism and cell signalling, areas of fundamental importance to a variety of disorders including cancer, neurological, heart and infectious diseases. It also provides education and expertise in these fields to undergraduate and graduate students, other researchers, and the general public. The ARC houses state-of-the-art facilities for biochemical and molecular biological research. The Centre's staff hold appointments in the Departments of Pediatrics and Biochemistry and Molecular Biology in the Faculty of Medicine. Research at the ARC is supported by agencies such as the CIHR, NSERC, CFI, Heart and Stroke Foundation, National Cancer Institute, Atlantic Innovation Fund, and the IWK Health Centre.

Brain Repair Centre

Chair: Dr. Victor Rafuse, Director

Website: <http://www.brainrepair.ca/>

The Brain Repair Centre (BRC) is a collaboration of Dalhousie University, the Capital District Health Authority and the IWK Health Centre. The BRC is a multi-disciplinary unit focusing on research that can lead to the diagnosis, treatment, and repair of the brain to overcome the effects of neurological and psychiatric disorders such as Parkinson's disease, Huntington's disease, Amyotrophic Lateral Sclerosis (ALS), Epilepsy, Muscular Sclerosis (MS), stroke and spinal cord injury. The BRC grew out of the clinical Neural Transplantation Program, collaboration between basic neuroscientists and clinicians interested in treating Parkinson's disease. The success of the Neural Transplantation Program led clinical and basic neuroscientists to decide to form the Brain Repair Centre. The BRC was formed in 1999 and has focused on stem cell transplantation, Parkinson's disease, spinal cord injury, psychotic disorders, stroke and neuroimaging as areas of innovation at Dalhousie University, Capital Health and the IWK Health Centre.

Examples of BRC achievements include:

- Attracted capital funding from private donors, institutions and the public sector to support construction and fit-up of the new Life Sciences Research Institute. When the LSRI is completed, the Brain Repair Centre will become the anchor tenant of this new research and commercialization building with state-of-the-art research, equipment and facilities.
- Establishment of collaboration agreements with research teams at McLean Hospital/Harvard University; Jilin University, China; Cardiff University, Wales; and Neurodyn, Inc.
- Establishment of a \$12 million magnetic resonance imaging facility with the national Research council's Institute for Biodiagnostics (NRC-IBD).
- In 2006, the BRC was awarded \$5.5 million for infrastructure from the Canadian Foundation for Innovation, the largest such award to date in Atlantic Canada. Also in 2006, BRC received a \$3 million Atlantic Innovation Fund award for research, a follow-on to an earlier \$3 million research award.
- Dr. David Clarke, a member of the Brain Repair Centre used a virtual model of a patient's brain to remove a simulated brain tumour before removing the actual tumour the following morning. Developed by a partnership of the National Research Council and a team of about 50 people in 10 Centres across Canada, this was the first such surgery performed in the world.
- Medtronic Canada, Capital District Health Authority, QEII Foundation, and the Brain Repair Centre established a Canadian Centre of Excellence and Training at the Halifax Infirmary. This new \$3.5 million centre provides important new clinical facilities for training and development in imaging, spinal cord and neuromodulation.

- In the neurotransplantation field, the BRC is unique in Canada and one of only four centres worldwide involved in clinical application of neural transplantation, with the “Halifax Protocol” accepted as the world gold standard.
- The BRC is an innovative collaboration that integrates its research expertise with pioneers in the fields of imaging, neurology, stem cell neurobiology, vision, molecular neurobiology, pharmacology, psychiatry, clinical trials and cognitive neuroscience.
- The BRC brings together the expanding fields of neuroimaging and stem cell technologies with application to the treatment of neurological and psychiatric disorders.
- The BRC is the Atlantic Canada presence in the Stem Cell Network, a National Centre of Excellence in stem cell research.

The BRC places emphasis on moving basic science research from the bench to the clinical bedside and from the bedside back to the bench. A key objective of the BRC is to produce innovative technologies that will be commercialized.

Canadian Institute of Fisheries Technology (CIFT)

Director: A. T. Paulson, PhD

Phone: (902) 494-3280

Fax: (902) 420-0219

Website: <http://cift.engineering.dal.ca>

CIFT was established in 1979 at the former Nova Scotia Technical College (later TUNS). The federal Department of Fisheries and Oceans provided much of its early specialized laboratory and seafood pilot scale processing equipment, and Industry Canada provided start-up funding and designated CIFT a centre of excellence. As a government-approved laboratory for advanced technology, it also provides R&D services on a cost-recovery basis to industry and to various governmental agencies. The Institute promotes technology transfer and the development of advanced technologies aimed at more effective commercial utilization of both marine and terrestrial resources in Canada and throughout the world.

In addition, CIFT offers unique opportunities for post-graduate training and research through the Food Science program. Major areas of emphasis are: food biochemistry and microbiology; fats, oils, nutraceuticals and other bioactives; physical properties of foods; fish/food process engineering; food safety and preservation; food rheology, food fermentation and beverage science.

Facilities

CIFT is located in the MacDonald Building of Sexton Campus at 1360 Barrington Street in downtown Halifax. The Institute’s facilities include:

- fats and oils laboratory
- food chemistry laboratory
- food development laboratory
- sensory evaluation laboratory
- food process engineering pilot plant
- low temperature storage facility
- food physical properties laboratory
- food microbiology laboratory

These areas contain specialized instrumentation and food processing equipment to enable experimental processing, laboratory analysis, and product storage evaluation. In addition to a computer- controlled cold-storage facility, the pilot plant is equipped for experimental processing including freezing, chilling, thermal processing, drying, centrifugal separation, and meat-bone separation.

The pilot plant is well equipped for thermal processing with an automated retort capable of steam, steam-air, or water immersion processing research. The specially designed cold-storage facility is computer controlled and particularly useful for the study of changes in foods as a result of frozen storage history. The pilot plant is also equipped with a custom-built computer-controlled heat pump dryer that is used in food dehydration experiments.

Specialized laboratory equipment includes: automated high performance and fast protein liquid chromatography systems, gas chromatography/mass spectroscopy system, preparative ultracentrifuge, multi-purpose refrigerated centrifuge, microtube centrifuge, analytical and preparative electrophoretic/isoelectric focusing equipment, pulsed field electrophoresis system, thermocycler, DNA gel electrophoresis, Hoefer Daltix for 2D electrophoresis, Image Master 2D elite software, capillary electrophoresis system, ultra-low temperature freezer, universal texture testing machine, various colorimeters, U.V. and visible spectrophotometer, spectrofluorometer, electrokinetic analyzer, workstation for mathematical modelling and computer simulation, Linkham shearing stage/microscope, Nikon microscope (various attachments), controlled stress rheometer with a high temperature/pressure attachment, controlled rate rheometer, Viscomat, and a rolling ball viscometer.

Educational Opportunities

Graduate (MSc and PhD) programs are available through the Food Science and Technology program. Also post-doctoral research opportunities are offered. Graduate level class work and research opportunities relate to food science, seafood processing technology, marine oils, engineering design, packaging technology, fish post-mortem biochemistry, food microbiology, food rheology and food process science. Students with degrees in food science, engineering, chemistry/biochemistry,

microbiology or biology are invited to apply.

Canadian Center for Vaccinology

Director: Scott Halperin, MD
Associate Directors: Robert Anderson, MD
Joanne Langley, MD
Janice Graham, PhD
Website: www.centerforvaccinology.ca
Email: ccfv@iwk.nshealth.ca
Facebook: CCfVhfx
Twitter: @VACCres
Phone: 902 470-8141
Fax: 902 470-7232

Vision

CCfV is an integrated collaborative multidisciplinary vaccine research team committed to excellent research. CCfV unites the biomedical and clinical sciences with the social sciences and humanities to effectively span the research continuum from basic discovery to translation into useful vaccines to prevent disease in humans and to change population and public health outcomes.

Organization

Activity within CCfV is organized into three groups

- Vaccine Discovery Group
- Vaccine Evaluation Group
- Health Policy & Translation Group

An **Advisory Committee** of CCfV investigators and external advisors provides counsel on the strategic direction and objectives of CCfV research.

Members

Anyone with an interest in vaccine-related research may apply for membership at <http://www.centerforvaccinology.ca/about-ccfv/join-us/>

For a list of current members go to <http://www.centerforvaccinology.ca/about-ccfv/members/>

CCfV is made possible by a continuing collaboration of Dalhousie University, the IWK Health Centre, and Capital Health. The CCfV's 20,000 square foot facility in the IWK Health Centre includes laboratories for microbiological and molecular research, ambulatory and inpatient clinical trial facilities, data analysis, training and conference space. It was founded in 2007 with financial assistance from the Canada Foundation for Innovation, the Nova Scotia Research and Innovation Trust, and the Government of Nova Scotia's Department of Economic Development, among others. The Clinical Research/Vaccine Challenge Unit, which opened in 2009, was made possible by additional funding from Sanofi Pasteur.

Centre for Comparative Genomics and Evolutionary Bioinformatics

Director: Andrew J. Roger, PhD
Coordinator: Wanda Danilchuk
Phone: (902) 494-2620

Fax: (902) 494-1355
Website: <http://www.cgeb.dal.ca>

The Centre for Comparative Genomics and Evolutionary Bioinformatics (CGEB) at Dalhousie University encompasses an interdisciplinary group of researchers in the Faculties of Medicine, Science and Computer Science. Although microbial genome evolution and diversity is at the heart of many of the CGEB researchers' activities, our work spans computational biology, computer science, statistical modeling and comparative genomics, with a strong focus on method and theory. The application of DNA sequencing technologies to characterize the genomes of a wide diversity of microbes has generated vast quantities of genome sequence data. Now the intellectual challenge is to develop from this enormous resource more comprehensive and theoretically robust phylogenetic, genetic and ecological models to further our understanding of the many roles of microbes in the biological world.

CGEB researchers are united by the common goal of using this vast resource of genomic information to elucidate evolutionary patterns and processes: the pathways by which microbial organisms have diversified over the last 3.5 billion years of Earth's history and through which they continue to shape the global environment. Only through the integration of experimental genomic approaches and sophisticated bioinformatic modeling will we be able to achieve this goal.

CGEB researchers and trainees are supported by grants from the Canadian Institutes for Health Research (CIHR), Natural Sciences and Engineering Research Council (NSERC), and the Nova Scotia Health Research Foundation (NSHRF). The Centre itself is supported by funding from the Tula Foundation (<http://www.tula.ca>), the Faculties of Medicine, Science, and Computer Science, and the Provost and Vice President Academic. CGEB is also supported by a large grant from the Tula Foundation (<http://www.tula.ca>) that provides funds for training top-notch postdoctoral and graduate trainees in the CGEB research specialties. CGEB also has a regular seminar series that brings world renowned scientists to speak at Dalhousie University and interact with faculty members and trainees.

Centre for Environmental and Marine Geology

Contact: Ann Bannon, Administrator

This Centre was originally founded as the Centre for Marine Geology in 1983 to promote interdisciplinary studies of various types of problems in marine Geology, capitalizing on our unique position in Canada with links to related departments such as Oceanography, Physics, Biology, the Bedford Institute of Oceanography and our hosting of the Canadian office of the Ocean Drilling Program. Since 1983 the role of the Centre has changed, reflected in the new name, which better describes the work being done now where marine geology is combined with environmental problems. We have three new faculty that expand our expertise into new chronological techniques and permafrost as well as strengthening our capacity in the petroleum-related environmental geology. Some of the objectives of the Centre are to: 1) continue to expand our participation in a revitalized east coast offshore energy related problems; 2) continue our climate-change work with a variety of approaches both offshore and on land; 3) expand into Arctic regions both with major oceanographic and shore-based programs; and 4) expand our capacity to help solve some of the many environmental geology problems associated with urbanization.

Centre for European Studies

Director: Jerry White (Canada Research Chair in European Studies)
Email: jerry.white@dal.ca

The Centre for European Studies was established in 2007 to promote research on all aspects of European society and its relations with the rest of the world. The Centre facilitates the work of Europeanist scholars at Dalhousie, including the participating Canada Research Chairs in European Studies, enables research collaboration with scholars from Canada and around the world on projects related to Europe and the European Union.

Centre for Foreign Policy Studies

Director: Brian Bow

Established in 1971 the Centre is concerned with teaching, research, publication, policy advice and other professional activities in the various aspects of foreign policy, security studies, development studies, and international politics.

The Centre's work is concentrated in the areas of Canadian and comparative maritime security and oceans policy, Canadian and American foreign and security policies, and global security and international development. Its geographical specializations include Canada, North America, Europe, and the South (especially Africa, Asia, and the Caribbean). The Centre encourages activities in these areas by Faculty, Research, and Doctoral Fellows, and advances communication among local and international communities in these fields through seminars, workshops conferences and colloquia, often in collaboration with local, national, and/or international organizations. It publishes occasional papers and monographs on Maritime Security, Canadian Defence and Security, and Global Security issues.

The Centre is an integral part of the Department of Political Science. Centre faculty offer classes through the Department in foreign and defence policy, international relations and development, and maritime affairs at both undergraduate (majors and honours) and graduate (MA and PhD) levels. They also supervise masters and doctoral theses in these fields.

For further information, consult the Centre's website: <http://centreforforeignpolicystudies.dal.ca>.

Centre for Innovation in Infrastructure

Director: John Newhook, PhD, PEng
Location: Room B233, Sexton Campus
1360 Barrington Street
PO Box 1000
Halifax, NS B3J 2X4
Phone: (902) 494-2847
Email: forgeron@dal.ca

The Centre for Innovation in Infrastructure is an industry-oriented research centre with the Faculty of Engineering and with strong affiliations with the Department of Civil and Resource Engineering. Established in 1983 as the Nova Scotia CAD/CAM Centre, the Centre originally focussed on assisting Atlantic Canadian industry with the integration of computer added manufacturing and computer aided design technology in their operations. Since the 1990's the Centre has continued to evolve to meet the needs of industry in other areas and to take a more active role in research and development in civil infrastructure.

Today the Centre act as a focal point for research, innovation and technology transfer in Civil Infrastructure related areas. The major funding partnerships are with the Atlantic Canadian departments of transportation, industries related to bridge and structural engineering and with companies developing new materials and products for infrastructure.

Our combined areas of expertise and research interests include:

- Structural Analysis and Design
- Structural Health monitoring
- Bridge engineering and innovations
- Soil-steel structures
- Fibre reinforced polymers
- Fibre reinforced concrete
- NDT of bridge decks and pavements
- Sustainable asphalt technology

The Centre has acquired and maintains significant testing equipment related to these research areas and contributes to the maintenance and operation of the research facilities within the Department of Civil and Resource Engineering.

Centre for International Trade and Transportation

Location: 6100 University Avenue
PO Box 15000
Halifax, NS B3H 4R2
Director: Sergio Carvalho
Phone: (902) 494-3120
Email: citt@dal.ca
Student Exchange Coordinator: Liz Muaror-Wilson
Phone: (902) 494-2224
Email: rsbstudent.exchange@dal.ca
Fax: (902) 494-1483
Website: <http://citt.management.dal.ca>

The Centre for International Trade and Transportation (CITT) was established in 1975 with a mission to foster international business teaching and research, and enhance Canada's global competitiveness through innovative programs and outreach services. CITT supports a wide range of learning experiences including academic exchanges, and an annual workshop on Supply Chain and Logistics Management.

Centre for Marine Vessel Development and Research (CMVDR)

Contact: Josh Leon, Dean of Engineering

The mandate for this Centre is under review.

Centre for Transformative Nursing and Health Research

Interim Director: Dr. Gail Tomblin Murphy

Research Coordinator: Julie Barry

Location: School of Nursing, 5869 University Avenue, Halifax NS B3H 4R2

Phone: (902) 494-6125

The Centre for Transformative Nursing and Health Research is a newly designated Research Centre at Dalhousie University. The vision of the Centre is to undertake collaborative research that develops, enhances, expands and disseminates evidence and knowledge to inform ways to improve and sustain people's health and wellbeing. The mission of the Centre is to generate nursing research and inspire discovery that is methodologically sound, actionable, and dedicated to improving outcomes for those requiring health care, their providers and the overall system. Through strong research partnerships and extensive research capacity building initiatives, the Research Centre will be acknowledged as a key resource for health system planning. This collective strength creates a more research-intensive environment, transforming the culture of health research within and beyond the School so that evidence and the quest for new knowledge are well integrated into teaching and clinical practice. The overall improved scholarly environment ensures graduates engage in original research, advance professional knowledge and are well positioned to be leaders in practice and health system change.

In concert with the School of Nursing's transformation strategy, Academic Plan and Research Strategy and informed by Boyer's Model of Scholarship, the Centre's activities will focus on four research pillars: the health needs of people, health workforce and health systems planning, marginalized populations and health equity, and knowledge translation.

Centre for Water Resources Studies

Director: Graham Gagnon, PhD, PEng

Location: Office D-514
1360 Barrington Street

Phone: (902) 494-3268

Email: cwrs@dal.ca

The Centre for Water Resources Studies was established in December 1981, by a resolution of the Board of Governors (TUNS). The objectives of the Centre are to carry out applied research which contributes to the effective and sustainable protection of water resources in Atlantic Canada, nationally and internationally, and to facilitate the transfer of new knowledge to potential users. Research programs directed by the Centre address the design of cost-effective on-site wastewater systems, soil erosion processes, drinking water treatment, the use of roofwater cisterns for domestic water supply, eutrophication, watershed management and the computer modeling of hydrodynamic and hydrochemical processes. The Centre also has a number of research advisory panels, which involve professionals from industry, government and academia in applied research related to water use and water management.

Facilities

The Centre for Water Resources Studies is located on the fifth floor of "D" Building on Sexton Campus. Laboratory and office space is available for specific graduate research topics, as well as ongoing research carried out by Centre personnel. Analytical equipment includes instrumentation for determining low levels of major ions and nutrients, as well as trace quantities of metal ions in water. The Centre has apparatus for laboratory investigation and pilot scale testing of innovative water treatment methods using Dissolved Air Floatation (DAF) and ozonation and has worked with local consultants and municipalities to develop new applications of the technologies. The Centre is a North American leader in the development of on-site sewage disposal and has had an active research program in this area since 1987. In conjunction with the Faculty of Agriculture, the Centre has a field laboratory investigating sloping sand filters and septic disposal.

Educational Opportunities

The Centre co-operates with academic units in the training of undergraduate and graduate students who have an interest in water resources. The Centre also participates in the program leading to a dual degree in water resources engineering and planning, in conjunction with the School of Planning into the Faculty of Architecture and Planning.

Children and Youth in Challenging Contexts Institute

Director: Dr. Michael Ungar

The Children and Youth in Challenging Contexts (CYCC) Institute is an interdisciplinary research initiative and a network of Canadian and international researchers committed to making a lasting difference in the lives of vulnerable children and youth. CYCC Institute researchers examine the political, social, psychological and biological factors that pose serious risks to children and youth exposed to adversity across contexts and cultures. Through interdisciplinary collaboration and innovation, the Institute promotes change at the program and policy level that will improve the protection and well-being of young people around the world. More than 200 policy makers, mental health practitioners, directors of local and international NGOs, law enforcement officers, Aboriginal child welfare advocates, national defence personnel, and researchers are among the community partners who provide leadership to, and benefit from, the work of the Institute.

Dalhousie Institute for Society and Culture (DISC)

Director: Associate Dean, Research in the Faculty of Arts and Social Sciences
Email: discfass@dal.ca
Website: <http://arts.dal.ca/Research>

Established in 2008, the Dalhousie Institute on Society and Culture serves as the virtual home for the many divergent research activities and initiatives within the Faculty of Arts and Social Sciences. Its primary function is to support research within the Faculty through various fellowship programs, publicity and fund raising initiatives, publishing ventures, conferences and lecture series, and cross-disciplinary exchanges.

The Institute encompasses two broad and overlapping research clusters: *Societies in Local, National, and Global Contexts*, and *Cultural Representations and Presentations*. The former cluster aims to develop new knowledge about political, social, and economic transformations, about national and regional identities, and about global relations, whereas the latter seeks to investigate and preserve cultural traditions, literatures, and languages, to foster studies and theories of cultural identity, to stimulate artistic innovation, to examine the shaping influence of beliefs and religions, and to contribute to the cultural life and profile of the province. These two clusters, with a flexibility and breadth unequalled in Eastern Canada, are uniquely equipped to analyze social and cultural change.

European Union Centre of Excellence

Director: Ruben Zouoth
Phone: (902) 494-7558
Fax: (902) 494-1909
Email: euce@dal.ca
Website: <http://www.euce.dal.ca>

Established in 2006, the European Union Centre of Excellence (EUCE) seeks to promote greater awareness of the European Union (EU) in Canada. The Centre coordinates academic and public outreach activities such as exchanges of faculty and students, conferences, workshops, symposia, and other projects involving the Faculties of Arts and Social Sciences, Law, Management and Science. The Centre supports research in areas such as Canada and EU Arctic policy, transatlantic trade negotiations, migration policies in Europe, EU Copyright legislation, the EU and the economic crisis, public health policy in EU and Canada.

Global Health Office

Director: Shawna O'Hearn
Location: C-241, 5849 University Avenue
PO Box 15000
Halifax, NS B3H 4R2
Phone: (902) 494-1965
Fax: (902) 494-2799
Email: gho@dal.ca
Website: <http://dal.ca/globalhealth>

Working through an interprofessional lens, the Global Health Office is committed to training global health leaders who strengthen health systems for vulnerable populations in Canada and abroad. The office prepares students, residents and faculty doing clinical electives, training or research with our international partners as well as leads local and global electives.

- Events focusing on relevant and timely global health issues are organized through the office including global health rounds, speaker series, conferences.
- Opportunities to become involved in research and mentorship.
- A certificate in "Advocates in Global Health".
- Annual awards are presented to a student, resident and faculty member who demonstrate leadership in global health
- Partnerships with organizations strengthen the global reach including CSHI (Canadian Society for International Health), CCGHR (Canadian Coalition for Global Health Research), National Network on MNCH (Maternal, Newborn and Child Health), ACIC (Atlantic Council for International Cooperation), GHEC (Global Health Education Consortium), and International Centre (Dalhousie)

Health Law Institute

Director: Constance MacIntosh, BA, MA, LLB

Location: Dalhousie University
6061 University Avenue
PO Box 15000
Halifax, NS B3H 4R2
Phone: 902 494-6881
Email: 902 494-6879
Email: hli@dal.ca
Website: <http://www.dal.ca/hli>

An Interdisciplinary Institute of the Faculties of Law, Medicine, Health Professions, and Dentistry, the Institute is committed to the advancement of health law and policy and the improvement of health care practice and health systems through scholarly analysis, professional education, and public service. Its objectives are:

1. To foster strong and innovative health law and policy scholarship by:
 - cultivating interdisciplinary health law and policy research networks
 - engaging in principled analysis of both recognized and emerging areas of health law and policy
 - enabling knowledge transfer
2. To advance health law and policy education by:
 - designing and implementing education programs for law, medicine, health professions and dentistry students
 - providing continuing education opportunities for health professionals and legal practitioners
3. To serve the public in our areas of expertise by:
 - contributing to the societal understanding of health law and policy issues
 - providing expertise and consulting to organizations in the public sector
 - engaging in and supporting the policy-making process at local, regional, provincial, national and international levels.

Healthy Populations Institute

Managing Director: Maureen Summers, MSc
Scientific Director: Lois Jackson, PhD
Other: Project Coordinators,
Research Scholars, Research Assistants, and students
Phone: (902) 494-2240
Fax: (902) 494-3594
Website: www.dal.ca/hpi

The Healthy Populations Institute or HPI (formerly Atlantic Health Promotion Research Centre, AHPRC) is a leading Canadian health promotion research centre based at Dalhousie University. HPI was established in 1993 to conduct interdisciplinary, collaborative population health and prevention research that informs policies and programs to improve the health and well-being of Canadians.

The centre is conducting research on health services and health systems, healthy eating and physical activity, knowledge translation, prevention of chronic illness and disability, oral health of seniors, youth obesity, aboriginal health, and harm reduction.

The HPI is currently supported by the Faculties of Health Professions, Dentistry, and Medicine, and the Office of the Vice President Academic and Provost at Dalhousie University. Support for specific research projects comes from agencies such as Canadian Institutes for Health Research, Social Sciences and Humanities Research Council of Canada, Nova Scotia Health Research Foundation, and charitable sector research institutes, and private foundations.

Our research associates hold appointments in the Faculties of Health Professions, Architecture, Management, Medicine, Dentistry and Science.

Institute for Big Data Analytics at Dalhousie University

Director: Dr. Stan Matwin
Location: Goldberg Computer Science Building

6500 University Avenue
PO Box 15000
Halifax, NS B3H 4R2

Phone: (902) 494-4320
Email: bigdata@cs.dal.ca
Website: <https://bigdata.cs.dal.ca>

Big data is not a single breakthrough invention, but rather a coming together and maturing of several technologies: huge, inexpensive data harvesting tools and databases, efficient, fast data analytics and data mining algorithms, the proliferation of user-friendly data visualization methods and the availability of affordable, massive and non-proprietary computing. Using these technologies in a knowledgeable way allows us to turn the masses of data that are created daily by businesses and government into an important asset that will result in better, more informed decisions. This could lead, for an example, to intelligent, personalized electric power pricing for consumers, to optimized port traffic management or to the discovery of interesting patterns of migrations in marine life.

The Institute for Big Data Analytics (Big Data @ Dal) acts as a catalyst and a container in which a number of Dalhousie researchers and internationally renowned experts in all of the above areas can work together on Big Data.

The Institute has three main goals. Firstly, we want to become an international hub of excellence in big data research - a place to which scientists will come to work on interesting problems, but also in search of interesting, real-life applications. Our second goal is to make the Institute very relevant to local industries in Nova Scotia, and in Canada. To achieve this goal, we want to focus - for example - on becoming a world leader in the analytics of marine data and all aspects relating to marine biology, fisheries and shipping. Thirdly, we will develop a focused and advanced training program that covers all aspects of big data, preparing our next generation of researchers and practitioners for this important field of study.

Institute for Research in Materials (IRM)

Director: Daniel Boyd, PhD
Administrative Offices: 6414 Coburg Road
PO Box 15000
Halifax, NS B3H 4R2
Phone: (902) 494-6373
Fax: (902) 494-8016
Website: <http://irm.dal.ca>

Established in 2002, IRM is made up of over 90 faculty members in six faculties (Science, Engineering, Dentistry, Medicine, Architecture and Planning and Health Professions). The goals of the Institute include advancing the collective interdisciplinary research efforts in materials science and engineering at Dalhousie University, facilitating interdisciplinary teaching in materials science within the existing discipline structure, and enhancing interactions between materials researchers at Dalhousie University with relevant government laboratories and industry, especially within the region. The Institute leads collaboration within the university on interdisciplinary applications to funding agencies for major equipment and research infrastructure, and collaborates with external organizations to pursue research opportunities.

All Dalhousie University faculty members carrying out research in the area of materials are eligible to be Members of IRM. Postdoctoral fellows and graduate students associated with these research groups are invited to become Associate Members of IRM.

In addition to equipment operated by individual members of the Institute, IRM has established (2003) the Facilities for Materials Characterization, an \$11 million suite of instruments managed by the Institute.

The equipment includes:

- High-field solid-state NMR spectrometer (managed by the Nuclear Magnetic Resonance Research Resource)
- Scanning electron microscope
- Focused ion beam
- X-ray photoelectron spectrometer (XPS)
- Secondary ion mass spectrometer (SIMS)
- Physical property measurement system (PPMS)
- Scanning thermal microscope (SThM)
- Hot press
- Grindo Sonic
- High-speed motion recorder/analyzer
- FT-Raman spectrometer

These facilities are open to external users. Please contact IRM@dal.ca for details.

Law and Technology Institute

Director: Robert J. Currie, BA, MA, LLB, LLM
Associate Director: Steve Coughlan, BA, MA, LLB, PhD
Location: Schulich School of Law
6061 University Avenue
PO Box 15000
Halifax, NS B3H 4R2
Phone: 902 494-1469
Fax: 902 494-1316
Email: lynda.corkum@dal.ca
Website: www.dal.ca/faculty/law/LATI.html

The Law and Technology Institute was established at the Schulich School of Dalhousie in 2001 to provide teaching, research, and continuing education on technology law issues to students, faculty members, and the practicing Bar. The Institute participates, with the faculties of Computer Science and Management, in Dalhousie's Master of Electronic Commerce Program, and has been involved in collaborative projects with the private sector and governments on information technology issues. Also, in conjunction with Dalhousie's Industry Liaison and Innovation Office, the Institute sometimes offers a student placement program in intellectual property and commercialization. Its faculty members provide graduate supervision to students interested in the developing field of technology law, and are active in law and technology organizations, such as IT.Can and the International Society for Law and Technology. Faculty members of the institute are writers of the English edition of IT.Can bi-weekly newsletter. The Institute hosts an Eminent Speakers Series, which brings leading IT lawyers and academics to Dalhousie to share their expertise. The Institute is home to the Canadian Journal of Law and Technology, co-edited by Professors Currie and Coughlan. The CJLT is the pre-eminent technology law review in Canada.

Classes Offered:

- Law and Technology
- Internet and Media Law
- Privacy Law
- Intellectual Property Law
- Information Technology Transactions
- Entertainment Law
- Intellectual Property and Commercialization Placement
- Special Topics on Intellectual Property (IPII)
- Copyright Law
- Patent law

Students also have the opportunity to pursue specialized interests in fields such as criminal law, health law and alternate dispute resolution, as they relate to law and technology.

MacEachern Institute

Scholarly Director: Kevin Quigley, PhD

The MacEachern Institute for Public Policy and Governance at Dalhousie University is a nationally-focused, non-partisan, interdisciplinary institute designed to support the development of progressive public policy and encourage greater citizen engagement. The MacEachern Institute is named in honour of Allan J. MacEachern, retired federal cabinet minister and senator and one of Nova Scotia's most accomplished political leaders.

The MacEachern Institute is a collaboration between Dalhousie's Faculties of Arts & Social Sciences, Law and Management, as well as the Office of the Vice-President, Research. It stimulates debate, discussion and research by engaging thought leaders from across Canada and internationally.

The Institute builds on Allan J. MacEachern's legacy and passion by promoting vigorous debate on progressive public policy issues. It will also encourage and engage the active participation of Canadian citizens in civic activities ranging from community and neighbourhood issues to those of national concern.

Marine & Environmental Law Institute

Location: Schulich School of Law
6061 University Avenue
PO Box 15000
Halifax, NS B3H 4R2
Phone: 902 494-1988
Fax: 902 494-1316
Email: MELAW@dal.ca
Website: <http://www.dal.ca/law/MELAW>

The Institute, which is housed in the Schulich School of Law, carries out teaching, research capacity-building and consultancy activities and also directs the MELP

academic specialization. MELAW provides a specialization in marine and/or environmental law to JD students. In addition to their scholarly research and publication activities, MELAW faculty, associates and staff carry out research projects and provide advisory services to agencies of the United Nations, international non-governmental organizations, and regional organizations as well as assisting government departments, private sector institutions and non-governmental organizations in Canada and overseas.

The Marine & Environmental Law Institute is home to the editorial office of the Ocean Yearbook and the Journal of Environmental Law and Practice (JELP). The Ocean Yearbook is a major international interdisciplinary annual, devoted to ocean affairs, published in collaboration with the International Ocean Institute in Malta. Dalhousie law students have the chance to gain experience working as research assistants on the Institute's research projects and workshops, and assisting with editing the Ocean Yearbook. JELP is the leading environmental law journal for practitioners and academics in Canada.

MELAW supports student collaboration in addressing environmental issues through the Environmental Law Students' Society and the East Coast Environmental Law Association, a non-governmental organization dedicated to environmental law education and advocacy. MELAW encourages interdisciplinary collaborations within the Dalhousie community including the School for Resource and Environmental Studies (SRES), the College of Sustainability, the Marine Affairs Program (MAP), the International Development Studies (IDS) Program, the Centre for Foreign Policy Studies, the Ocean Tracking Network (OTN) led by the Department of Oceanography and the recently established Institute for Ocean Research Enterprise (IORE). MELAW also promotes national collaborations, for example, through the Ocean Management Research Network (OMRN). International linkages include among others, the Australian-Canadian Ocean Research Network, the Global Forum on Oceans, Coasts and Islands and the IUCN Academy of Environmental Law as well as numerous sister institutions in Australia, Asia, Caribbean, Europe, South America and the United States.

Minerals Engineering Centre

Director: Josh Leon, PhD, PEng
Location: G Building, Sexton Campus
1360 Barrington Street
PO Box 15000
Halifax, NS B3H 4R2
Phone: (902) 494-3955
Fax: (902) 494-3506
Email: mec@dal.ca
Website: <http://minerals.engineering.dal.ca>

The Minerals Engineering Centre was established from the Laboratory for the Investigation of Minerals. The Minerals Engineering Centre provides research, analytical and advisory services to industries, universities, and government bodies in Atlantic Canada, Canada and International. The Centre is located in G Building on Sexton Campus and is affiliated with the Materials Engineering program. The services offered include:

- Sample preparation of ores, soils, silts, rocks, cores, clay fraction and wood pellets
- Size analysis, including screening, sieving, and sub-sieve analysis
- Minerals separation using dense liquids
- Physical and chemical analytical methods using atomic adsorption, XRD, ICP-OES, AA, x-ray fluorescence spectographic, wet chemical techniques and carboy/sulphur analysis
- Analysis of samples including geological, metalliferous ores, industrial minerals, coals, metals, alloys and water
- Mineral processing test work covering the whole range of investigative techniques from bench scale to pilot plant, including crushing, grinding, classification, gravity separation, dense medium separation, magnetic separation, electrostatic separation, flotation, flocculation, thickening, filtration, and drying
- Evaluation of biomass fuels calorific value of raw material and wood pellet.

The Minerals Engineering Centre provides opportunities for undergraduate and graduate students to learn various analytical and testing techniques applicable in their course of studies. It also offers services to faculty members to assist in their teaching and research activities.

Further information may be obtained from the Director of the Centre.

Norman Newman Centre for Entrepreneurship

Director: Ed Leach, BComm (Dalhousie), MBA (Ivey), PhD (Nova Southeastern)
Coordinator: Paulette Dun
Entrepreneur in Residence: Brian Lowe
Lead Researcher: Mary Kilfoil
Phone: (902) 494-6975
Website: <http://entrepreneurship.dal.ca>

The mission of Norman Newman Centre for Entrepreneurship (NNCE) is "To build a vibrant entrepreneurial culture among students, faculty and the community at

large that embraces innovation in creating value for society led by leaders who manage with integrity, focus on sustainability and make things happen.”

This will be accomplished by:

- Supporting the academic programs and courses taught within the Rowe School of Business
- Supporting the entrepreneurial community.
- Providing opportunities for Dalhousie students to work with the entrepreneurial community.
- Facilitating the incubation of student business ideas.

The NNCE is attached to the Rowe School of Business, within the Faculty of Management, Dalhousie University. NNCE promotes entrepreneurship in its many forms, through innovative curriculum, applied research and collaborative extension work (outreach). Our definition of entrepreneurship is broad and includes the development or growth of enterprises for profit, for social benefit and for sustainability. Our research is field-based and involves working with real ventures, on real projects, using state-of-the-art methodologies. Our extension work is multi-disciplinary and ranges from internships with entrepreneurs to collaborations with other faculties throughout the university.

All of our programs are designed to enhance the student’s entrepreneurial knowledge, skills, and networks. In addition to supporting technology and technical start-ups through mentoring, coaching and training efforts, the NNCE will provide mentoring, coaching and training to entrepreneurial students, create exemplars of technology and technical entrepreneurship through research projects and further expand the relationship with the business community.

Nuclear Magnetic Resonance Research Resource (NMR3)

Director: J. K. Rainey, BSc, MSc, PhD
Facility Coordinator: M. D. Lumsden, BSc, PhD
Solid-state NMR Coordinator: U. Werner-Zwanziger, BSc, PhD

Established in 1982 with assistance from the Natural Sciences and Engineering Research Council, the Resource is located in the Department of Chemistry and is used by faculty, researchers and graduate students in all Maritime universities, the NRC, local industry and many Dalhousie Departments. It is concerned with applications of magnetic resonance spectroscopy to problems in chemistry, materials science, biology, biochemistry and related areas. Its current instrumentation includes Bruker, Avance 300 and Avance 500 NMR spectrometers for liquids and Bruker Avance DSX 400 and Avance 700 NMR spectrometers for solids. NMR³ users also have direct access to a Bruker Avance III 700 NMR spectrometer with cryoprobe capabilities for liquids experiments. The Avance 500 and Avance 700 NMR spectrometers were installed in 2003 with funding from NSERC, the Canadian Foundation for Innovation and the Atlantic Innovation Fund. The cryoprobes on the Avance III 700 were purchased in 2009 by Dalhousie University through an Atlantic Canada Opportunities Agency Grant. The Resource offers facilities for hands-on use by researchers and also provides NMR spectra and expertise to scientists throughout the Atlantic Region and beyond.

For more information see: <http://nmr3.chemistry.dal.ca>.

Trace Analysis Research Centre

Director: A. Doucette, BSc, PhD

The Trace Analysis Research Centre (TARC) was established in 1971 with the assistance of a grant from the National Research Council. Its mission is to train analytical chemists and, through research, to contribute to the advancement of analytical chemistry. Members of TARC from Dalhousie and associated institutions comprise a group with expertise in a wide range of chemical analysis techniques in areas such as spectroscopy, chromatography, mass spectrometry, electrochemistry, and nuclear analytical chemistry.

Resources and Services

Academic Advising

Academic advisors provide academic support to current Dalhousie University students. We help you build on your ability to make decisions that positively impact your academic and career success.

Academic Advisors can help you:

- clarify your education and career goals
- explore programs
- choose courses that relate to your goals and interests
- address concerns about your studies
- develop strategies for academic success from first-year to graduation
- identify skill-building opportunities
- assist if you are struggling in school
- explore academic options when faced with personal/family emergency
- determine where to go for additional information

Find out more: www.dal.ca/learnwell

Email: advising@dal.ca (Halifax Campuses) ssdalac@dal.ca (Agricultural Campus)

Phone: (902) 494-3077 (Halifax Campuses) (902) 893-6672 (Agricultural Campus)

Access Services

Advising and Access Services (Halifax Campuses) and Student Services (Agricultural Campus) serve as Dalhousie's centres for expertise on student accessibility and accommodation. The work of our access services teams is governed by the Student Accommodation Policy, to best support the needs of Dalhousie students. Our teams work with students who request accommodation as a result of:

- disability,
- religious obligation
- any barrier related to any other characteristic protected under Human Rights legislation (NS, NB, PEI, NL)

Services

- information and education on accessibility and accommodation
- determining and facilitating classroom and exam accommodations
- determining and facilitating non-academic accommodations
- note-taking program
- advice on, and access to, technology supports
- assistance in accessing disability related funding
- textbook scanning and/or publisher requests for PDFs
- referrals to on and off-campus resources and services
- self-advocacy skill building

Early consultation is encouraged to ensure appropriate planning for any of your needs that may include accommodations. Staff meet with you to determine areas to facilitate your success, and if accommodations are required, we ensure those accommodations are put in place by working with your instructors. As part of ongoing efforts to facilitate a successful transition to and throughout your university experience, we offer several points of contact for students. We also work with faculty, staff, parents and prospective students, who have questions regarding access and accommodation.

Find out more: www.dal.ca/learnwell

Email: access@dal.ca (Halifax Campuses) scc@dal.ca (Agricultural Campus)

Phone: (902) 494-2836 (Halifax Campuses) (902) 893-6672 (Agricultural Campus)

Alumni Association/Alumni Relations

The Alumni Association is comprised of over 125,000 graduates of Dalhousie University. A global network of volunteers keeps alumni informed and involved with the university. By providing many programs and services, the Association fosters a strong relationship between Dalhousie and its alumni.

Dalhousie alumni play a vital role in the health and future of the university. Many alumni return to Dalhousie regularly to hire graduating students. They also serve as advocates, ambassadors and student mentors. The financial support provided by our alumni helps ensure that Dalhousie will continue to provide exceptional post-secondary education to future generations.

The Alumni Association's Board of Directors works with the Dalhousie Alumni Relations Office located at 6389 Coburg Road (902 494-8801/1-800-565-9969/alumni@dal.ca). Together, the Association and Alumni Relations strive to identify opportunities for alumni involvement, and to foster an environment that invites alumni to participate fully in Dalhousie's well-being. Visit the website at dal.ca/alumni.

Athletics and Recreation

Dalhousie offers a wide array of programs, facilities and services to suit the diverse sport, recreation and wellness needs of our students. Located on the Studley Campus, Dalplex is the university's primary fitness centre. Dalplex membership is included in full-time student fees, so students can simply bring their DalCard and swipe it in the turnstile for access to: the Cardio Plus Centre; two climbing facilities; two weight rooms; more than 35 weekly fitness classes; an eight-lane, 50m indoor pool; a 1/6-mile indoor track; drop-in times for recreational basketball and volleyball; racquet courts; an outdoor tennis and beach volleyball court; and the Fun Zone play area for children. The F. H. Sexton Memorial Gymnasium includes a fitness centre, a gym with hardwood courts, group fitness classes, two squash courts, and change rooms with lockers for easy access for students on the Sexton Campus. The Langille Athletic Centre is the sport and recreation facility for students on the Agricultural Campus.

Athletics and Recreational Services also offers many climbing, fitness, and outdoor recreation programs, classes, and trips each term, along with a broad range of intramural leagues and tournaments. Intramural sports are fun, free and an excellent way to meet other students. Sports offered include soccer, flag football and hockey in the fall, to curling, basketball and inner tube water polo in the winter term-and that's just the tip of the iceberg! Dal offers you the opportunity to take part in more than 20 different recreational and competitive sports clubs, which are organized and run by students. The Rams varsity program represents the Agricultural Campus, offering competitive teams in badminton, basketball, women's rugby, soccer, women's volleyball, and woodsmen. The Tigers varsity program on the Halifax campuses consists of 14 teams (men's and women's basketball, cross country, hockey, soccer, swimming, track and field, and volleyball) that compete regionally in the Atlantic University Sport (AUS) conference and nationally in Canadian Interuniversity Sport (CIS).

For more information about sport, fitness and recreation opportunities at Dalhousie visit www.dal.ca/athletics.

Black Student Support

The Black Student Advising Centre strives to foster a sense of community among ALL students, especially those who are of black/African descent. The BSAC hosts programs such as peer and professional mentorship, in-house tutoring and writing support as well as events to promote intercultural awareness. Providing confidential advising services, personal and community support, advocacy, and relevant resource materials are a few of the roles the BSAC. The BSAC advisor also provides information about scholarships, bursaries and employment, and makes referrals to additional resources for student success. The BSAC includes a study space, a small computer lab and a lounge. For more information, drop by the Centre on the second floor of 1321 Edward Street, contact us at (902) 494-6648 or bsac@dal.ca or visit us online at dal.ca/bsac.

Career Supports

The Career and Leadership Development Centre (CLDC) in Halifax and Student Services on the Agricultural Campus assists you in:

- exploring a full range of career and work possibilities that match your career goals;

preparing

job-search documents to present yourself effectively as a candidate for employment;

obtaining information on

employment opportunities and prospective employers;

connecting with career opportunities through campus interviews, job and volunteer listings, referrals, direct application, networking, job search events, publications, and/or information technology; and
developing and maintaining relationships with organizations that provide career development and employment opportunities for you.

Find out more: www.dal.ca/leadwell

Email: cldc@dal.ca (Halifax Campuses) careerac@dal.ca (Agricultural Campus)

Phone: (902) 494-3537 (Halifax Campuses) (902) 893-7895 (Agricultural Campus)

Centre for Learning and Teaching

The Centre for Learning and Teaching (CLT) works in partnership with the Provost's office, academic units, faculty members, and graduate students to enhance the practice and scholarship of learning and teaching at Dalhousie University. CLT takes an evidence-based approach to advocating for effective learning and teaching practices, curriculum planning, services to support the use of technology in education, and institutional policies and infrastructure to enhance the Dalhousie learning environment. For further information, teaching resources, or a confidential consultation, you are invited to contact the Centre for Learning and Teaching, located at Suite G90, Killam Library, 6225 University Avenue, (902) 494-1622, CLT@dal.ca, or you can visit the CLT website at: dal.ca/clt

Programming: Workshop series, presentations, discussion groups, and demonstrations are scheduled to address the full spectrum of educational issues, including curriculum design, evaluation of student learning, teaching and learning strategies, e-learning and the effective integration of classroom technology.

Confidential Consultations: Educational developers at CLT provide confidential consultation services to teaching assistants, faculty, and administrators on a wide range of learning and teaching issues.

Annual Events: On an annual basis, CLT coordinates New Academic Staff Orientation, TA Day, Teaching Dossier Workshops, and the Dalhousie Conference on University Teaching and Learning that brings together presenters from across the University and the country to explore issues related to specific themes.

eLearning: The eLearning team with CLT offers eLearning advice and support to the Dalhousie community. With two experienced instructional designers, the eLearning team is available to offer guidance with both online and blended/hybrid course initiatives.

Curriculum Renewal: CLT provides support for curriculum design and renewal at the level of a course, program, department and faculty. Facilitated department and faculty-specific workshops or retreats assist the formation of cohesive programs by considering how courses and content develop through the duration of a program. Departments or programs in the early stages of an MPHEC proposal, internal program review, or accreditation process can take advantage of CLT's resources to design learning outcomes and map the curriculum.

Certificate in University Teaching and Learning and the Teaching Assistant Enhancement Program: These programs are offered to graduate students by the CLT in partnership with the Faculty of Graduate Studies. The purpose of the program is to assist academic departments in preparing students for their teaching responsibilities and to enhance their professional development opportunities for both academic and non-academic careers.

Classroom Planning: CLT offers expertise and support to the university in the areas of classroom design, media production, presentation technology, and technical services:

- Video and Audio Production Services offers a full range of creative and production services for educational or other academic purposes.
- Technical Services provides expert advice on the design and installation of classroom technology systems, system programming, video conferencing and system repairs.

Teaching Awards: CLT administers several university-wide teaching awards, including the Dalhousie Alumni Association Award of Excellence for Teaching, Early Career Faculty Award of Excellence for Teaching, Contract and Sessional Instructor Award of Excellence for Teaching, President's Graduate Student Teaching Award, Educational Leadership Award for Collaborative Teaching, Academic Innovation Award, Award for Excellence in Education for Diversity, and the Award for Excellence in Graduate Supervision.

Student Ratings of Instruction (SRI): Higher education institutions in Canada and abroad encourage faculty to use teaching evaluations to rate their teaching for effectiveness. The CLT is responsible for the administration of the university-wide Student Ratings of Instruction. The ratings are administered online towards the end of each term. Quantitative and qualitative data are collected and the opportunity for departments and individual instructors to add questions to the form is available. Students may access the results of the universal questions, Part A of the form, when instructors consent to release the results of their own course(s).

Grants: CLT offers a number of Teaching and Learning Grants each year for instructors to develop and evaluate new teaching methods, curriculum innovation, and teaching with technology opportunities. The Centre also organizes the Change One Thing Challenge award, inviting instructors to submit their student engagement ideas that they have implemented into their teaching. The CLT Travel grants provide financial assistance to faculty members to travel to a teaching and learning conference.

Publications: The CLT newsletter, *Focus on University Teaching and Learning*, is published three times a year and is available online on the CLT website (dal.ca/clt). CLT's lending library provides resources on topics related to teaching. CLT's LibGuide of links to electronic sources can be found at: dal.ca/libguides.com/clt

Dal Allies/LGBTQ Support

At Dalhousie we encourage and support a respectful and inclusive campus community. Allies work with students, staff and faculty to offer programs, services, training, support, referrals and resources to members of the Dalhousie Rainbow community. For confidential discussions feel free to contact Dalhousie's Peer Ally (peerally@dal.ca). We can help, if you:

- question (or have questions about) sexuality or gender identity and need information

- need support in coming out
- need help dealing with issues you are experiencing on campus
- want to be yourself and not have to hide your identity when seeking services or support
- want to discuss issues without fear of judgment

Contact us dalally@dal.ca or visit us online at dal.ca/dalally for more information.

DalCard

The DalCard is your university identification card that has many uses on and off campus. It must be presented at officially scheduled examinations, to receive bursary or scholarship cheques and to use library facilities. It also functions as an access pass to Dalhousie athletic facilities including Dalplex, your meal hall pass with a meal plan and a door key to residence if you live on campus. Your DalCard can also be used as a debit card at many locations on campus including the Bookstores and food vendors. It can also be used for printing and photocopying, for laundry in residence, and it's even accepted at several off-campus locations.

The DalCard Office is located at 6230 Coburg Road. Students on the Sexton campus may obtain their DalCard at the Student Service Center, B Building, 1360 Barrington Street.

On the Agricultural Campus students can obtain their DalCards at the Enrolment Services Center located in the Cox Institute, Room 100.

See dal.ca/dalcard for more information.

Dalhousie Arts Centre

Designed as a multipurpose facility, the Dalhousie Arts Centre is home to the Rebecca Cohn Auditorium, Dalhousie Art Gallery, and the Fountain School of Performing Arts. The Arts Centre is an integral part of the cultural experience in our community and stands as the only arts complex of its kind in Nova Scotia.

Of the numerous performing arts spaces in the Dalhousie Arts Centre, the Rebecca Cohn Auditorium is the most familiar and prestigious. The 1,023 seat concert hall is the home of Symphony Nova Scotia, as well as the venue of choice for a wide variety of performers ranging from Ballet Jorgen, Just For Laughs, Billy Connolly, Vance Joy, Bill Burr and Ron Sexsmith to name a few. Other performing and visual arts spaces in the Arts Centre include: The Sir James Dunn Theatre (194 seats), the David Mack. Murray Theatre, the MacAloney Room, and the Art Gallery.

The Dalhousie Art Gallery offers the public access to national and international touring exhibitions and initiates many ambitious and exciting exhibition programs.

The Fountain School of Performing Arts maintains a full production schedule including student theatre and music productions, faculty recital series and weekly student noon-hour recitals. Further information on the Fountain School of Performing Arts can be found at dal.ca/performingarts.

Dalhousie Student Union (DSU)

Every Dalhousie student is automatically a member of the Dalhousie Student Union (DSU). The student union is recognized by an Act of the Nova Scotia legislature as the single voice of Dalhousie students. All student activities on campus are organized through the Dalhousie Student Union, and the DSU is the focus of all student representation. The business of the DSU is conducted by a Council made up of approximately 40 members.

One of the most important resources of the DSU is the Student Union Building (SUB) located at 6136 University Avenue between Seymour and LeMarchant Streets. The SUB was opened in 1968 as a centre for student activity on campus. The Student Union Building provides a wide range of services for students including the Student Advocacy Service, The Grawood, Campus Copy, food services, the Society Hub, and much more.

Every student has the opportunity to take advantage of the Union's financial, physical, and organizational resources whether by coming to events, applying for grants, or getting involved in a committee or campaign. The DSU also oversees almost 400 student societies. All students are invited to satisfy their curiosity by visiting the DSU offices located on the second floor of the SUB and is open from 8:30 am to 4:30 pm Monday through Friday.

Telephone number (902) 494-1106, email info@dsu.ca. Check out the website at www.dsu.ca.

Dalhousie Agriculture Students' Association (DASA)

The Dalhousie Agriculture Students' Association (DASA) is the official organization of students on the Agricultural Campus. In addition to representing the students to the administration, DASA spends much of their time organizing events, clubs, groups and committees to improve student life on the Agricultural Campus. They are also responsible for publications such as the Golden Ram (student newspaper), yearbook and student agendas. The Students' Association can be found in Room 32 of the

All members of the Dalhousie Agriculture Students' Association are automatically also members of the Dalhousie Student Union. Visit www.dsu.ca to learn more about the DSU.

DSU Health and Dental Plan

The DSU Health and Dental Plan is provided to all full time students that begin their studies in the fall term. The fee for the DSU Health and Dental Plan is billed to each student's account and is compulsory unless the student has comparable private health insurance. If students have comparable coverage, they may be eligible to opt out of the DSU Health and Dental Plan during the appropriate opt out period. Please contact the DSU Health Plan Office for the opt out period dates.

All part-time, distance, co-op, and students who begin their studies in January are not automatically billed and enrolled for the DSU Health and Dental Plan and must manually opt in during the appropriate opt in period. Students are also eligible to add immediate family members to the plan during the opt in period by completing an application and paying an additional fee each year.

The DSU Health and Dental Plan Office is located in the basement of the Student Union Building at 6136 University Avenue. The Office is open Monday-Friday 9:30 am-4:30 pm. Should you need to contact the office please phone (902) 494-2850 or email dsuhealth@dal.ca. Visit the website for more information regarding coverage, opt out/in procedures and deadlines www.studentvip.ca/dsu.

DSU International Health Plan

The DSU International Health Plan is provided to all international students. Please note that all co-op students are not billed and enrolled for the International Health Plan and must opt in should they wish to have coverage. The fee for the DSU International Health Plan is billed to each student's account and is compulsory unless the student has comparable private health insurance or MSI. If students have comparable coverage or MSI, they may be eligible to opt out (cancel) of the DSU International Health Plan during the appropriate opt out period. Please contact the DSU Health Plan Office for the opt out period dates.

Students are also eligible to add immediate family members to the plan when they arrive in Nova Scotia by completing an application and paying an additional fee.

The DSU Health and Dental Plan Office is located in the basement of the Student Union Building at 6136 University Avenue. The Office is open Monday-Friday 9:30 am-4:30 pm. Should you need to contact the office please phone (902) 494-2850 or email dsuhealth@dal.ca. More information regarding coverage, opt out/in procedures and deadlines is available at www.studentvip.ca/dsu.

Email, Computer and Tech Support

Information Technology Services (ITS) empowers the success of students, faculty and staff through an overall focus on service, advising and consulting. ITS supports university instructional, research and administrative requirements. The department is responsible for all centrally managed computing, networking and telecommunications facilities including university email, My.Dal, the central information system (Banner), online learning systems, wired and wireless network connections and student computer labs.

Need help with a technical problem? Visit one of three Help Desks located on the Halifax campus, or our Help Desk at the Dalhousie Agricultural Campus in Truro.

With a range of new and emerging technologies, ITS staff will help you explore options to make the most of your experience at Dalhousie. See dal.ca/its for more information.

First Year Experience

There's a lot to know about your first year at university; from choosing the right courses to juggling student life, if you've got questions - [First Year Advising](#) has answers! We're here to help you navigate the transition through your first year of university life. We can help you with questions such as:

- What can I expect in my first year of university?
- How can I become more involved in activities on campus?
- I'm feeling overwhelmed with all my work - what should I do?
- How do I get the most out of my university experience?

In addition to one-on-one advising, we offer ongoing workshops and support programming to assist with a successful transition through the first year of university.

Find out more: www.dal.ca/fya

Email: first_year_advisor@dal.ca (Halifax Campuses) fye@dal.ca (Agricultural Campus)

Phone: (902) 494-3077 (Halifax Campuses) (902) 893-6672 (Agricultural Campus)

Health Services

Maintaining your overall health is important while you are at university. In Halifax, Dalhousie operates a medical clinic on the second floor of 1246 LeMarchant Street staffed by Family Doctors, Nurses, a Nurse Practitioner and Psychiatrists. Further specialists' services are available and will be arranged through Health Services when required. Health Services on the Agricultural Campus provides confidential nursing assessments and referral services for students. They offer a wide range of services including cold and flu assessments, first aid, sexual health counselling, stress management counselling, blood glucose monitoring and select immunizations. The clinic accepts walk-in patients and appointments.

All students must have medical and hospital coverage. All Nova Scotia students are covered by the Nova Scotia Medical Services Insurance. All other Canadian students must maintain coverage from their home provinces. This is especially important for residents of any province requiring payment of premiums. All non-Canadian students must be covered by medical and hospital insurance prior to registration. Details of suitable insurance may be obtained from the Student Accounts office prior to registration.

Make an appointment: (902) 494-2171 (Halifax Campuses) (902) 893-6300 (Agricultural Campus)

Housing/Residence

The University is pleased to guarantee residence in University-owned properties for all new Dalhousie undergraduate students who complete the residence application process by June 30th. It's important that students planning to attend Dalhousie think well in advance about their accommodation needs.

Students should be aware of several important points of reference in regard to residence accommodation. Upon admission to a program of study, all students will receive university residence information. They will also be asked to pay an admission deposit. It's important to apply to residence (online) and to pay the admission deposit promptly as the dates these are received will determine when the Residence Application is considered. Residence applications will not be considered from individuals who have not gained admission to a program of study, or paid their admission deposit and residence application fee.

Students with disabilities are encouraged to contact the Residence Office at (902) 494-1054, or email: residence@dal.ca, for information and assistance. Students with disabilities are also encouraged to contact Advising and Access Services prior to moving into residence.

The traditional style residences at Dalhousie are chiefly for undergraduate students. All students living in traditional style residences are required to purchase one of the meal plan options available.

The information below gives a description of 1. traditional on-campus residences, 2. non-traditional on-campus residences, which includes apartment style housing owned by the university, 3. the services offered by the Off-Campus Housing office, and 4. general information. For information on residence fees, see the Fees section of the Calendar.

It is the responsibility of the individual student in all cases to make a separate online application to the university housing of her/his choice.

Traditional On-Campus Residence

Studley (Main) Campus

Howe Hall

Howe Hall is centrally located on Studley Campus and is the largest residence. Howe Hall is broken into six houses: Bronson House (1959), Cameron House (1967), Fountain House (2002), Henderson House (1964), Smith House (1958), Studley House (1967). Each house has its own identity and student government. The houses are all co-ed and feature a single and double (two single beds) rooms. Facilities include a 24-hour front desk, dining hall, television lounges, kitchenettes, a large multi-function study area/common lounge, laundry rooms, hockey equipment and bike storage room. ResNet (high speed internet/wireless), *local telephone service and *cable TV are provided within each room.

** These services are subject to change.*

Shirreff Hall

Shirreff Hall provides accommodation to 440+ students. Located in a quiet corner of the campus, it is minutes from classes, the library, Dalplex and other facilities. Shirreff Hall is divided into four areas: the Annex, Newcombe House (female only), Old Eddy and New Eddy. Old Eddy and New Eddy have mostly single and double rooms while Newcombe and the Annex have single rooms only.

Shirreff Hall offers a dining room, an elegant library and visitors' lounge, study areas, games room, television lounges, kitchenettes, laundry room, and 24-hour front desk. ResNet (high speed Internet/wireless), *local telephone service and *cable TV service are provided within each room. Students also have access to a piano.

** These services are subject to change.*

Residence Houses

Dalhousie also has two residence houses, which are co-ed. Formerly single family homes, each house has kitchen, living room and washroom facilities, which are shared among the residents in the house. The character of these homes has been maintained as much as possible.

These houses have only single rooms. The Residence Houses are now part of the Mini-Residence community. All houses require meal plans. ResNet (high speed Internet), *local telephone service and *cable TV service are provided in each room.

** These services are subject to change.*

Risley Hall

Risley Hall is located on LeMarchant Street, behind the Student Union Building, and offers 490 single rooms, primarily to undergraduate students. Services include a dining room, laundry rooms, television lounges, hockey equipment and bike storage rooms and a 24-hour front desk. Each room comes equipped with ResNet (high speed Internet/wireless), *local telephone service and *cable TV service.

** These services are subject to change.*

Lyall House, DeMille House, Colpitt House

These properties, which were former faculty offices, have been converted into three mini-residences with a shared courtyard. There are a total of 49 single rooms in a co-ed living environment. Like Residence Houses, these houses have all single rooms. Each house has a kitchenette, living room and washroom facilities, which are shared among the residents in the house. All houses require meal plans. Each room comes with ResNet (high speed internet/wireless), * local telephone service and *cable TV service.

LeMarchant Place

LeMarchant Place opened in the 2014/2015 Academic Year and is Dalhousie's newest residence.

The bottom two floors of LeMarchant Place are occupied by several student services, while the top five floors serve as a home for 326 students.

LeMarchant Place features a mix of two, three and four-bedroom suites. Single rooms sharing private bathrooms are available as well as accessible rooms. Each floor has a full communal kitchen, a lounge and a laundry room.

LeMarchant Place has wireless internet access throughout the building, as well as storage space for bicycles and hockey gear in the basement.

The residence space has its own secure lobby, separate from the other student services offices. Residents are able to collect their mail before getting onto one of two elevators dedicated specifically to the residence floors. ResNet (high speed internet/wireless), *local telephone service and *cable TV service are provided.

** These services are subject to change.*

Sexton Campus

Gerard Hall

Gerard Hall is a 12-story traditional style co-ed residence that houses 241 students in single, super single, and double rooms. It is located in the heart of downtown Halifax on the corner of Morris and Queen Streets. Gerard Hall offers laundry facilities, a big screen TV, DVD player and satellite access in the main lounge. Within residence rooms, ResNet (high speed Internet/wireless),* local telephone service and *cable TV service are provided. Gerard Hall residents commonly use the O'Brien Hall dining hall, only seconds away, or may use the dining halls in Howe, or Shirreff Halls.

** These services are subject to change.*

O'Brien Hall

O'Brien Hall is a co-ed residence located in the heart of downtown Halifax. There are approximately 115 Dalhousie students residing in a combination of single and double rooms in O'Brien.

Facilities include a dining hall and laundry facilities. Within residence rooms, ResNet (high speed Internet/wireless), *local telephone service and *cable TV service are provided.

** These services are subject to change.*

Agricultural Campus - Truro

Trueman, Fraser and Chapman Houses all offer co-ed living with the option of same sex and quiet sections. These three houses are conveniently located around Horseshoe Crescent, within a few minutes walk of classes, labs, meal hall, the library, the farm and our athletic center. Residence is a great place to meet new friends while developing a good study routine. Meal plans are mandatory. Each room is equipped with ResNet (high speed internet/wireless), *local phone and *cable TV service.

** These services are subject to change.*

Fraser House

Fraser House accommodates 116 students in single, super single, and double rooms. Services include comfortable lobby area, TV/games lounge, quiet/study lounge, laundry room and kitchenette. Fraser House has a small all-male section.

Chapman House

Chapman House accommodates 123 students in single, super single, and double rooms. Services include comfortable lobby area, TV/games lounge, quiet/study lounge, laundry room and kitchenette.

Trueman House

Trueman House accommodates 73 students in single, super single and double rooms. It is the smallest house in the complex and tends to offer quieter atmosphere. Services include comfortable lobby area, TV/games lounge, two small quiet/study lounges and a laundry room.

Non-Traditional On-Campus Housing

Studley (Main) Campus

Glengary Apartments

Located on the Studley Campus on Edward Street, Glengary Apartments is a four-storey brick building offering co-ed accommodation for 40+ students.

Glengary has 12 furnished apartments. Each apartment includes a kitchen, living room and bathroom. There are also four furnished bachelor apartments, which are always in high demand. Laundry facilities are located in the basement, where there is also a limited amount of storage space. ResNet (high speed Internet/wireless), *local telephone and *cable TV service are provided in all apartments.

** These services are subject to change.*

Meal Plans are not mandatory, but may be purchased for use at the O'Brien, Howe or Shirreff Dining Halls.

Sexton Campus

Graduate House

This residence is home to 13 returning students, in single rooms. It is located next door to O'Brien Hall and is a short walk from Gerard Hall on Morris Street. ResNet (high speed Internet/wireless), *local telephone service and *cable TV service are provided in each room.

** These services are subject to change.*

Meal plans are not mandatory but may be purchased for use at any dining hall on campus including O'Brien Hall, which is next door.

Agricultural Campus - Truro

Trueman House Mature/Graduate Unit

Located on the ground level in Trueman House, this unit accommodates 12 students in single and super single rooms. Services include a fully equipped kitchen, tv lounge and laundry room (shared with all students living in Trueman House). Each room is equipped with ResNet (high speed internet/wireless), *local phone and *cable tv service. A meal plan is not mandatory

** These services are subject to change.*

Living Off-Campus

Dalhousie's Off-Campus Housing has a website dal.ca/och. The site features a wide variety of housing resources available for students on both the Halifax and Truro campuses.

There is an Off-Campus Housing office for the Halifax campuses located in Risley Hall and offers help to students in finding off-campus accommodations.

The Off-Campus Housing office provides centralized information on available housing in the Halifax metro area including apartments, shared accommodations, rooms, condos and houses.

Based on of the relatively low vacancy rate in Halifax, it is advised that students start looking for off-campus housing well ahead of the academic year.

General Information

A non-refundable \$50 fee is payable when applying for residence. Please note that you will not be able to submit an application without paying the \$50 non-refundable deposit.

All new Dalhousie undergraduate students are guaranteed a place in residence if they complete the residence application process by June 30th.

Human Rights, Equity, Harassment Prevention

The overall mandate of the Office of Human Rights, Equity & Harassment Prevention is to foster and support an inclusive working and learning environment where all members of the University community share responsibility for establishing and maintaining a climate of respect.

The Office is responsible for administering a number of University policies including: the Accommodation Policy; the Employment Equity Through Affirmative Action Policy; the Statement on Prohibited Discrimination; the Personal Harassment Policy; and the Sexual Harassment Policy. The Human Rights & Equity Advisor and the Harassment Prevention/Conflict Management Advisor liaise with the Office of the Vice-Provost, Student Affairs, regarding the Code of Student Conduct and the University's Hazing Policy.

Other initiatives in the Office of Human Rights, Equity & Harassment Prevention include education and training on topics such as diversity, accommodation, harassment awareness and prevention, conflict resolution and more. Workshops are offered regularly for students, faculty and staff via our Education Advisor; workshop request forms are available online.

The website for the Office of Human Rights, Equity & Harassment Prevention offers downloadable versions of each of the policies, Sexual Assault Response Guidelines and additional resources including posters and an annual Mosaic Calendar featuring a variety of religious and cultural holidays.

International Student Support

Dalhousie University is committed to welcoming, supporting and serving the needs of new and continuing international degree-seeking and exchange students at

Dalhousie. Advisors are available to meet with you on a variety of matters including finances, immigration, exchange opportunities, health insurance and personal issues. Referrals are made to other resources and services on campus when necessary.

Orientation activities are organized to assist international and exchange students in adjusting to a new culture and in achieving their educational and personal goals. A variety of social, cultural and information programs are held throughout the year. During the fall and winter terms, an international student advisor is also available, by appointment, to meet with students.

Student exchange and study-abroad services promotes student mobility by assisting departments and faculties with: the establishment of student exchange agreements; managing university-wide exchange programs; advising students on international study; providing pre-departure and re-entry services; administering several funding programs for international study; and maintaining the International Opportunities Resource Library.

Leadership

Leadership isn't about being in charge. It's about being confident and capable, showing initiative, and assuming responsibility.

At Dalhousie we know how important those traits are to your future success, and we work together to create an environment in which they can develop and flourish.

You don't have to be a varsity team captain or on the Student Union executive to be a leader – there are plenty of things on campus you can do to develop your skills and have your achievements recognized. But you need to take charge of your future and get involved early -- we're here to help!

A key component in preparing for a career is building the right skills and experience. **DalConnects** is a free leadership program for Halifax students that connects you with the off-campus community and develops your leadership potential. By pairing interactive workshops, conferences, and teambuilding retreats with community volunteer opportunities, you develop practice skills that help you become a stronger leader in the classroom, the community, your future career, and in everyday life. In Truro, the Student Advancement in Leadership program offers the opportunity for students to develop skills in areas such as career exploration, personal growth, communication and leadership development. Students participate in volunteer activities, attend professional development seminars, participate in international and cultural events and learn the process of program development.

The Co-Curricular Record (CCR) is a document that officially recognizes your accomplishments and experiential learning outside the classroom. The CCR program is available to all Dalhousie students and acknowledges your accomplishments in leadership, campus and community engagement, course-related service learning or experiential learning, awards and recognition, and training and development.

Find out more: www.dal.ca/leadwell

Email: cldc@dal.ca (Halifax Campuses) ssdalac@dal.ca (Agricultural Campus)

Phone: (902) 494-3537 (Halifax Campuses) (902) 893-6672 (Agricultural Campus)

Libraries

The Dalhousie University Libraries accommodate the needs of the undergraduate teaching programs, graduate and faculty research projects, and professional schools. The Dalhousie Libraries are: the Killam Memorial Library – Humanities, Social Sciences, Management, Computer Science, and Science; the Sir James Dunn Law Library, the Kellogg Health Sciences Library; the MacRae Library – Agriculture, and the Sexton Design and Technology Library – Engineering, and Architecture and Planning, as well as the University Archives and Geographical Information Sciences Centre (both located in the Killam Memorial Library).

In addition, the libraries have two new spaces: the Wallace McCain Learning Commons and the Kellogg Library Learning Commons in the Collaborative Health Education Building. These learning commons provide study spaces for both silent study and vibrant collaborative engagement, access to computers, information resources, and research assistance.

Staff in all five libraries provide reference and research services. Access to materials outside of the Dalhousie Libraries is available through the Document Delivery Service. The libraries manage DalSpace, an institutional repository where many of Dalhousie's researchers' publications can be found. The libraries also use Open Journal Systems (OJS) software and provide digital publishing services to the university community.

All of the libraries have public access computers and WiFi. Most of the libraries have bookable study rooms for groups as well as individual carrels for private study.

The website dal.ca/libraries provides access to collections, databases, subject guides and other services. The Dalhousie Libraries also has a Copyright Office that provides guidance to students, faculty, and staff on copyright issues. The Killam and Sexton Libraries have Help Desks that offer general computer and software support, and 3D printing.

The Dalhousie Libraries are a member of Novanet, a network of all Nova Scotian university and college libraries, sharing a single automated online catalogue of the holdings of the member libraries. Users borrow from Novanet libraries upon presentation of their university ID card.

Multifaith

The Dalhousie Multifaith Centre strives to explore the fundamental issues and concerns of the world from a religious perspective in a setting that encourages open and free discussion, values the raising of questions and doubts, and appreciates divergent histories, attitudes, options, and values. A complete education addresses the whole person: body, mind, and spirit.

The Centre is a non-threatening space where students, staff, and faculty can address the basic questions of meaning and purpose in their lives - no matter what their faith, philosophy, or doubt may be.

For more information about the services and supports we offer, or to speak with a chaplain, drop by the Centre at 1321 Edward Street, call (902) 494-2287, or visit us online at dal.ca/dmc.

Native Student Support

The Native Post-Secondary Education Counselling Unit is open to students of First Nations descent. We can help you form support networks in your studies, and we also host social activities, cultural events and information sessions. Visit our Halifax office (Room 407, Student Union Building) to enjoy some coffee or tea, take advantage of advising with the Native Post-Secondary Liaison, and meet other Native students, or contact us by phone at (902) 494-8863. Visit dal.ca/native for more information.

Personal Counselling

As a student you'll find that most of the time you can deal with the everyday issues that pop up while attending university. But life can sometimes challenge you in unexpected ways.

On the Halifax Campuses, [Dalhousie Counselling Services](#) help you resolve problems and learn new skills in a confidential, supportive environment. Also, if you are struggling with your classes or assignments and suspect you may have a [learning disability](#), staff in Counselling can pre-screen for learning disabilities, attention-deficit hyperactivity disorder (ADHD) and/or Asperger's disorder, and can suggest various learning strategies that you may find helpful.

[Career Counselling](#) is a confidential and collaborative process where you work with a career counsellor who assists you in your educational and career decision-making.

Counselling is provided by professionally trained counsellors and psychologists and is available for individuals and on a group basis.

On the [Agricultural Campus](#), students can meet with nurses and receive confidential referrals to community psychologists and psychiatrists.

If you have feelings of depression, anxiety or stress, but you're not in Halifax or Truro, or are uncomfortable about sitting down one-on-one with a counsellor, you can use [WellTrack](#), an online self-help program. It includes modules that you work through at your own pace, either independently or with a WellTrack coach, via email or phone.

Find out more: www.dal.ca/counselling

Make an appointment: (902) 494-2081 (Halifax Campuses) (902) 893-6300 (Agricultural Campus)

Registrar's Office

The Registrar's Office is responsible for high school liaison, admissions, awards and financial aid, registration, maintenance of student records, scheduling and coordinating formal examinations, and convocation. Of greater significance to students, however, is the role played by members of the staff who provide information, advice, and assistance. They offer advice on admissions, academic regulations and appeals, financial aid and budgeting and the selection of programs. In addition, they are prepared to help students who are not quite sure what sort of assistance they are looking for, referring them as appropriate to departments for advice about specific major and honours programs or to the office of Student Services or to specific service areas such as Counselling Services.

Students can access the services of the Registrar's Office at three locations.

Main office (Studley Campus):

Room 130, Henry Hicks Academic Administration Building
6299 South Street
Halifax, NS

Enrolment Services Centre (Sexton Campus):

Building B, 1360 Barrington Street
Halifax, NS

Enrolment Services Centre (Agricultural Campus):
Room 100, Cox Institute, 21 Cox Road
Truro, NS

Enquiries may be directed to:

Safety Safety

Dal Security operates in a uniform capacity 24/7, 365 days of the year as the on-campus emergency first responders across all four Dal campuses (including three in Halifax and one in Truro). We pride ourselves in offering approachable and accessible services to all members of the Dal community. We have a robust social media presence where you can find updates on events, safety tips, and information on campus closures.

Follow us at @DalSecurity on Twitter and dal_security on Instagram. Through collaboration with our on-campus partners, services are quickly and conveniently accessible by downloading our free DalSAFE app. Come visit us in person at one of our three offices; our main office is located in the parkade of the Marion McCain Arts and Social Sciences building on the Studley campus in Halifax, a secondary office is located in the Dairy building on the Truro campus, and a third satellite office is located at the Sexton campus in Halifax.

Dalhousie Security can also be reached at (902) 494-6400 (Halifax Campuses) and (902) 893-4190 (Truro Campus) in any emergency.

South House

A DSU service and Halifax's only full-time gender justice centre. A volunteer-driven, student-funded, gender-inclusive safe space for all members of the Dalhousie community. South House is a trans- and queer-positive, wheelchair-accessible space that offers a resource centre, library, and free meeting space for woman-positive and anti-oppression organizing and gathering. Visit us online at www.southhousehalifax.ca or drop by the Centre on the basement floor of 1443 Seymour Street.

Student Advocacy

The Dalhousie Student Advocacy Service helps ensure that students receive fair and reasonable decisions on issues dealing with academic appeal and discipline matters. Our volunteer advocates advise students about their case, help them draft and edit any written submissions, prepare them for hearings and formal appeals, and provide support through the process and articulates matters of importance during the oral hearing. This year-round service is confidential and operated entirely by students. Contact us at the Student Union Building (Room 310), by phone at (902) 494-2205 or visit us online at www.dsu.ca.

Student Clubs and Organizations

With so many clubs and organizations on campus, not only will you find plenty of people who share **common interests**, but you'll have an opportunity to **try something completely new**. [TigerSociety](#) offers a searchable listing of hundreds of student clubs and societies. Browse the listings and find societies that suit your interests.

Also, be sure to watch for the **Society Fair in September**. The fair is a chance for all societies to showcase their activities and objectives to other Dal students. Drop in, visit society booths and discover clubs, societies and organizations that may be of interest to you. Watch for details on the DSU website. And, if you don't find a society of interest, **start your own!**

In Halifax, [Dal After Dark](#) gives Dal students fun and free/low cost on-campus activities on Thursday, Friday and Saturday nights.

Find out more: www.dal.ca/studentlife
Email: dsumemberservices@dal.ca or studentlife@dal.ca
Phone: (902) 494-1106 (Halifax Campuses) or drop by Room 32 of the Cox Institute (Agricultural Campus)

Student Dispute Resolution

Dalhousie's Office of Student Dispute Resolution works with students, community and campus partners to help resolve disputes in a restorative and respectful manner. Referrals come from Campus Security, Code of Conduct Complaints, Halifax Regional Police and the Crown Prosecutors Office (as part of the Dalhousie Restorative Justice Pilot Project) and from Residence Life Managers. Following the principles of respect, responsibility and community, we work with groups to help restore relationships and find satisfactory resolutions. [Visit us online](#) to find out more about the resources available through the Student Dispute Resolution office.

Student Health Promotion

Student Health Promotion staff and volunteers can give you unbiased advice and information to help you live a healthier lifestyle. Find out more about quitting smoking, rethinking your alcohol and substance use, managing your stress, increasing your personal fitness, coping with eating disorders and many other areas of student wellness.

Find out more:

The **Student Health Promotion Office** is located on the second floor of 1246 LeMarchant Street in Halifax.

The **RESPECT (Real Energy Supporting Peer Education on Current Topics) office** is located in the Dairy Building office (Agricultural Campus)

Email: livewell@dal.ca (Halifax Campuses) respect@dal.ca (Agricultural Campus)

Phone: (902) 494-6830 (Halifax Campuses) (902) 893-6672 (Agricultural Campus)

Student Services

The Vice-Provost, Student Services (VPSA), is Dalhousie University's chief officer of student affairs. Working with an integrated team of specialists across campus, the office of the VPSA coordinates programs and delivers services in support of students' academic achievement, personal and professional development and community engagement.

Our efforts to enrich the Dalhousie student experience are focused in four key areas: Learning Connections; Community Connections; Wellness Connections; and Leadership and Career Connections. Within each area, professionally trained staff, counsellors and advisors are available to assist you at every step of your journey here at Dal, providing information, resources, programs and services that are tailored to your individual needs and consistent with your educational and life goals.

Study Skills/Academic Support

At Dalhousie, we have dedicated staff available to assist students in becoming more efficient and effective learners. In Halifax, the [Studying for Success program](#) offers workshops to small groups of students to develop or enhance personal learning strategies and, when applicable, workshops are customized to focus on particular disciplines or fields of study ensuring that the workshop content is relevant to your needs. Topics regularly covered include time management, getting the most from lectures, critical reading, problem-solving, preparing for and writing exams. Study Skills coaches offer personal coaching either by appointment or on a drop-in basis and will refer students to other academic resources when appropriate.

On the Agricultural Campus, the Student Success Coordinator [helps students reach their potential](#) through a variety of programs and events. Students benefit from attending formal training in study skills and can make an appointment to meet with the Coordinator for one-on-one coaching or attend Study Skills offered regularly throughout the semester.

University Bookstore

Dalhousie's Bookstores are all owned and operated by the university and service the needs of students, faculty, staff and the larger community surrounding Dalhousie.

The Bookstore offers school supplies and course materials in new, used and custom textbook format as well as digital and rental. In addition, the Bookstore is the go-to hub for your Tiger-inspired gear, like black and gold hoodies, t-shirts and scarves! Also popular is the Bookstore's grad gear, like class rings and frames.

The Bookstore offers custom screenprinting and embroidery on a wide array of clothing and giftware items. This service is popular amongst classes, societies, sports teams and other campus groups.

The Bookstore provides a number of supports to residence students, like a huge supply of Bed Bath & Beyond products for residence rooms, mini fridges and free delivery of textbooks to student's buildings before they arrive.

The Bookstore also offers opportunities for students to save money. Once you've purchased your textbooks, learn more about the Book Buyback program. If you're looking for an alternative to buying your textbooks, the Bookstore offers online textbook rental. The textbooks are shipped directly to you, and when you're finished, you simply ship them back.

When you pay for items at the Bookstore with your DalCard, 5% of the purchase price is put back on your account to use towards future purchases.

The Bookstore has locations on both the Halifax Campus (in the Student Union Building) and the Agricultural Campus (in the Cox Institute). There is also a Bookstore located in the Main Administration Building on the Sexton Campus in Halifax.

University Secretariat

The University Secretariat provides professional and administrative support and advice to the Board of Governors and University Senate so as to facilitate their effective governance of the University.

The Secretariat manages, coordinates and informs the effective operation of the Board and Senate by:

- Supporting the operations of the University's governance bodies and their respective standing and ad hoc committees;
- Proposing and developing objectives and plans to establish and achieve priorities;
- Advising on governance issues and developing and implementing policies, procedures and processes that reflect governance best practices;
- Developing, implementing, managing and coordinating the University academic integrity, student discipline and academic appeals policies and processes, and maintaining official records relative to these processes;
- Serving as a repository for University policies and information and data on matters relating to University governance; and
- Facilitating communication and collaboration with key stakeholders.

Visit the website at dal.ca/secretariat

Writing Skills

Students in all disciplines at Dalhousie are required to write clearly to inform, persuade, or instruct an audience in term papers, laboratory reports, essay examinations, critical reviews and other academic assignments. Students can benefit from discussing their work with supportive instructors and peer tutors.

The Writing Centre offers a number of services. The office in the Killam Library's Learning Commons allows students to obtain advice on writing issues. Tutors are also available for office hours on the Sexton Campus and at the Law School Library.

Students on the Agricultural Campus can visit the Writing Centre on the main floor of the MacRae Library. Seminars are held throughout the year on topics such as essay writing, science writing, mechanics of writing, English as a second language, admission applications, etc.

21 \$50 reinstatement fee assessed to accounts with balances of \$100 or more

March

27 Last day for partial refund for winter term

NOTE: Please consult the online summer school timetable for the summer school registration schedule.

Website www.moneymatters.dal.ca

Introduction

The following section of the calendar outlines the University Regulations on academic fees for both full-time and part-time students enrolled in programs of study

during the fall, winter and summer terms. A section on University residence and housing fees is also included. Students wishing to register for the summer term should consult the summer school timetable online at www.dal.ca for information on registration dates and fees.

All fees are subject to change with approval of the Board of Governors of Dalhousie University. The 2016/2017 Academic Fee Schedule will be available in June 2016, at www.moneymatters.dal.ca.

NOTE: Student tuition fees and other fees published herein are applicable only to regular students admitted to a program through the normal application process. Other students who are admitted to Dalhousie under a special program or policy will be charged student tuition and other fees in accordance with such special program or policy. For further information regarding these fees, please contact Student Accounts or the Dean's office of the applicable faculty.

Students should make special note of the academic dates contained in the front section of the calendar as well as fee dates. Students should also be aware that additional fees and/or interest will be charged when deadlines for payment of fees as contained herein are not met.

All the regulations in this section may not apply to Graduate Students. Please refer to the Faculty of Graduate Studies section of the Graduate Calendar.

University Regulations

The following general regulations are applicable to all payments made to the University in respect of fees. Please refer to our website for additional information on payment options: www.moneymatters.dal.ca.

- Fees must be paid in Canadian funds by cash, electronic bank transfer, interac, negotiable cheque or money order.
- Money transferred to a student's account are not to exceed the annual charges associated with tuition and ancillary fees. Funding for off-campus and personal expenses is to be sent directly to the student. Overpayment on a student's account may result in funds being withheld and applied toward future term fees for up to one academic year.
- If payment by cheque is returned by the bank as non-negotiable, there will be an additional fee of \$20 and the account will be considered unpaid. Furthermore, if the bank returns a cheque that was to cover payment of tuition, the student's registration may be cancelled and, if permitted to re-register, a late fee will apply.
- Accounts in arrears must be paid by cash, certified cheque, money order or interac prior to registration in a future term.

Admission Deposits

A non-refundable deposit of \$200 is payable on acceptance to all new undergraduate and graduate programs. Undergraduate students admitted by April 20 are required to pay the deposit by May 15. Undergraduate students accepted after April 20 must pay the deposit within three weeks of receiving an offer of admission. Graduate students must pay the deposit within four weeks of receiving an offer of admission.

Undergraduate Medicine students are required to pay a \$500 non-refundable, admission deposit.

International Dentistry, Qualifying Dentistry and Internetworking students are required to pay a \$2,500 non-refundable admission deposit.

Admission deposits are later credited towards tuition fees for the applicable term.

Registration

A student is considered registered after selection of course(s).

Selection of course(s) is deemed to be an agreement by the student for the payment of all assessed fees.

Non attendance does not constitute withdrawal. Students must ensure that they cancel registration in all courses if they choose to withdraw.

Identification Cards (DalCard)

All full and part-time students should obtain identification cards upon registration and payment of appropriate fees. If a card is lost, a fee of \$15 is charged. Regular session ID cards are valid until August 31.

Audit Courses

All students auditing a course pay one-half of the regular tuition fee plus full auxiliary fees, if applicable. In such cases, the student is required to complete the usual registration process.

A student who is registered to audit a course, who during the session wishes to change their registration to credit, must receive approval from the Registrar. This must be done on or before the last day for withdrawal without academic penalty. The same deadline applies for a change from credit to audit. Graduate students please see Section 6.6.4 for audit information.

Late Registration

Students are expected to register on or before the specified registration dates. Students wishing to register after these dates must receive the approval of the Registrar. A late registration fee of \$50 will apply if registration and payment of fees has not been completed by specified dates. This fee is payable at time of payment and will be in addition to regular fees.

Course Changes and Withdrawals

Please consult Student Accounts for all financial charges and the Registrar's Office for academic regulations.

Students withdrawing from all courses must submit written notification to the Registrar's Office. Non attendance does not constitute withdrawal, you must ensure courses are dropped. Refunds due to class withdrawals will be effective the date a course(s) is dropped online at dalonline.dal.ca or written notification is received at the Registrar's Office. Please contact Student Accounts to have your refund processed.

In the Faculty of Health Professions, students who wish to withdraw from the University must obtain written approval from the appropriate school or college and submit the appropriate forms to the Registrar. Students in these faculties should continue to attend classes until their withdrawal has been approved.

Academic Fees

Note: These rates are for 2015/2016 (for information only)

Fee Schedule

Upon approval of the 2016/2017 academic fees, a complete schedule showing the payment dates will be available in June 2016 at www.moneymatters.dal.ca. Students are advised that fees are subject to change by approval of the Board of Governors, and it is likely that tuition and fees will increase during each year of study.

NOTE: Students registered in more than one program are required to pay separate academic fees for each program. Additional course specific auxiliary fees may apply, as well as fees for online courses (or programs) related to distance delivery.

Exchange Students

Outbound exchange students whose fees are paid to Dalhousie University will be assessed tuition and fees for 15 credit hours in their faculty.

International Students

Differential Fee

Registered students, who are not Canadian Citizens or permanent residents are required to pay an additional “Differential Fee” to a maximum of \$4,351.50 per term, subject to increase in 2016/2017. There is a proportional charge for part-time international students. International Dentistry, Qualifying Dentistry and Internet working students are exempt. Graduate Students please see Section 5.7 of the Graduate Studies Calendar to determine the number of years a student is required to pay the differential fee.

If a student receives permanent resident status, the differential fee will not be assessed for the current term and beyond. In order to process a retroactive reimbursement of differential fees in a current term, acceptable proof of residency must be submitted to the Registrar’s Office prior to the last business day of December, April, and August for each term.

Health Insurance

International students will be charged for an International Student Health Insurance Plan when they register. If a student already has comparable health coverage, they can apply to opt out of the International Student Plan at the DSU Health Plan Office before September 19, 2016. Costs for the health plan change annually. More details on the international student health plan costs and opt out process can be found at www.dsu.ca. Full-time students will also be assessed the extended DSU Health and Dental plans, see 11.F.2.

Health Insurance - International Students (2015/2016 rates, for information only)

- Single - \$491 per year
- Family - \$1,227 per year

Student Fees

In addition to tuition and course related fees, the following mandatory incidental fees may apply. These fees are non-refundable beyond the due date for each term. In cases of late cancellations or retro-active withdrawal, the mandatory incidental fees remain payable. Rates provided as information only, subject to change for 2016/2017.

Student Union Fee

Every student registered at Dalhousie is a member of the Student Union and required to pay a Student Union fee as part of their registration procedure. These fees have been approved by students in referenda and, along with other revenue of the Union, are allocated each year by the Student Council budget.

For information only, 2015/2016 full-time student union fees are \$72.18 per term.

Health and Dental Insurance

Every fall term, full time students are assessed the DSU Health and Dental Plan. This provides extended coverage from September through August. The current rate is \$253 per year.

Students with separate health insurance may apply to the DSU for reimbursement. For more information please contact the Student Union Office in Room 344 of the Student Union Building (SUB), phone: (902) 494-2850 or visit their website at www.dsu.ca.

Student Service Fee

Student Service provides and supports various Dalhousie Services including health services and athletics. For information only, 2015/2016 Student Service fee is \$148.70 per term for full-time students.

The following services will be provided without additional charges unless specified:

- Change from Audit to Credit
- Confirmation of Enrolment
- Confirmation of Fee Payment
- Dalplex Membership
- Leave of Absence Fee
- Letter of Permission
- Replacement Tax Receipt
- Transcripts (maximum of five requested at one time)

All students are assessed a facilities renewal fee of \$84.35 per term; \$28.10 per term for part-time students. 2015/2016 rates provided for information only; subject to increase with approval from the Board of Governors.

University Bus Pass Fee (UPass)

All eligible, full-time students will receive a Metro-Transit bus pass (UPass). The fee in 2015/2016 is \$151.40 and is effective September through April. Please refer to www.upass.dal.ca for further information.

Laboratory Deposits

A deposit for the use of laboratory facilities in certain departments is required. The deposit is determined and collected by these departments. Students will be charged for careless or willful damage regardless of whether or not a deposit is required.

Additional Student Fees

Departments may also charge additional fees on a cost recovery basis not included in the fee schedule. Examples include, but are not limited to, print or copy fees, transportation costs and material fees. Students registered in online courses and distance programs will be assessed additional fees for delivery of these courses.

Miscellaneous fees are charged as outlined in the table below.

Miscellaneous Fees 2015/2016

| Fee | Amount | Payable at |
|-------------------|--------|------------------|
| Late Registration | \$50 | Student Accounts |

| | | |
|--|-------|------------------------------------|
| Reinstatement Fee | \$50 | Student Accounts |
| Returned Cheque | \$20 | Student Accounts |
| Admission Deposit | \$200 | Student Accounts |
| Undergraduate Medicine Admission Deposit | \$500 | Student Accounts |
| Application Fee | \$70 | Registrar |
| Late Graduation Application | \$50 | Registrar |
| Replacement ID | \$15 | DalCard Office |
| Replacement Bus Pass | \$15 | DalCard Office or Student Accounts |
| Transcript | *\$5 | Registrar |
| Fax Fees | | |
| Metro | \$5 | Registrar |
| Canadian | \$10 | Registrar |
| International | \$15 | Registrar |
| Residence Application Fee | \$50 | Residence |

* Where appropriate, contact Registrar's Office for details Note: Fees are subject to change after publication of this calendar.

Statements and Monthly Notices

Students with current activity will be issued electronic statements. Students will be notified through their official Dalhousie email account when a new statement is available. Subsequent monthly payment reminders will be sent to the student's official Dalhousie email address. Refer to www.moneymatters.dal.ca for more information.

Release of Student Financial Information

Student Accounts is often asked to disclose financial information on a student's account by parents and others so they can make accurate tuition payments.

University policy recognizes the financial account as belonging to the student and therefore, to protect student privacy, account information is considered confidential. For more information on granting permission for financial information to be released to a third party (such as a parent), please contact Student Accounts at (902) 494-3998 or in Truro at (902) 893-6361 www.moneymatters.dal.ca.

Payment

The payment of academic fees will be received at the Student Accounts Office located on the basement level of the Henry Hicks Academic Administration building, the Enrolment Services Centre on Sexton Campus or the Enrolment Services Centre, Truro.

For the convenience of students, Canadian cheques and money orders, payable to Dalhousie University, are accepted by mail. Fees paid by mail must be received by Student Accounts on or before the term due date to avoid late payment and/or delinquency charges.

The following regulations apply to the payment of academic fees. For further information on regulations regarding withdrawal of registration, please refer to II.K:

- a. **All** students must pay the applicable deposit in accordance with Section A.
- b. Those holding external scholarships or awards paid by, or through, Dalhousie must provide documentation of the scholarship or award before term fees are due.
- c. Those whose fees are paid by a government (or other agency) must have the third party billing form completed and submit to Student Accounts by September 19 or January 20 for the respective term. This form is available online at www.moneymatters.dal.ca
- d. Those paying the account balance by Canada Student Loan must negotiate the loan by September 19 or January 20 for the respective term. Interest will be charged after these dates and a late registration fee will apply.
- e. Those whose fees are paid by Dalhousie University staff tuition fee waiver must present the appropriate waiver form and pay applicable incidental fees by September 19 or January 20, for the respective term.
- f. Those who are Canadian citizens (or permanent residents), 65 years of age (or over) and enrolled in an undergraduate degree program will have their tuition fees waived, but must pay the applicable incidental fees.
- g. Scholarships or awards paid by, or through, Dalhousie University will be applied to academic and residence fees.
- h. When a Canada Student Loan, provincial loan or co-payable bursary is presented at the Student Accounts Office, any unpaid charges will be deducted.
- i. Fees cannot be deducted from salaries paid to students employed at Dalhousie University.
- j. Any payments made to a student account is first applied to past due balances.

Canada Student Loans

Students planning to pay by Canada Student Loan should apply to their province in April or May so that funds will be available by the time payment is required. The University will deduct fees/charges from the loan at the time of endorsement. Please contact the appropriate provincial office to determine eligibility as well as course

load requirements. A late fee of \$50 will apply if the loan is negotiated after September 19, 2016. (January 20, 2017 for students registered for winter term and May 12, 2017 for students registering for the summer term).

Provincial Bursaries and University Scholarships

These cheques are distributed by the Student Accounts Office. Any unpaid fees and/or temporary loans along with charges, if applicable, are deducted and payment will be issued following endorsement for any balance remaining. A valid Dalhousie University ID and Social Insurance Number must be presented in order to receive cheques. Please contact the appropriate provincial office to determine eligibility as well as courseload requirements for provincial bursaries.

For more information on student loans, bursaries or scholarships, inquiries should be directed to the Registrar's Office, Henry Hicks Academic Administration Building, Room 130.

Receipts

The amount of academic fees constituting an income tax credit is determined by Canada Revenue Agency.

A special income tax certificate (T2202A) will be available annually through Web for Student at dalonline.dal.ca no later than February 28 for the previous calendar year.

Refunds

Students withdrawing from all courses must submit written notification to the Registrar's Office. Non attendance does not constitute withdrawal, you must ensure courses are dropped. Refunds due to course withdrawals will be effective the date a course(s) is dropped online at www.dalonline.dal.ca or written notification is received at the Registrar's Office. Please contact Student Accounts to have your refund processed.

In the Faculty of Health Professions, students who wish to withdraw from the University must obtain written approval from the appropriate school or college and submit the appropriate forms to the Registrar. Students in these faculties should continue to attend class until their withdrawal has been approved.

Refund Conditions

Refunds will be processed as follows:

- a. Based on the withdrawal date, tuition is refunded based on percentages outlined in the refund schedule at www.moneymatters.dal.ca.
- b. No fee adjustment will be made for a student changing their degree or program as follows:

| | |
|---------------------------------------|--------------------------|
| Regular (Sept - April) and Fall Terms | After September 19, 2016 |
| Winter Term | After January 20, 2017 |
| Summer Term | After May 12, 2017 |
- c. No refunds will be made for 30 days when payment has been made by personal cheque or 60 days for a cheque drawn on a bank outside of Canada.
- d. Refunds will be made to the appropriate Student Loan service provider if a student has paid with a student loan and no longer meets eligibility criteria.
- e. A student who is dismissed from the University, for any reason, is not entitled to a refund of fees.
- f. Refunds will be prorated on fees paid by Dalhousie scholarships and/or tuition waiver.
- g. A valid Dalhousie University ID must be presented in order for the student to collect a refund cheque.

Refund Schedule

The most current version of the refund schedule is available at www.moneymatters.dal.ca.

Important Information Regarding Refunds

- A portion of fees as outlined in the refund schedule will be assessed if withdrawal from a course occurs after September 19 (Fall Term) and January 20 (Winter Term). Withdrawals before these dates will be completely refunded, but no substitutions will be allowed from a financial perspective after these dates
- Non-attendance does not constitute withdrawal and fees will be payable.
- The refund schedule above does not apply to the University of King's College Master of Fine Arts in Creative Nonfiction Journalism Program.
- For financial charge inquiries, contact Student Accounts at (902) 494-3998 or Student.Accounts@dal.ca.

Delinquent Accounts

Accounts are considered delinquent when the balance of fees has not been paid by September 19 for the fall term or January 20 for the winter term.

Interest, at a rate set by the University, will be charged weekly on delinquent accounts for the number of days overdue.

Effective July 1, 2015 the rate of interest is 5.85% per annum, compounded monthly.

A student whose account is delinquent for more than 30 days will be denied University privileges including access to transcripts. A student will be reinstated upon payment of the fees outstanding, the arrears interest and a \$50 reinstatement fee. Students will not be permitted to register in future terms until all outstanding amounts are paid in full. Subsequently, if the bank does not honour the payment, the student may be deregistered.

Graduating students whose accounts are delinquent on April 15 will not receive their degree/diploma parchment. For fall graduation the deadline is September 1. Transcripts are withheld until payment is received in full.

Accounts which become seriously delinquent may be placed in collection or further legal action may be taken against the individual. Students will be responsible for charges incurred as a result of such action.

Residence Fees

Residence rates vary depending on the location and style of accommodations available. For up-to-date residence options and rates, please visit dal.ca/residence. All residence rates include local telephone service with voice mail features, cable TV service and ResNet (high-speed Internet/wireless). Rates **do not** include the non-refundable \$50 Residence Application Fee.

It is important to note that traditional residences have a mandatory meal plan; however, there are several options available for students. Traditional residences on the Halifax campuses include: Howe Hall, Risley Hall, Shirreff Hall, Gerard Hall, LeMarchant Place, O'Brien Hall, Mini Residences and Residence Houses. Traditional residences on the Truro campus include: Chapman House, Fraser House, and Trueman House. Non-traditional residence options on the Halifax campuses include: Glengary Apartments and the Grad House. On the Truro campus a section of Trueman House is reserved for non-traditional accommodations. Meal plans are not required in non-traditional residences but are recommended. For up-to-date meal plan options and rates, please visit dal.ca/foodservices.

Important:

- Once offered admission to an academic program of study at Dalhousie, students are eligible to submit a residence application. **Application can be made within 48 hours of the \$200 admission deposit being paid.**
- Students must be registered full-time at Dalhousie to apply to residence.
- No refund will be made to any resident who is dismissed for misconduct. Discretionary power in exceptional circumstances remains with the Director, Residence Operations, in conjunction with the Director, Residence Life or their designates.
- All residence students, new and returning, who have received notification of their room assignment, must pay a \$500 deposit to confirm their acceptance. The deposit is due within the time frame specified by the Residence Office.
- \$250 of the \$500 deposit is refundable if cancellation is received prior to August 1. No refunds are made after August 1.
- The \$500 residence confirmation deposit can be paid by credit card (Mastercard, Visa, Amex) by visiting

dal.ca/admissions.html. For more payment options, please visit dal.ca/admissions.html.

No residence room will be held based on post-dated or "insufficient fund" cheques.

Deposits or fees cannot be deducted from scholarships, fellowships, or similar awards.

Residence agreements are for eight-month terms (September – April). Please note, residences close during the December break.

Residence Term

The residence term commences the Saturday prior to Labour Day and ends on the last day of the examination period in the College of Arts and Science in April. Students must vacate the residence 24 hours after their last exam and residences are closed over the December break.

If required, an additional fee is payable by all residents who are registered in a Faculty where the academic session commences before or continues after the session of the College of Arts and Science. Special arrangements are to be made with the appropriate Residence Life Manager for accommodation for periods prior to or following the session as defined above.

Payment of Residence Fees

Payment may be made in full at registration or in two instalments. The first instalment must be paid in full by Monday, September 19, 2016. Interest is assessed weekly at a rate as set by the University and will be charged on all accounts outstanding after Monday, September 19, 2016 and on any second instalment outstanding after

Friday, January 20, 2017. The student will not be permitted to register for another session until all accounts are paid in full. A student whose account is delinquent for more than 30 days will be denied university privileges including access to transcripts. The student will be reinstated upon payment of the fees outstanding, the arrears interest, and a \$50 reinstatement fee. For additional information regarding outstanding or delinquent accounts, please see II. Fees, Section K.

All residence fees can be paid at the Student Accounts Office, the Student Service Centre (Sexton Campus), or online at www.dal.ca/admissions.html.

Students should make an appointment as soon as possible with the Assistant Manager of Student Accounts if they are having financial difficulties.

Residence Communications

All residences are wired for high-speed Internet/wireless, local telephone service and cable TV access.* The cost is included in residence fees.

**These services are subject to change.*

Financial Aid

Financial Aid

Government Student Loans

IMPORTANT: Please note that federal and provincial student loan regulations include stipulations for the Borrower in terms of the minimum course load, expressed as a percentage of the normal course load at the University, which the Borrower must carry in order to benefit from the program. This minimum must be maintained throughout the academic year, e.g. a student who wishes to receive either money or interest-free status under the Canada Student Loan Plan for the entire academic year must carry not fewer than 60 per cent of the normal course load (expressed in credit hours) for each term. Please note, to be eligible for provincial loan funding from Newfoundland or Quebec, you must be registered in 80% of the normal class load. At Dalhousie, the normal credit hour load for student loan purposes is 30. The Borrower must carry not fewer than 18 credit hours, distributed equally between the terms, e.g. nine. If your particular program does not conform to this scheme, you should apply to Student Aid for funding for only that term in which your course load would fulfill this regulation. Federal and provincial rules can differ on this matter.

If you must drop or add courses, exercise care so as not to jeopardize your governmental student loan(s).

Addresses of Provincial Student Aid Authorities

Canadian students are to apply for government assistance to the appropriate agency in that province or territory in which the applicant is a bona fide resident.

Temporary Loans

The University has established a temporary loan program to assist all registered Dalhousie students with certain types of short-term financial difficulty when no other resource is available. Students must provide proof of their ability to repay the loan within the time period. (Loans are not made for tuition fee payment.) These loans have a short interest-free period, after which interest will be charged. Refer to the Temporary Loan Application for further details. Applications may be picked up in the Registrar's Office, Room 130, Henry Hicks Academic Administration Building, the Sexton Campus Student Service Centre, the Enrolment Services Centre (Agricultural Campus), or online at www.dal.ca/moneymatters

Awards

Scholarships, Bursaries, Awards, and Prizes

The Registrar's Office is responsible for:

- Undergraduate Scholarships
- Undergraduate Bursaries
- Undergraduate Awards and Prizes
- Convocation Medals

IMPORTANT NOTE: The University regularly reviews the policy governing undergraduate awards. Consequently, portions of the following statement of policy may be modified or altered and may be implemented during the course of the academic year of this Calendar.

Helpful Terms

Admissions Average

This is the average of the subjects which were used for entry to the Dalhousie academic program and is governed by admission requirements for the degree/diploma selected.

Adjusted Average

This number is the sum of the Admissions Average, plus points which are assigned to the level of course difficulty (for AP and IB courses) and the number of university-preparatory subjects beyond the minimum five.

Faculty Groupings

There are eight: agriculture; architecture and planning; arts and social sciences; computer science; engineering; health professions; management; and science.

Types of Awards

- Scholarships: A monetary award, at the entrance, in-course and/or graduating level, based on academic performance (in specific subject or group of subjects).
- Awards: A monetary award, at the entrance, in-course and/or graduating level, based on academic performance (in specific subject or group of subjects) and on the recognition of additional relevant attributes.
- Bursary: An award granted on the basis of financial need.
- Medal: An award based on recognition of an outstanding academic record at Dalhousie for a specific degree program in a particular subject.
- Prize: A monetary award of any value, or a non-monetary award, based on general academic excellence, or proficiency in a specific area of study or competition.
- External Award: An award given to the student of the university by an external agency. The University may share in the selection, administration and/or payment of such an award.

General Policy

Applicable to those awards administered by the Registrar's Office. Selection criteria may be different for those awards administered by individual faculties/schools/departments.

Where Dalhousie Scholarships can be Used

Dalhousie University scholarships can be used only at Dalhousie unless the Will or Trust Deed should otherwise permit. The University of King's College has its own scholarship program. Insofar as scholarships, bursaries, awards, prizes, and governmental student loans are concerned, Dalhousie and King's are separate. In order to

receive Dalhousie funds you must be a registered Dalhousie University student.

Changing Degree Programs or Faculties

Changing degree/diploma programs or faculties can have implications for scholarship retention. Scholarship holders considering degree or faculty changes should consult the Awards Office prior to making the change.

Scholarship Payments and Rebates

To receive scholarship funds, a student must be registered at least as a full-time student (minimum nine credit hours for degree students, six credit hours for technical students) at Dalhousie during the term(s) in which they are receiving the funds. Students registered in Graduate Studies, Medicine, Law and Dentistry (with the exception of Dental Hygiene students), are ineligible to receive in-course scholarships or renew an existing scholarship. These faculties have their own awards programs.

- Payments: Dalhousie University scholarships are credited towards students' accounts in two equal installments first and second term. Awards are applied first to tuition and prescribed fees, and secondly for residence fees.
- Rebates: The portion of scholarship money in excess of the above charges will be refunded to the student. Refunds are made by the Student Accounts Office in October and February upon request.

Entrance Awards

Entrance awards are available to students applying to Dalhousie directly from high school. Transfer students are not eligible for entrance awards, with the exception of the First Nations and Indigenous Black Students Scholarships. Entrants coming from Year II of a CEGEP program are considered to be transfer students. Students entering the third year of engineering (including students entering from Associated Universities) should review the In-Course Awards (Engineering) section of this Calendar for award opportunities.

Dalhousie offers both renewable and non-renewable entrance awards. Non-renewable awards are held for one year. Renewable entrance awards are typically renewable for a maximum of four years. To be considered for entrance awards, applicants must submit a complete Dalhousie application for admission, a scholarship application, and an official transcript, to the Registrar's Office by March 15. Students must be admitted with a minimum 80% average (26 predicted points for IB diploma candidates) for entrance award consideration. Achieving the minimum academic average does not guarantee that an applicant will receive an award.

Applicants will be evaluated for entrance awards based on some or all of the following criteria: academic merit, extracurricular involvement, financial need, initiative to fund their own education, ancestry, and leadership. A DalOnline application is available for accepted applicants in December. A paper-based application is available for applicants yet to be accepted the following February. Visit <http://www.dal.ca/scholarships> for more information.

Eligible Courses for Scholarship Assessment

The Registrar's Office (Awards) considers all those Dalhousie courses which are taken for credit in a designated degree/diploma program during the academic year (or term in the Co-op program) as eligible courses for scholarship assessment.

Correspondence courses are considered for scholarship purposes.

Unless taken on Letter of Permission, transfer credits do not count towards the credit hours reviewed for scholarship assessment.

Please note that courses taken at other institutions are counted, to a maximum of one course per term, for scholarship assessment if such courses are taken on Letter of Permission towards an eligible degree/diploma at Dalhousie.

Scholarship GPA (SGPA) Calculation

The scholarship GPA (SGPA) will be calculated for students who have completed a minimum of 30 credit hours of work over two terms within the preceding academic year. The SGPA will include all eligible courses attempted during this time period. Please note that the scholarship GPA and the sessional GPA normally differ. The scholarship GPA, expressed to two decimal places, does not show on a student's transcript.

Renewable Scholarships

Unless otherwise advised, an SGPA of 3.70 is required to maintain a renewable scholarship. Students must also complete a full course load (a minimum of 30 credit

hours) over two terms within the previous academic year to be eligible for renewal. Co-op students who are on a work term during the calendar year must also complete 30 credit hours over two terms to be eligible. Students completing two work terms within one academic year must complete a minimum of 15 credit hours during their one academic term and achieve a minimum term GPA of 3.70 to be considered. In those cases where students have taken more than 30 credit hours, assessment is based on all courses taken within the term(s) being assessed. Transfer credits do not count towards the credit hours reviewed for scholarship assessment. Holders of renewable awards are notified of either the renewal or the non-renewal of their awards annually, via Dalhousie email.

Holders of renewable scholarships are not also entitled to hold Dalhousie in-course scholarships. Students registered in Graduate Studies, Medicine, Dentistry (with the exception of Dental Hygiene students), or Law are ineligible to receive in-course scholarships or renew an existing scholarship.

In-Course Scholarships

All undergraduate Dalhousie students not on a renewable scholarship, in eligible programs in the faculties of Architecture & Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management and Science, who have completed a full course load (a minimum of 30 credit hours) over two terms within the previous academic year and achieved a minimum SGPA of 3.70 will be eligible for in-course scholarship consideration. Co-op students who are on a work term during the calendar year must also complete 30 credit hours over two terms and achieve a passing grade in the work term to be eligible for consideration. Students completing two work terms within one academic year must complete a minimum of 15 credit hours during their one academic term, achieve passing grades in both work terms, and achieve a minimum term GPA of 3.70 to be considered eligible for consideration. In those cases where students have taken more than 30 credit hours, assessment is based on all courses taken within the term(s) being assessed. Transfer credits do not count towards the credit hours reviewed for scholarship assessment. In-course scholarship recipients are notified of their award over the summer, via Dalhousie email.

Students registered in Graduate Studies, Medicine, Dentistry (with the exception of Diploma in Dental Hygiene students), or Law are ineligible to receive in-course scholarships or renew an existing scholarship.

Bursaries

The University's bursary program is intended as possible supplementary assistance to help qualifying students with a portion of their educational costs.

The University has funds for the purpose of assisting its students who may face certain types of financial situations. These bursaries are awarded primarily on the basis of demonstrable need as determined by the appropriate University office or committee, satisfactory academic standing (see as defined in Academic Regulations) is also expected. Students whose financial needs are exceptionally large and/or students whose academic standing is unsatisfactory may not be assisted. Normally, bursaries will be awarded only to students who have availed themselves of assistance under the Canada Student Loan Program and/or corresponding provincial or territorial loan programs or bank loans. Normally, receipt of the first installment of such funding is a prerequisite to the University's consideration of an application for bursary assistance. Students may access the bursary program for a maximum of five years.

International Exchanges

Students who have permission to study for one or two terms outside of Canada in an approved exchange program, and are considered to be full-time (normally 30 credit hours), can be considered eligible for in-course or renewable scholarship assessment. Students who hold a Dalhousie scholarship and are planning to study abroad are advised to contact the Assistant Registrar (Awards) prior to departure to discuss their funding schedule.

Scholarship Assessment

Students who hold renewable scholarships will be assessed for renewal in either June or September depending on completion of two academic terms. If a student has previously failed to renew their scholarship and subsequently achieves the required 3.70 SGPA in the next academic year, or in any academic year within four of the original offer, the scholarship may be reinstated.

All other undergraduate students are assessed for in-course scholarships in June or September depending on completion of two academic terms.

Reduced Course Load and Retention of Scholarship

Scholarship holders considering taking a reduced course load should consult the Registrar's Office - Awards before dropping courses. Students must complete a minimum of 30 credit hours over two terms within the academic year to qualify for renewal of their scholarships or an in-course scholarship.

Record of Scholarships

Scholarships, awards, and prizes are recorded on academic transcripts. The University retains the right to reassign the source funding of a student's scholarship as circumstances may warrant (but there would be no reduction in the amount).

Graduation and Renewable or In-Course Scholarships

Students holding a renewable scholarship who choose to graduate earlier than originally expected, and later decide to return to upgrade their degree to a four-year degree, must submit a request to access their scholarship for the final year. In addition, if a student graduates and then decides to upgrade their degree, they cannot be assessed for an in-course scholarship until a further 30 credit hours over two terms within the same academic year are completed and a minimum SGPA of 3.70 is achieved.

Taxation

Students registered as full or part-time students are not required to claim financial awards (e.g. scholarships, bursaries) as income on their taxes.

Withdrawing

Award funds are credited to a student's account with the expectation that they will remain registered at Dalhousie at least as a full-time student (minimum nine credit hours for degree students or six credit hours for technical students) within the applicable term. Therefore, if a student reduces their course load or withdraws, these funds are expected to be returned to the University. However, depending on the time of the withdrawal, a student may be entitled to retain a prorated portion of the scholarship. Students in this situation are advised to contact the Assistant Registrar - Awards prior to withdrawing.

Scholarship Appeals

The deadline to appeal a scholarship decision for an entrance/in-course/renewable scholarship or entrance bursary is September 30.

Students may appeal under the following grounds:

- extraordinary or compassionate circumstances;
- unfair scholarship decision under the circumstances; and/or,
- inconsistent scholarship decision compared to other offers/decisions (compared to other Dalhousie scholarships)

Students must submit their appeal, in written form, to the Assistant Registrar, Awards, in the Registrar's Office, by the deadline noted above. The letter should clearly outline the grounds for appeal and the remedy being sought. Students should include documentation, if applicable, to support the basis of their appeal. The decision of the Appeals Committee is final.

Convocation Awards

The Governor General's Silver Medal, Governor General's Bronze Medal, University Silver Medal, Avery Prize, and University Medals are administered by the Registrar's Office (Awards) and are awarded at convocation. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for the second degree used when calculating their cumulative average. Students graduating in the fall convocation are eligible for consideration for the aforementioned medals and prizes in the following spring convocation. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible.

In the College of Pharmacy, the School of Health and Human Performance, the School of Health Sciences, and the School of Nursing, a University medal is awarded annually at the spring convocation to a graduating student who demonstrates the following criteria have been met:

- The candidate has successfully completed the equivalent of three full-time years in their respective baccalaureate program (90 credit hours) at Dalhousie.
- Has met the FHP cumulative GPA requirement or better on courses taken at Dalhousie towards the degree.
- Of those eligible, has the highest GPA.

All credits taken towards the degree at Dalhousie will be used in the calculations. Transfer credits taken prior to entry into the program are not counted towards either the 90 credit hours criterion, or towards the cumulative GPA requirement. Classes taken on Letter of Permission, while registered in the program, are included in the 90 credit hours criterion and calculated as part of the cumulative GPA requirement. As the School of Social Work does not offer a three year (90 credit hour) BSW degree, it is not eligible for the University Medal.

Entrance Awards

54th Avenue Capital Corporation Bursary

A \$2,500 bursary to provide financial assistance to a student with demonstrated financial need and good academic standing entering university directly from high school.

Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$2,500

Albion Mines Scholarship

Awarded to a student based on academic achievement, community involvement and financial need.

Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants must be permanent residents of Pictou County, Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$1,000

Aldous Bachelor of Commerce Bursary

The Aldous BCOM Bursary is intended to provide financial support to a new Commerce student, and may be renewable annually.

Eligibility: Awarded to a Canadian student entering the Bachelor of Commerce program directly from high school with a minimum 80% average and demonstrated financial need.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$1,000

Suddy and Barbara Bill Ashfield Bursary

This endowment provides renewable bursaries annually to students entering Dalhousie with permanent disabilities and demonstrated financial need. The number and value of bursaries may vary from year to year. To be considered, students must submit medical documentation regarding the nature of their disability, and a complete General Entrance Award Application.

Eligibility: Available to students entering any program at Dalhousie University directly from high school with a documented permanent disability.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$10,000

Atlantic Scholars Award

Atlantic Scholars Awards will provide tuition and residence costs (at shared-room rate, for as long as the recipient chooses to live in residence) for the length of the recipient's first diploma (up to two years) or degree (up to four years). The scholarship does not cover meals, books, and student fees. Only those applicants who have achieved a minimum average of 85% on the courses required for admission shall be considered. Selection criteria include academic performance, geographic distribution, and extracurricular activity.

Eligibility: Available to students entering any program at the Faculty of Agriculture directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$40,000

Marjorie Ball Scholarship

Marjorie Ball was born in Newfoundland in 1912 and attended Dalhousie University in 1934. This scholarship was established by a bequest from the Estate of Marjorie Ball to the Dalhousie University Alumni Association.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Annie L. Beer Prize

Under the Will of the late Mrs. Thomas (Annie L.) Beer of Charlottetown a bequest was established at Dalhousie University. The net income from the fund provides for a prize which is to be awarded to the youngest student from Prince Edward Island who enters this University in each year.

Eligibility: Available to an entering undergraduate student from Prince Edward Island.

Application Type: Automatic Consideration – No Application Required

The Francis Hugh Bell Entrance Scholarship in Science

This scholarship was established by a bequest from the estate of Barbara Bell who attended Dalhousie in 1923 as a music student. This scholarship is awarded annually to honour her father, the late Mr. Francis Hugh Bell who was one of Dalhousie's earliest graduates.

Eligibility: Available to students entering any program in the Faculty of Science at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$2,500

Beta Sigma Phi Scholarship

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information
Application Deadline: July 31

The Bissett Scholarship

A scholarship valued at \$24,000 (\$6,000 per year) was established by Mr. David Bissett with the intention of encouraging scholastic achievement by providing an incentive to capable high school students. A nomination for a Bissett Scholarship will not interfere with consideration of the nominee for other University scholarships. A student may not, however, hold a Bissett Scholarship and another Dalhousie scholarship at the same time. Students must be nominated by their school to be considered for this scholarship, and should contact the Guidance Office for more information.

Eligibility: Available to students entering any program at Dalhousie University directly from Cole Harbour District High School. Applicants must be attending university as full-time students.

Application Type: See dal.ca/scholarships for more information

Value: \$24,000

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.0 in three full year courses or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Robert Bruce Scholarships

The University is a beneficiary of a bequest from the late Robert Bruce of Quebec whereby a portion of the annual income is to be used for both entrance and in-course scholarships, and for bursaries.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Dr. John Bubar Scholarship

After graduating in 1950, John Bubar returned to former NSAC in 1967 to become the first department head of Plant Science Department. By the time John relinquished the chair more than a decade later, it had grown to a professional group of dozen accomplished scientists and teachers. John Bubar loved to teach and share his love of plants and agriculture in general. He was affectionately known by many students as "Johnny Plant." In turn he knew every student's name and, by the time he retired in 1987, he had taught three generations of students at the former NSAC. John is a friend of the Agricultural Campus, and a strong proponent of practical learning. He has left an indelible mark on NSAC and the students who have passed through his doors.

Eligibility: Available to students entering the Bachelor of Science (Agriculture) program at Dalhousie University. Applicants must be permanent residents of New Brunswick. Selection criteria will include academic performance and financial need. Recipients cannot have received other significant awards.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$4,000

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Value: up to \$5,000 each. Students must submit application a minimum of one month before departure.

Eligibility: Available to students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Malcolm and Ailene Campbell Bursary in Pharmacy

This bursary was established in 2013 to honour Malcolm and Ailene Campbell, alumni of the College of Pharmacy, and the contributions they made to the pharmacy profession in the province of Nova Scotia. The recipient will be a student entering first year of the pharmacy program at Dalhousie who demonstrates financial need.

Eligibility: Available to students entering first year of the Bachelor of Science - Pharmacy program at Dalhousie, with preference given to a student from Pictou County. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Contact the Department, School, or College for more information

Cochrane Fry Leadership Bursary

This family bursary was created to honour the generosity of others. Frank Godfrey, Ralph Cochrane's maternal grandfather, was the first member of the family to attend Dalhousie. He was sponsored by Walter Scott from Loggieville NB, to attend, and graduated from the Pharmacy program in 1923. Frank won the Frank W. Horner

Medal for the highest standing in Practical Dispensing. Fry family Dalhousie graduates: Jennifer (BCOM '93), her mother (Catherine Fry nee Isnor BA '65) and sister Stefanie Fry (BA '96). Cochrane family Dalhousie graduates: Ralph (BA '90), his brother Russ (BA '93) and sister's children (Max Vermeir BA Candidate '16, Ella Vermeir BSc '14, MA Candidate '16). Jennifer and Ralph met at Dalhousie and 23 years later reconnected through a good friend and Dalhousie alumnus. Jennifer and Ralph were married in 2012.

Eligibility: Awarded to a student from Atlantic Canada beginning their studies at Dalhousie who have demonstrated leadership in a volunteer capacity in their community. The recipient will demonstrate financial need and be in good academic standing.

Application Type: General Entrance Award Application

Value: \$6,000

H Reuben Cohen Scholarship

Created by Dr. H Reuben Cohen, CC, QC, to provide an annual scholarship to a top academic student entering Dalhousie from Moncton High School (New Brunswick). Reuben attended Moncton High School, Dalhousie University and after completing his law degree, began his career as a lawyer in Moncton. To name a few of his many accomplishments, he was awarded the Companion of the Order of Canada, the Order of New Brunswick, the Order of Moncton, the Fellowship of Honor with the YMCA, Prix Lescarbot Award, Paul Harris Fellow Award, District Governor of Rotary, Queen's Golden and Diamond Jubilee Medals, was a past Chancellor of Dalhousie University and a founding member of The Friends of The Moncton Hospital Foundation.

Eligibility: Available to graduates of Moncton High School entering any program at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

The Bert and Betty Collins Bursary

An endowment has been established to award an annual bursary to a deserving pharmacy student from New Brunswick who demonstrates financial need and who has attained a satisfactory academic standing.

Eligibility: Available to current students in the Bachelor of Science - Pharmacy program at Dalhousie. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of New Brunswick.

DSU Accessibility Bursary

The Dalhousie Student Union established this \$1,000 renewable bursary assistance for an entering student with a permanent disability and demonstrated financial need.

This bursary is administered and awarded in combination with the Johnson Foundation Bursary. The recipient will typically receive \$1,000 from the DSU Bursary and an additional \$1,500 annually from the Johnson Foundation Bursary for a combined annual amount of \$2,500. To be considered, students must submit medical documentation regarding the nature of their disability.

Eligibility: Available to students entering any program at Dalhousie University directly from high school with a documented permanent disability.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$4,000

Jeff D and Martha Edwards Scholarship

Hugh Maccagno established this scholarship in 2007 in memory of Jeff and Martha Edwards. As a young child living in the village of Lac La Biche in northeast Alberta, Hugh Maccagno clearly recalls his father speaking to Mr. Edwards and afterwards commenting "*What a fine gentleman he is.*" Mr. Edwards, a black man dressed in a suit, tie, and hat, was in Lac La Biche coaching his baseball team from Amber Valley, Alberta. His father's words continue to inspire Hugh as they were voiced at a time when black people were subjected to so much discrimination in the US and Canada. Jeff Edwards was 21 when he and many other blacks left Oklahoma for Canada in 1910 seeking an escape from segregation and prejudice in the American South. He and his wife Martha homesteaded as pioneers at Amber Valley, raised 10 children, and contributed enormously to the community. Mr. Edwards embraced his new citizenship with pride, and when he died in 1973 at the age of 90, was remembered as a proud Canadian citizen who epitomized the spirit of black pioneers who settled the Canadian West. It is with these sentiments that Hugh Maccagno established this scholarship, which serves to provide post-secondary education to many from the large and long-established Black community of Nova Scotia.

Eligibility: Available to Black students entering any program at Dalhousie University directly from high school, with preference given to Canadian students of Black African descent, followed by native Black Bermudian students.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$12,000

Marjorie F. Ellis Scholarships

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Evanov Radio Group Scholarship

Two \$2,000 scholarships will be awarded to students entering a Music degree program. Students must demonstrate artistic excellence and a commitment to performing arts in the community.

Eligibility: Available to students entering first year of the Bachelor of Music program at Dalhousie. Applicants must be Canadian citizens or permanent residents of Canada.

Application Type: Contact the Department, School, or College for more information

Value: \$2,000

Facilities Management Employee Scholarship

Established by the Department of Facilities Management employees at Dalhousie, this scholarship supports up to two entering students each year who are children, grandchildren or spouses of Facilities Management Employees. Selection is based on financial need and community involvement.

Eligibility: Available to students entering any program at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$1,000

Fairfax Financial Holdings Limited Entrance Award

Two renewable awards of \$20,000 (\$5,000 per year) each, are awarded annually to assist worthy candidates. The scholarships were established to encourage scholastic achievement by providing an incentive to capable high school students who wish to obtain a university education and who might otherwise be prevented due to the cost of attending the university. Students will be selected on the basis of financial need but outstanding academic achievement, independently documented outstanding achievement, commitment in community and other extracurricular activities could also be influential.

Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants must be a Canadian citizen or a permanent resident of Canada.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$20,000

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

First Nations and Indigenous Black Students Scholarships

Ten renewable entrance scholarships of \$12,000 (\$3,000 per year) each are available to First Nations and Indigenous Black students. Scholarships are available to students who are applying directly from high school as well as those who have attended another post-secondary institution. Scholarships will be awarded on the basis of a student's financial need and academic standing.

Eligibility: Available to Indigenous Black and First Nations students entering any program at Dalhousie University. Applicants must be permanent residents of one of the Maritime Provinces (NS, NB, PEI).

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$12,000

Forsyth Family Nova Scotia Scholarship

A Dalhousie Law graduate established this scholarship in support of Black high school students from Nova Scotia wanting to pursue post secondary education at Dalhousie. This is one of our highest valued scholarships for entering undergraduates at a value of up to \$20,000 per year to cover tuition, housing and books; recipients receive up to \$80,000 over four years. One entering student is selected each year based on academic excellence, financial need and demonstrated participation in extra-curricular activities, preferably leadership, and a social conscience within his or her community.

Eligibility: Available to Black students entering any program at Dalhousie University directly from high school. Applicants must be permanent residents of Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$80,000

Fountain Performing Arts Undergraduate Scholarships

Eligibility: Fountain Performing Arts Undergraduate Scholarships are intended to support exceptional students entering full-time studies in undergraduate Music or Theatre major degree programs at Dalhousie University.

An annual scholarship that alternates between the Department of English and the Faculty of Management.

Eligibility: Available to entering and current undergraduate students in the Faculty of Arts & Social Sciences of the Faculty of Management.

Application Type: Automatic Consideration – No Application Required

Harold Oxley Scholarship

A bequest under the late Mr. Oxley's Will makes possible the funding of a scholarship.

Eligibility: Available to entering undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dalhousie Pathways to Education Award

Eligibility: Awarded upon recommendation of the Pathways to Education staff to students who have completed the Pathways program and are entering Dalhousie directly from high school.

Application Type: Automatic Consideration – No Application Required

Value: \$1,000

Arthur S. Payzant Scholarship

Under the Will of the late Reverend Arthur Silver Payzant a bequest was established for scholarship purposes.

Eligibility: Available to entering undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Edward A. Perkins Memorial Bursary

Florence Perkins established this renewable bursary assistance in memory of her son, Edward A. Perkins. This bursary is available to an entering Dalhousie student with a permanent disability and demonstrated financial need. This bursary is administered and awarded in combination with the Johnson Foundation Bursary. To be considered, students must submit medical documentation regarding the nature of their disability.

Eligibility: Available to students entering any program at Dalhousie University directly from high school with a documented permanent disability.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$4,000

Reverend Trevor Phillips Memorial Scholarship

Revd. Trevor A. Phillips was born in Jamaica on March 5, 1941. He received his early education at Kingston College and Union Theological Seminary in Kingston. He was an Ordained Minister at Mount Zion United Church in Jamaica before migrating to Canada. From 1969-72 he continued his pastoral work in Prince Edward Island. Revd. Phillips moved to Nova Scotia and worked at St. Paul's United Church in Halifax from 1973-1981, and then Sambro-Parkhill-Jollymore Pastoral Charge from 1981 until his passing in 2008. He obtained degrees at the University of Prince Edward Island (BSc), St. Mary's University (MEd) and Dalhousie University (BEd 1975 & MA Education 1980) Science, Education, Educational Psychology, Counselling, Educational Administration and Supervision. During his career he was a teacher and guidance counsellor at several schools within the Halifax Regional School Board and a member of their Crisis Intervention Team. He was also a presenter at several national and provincial conferences delivering workshops on multi-culturalism, human rights, curriculum reform and discipline strategies. Revd. Phillips was a man of excellence with great passion for life. He was an avid sportsman who enjoyed badminton (at Dalplex with the "Silver Tigers" Table Tennis), cricket and jogging. His compassion and dedication to Christian Ministry, counselling within the community and caring for people in need was extensive and extraordinary. His amazing laughter and sense of humour brought joy to many lives. He was a legend in his time. On Eagles' Wings is an autobiographical account of his life and faith. The Revd. Trevor Phillips Memorial Scholarship was established as a "living" memorial so that his name and his excellence will be remembered in a significant way.

Eligibility: Awarded to students beginning their studies in any program directly from high school who are either Nova Scotia residents of Caribbean descent, or applying from the Caribbean.

Application Type: General Entrance Award Application

Application Deadline: March 15

Poole Family Scholarship

The Poole Family Scholarship is funded by a generous annual gift from the charitable trust established by Mr. Terry Poole, BCom 1965 who now resides in Calgary, Alberta. To be eligible, candidates must demonstrate financial need and scholarship standing.

Eligibility: Available to full-time students entering any program at Dalhousie University directly from high school, with preference given to candidates who reside in Newfoundland and Labrador, Atlantic Canada, and Alberta.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$20,000

The Hugh J. Potter Scholarship

An endowment has been established to provide a scholarship to a student who has demonstrated a high level of academic achievement. The scholarship honours the memory of Joseph Hugh Potter, a native of Digby County, who showed himself to be an exceptional initiator and developer of financial and commercial activity throughout this province in the fields of insurance, securities, shipbuilding, transportation and manufacturing.

Eligibility: Available to students entering the Bachelor of Commerce program at Dalhousie University directly from high school, with preference given to permanent residents of Digby County, Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15
Value: \$5,000

Gordon S. Rankin Memorial Scholarship

Gordon Rankin, born in Halifax in 1933, graduated from Dalhousie in 1957 with a Bachelor of Commerce degree. He played both varsity football and basketball, holding the position of Captain for a period of time on both teams. As a continuing tribute to Gord, this scholarship was formed to assist athletes in financing their studies while attending Dalhousie University.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

The Harold A. Renouf Scholarship

An endowment has been established to provide an annual scholarship.

Eligibility: Available to students entering the Bachelor of Commerce program directly from high school.

Application Type: Automatic Consideration – No Application Required

Residence Scholarships

Awarded to outstanding applicants applying to a program on the Halifax campus, based on academic merit, leadership and extracurricular involvement.

Eligibility: Available to students entering any program at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$6,000

Residence Scholarships (Agriculture)

Awarded to outstanding applicants applying to a program on the Truro campus, based on academic merit, leadership and extracurricular involvement.

Eligibility: Available to students entering any program at the Faculty of Agriculture directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$4,500

Lawrence and Mildred Ridgway Scholarship

This scholarship is awarded on the basis of performance excellence to a student entering university for the first time directly from high school into a course of study leading to an undergraduate degree in music performance. It was established by Karen Woolhouse and Judith Wells in memory of their parents, who lived in Halifax for many years, enjoyed music, and were proud that their two daughters graduated from Dalhousie.

Eligibility: Available to students entering first year of the Bachelor of Music program at Dalhousie.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

Cicero T. Ritchie and Hazel Robertson Scholarship

This scholarship was created at the bequest of Hazel Robertson in memory of her husband, a Dalhousie graduate. This entrance renewable scholarship is awarded each year.

Eligibility: Available to full-time students entering the Bachelor of Science program at Dalhousie University directly from high school. Applicants must be graduates of Dartmouth High School, Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$6,000

The Lois J. Robertson Scholarships

The University received a generous bequest from the Estate of the late Lois Robertson.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Effie May Ross Scholarships in Music

An endowment fund, established under the will of the late Effie May Ross, supports scholarships to outstanding vocalists or instrumentalists with 'advanced standing' in degree programs in Music. Scholarships range in value and number and are awarded at the discretion of the School.

Application Type: Automatic Consideration – No Application Required

The S & L Bursary

This bursary was established to provide financial assistance for a student with demonstrated financial need who is entering Dalhousie directly from high school.

Students must be graduates of a high school in one of the following counties: 1) Colchester; 2) Guysborough; 3) Cumberland; or Pictou County.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Seymour Schulich Scholarships in Computer Science

Seymour Schulich, one of Canada's leading philanthropists, established this scholarship fund in 2008 to honour his wife Tanna Goldberg Schulich and her family. The fund provides four renewable scholarships; two based on academic achievement and two based on community involvement. In addition, several one-time scholarships are awarded to students based on academic achievement and community involvement.

Eligibility: Available to students entering any program in the Faculty of Computer Science at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$41,900

Shad Valley Scholarships

Two renewable scholarships are offered to top high school applicants who have participated in Shad Valley.

Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants must have participated in Shad Valley.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$16,000

Shatford Memorial Trust Scholarships

The J. D. Shatford Memorial Trust established a scholarship endowment fund in 1976 to provide assistance with the costs of attendance at Dalhousie University. The University's fund is independent of any other such trusts. Candidates must fulfill the following conditions: a) be coming directly to Dalhousie from high school, b) be undertaking studies leading to their first baccalaureate degree and c) be a bona fide resident of the bequest area (in Hubbards, Nova Scotia area) for at least three years prior to applying to Dalhousie. A candidate's satisfaction of the residency requirement is confirmed by the J. D. Shatford Trust Advisory Committee in Hubbards.

Eligibility: Available to current undergraduate students and students entering directly from high school who live in the Shatford Trust Area as defined by the Trust.

Application Type: Automatic Consideration – No Application Required

Sigma Chi Leadership Award

The Sigma Chi Leadership Award recognizes the qualities of entering students who meet the standards of Sigma Chi membership, as described by the Jordan Standard: being of high character, a student of fair ability, with ambitious purposes, a congenial disposition, possessed of good morals, having a high sense of honour, and a deep sense of personal responsibility.

Eligibility: Available to students entering any program at Dalhousie University directly from high school.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$1,000

Alexander Sinclair Scholarship

Under the Will of the late Evangeline Marion Winn, the University received an endowment for the purpose of providing scholarship awards to qualifying students from St. Mary's Municipality, Guysborough County, Nova Scotia.

Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants must be graduates of St. Mary's Rural High School, Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$16,000

The Slaughter Family Foundation Scholarship for African Students

The Slaughter Family Foundation Scholarship for African Students is a renewable scholarship valued at \$25,000 per year and is funded by a very generous gift by the Slaughter Family Foundation. The scholarship will be awarded annually to a full-time undergraduate student who resides in Africa and is either entering into their first year or returning (current) year of studies in any program at Dalhousie University. To be eligible, candidates must demonstrate financial need, hold good academic standing, and demonstrate involvement in their community.

Eligibility: Available to entering and current undergraduate students who are permanent residents of Africa.

Application Type: Automatic Consideration – No Application Required

Lenore Smith Cumming Bursary

From the Estate of Charles Gordon Cumming came a bequest of \$10,000 US to endow a bursary fund to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. App

Application Type: General Online Bursary Application

Application Deadline: October 15

The Ross Stewart Smith Scholarships

A significant bequest established these memorial scholarships for students who excel in the sciences or mathematics.

Eligibility: Available to current undergraduate students in the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Dr. David M. Soloan Scholarship

Under the Will of the late Dr. David M. Soloan the University received a sum of money. The Board of Governors decided that the gift be used to provide one or more entrance scholarships in the College of Arts and Science.

Eligibility: Available to entering students in the Faculty of Arts & Social Sciences or the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Katherine (Norman) Spavold Scholarship

In honour of the memory of Katherine (Norman) Spavold, and to recognize academic and other achievements of students.

Eligibility: Available to students entering the Bachelor of Arts program in the Faculty of Arts and Social Sciences at Dalhousie University directly from high school. Applicants must have graduated from a rural high school in Nova Scotia.

Application Type: General Entrance Award Application

Application Deadline: March 15

Value: \$2,000

Stanley William Spavold Scholarship

The purpose of this scholarship is to honour the memory of Stanley William Spavold (BA 1951, MA 1953) and recognize the achievements of students entering Dalhousie from Halifax West High School. Mr. Spavold became head of the Social Science Department at Halifax West in 1968 and was later named Vice Principal. This scholarship is awarded to a student who has demonstrated high academic achievement and a well-rounded approach to their academic and extracurricular activities.

Eligibility: Awarded to a student entering the Faculty of Arts & Social Sciences or the Faculty of Management directly from Halifax West High School.

Application Type: General Entrance Award Application

Application Deadline: March 15
Value: \$1,500

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces.
Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

The I. C. Stewart Trust Fund

From the Estate of Georgie M. Stewart came a trust fund, the annual income from which is to be used for I. C. Stewart Scholarships to qualifying students from St. Mary's District in the County of Guysborough, Nova Scotia.
Eligibility: Available to students entering any program at Dalhousie University directly from high school. Applicants must be graduates of St. Mary's Rural High School, Nova Scotia.
Application Type: General Entrance Award Application
Application Deadline: March 15
Value: \$16,000

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.
Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

L. A. and Edith Upham Scholarship

A renewable scholarship has been established to recognize the long association of the Upham family with Dalhousie University.
Eligibility: Available to students entering any program in the Faculty of Arts and Social Sciences at Dalhousie University directly from high school. Applicants must be graduates of a high school in Nova Scotia.
Application Type: General Entrance Award Application
Application Deadline: March 15
Value: \$20,000

The J. Douglas Vair Scholarship

This scholarship is available to students entering the University for the first time from Pictou County, Queen's County, and rural Halifax County. Failing a candidate from these areas, a student from other areas of Nova Scotia may be selected at the discretion of the Scholarship Committee. The award shall be based on scholarship and need, making it possible for a promising student to obtain a university education.
Eligibility: Available to an entering undergraduate student from Nova Scotia (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

Marguerite I. Vernon Scholarship

A trust has been established under the Will of the late Marguerite Vernon whereby, from time to time, a scholarship will be assigned to Dalhousie University for an entering student.
Eligibility: Available to an entering undergraduate student from Nova Scotia (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

Ann and Ian Vessey Scholarship

This endowment provides a scholarship to a student entering studies in any undergraduate program. Both J. Ian Vessey and Ann M. Vessey (nee Aylward) graduated from Charlottetown Rural High School in 1977.
Eligibility: Available to students entering any program at Dalhousie University directly from high school, with preference given to a student who is graduating from Charlottetown Rural High School, Charlottetown, PEI.
Application Type: General Entrance Award Application
Application Deadline: March 15
Value: \$1,000

Walker Wood Foundation Science Bursary

The Walker Wood Foundation established this bursary in support of a student with demonstrated financial need.
Eligibility: Available to students entering the Bachelor of Science program in the Faculty of Science at Dalhousie University directly from high school, with preference given to students from high schools within Atlantic Canada.
Application Type: General Entrance Award Application
Application Deadline: March 15
Value: \$16,000

F. W. Walsh Memorial Scholarship

Frederick Waldemar (Waldo) Walsh (1897-1984) was born in Moncton, New Brunswick, and spent his boyhood in Coverdale, New Brunswick, on the family farm. He attended the Nova Scotia Agricultural College (now Dalhousie University, Faculty of Agriculture) (Class of '17) and O.A.C. (Class of '22) and worked as Superintendent of Agriculture for the C.N.R. until 1934 when he became senior agriculturalist with the Nova Scotia Department of Agriculture, until his retirement as Deputy Minister in 1962. After his passing, his three sons Robert, Jack, and Fred set aside money, the interest of which would provide a memorial scholarship for a deserving young man or woman entering the degree course at the Faculty of Agriculture.
Eligibility: Available to students entering first year of any undergraduate degree program at the Faculty of Agriculture. Selection is based primarily on academic performance. Financial need and participation in school and community affairs will also be considered.
Application Type: General Entrance Award Application
Application Deadline: March 15
Value: \$500

F. Hume Wells Scholarship

This scholarship of \$1,000 is awarded on the basis of performance excellence to a student entering university for the first time directly from high school into a course of study leading to an undergraduate degree in music performance. It was established by Judith Wells and Karen Woolhouse in memory of F. Hume Wells, a businessman in Halifax, who was interested in music and thought university education was important.

Eligibility: Available to students entering first year of the Bachelor of Music program at Dalhousie.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

The Women's Division of the Dalhousie Alumni Association Scholarships

This fund provides two entrance scholarships; one is named the Margaret Florence Newcombe Scholarship, which commemorates the 100th anniversary of the graduation of the first woman graduate of Dalhousie University in 1885. The second scholarship is named the Ruth Skaling Murray Scholarship, in memory of a dedicated alumna of the Dalhousie Women's Division.

Eligibility: Available to entering undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Don Wright Scholarship of Excellence

This annual scholarship funded by the Lillian and Don Wright Foundation, supports outstanding students who are entering the Fountain School of Performing Arts in a Music degree program. While preference shall be given to awarding the scholarship to one student per year, if no one student merits the awarding of the scholarship, the awarding committee has the authority to award two scholarships to students who have applied and been accepted to study Music within the School. Where there is more than one eligible candidate, first preference shall be given to the candidate deemed to have the most merit as judged by a majority of the Fountain School of Performing Arts scholarships committee.

Eligibility: Available to students entering first year of the Bachelor of Music program at Dalhousie.

Application Type: Contact the Department, School, or College for more information

Sir William Young Scholarship

This fund was left by Sir William Young for the purpose of endowing scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Christine Zinck Scholarships

Four scholarships awarded annually in each of the four streams of Theatre: Acting, Costume Studies, Scenography and Technical Theatre and Stage Design and Theatre Studies.

Application Type: Automatic Consideration – No Application Required

In-Course Awards

How to use this Section

The term 'awards' in this section is a general term encompassing scholarships, bursaries, awards, prizes, medals, fellowships, and studentships. To see a list of awards that you may be eligible for, select your Faculty or College from the list on the right. You may also have the option to select a department within a faculty. Students who have yet to choose a major or belong to a Faculty of College that does not have Departments should select their Faculty or College, and then 'All Faculty Awards'.

The awards listed under the Department and 'All Awards' pages include those administered centrally (by the Registrar's Office, International Centre, and other units) as well as those administered within faculties and departments.

General Information

Dalhousie In-Course Scholarships

All undergraduate Dalhousie students not on a renewable scholarship, in eligible programs in the Faculties of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, and Science, and the Dental Hygiene program, who have completed a full course load (a minimum of 30 credit hours) over two terms within the previous academic year and achieved a minimum SGPA of 3.70 will be considered eligible for in-course scholarships. Co-op students who are on a work term during the calendar year must also complete 30 credit hours over two terms and achieve a passing grade in their work term to be eligible. Co-op students completing two work terms within one academic year must complete a minimum of 15 credit hours during their one academic term, achieve a minimum term GPA of 3.70, and achieve passing grades in both work terms, to be considered eligible. In those cases where students have taken more than 30 credit hours, assessment is based on all courses taken within the term(s) being assessed. Transfer credits do not count towards the credit hours reviewed for scholarship assessment. In-Course Scholarship assessment takes place over the summer months. Scholarship recipients will be notified by Dalhousie email.

Students registered in Graduate Studies, Medicine, Dentistry (with the exception Dental Hygiene Students), or Law are ineligible to receive incourse scholarships or renew an existing scholarship.

Dalhousie Undergraduate Bursary Program

The University's bursary program is intended as possible supplementary assistance to help qualifying students with a portion of their educational costs.

The University has funds for the purpose of assisting its students who may face certain types of financial situations. These bursaries are awarded primarily on the basis of demonstrable need as determined by the appropriate University office or committee, satisfactory academic standing (see as defined in Academic Regulations) is also expected. Students whose financial needs are exceptionally large and/or students whose academic standing is unsatisfactory may not be assisted. Normally, bursaries

will be awarded only to students who have availed themselves of assistance under the Canada Student Loan Program and/or corresponding provincial or territorial loan programs or bank loans. Normally, receipt of the first installment of such funding is a prerequisite to the University's consideration of an application for bursary assistance. Students may access the bursary program for a maximum of five years.

Faculty of Agriculture In-Course Awards Program

The Faculty of Agriculture has its own in-course award program (including bursaries), typically due in the fall term. Most Faculty of Agriculture awards require a single application. More information is available at dal.ca/scholarships.

Golden Key International Honour Society

Dalhousie University has a participating chapter in the Golden Key International Society. The Golden Key Society is an academic honours society that recognizes the academic achievements of students. The society provides scholarships and leadership opportunities and career assistance to its student members. Students are invited to become members based upon criteria established by the society. For information please refer to the society's website: goldenkey.org.

College of Continuing Education

This Calendar is prepared some months before the year for which it is intended to provide guidance. The policies, procedures, and awards listed in this section are subject to continuing review and revision. Not all awards listed will be offered in any given year. Additionally, the number of awards offered, values of awards, and selection criteria may change without notice.

All CCE Awards

Morris Saffron Prize

A bequest under the will of the late Morris Saffron established an endowment to provide an annual prize to a student in the Transition Year Program who is judged to have made the greatest academic achievement during the year.

Application Type: Automatic Consideration – No Application Required

Jonathan Skeete Memorial Prize

Friends, faculty and former students of the Transition Year Program have established an endowment from which to fund an annual prize. The award honours the memory of Jonathan Skeete who, following completion of the TYP, graduated with a BComm degree and then served several years with the RCMP. An annual prize is available to a Black student who is enrolled in the Transition Year Program.

Eligibility: Available to current Black students in the Transition Year Program at the College of Continuing Education.

Application Type: Contact the Department, School, or College for more information

College of Sustainability

This Calendar is prepared some months before the year for which it is intended to provide guidance. The policies, procedures, and awards listed in this section are subject to continuing review and revision. Not all awards listed will be offered in any given year. Additionally, the number of awards offered, values of awards, and selection criteria may change without notice.

Note to ESS Students

Students in any Environment, Sustainability and Society (ESS) Major program are eligible for awards from the list linked below. This list includes all awards that are exclusive to ESS students as well as all university-wide awards. More information about College of Sustainability awards that require an application can be found on the College of Sustainability [website](#).

ESS double major students are also eligible for awards from their other major subject. Please refer to the appropriate department list, grouped by Faculty, on the right side menu.

Bachelor of Management students in the ESS Major are also eligible for awards from the Faculty of Management.

All College of Sustainability Awards

Aramark Leadership Award

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship. The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Boyd Bursary

The income from the George Boyd Trust will provide a bursary to a student who demonstrates financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing, with preference given to applicants from the Sydney area, Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program (excluding the Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Ernest Brehaut Memorial Bursaries

students if they maintain creditable academic standing and show genuine need.

Eligibility: These bursaries were established by the gift of Mrs. Ernest Brehaut of Colorado Springs, USA, in memory of her husband, a distinguished graduate of Dalhousie, Harvard and Columbia. Preference is to be given to relatives of the late Dr. Brehaut.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Lt. (E) Harry J. Brewer, MBE, CD, RCN (Ret.), Memorial Bursary

A memorial bursary fund has been established to provide financial assistance to a full-time student who is enrolled in a degree or diploma program.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Isabel Brown Scholarship

The scholarship was endowed in 1982 by the Brown family under the auspices of the Women's Division of the Dalhousie Alumni Association. The interest provides an annual scholarship ordinarily to a student who is entering the final undergraduate year.

Eligibility: Available to a final year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Robert Bruce Scholarships

The University is a beneficiary of a bequest from the late Robert Bruce of Quebec whereby a portion of the annual income is to be used for both entrance and in-course scholarships, and for bursaries.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Minnie F. Burbidge Scholarships

In her Will the late Minnie F. Burbidge bequeathed the residue of her Estate to Dalhousie University. In 1945 the sum of \$16,000 was endowed to provide undergraduate, usually in-course, scholarships.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England

as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Students must submit application a minimum of one month before departure.

Eligibility: Available to upper-year Dalhousie students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

Deborah Buszard Prize

This prize is awarded annually in March to an Environment, Sustainability and Society student who has contributed significantly to academic life in the College of Sustainability. Faculty members nominate students to the Awards Committee.

Application Type: Automatic Consideration – No Application Required

Deborah Buszard Bursary

The Deborah Buszard bursary supports third- or fourth-year ESS students who wish to participate in an international internship or experiential learning opportunity with the College of Sustainability but are unable to do so due to financial circumstances. Application information is available on the [College of Sustainability](#) website.

Eligibility: Available to current students at the College of Sustainability at Dalhousie in good academic standing.

Application Type: Contact the Department, School, or College for more information

Application Deadline: March 15 and October 31

George H. Campbell Memorial Scholarship

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Howard C. Clarke International Study Award

An endowment fund to assistance a Dalhousie student who is participating in a recognized study abroad or exchange program for academic credit. Student must demonstrate great financial challenges.

Eligibility: Available to an undergraduate Dalhousie student participating in a study abroad or exchange program.

Application Type: Contact the International Centre for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during “The Great Depression”. Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated

financial need and have satisfactory academic standing. See award description for specific eligibility requirements.
Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15 (fall), February 15 (winter), June 15 (spring and summer)

Alfred George Darville Memorial Bursary

This fund provides one bursary to a qualifying Dalhousie student.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Halifax West High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

Dharma Master Chuk Mor Memorial Scholarship

T.Y. Lung established this scholarship in memory of Buddhist monk Chuk Mor (1913-2002) who was an educator and artist well known in the fields of Chinese poetry, Chinese painting and Chinese calligraphy. This in-course scholarship is available to a full-time undergraduate student who has attained a high standard of academic achievement and who has completed a minimum of one year in any undergraduate degree program.

Eligibility: Available to a current full-time undergraduate student.

Application Type: Automatic Consideration – No Application Required

Charles Robert Raeffe Douthwaite Memorial Bursary

To honour the memory of Charles Robert Raeffe Douthwaite, an endowment was established to provide bursaries for students graduating from Nova Scotia high schools.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from a high school in Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Vince Ginley Scholarships

A fund has been established to provide one or more annual scholarships for third and fourth year students enrolled in the Environment, Sustainability and Society Major/Honours degree, based on academic achievement in the previous year.

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct".

Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example,

Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary. .

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Eligibility: Available to entering or current undergraduate students (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it “If you can’t do something for someone, you are a no one.”

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.
Application Type: General Entrance Award Application
Application Deadline: October 15

The Khaki University Scholarships

From the Khaki University of Canada and the Young Men’s Christian Association Memorial Scholarship Fund, the trustees of Khaki University made a gift to Dalhousie University in 1921 of \$6,500 to endow scholarships.

Application Deadline: October 15

The Frederick Thomas Parker Award for Part-Time Studies

This award will provide an appropriate and flexible means of encouraging students intending to undertake degree or diploma studies at Dalhousie on a part-time basis.

The selection committee will take into account both academic performance and financial need, depending upon circumstances. Applications are available at the College of Continuing Education.

Eligibility: Available to part-time undergraduate students.

Application Type: Contact the Department, School, or College for more information

The Warren Publicover Class 1925 Memorial Bursary

The Warren Publicover Class 1925 Memorial Fund was established in memory of Warren Publicover. The annual income from this fund is to be awarded in the form of a bursary for an individual who has successfully completed one year of university work at Dalhousie and is continuing as a full time student at this University. The bursary is to be awarded on the basis of satisfactory academic performance and demonstrated financial need, and is subject to renewal provided that the original requirements are maintained. It is a condition of the gift that applicants for this bursary need not have availed themselves of governmental funding as is usually required by the University.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Gordon S. Rankin Memorial Scholarship

Gordon Rankin, born in Halifax in 1933, graduated from Dalhousie in 1957 with a Bachelor of Commerce degree. He played both varsity football and basketball, holding the position of Captain for a period of time on both teams. As a continuing tribute to Gord, this scholarship was formed to assist athletes in financing their studies while attending Dalhousie University.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

The George B. Robertson Phi Delta Theta Fraternity Scholarship

An endowment has been established to provide a scholarship to a student at Dalhousie University. The selection of the awardee is based on several factors including a minimum Grade Point Average of 3.00, demonstrated activity in the Halifax Chapter, and financial need.

Eligibility: Available to students in third year or higher in any program (excluding the Faculty of Agriculture). Applicants must be attending university as full-time students.

Application Type: See dal.ca/scholarships for more information

Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Springhill, Cumberland County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. Value: \$2,000

Doug Bailey Memorial Bursary

Doug Bailey had a lengthy and successful career at Farmers Dairy (now Agropur). It began at what is now known as the Middleton Spreads Plant in 1968 when Twin Cities Dairy acquired J.D. MacKenzie's Limited. Doug held many managerial positions over the years, including General Manager of the Truro Cheese Plant and Vice-President and General Manager of Central Dairies in Newfoundland. He was appointed President and Chief Executive Officer of Farmers Dairy (now Agropur) in 1987,

a position he held until his death in 1996. One of Doug's greatest strengths was his leadership ability, which he demonstrated not only with Farmers Dairy (now Agropur) but also throughout the industry. The Farmers Dairy (now Agropur) Board of Directors established this Bursary in memory of Doug.

Eligibility: Awarded to a technical, undergraduate, or graduate student at the Faculty of Agriculture who is a family member of an Agropur shareholder or employee. Selection criteria include leadership, extracurricular and community activities, financial need, and academic performance.

Value: \$2,000

A. B. Banks Memorial Scholarship

This scholarship is given by friends and family in memory of A.B. Banks, a former Director of Livestock Services Branch, Nova Scotia Department of Agriculture and Marketing. Mr. Banks was highly dedicated to the agricultural industry throughout his 35 year career in Nova Scotia and elsewhere in Atlantic Canada. He was born and raised in the Annapolis Valley and graduated from the former Nova Scotia Agricultural College and the Ontario Agricultural College. His career included service with the Canada Department of Agriculture, the Newfoundland Department of Agriculture and Forestry and the Nova Scotia Department of Agriculture and Marketing. As one of the first agricultural representative in Nova Scotia, he served the counties of Colchester, Halifax, and Cumberland. He was a strong advocate of improved farm management skills and believed this to be an important key to improving agricultural production.

Eligibility: Awarded to the second year BSc(Agr) Animal Science student with the highest average from the first year of study.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Bible Hill Garden Club Scholarship

The Bible Hill Garden Club, originally referred to as Hillcrest Landscape Club was first organized in January of 1947. The group was created to promote the improvement of home grounds, assist in the beautification of community grounds, local parks and schools. Over the years, the group has gained popularity and has grown from 17 members to over 60, mostly women who range in age of 50-60. The group contributes to the Faculty of Agriculture through help supporting students with the bursary they have created.

Eligibility: Available to current students who are permanent residents of the Truro area, in any undergraduate program at the Faculty of Agriculture, with preference given to students in at least the second year of study in Horticulture, preferably a landscape program. Selection criteria include academic performance and financial need.

Value: \$100

Canard Conservation Undergraduate Scholarship

Dr. Charles Albert Eaves was born February 21st, 1908 in Liverpool England. Charles immigrated to Canada in March 1926 and in 1932 received his B.Sc. from McGill. In 1933 he attended Cambridge University on an I.O.D.E overseas scholarship before returning to McGill to receive his MSc. degree in 1937. On October 25, 2000, he received an Honorary Doctorate from Dalhousie University and the former Nova Scotia Agricultural College, now Dalhousie Faculty of Agriculture. The Canard Conservation Scholarships were established by Dr. & Mrs. Eaves to provide a graduate and undergraduate scholarship each year for students of Kings County focusing on environmental studies related to agricultural practices with particular reference to dyke land preservation and the general conservation of soil and water reserves.

Eligibility: Awarded to a student who is a permanent resident of Kings County, Nova Scotia, in the first or second year of the Bachelor of Science (Agriculture) program who is planning course and/or project work related to the environment. Selection criteria include academic performance, demonstrated interest in the environment, and career plans.

Donald E. Clark Memorial Scholarship

Professor Clark was born in Luchow, China in 1923 and came to Canada at the age of 15 months. In 1951 he graduated from the Ontario Agricultural College, B.S.A. (Honours). In 1962 while a member of the teaching staff at O.A.C. he received his M.S.A. from the University of Toronto. In 1968 he accepted a position with the NSAC as an Associate Professor and Head of the Agricultural Engineering Department. Donald was well known for his work with sprayers and zero tillage for corn production. He also served with distinction on such committees as the Canada Weed Committee, the Atlantic Herbicide Committee and the Atlantic Agricultural Engineering Committee. As a Professional Engineer and Agrologist, Donald was a charter member of the Canadian Society of Agricultural Engineers and in 1976 was elected President of this organization. As a result of Professor Donald E. Clark's sincere commitment to his chosen field of study, and his lifetime of contributions to both the NSAC and the Engineering community, a scholarship has been created in his memory.

Eligibility: Available to current students in their final year of the Diploma of Engineering program in the Faculty of Agriculture. Selection criteria include academic performance, interest, and aptitude in the engineering field.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$500

Class of 1950 Award Fund

The Class of '50 Award was first established in 2000 at the Class of 1950, 50th anniversary weekend celebration. President, Don Young and Vice-President, Jack Johnson spearheaded the campaign to get their classmates involved in their commitment to help future AC students. The group recognizes the difficulty that young

students face to finance their post-secondary education, as they too faced similar challenges. After a great deal of preparatory work from Don, Jack and Cliff McIsaac, a proposal was created for the Class of '50 Award fund of to assist deserving students to "stick with it." The group of classmates have made and continue to make significant contributions to the campus and students.

Eligibility: Available to current students in financial need in any technical or undergraduate program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Class of 1960 Memorial Bursary

In recognition of their 50th reunion, classmates established the Class of 1960 Memorial Bursary. Classmates contributed generously to this fund, with the intention of supporting an AC student. Their wish is to honour their deceased classmates who contributed to this fund, and who valued the experience and education they received at the Nova Scotia Agricultural College.

Eligibility: Awarded to a full-time technical or undergraduate student enrolled in any program at the Faculty of Agriculture who has demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Colonel Charles Coll Memorial Scholarship

The Colonel Charles Coll Memorial was established in memory of Col. Charles Coll Sr. He was the inventor, owner and president of Muskol Enterprises Limited. He manufactured and sold Muskol insect repellent first from his basement in his Truro, Nova Scotia home and later from his manufacturing plant in Hilden, just outside of Truro. In 1957 Charles concocted a perfume to apply to clothing while deer hunting and later registered a company. The deer lure was used by regular deer hunters, bow hunters, wildlife photographers and naturalists. Charles named the ingredient "Muskol" which derives from musk, an ingredient in the lure and the phonetic last name Coll. Federal and Provincial Departments of Fisheries, Resources, Mines, as well as many sportsmen and outdoors people still continue to use the Muskol Insect Repellent.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) Animal Science program. Selection criteria include academic performance, involvement and interest in poultry, and achievement and contribution to 4-H.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Charles M. Collins Memorial Scholarship

The scholarship is in memory of Charles McKittrick Collins who spent the years 1936-1962 working in various positions in the agricultural industry in Nova Scotia, including teaching at Dalhousie's Agricultural Campus for twenty-five years. Collins Horticultural Building on the Dal-AC campus is named in his honour as well.

Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in the Bachelor of Technology program in Environmental Landscape Horticulture who have not qualified for other significant awards.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,200

George and Lottie Cook Memorial Scholarship

Lottie Cook first developed her passion for agriculture on her family farm on Cape Breton Island. Lottie's parents were pioneers in the agricultural industry, and her father a renowned farmer. At a young age Lottie became involved in 4-H where she achieved some of the club's top honours. She later graduated from the former Nova Scotia Agricultural College and worked as an assistant agricultural representative to J.C.F MacDonnell for many years. In 1943 Lottie married George Cook and the pair later opened a chick hatchery in Truro and became one of the foremost producers of high quality chicks in the Maritime Provinces. After the passing of her husband in 1954, Lottie continued to operate the family business. Due to Lottie's involvement in the agricultural industry and former NSAC community from both herself and family business, a scholarship has been created in her and her husband's name.

Eligibility: Available to students from Nova Scotia in the first or second year of a technical or undergraduate program at the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Renée Covill Scholarships

The Renée Covill Scholarship was established by Dennis Covill and Renée Covill in their estate. Dennis and Renee Covill, immigrated to Canada from England in 1955. Building on his experience working on the development of Colossus, the world's first electronic computer, Dennis went on to establish Nautel Limited in Hacketts Cove, N.S. Under his leadership and expertise, Nautel created the world's first high-powered solid state radio beacon – a technology now used around the world. Nautel, a partner in UNB's wireless research program, designs and manufactures high power solid state radio transmitters for AM and FM radio stations, navigation radio beacons and other applications.

Eligibility: Available to current students from Atlantic Canada studying in the Bachelor of Science (Agriculture) Plant Science or the Bachelor of Technology (Environmental Landscape Horticulture) at the Faculty of Agriculture. Preference will be given to students who have course and project work that reflect a commitment to environmental issues and career interests in growing plants (including farming). Selection criteria are academic performance, financial need, and career plans.

Value: \$500

Dalhousie Agricultural Students' Association Awards

Dalhousie Agricultural Students' Association (DASA) is the student association for all students at the Dalhousie Agricultural Campus. DASA is the official voice of the student body, and provides leadership and vision for the students of the Agricultural Campus. DASA promotes student engagement and leadership through various campus activities including Orientation, Shinerama, College Royal and Winter Carnival. DASA also promotes student engagement within the surrounding communities of Truro and Bible Hill. DASA works closely with Student Services and Administration to collectively provide a welcoming community dedicated to higher learning and service to the community.

Eligibility: Awarded to students enrolled in the Faculty of Agriculture who have demonstrated, in the current academic year, exceptional school spirit and involvement in any or all of the following: DASA sponsored events, volunteering, campus community leadership.

Application Type: Automatic Consideration – No Application Required

Value: 2 @ \$300

K. de Geus Memorial Prize for Plant Science

The K de Geus Memorial Prize was created in memory of Klaus de Geus. Klaus, met his wife, Christina "Tina" de Geus, in DeBeemster, The Netherlands. Klaus and Tina immigrated to Canada in 1957 with their three children, Gram, Louise, and Tineke. When they arrived in Canada, they decided to settle in Nova Scotia where they made a new life for their family, including setting up and running a successful flower shop and landscaping business in Bridgetown. Tina took great pleasure in her work as a floral designer. Over the years, she gave many demonstrations on all aspects of floral designing. This led to a career in teaching floral design in the continuing education department of the former Nova Scotia Agricultural College.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture, based on high standing in course work, with preference to students in the Horticultural field.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

CA Douglas Bursary

The CA Douglas Bursary was originally established in 1984 in recognition of the impact of Charles Allan Douglas on the Agriculture industry in Nova Scotia. Charles held positions at Scotsburn Creamery, Avon Valley Greenhouse Farm and had a 35 year career with the Department of Agriculture and Marketing. Charles had a unique ability to inspire leadership and confidence in those around him, as he was very conscious of the importance of the individual. He devoted untiring energy to supporting rural youth and community development. As a result of his dedication and commitment to new technology, and his leadership and desire to relate to the individual Charles was inducted into the Atlantic Agricultural Hall of Fame in 1979 and honored with a bursary in his memory.

Eligibility: Awarded to a BSc(Agr) student enrolled full-time in the third or fourth year of study who has demonstrated financial need. Preference is given to students majoring in Animal Science.

Application Type: Faculty of Agriculture In-Course Award Application

Eastern Veterinary Technicians Association Bursary

The Eastern AHT Association represents AHTs and similar persons especially those working in the field of veterinary practice in the four Atlantic Provinces. Formed in 1989 it now numbers approximately 55 members including over 20 students enrolled in the AHT program at the Agricultural Campus. The EHTA Bursary is awarded annually to an AHT student entering the third year of the program based upon all-around performance, but with special reference to clinical ability.

Eligibility: Awarded to a student who best demonstrates proficiency in veterinary clinical skills during their first year and externship at the Atlantic Veterinary College as part of the Veterinary Technology program. Students must be in good academic standing and demonstrate financial need.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$200

Paul C Eaton Memorial Scholarship

Paul C. Eaton was an alumnus, Class of '48, at the former Nova Scotia Agricultural College. Growing up on a dairy and apple farm, Mr. Eaton understood the importance of agriculture, and devoted his life to this passion. Mr. Eaton spent the majority of his career working in Extension Services on the Agricultural Campus. Eligibility: Awarded to a full-time student from Atlantic Canada in the second year or higher of the BSc(Agr) program majoring in Environmental Sciences or Plant Science. Recipients must have a background in agriculture or come from a family farm. Selection is made on the basis of academic merit.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: See dal.ca/scholarships for application deadline
Value: at least \$2,500

Ernest L. Eaton Memorial Scholarship

Throughout Mr. Eaton's lifetime he maintained a keen interest in scientific agriculture, and the education and development of the interested young people. He personally established the Ernest L. Eaton Scholarships, and made provision for them to continue in perpetuity. Although none of his children are directly active in farming, they all are interested in, and support, the fine work being done at present at the Agricultural Campus. The hope for the recipient of the Ernest L. Eaton Scholarship is to encourage the pursuit of excellence in both academic and scientific activities.

Eligibility: Available to students entering third year of the Bachelor of Science (Agriculture) program based on performance in second year. Recipient cannot have received another scholarship of higher value.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Egg Farmers of Newfoundland and Labrador Scholarship

The Egg Farmers of Newfoundland and Labrador (formerly the Egg Producers of Newfoundland and Labrador) is a commodity board governing the production of eggs.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program. Applicants must be permanent residents of Newfoundland and Labrador.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Noel Enman Memorial Award

To honor the memory of Noel Enman, a former Agricultural Campus Animal Science Technician-Agricultural Technology student, 1979-1982, the Alumni Association has established a fund for the Noel Enman Memorial Award.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture whose personality and fellowship have contributed to student life and activities, thereby gaining the respect of the students and faculty.

Application Type: Automatic Consideration – No Application Required

Faculty of Agriculture Mature Student Bursary

At the Faculty of Agriculture, the student body demographics have shifted dramatically over the past generation. We have increasingly more students transfer from other institutions or begin studies as a visiting or mature student. The 2012 Annual Appeal for the Faculty of Agriculture focused on raising funds for an endowment that would benefit mature students. In addition, alumnus Charles MacQuarrie directed that his planned gift benefit Faculty of Agriculture mature students.

Eligibility: Students enrolled at the Faculty of Agriculture in full-time studies who demonstrate financial need and are mature students (as defined by the Registrar's Office).

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: See dal.ca/scholarships for application deadline
Value: at least \$1,000

Fall River Garden Club Bursary

The Fall River Garden Club's mission is to promote the improvement of home and community flower and vegetable gardens, lawns, trees and landscaping through friendly sharing of information, work and education. During the year they run fund raising events in order to raise money to beautify the neighborhoods. Their main fundraiser is their annual plant sale followed by an area garden tour whereby members open their gardens for viewing to the general public. The monies raised at these events go towards supporting Santa's Express and giving a Bursary to a student at the Agriculture Campus studying horticulture. In addition, the gardens maintained in the surrounding areas are also funded from these events.

Eligibility: Available to a first year student in a Horticulture program at the Faculty of Agriculture in good academic standing, with preference given to students from the Fall River, Waverley, Wellington, Oakfield, Lakeview or Windsor Junction, Nova Scotia areas. Other residents of Nova Scotia will be considered. Applicants will have demonstrated financial need and well-developed career plans.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$250

Farm Credit Canada Scholarship

The Farm Credit Corporation is a crown corporation wholly owned by the Government of Canada. The Corporation's mission is to "provide the Canadian farmer with a reliable source of long term credit and personalized counselling services." Farm Credit Corporation strongly believes in the farm community and the education of youth. The Farm Credit Corporation Bursary is their way of demonstrating their commitment to the betterment of the young people in the community.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Applicants must be Canadian citizens who are Agricultural Economics or Agricultural Business majors. Selection criteria include academic performance, interest and competence in farm management and in the subjects associated with the economics of the farm business, interest and involvement in college and home community as demonstrated by participation in organizations and affairs, farm experience, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Farm Focus Scholarship

Farm Focus of Atlantic Canada is an agricultural newspaper that covers the Atlantic Provinces and their diverse food production. The publication contains information on the various sectors of the agricultural industry, including: regional, national, and international news; profiles on farms and farm families; 4-H; features on new innovations and technology; and editorials and opinions on issues of importance to the farming community.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture at Dalhousie. Selection is based on financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$200

Ena Fenton Memorial Scholarship

Ena Fenton was a founding member of the Bedford Horticultural Society in 1950. Ena was an enthusiastic and willing participant in every function of that group for 47 years. Mrs. Fenton had been a teacher prior to her marriage and had always been interested in the education of young people. After her death in 1977, the Society decided to name their scholarship in her honor. They feel certain that she would have been very pleased by their acknowledgment of her interest in the development of Horticulture and Landscaping in Nova Scotia.

Eligibility: Available to students studying Horticulture or Environmental Studies, entering the second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to those from Bedford, Sackville, and Waverley. In years when no student from Bedford, Sackville, or Waverley applies for the scholarship, consideration will be given to other students from the Halifax Regional Municipality (excluding those from Halifax and Dartmouth). Selection will be based on financial need, career plans, and academic performance.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$50

Dr. Gerry W. Friars Undergraduate Research Prize

Dr. Friars, a former NSAC Alumnus, was introduced to scientific research by an undergraduate research project. This was the beginning of a career in research in teaching. In recognition of the significance of this first research experience, Dr. Friars has provided a sum of money to endow an Undergraduate Research Award.

Eligibility: Awarded to a graduating undergraduate student from the Faculty of Agriculture who is judged to have completed the best written research report as part of the fourth-year project requirements.

Application Type: Automatic Consideration – No Application Required

Value: \$250

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying “good human conduct”. Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Bronze Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of technical programs.

Application Type: Automatic Consideration – No Application Required

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Kevin Grant Memorial Scholarships

In memory of Kevin Grant, Class of 1975 (Animal Science Technician diploma).

Eligibility: Available to students entering their final year in any two-year diploma program at the Faculty of Agriculture, with preference given to students enrolled on a full-time basis. Selection criteria include academic performance, leadership and contribution to campus life, career plans, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Bonnie R. Haviland Memorial Bursary

The Bonnie R. Haviland Memorial Bursary was created by Barb Whiston in memory of her mother's aunt Bonnie, in order to honor her memory. This bursary will provide a legacy to Bonnie Haviland and provide support and encouragement to the selected student.

Eligibility: Awarded to a student entering the second year of the Veterinary Technology program whose performance in the first year has demonstrated a caring attitude and a commitment to others. Applicants will have demonstrated financial need. Recipients must not have received other bursaries of greater value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Jennifer Hayes Starratt Scholarship

The Jennifer Hayes Starratt Scholarship was created by Jennifer's husband, Mark, as a Christmas gift. Jennifer Starratt attended the Agricultural campus and graduated in 1996 with a Bachelor of Science in Agriculture. According to her husband the Agricultural campus holds a very special place in Jennifer's heart and having a scholarship created in her name, is something very special to her. Due to the couple's success in their professional lives, they were able to create a legacy to give back to the communities that have helped enrich their lives.

Eligibility: Available to female students entering their final year of the Bachelor of Science (Agriculture) program, with preference given to students who have completed their first three years at the Faculty of Agriculture. Selection will be based on academic performance, leadership, and involvement in campus activities. The scholarship will not be awarded to a student receiving other significant scholarships.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,500

Anna Helvig Schousboe Memorial Scholarship

This scholarship was established with the Department of Agriculture, Fisheries and Aquaculture, Government of New Brunswick, in memory of Anna Helvig Schousboe. Anna and her husband Gustav emigrated from Denmark in 1928 and became lifelong Kings Co. NB farmers and also very active in their community. Always strong believers in the value of education, after her death in 1993 Gustav endowed this scholarship in her memory to assist New Brunswick youth in pursuing studies in the agricultural field.

Eligibility: Awarded to a resident from Kings County, New Brunswick, working towards a degree or diploma in agriculture at the Faculty of Agriculture. Applicants must be permanent residents of Kings County, New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

John Higgins Memorial Scholarship

John was a founding member of The Atlantic Association of Landscape Designers in 1992. He was instrumental to the development of Canada's first ever Certification Program for Landscape Designers, which was available to all designers in the Atlantic Region, and pre-empted the National Certification Program by several years.

John Higgins' dedication and enthusiasm for the Landscape Design Industry throughout his career was unfaltering, his contributions immeasurable. It is for these reasons that AALD decided to offer a Design Scholarship for students attending the AC, to be dedicated in his name. The Atlantic Association of Landscape Designers hope is that, in part through this scholarship, his legacy will live on.

Eligibility: Available to students entering third year of the Bachelor of Technology in Environmental Landscape Horticulture program in the Faculty of Agriculture.

Selection criteria include academic performance and skill and interest in landscape design.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Eileen Holden Scholarship

To provide financial support for an undergraduate student.

Eligibility: Awarded to an undergraduate student who has graduated from a high school in/near Lunenburg County, NS. Preference is given to students who graduated from Bridgewater Jr/Sr High School or Park View Education Centre.

Application Type: Automatic Consideration – No Application Required

Dr. Bill Jenkins Memorial Scholarship

Bills career began early and always had the same theme; to improve farm management and education. He held numerous positions with the Provincial Department of Agriculture, the Faculty of Agriculture at Dalhousie University, as well as Chairman of the Nova Scotia Farm Land Settlement Board. Bill retired as Principal of the former NSAC (now Dalhousie Faculty of Agriculture) in 1972 after witnessing growth in both the level and training for all sectors of the agricultural industry. He then joined the staffs of the Council of Maritime Premieres' Higher Education Commission, Services Overseas (CESO) in 1992. As a result of Bill Jenkins sincere commitment to his chosen career path, and his lifetime of contributions to both the AC and the Agricultural Industry, a scholarship has been created in his memory.

Eligibility: Available to students entering second or third year in any of the business degree programs in the Faculty of Agriculture. Selection criteria include overall academic performance, leadership, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Randy and Gladys Keddy Memorial Scholarship

The Randy & Gladys Keddy Memorial Bursary was established by their son, Stewart Keddy in memory of his parents to provide an on-going legacy that is meaningful for family members and friends. Stewart graduated from the Faculty of Agriculture in 1967, from McGill University in 1969, and from Dalhousie Dentistry in 1974, where he was recognized for excellence in endodontics and radiology. Stewart practiced as a dentist for 37 years. He served in the Dental Corps from 1974-1979 and was a founding partner of Purdy's Wharf Dental Group from 1985 until his retirement in 2011. He held memberships in the Nova Scotia Dental Association, Canadian Dental Association, and Academy of General Dentistry.

Eligibility: Available to students entering second year of a diploma program or the third year of a degree program in the Faculty of Agriculture, with preference given to students from the Annapolis Valley of Nova Scotia with farm backgrounds. Awarded to a student whose background, program of study, course and project work and summer employment show a genuine interest in working in the agricultural industry following graduation. Selection criteria include career goals, academic performance, and financial need. Students receiving other scholarships of greater value will not be eligible for this scholarship.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Ketchum Manufacturing Company Limited Prize

Zebulon Ketchum, an Ottawa, Canada based inventor and former professional lacrosse player turned his love of tinkering into a successful business. He owned a bicycle shop in downtown Ottawa and eventually grew and expanded that business into other products including becoming the first provider of the new "horseless carriage" in the nation's capital. However, it was his inventor's nature that led him to the genesis of the Ketchum business which was metal identification tags to be used in the livestock industry. The company has become the world's leading supplier of tags used to identify and trace the origins of wild caught and farmed seafood and they continue to be a metal stamping company as well and currently produce numerous metal products for various industries around the world. The business started on a rural farm outside of Ottawa and when it moved it found itself in the middle of the city. What started as a niche business serving the local agricultural community spread regionally, then nationally, and now competes in almost every market of the world.

Eligibility: The Ketchum Manufacturing Company Limited Prize is awarded to a graduate of the Animal Science option.

Application Type: Automatic Consideration – No Application Required

Kings Mutual Insurance Scholarships

In memory of Past Directors, the Kings Mutual Insurance Company awards scholarships to students in the Faculty of Agriculture. The Kings County Federation of Agriculture represents the interest of the agricultural community in Kings County and is an active voice for its 395 members with the Nova Scotia Federation of Agriculture, Council of Leaders and provincial and national governments.

Eligibility: Available to students in any technical or undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia.

Selection criteria include financial need, academic performance, and demonstrated interest in a career in the Agri-food industry as reflected by summer employment and/or extra-curricular involvement. This scholarship is not available to students receiving other scholarships of greater value. At least one scholarship will be awarded annually to a technical-level student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

P. Max Kuhn Scholarship

P. Max Kuhn grew up on a small farm in Lawrencetown, Halifax County. He lived from 1887 until 1928 and was the father to Bernard G. Kuhn. Max attended one year of the former NSAC General Course in 1908-1909. He was not able to return the next year because of need for him at home and shortage of funds, it was a great disappointment to him. That year was his only year of formal schooling; his home was so isolated that he was never able to attend grade school or high school, and his mother taught him at home. Max was a dedicated, hard-working farmer, and he made great use of his AC training. He bought his own Manor Hill Farm in 1918, located on Woodlawn Road (Portland Street) just outside what were then the town limits of Dartmouth. He market-gardened and ran a dairy there until his death. It was Bernard's wish to establish this scholarship to recognize his father, Max, give education opportunity to others beyond what his father had, and to "repay Nova Scotia, former NSAC and Canada in small part for the education and support that he received here" (Bernard G. Kuhn).

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture at Dalhousie, with preference given to students who have completed at least one year of study. Applicants must be permanent residents of Nova Scotia, with preference to students from the Halifax Regional Municipality. Awarded to a student with a farm background or those whose course and project work and summer employment demonstrates an interest in working in the agriculture industry after graduation. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Landscape Nova Scotia Award

Landscape Nova Scotia's mission is to promote high standards in product quality, professional service and conduct in the horticultural trades industry; and to encourage the use of Association members by the public. Landscape Nova Scotia has been a voice for the landscape and horticultural industry for more than 20 years in Nova Scotia, and are committed to providing consumers with options to make informed decisions.

Eligibility: Available to students in a landscape-related undergraduate program in the Faculty of Agriculture. Selection criteria include academic performance and

financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Langille Brothers Scholarship

Alan Langille graduated from the Nova Scotia Agricultural College in 1958 and went on to have a career as a plant physiologist and professor at the University of Maine. Alan makes this scholarship possible in memory of his two older brothers, both also NSAC Alumni. Bruce Langille (grad 1946) went on to work as a chemist for the Plant Products Lab in Ottawa. Jim Langille (grad 1947) went on to a career as an Agronomist for Nappan Experimental Farm.

Eligibility: Awarded to a third year BSc(Agr) student majoring in Plant Sciences. Preference will be given to students who have completed their first three years of study at the Faculty of Agriculture. Awarded based on academic excellence and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Raymond Loo Memorial Scholarship in Organic Agriculture

Raymond Loo was a certified organic farmer from Springfield, PEI where he operated Springwillow Farms. Ensuring there was room for wildlife on the farm and exploring ways to produce healthy food with the smallest environmental impact was very important to Raymond. Committed to promoting better farming practices in his community, he was a founding member of ACORN and board director for 6 years. Raymond also helped found and was the first president of the PEI Certified Organic Producers Cooperative. Raymond was dedicated to his province and the field of organic agriculture and was recognized greatly for his contributions.

Eligibility: Awarded to an undergraduate or technical student at the Faculty of Agriculture enrolled in at least one organic agriculture course offered on the Dalhousie Agricultural Campus.

Application Type: Faculty of Agriculture In-Course Award Application

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

C. C. MacDougall Memorial Scholarship

C.C. MacDougal was the first district agriculturist to work with the NB Department of Agriculture in Sussex. The C.C. MacDougall Memorial Scholarship was established in 1958 by a large group of agriculture groups.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture. Awarded to a student pursuing a degree or diploma in Agriculture. The recipient must have been a 4-H member from Kings County, New Brunswick, or have parents who raise or breed Guernseys anywhere in New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Danny MacEwen Memorial Scholarship

Danny was an example of what typifies a farmer – not afraid of hard work, willing to give everything he had even if the financial return wasn't always there, and proud of what he did for a living and never made an excuse for it. Danny was also very involved with the community and those who lived in it. He enjoyed not only showing off his many talents but also found great satisfaction in teaching others. Although he was not known for his patience, he strived hard to achieve the best at whatever he did. Danny will always be remembered for his passion for farming, and the agricultural world is a better place because of what he gave.

Eligibility: Awarded to a BSc(Agr) student majoring in Agricultural Business who has a background in agriculture or comes from a family farm. The recipient will be involved in the community and athletics, either at the Faculty of Agriculture or in the local area.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Dr. Allan and Barbara MacKay Scholarship

Born in Heathbell, Pictou County, Nova Scotia, Dr. Allan MacKay received his early agricultural experience on the Spruce Grove Farm that had the distinction of having one of the first purebred Guernsey herds in Canada. He was a member of the Scotsburn Junior Dairy Calf Club and represented his province in the National competitions for club members at the Royal Winter Fair in Toronto in 1941. Dr. MacKay received his primary education at Heathbell School and his secondary education at Pictou Academy. He graduated from former N.S.A.C. in 1943 and obtained his Doctor of Veterinary Medicine from the Ontario Veterinary College in 1951. That same year he established a veterinary practice in Pictou County and continued his work until his retirement in 1991. Dr. MacKay is honoured for his program of animal health care, for his philosophy of preventing disease problems before they occur and his dedication to farm families in the area he served.

Eligibility: Awarded to a student with strong academic performance from the Faculty of Agriculture who plans to study veterinary medicine at the Atlantic Veterinary College.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Angus and Tena MacLellan Memorial Scholarship

The Angus and Tena MacLellan Memorial Scholarship was established by both Tena and Angus' estate. Angus and Tena were avid farmers in Cloverville, Antigonish County.

Eligibility: Available to students entering third or fourth year of an undergraduate degree program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Paul R. MacPhail PEI Potato Industry Scholarship

The roots of the Prince Edward Island Potato Board can be traced as far back as 1920, when the first Potato Growers' Association was formed on Prince Edward Island. A true marketing board followed in 1950 and was restructured as a producer controlled board under the Natural Products Marketing Act in 1990. The PEI Potato Board

established this award in memory of Paul R. MacPhail.

Eligibility: Awarded to a PEI student studying at the technical or undergraduate level of an agricultural program. The recipient will demonstrate an interest in working in the potato industry through course work, research projects related to potato production and utilization (including all disciplines, e.g. pathology, biotechnology, entomology, etc). Awarded based on academic performance and the project's relevance to the improvement of the potato industry.

Joseph E. Mapplebeck Memorial Bursaries

In honour of Joseph E. Mapplebeck, who farmed for 50 years in Kings County, Nova Scotia, and in recognition of his appreciation for the importance of a good education, family members have established two bursaries.

Eligibility: Available to current second year technology students at the Faculty of Agriculture in good academic standing who demonstrate financial need. One of the two awards will be made available annually to a student in the Plant Science Technician program.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Maritime Dairy Industry Scholarship

Dairy Farmers of Canada created this award to support Maritime students interested in the dairy industry. Dairy Farmers of Canada (DFC) is the national policy, lobbying and promotional organization representing Canada's farmers living on 12,529 dairy farms. DFC strives to create stable conditions for the Canadian dairy industry, today and in the future. It works to maintain policies that foster the viability of Canadian dairy farmers and promote dairy products and their health benefits.

Eligibility: Awarded to a third year student from the Maritime provinces enrolled in any Faculty of Agriculture program who shows commitment to and interest in the dairy industry, and professional and academic promise.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$2,000

Bill Mathewson Memorial Award

Bill Mathewson grew up on a hill sheep farm in Sma Glen, Scotland. He graduated with a BSc (Agriculture) in 1949 and later (1974) a MSc. both from Aberdeen University. On graduation 1949, he joined H.M. Overseas Civil Service. After further training in Cambridge and Trinidad, he was posted to Tanganyika, Africa where he worked for 14 years. On retirement in 1965, he worked for three years with the N.F.U. of Scotland in Edinburgh before immigrating with his family to Nova Scotia in 1968. He taught for 20 years at the Faculty of Agriculture. Bill retired in 1988 and was honored by his colleagues by being made Professor Emeritus. Much loved by students, faculty and the agricultural industry, Bill will be greatly missed. It is with his memory in mind, that Bill's friends and colleagues at the AC launched an award in his name.

Eligibility: Available to any student registered in any program at the Faculty of Agriculture participating in an international experience. In applying for consideration, students will submit a proposal to participate in such activities as a study semester abroad toward their degree/diploma, attendance at a conference to make a presentation, a specialized training course or an internship or development project.

Application Type: Contact awards@dal.ca for more information

Value: \$1,000

Donald McInnes Award

Established in 1904, Pictou Mutual Insurance Company is the oldest mutual insurance company in Nova Scotia. Initially established by a group of farmers who sought to provide local protection for each other in the event of loss, their company has grown to include more than 3,500 local and rural policyholders. Donald McInnes was born in 1933 on the original McInnes farm on Scotch Hill Road. A graduate of Pictou Academy high school, he attended the AC, graduating in 1955. As a shareholder of Scotsburn Co-op, Donald served as Director for 22 years and Chairman of the Board for 15 years. For 35 years Donald was active in the Pictou County Farmers Mutual Fire Insurance Company. Donald served first as an agent, then as a director and manager of the company. Due to Donald's sincere involvement with both the community and Pictou Mutual Insurance Company, an award has been created in his name which is funded by Pictou Mutual Insurance.

Eligibility: Available to a student enrolled at the Faculty of Agriculture. Selection criteria include commitment to and involvement in the community and leadership provided in student activities, academic performance and financial need. A student may not be selected for this award more than once.

H. A. L. McLaughlin Memorial Scholarship

The H.A.L. McLaughlin Memorial Scholarship was established in memory of H.A.L. McLaughlin who taught horticultural at the Agricultural Campus from 1953 to 1971.

Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$100

Clint McLean Memorial Scholarship

The Clint McLean Memorial Scholarship was established by Clint's loving family, with contributions from his many friends and colleagues. Clint loved life and had many interests including entertaining, fine cooking, travel and music. To Clint family was everything; no amount of trouble, sacrifice, or inconvenience was too much. However, his heart was in agriculture. He lived and breathed agriculture, but dairy had a special corner in his heart. Not only did he talk the talk, he walked the walk.

Clint was a graduate of NSAC (Class of 1979) and Guelph University. He was also an active member of his alumni associations, serving as Vice President and President for the Agriculture College Alumni. Clint served on the Agricultural Institute of Canada Board of Directors and on numerous institute committees. He served as the chair of the Atlantic Forage Crops Advisory committee and represented the Atlantic Provinces at the National Expert Committee on Forage. Clint was a distinguished and valued member of the NB Department of Agriculture, taking a leading role in innumerable initiatives to support the true stewards of the land; the farmers of Atlantic Canada. His career was that of a scientist with a human touch.

Eligibility: Awarded to a third or fourth year BSc(Agr) student, with a preference to a student from New Brunswick and a preference to a student involved in the study of dairy. Recipients will have strong academic standing and demonstrate financial need.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Karen Meek Memorial Scholarship

Karen was born March 28, 1962 and grew up on the family farm in Canning, Nova Scotia. She attended local schools and graduated from Cornwallis District High School in 1980. Karen was an avid participant in school sports, 4H, horseback riding, ringette, her motorbike, and living life to its fullest. Following in her father's footsteps (Eric Meek – class of 1954) she attended and graduated from former NSAC in 1982 with a Diploma in Ag Business. Karen participated in many campus activities but the Woodsmen Team was always her favorite. She developed many close friendships in her years in Truro. The Karen Meek Memorial Scholarship was established so that Karen's memory could live on.

Eligibility: Available to current students in the Bachelor of Science (Agriculture) Environmental Sciences program. Selection criteria include academic performance, financial need and contribution to campus life. This scholarship is not available to students receiving other awards over \$1,000.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

John Reginald (Reg) Moore Memorial Scholarships

Reg Moore was born in Economy Nova Scotia on August 25, 1917; the fifth of six children. He was educated in Economy and Bass River graduating in 1935. Reg then enrolled in Normal (Teachers) College in Truro. He taught in various locations in Nova Scotia until called up for service in the Royal Canadian Air Force in 1940. Reg served as a staff pilot and as a Coastal Command pilot in Canada and the United Kingdom. Returning to Canada in 1945 Reg enrolled in the Nova Scotia Agricultural College (now the Faculty of Agriculture, Dalhousie University). He graduated from the former NSAC in 1947. Reg spent his entire post war career at the FCC. First as a Credit Advisor, then as Branch Manager for Nova Scotia. In 1960 he was transferred to Saint John, New Brunswick as Executive Assistant to the Regional Manager Atlantic. By 1962 Reg had tired of doing office work and transfers (four in three years) so requested a transfer to field duties where he would have day to day contact with farmers. He was assigned to the Sussex, NB Office where he completed his career, retiring in 1981.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in a full-time capacity. Applicants must be permanent residents of Colchester County, Nova Scotia and will have completed at least one year of study. Selection will be based on financial need and a cumulative average of at least 3.00.

Value: \$600

A. C. Neish Memorial Trust Scholarship

Dr. Neish (1916-1973) was an undergraduate at the former Nova Scotia Agricultural College in Truro. This is where he had his first contact with science and where he had won the Governor General's Medal and a Macdonald College (Quebec) Scholarship. His work on fermentation, bacterial and plant metabolism and the biosynthesis of plant polysaccharides and lignins received international acclaim. He was a Fellow of the Chemical Institute of Canada, of the Royal Society of Canada, and the Royal Society of London. Dr. Neish was the first person to be awarded the Gold Medal of the Canadian Society of Plant Physiologists, and was awarded an honorary doctorate by Mount Allison University and an honorary Doctor of Science degree by McGill University. The A.C. Neish Memorial Trust Scholarship was established by friends,

admirers, and colleagues of the late Arthur Charles Neish.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Selection criteria include high academic performance and qualities of leadership as indicated by participation and achievement in both academic and non-academic activities.

Nova Scotia Institute of Agrologists Scholarships

Founded in 1953, the Nova Scotia Institute of Agrologists is the provincial organization authorized under the Agrologists Act to govern the professional conduct of its members, in support of the public interest. Persons who hold themselves out to be a professional agrologist must be registered with NSIA under the Act.

Eligibility: One will be awarded to a student entering their third year of the BSc(Agr) program and the second, recognizing the current anniversary of NSIA, to a student entering their second, third or fourth year of the BSc(Agr) program. Students must be from Nova Scotia and will be selected based on academic performance, participation in school and community activities, degree of interest in agrology, career plans in the Agri-food industry, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Value: 2 @ \$1,000

Nova Scotia Mink Breeders Association Award

Dr. Bruce Hunter passed away on October 19th, 2011 at the age of 61. He was a leading veterinarian in the fields of avian and furbearer disease, and an integral part of the Canadian mink industry, serving as director of research for the Canada Mink Breeders Association. He was a longtime champion of integrating animal, human and environmental health at OVC and around the world. He played a key role in setting up a Canadian Community Practice in EcoHealth (CoPEH) and a graduate-level course in ecosystem approaches to health involving U of Gm the University of British Columbia and Université du Québec à Montréal. Recently, he was co-leader of a poultry project in Ghana for Veterinarians Without Borders/Vétérinaires Sans Frontières-Canada. This year, he received the Aeroplan Volunteer of the Year Award from VWB/VSF in recognition of his work and commitment. The Nova Scotia Mink Breeders Association established this scholarship in memory of Dr. Bruce Hunter, a retired veterinarian from Ontario Veterinary College and recognized expert on naturally occurring diseases in mink. This scholarship will recognize students who have an interest in mink.

Eligibility: Available to current students in any Animal Science-related undergraduate program in the Faculty of Agriculture, with preference given to a student whose course/project work demonstrates an interest in the mink industry.

Donald Palfrey Award

The Don Palfrey Award was established in memory of Don Palfrey in recognition of his many years of service and contributions to weed science in Nova Scotia. Don was born in Fort Fairfield, Maine. He received his formal education in Pictou County and he graduated from the AC in Truro, Nova Scotia and from McGill University in Montreal, Quebec with a Bachelor of Science in Plant Pathology. He worked for the N.S. Department of Agriculture in Marketing for 37 years, retiring as Supervisor of Weed Science, where he was a key player and helping in pioneering work in extension and research in weed control in Nova Scotia. Don also taught at the AC for 18 years, teaching courses in Weed Control and Plant Pathology. He was a distinguished life member of the N.S. Institute of Agrologists and the first honorary life member of the Atlantic Vegetation Management Association. As a result of Don Palfrey's sincere commitment to the Department of Agriculture and his field of interest, an award has been created to honor his memory and legacy.

Eligibility: Awarded to a final year undergraduate student carrying out a research project in the area of pest management, with preference to a student involved in weed science, either through academic work or summer employment.

Passionate Plants Person Award

In 1976, with two passionate plants men – the late Don Craig and the late Captain Richard Steele – as founding members, they began as RSCAR, the Rhododendron Society of Canada Atlantic Region. They were one of three regions, the other two being Niagara and Toronto. When Niagara and Toronto decided to join the American Rhododendron Society in the 1980s and RSC ceased being its own organization, the three regions – Atlantic, Niagara, and Toronto – became the 3 chapters in District 12 of the ARS. In 2003, they formed the Atlantic Rhododendron & Horticulture Society, to reflect the diversity of plant interests among local gardeners and plants people, while maintaining a central interest in rhododendrons and other ericaceous plants. They are a non-profit society registered in Nova Scotia.

Eligibility: Available to students entering second year of the Environmental Horticulture diploma program in the Faculty of Agriculture who are permanent residents of Nova Scotia. Preference is given to students whose passion for plants is infectious and will most impact the way we regard and understand plants in both public and private environments. The student should also demonstrate leadership abilities and financial need.

Stuart Rath Junior A Bearcat Hockey Education Award Fund

The Stuart Rath Truro Bearcat Education Awards have been established to encourage the pursuit of university education among players with the Truro Junior A Bearcat Hockey Team ("The Bearcats") by providing tuition support for players enrolled at Dalhousie University. Stuart Rath, a very involved community member of Colchester County and surrounding area, established The Bearcat Hockey Education Award. Some of Stuarts endeavors are as follows: he serves as the Vice President of Truro Centre Ltd, and the President of Stuco Holdings Ltd. From 1985-1995 Stuart served as the President of Halifax Cablevision Ltd, from 1976-1985 he served as the President and General Manager of Eastern Cablevision, and from 1960-1975 he was the Chairman of the Truro Industrial Society. A few of Stuarts other accomplishments are being Director of Nova Scotia Business Inc. since March 2007, Director of Morien Resources Corp since December 1997, as well as serving as Director of Stuco Holdings Ltd. and Director of Erdene Resource Development Corporation since June 2006 until November 2012.

Eligibility: Available to entering or current technical and undergraduate students at the Faculty of Agriculture. Selection is based on academic performance and the recommendation of the team coaches.

Application Type: Automatic Consideration – No Application Required

Cliff and Grace Retson Memorial Scholarship

The Grace and Cliff Retson Memorial Bursary was first created by Grace in memory of her husband, Cliff Retson who graduated from the AC in 1934. Cliff passed away in 1997. Grace was born in Waskada, Manitoba and grew up in Kerrobert, Saskatchewan. She attended secretarial school in Saskatoon and after retiring, she received her Bachelor of Arts from St. Mary's University. Grace met Cliff, her husband of 56 years, while she was working at the Senate in Ottawa. They married on July 26, 1941 and moved to Truro in 1947. The Retson's (Grace & Cliff) hosted several international students studying at the Faculty of Agriculture over the years. It is for this reason and to ensure ongoing support of the educational interests of International students studying at Dal-AC, that Grace created the scholarship.

Eligibility: Available to international students in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, academic performance, and interest in and involvement in multi-cultural activities on campus.

Ira L. Rhodenizer Memorial Scholarship

Ira Rhodenizer was born in 1890 in Parkdale, Lunenburg County, Nova Scotia and lived there for the majority of his life. He served in the Canadian Army from 1914 to 1919 and was wounded overseas during World War I. He later became a farmer, storekeeper, and lumberman in Parkdale, NS. He was greatly interested in community life and was associated with farmer's organizations for many years. He was married and had seven children. He was a member of the Baptist Church, the I.O.O.F. and Masons. Ira was active in Nova Scotia Guides and Fish and Game Associations, had been a municipal counsellor and President of the Lunenburg Centre Liberal Association. He was a Director of the Nova Scotia Federation of Agriculture and was killed in a car accident on the way to a meeting of this organization in August 1958. The Ira L. Rhodenizer Memorial Scholarship was provided by the Federation as a memorial for his dedication and contributions through the years.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia. Selection criteria include academic performance, involvement in student affairs, and participation in the 4-H program.

Value: \$500

Dr. Robert G. Rix Family Farm Scholarship

Robert (Bob) Rix was born in Halifax on July 29th, 1948. Robert graduated from Dalhousie University Dental School in 1974. He practiced in Musquodoboit Harbour, Tatamagouche, and Winsloe, PEI, prior to opening his own dental practice in Bible Hill. He took great interest in his profession and knew the family trees of most of his patients and will be fondly remembered by everyone for his excellent dentistry, story-telling, knowledge of American History, love of gardening, tinkering with mechanical items, love of nature and his family. Robert had originally established the "Robert G. Rix Family Farm Bursary" in 1985. Although not having a farm background himself, he shared his beliefs that everyone's roots are in the land and he felt his way to contribute to the importance of agriculture to our society was through this small bursary each year. A couple years ago, the award became known as the "Dr. Robert G. Rix Scholarship" to allow support to a student where the need was greatest. After Robert's passing, one of the faculty provided funds to continue the bursary in Robert's name. Since then, Robert's family has graciously supported the scholarship to allow his legacy and memory to live on.

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who has shown determination and dedication to operating a family farm. Recipients will have demonstrated financial need.

Howard W. Roper Memorial Award

The Howard W. Roper Memorial Bursary: Presented by the Nova Scotia/Newfoundland Holstein Branch was established in memory of Howard Roper. Howard was born in Charlottetown, PEI and later moved to Princeport with his father in 1926 to manage the Beech Hill Farm and Dairy. Howard and his father purchased the farm in 1932 and operated the farm with purebred Guernsey's until 1952. Following the sale of the farm, he was employed by the Nova Scotia Animal Breeders Co-operative as Manager of Sales and Promotions. Howard was well-known throughout Canada, especially in Atlantic Canada for his work in the dairy industry and his love of dairy cattle, particularly Holsteins and Guernsey's. He was inducted into Atlantic Agricultural Hall of Fame in 1980, an institution in which he was instrumental in founding. The Canadian Association of Animal Breeders honored Howard in 1992 with the Award of Merit for outstanding contribution to the Dairy Cattle Industry. He was also made a lifetime member of the Canadian Guernsey Breeder Association. Those who knew Howard best will remember him for his honesty, integrity, love of people and his great eye for cattle.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture, with preference given to second year students in the Diploma in Business Management - Dairy Farming program. Applicants must be either be permanent residents of Nova Scotia or Newfoundland and Labrador. Applicants must be members of Holstein Canada, or, a member of a family with Holstein Canada membership. Selection criteria include involvement in the dairy industry, extra-curricular involvement through athletics and clubs on campus, involvement in farm organizations, financial need and satisfactory academic performance.

Jack Sibley Agriculture Bursary

This award was established by the John & Judy Bragg Foundation to honour John D (Jack) Sibley. Jack was born in 1937 at Meaghers Grant in Nova Scotia's Musquodoboit Valley and graduated from Musquodoboit Rural High School in 1954. After receiving a BA from Mount Allison University in 1957 he attended the Nova Scotia Agricultural College and is an alumnus of the Class of 1959. He began his working career as a teacher and then moved on to work for several years as a

field manager for McCain Foods. In 1965 he returned to Nova Scotia and spent the next 29 years as a wild blueberry extension specialist with the Department of Agriculture and Marketing. In 1994 he retired from this position and in 1997 began work with WBANA Canada in wild blueberry promotion, retiring in 2011 after a total of 44 years of service to the wild blueberry industry. Jack had a number of part-time careers which included operating his own wild blueberry acreage, working as a musician and MC, and teaching old-time fiddling to children from the Truro area.

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Sport Leadership Award

The Sport Leadership Award recognizes a high school varsity athlete enrolling full time in a program of study and planning on participating in a sport at the varsity level at the Faculty of Agriculture.

Eligibility: Available to entering technical or undergraduate students at the Faculty of Agriculture with an admissions average of at least 75%. Recipients of other major entrance scholarships are not eligible. Selection criteria include financial need, sport skills and leadership.

Application Type: Automatic Consideration – No Application Required

Phillip Stead Memorial Leadership Award

Phillip Stead graduated from the former Nova Scotia Agricultural College in 1965 with a degree certificate. He left Nova Scotia to complete his BSc. in Animal Science at McGill University and returned in 1967 to begin what was to be a long and successful career with the Nova Scotia Department of Agriculture, working as a sheep specialist with the Animal Industry Branch. In 1972 Phil continued his education by completing a MSc. in Agriculture and Nutrition at Virginia Polytechnic Institute and State University. For his passion for community involvement and his long standing contributions to Agriculture, a memorial award has been created in his name.

Eligibility: An award will be presented annually to a student who has exhibited outstanding leadership at the Faculty of Agriculture and/or within the community. Nominations for the award will be received by a committee representing the Student Leadership program at the Faculty of Agriculture and a member of the sponsoring body for the award (Nova Scotia/Newfoundland Holstein Branch). The committee will select an awardee from those nominated who best represents the leadership qualities and performance in the past year or number of years that would be a model for others. Selection criteria may also include academic performance, financial need, and the other awards that have been granted to the nominee.

Application Type: Contact the Faculty for more information

Captain R. M. Steele Memorial Fellowship

Captain Richard Steele was a founding member of the Atlantic Chapter of the Rhododendron Society of Canada (RSCAR) and supported the creation of the Atlantic Rhododendron & Horticultural Society. He faithfully attended, and contributed to, meetings and programs. A mentor and friend to many, and with an international network of plants people, he was a major influence on horticulture, locally and further afield. RSCAR members in the early days established the tradition of the annual Steele Lecture, the objective being to bring a top-ranking plants person to Nova Scotia as a guest speaker. Captain Steele died March 14th 2010.

Eligibility: Awarded to a final year undergraduate student in the Faculty of Agriculture who intends to pursue plant-related studies at the graduate level.

Catherine and Alexander Sutherland Bursary

This bursary was established in memory of Victor Sutherland's parents, Catherine and Alexander Sutherland. Born in the 1890s in the area of Earltown, Nova Scotia, Catherine and Alexander operated the Earltown General Store. Over a century later, this store still operates, under other ownership. Alexander also operated a saw mill, while Catherine managed the books and ran the store. In 1939 the family moved to Truro and operated a second store in Bible Hill, near the Nova Scotia Agricultural College. Alexander died in 1943, and Catherine continued to raise their three children. Catherine died in 1972, having lived a very full and satisfying life. Victor Sutherland is an alumnus of the Nova Scotia Agricultural College, Class of 1954. After completing his diploma at the NSAC, now the Dalhousie University Faculty of Agriculture, Victor completed a degree in geology at Acadia University. He spent his career working in the oil and gas industry, including forming his own company, Northrock Resources, in 1986.

Eligibility: Awarded to a full-time Faculty of Agriculture technical or undergraduate student who demonstrates financial need. Preference is given to students who have attended high school in Truro, and then to students who attended high school in Colchester County.

Application Type: Faculty of Agriculture In-Course Award Application

William D. Swetnam Memorial Award

Raised in Port Mouton and Liverpool, NS, William (Bill) Swetnam, graduated from the former Nova Scotia Agricultural College in 1956. Bill discovered what he was destined to do when he purchased a farm in Sheffield Mills, NS in 1958. Throughout his career, Bill dedicated countless hours to many boards. As a founder of the Nova Scotia Turkey Marketing Board he also spent time on the County South and East Livestock Health Services Board, the NS Crop and Livestock Insurance Commission, Canadian Livestock Feed Board Advisors Committee, as well as Nova Scotia Farm Loan Board. Bill also served as president of the Kings County Federation of Agriculture and became a member of the Council of Leaders with the Federation. Bill's dedication to his community has not gone unnoticed. In 2002 he was honored by the Queen with the Golden Jubilee Medal. Bill has truly distinguished himself in his area of expertise, bringing honour to the former NSAC and the Alumni Association. It is for this reason, an award has been created in his memory.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program who have displayed leadership qualities during their program. Applicants must be permanent residents of one of the Atlantic provinces.

Syngenta Canada Inc. Awards

Syngenta is one of the world's leading companies with more than 28,000 employees in some 90 countries dedicated to their purpose: Bringing plant potential to life.

Syngenta's mission is to make a difference for smallholders in developing countries. By helping them become more professional growers, they want to achieve added value for rural communities. One way they do that is through technical innovation. Equally important is access to markets, enabling smallholders both to buy inputs and sell their produce. These and other factors are all essential for sustainability successful agriculture.

Eligibility: Available to a technical or undergraduate student in any program in the Faculty of Agriculture. Awarded to students whose course and project work reflect an interest in the Maritime potato industry. Applicants will be required to submit a 300-500 word essay expressing opinion on a topic relating to the crop protection industry. Selection criteria include academic performance, and potato farm experience or background.

Bruce Trenholm/Atlantic '86 Scholarship

Bruce was born on the family farm in Grand Pre, Kings County, he graduated from the former Nova Scotia Agricultural College and MacDonald College, receiving his Bachelor of Science Degree in Animal Husbandry in 1947. Upon graduating from McDonald College he served as the Agricultural Representative in Yarmouth and then taught Animal Husbandry at the former Nova Scotia Agricultural College for three years. In 1952 he took over the family farm going on to establish the well-known Brulo herd. Bruce's contributions to agriculture have been many and varied and are worthy of recognition in the Atlantic Agricultural Hall of Fame. He had a lifelong interest in Holstein cattle and was Master Breeder and Past President of Holstein Canada. In 1986, the year of Bruce's death, he coordinated Atlantic '86 – the Annual National Convention of Holstein Canada. This scholarship was established in his name as an on-going memorial.

Eligibility: Available to students entering their final year in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces, have a Holstein farm or 4-H (Holstein calf project) background. Selection criteria include academic performance and career goals.

Florence (Pineo) Ward Memorial Award

The Florence (Pineo) Ward Memorial Award was established by James Pineo in memory of his late sister, Florence. James wanted to leave a legacy behind for his sister, and help support the academic efforts of agricultural students, such as his niece Lisa (Orlando) Gowan, a BSc(Agr) Agricultural Chemistry graduate.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture. Preference will be given to students from Boutilier's Point, Halifax County, and Advocate, Cumberland County. Awarded to students in financial need. Preference will be given to students with sound academic background who have come to the Faculty of Agriculture for technical training to enhance their employability but financial constraints are limiting their ability to continue their studies.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Raymond Webber Memorial Scholarship

Ray was born and raised in Halifax, Nova Scotia. Upon completion of High School, Ray took a business course and worked in an office for the next five years. This soon became boring so Ray entered the "Nova Scotia Agricultural College" (now known as the Faculty of Agriculture) in Truro in 1928. After completing his studies at Truro, he attended MacDonald University in Montreal where in 1931 he received a Bachelor of Science Degree in Agriculture. After graduation, Ray went to work for Canada Agriculture in the Plant Protection Branch in Halifax in an administrative capacity. Due to Ray's sincere dedication and commitment to Landscape Atlantic, a memorial scholarship has been established in his name to ensure his legacy lives on long into the future.

Eligibility: Available to students entering second year of the Diploma in Technology (Managed Landscapes) program at the Faculty of Agriculture. Selection criteria include academic performance and practical skills.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$800

Michael Whidden Memorial Award

Awarded to a student who has provided leadership on the Faculty of Agriculture's Woodsmen Team, and has maintained a sound academic performance.

Eligibility: Available to current technical and undergraduate students at the Faculty of Agriculture.

Wild Blueberry Producers Association of Nova Scotia Scholarship

The Blueberry Producers Association of Nova Scotia is a grower organization with approximately 1000 members from around the province. The Association promotes the production and consumption of wild blueberries. It constantly strives to keep growers informed of the newest technology available for both growing and harvesting. As well, it helps provide the producers with an adequate return to management, labour and capital.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program with Plant Science majors. Preference given to someone with interest and experience in small fruit. Selection will be based on academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Eric Williams Memorial Scholarships

Born in 1938 Eric P. Williams started farming in 1959 with nine cows and twenty acres. Today the Williams' family own and operate a two hundred head Holstein dairy farm in the Goulds and employ a nephew and one other worker. Eric worked hard to introduce supply management for milk producers in Newfoundland. In 1983 he was appointed the first chair of the Newfoundland Milk Marketing Board now known as the Dairy Farmers of Newfoundland and Labrador. During his lifetime he fought to improve the cost of production formula for milk producers in the province. Eric was also nominated by the Dairy Farmers of Newfoundland and Labrador in recognition of his tremendous contributions to agriculture, to become an inductee into the Atlantic Agricultural Hall of Fame. It is for the same reasons that the Dairy Farmers of Newfoundland and Labrador have established a scholarship in his memory for his dedication and commitment to agriculture.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program in the Faculty of Agriculture.

Applicants must be permanent residents of Newfoundland and Labrador. Selection will be based on academic performance. Typically one award is given to a technical student and the other to an degree-seeking student.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Zhuhui Ye Memorial Award

This fund was established by classmates of Zhuhui Ye (Kevin) to honour his memory. Kevin attended the former Nova Scotia Agricultural College as part of the FAFU 2+2 program, earning his BSc(Agr) in Aquaculture in 2012. Kevin continued his studies with the Dalhousie MSc. program. On September 8, 2012, Kevin lost his life in a drowning accident at Dollar Lake Provincial Park. Kevin is well remembered as an intelligent, popular, and outgoing man whose generosity touched the lives of many friends. The intent of the Zhuhui Ye Memorial Award is to further the understanding of culture and relationship between Chinese and Canadian students by supporting the FAFU/DAC 2+2 program.

Eligibility: Award to a Chinese student in the FAFU 2+2 program or another student demonstrating a commitment to and involvement with the FAFU 2+2 program at the Faculty of Agriculture, in addition to academic performance and financial need.

Class of 1950 Award Fund

The Class of '50 Award was first established in 2000 at the Class of 1950, 50th anniversary weekend celebration. President, Don Young and Vice-President, Jack Johnson spearheaded the campaign to get their classmates involved in their commitment to help future AC students. The group recognizes the difficulty that young students face to finance their post-secondary education, as they too faced similar challenges. After a great deal of preparatory work from Don, Jack and Cliff McIsaac, a proposal was created for the Class of '50 Award fund of to assist deserving students to "stick with it." The group of classmates have made and continue to make significant contributions to the campus and students.

Eligibility: Available to current students in financial need in any technical or undergraduate program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Class of 1960 Memorial Bursary

In recognition of their 50th reunion, classmates established the Class of 1960 Memorial Bursary. Classmates contributed generously to this fund, with the intention of supporting an AC student. Their wish is to honour their deceased classmates who contributed to this fund, and who valued the experience and education they received at the Nova Scotia Agricultural College.

Eligibility: Awarded to a full-time technical or undergraduate student enrolled in any program at the Faculty of Agriculture who has demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Charles M. Collins Memorial Scholarship

The scholarship is in memory of Charles McKittrick Collins who spent the years 1936-1962 working in various positions in the agricultural industry in Nova Scotia, including teaching at Dalhousie's Agricultural Campus for twenty-five years. Collins Horticultural Building on the Dal-AC campus is named in his honour as well.

Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in the Bachelor of Technology program in Environmental Landscape Horticulture who have not qualified for other significant awards.

Value: \$1,200

George and Lottie Cook Memorial Scholarship

Lottie Cook first developed her passion for agriculture on her family farm on Cape Breton Island. Lottie's parents were pioneers in the agricultural industry, and her

father a renowned farmer. At a young age Lottie became involved in 4-H where she achieved some of the club's top honours. She later graduated from the former Nova Scotia Agricultural College and worked as an assistant agricultural representative to J.C.F MacDonnell for many years. In 1943 Lottie married George Cook and the pair later opened a chick hatchery in Truro and became one of the foremost producers of high quality chicks in the Maritime Provinces. After the passing of her husband in 1954, Lottie continued to operate the family business. Due to Lottie's involvement in the agricultural industry and former NSAC community from both herself and family business, a scholarship has been created in her and her husband's name.

Eligibility: Available to students from Nova Scotia in the first or second year of a technical or undergraduate program at the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: 2 @ \$300

K. de Geus Memorial Prize for Plant Science

The K de Geus Memorial Prize was created in memory of Klaus de Geus. Klaus, met his wife, Christina "Tina" de Geus, in DeBeemster, The Netherlands. Klaus and Tina immigrated to Canada in 1957 with their three children, Gram, Louise, and Tineke. When they arrived in Canada, they decided to settle in Nova Scotia where they made a new life for their family, including setting up and running a successful flower shop and landscaping business in Bridgetown. Tina took great pleasure in her work as a floral designer. Over the years, she gave many demonstrations on all aspects of floral designing. This led to a career in teaching floral design in the continuing education department of the former Nova Scotia Agricultural College.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture, based on high standing in course work, with preference to students in the Horticultural field.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

CA Douglas Bursary

The CA Douglas Bursary was originally established in 1984 in recognition of the impact of Charles Allan Douglas on the Agriculture industry in Nova Scotia. Charles held positions at Scotsburn Creamery, Avon Valley Greenhouse Farm and had a 35 year career with the Department of Agriculture and Marketing. Charles had a unique ability to inspire leadership and confidence in those around him, as he was very conscious of the importance of the individual. He devoted untiring energy to supporting

rural youth and community development. As a result of his dedication and commitment to new technology, and his leadership and desire to relate to the individual Charles was inducted into the Atlantic Agricultural Hall of Fame in 1979 and honored with a bursary in his memory.
Eligibility: Awarded to a BSc(Agr) student enrolled full-time in the third or fourth year of study who has demonstrated financial need. Preference is given to students majoring in Animal Science.
Application Type: Faculty of Agriculture In-Course Award Application

Ernest L. Eaton Memorial Scholarship

Throughout Mr. Eaton's lifetime he maintained a keen interest in scientific agriculture, and the education and development of the interested young people. He personally established the Ernest L. Eaton Scholarships, and made provision for them to continue in perpetuity. Although none of his children are directly active in farming, they all are interested in, and support, the fine work being done at present at the Agricultural Campus. The hope for the recipient of the Ernest L. Eaton Scholarship is to encourage the pursuit of excellence in both academic and scientific activities.

Eligibility: Available to students entering third year of the Bachelor of Science (Agriculture) program based on performance in second year. Recipient cannot have received another scholarship of higher value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Egg Farmers of Newfoundland and Labrador Scholarship

The Egg Farmers of Newfoundland and Labrador (formerly the Egg Producers of Newfoundland and Labrador) is a commodity board governing the production of eggs.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program. Applicants must be permanent residents of Newfoundland and Labrador.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Noel Enman Memorial Award

To honor the memory of Noel Enman, a former Agricultural Campus Animal Science Technician-Agricultural Technology student, 1979-1982, the Alumni Association has established a fund for the Noel Enman Memorial Award.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture whose personality and fellowship have contributed to student life and activities, thereby gaining the respect of the students and faculty.

Application Type: Automatic Consideration – No Application Required

Faculty of Agriculture Mature Student Bursary

At the Faculty of Agriculture, the student body demographics have shifted dramatically over the past generation. We have increasingly more students transfer from other institutions or begin studies as a visiting or mature student. The 2012 Annual Appeal for the Faculty of Agriculture focused on raising funds for an endowment that would benefit mature students. In addition, alumnus Charles MacQuarrie directed that his planned gift benefit Faculty of Agriculture mature students.

Eligibility: Students enrolled at the Faculty of Agriculture in full-time studies who demonstrate financial need and are mature students (as defined by the Registrar's Office).

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$1,000

Fall River Garden Club Bursary

The Fall River Garden Club's mission is to promote the improvement of home and community flower and vegetable gardens, lawns, trees and landscaping through friendly sharing of information, work and education. During the year they run fund raising events in order to raise money to beautify the neighborhoods. Their main fundraiser is their annual plant sale followed by an area garden tour whereby members open their gardens for viewing to the general public. The monies raised at these events go towards supporting Santa's Express and giving a Bursary to a student at the Agriculture Campus studying horticulture. In addition, the gardens maintained in the surrounding areas are also funded from these events.

Eligibility: Available to a first year student in a Horticulture program at the Faculty of Agriculture in good academic standing, with preference given to students from the Fall River, Waverley, Wellington, Oakfield, Lakeview or Windsor Junction, Nova Scotia areas. Other residents of Nova Scotia will be considered. Applicants will have demonstrated financial need and well-developed career plans.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Farm Credit Canada Scholarship

The Farm Credit Corporation is a crown corporation wholly owned by the Government of Canada. The Corporation's mission is to "provide the Canadian farmer with a reliable source of long term credit and personalized counselling services." Farm Credit Corporation strongly believes in the farm community and the education of youth. The Farm Credit Corporation Bursary is their way of demonstrating their commitment to the betterment of the young people in the community.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Applicants must be Canadian citizens who are Agricultural Economics or Agricultural Business majors. Selection criteria include academic performance, interest and competence in farm management and in the subjects associated with the economics of the farm business, interest and involvement in college and home community as demonstrated by participation in organizations and affairs, farm experience, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Farm Focus Scholarship

Farm Focus of Atlantic Canada is an agricultural newspaper that covers the Atlantic Provinces and their diverse food production. The publication contains information on the various sectors of the agricultural industry, including: regional, national, and international news; profiles on farms and farm families; 4-H; features on new innovations and technology; and editorials and opinions on issues of importance to the farming community.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture at Dalhousie. Selection is based on financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$200

Ena Fenton Memorial Scholarship

Ena Fenton was a founding member of the Bedford Horticultural Society in 1950. Ena was an enthusiastic and willing participant in every function of that group for 47 years. Mrs. Fenton had been a teacher prior to her marriage and had always been interested in the education of young people. After her death in 1977, the Society decided to name their scholarship in her honor. They feel certain that she would have been very pleased by their acknowledgment of her interest in the development of Horticulture and Landscaping in Nova Scotia.

Eligibility: Available to students studying Horticulture or Environmental Studies, entering the second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to those from Bedford, Sackville, and Waverley. In years when no student from Bedford, Sackville, or Waverley applies for the scholarship, consideration will be given to other students from the Halifax Regional Municipality (excluding those from Halifax and Dartmouth). Selection will be based on financial need, career plans, and academic performance.

Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$50

Dr. Gerry W. Friars Undergraduate Research Prize

Dr. Friars, a former NSAC Alumnus, was introduced to scientific research by an undergraduate research project. This was the beginning of a career in research in teaching. In recognition of the significance of this first research experience, Dr. Friars has provided a sum of money to endow an Undergraduate Research Award.

Eligibility: Awarded to a graduating undergraduate student from the Faculty of Agriculture who is judged to have completed the best written research report as part of the fourth-year project requirements.

Application Type: Automatic Consideration – No Application Required
Value: \$250

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying “good human conduct”. Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information
Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Bronze Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of technical programs.

Chuck Harrison Memorial Scholarship

The Chuck Harrison Memorial Scholarship was created in memory of Chuck Harrison who attended the Agricultural Campus and graduated in 1970.

Eligibility: Available to students entering their final year of the Diploma in Business Management program. Selection criteria include leadership, involvement in athletic and other activities, and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$200

Jennifer Hayes Starratt Scholarship

The Jennifer Hayes Starratt Scholarship was created by Jennifer's husband, Mark, as a Christmas gift. Jennifer Starratt attended the Agricultural campus and graduated in 1996 with a Bachelor of Science in Agriculture. According to her husband the Agricultural campus holds a very special place in Jennifer's heart and having a scholarship created in her name, is something very special to her. Due to the couple's success in their professional lives, they were able to create a legacy to give back to the communities that have helped enrich their lives.

Eligibility: Available to female students entering their final year of the Bachelor of Science (Agriculture) program, with preference given to students who have completed their first three years at the Faculty of Agriculture. Selection will be based on academic performance, leadership, and involvement in campus activities. The scholarship will not be awarded to a student receiving other significant scholarships.

Value: \$1,500

Anna Helvig Schousboe Memorial Scholarship

This scholarship was established with the Department of Agriculture, Fisheries and Aquaculture, Government of New Brunswick, in memory of Anna Helvig Schousboe. Anna and her husband Gustav emigrated from Denmark in 1928 and became lifelong Kings Co. NB farmers and also very active in their community. Always strong believers in the value of education, after her death in 1993 Gustav endowed this scholarship in her memory to assist New Brunswick youth in pursuing studies in the agricultural field.

Eligibility: Awarded to a resident from Kings County, New Brunswick, working towards a degree or diploma in agriculture at the Faculty of Agriculture. Applicants must be permanent residents of Kings County, New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

John Higgins Memorial Scholarship

John was a founding member of The Atlantic Association of Landscape Designers in 1992. He was instrumental to the development of Canada's first ever Certification Program for Landscape Designers, which was available to all designers in the Atlantic Region, and pre-empted the National Certification Program by several years.

John Higgins' dedication and enthusiasm for the Landscape Design Industry throughout his career was unfaltering, his contributions immeasurable. It is for these reasons that AALD decided to offer a Design Scholarship for students attending the AC, to be dedicated in his name. The Atlantic Association of Landscape Designers hope is that, in part through this scholarship, his legacy will live on.

Eligibility: Available to students entering third year of the Bachelor of Technology in Environmental Landscape Horticulture program in the Faculty of Agriculture.

Selection criteria include academic performance and skill and interest in landscape design.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dr. Bill Jenkins Memorial Scholarship

Bill's career began early and always had the same theme; to improve farm management and education. He held numerous positions with the Provincial Department of Agriculture, the Faculty of Agriculture at Dalhousie University, as well as Chairman of the Nova Scotia Farm Land Settlement Board. Bill retired as Principal of the former NSAC (now Dalhousie Faculty of Agriculture) in 1972 after witnessing growth in both the level and training for all sectors of the agricultural industry. He then joined the staffs of the Council of Maritime Premiers' Higher Education Commission, Services Overseas (CESO) in 1992. As a result of Bill Jenkins' sincere commitment to his chosen career path, and his lifetime of contributions to both the AC and the Agricultural Industry, a scholarship has been created in his memory.

Eligibility: Available to students entering second or third year in any of the business degree programs in the Faculty of Agriculture. Selection criteria include overall academic performance, leadership, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Randy and Gladys Keddy Memorial Scholarship

The Randy & Gladys Keddy Memorial Bursary was established by their son, Stewart Keddy in memory of his parents to provide an on-going legacy that is meaningful for family members and friends. Stewart graduated from the Faculty of Agriculture in 1967, from McGill University in 1969, and from Dalhousie Dentistry in 1974, where he was recognized for excellence in endodontics and radiology. Stewart practiced as a dentist for 37 years. He served in the Dental Corps from 1974-1979 and was a founding partner of Purdy's Wharf Dental Group from 1985 until his retirement in 2011. He held memberships in the Nova Scotia Dental Association, Canadian Dental Association, and Academy of General Dentistry.

Eligibility: Available to students entering second year of a diploma program or the third year of a degree program in the Faculty of Agriculture, with preference given to students from the Annapolis Valley of Nova Scotia with farm backgrounds. Awarded to a student whose background, program of study, course and project work and summer employment show a genuine interest in working in the agricultural industry following graduation. Selection criteria include career goals, academic performance, and financial need. Students receiving other scholarships of greater value will not be eligible for this scholarship.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Kings Mutual Insurance Scholarships

In memory of Past Directors, the Kings Mutual Insurance Company awards scholarships to students in the Faculty of Agriculture. The Kings County Federation of Agriculture represents the interest of the agricultural community in Kings County and is an active voice for its 395 members with the Nova Scotia Federation of Agriculture, Council of Leaders and provincial and national governments.

Eligibility: Available to students in any technical or undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia. Selection criteria include financial need, academic performance, and demonstrated interest in a career in the Agri-food industry as reflected by summer employment and/or extra-curricular involvement. This scholarship is not available to students receiving other scholarships of greater value. At least one scholarship will be awarded annually to a technical-level student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

P. Max Kuhn Scholarship

P. Max Kuhn grew up on a small farm in Lawrencetown, Halifax County. He lived from 1887 until 1928 and was the father to Bernard G. Kuhn. Max attended one year of the former NSAC General Course in 1908-1909. He was not able to return the next year because of need for him at home and shortage of funds, it was a great disappointment to him. That year was his only year of formal schooling; his home was so isolated that he was never able to attend grade school or high school, and his mother taught him at home. Max was a dedicated, hard-working farmer, and he made great use of his AC training. He bought his own Manor Hill Farm in 1918, located on Woodlawn Road (Portland Street) just outside what were then the town limits of Dartmouth. He market-gardened and ran a dairy there until his death. It was Bernard's wish to establish this scholarship to recognize his father, Max, give education opportunity to others beyond what his father had, and to "repay Nova Scotia, former NSAC and Canada in small part for the education and support that he received here" (Bernard G. Kuhn).

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture at Dalhousie, with preference given to students who have completed at least one year of study. Applicants must be permanent residents of Nova Scotia, with preference to students from the Halifax Regional Municipality. Awarded to a student with a farm background or those whose course and project work and summer employment demonstrates an interest in working in the agriculture industry after graduation. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Landscape Nova Scotia Award

Landscape Nova Scotia's mission is to promote high standards in product quality, professional service and conduct in the horticultural trades industry; and to encourage the use of Association members by the public. Landscape Nova Scotia has been a voice for the landscape and horticultural industry for more than 20 years in Nova Scotia, and are committed to providing consumers with options to make informed decisions.

Eligibility: Available to students in a landscape-related undergraduate program in the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Raymond Loo Memorial Scholarship in Organic Agriculture

Raymond Loo was a certified organic farmer from Springfield, PEI where he operated Springwillow Farms. Ensuring there was room for wildlife on the farm and exploring ways to produce healthy food with the smallest environmental impact was very important to Raymond. Committed to promoting better farming practices in his community, he was a founding member of ACORN and board director for 6 years. Raymond also helped found and was the first president of the PEI Certified Organic Producers Cooperative. Raymond was dedicated to his province and the field of organic agriculture and was recognized greatly for his contributions.

Eligibility: Awarded to an undergraduate or technical student at the Faculty of Agriculture enrolled in at least one organic agriculture course offered on the Dalhousie Agricultural Campus.

Application Type: Faculty of Agriculture In-Course Award Application

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

C. C. MacDougall Memorial Scholarship

C.C. MacDougall was the first district agriculturist to work with the NB Department of Agriculture in Sussex. The C.C. MacDougall Memorial Scholarship was established in 1958 by a large group of agriculture groups.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture. Awarded to a student pursuing a degree or diploma in Agriculture. The recipient must have been a 4-H member from Kings County, New Brunswick, or have parents who raise or breed Guernseys anywhere in New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Danny MacEwen Memorial Scholarship

Danny was an example of what typifies a farmer – not afraid of hard work, willing to give everything he had even if the financial return wasn't always there, and proud of what he did for a living and never made an excuse for it. Danny was also very involved with the community and those who lived in it. He enjoyed not only showing off his many talents but also found great satisfaction in teaching others. Although he was not known for his patience, he strived hard to achieve the best at whatever he did. Danny will always be remembered for his passion for farming, and the agricultural world is a better place because of what he gave.

Eligibility: Awarded to a BSc(Agr) student majoring in Agricultural Business who has a background in agriculture or comes from a family farm. The recipient will be involved in the community and athletics, either at the Faculty of Agriculture or in the local area.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Dr. Allan and Barbara MacKay Scholarship

Born in Heathbell, Pictou County, Nova Scotia, Dr. Allan MacKay received his early agricultural experience on the Spruce Grove Farm that had the distinction of having one of the first purebred Guernsey herds in Canada. He was a member of the Scotsburn Junior Dairy Calf Club and represented his province in the National competitions for club members at the Royal Winter Fair in Toronto in 1941. Dr. MacKay received his primary education at Heathbell School and his secondary education at Pictou Academy. He graduated from former N.S.A.C. in 1943 and obtained his Doctor of Veterinary Medicine from the Ontario Veterinary College in 1951. That same year he established a veterinary practice in Pictou County and continued his work until his retirement in 1991. Dr. MacKay is honoured for his program of animal health care, for his philosophy of preventing disease problems before they occur and his dedication to farm families in the area he served.

Eligibility: Awarded to a student with strong academic performance from the Faculty of Agriculture who plans to study veterinary medicine at the Atlantic Veterinary College.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Angus and Tena MacLellan Memorial Scholarship

The Angus and Tena MacLellan Memorial Scholarship was established by both Tena and Angus' estate. Angus and Tena were avid farmers in Cloverville, Antigonish County.

Eligibility: Available to students entering third or fourth year of an undergraduate degree program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Paul R. MacPhail PEI Potato Industry Scholarship

The roots of the Prince Edward Island Potato Board can be traced as far back as 1920, when the first Potato Growers' Association was formed on Prince Edward Island. A true marketing board followed in 1950 and was restructured as a producer controlled board under the Natural Products Marketing Act in 1990. The PEI Potato Board established this award in memory of Paul R. MacPhail.

Eligibility: Awarded to a PEI student studying at the technical or undergraduate level of an agricultural program. The recipient will demonstrate an interest in working in the potato industry through course work, research projects related to potato production and utilization (including all disciplines, e.g. pathology, biotechnology, entomology, etc). Awarded based on academic performance and the project's relevance to the improvement of the potato industry.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Edith Main Memorial Bursary

The NSVMA has created the Edith Main Memorial Bursary in her memory. Incorporated under the Veterinary Medical Act of the Province of Nova Scotia, the Nova Scotia Veterinary Medical Association (NSVMA) holds the responsibility to regulate the practice of veterinary medicine and to govern its members in accordance with this Act, regulations and the by-laws in order that the public interest may be served and protected.

Eligibility: Awarded to a Nova Scotia student in the second year or higher of a diploma or degree at the Faculty of Agriculture who intends to pursue a career in veterinary medicine.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Joseph E. Mapplebeck Memorial Bursaries

In honour of Joseph E. Mapplebeck, who farmed for 50 years in Kings County, Nova Scotia, and in recognition of his appreciation for the importance of a good education, family members have established two bursaries.

Eligibility: Available to current second year technology students at the Faculty of Agriculture in good academic standing who demonstrate financial need. One of the two awards will be made available annually to a student in the Plant Science Technician program.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Maritime Dairy Industry Scholarship

Dairy Farmers of Canada created this award to support Maritime students interested in the dairy industry. Dairy Farmers of Canada (DFC) is the national policy, lobbying and promotional organization representing Canada's farmers living on 12,529 dairy farms. DFC strives to create stable conditions for the Canadian dairy industry, today and in the future. It works to maintain policies that foster the viability of Canadian dairy farmers and promote dairy products and their health benefits.

Eligibility: Awarded to a third year student from the Maritime provinces enrolled in any Faculty of Agriculture program who shows commitment to and interest in the dairy industry, and professional and academic promise.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$2,000

Bill Mathewson Memorial Award

Bill Mathewson grew up on a hill sheep farm in Sma Glen, Scotland. He graduated with a BSc (Agriculture) in 1949 and later (1974) a MSc. both from Aberdeen University. On graduation 1949, he joined H.M. Overseas Civil Service. After further training in Cambridge and Trinidad, he was posted to Tanganyika, Africa where he worked for 14 years. On retirement in 1965, he worked for three years with the N.F.U. of Scotland in Edinburgh before immigrating with his family to Nova Scotia in 1968. He taught for 20 years at the Faculty of Agriculture. Bill retired in 1988 and was honored by his colleagues by being made Professor Emeritus. Much loved by students, faculty and the agricultural industry, Bill will be greatly missed. It is with his memory in mind, that Bill's friends and colleagues at the AC launched an award in his name.

Eligibility: Available to any student registered in any program at the Faculty of Agriculture participating in an international experience. In applying for consideration, students will submit a proposal to participate in such activities as a study semester abroad toward their degree/diploma, attendance at a conference to make a presentation, a specialized training course or an internship or development project.

Value: \$1,000

Donald McInnes Award

Established in 1904, Pictou Mutual Insurance Company is the oldest mutual insurance company in Nova Scotia. Initially established by a group of farmers who sought to provide local protection for each other in the event of loss, their company has grown to include more than 3,500 local and rural policyholders. Donald McInnes was born in 1933 on the original McInnes farm on Scotch Hill Road. A graduate of Pictou Academy high school, he attended the AC, graduating in 1955. As a shareholder of Scotsburn Co-op, Donald served as Director for 22 years and Chairman of the Board for 15 years. For 35 years Donald was active in the Pictou County Farmers Mutual Fire Insurance Company. Donald served first as an agent, then as a director and manager of the company. Due to Donald's sincere involvement with both the community and Pictou Mutual Insurance Company, an award has been created in his name which is funded by Pictou Mutual Insurance.

Eligibility: Available to a student enrolled at the Faculty of Agriculture. Selection criteria include commitment to and involvement in the community and leadership provided in student activities, academic performance and financial need. A student may not be selected for this award more than once.

Value: \$100

Clint McLean Memorial Scholarship

The Clint McLean Memorial Scholarship was established by Clint's loving family, with contributions from his many friends and colleagues. Clint loved life and had many interests including entertaining, fine cooking, travel and music. To Clint family was everything; no amount of trouble, sacrifice, or inconvenience was too much. However, his heart was in agriculture. He lived and breathed agriculture, but dairy had a special corner in his heart. Not only did he talk the talk, he walked the walk. Clint was a graduate of NSAC (Class of 1979) and Guelph University. He was also an active member of his alumni associations, serving as Vice President and President for the Agriculture College Alumni. Clint served on the Agricultural Institute of Canada Board of Directors and on numerous institute committees. He served as the chair of the Atlantic Forage Crops Advisory committee and represented the Atlantic Provinces at the National Expert Committee on Forage. Clint was a distinguished and valued member of the NB Department of Agriculture, taking a leading role in innumerable initiatives to support the true stewards of the land; the farmers of Atlantic Canada. His career was that of a scientist with a human touch.

Eligibility: Awarded to a third or fourth year BSc(Agr) student, with a preference to a student from New Brunswick and a preference to a student involved in the study of dairy. Recipients will have strong academic standing and demonstrate financial need.

Value: \$2,000

John Miller Memorial Award

Since 1983 John Miller assisted the hog industry by coordinating and providing programs that greatly improved the industry as secretary/manager of Pork Nova Scotia. John spent countless hours educating producers and others of the cost efficient and productive way to raise and market hogs. He often spoke at the Faculty of Agriculture to students in the hog production course on the strengths of the industry. To show appreciation of this dedication, the producers and friends of Pork, NS provide an award in memory of John.

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia. Awarded to a student whose course and project work and career plans reflect an interest in the hog industry or whose application shows interest, understanding, and appreciation for Nova Scotia's hog industry.

John Reginald (Reg) Moore Memorial Scholarships

Reg Moore was born in Economy Nova Scotia on August 25, 1917; the fifth of six children. He was educated in Economy and Bass River graduating in 1935. Reg then enrolled in Normal (Teachers) College in Truro. He taught in various locations in Nova Scotia until called up for service in the Royal Canadian Air Force in 1940. Reg served as a staff pilot and as a Coastal Command pilot in Canada and the United Kingdom. Returning to Canada in 1945 Reg enrolled in the Nova Scotia Agricultural College (now the Faculty of Agriculture, Dalhousie University). He graduated from the former NSAC in 1947. Reg spent his entire post war career at the FCC. First as a Credit Advisor, then as Branch Manager for Nova Scotia. In 1960 he was transferred to Saint John, New Brunswick as Executive Assistant to the Regional Manager Atlantic. By 1962 Reg had tired of doing office work and transfers (four in three years) so requested a transfer to field duties where he would have day to day contact with farmers. He was assigned to the Sussex, NB Office where he completed his career, retiring in 1981.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in a full-time capacity.

Applicants must be permanent residents of Colchester County, Nova Scotia and will have completed at least one year of study. Selection will be based on financial need and a cumulative average of at least 3.00.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$600

A. C. Neish Memorial Trust Scholarship

Dr. Neish (1916-1973) was an undergraduate at the former Nova Scotia Agricultural College in Truro. This is where he had his first contact with science and where he had won the Governor General's Medal and a Macdonald College (Quebec) Scholarship. His work on fermentation, bacterial and plant metabolism and the biosynthesis of plant polysaccharides and lignins received international acclaim. He was a Fellow of the Chemical Institute of Canada, of the Royal Society of Canada, and the Royal Society of London. Dr. Neish was the first person to be awarded the Gold Medal of the Canadian Society of Plant Physiologists, and was awarded an honorary doctorate by Mount Allison University and an honorary Doctor of Science degree by McGill University. The A.C. Neish Memorial Trust Scholarship was established by friends, admirers, and colleagues of the late Arthur Charles Neish.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Selection criteria include high academic performance and qualities of leadership as indicated by participation and achievement in both academic and non-academic activities.

Donald Palfrey Award

The Don Palfrey Award was established in memory of Don Palfrey in recognition of his many years of service and contributions to weed science in Nova Scotia. Don was born in Fort Fairfield, Maine. He received his formal education in Pictou County and he graduated from the AC in Truro, Nova Scotia and from McGill University in Montreal, Quebec with a Bachelor of Science in Plant Pathology. He worked for the N.S. Department of Agriculture in Marketing for 37 years, retiring as Supervisor of Weed Science, where he was a key player and helping in pioneering work in extension and research in weed control in Nova Scotia. Don also taught at the AC for 18 years, teaching courses in Weed Control and Plant Pathology. He was a distinguished life member of the N.S. Institute of Agrologists and the first honorary life member of the Atlantic Vegetation Management Association. As a result of Don Palfrey's sincere commitment to the Department of Agriculture and his field of interest, an award has been created to honor his memory and legacy.

Eligibility: Awarded to a final year undergraduate student carrying out a research project in the area of pest management, with preference to a student involved in weed science, either through academic work or summer employment.

Stuart Rath Junior A Bearcat Hockey Education Award Fund

The Stuart Rath Truro Bearcat Education Awards have been established to encourage the pursuit of university education among players with the Truro Junior A Bearcat Hockey Team ("The Bearcats") by providing tuition support for players enrolled at Dalhousie University. Stuart Rath, a very involved community member of Colchester County and surrounding area, established The Bearcat Hockey Education Award. Some of Stuarts endeavors are as follows: he serves as the Vice President of Truro Centre Ltd, and the President of Stuco Holdings Ltd. From 1985-1995 Stuart served as the President of Halifax Cablevision Ltd, from 1976-1985 he served as the President and General Manager of Eastern Cablevision, and from 1960-1975 he was the Chairman of the Truro Industrial Society. A few of Stuarts other accomplishments are being Director of Nova Scotia Business Inc. since March 2007, Director of Morien Resources Corp since December 1997, as well as serving as Director of Stuco Holdings Ltd. and Director of Erdene Resource Development Corporation since June 2006 until November 2012.

Eligibility: Available to entering or current technical and undergraduate students at the Faculty of Agriculture. Selection is based on academic performance and the recommendation of the team coaches.

Application Type: Automatic Consideration – No Application Required

Cliff and Grace Retson Memorial Scholarship

The Grace and Cliff Retson Memorial Bursary was first created by Grace in memory of her husband, Cliff Retson who graduated from the AC in 1934. Cliff passed away in 1997. Grace was born in Waskada, Manitoba and grew up in Kerrobert, Saskatchewan. She attended secretarial school in Saskatoon and after retiring, she received her Bachelor of Arts from St. Mary's University. Grace met Cliff, her husband of 56 years, while she was working at the Senate in Ottawa. They married on July 26, 1941 and moved to Truro in 1947. The Retson's (Grace & Cliff) hosted several international students studying at the Faculty of Agriculture over the years. It is for this reason and to ensure ongoing support of the educational interests of International students studying at Dal-AC, that Grace created the scholarship.

Eligibility: Available to international students in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, academic performance, and interest in and involvement in multi-cultural activities on campus.

Ira L. Rhodenizer Memorial Scholarship

Ira Rhodenizer was born in 1890 in Parkdale, Lunenburg County, Nova Scotia and lived there for the majority of his life. He served in the Canadian Army from 1914 to 1919 and was wounded overseas during World War I. He later became a farmer, storekeeper, and lumberman in Parkdale, NS. He was greatly interested in community life and was associated with farmer's organizations for many years. He was married and had seven children. He was a member of the Baptist Church, the I.O.O.F. and Masons. Ira was active in Nova Scotia Guides and Fish and Game Associations, had been a municipal counsellor and President of the Lunenburg Centre Liberal Association. He was a Director of the Nova Scotia Federation of Agriculture and was killed in a car accident on the way to a meeting of this organization in August 1958. The Ira L. Rhodenizer Memorial Scholarship was provided by the Federation as a memorial for his dedication and contributions through the years.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia.

Selection criteria include academic performance, involvement in student affairs, and participation in the 4-H program.

Value: \$500

Dr. Robert G. Rix Family Farm Scholarship

Robert (Bob) Rix was born in Halifax on July 29th, 1948. Robert graduated from Dalhousie University Dental School in 1974. He practiced in Musquodoboit Harbour, Tatamagouche, and Winsloe, PEI, prior to opening his own dental practice in Bible Hill. He took great interest in his profession and knew the family trees of most of his patients and will be fondly remembered by everyone for his excellent dentistry, story-telling, knowledge of American History, love of gardening, tinkering with mechanical items, love of nature and his family. Robert had originally established the "Robert G. Rix Family Farm Bursary" in 1985. Although not having a farm background himself, he shared his beliefs that everyone's roots are in the land and he felt his way to contribute to the importance of agriculture to our society was through this small bursary each year. A couple years ago, the award became known as the "Dr. Robert G. Rix Scholarship" to allow support to a student where the need was greatest. After Robert's passing, one of the faculty provided funds to continue the bursary in Robert's name. Since then, Robert's family has graciously supported the scholarship to allow his legacy and memory to live on.

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who has shown determination and dedication to operating a family farm.

Recipients will have demonstrated financial need.

Howard W. Roper Memorial Award

The Howard W. Roper Memorial Bursary: Presented by the Nova Scotia/Newfoundland Holstein Branch was established in memory of Howard Roper. Howard was born in Charlottetown, PEI and later moved to Princeport with his father in 1926 to manage the Beech Hill Farm and Dairy. Howard and his father purchased the farm in 1932 and operated the farm with purebred Guernsey's until 1952. Following the sale of the farm, he was employed by the Nova Scotia Animal Breeders Co-operative as Manager of Sales and Promotions. Howard was well-known throughout Canada, especially in Atlantic Canada for his work in the dairy industry and his love of dairy cattle, particularly Holsteins and Guernsey's. He was inducted into Atlantic Agricultural Hall of Fame in 1980, an institution in which he was instrumental in founding. The Canadian Association of Animal Breeders honored Howard in 1992 with the Award of Merit for outstanding contribution to the Dairy Cattle Industry. He was also made a lifetime member of the Canadian Guernsey Breeder Association. Those who knew Howard best will remember him for his honesty, integrity, love of people and his great eye for cattle.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture, with preference given to second year students in the Diploma in Business Management - Dairy Farming program. Applicants must be either be permanent residents of Nova Scotia or Newfoundland and Labrador. Applicants must be members of Holstein Canada, or, a member of a family with Holstein Canada membership. Selection criteria include involvement in the dairy industry, extra-curricular involvement through athletics and clubs on campus, involvement in farm organizations, financial need and satisfactory academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Ted Rose Memorial Scholarship

The Ted Rose Memorial Scholarship was created by Mrs. Ann M. Rose in memory of her husband, Ted. Ted had grown up on a dairy farm in Urbania, near Shubenacadie. Ted and his brother Percy ran the farm after the death of their father. Although no one from the family had any connection to the AC, Mrs. Rose had a soft spot for farming, admitting there can be "nothing as rewarding as farming." Rose wanted to provide a scholarship to a deserving young person who is interested in farming themselves someday, while honoring her husband's memory.

Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Awarded to a student who plans to operate a livestock farm. Selection criteria include financial need, academic performance and a documented commitment to animal welfare.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Rotary Club of Truro International Student Bursary

The Rotary Club of Truro has been part of the fabric of the community of Truro as well as the network of Rotary Clubs around the world since 1926. The Rotary Club of Truro is proud of its years of service and benevolence in the community and internationally. In addition to providing assistance to countless individuals with special needs for medical treatment or equipment over the years, the Club has continued to focus on the needs of children with disabilities.

Eligibility: Available to a current international student at the Faculty of Agriculture. Preference will be given to students registered in a program of study and registered full time, with additional preference given to students studying for the full year. Special consideration will be given to students who came from a developing country

and plan to return and apply their education there. All students paying the international tuition differential are eligible for consideration. Selection criteria include financial need and potential impact of the bursary on the student's lifestyle while at school and their future plans.

Jack Sibley Agriculture Bursary

This award was established by the John & Judy Bragg Foundation to honour John D (Jack) Sibley. Jack was born in 1937 at Meaghers Grant in Nova Scotia's Musquodoboit Valley and graduated from Musquodoboit Rural High School in 1954. After receiving a BA from Mount Allison University in 1957 he attended the Nova Scotia Agricultural College and is an alumnus of the Class of 1959. He began his working career as a teacher and then moved on to work for several years as a field manager for McCain Foods. In 1965 he returned to Nova Scotia and spent the next 29 years as a wild blueberry extension specialist with the Department of Agriculture and Marketing. In 1994 he retired from this position and in 1997 began work with WBANA Canada in wild blueberry promotion, retiring in 2011 after a total of 44 years of service to the wild blueberry industry. Jack had a number of part-time careers which included operating his own wild blueberry acreage, working as a musician and MC, and teaching old-time fiddling to children from the Truro area.

Eligibility: Awarded to a full-time technical or undergraduate student at the Faculty of Agriculture who demonstrates financial need.

Value: \$1,000

Sodhi Memorial Bursary

This bursary was established by the Sodhi family in memory of Mr. Bhagat S. Sodhi, long-time librarian at the former Nova Scotia Agricultural College. Mr. Sodhi immigrated to Canada in the 1960's, in search of opportunity for his future family. After meeting and bringing his wife Darshan to Canada, they settled in Truro, NS, and began their family. Mr. Sodhi began working at the former Agricultural College in 1968, when the campus library was housed in Cox Institute. He was instrumental in moving the library to its current location at the MacRae Library, acting as head librarian until 1995. Mr. Sodhi considered the library staff as a second family. As a tribute to his memory, the Sodhi Family established an award in his name upon his passing on June 1st, 2009.

Eligibility: Available to current international students at the Faculty of Agriculture in good academic standing, with preference given to students in undergraduate and technical programs based on financial need. Students in all programs of study are eligible.

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Sport Leadership Award

The Sport Leadership Award recognizes a high school varsity athlete enrolling full time in a program of study and planning on participating in a sport at the varsity level at the Faculty of Agriculture.

Eligibility: Available to entering technical or undergraduate students at the Faculty of Agriculture with an admissions average of at least 75%. Recipients of other major entrance scholarships are not eligible. Selection criteria include financial need, sport skills and leadership.

Application Type: Automatic Consideration – No Application Required

Phillip Stead Memorial Leadership Award

Phillip Stead graduated from the former Nova Scotia Agricultural College in 1965 with a degree certificate. He left Nova Scotia to complete his BSc. in Animal Science at McGill University and returned in 1967 to begin what was to be a long and successful career with the Nova Scotia Department of Agriculture, working as a sheep specialist with the Animal Industry Branch. In 1972 Phil continued his education by completing a MSc. in Agriculture and Nutrition at Virginia Polytechnic Institute and State University. For his passion for community involvement and his long standing contributions to Agriculture, a memorial award has been created in his name.

Eligibility: An award will be presented annually to a student who has exhibited outstanding leadership at the Faculty of Agriculture and/or within the community.

Nominations for the award will be received by a committee representing the Student Leadership program at the Faculty of Agriculture and a member of the sponsoring body for the award (Nova Scotia/Newfoundland Holstein Branch). The committee will select an awardee from those nominated who best represents the leadership qualities and performance in the past year or number of years that would be a model for others. Selection criteria may also include academic performance, financial need, and the other awards that have been granted to the nominee.

Application Type: Contact the Faculty for more information

Captain R. M. Steele Memorial Fellowship

Captain Richard Steele was a founding member of the Atlantic Chapter of the Rhododendron Society of Canada (RSCAR) and supported the creation of the Atlantic Rhododendron & Horticultural Society. He faithfully attended, and contributed to, meetings and programs. A mentor and friend to many, and with an international network of plants people, he was a major influence on horticulture, locally and further afield. RSCAR members in the early days established the tradition of the annual

Steele Lecture, the objective being to bring a top-ranking plants person to Nova Scotia as a guest speaker. Captain Steele died March 14th 2010.
Eligibility: Awarded to a final year undergraduate student in the Faculty of Agriculture who intends to pursue plant-related studies at the graduate level.
Application Type: Faculty of Agriculture In-Course Award Application

Value: \$250

Catherine and Alexander Sutherland Bursary

This bursary was established in memory of Victor Sutherland's parents, Catherine and Alexander Sutherland. Born in the 1890s in the area of Earltown, Nova Scotia, Catherine and Alexander operated the Earltown General Store. Over a century later, this store still operates, under other ownership. Alexander also operated a saw mill, while Catherine managed the books and ran the store. In 1939 the family moved to Truro and operated a second store in Bible Hill, near the Nova Scotia Agricultural College. Alexander died in 1943, and Catherine continued to raise their three children. Catherine died in 1972, having lived a very full and satisfying life. Victor Sutherland is an alumnus of the Nova Scotia Agricultural College, Class of 1954. After completing his diploma at the NSAC, now the Dalhousie University Faculty of Agriculture, Victor completed a degree in geology at Acadia University. He spent his career working in the oil and gas industry, including forming his own company, Northrock Resources, in 1986.

Eligibility: Awarded to a full-time Faculty of Agriculture technical or undergraduate student who demonstrates financial need. Preference is given to students who have attended high school in Truro, and then to students who attended high school in Colchester County.

Application Type: Faculty of Agriculture In-Course Award Application

William D. Swetnam Memorial Award

Raised in Port Mouton and Liverpool, NS, William (Bill) Swetnam, graduated from the former Nova Scotia Agricultural College in 1956. Bill discovered what he was destined to do when he purchased a farm in Sheffield Mills, NS in 1958. Throughout his career, Bill dedicated countless hours to many boards. As a founder of the Nova Scotia Turkey Marketing Board he also spent time on the County South and East Livestock Health Services Board, the NS Crop and Livestock Insurance Commission, Canadian Livestock Feed Board Advisors Committee, as well as Nova Scotia Farm Loan Board. Bill also served as president of the Kings County Federation of Agriculture and became a member of the Council of Leaders with the Federation. Bill's dedication to his community has not gone unnoticed. In 2002 he was honored by the Queen with the Golden Jubilee Medal. Bill has truly distinguished himself in his area of expertise, bringing honour to the former NSAC and the Alumni Association. It is for this reason, an award has been created in his memory.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program who have displayed leadership qualities during their program. Applicants must be permanent residents of one of the Atlantic provinces.

Value: \$2,000

Syngenta Canada Inc. Awards

Syngenta is one of the world's leading companies with more than 28,000 employees in some 90 countries dedicated to their purpose: Bringing plant potential to life. Syngenta's mission is to make a difference for smallholders in developing countries. By helping them become more professional growers, they want to achieve added value for rural communities. One way they do that is through technical innovation. Equally important is access to markets, enabling smallholders both to buy inputs and sell their produce. These and other factors are all essential for sustainability successful agriculture.

Eligibility: Available to a technical or undergraduate student in any program in the Faculty of Agriculture. Awarded to students whose course and project work reflect an interest in the Maritime potato industry. Applicants will be required to submit a 300-500 word essay expressing opinion on a topic relating to the crop protection industry. Selection criteria include academic performance, and potato farm experience or background.

Bruce Trenholm/Atlantic '86 Scholarship

Bruce was born on the family farm in Grand Pre, Kings County, he graduated from the former Nova Scotia Agricultural College and MacDonald College, receiving his Bachelor of Science Degree in Animal Husbandry in 1947. Upon graduating from McDonald College he served as the Agricultural Representative in Yarmouth and then taught Animal Husbandry at the former Nova Scotia Agricultural College for three years. In 1952 he took over the family farm going on to establish the well-known Brulo herd. Bruce's contributions to agriculture have been many and varied and are worthy of recognition in the Atlantic Agricultural Hall of Fame. He had a lifelong interest in Holstein cattle and was Master Breeder and Past President of Holstein Canada. In 1986, the year of Bruce's death, he coordinated Atlantic '86 – the Annual National Convention of Holstein Canada. This scholarship was established in his name as an on-going memorial.

Eligibility: Available to students entering their final year in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces, have a Holstein farm or 4-H (Holstein calf project) background. Selection criteria include academic performance and career goals.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$500

University Medal in Agricultural Business

Awarded to the graduating Agricultural Business student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Medal in Agricultural Economics

Awarded to the graduating Agricultural Economics student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Medal in International Food Business

Awarded to the graduating International Food Business student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Silver Medal

This medal is awarded to the student who is judged to be the leading First Class Honours student among graduates of baccalaureate programs. The recipient cannot have received the Governor General's Silver Medal.

Application Type: Automatic Consideration – No Application Required

Florence (Pineo) Ward Memorial Award

The Florence (Pineo) Ward Memorial Award was established by James Pineo in memory of his late sister, Florence. James wanted to leave a legacy behind for his sister, and help support the academic efforts of agricultural students, such as his niece Lisa (Orlando) Gowan, a BSc(Agr) Agricultural Chemistry graduate.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture.

Preference will be given to students from Boutilier's Point, Halifax County, and Advocate, Cumberland County. Awarded to students in financial need. Preference will be given to students with sound academic background who have come to the Faculty of Agriculture for technical training to enhance their employability but financial constraints are limiting their ability to continue their studies.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Michael Whidden Memorial Award

Awarded to a student who has provided leadership on the Faculty of Agriculture's Woodsmen Team, and has maintained a sound academic performance.

Eligibility: Available to current technical and undergraduate students at the Faculty of Agriculture.

Application Type: Automatic Consideration – No Application Required

Eric Williams Memorial Scholarships

Born in 1938 Eric P. Williams started farming in 1959 with nine cows and twenty acres. Today the Williams' family own and operate a two hundred head Holstein dairy farm in the Goulds and employ a nephew and one other worker. Eric worked hard to introduce supply management for milk producers in Newfoundland. In 1983 he was appointed the first chair of the Newfoundland Milk Marketing Board now known as the Dairy Farmers of Newfoundland and Labrador. During his lifetime he fought to improve the cost of production formula for milk producers in the province. Eric was also nominated by the Dairy Farmers of Newfoundland and Labrador in recognition of his tremendous contributions to agriculture, to become an inductee into the Atlantic Agricultural Hall of Fame. It is for the same reasons that the Dairy Farmers of Newfoundland and Labrador have established a scholarship in his memory for his dedication and commitment to agriculture.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program in the Faculty of Agriculture.

Applicants must be permanent residents of Newfoundland and Labrador. Selection will be based on academic performance. Typically one award is given to a technical student and the other to an degree-seeking student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Zhuhui Ye Memorial Award

This fund was established by classmates of Zhuhui Ye (Kevin) to honour his memory. Kevin attended the former Nova Scotia Agricultural College as part of the FAFU 2+2 program, earning his BSc(Agr) in Aquaculture in 2012. Kevin continued his studies with the Dalhousie MSc. program. On September 8, 2012, Kevin lost his life in a drowning accident at Dollar Lake Provincial Park. Kevin is well remembered as an intelligent, popular, and outgoing man whose generosity touched the lives of many friends. The intent of the Zhuhui Ye Memorial Award is to further the understanding of culture and relationship between Chinese and Canadian students by supporting the FAFU/DAC 2+2 program.

Eligibility: Award to a Chinese student in the FAFU 2+2 program or another student demonstrating a commitment to and involvement with the FAFU 2+2 program at the Faculty of Agriculture, in addition to academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$400

Atlantic Farm Mechanization Show Scholarship

The Atlantic Farm Mechanization Show is an event that is held bi-annually that mainly focuses on the newest, innovative ideas in the agricultural industry. Farming has changed dramatically over the last few decades. New farming ventures are becoming increasingly popular, from large tract farms that are operated by multi-nationals, to small individual bed plots. According to The Atlantic Farm Mechanization Show, "innovation has always been the most powerful tool in a farmer's tool box and will continue to be so into the future."

Eligibility: Available to students from Atlantic Canada who have completed at least one year in the Diploma of Engineering or Bachelor of Science (Agriculture) in Integrated Environmental Management program at the Faculty of Agriculture. Selection is based on academic performance and the demonstrated potential for a career in the area of mechanization of agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Atlantic Fertilizer Council Award

Eligibility: Awarded to a student from Atlantic Canada in the second year of a diploma program related to crop protection. Selection criteria include farm interests, leadership qualities within the University community, financial need, and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: \$500

Atlantic Land Improvement Contractors Association Award

The Atlantic Land Improvement Contractors Association Bursary was created by ALICA for engineering students with a keen interest in soil, water and land improvement. ALICA acknowledges that the cost of tuition is becoming increasingly high which makes it difficult for many students to attend University. The Board of Directors voted to begin a scholarship fund in 1990 and the scholarship has been active and helping students with their post-secondary education ever since.

Eligibility: Available to students in the Diploma of Engineering program in the Faculty of Agriculture with a demonstrated ability and interest in soil, water, and land improvement.

Application Type: Faculty of Agriculture In-Course Award Application

Donald E. Clark Memorial Scholarship

Professor Clark was born in Luchow, China in 1923 and came to Canada at the age of 15 months. In 1951 he graduated from the Ontario Agricultural College, B.S.A. (Honours). In 1962 while a member of the teaching staff at O.A.C. he received his M.S.A. from the University of Toronto. In 1968 he accepted a position with the NSAC as an Associate Professor and Head of the Agricultural Engineering Department. Donald was well known for his work with sprayers and zero tillage for corn production. He also served with distinction on such committees as the Canada Weed Committee, the Atlantic Herbicide Committee and the Atlantic Agricultural Engineering Committee. As a Professional Engineer and Agrologist, Donald was a charter member of the Canadian Society of Agricultural Engineers and in 1976 was elected President of this organization. As a result of Professor Donald E. Clark's sincere commitment to his chosen field of study, and his lifetime of contributions to both the NSAC and the Engineering community, a scholarship has been created in his memory.

Eligibility: Available to current students in their final year of the Diploma of Engineering program in the Faculty of Agriculture. Selection criteria include academic performance, interest, and aptitude in the engineering field.

Class of 1950 Award Fund

The Class of '50 Award was first established in 2000 at the Class of 1950, 50th anniversary weekend celebration. President, Don Young and Vice-President, Jack Johnson spearheaded the campaign to get their classmates involved in their commitment to help future AC students. The group recognizes the difficulty that young students face to finance their post-secondary education, as they too faced similar challenges. After a great deal of preparatory work from Don, Jack and Cliff McIsaac, a proposal was created for the Class of '50 Award fund of to assist deserving students to "stick with it." The group of classmates have made and continue to make significant contributions to the campus and students.

Eligibility: Available to current students in financial need in any technical or undergraduate program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Class of 1960 Memorial Bursary

In recognition of their 50th reunion, classmates established the Class of 1960 Memorial Bursary. Classmates contributed generously to this fund, with the intention of supporting an AC student. Their wish is to honour their deceased classmates who contributed to this fund, and who valued the experience and education they received at the Nova Scotia Agricultural College.

Eligibility: Awarded to a full-time technical or undergraduate student enrolled in any program at the Faculty of Agriculture who has demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Charles M. Collins Memorial Scholarship

The scholarship is in memory of Charles McKittrick Collins who spent the years 1936-1962 working in various positions in the agricultural industry in Nova Scotia, including teaching at Dalhousie's Agricultural Campus for twenty-five years. Collins Horticultural Building on the Dal-AC campus is named in his honour as well.

Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in the Bachelor of Technology program in Environmental Landscape Horticulture who have not qualified for other significant awards.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,200

George and Lottie Cook Memorial Scholarship

Lottie Cook first developed her passion for agriculture on her family farm on Cape Breton Island. Lottie's parents were pioneers in the agricultural industry, and her father a renowned farmer. At a young age Lottie became involved in 4-H where she achieved some of the club's top honours. She later graduated from the former Nova Scotia Agricultural College and worked as an assistant agricultural representative to J.C.F MacDonnell for many years. In 1943 Lottie married George Cook and the pair later opened a chick hatchery in Truro and became one of the foremost producers of high quality chicks in the Maritime Provinces. After the passing of her husband in 1954, Lottie continued to operate the family business. Due to Lottie's involvement in the agricultural industry and former NSAC community from both herself and family business, a scholarship has been created in her and her husband's name.

Eligibility: Available to students from Nova Scotia in the first or second year of a technical or undergraduate program at the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dartmouth Horticultural Society Scholarships

The Dartmouth Horticultural Society is a gardening club whose aim is to promote, enrich and expand the practice of amateur gardening. Monthly meetings are held where their guest speakers from inside and outside the Society share their knowledge. In addition club experts are available for formal and informal exchange of ideas. Some of the club's activities include a plant sale, a flower show, the planting and maintaining of a raised bed in Leighton Dillman Park, plant exchanges, and garden tours.

Eligibility: Available to upper-year students in any plant-related undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to students from the Halifax Regional Municipality, followed by all Nova Scotia residents, followed by residents of other Canadian provinces. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dalhousie Agricultural Students' Association Awards

Dalhousie Agricultural Students' Association (DASA) is the student association for all students at the Dalhousie Agricultural Campus. DASA is the official voice of the student body, and provides leadership and vision for the students of the Agricultural Campus. DASA promotes student engagement and leadership through various campus activities including Orientation, Shinerama, College Royal and Winter Carnival. DASA also promotes student engagement within the surrounding communities of Truro and Bible Hill. DASA works closely with Student Services and Administration to collectively provide a welcoming community dedicated to higher learning and service to the community.

Eligibility: Awarded to students enrolled in the Faculty of Agriculture who have demonstrated, in the current academic year, exceptional school spirit and involvement in any or all of the following: DASA sponsored events, volunteering, campus community leadership.

Application Type: Automatic Consideration – No Application Required

Value: 2 @ \$300

CA Douglas Bursary

The CA Douglas Bursary was originally established in 1984 in recognition of the impact of Charles Allan Douglas on the Agriculture industry in Nova Scotia. Charles held positions at Scotsburn Creamery, Avon Valley Greenhouse Farm and had a 35 year career with the Department of Agriculture and Marketing. Charles had a unique ability to inspire leadership and confidence in those around him, as he was very conscious of the importance of the individual. He devoted untiring energy to supporting rural youth and community development. As a result of his dedication and commitment to new technology, and his leadership and desire to relate to the individual Charles was inducted into the Atlantic Agricultural Hall of Fame in 1979 and honored with a bursary in his memory.

Eligibility: Awarded to a BSc(Agr) student enrolled full-time in the third or fourth year of study who has demonstrated financial need. Preference is given to students majoring in Animal Science.

Application Type: Faculty of Agriculture In-Course Award Application

Paul C Eaton Memorial Scholarship

Paul C. Eaton was an alumnus, Class of '48, at the former Nova Scotia Agricultural College. Growing up on a dairy and apple farm, Mr. Eaton understood the importance of agriculture, and devoted his life to this passion. Mr. Eaton spent the majority of his career working in Extension Services on the Agricultural Campus.

Eligibility: Awarded to a full-time student from Atlantic Canada in the second year or higher of the BSc(Agr) program majoring in Environmental Sciences or Plant Science. Recipients must have a background in agriculture or come from a family farm. Selection is made on the basis of academic merit.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$2,500

Ernest L. Eaton Memorial Scholarship

Throughout Mr. Eaton's lifetime he maintained a keen interest in scientific agriculture, and the education and development of the interested young people. He personally established the Ernest L. Eaton Scholarships, and made provision for them to continue in perpetuity. Although none of his children are directly active in farming, they all are interested in, and support, the fine work being done at present at the Agricultural Campus. The hope for the recipient of the Ernest L. Eaton Scholarship is to encourage the pursuit of excellence in both academic and scientific activities.

Eligibility: Available to students entering third year of the Bachelor of Science (Agriculture) program based on performance in second year. Recipient cannot have received another scholarship of higher value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Egg Farmers of Newfoundland and Labrador Scholarship

The Egg Farmers of Newfoundland and Labrador (formerly the Egg Producers of Newfoundland and Labrador) is a commodity board governing the production of eggs.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program. Applicants must be permanent residents of Newfoundland and Labrador.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Faculty of Agriculture Mature Student Bursary

At the Faculty of Agriculture, the student body demographics have shifted dramatically over the past generation. We have increasingly more students transfer from other institutions or begin studies as a visiting or mature student. The 2012 Annual Appeal for the Faculty of Agriculture focused on raising funds for an endowment that would benefit mature students. In addition, alumnus Charles MacQuarrie directed that his planned gift benefit Faculty of Agriculture mature students.

Eligibility: Students enrolled at the Faculty of Agriculture in full-time studies who demonstrate financial need and are mature students (as defined by the Registrar's Office).

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$1,000

Fall River Garden Club Bursary

The Fall River Garden Club's mission is to promote the improvement of home and community flower and vegetable gardens, lawns, trees and landscaping through friendly sharing of information, work and education. During the year they run fund raising events in order to raise money to beautify the neighborhoods. Their main fundraiser is their annual plant sale followed by an area garden tour whereby members open their gardens for viewing to the general public. The monies raised at these events go towards supporting Santa's Express and giving a Bursary to a student at the Agriculture Campus studying horticulture. In addition, the gardens maintained in the surrounding areas are also funded from these events.

Eligibility: Available to a first year student in a Horticulture program at the Faculty of Agriculture in good academic standing, with preference given to students from the Fall River, Waverley, Wellington, Oakfield, Lakeview or Windsor Junction, Nova Scotia areas. Other residents of Nova Scotia will be considered. Applicants will have demonstrated financial need and well-developed career plans.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Farm Focus Scholarship

Farm Focus of Atlantic Canada is an agricultural newspaper that covers the Atlantic Provinces and their diverse food production. The publication contains information on the various sectors of the agricultural industry, including: regional, national, and international news; profiles on farms and farm families; 4-H; features on new innovations and technology; and editorials and opinions on issues of importance to the farming community.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture at Dalhousie. Selection is based on financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$200

Ena Fenton Memorial Scholarship

Ena Fenton was a founding member of the Bedford Horticultural Society in 1950. Ena was an enthusiastic and willing participant in every function of that group for 47 years. Mrs. Fenton had been a teacher prior to her marriage and had always been interested in the education of young people. After her death in 1977, the Society decided to name their scholarship in her honor. They feel certain that she would have been very pleased by their acknowledgment of her interest in the development of Horticulture and Landscaping in Nova Scotia.

Eligibility: Available to students studying Horticulture or Environmental Studies, entering the second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to those from Bedford, Sackville, and Waverley. In years when no student from Bedford, Sackville, or Waverley applies for the scholarship, consideration will be given to other students from the Halifax Regional Municipality (excluding those from Halifax and Dartmouth). Selection will be based on financial need, career plans, and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$1,000

H. J. Fraser Memorial Prize in English

The H.J. Fraser Memorial Prize was established in memory of H.J. Fraser who taught at the Agricultural Campus.

Eligibility: Awarded to a second year student who has excelled in first year English at the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$50

Dr. Gerry W. Friars Undergraduate Research Prize

Dr. Friars, a former NSAC Alumnus, was introduced to scientific research by an undergraduate research project. This was the beginning of a career in research in teaching. In recognition of the significance of this first research experience, Dr. Friars has provided a sum of money to endow an Undergraduate Research Award. Eligibility: Awarded to a graduating undergraduate student from the Faculty of Agriculture who is judged to have completed the best written research report as part of the fourth-year project requirements.

Application Type: Automatic Consideration – No Application Required

Value: \$250

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying “good human conduct”. Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Bronze Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of technical programs.

Application Type: Automatic Consideration – No Application Required

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

Green Diamond Equipment/John Deere Atlantic Agriculture Award

Green Diamond Equipment Ltd. became one of the largest privately held John Deere dealer organizations in Eastern Canada on November 1, 2008, with the consolidation of Planters Equipment Limited (NS) and PEI Farm Equipment (PEI).

Eligibility: Available to a technical or undergraduate student at the second year level or above who is a Canadian citizen from Atlantic Canada studying in the Faculty of Agriculture. The recipient will have a farming or agricultural background, demonstrate financial need, and have a life goal of working in agriculture in Atlantic Canada. A career in agriculture includes all areas from traditional farming, to engineering, to horticulture, to landscaping, and whether working in agri-business or with government.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$1,250

Anna Helvig Schousboe Memorial Scholarship

This scholarship was established with the Department of Agriculture, Fisheries and Aquaculture, Government of New Brunswick, in memory of Anna Helvig Schousboe. Anna and her husband Gustav emigrated from Denmark in 1928 and became lifelong Kings Co. NB farmers and also very active in their community. Always strong believers in the value of education, after her death in 1993 Gustav endowed this scholarship in her memory to assist New Brunswick youth in pursuing studies in the agricultural field.

Eligibility: Awarded to a resident from Kings County, New Brunswick, working towards a degree or diploma in agriculture at the Faculty of Agriculture. Applicants must be permanent residents of Kings County, New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Randy and Gladys Keddy Memorial Scholarship

The Randy & Gladys Keddy Memorial Bursary was established by their son, Stewart Keddy in memory of his parents to provide an on-going legacy that is meaningful for family members and friends. Stewart graduated from the Faculty of Agriculture in 1967, from McGill University in 1969, and from Dalhousie Dentistry in 1974, where he was recognized for excellence in endodontics and radiology. Stewart practiced as a dentist for 37 years. He served in the Dental Corps from 1974-1979 and was a founding partner of Purdy's Wharf Dental Group from 1985 until his retirement in 2011. He held memberships in the Nova Scotia Dental Association, Canadian Dental Association, and Academy of General Dentistry.

Eligibility: Available to students entering second year of a diploma program or the third year of a degree program in the Faculty of Agriculture, with preference given to students from the Annapolis Valley of Nova Scotia with farm backgrounds. Awarded to a student whose background, program of study, course and project work and summer employment show a genuine interest in working in the agricultural industry following graduation. Selection criteria include career goals, academic performance, and financial need. Students receiving other scholarships of greater value will not be eligible for this scholarship.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Kings Mutual Insurance Scholarships

In memory of Past Directors, the Kings Mutual Insurance Company awards scholarships to students in the Faculty of Agriculture. The Kings County Federation of Agriculture represents the interest of the agricultural community in Kings County and is an active voice for its 395 members with the Nova Scotia Federation of Agriculture, Council of Leaders and provincial and national governments.

Eligibility: Available to students in any technical or undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia. Selection criteria include financial need, academic performance, and demonstrated interest in a career in the Agri-food industry as reflected by summer employment and/or extra-curricular involvement. This scholarship is not available to students receiving other scholarships of greater value. At least one scholarship will be awarded annually to a technical-level student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

P. Max Kuhn Scholarship

P. Max Kuhn grew up on a small farm in Lawrencetown, Halifax County. He lived from 1887 until 1928 and was the father to Bernard G. Kuhn. Max attended one year of the former NSAC General Course in 1908-1909. He was not able to return the next year because of need for him at home and shortage of funds, it was a great disappointment to him. That year was his only year of formal schooling; his home was so isolated that he was never able to attend grade school or high school, and his mother taught him at home. Max was a dedicated, hard-working farmer, and he made great use of his AC training. He bought his own Manor Hill Farm in 1918, located on Woodlawn Road (Portland Street) just outside what were then the town limits of Dartmouth. He market-gardened and ran a dairy there until his death. It was Bernard's wish to establish this scholarship to recognize his father, Max, give education opportunity to others beyond what his father had, and to "repay Nova Scotia, former NSAC and Canada in small part for the education and support that he received here" (Bernard G. Kuhn).

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture at Dalhousie, with preference given to students who have completed at least one year of study. Applicants must be permanent residents of Nova Scotia, with preference to students from the Halifax Regional Municipality. Awarded to a student with a farm background or those whose course and project work and summer employment demonstrates an interest in working in the agriculture industry after graduation. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Langille Brothers Scholarship

Alan Langille graduated from the Nova Scotia Agricultural College in 1958 and went on to have a career as a plant physiologist and professor at the University of Maine. Alan makes this scholarship possible in memory of his two older brothers, both also NSAC Alumni. Bruce Langille (grad 1946) went on to work as a chemist for the Plant Products Lab in Ottawa. Jim Langille (grad 1947) went on to a career as an Agronomist for Nappan Experimental Farm.

Eligibility: Awarded to a third year BSc(Agr) student majoring in Plant Sciences. Preference will be given to students who have completed their first three years of study at the Faculty of Agriculture. Awarded based on academic excellence and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Raymond Loo Memorial Scholarship in Organic Agriculture

Raymond Loo was a certified organic farmer from Springfield, PEI where he operated Springwillow Farms. Ensuring there was room for wildlife on the farm and exploring ways to produce healthy food with the smallest environmental impact was very important to Raymond. Committed to promoting better farming practices in his community, he was a founding member of ACORN and board director for 6 years. Raymond also helped found and was the first president of the PEI Certified Organic Producers Cooperative. Raymond was dedicated to his province and the field of organic agriculture and was recognized greatly for his contributions.

Eligibility: Awarded to an undergraduate or technical student at the Faculty of Agriculture enrolled in at least one organic agriculture course offered on the Dalhousie Agricultural Campus.

Application Type: Faculty of Agriculture In-Course Award Application

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

C. C. MacDougall Memorial Scholarship

C.C. MacDougall was the first district agriculturist to work with the NB Department of Agriculture in Sussex. The C.C. MacDougall Memorial Scholarship was established in 1958 by a large group of agriculture groups.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture. Awarded to a student pursuing a degree or diploma in Agriculture. The recipient must have been a 4-H member from Kings County, New Brunswick, or have parents who raise or breed Guernseys anywhere in New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Dr. Allan and Barbara MacKay Scholarship

Born in Heathbell, Pictou County, Nova Scotia, Dr. Allan MacKay received his early agricultural experience on the Spruce Grove Farm that had the distinction of having one of the first purebred Guernsey herds in Canada. He was a member of the Scotsburn Junior Dairy Calf Club and represented his province in the National competitions for club members at the Royal Winter Fair in Toronto in 1941. Dr. MacKay received his primary education at Heathbell School and his secondary education at Pictou Academy. He graduated from former N.S.A.C. in 1943 and obtained his Doctor of Veterinary Medicine from the Ontario Veterinary College in 1951. That same year he established a veterinary practice in Pictou County and continued his work until his retirement in 1991. Dr. MacKay is honoured for his program of animal health care, for his philosophy of preventing disease problems before they occur and his dedication to farm families in the area he served.

Eligibility: Awarded to a student with strong academic performance from the Faculty of Agriculture who plans to study veterinary medicine at the Atlantic Veterinary College.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Paul R. MacPhail PEI Potato Industry Scholarship

The roots of the Prince Edward Island Potato Board can be traced as far back as 1920, when the first Potato Growers' Association was formed on Prince Edward Island. A true marketing board followed in 1950 and was restructured as a producer controlled board under the Natural Products Marketing Act in 1990. The PEI Potato Board established this award in memory of Paul R. MacPhail.

Eligibility: Awarded to a PEI student studying at the technical or undergraduate level of an agricultural program. The recipient will demonstrate an interest in working in the potato industry through course work, research projects related to potato production and utilization (including all disciplines, e.g. pathology, biotechnology, entomology, etc). Awarded based on academic performance and the project's relevance to the improvement of the potato industry.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Edith Main Memorial Bursary

The NSVMA has created the Edith Main Memorial Bursary in her memory. Incorporated under the Veterinary Medical Act of the Province of Nova Scotia, the Nova Scotia Veterinary Medical Association (NSVMA) holds the responsibility to regulate the practice of veterinary medicine and to govern its members in accordance with this Act, regulations and the by-laws in order that the public interest may be served and protected.

Eligibility: Awarded to a Nova Scotia student in the second year or higher of a diploma or degree at the Faculty of Agriculture who intends to pursue a career in veterinary medicine.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Maritime Dairy Industry Scholarship

Dairy Farmers of Canada created this award to support Maritime students interested in the dairy industry. Dairy Farmers of Canada (DFC) is the national policy, lobbying and promotional organization representing Canada's farmers living on 12,529 dairy farms. DFC strives to create stable conditions for the Canadian dairy industry, today and in the future. It works to maintain policies that foster the viability of Canadian dairy farmers and promote dairy products and their health benefits.

Eligibility: Awarded to a third year student from the Maritime provinces enrolled in any Faculty of Agriculture program who shows commitment to and interest in the dairy industry, and professional and academic promise.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$2,000

Bill Mathewson Memorial Award

Bill Mathewson grew up on a hill sheep farm in Sma Glen, Scotland. He graduated with a BSc (Agriculture) in 1949 and later (1974) a MSc, both from Aberdeen University. On graduation 1949, he joined H.M. Overseas Civil Service. After further training in Cambridge and Trinidad, he was posted to Tanganyika, Africa where he worked for 14 years. On retirement in 1965, he worked for three years with the N.F.U. of Scotland in Edinburgh before immigrating with his family to Nova Scotia in 1968. He taught for 20 years at the Faculty of Agriculture. Bill retired in 1988 and was honored by his colleagues by being made Professor Emeritus. Much loved by students, faculty and the agricultural industry, Bill will be greatly missed. It is with his memory in mind, that Bill's friends and colleagues at the AC launched an award in his name.

Eligibility: Available to any student registered in any program at the Faculty of Agriculture participating in an international experience. In applying for consideration, students will submit a proposal to participate in such activities as a study semester abroad toward their degree/diploma, attendance at a conference to make a presentation, a specialized training course or an internship or development project.

Application Type: Contact awards@dal.ca for more information

Value: \$1,000

Donald McInnes Award

Established in 1904, Pictou Mutual Insurance Company is the oldest mutual insurance company in Nova Scotia. Initially established by a group of farmers who sought to provide local protection for each other in the event of loss, their company has grown to include more than 3,500 local and rural policyholders. Donald McInnes was born in 1933 on the original McInnes farm on Scotch Hill Road. A graduate of Pictou Academy high school, he attended the AC, graduating in 1955. As a shareholder of Scotsburn Co-op, Donald served as Director for 22 years and Chairman of the Board for 15 years. For 35 years Donald was active in the Pictou County Farmers Mutual Fire Insurance Company. Donald served first as an agent, then as a director and manager of the company. Due to Donald's sincere involvement with both the community and Pictou Mutual Insurance Company, an award has been created in his name which is funded by Pictou Mutual Insurance.

Eligibility: Available to a student enrolled at the Faculty of Agriculture. Selection criteria include commitment to and involvement in the community and leadership provided in student activities, academic performance and financial need. A student may not be selected for this award more than once.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Clint McLean Memorial Scholarship

The Clint McLean Memorial Scholarship was established by Clint's loving family, with contributions from his many friends and colleagues. Clint loved life and had many interests including entertaining, fine cooking, travel and music. To Clint family was everything; no amount of trouble, sacrifice, or inconvenience was too much. However, his heart was in agriculture. He lived and breathed agriculture, but dairy had a special corner in his heart. Not only did he talk the talk, he walked the walk. Clint was a graduate of NSAC (Class of 1979) and Guelph University. He was also an active member of his alumni associations, serving as Vice President and President for the Agriculture College Alumni. Clint served on the Agricultural Institute of Canada Board of Directors and on numerous institute committees. He served as the chair of the Atlantic Forage Crops Advisory committee and represented the Atlantic Provinces at the National Expert Committee on Forage. Clint was a distinguished and valued member of the NB Department of Agriculture, taking a leading role in innumerable initiatives to support the true stewards of the land; the farmers of Atlantic Canada. His career was that of a scientist with a human touch.

Eligibility: Awarded to a third or fourth year BSc(Agr) student, with a preference to a student from New Brunswick and a preference to a student involved in the study of dairy. Recipients will have strong academic standing and demonstrate financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$1,000

John Reginald (Reg) Moore Memorial Scholarships

Reg Moore was born in Economy Nova Scotia on August 25, 1917; the fifth of six children. He was educated in Economy and Bass River graduating in 1935. Reg then enrolled in Normal (Teachers) College in Truro. He taught in various locations in Nova Scotia until called up for service in the Royal Canadian Air Force in 1940. Reg served as a staff pilot and as a Coastal Command pilot in Canada and the United Kingdom. Returning to Canada in 1945 Reg enrolled in the Nova Scotia Agricultural College (now the Faculty of Agriculture, Dalhousie University). He graduated from the former NSAC in 1947. Reg spent his entire post war career at the FCC. First as a Credit Advisor, then as Branch Manager for Nova Scotia. In 1960 he was transferred to Saint John, New Brunswick as Executive Assistant to the Regional Manager Atlantic. By 1962 Reg had tired of doing office work and transfers (four in three years) so requested a transfer to field duties where he would have day to day contact with farmers. He was assigned to the Sussex, NB Office where he completed his career, retiring in 1981.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in a full-time capacity. Applicants must be permanent residents of Colchester County, Nova Scotia and will have completed at least one year of study. Selection will be based on financial need and a cumulative average of at least 3.00.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$600

Nova Scotia Animal Breeders Co-operative Limited Awards

The Nova Scotia Animal Breeders (NSAB) Co-op Limited specializes in an array of different cow options for their consumers. They offer products and supplies for cow farmers, and a multitude of service options. Some of the services offered are: artificial insemination, computer assisted herd mating, young sire program (Holstein), direct sales-owner breeders, and A.I. Sires.

Eligibility: Available to current students in the 2nd year of the BSc (Agriculture) with a major or minor in Animal Science or the 2nd year of a diploma with specialty in Dairy Farming or Agriculture. Recipients must have attended high school in Nova Scotia and demonstrate an interest in the dairy or beef industry through their farm backgrounds, course, and/or project work.

Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,250

Nova Scotia Federation of Agriculture Scholarship

Since 1895, the Nova Scotia Federation of Agriculture has represented the interests of Nova Scotia's agricultural community. Today its members account for well over 90% of all agricultural production in Nova Scotia. With an organizational structure that includes representation from 13 county and regional federations and 27 recognized agricultural commodity groups, the Federation brings together over 2,400 individual farm businesses representing all aspects of primary agriculture in the province.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia with farm or 4-H backgrounds. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: 2 @ \$500

Nova Scotia Federation of Agriculture 100th Anniversary Scholarship

In recognition of the 100th Anniversary of the Nova Scotia Federation of Agriculture in 1995.

Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture who are permanent residents of Nova Scotia with a farm background, financial need, and good academic performance.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Nova Scotia Institute of Agrologists Scholarships

Founded in 1953, the Nova Scotia Institute of Agrologists is the provincial organization authorized under the Agrologists Act to govern the professional conduct of its members, in support of the public interest. Persons who hold themselves out to be a professional agrologist must be registered with NSIA under the Act.

Eligibility: One will be awarded to a student entering their third year of the BSc(Agr) program and the second, recognizing the current anniversary of NSIA, to a student entering their second, third or fourth year of the BSc(Agr) program. Students must be from Nova Scotia and will be selected based on academic performance, participation in school and community activities, degree of interest in agrology, career plans in the Agri-food industry, and financial need.

Application Type: Faculty of Agriculture In-Course Award Application
Value: 2 @ \$1,000

Donald Palfrey Award

The Don Palfrey Award was established in memory of Don Palfrey in recognition of his many years of service and contributions to weed science in Nova Scotia. Don was born in Fort Fairfield, Maine. He received his formal education in Pictou County and he graduated from the AC in Truro, Nova Scotia and from McGill University in Montreal, Quebec with a Bachelor of Science in Plant Pathology. He worked for the N.S. Department of Agriculture in Marketing for 37 years, retiring as Supervisor of Weed Science, where he was a key player and helping in pioneering work in extension and research in weed control in Nova Scotia. Don also taught at the AC for 18 years, teaching courses in Weed Control and Plant Pathology. He was a distinguished life member of the N.S. Institute of Agrologists and the first honorary life member of the Atlantic Vegetation Management Association. As a result of Don Palfrey's sincere commitment to the Department of Agriculture and his field of interest, an award has been created to honor his memory and legacy.

Eligibility: Awarded to a final year undergraduate student carrying out a research project in the area of pest management, with preference to a student involved in weed science, either through academic work or summer employment.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Robert Parent Memorial Scholarship

The Robert Parent Memorial Scholarship was created in memory of Robert Parent who attended the Agricultural Campus and graduated in 1921. His wife, Laura E. Daisy Parent, left in their estate, wishes to establish a scholarship in his memory.

Eligibility: Available to an outstanding current student in any undergraduate program in the Faculty of Agriculture who has not qualified for other significant awards.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,200

Stuart Rath Junior A Bearcat Hockey Education Award Fund

The Stuart Rath Truro Bearcat Education Awards have been established to encourage the pursuit of university education among players with the Truro Junior A Bearcat Hockey Team ("The Bearcats") by providing tuition support for players enrolled at Dalhousie University. Stuart Rath, a very involved community member of Colchester County and surrounding area, established The Bearcat Hockey Education Award. Some of Stuarts endeavors are as follows: he serves as the Vice President of Truro Centre Ltd, and the President of Stuco Holdings Ltd. From 1985-1995 Stuart served as the President of Halifax Cablevision Ltd, from 1976-1985 he served as the President and General Manager of Eastern Cablevision, and from 1960-1975 he was the Chairman of the Truro Industrial Society. A few of Stuarts other accomplishments are being Director of Nova Scotia Business Inc. since March 2007, Director of Morien Resources Corp since December 1997, as well as serving as Director of Stuco Holdings Ltd. and Director of Erdene Resource Development Corporation since June 2006 until November 2012.

Eligibility: Available to entering or current technical and undergraduate students at the Faculty of Agriculture. Selection is based on academic performance and the recommendation of the team coaches.

Application Type: Automatic Consideration – No Application Required

Cliff and Grace Retson Memorial Scholarship

The Grace and Cliff Retson Memorial Bursary was first created by Grace in memory of her husband, Cliff Retson who graduated from the AC in 1934. Cliff passed away in 1997. Grace was born in Waskada, Manitoba and grew up in Kerrobert, Saskatchewan. She attended secretarial school in Saskatoon and after retiring, she received her Bachelor of Arts from St. Mary's University. Grace met Cliff, her husband of 56 years, while she was working at the Senate in Ottawa. They married on July 26, 1941 and moved to Truro in 1947. The Retson's (Grace & Cliff) hosted several international students studying at the Faculty of Agriculture over the years. It is for this reason and to ensure ongoing support of the educational interests of International students studying at Dal-AC, that Grace created the scholarship.

Eligibility: Available to international students in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, academic performance, and interest in and involvement in multi-cultural activities on campus.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$600

Ira L. Rhodenizer Memorial Scholarship

Ira Rhodenizer was born in 1890 in Parkdale, Lunenburg County, Nova Scotia and lived there for the majority of his life. He served in the Canadian Army from 1914 to 1919 and was wounded overseas during World War I. He later became a farmer, storekeeper, and lumberman in Parkdale, NS. He was greatly interested in community life and was associated with farmer's organizations for many years. He was married and had seven children. He was a member of the Baptist Church, the I.O.O.F. and Masons. Ira was active in Nova Scotia Guides and Fish and Game Associations, had been a municipal counsellor and President of the Lunenburg Centre Liberal Association. He was a Director of the Nova Scotia Federation of Agriculture and was killed in a car accident on the way to a meeting of this organization in August 1958. The Ira L. Rhodenizer Memorial Scholarship was provided by the Federation as a memorial for his dedication and contributions through the years.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia.

Selection criteria include academic performance, involvement in student affairs, and participation in the 4-H program.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dr. Robert G. Rix Family Farm Scholarship

Robert (Bob) Rix was born in Halifax on July 29th, 1948. Robert graduated from Dalhousie University Dental School in 1974. He practiced in Musquodoboit Harbour, Tatamagouche, and Winsloe, PEI, prior to opening his own dental practice in Bible Hill. He took great interest in his profession and knew the family trees of most of his patients and will be fondly remembered by everyone for his excellent dentistry, story-telling, knowledge of American History, love of gardening, tinkering with mechanical items, love of nature and his family. Robert had originally established the "Robert G. Rix Family Farm Bursary" in 1985. Although not having a farm background himself, he shared his beliefs that everyone's roots are in the land and he felt his way to contribute to the importance of agriculture to our society was through this small bursary each year. A couple years ago, the award became known as the "Dr. Robert G. Rix Scholarship" to allow support to a student where the need was greatest. After Robert's passing, one of the faculty provided funds to continue the bursary in Robert's name. Since then, Robert's family has graciously supported the scholarship to allow his legacy and memory to live on.

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who has shown determination and dedication to operating a family farm.

Recipients will have demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$300

J. Arnold Roberts Memorial Scholarship

The J. Arnold Roberts Memorial Scholarship was created by Elsie Roberts in memory of her husband, Arnold Roberts. Establishing a scholarship in memory of a loved one is a wonderful way to ensure their legacy and memory lives on, and this is what Elsie wished for her late husband.

Eligibility: Available to current students in any year of an undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces. Awarded to an outstanding student who is not receiving a scholarship of greater value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Ted Rose Memorial Scholarship

The Ted Rose Memorial Scholarship was created by Mrs. Ann M. Rose in memory of her husband, Ted. Ted had grown up on a dairy farm in Urbania, near Shubenacadie. Ted and his brother Percy ran the farm after the death of their father. Although no one from the family had any connection to the AC, Mrs. Rose had a soft spot for farming, admitting there can be "nothing as rewarding as farming." Rose wanted to provide a scholarship to a deserving young person who is interested in farming themselves someday, while honoring her husband's memory.

Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Awarded to a student who plans to operate a livestock farm. Selection criteria include financial need, academic performance and a documented commitment to animal welfare.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Rotary Club of Truro International Student Bursary

The Rotary Club of Truro has been part of the fabric of the community of Truro as well as the network of Rotary Clubs around the world since 1926. The Rotary Club of Truro is proud of its years of service and benevolence in the community and internationally. In addition to providing assistance to countless individuals with special needs for medical treatment or equipment over the years, the Club has continued to focus on the needs of children with disabilities.

Eligibility: Available to a current international student at the Faculty of Agriculture. Preference will be given to students registered in a program of study and registered full time, with additional preference given to students studying for the full year. Special consideration will be given to students who came from a developing country and plan to return and apply their education there. All students paying the international tuition differential are eligible for consideration. Selection criteria include financial need and potential impact of the bursary on the student's lifestyle while at school and their future plans.

Value: \$1,000

Rick Russell Memorial Scholarship

Rick Russell passed away Saturday, July 3rd, 2004 after a courageous battle with cancer. After graduating from NSAC, Rick was employed at the College as the swine herdsman for 20 years and then as manager of the fur unit for 4 years. Rick was the coach of the former NSAC Woodsmen Team for 24 years. He was well respected by both his peers and the athletes he coached. He was always giving of himself and was recognized for his unselfish devotion to the college community by the AC Student population by being given the Student Appreciation Award in 1995. Due to his sincere commitment to NSAC and his community, a scholarship has been created in his memory.

Eligibility: Available to current student athletes in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, involvement and leadership in the Woodsmen program, and satisfactory academic performance.

Jack Sibley Agriculture Bursary

This award was established by the John & Judy Bragg Foundation to honour John D (Jack) Sibley. Jack was born in 1937 at Meaghers Grant in Nova Scotia's Musquodoboit Valley and graduated from Musquodoboit Rural High School in 1954. After receiving a BA from Mount Allison University in 1957 he attended the Nova Scotia Agricultural College and is an alumnus of the Class of 1959. He began his working career as a teacher and then moved on to work for several years as a field manager for McCain Foods. In 1965 he returned to Nova Scotia and spent the next 29 years as a wild blueberry extension specialist with the Department of Agriculture and Marketing. In 1994 he retired from this position and in 1997 began work with WBANA Canada in wild blueberry promotion, retiring in 2011 after a total of 44 years of service to the wild blueberry industry. Jack had a number of part-time careers which included operating his own wild blueberry acreage, working as a musician and MC, and teaching old-time fiddling to children from the Truro area.

Eligibility: Awarded to a full-time technical or undergraduate student at the Faculty of Agriculture who demonstrates financial need.

Value: \$1,000

Sodhi Memorial Bursary

This bursary was established by the Sodhi family in memory of Mr. Bhagat S. Sodhi, long-time librarian at the former Nova Scotia Agricultural College. Mr. Sodhi immigrated to Canada in the 1960's, in search of opportunity for his future family. After meeting and bringing his wife Darshan to Canada, they settled in Truro, NS, and began their family. Mr. Sodhi began working at the former Agricultural College in 1968, when the campus library was housed in Cox Institute. He was instrumental in moving the library to its current location at the MacRae Library, acting as head librarian until 1995. Mr. Sodhi considered the library staff as a second family. As a tribute to his memory, the Sodhi Family established an award in his name upon his passing on June 1st, 2009.

Eligibility: Available to current international students at the Faculty of Agriculture in good academic standing, with preference given to students in undergraduate and technical programs based on financial need. Students in all programs of study are eligible.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Sport Leadership Award

The Sport Leadership Award recognizes a high school varsity athlete enrolling full time in a program of study and planning on participating in a sport at the varsity level at the Faculty of Agriculture.

Eligibility: Available to entering technical or undergraduate students at the Faculty of Agriculture with an admissions average of at least 75%. Recipients of other major entrance scholarships are not eligible. Selection criteria include financial need, sport skills and leadership.

Application Type: Automatic Consideration – No Application Required

Phillip Stead Memorial Leadership Award

Phillip Stead graduated from the former Nova Scotia Agricultural College in 1965 with a degree certificate. He left Nova Scotia to complete his BSc. in Animal Science at McGill University and returned in 1967 to begin what was to be a long and successful career with the Nova Scotia Department of Agriculture, working as a sheep specialist with the Animal Industry Branch. In 1972 Phil continued his education by completing a MSc. in Agriculture and Nutrition at Virginia Polytechnic Institute

and State University. For his passion for community involvement and his long standing contributions to Agriculture, a memorial award has been created in his name. Eligibility: An award will be presented annually to a student who has exhibited outstanding leadership at the Faculty of Agriculture and/or within the community. Nominations for the award will be received by a committee representing the Student Leadership program at the Faculty of Agriculture and a member of the sponsoring body for the award (Nova Scotia/Newfoundland Holstein Branch). The committee will select an awardee from those nominated who best represents the leadership qualities and performance in the past year or number of years that would be a model for others. Selection criteria may also include academic performance, financial need, and the other awards that have been granted to the nominee. Application Type: Contact the Faculty for more information

Captain R. M. Steele Memorial Fellowship

Captain Richard Steele was a founding member of the Atlantic Chapter of the Rhododendron Society of Canada (RSCAR) and supported the creation of the Atlantic Rhododendron & Horticultural Society. He faithfully attended, and contributed to, meetings and programs. A mentor and friend to many, and with an international network of plants people, he was a major influence on horticulture, locally and further afield. RSCAR members in the early days established the tradition of the annual Steele Lecture, the objective being to bring a top-ranking plants person to Nova Scotia as a guest speaker. Captain Steele died March 14th 2010. Eligibility: Awarded to a final year undergraduate student in the Faculty of Agriculture who intends to pursue plant-related studies at the graduate level. Application Type: Faculty of Agriculture In-Course Award Application Application Deadline: Check dal.ca/scholarships for application deadline Value: \$1,000

Stewiacke Valley Garden Club Scholarship

Stewiacke Valley is located in the Southern area of Colchester County. The Stewiacke Valley Garden Club is involved in the beautification of the Valley, as the Club is a part of the Nova Scotia Association of Garden Clubs which promote the general landscape beautification of the province. The Club hosts a multitude of events, such as speakers on Horticulture, etc., bake sale events, plant sale events, and more. Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Applicant must be from the Stewiacke Valley area of Nova Scotia. Selection criteria include involvement in extra-curricular and community affairs, financial need, and academic performance. Application Type: Faculty of Agriculture In-Course Award Application Application Deadline: Check dal.ca/scholarships for application deadline Value: \$250

Catherine and Alexander Sutherland Bursary

This bursary was established in memory of Victor Sutherland's parents, Catherine and Alexander Sutherland. Born in the 1890s in the area of Earltown, Nova Scotia, Catherine and Alexander operated the Earltown General Store. Over a century later, this store still operates, under other ownership. Alexander also operated a saw mill, while Catherine managed the books and ran the store. In 1939 the family moved to Truro and operated a second store in Bible Hill, near the Nova Scotia Agricultural College. Alexander died in 1943, and Catherine continued to raise their three children. Catherine died in 1972, having lived a very full and satisfying life. Victor Sutherland is an alumnus of the Nova Scotia Agricultural College, Class of 1954. After completing his diploma at the NSAC, now the Dalhousie University Faculty of Agriculture, Victor completed a degree in geology at Acadia University. He spent his career working in the oil and gas industry, including forming his own company, Northrock Resources, in 1986. Eligibility: Awarded to a full-time Faculty of Agriculture technical or undergraduate student who demonstrates financial need. Preference is given to students who have attended high school in Truro, and then to students who attended high school in Colchester County. Application Type: Faculty of Agriculture In-Course Award Application

Syngenta Canada Inc. Awards

Syngenta is one of the world's leading companies with more than 28,000 employees in some 90 countries dedicated to their purpose: Bringing plant potential to life. Syngenta's mission is to make a difference for smallholders in developing countries. By helping them become more professional growers, they want to achieve added value for rural communities. One way they do that is through technical innovation. Equally important is access to markets, enabling smallholders both to buy inputs and sell their produce. These and other factors are all essential for sustainability successful agriculture. Eligibility: Available to a technical or undergraduate student in any program in the Faculty of Agriculture. Awarded to students whose course and project work reflect an interest in the Maritime potato industry. Applicants will be required to submit a 300-500 word essay expressing opinion on a topic relating to the crop protection industry. Selection criteria include academic performance, and potato farm experience or background. Application Type: Faculty of Agriculture In-Course Award Application Application Deadline: Check dal.ca/scholarships for application deadline Value: \$500

Bruce Trenholm/Atlantic '86 Scholarship

Bruce was born on the family farm in Grand Pre, Kings County, he graduated from the former Nova Scotia Agricultural College and MacDonald College, receiving his Bachelor of Science Degree in Animal Husbandry in 1947. Upon graduating from McDonald College he served as the Agricultural Representative in Yarmouth and then taught Animal Husbandry at the former Nova Scotia Agricultural College for three years. In 1952 he took over the family farm going on to establish the well-known Brulo herd. Bruce's contributions to agriculture have been many and varied and are worthy of recognition in the Atlantic Agricultural Hall of Fame. He had a lifelong interest in Holstein cattle and was Master Breeder and Past President of Holstein Canada. In 1986, the year of Bruce's death, he coordinated Atlantic '86 – the Annual National Convention of Holstein Canada. This scholarship was established in his name as an on-going memorial. Eligibility: Available to students entering their final year in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces, have a Holstein farm or 4-H (Holstein calf project) background. Selection criteria include academic performance and career goals. Application Type: Faculty of Agriculture In-Course Award Application Application Deadline: Check dal.ca/scholarships for application deadline Value: \$500

University Medal in Integrated Environmental Management

Awarded to the graduating Integrated Environmental Management student with the highest standing. Application Type: Automatic Consideration – No Application Required

University Silver Medal

This medal is awarded to the student who is judged to be the leading First Class Honours student among graduates of baccalaureate programs. The recipient cannot have received the Governor General's Silver Medal. Application Type: Automatic Consideration – No Application Required

Eric Williams Memorial Scholarships

Born in 1938 Eric P. Williams started farming in 1959 with nine cows and twenty acres. Today the Williams' family own and operate a two hundred head Holstein dairy farm in the Goulds and employ a nephew and one other worker. Eric worked hard to introduce supply management for milk producers in Newfoundland. In 1983 he was appointed the first chair of the Newfoundland Milk Marketing Board now known as the Dairy Farmers of Newfoundland and Labrador. During his lifetime he fought to improve the cost of production formula for milk producers in the province. Eric was also nominated by the Dairy Farmers of Newfoundland and Labrador in recognition of his tremendous contributions to agriculture, to become an inductee into the Atlantic Agricultural Hall of Fame. It is for the same reasons that the Dairy Farmers of Newfoundland and Labrador have established a scholarship in his memory for his dedication and commitment to agriculture.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program in the Faculty of Agriculture.

Applicants must be permanent residents of Newfoundland and Labrador. Selection will be based on academic performance. Typically one award is given to a technical student and the other to an degree-seeking student.

Value: \$1,000

Zhuhui Ye Memorial Award

This fund was established by classmates of Zhuhui Ye (Kevin) to honour his memory. Kevin attended the former Nova Scotia Agricultural College as part of the FAFU 2+2 program, earning his BSc(Agr) in Aquaculture in 2012. Kevin continued his studies with the Dalhousie MSc. program. On September 8, 2012, Kevin lost his life in a drowning accident at Dollar Lake Provincial Park. Kevin is well remembered as an intelligent, popular, and outgoing man whose generosity touched the lives of many friends. The intent of the Zhuhui Ye Memorial Award is to further the understanding of culture and relationship between Chinese and Canadian students by supporting the FAFU/DAC 2+2 program.

Eligibility: Award to a Chinese student in the FAFU 2+2 program or another student demonstrating a commitment to and involvement with the FAFU 2+2 program at the Faculty of Agriculture, in addition to academic performance and financial need.

Class of 1950 Award Fund

The Class of '50 Award was first established in 2000 at the Class of 1950, 50th anniversary weekend celebration. President, Don Young and Vice-President, Jack Johnson spearheaded the campaign to get their classmates involved in their commitment to help future AC students. The group recognizes the difficulty that young students face to finance their post-secondary education, as they too faced similar challenges. After a great deal of preparatory work from Don, Jack and Cliff McIsaac, a proposal was created for the Class of '50 Award fund of to assist deserving students to "stick with it." The group of classmates have made and continue to make significant contributions to the campus and students.

Eligibility: Available to current students in financial need in any technical or undergraduate program in the Faculty of Agriculture.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Class of 1960 Memorial Bursary

In recognition of their 50th reunion, classmates established the Class of 1960 Memorial Bursary. Classmates contributed generously to this fund, with the intention of supporting an AC student. Their wish is to honour their deceased classmates who contributed to this fund, and who valued the experience and education they received at the Nova Scotia Agricultural College.

Eligibility: Awarded to a full-time technical or undergraduate student enrolled in any program at the Faculty of Agriculture who has demonstrated financial need.
Application Type: Faculty of Agriculture In-Course Award Application

Charles M. Collins Memorial Scholarship

The scholarship is in memory of Charles McKittrick Collins who spent the years 1936-1962 working in various positions in the agricultural industry in Nova Scotia, including teaching at Dalhousie's Agricultural Campus for twenty-five years. Collins Horticultural Building on the Dal-AC campus is named in his honour as well. Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in the Bachelor of Technology program in Environmental Landscape Horticulture who have not qualified for other significant awards.

Value: \$1,200

George and Lottie Cook Memorial Scholarship

Lottie Cook first developed her passion for agriculture on her family farm on Cape Breton Island. Lottie's parents were pioneers in the agricultural industry, and her father a renowned farmer. At a young age Lottie became involved in 4-H where she achieved some of the club's top honours. She later graduated from the former Nova Scotia Agricultural College and worked as an assistant agricultural representative to J.C.F MacDonnell for many years. In 1943 Lottie married George Cook and the pair later opened a chick hatchery in Truro and became one of the foremost producers of high quality chicks in the Maritime Provinces. After the passing of her husband in 1954, Lottie continued to operate the family business. Due to Lottie's involvement in the agricultural industry and former NSAC community from both herself and family business, a scholarship has been created in her and her husband's name.

Eligibility: Available to students from Nova Scotia in the first or second year of a technical or undergraduate program at the Faculty of Agriculture. Selection criteria include academic performance and financial need.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$500

Dr. Kenneth Cox Memorial Scholarship

The Dr. Kenneth Cox Scholarship was created by the class of 1964 as a tribute for the retiring Principal of the former Nova Scotia Agricultural College. Dr. Kenneth Cox followed a very distinguished career in the Maritime agricultural industry. His early training was at the former NSAC, now known as the Faculty of Agriculture, where he graduated with the Class of 1921. He continued his studies at the Ontario Agricultural College graduating in 1924 with a Bachelor of Science in Agriculture. Eligibility: Available to students entering the final year of the Bachelor of Science (Agriculture) program or a diploma program.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$250

Dairy Farmers of Nova Scotia Award

The Dairy Farmers of Nova Scotia organization was created through legislation enacted in 2001, and replaces the former Nova Scotia Dairy Commission. The organization exists under the umbrella of the Natural Products Marketing Council of the Department of Agriculture. The Dairy Farmers of Nova Scotia bursary has been active since 1989 and continues to help support students with their post-secondary education.

Eligibility: Available to a third or fourth year Bachelor of Science (Agriculture) student or a graduate student from Nova Scotia undertaking course or project work related to the dairy industry. Selection criteria include proven interest and experience in the dairy industry, the potential beneficial impact of study on the Nova Scotia dairy industry, and academic performance.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Dartmouth Horticultural Society Scholarships

The Dartmouth Horticultural Society is a gardening club whose aim is to promote, enrich and expand the practice of amateur gardening. Monthly meetings are held where their guest speakers from inside and outside the Society share their knowledge. In addition club experts are available for formal and informal exchange of ideas. Some of the club's activities include a plant sale, a flower show, the planting and maintaining of a raised bed in Leighton Dillman Park, plant exchanges, and garden tours

Eligibility: Available to upper-year students in any plant-related undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to students from the Halifax Regional Municipality, followed by all Nova Scotia residents, followed by residents of other Canadian provinces. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dalhousie Agricultural Students' Association Awards

Dalhousie Agricultural Students' Association (DASA) is the student association for all students at the Dalhousie Agricultural Campus. DASA is the official voice of the student body, and provides leadership and vision for the students of the Agricultural Campus. DASA promotes student engagement and leadership through various campus activities including Orientation, Shinerama, College Royal and Winter Carnival. DASA also promotes student engagement within the surrounding communities of Truro and Bible Hill. DASA works closely with Student Services and Administration to collectively provide a welcoming community dedicated to higher learning and service to the community.

Eligibility: Awarded to students enrolled in the Faculty of Agriculture who have demonstrated, in the current academic year, exceptional school spirit and involvement in any or all of the following: DASA sponsored events, volunteering, campus community leadership.

Application Type: Automatic Consideration – No Application Required

Value: 2 @ \$300

K. de Geus Memorial Prize for Plant Science

The K de Geus Memorial Prize was created in memory of Klaus de Geus. Klaus, met his wife, Christina "Tina" de Geus, in DeBeemster, The Netherlands. Klaus and Tina immigrated to Canada in 1957 with their three children, Gram, Louise, and Tineke. When they arrived in Canada, they decided to settle in Nova Scotia where they made a new life for their family, including setting up and running a successful flower shop and landscaping business in Bridgetown. Tina took great pleasure in her work as a floral designer. Over the years, she gave many demonstrations on all aspects of floral designing. This led to a career in teaching floral design in the continuing education department of the former Nova Scotia Agricultural College.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture, based on high standing in course work, with preference to students in the Horticultural field.

Application Type: Automatic Consideration – No Application Required

Ernest L. Eaton Memorial Scholarship

Throughout Mr. Eaton's lifetime he maintained a keen interest in scientific agriculture, and the education and development of the interested young people. He personally established the Ernest L. Eaton Scholarships, and made provision for them to continue in perpetuity. Although none of his children are directly active in farming, they all are interested in, and support, the fine work being done at present at the Agricultural Campus. The hope for the recipient of the Ernest L. Eaton Scholarship is to encourage the pursuit of excellence in both academic and scientific activities.

Eligibility: Available to students entering third year of the Bachelor of Science (Agriculture) program based on performance in second year. Recipient cannot have received another scholarship of higher value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Egg Farmers of Newfoundland and Labrador Scholarship

The Egg Farmers of Newfoundland and Labrador (formerly the Egg Producers of Newfoundland and Labrador) is a commodity board governing the production of eggs.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program. Applicants must be permanent residents of Newfoundland and Labrador.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Noel Enman Memorial Award

To honor the memory of Noel Enman, a former Agricultural Campus Animal Science Technician-Agricultural Technology student, 1979-1982, the Alumni Association has established a fund for the Noel Enman Memorial Award.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture whose personality and fellowship have contributed to student life and activities, thereby gaining the respect of the students and faculty.

Application Type: Automatic Consideration – No Application Required

Faculty of Agriculture Mature Student Bursary

At the Faculty of Agriculture, the student body demographics have shifted dramatically over the past generation. We have increasingly more students transfer from other institutions or begin studies as a visiting or mature student. The 2012 Annual Appeal for the Faculty of Agriculture focused on raising funds for an endowment that would benefit mature students. In addition, alumnus Charles MacQuarrie directed that his planned gift benefit Faculty of Agriculture mature students.

Eligibility: Students enrolled at the Faculty of Agriculture in full-time studies who demonstrate financial need and are mature students (as defined by the Registrar's Office).

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$1,000

Fall River Garden Club Bursary

The Fall River Garden Club's mission is to promote the improvement of home and community flower and vegetable gardens, lawns, trees and landscaping through

friendly sharing of information, work and education. During the year they run fund raising events in order to raise money to beautify the neighborhoods. Their main fundraiser is their annual plant sale followed by an area garden tour whereby members open their gardens for viewing to the general public. The monies raised at these events go towards supporting Santa's Express and giving a Bursary to a student at the Agriculture Campus studying horticulture. In addition, the gardens maintained in the surrounding areas are also funded from these events.

Eligibility: Available to a first year student in a Horticulture program at the Faculty of Agriculture in good academic standing, with preference given to students from the Fall River, Waverley, Wellington, Oakfield, Lakeview or Windsor Junction, Nova Scotia areas. Other residents of Nova Scotia will be considered. Applicants will have demonstrated financial need and well-developed career plans.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$250

Farm Focus Scholarship

Farm Focus of Atlantic Canada is an agricultural newspaper that covers the Atlantic Provinces and their diverse food production. The publication contains information on the various sectors of the agricultural industry, including: regional, national, and international news; profiles on farms and farm families; 4-H; features on new innovations and technology; and editorials and opinions on issues of importance to the farming community.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture at Dalhousie. Selection is based on financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$200

Ena Fenton Memorial Scholarship

Ena Fenton was a founding member of the Bedford Horticultural Society in 1950. Ena was an enthusiastic and willing participant in every function of that group for 47 years. Mrs. Fenton had been a teacher prior to her marriage and had always been interested in the education of young people. After her death in 1977, the Society decided to name their scholarship in her honor. They feel certain that she would have been very pleased by their acknowledgment of her interest in the development of Horticulture and Landscaping in Nova Scotia.

Eligibility: Available to students studying Horticulture or Environmental Studies, entering the second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to those from Bedford, Sackville, and Waverley. In years when no student from Bedford, Sackville, or Waverley applies for the scholarship, consideration will be given to other students from the Halifax Regional Municipality (excluding those from Halifax and Dartmouth). Selection will be based on financial need, career plans, and academic performance.

Value: \$50

Dr. Gerry W. Friars Undergraduate Research Prize

Dr. Friars, a former NSAC Alumnus, was introduced to scientific research by an undergraduate research project. This was the beginning of a career in research in teaching. In recognition of the significance of this first research experience, Dr. Friars has provided a sum of money to endow an Undergraduate Research Award.

Eligibility: Awarded to a graduating undergraduate student from the Faculty of Agriculture who is judged to have completed the best written research report as part of the fourth-year project requirements.

Application Type: Automatic Consideration – No Application Required

Value: \$250

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct".

Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Bronze Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of technical programs.

Value: \$1,250

Jennifer Hayes Starratt Scholarship

The Jennifer Hayes Starratt Scholarship was created by Jennifer's husband, Mark, as a Christmas gift. Jennifer Starratt attended the Agricultural campus and graduated in 1996 with a Bachelor of Science in Agriculture. According to her husband the Agricultural campus holds a very special place in Jennifer's heart and having a scholarship created in her name, is something very special to her. Due to the couple's success in their professional lives, they were able to create a legacy to give back to the communities that have helped enrich their lives.

Eligibility: Available to female students entering their final year of the Bachelor of Science (Agriculture) program, with preference given to students who have completed their first three years at the Faculty of Agriculture. Selection will be based on academic performance, leadership, and involvement in campus activities. The scholarship will not be awarded to a student receiving other significant scholarships.

Value: \$1,500

Anna Helvig Schousboe Memorial Scholarship

This scholarship was established with the Department of Agriculture, Fisheries and Aquaculture, Government of New Brunswick, in memory of Anna Helvig Schousboe. Anna and her husband Gustav emigrated from Denmark in 1928 and became lifelong Kings Co. NB farmers and also very active in their community.

Always strong believers in the value of education, after her death in 1993 Gustav endowed this scholarship in her memory to assist New Brunswick youth in pursuing studies in the agricultural field.

Eligibility: Awarded to a resident from Kings County, New Brunswick, working towards a degree or diploma in agriculture at the Faculty of Agriculture. Applicants must be permanent residents of Kings County, New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

John Higgins Memorial Scholarship

John was a founding member of The Atlantic Association of Landscape Designers in 1992. He was instrumental to the development of Canada's first ever Certification Program for Landscape Designers, which was available to all designers in the Atlantic Region, and pre-empted the National Certification Program by several years.

John Higgins' dedication and enthusiasm for the Landscape Design Industry throughout his career was unfaltering, his contributions immeasurable. It is for these reasons that AALD decided to offer a Design Scholarship for students attending the AC, to be dedicated in his name. The Atlantic Association of Landscape Designers hope is that, in part through this scholarship, his legacy will live on.

Eligibility: Available to students entering third year of the Bachelor of Technology in Environmental Landscape Horticulture program in the Faculty of Agriculture.

Selection criteria include academic performance and skill and interest in landscape design.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Randy and Gladys Keddy Memorial Scholarship

The Randy & Gladys Keddy Memorial Bursary was established by their son, Stewart Keddy in memory of his parents to provide an on-going legacy that is meaningful for family members and friends. Stewart graduated from the Faculty of Agriculture in 1967, from McGill University in 1969, and from Dalhousie Dentistry in 1974, where he was recognized for excellence in endodontics and radiology. Stewart practiced as a dentist for 37 years. He served in the Dental Corps from 1974-1979 and was a founding partner of Purdy's Wharf Dental Group from 1985 until his retirement in 2011. He held memberships in the Nova Scotia Dental Association, Canadian Dental Association, and Academy of General Dentistry.

Eligibility: Available to students entering second year of a diploma program or the third year of a degree program in the Faculty of Agriculture, with preference given to students from the Annapolis Valley of Nova Scotia with farm backgrounds. Awarded to a student whose background, program of study, course and project work and summer employment show a genuine interest in working in the agricultural industry following graduation. Selection criteria include career goals, academic performance, and financial need. Students receiving other scholarships of greater value will not be eligible for this scholarship.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Kings Mutual Insurance Scholarships

In memory of Past Directors, the Kings Mutual Insurance Company awards scholarships to students in the Faculty of Agriculture. The Kings County Federation of Agriculture represents the interest of the agricultural community in Kings County and is an active voice for its 395 members with the Nova Scotia Federation of

Agriculture, Council of Leaders and provincial and national governments.

Eligibility: Available to students in any technical or undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia. Selection criteria include financial need, academic performance, and demonstrated interest in a career in the Agri-food industry as reflected by summer employment and/or extra-curricular involvement. This scholarship is not available to students receiving other scholarships of greater value. At least one scholarship will be awarded annually to a technical-level student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

P. Max Kuhn Scholarship

P. Max Kuhn grew up on a small farm in Lawrencetown, Halifax County. He lived from 1887 until 1928 and was the father to Bernard G. Kuhn. Max attended one year of the former NSAC General Course in 1908-1909. He was not able to return the next year because of need for him at home and shortage of funds, it was a great disappointment to him. That year was his only year of formal schooling; his home was so isolated that he was never able to attend grade school or high school, and his mother taught him at home. Max was a dedicated, hard-working farmer, and he made great use of his AC training. He bought his own Manor Hill Farm in 1918, located on Woodlawn Road (Portland Street) just outside what were then the town limits of Dartmouth. He market-gardened and ran a dairy there until his death. It was Bernard's wish to establish this scholarship to recognize his father, Max, give education opportunity to others beyond what his father had, and to "repay Nova Scotia, former NSAC and Canada in small part for the education and support that he received here" (Bernard G. Kuhn).

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture at Dalhousie, with preference given to students who have completed at least one year of study. Applicants must be permanent residents of Nova Scotia, with preference to students from the Halifax Regional Municipality. Awarded to a student with a farm background or those whose course and project work and summer employment demonstrates an interest in working in the agriculture industry after graduation. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Landscape Nova Scotia Award

Landscape Nova Scotia's mission is to promote high standards in product quality, professional service and conduct in the horticultural trades industry; and to encourage the use of Association members by the public. Landscape Nova Scotia has been a voice for the landscape and horticultural industry for more than 20 years in Nova Scotia, and are committed to providing consumers with options to make informed decisions.

Eligibility: Available to students in a landscape-related undergraduate program in the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Raymond Loo Memorial Scholarship in Organic Agriculture

Raymond Loo was a certified organic farmer from Springfield, PEI where he operated Springwillow Farms. Ensuring there was room for wildlife on the farm and exploring ways to produce healthy food with the smallest environmental impact was very important to Raymond. Committed to promoting better farming practices in his community, he was a founding member of ACORN and board director for 6 years. Raymond also helped found and was the first president of the PEI Certified Organic Producers Cooperative. Raymond was dedicated to his province and the field of organic agriculture and was recognized greatly for his contributions.

Eligibility: Awarded to an undergraduate or technical student at the Faculty of Agriculture enrolled in at least one organic agriculture course offered on the Dalhousie Agricultural Campus.

Application Type: Faculty of Agriculture In-Course Award Application

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

C. C. MacDougall Memorial Scholarship

C.C. MacDougal was the first district agriculturist to work with the NB Department of Agriculture in Sussex. The C.C. MacDougall Memorial Scholarship was established in 1958 by a large group of agriculture groups.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture. Awarded to a student pursuing a degree or diploma in Agriculture. The recipient must have been a 4-H member from Kings County, New Brunswick, or have parents who raise or breed Guernseys anywhere in New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Dr. Allan and Barbara MacKay Scholarship

Born in Heathbell, Pictou County, Nova Scotia, Dr. Allan MacKay received his early agricultural experience on the Spruce Grove Farm that had the distinction of having one of the first purebred Guernsey herds in Canada. He was a member of the Scotsburn Junior Dairy Calf Club and represented his province in the National competitions for club members at the Royal Winter Fair in Toronto in 1941. Dr. MacKay received his primary education at Heathbell School and his secondary education at Pictou Academy. He graduated from former N.S.A.C. in 1943 and obtained his Doctor of Veterinary Medicine from the Ontario Veterinary College in 1951. That same year he established a veterinary practice in Pictou County and continued his work until his retirement in 1991. Dr. MacKay is honoured for his program of animal health care, for his philosophy of preventing disease problems before they occur and his dedication to farm families in the area he served.

Eligibility: Awarded to a student with strong academic performance from the Faculty of Agriculture who plans to study veterinary medicine at the Atlantic Veterinary College.

Paul R. MacPhail PEI Potato Industry Scholarship

The roots of the Prince Edward Island Potato Board can be traced as far back as 1920, when the first Potato Growers' Association was formed on Prince Edward Island. A true marketing board followed in 1950 and was restructured as a producer controlled board under the Natural Products Marketing Act in 1990. The PEI Potato Board established this award in memory of Paul R. MacPhail.

Eligibility: Awarded to a PEI student studying at the technical or undergraduate level of an agricultural program. The recipient will demonstrate an interest in working in the potato industry through course work, research projects related to potato production and utilization (including all disciplines, e.g. pathology, biotechnology, entomology, etc). Awarded based on academic performance and the project's relevance to the improvement of the potato industry.

Maritime Dairy Industry Scholarship

Dairy Farmers of Canada created this award to support Maritime students interested in the dairy industry. Dairy Farmers of Canada (DFC) is the national policy, lobbying and promotional organization representing Canada's farmers living on 12,529 dairy farms. DFC strives to create stable conditions for the Canadian dairy industry, today and in the future. It works to maintain policies that foster the viability of Canadian dairy farmers and promote dairy products and their health benefits.

Eligibility: Awarded to a third year student from the Maritime provinces enrolled in any Faculty of Agriculture program who shows commitment to and interest in the dairy industry, and professional and academic promise.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$2,000

Bill Mathewson Memorial Award

Bill Mathewson grew up on a hill sheep farm in Sma Glen, Scotland. He graduated with a BSc (Agriculture) in 1949 and later (1974) a MSc. both from Aberdeen University. On graduation 1949, he joined H.M. Overseas Civil Service. After further training in Cambridge and Trinidad, he was posted to Tanganyika, Africa where he worked for 14 years. On retirement in 1965, he worked for three years with the N.F.U. of Scotland in Edinburgh before immigrating with his family to Nova Scotia in 1968. He taught for 20 years at the Faculty of Agriculture. Bill retired in 1988 and was honored by his colleagues by being made Professor Emeritus. Much loved by students, faculty and the agricultural industry, Bill will be greatly missed. It is with his memory in mind, that Bill's friends and colleagues at the AC launched an award in his name.

Eligibility: Available to any student registered in any program at the Faculty of Agriculture participating in an international experience. In applying for consideration, students will submit a proposal to participate in such activities as a study semester abroad toward their degree/diploma, attendance at a conference to make a presentation, a specialized training course or an internship or development project.

Value: \$1,000

Donald McInnes Award

Established in 1904, Pictou Mutual Insurance Company is the oldest mutual insurance company in Nova Scotia. Initially established by a group of farmers who sought to provide local protection for each other in the event of loss, their company has grown to include more than 3,500 local and rural policyholders. Donald McInnes was born in 1933 on the original McInnes farm on Scotch Hill Road. A graduate of Pictou Academy high school, he attended the AC, graduating in 1955. As a shareholder of Scotsburn Co-op, Donald served as Director for 22 years and Chairman of the Board for 15 years. For 35 years Donald was active in the Pictou County Farmers Mutual Fire Insurance Company. Donald served first as an agent, then as a director and manager of the company. Due to Donald's sincere involvement with both the community and Pictou Mutual Insurance Company, an award has been created in his name which is funded by Pictou Mutual Insurance.

Eligibility: Available to a student enrolled at the Faculty of Agriculture. Selection criteria include commitment to and involvement in the community and leadership provided in student activities, academic performance and financial need. A student may not be selected for this award more than once.

John Reginald (Reg) Moore Memorial Scholarships

Reg Moore was born in Economy Nova Scotia on August 25, 1917; the fifth of six children. He was educated in Economy and Bass River graduating in 1935. Reg then enrolled in Normal (Teachers) College in Truro. He taught in various locations in Nova Scotia until called up for service in the Royal Canadian Air Force in 1940. Reg served as a staff pilot and as a Coastal Command pilot in Canada and the United Kingdom. Returning to Canada in 1945 Reg enrolled in the Nova Scotia Agricultural College (now the Faculty of Agriculture, Dalhousie University). He graduated from the former NSAC in 1947. Reg spent his entire post war career at the FCC. First as a Credit Advisor, then as Branch Manager for Nova Scotia. In 1960 he was transferred to Saint John, New Brunswick as Executive Assistant to the Regional Manager Atlantic. By 1962 Reg had tired of doing office work and transfers (four in three years) so requested a transfer to field duties where he would have day to day contact with farmers. He was assigned to the Sussex, NB Office where he completed his career, retiring in 1981.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in a full-time capacity. Applicants must be permanent residents of Colchester County, Nova Scotia and will have completed at least one year of study. Selection will be based on financial need and a cumulative average of at least 3.00.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$600

A. C. Neish Memorial Trust Scholarship

Dr. Neish (1916-1973) was an undergraduate at the former Nova Scotia Agricultural College in Truro. This is where he had his first contact with science and where he had won the Governor General's Medal and a Macdonald College (Quebec) Scholarship. His work on fermentation, bacterial and plant metabolism and the biosynthesis of plant polysaccharides and lignins received international acclaim. He was a Fellow of the Chemical Institute of Canada, of the Royal Society of Canada, and the Royal Society of London. Dr. Neish was the first person to be awarded the Gold Medal of the Canadian Society of Plant Physiologists, and was awarded an honorary doctorate by Mount Allison University and an honorary Doctor of Science degree by McGill University. The A.C. Neish Memorial Trust Scholarship was established by friends, admirers, and colleagues of the late Arthur Charles Neish.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Selection criteria include high academic performance and qualities of leadership as indicated by participation and achievement in both academic and non-academic activities.

Donald Palfrey Award

The Don Palfrey Award was established in memory of Don Palfrey in recognition of his many years of service and contributions to weed science in Nova Scotia. Don was born in Fort Fairfield, Maine. He received his formal education in Pictou County and he graduated from the AC in Truro, Nova Scotia and from McGill University in Montreal, Quebec with a Bachelor of Science in Plant Pathology. He worked for the N.S. Department of Agriculture in Marketing for 37 years, retiring as Supervisor of Weed Science, where he was a key player and helping in pioneering work in extension and research in weed control in Nova Scotia. Don also taught at the AC for 18 years, teaching courses in Weed Control and Plant Pathology. He was a distinguished life member of the N.S. Institute of Agrologists and the first honorary life member of the Atlantic Vegetation Management Association. As a result of Don Palfrey's sincere commitment to the Department of Agriculture and his field of interest, an award has been created to honor his memory and legacy.

Eligibility: Awarded to a final year undergraduate student carrying out a research project in the area of pest management, with preference to a student involved in weed science, either through academic work or summer employment.

Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,200

Passionate Plants Person Award

In 1976, with two passionate plants men – the late Don Craig and the late Captain Richard Steele – as founding members, they began as RSCAR, the Rhododendron Society of Canada Atlantic Region. They were one of three regions, the other two being Niagara and Toronto. When Niagara and Toronto decided to join the American Rhododendron Society in the 1980s and RSC ceased being its own organization, the three regions – Atlantic, Niagara, and Toronto – became the 3 chapters in District 12 of the ARS. In 2003, they formed the Atlantic Rhododendron & Horticulture Society, to reflect the diversity of plant interests among local gardeners and plants people, while maintaining a central interest in rhododendrons and other ericaceous plants. They are a non-profit society registered in Nova Scotia.
Eligibility: Available to students entering second year of the Environmental Horticulture diploma program in the Faculty of Agriculture who are permanent residents of Nova Scotia. Preference is given to students whose passion for plants is infectious and will most impact the way we regard and understand plants in both public and private environments. The student should also demonstrate leadership abilities and financial need.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$750 and 1-yr membership with ARHS

Pork Nova Scotia Scholarship

Pork Nova Scotia is the marketing agent for hogs in Nova Scotia. Their mandate is to create the most favorable environment possible for the production and marketing of pork in Nova Scotia to assist in maximizing returns for Nova Scotia producers. PNS has an active and organized structure that has become the recognized voice of the Pork Industry in Nova Scotia. It is organized into 3 geographical zones, representing pork producers who account for 100% of Nova Scotia's pork production.
Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia. Awarded to a student with an interest and/or background in swine production. Selection criteria include demonstrated interest in the swine industry (through course or project work), academic performance and financial need.

Stuart Rath Junior A Bearcat Hockey Education Award Fund

The Stuart Rath Truro Bearcat Education Awards have been established to encourage the pursuit of university education among players with the Truro Junior A Bearcat Hockey Team ("The Bearcats") by providing tuition support for players enrolled at Dalhousie University. Stuart Rath, a very involved community member of Colchester County and surrounding area, established The Bearcat Hockey Education Award. Some of Stuarts endeavors are as follows: he serves as the Vice President of Truro Centre Ltd, and the President of Stuco Holdings Ltd. From 1985-1995 Stuart served as the President of Halifax Cablevision Ltd, from 1976-1985 he served as the President and General Manager of Eastern Cablevision, and from 1960-1975 he was the Chairman of the Truro Industrial Society. A few of Stuarts other accomplishments are being Director of Nova Scotia Business Inc. since March 2007, Director of Morien Resources Corp since December 1997, as well as serving as Director of Stuco Holdings Ltd. and Director of Erdene Resource Development Corporation since June 2006 until November 2012.
Eligibility: Available to entering or current technical and undergraduate students at the Faculty of Agriculture. Selection is based on academic performance and the recommendation of the team coaches.
Application Type: Automatic Consideration – No Application Required

Cliff and Grace Retson Memorial Scholarship

The Grace and Cliff Retson Memorial Bursary was first created by Grace in memory of her husband, Cliff Retson who graduated from the AC in 1934. Cliff passed away in 1997. Grace was born in Waskada, Manitoba and grew up in Kerrobert, Saskatchewan. She attended secretarial school in Saskatoon and after retiring, she received her Bachelor of Arts from St. Mary's University. Grace met Cliff, her husband of 56 years, while she was working at the Senate in Ottawa. They married on July 26, 1941 and moved to Truro in 1947. The Retson's (Grace & Cliff) hosted several international students studying at the Faculty of Agriculture over the years. It is for this reason and to ensure ongoing support of the educational interests of International students studying at Dal-AC, that Grace created the scholarship.
Eligibility: Available to international students in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, academic performance, and interest in and involvement in multi-cultural activities on campus.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline

Ira L. Rhodenizer Memorial Scholarship

Ira Rhodenizer was born in 1890 in Parkdale, Lunenburg County, Nova Scotia and lived there for the majority of his life. He served in the Canadian Army from 1914 to 1919 and was wounded overseas during World War I. He later became a farmer, storekeeper, and lumberman in Parkdale, NS. He was greatly interested in community life and was associated with farmer's organizations for many years. He was married and had seven children. He was a member of the Baptist Church, the I.O.O.F. and Masons. Ira was active in Nova Scotia Guides and Fish and Game Associations, had been a municipal counsellor and President of the Lunenburg Centre Liberal Association. He was a Director of the Nova Scotia Federation of Agriculture and was killed in a car accident on the way to a meeting of this organization in August 1958. The Ira L. Rhodenizer Memorial Scholarship was provided by the Federation as a memorial for his dedication and contributions through the years.
Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia. Selection criteria include academic performance, involvement in student affairs, and participation in the 4-H program.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Dr. Robert G. Rix Family Farm Scholarship

Robert (Bob) Rix was born in Halifax on July 29th, 1948. Robert graduated from Dalhousie University Dental School in 1974. He practiced in Musquodoboit Harbour, Tatamagouche, and Winsloe, PEI, prior to opening his own dental practice in Bible Hill. He took great interest in his profession and knew the family trees of most of his patients and will be fondly remembered by everyone for his excellent dentistry, story-telling, knowledge of American History, love of gardening, tinkering with mechanical items, love of nature and his family. Robert had originally established the "Robert G. Rix Family Farm Bursary" in 1985. Although not having a farm background himself, he shared his beliefs that everyone's roots are in the land and he felt his way to contribute to the importance of agriculture to our society was through this small bursary each year. A couple years ago, the award became known as the "Dr. Robert G. Rix Scholarship" to allow support to a student where the need was greatest. After Robert's passing, one of the faculty provided funds to continue the bursary in Robert's name. Since then, Robert's family has graciously supported the scholarship to allow his legacy and memory to live on.

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who has shown determination and dedication to operating a family farm. Recipients will have demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

J. Arnold Roberts Memorial Scholarship

The J. Arnold Roberts Memorial Scholarship was created by Elsie Roberts in memory of her husband, Arnold Roberts. Establishing a scholarship in memory of a loved one is a wonderful way to ensure their legacy and memory lives on, and this is what Elsie wished for her late husband.

Eligibility: Available to current students in any year of an undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces. Awarded to an outstanding student who is not receiving a scholarship of greater value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Ted Rose Memorial Scholarship

The Ted Rose Memorial Scholarship was created by Mrs. Ann M. Rose in memory of her husband, Ted. Ted had grown up on a dairy farm in Urbania, near Shubenacadie. Ted and his brother Percy ran the farm after the death of their father. Although no one from the family had any connection to the AC, Mrs. Rose had a soft spot for farming, admitting there can be "nothing as rewarding as farming." Rose wanted to provide a scholarship to a deserving young person who is interested in farming themselves someday, while honoring her husband's memory.

Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Awarded to a student who plans to operate a livestock farm. Selection criteria include financial need, academic performance and a documented commitment to animal welfare.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Rotary Club of Truro International Student Bursary

The Rotary Club of Truro has been part of the fabric of the community of Truro as well as the network of Rotary Clubs around the world since 1926. The Rotary Club of Truro is proud of its years of service and benevolence in the community and internationally. In addition to providing assistance to countless individuals with special needs for medical treatment or equipment over the years, the Club has continued to focus on the needs of children with disabilities.

Eligibility: Available to a current international student at the Faculty of Agriculture. Preference will be given to students registered in a program of study and registered full time, with additional preference given to students studying for the full year. Special consideration will be given to students who came from a developing country and plan to return and apply their education there. All students paying the international tuition differential are eligible for consideration. Selection criteria include financial need and potential impact of the bursary on the student's lifestyle while at school and their future plans.

Rick Russell Memorial Scholarship

Rick Russell passed away Saturday, July 3rd, 2004 after a courageous battle with cancer. After graduating from NSAC, Rick was employed at the College as the swine herdsman for 20 years and then as manager of the fur unit for 4 years. Rick was the coach of the former NSAC Woodsman Team for 24 years. He was well respected by both his peers and the athletes he coached. He was always giving of himself and was recognized for his unselfish devotion to the college community by the AC Student population by being given the Student Appreciation Award in 1995. Due to his sincere commitment to NSAC and his community, a scholarship has been created in his memory.

Eligibility: Available to current student athletes in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, involvement and leadership in the Woodsman program, and satisfactory academic performance.

Jack Sibley Agriculture Bursary

This award was established by the John & Judy Bragg Foundation to honour John D (Jack) Sibley. Jack was born in 1937 at Meaghers Grant in Nova Scotia's Musquodoboit Valley and graduated from Musquodoboit Rural High School in 1954. After receiving a BA from Mount Allison University in 1957 he attended the Nova Scotia Agricultural College and is an alumnus of the Class of 1959. He began his working career as a teacher and then moved on to work for several years as a field manager for McCain Foods. In 1965 he returned to Nova Scotia and spent the next 29 years as a wild blueberry extension specialist with the Department of Agriculture and Marketing. In 1994 he retired from this position and in 1997 began work with WBANA Canada in wild blueberry promotion, retiring in 2011 after a total of 44 years of service to the wild blueberry industry. Jack had a number of part-time careers which included operating his own wild blueberry acreage, working as a musician and MC, and teaching old-time fiddling to children from the Truro area.

Eligibility: Awarded to a full-time technical or undergraduate student at the Faculty of Agriculture who demonstrates financial need.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Sodhi Memorial Bursary

This bursary was established by the Sodhi family in memory of Mr. Bhagat S. Sodhi, long-time librarian at the former Nova Scotia Agricultural College. Mr. Sodhi immigrated to Canada in the 1960's, in search of opportunity for his future family. After meeting and bringing his wife Darshan to Canada, they settled in Truro, NS, and began their family. Mr. Sodhi began working at the former Agricultural College in 1968, when the campus library was housed in Cox Institute. He was instrumental in moving the library to its current location at the MacRae Library, acting as head librarian until 1995. Mr. Sodhi considered the library staff as a second family. As a tribute to his memory, the Sodhi Family established an award in his name upon his passing on June 1st, 2009.

Eligibility: Available to current international students at the Faculty of Agriculture in good academic standing, with preference given to students in undergraduate and technical programs based on financial need. Students in all programs of study are eligible.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Sport Leadership Award

The Sport Leadership Award recognizes a high school varsity athlete enrolling full time in a program of study and planning on participating in a sport at the varsity level at the Faculty of Agriculture.

Eligibility: Available to entering technical or undergraduate students at the Faculty of Agriculture with an admissions average of at least 75%. Recipients of other major entrance scholarships are not eligible. Selection criteria include financial need, sport skills and leadership.

Application Type: Automatic Consideration – No Application Required

Phillip Stead Memorial Leadership Award

Phillip Stead graduated from the former Nova Scotia Agricultural College in 1965 with a degree certificate. He left Nova Scotia to complete his BSc. in Animal Science at McGill University and returned in 1967 to begin what was to be a long and successful career with the Nova Scotia Department of Agriculture, working as a sheep specialist with the Animal Industry Branch. In 1972 Phil continued his education by completing a MSc. in Agriculture and Nutrition at Virginia Polytechnic Institute and State University. For his passion for community involvement and his long standing contributions to Agriculture, a memorial award has been created in his name.

Eligibility: An award will be presented annually to a student who has exhibited outstanding leadership at the Faculty of Agriculture and/or within the community.

Nominations for the award will be received by a committee representing the Student Leadership program at the Faculty of Agriculture and a member of the sponsoring body for the award (Nova Scotia/Newfoundland Holstein Branch). The committee will select an awardee from those nominated who best represents the leadership qualities and performance in the past year or number of years that would be a model for others. Selection criteria may also include academic performance, financial need, and the other awards that have been granted to the nominee.

Application Type: Contact the Faculty for more information

Captain R. M. Steele Memorial Fellowship

Captain Richard Steele was a founding member of the Atlantic Chapter of the Rhododendron Society of Canada (RSCAR) and supported the creation of the Atlantic Rhododendron & Horticultural Society. He faithfully attended, and contributed to, meetings and programs. A mentor and friend to many, and with an international network of plants people, he was a major influence on horticulture, locally and further afield. RSCAR members in the early days established the tradition of the annual Steele Lecture, the objective being to bring a top-ranking plants person to Nova Scotia as a guest speaker. Captain Steele died March 14th 2010.

Eligibility: Awarded to a final year undergraduate student in the Faculty of Agriculture who intends to pursue plant-related studies at the graduate level.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Catherine and Alexander Sutherland Bursary

This bursary was established in memory of Victor Sutherland's parents, Catherine and Alexander Sutherland. Born in the 1890s in the area of Earltown, Nova Scotia, Catherine and Alexander operated the Earltown General Store. Over a century later, this store still operates, under other ownership. Alexander also operated a saw mill, while Catherine managed the books and ran the store. In 1939 the family moved to Truro and operated a second store in Bible Hill, near the Nova Scotia Agricultural College. Alexander died in 1943, and Catherine continued to raise their three children. Catherine died in 1972, having lived a very full and satisfying life. Victor Sutherland is an alumnus of the Nova Scotia Agricultural College, Class of 1954. After completing his diploma at the NSAC, now the Dalhousie University Faculty of Agriculture, Victor completed a degree in geology at Acadia University. He spent his career working in the oil and gas industry, including forming his own company, Northrock Resources, in 1986.

Eligibility: Awarded to a full-time Faculty of Agriculture technical or undergraduate student who demonstrates financial need. Preference is given to students who have attended high school in Truro, and then to students who attended high school in Colchester County.

Application Type: Faculty of Agriculture In-Course Award Application

William D. Swetnam Memorial Award

Raised in Port Mouton and Liverpool, NS, William (Bill) Swetnam, graduated from the former Nova Scotia Agricultural College in 1956. Bill discovered what he was destined to do when he purchased a farm in Sheffield Mills, NS in 1958. Throughout his career, Bill dedicated countless hours to many boards. As a founder of the

Nova Scotia Turkey Marketing Board he also spent time on the County South and East Livestock Health Services Board, the NS Crop and Livestock Insurance Commission, Canadian Livestock Feed Board Advisors Committee, as well as Nova Scotia Farm Loan Board. Bill also served as president of the Kings County Federation of Agriculture and became a member of the Council of Leaders with the Federation. Bill's dedication to his community has not gone unnoticed. In 2002 he was honored by the Queen with the Golden Jubilee Medal. Bill has truly distinguished himself in his area of expertise, bringing honour to the former NSAC and the Alumni Association. It is for this reason, an award has been created in his memory.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program who have displayed leadership qualities during their program. Applicants must be permanent residents of one of the Atlantic provinces.

Value: \$2,000

Syngenta Canada Inc. Awards

Syngenta is one of the world's leading companies with more than 28,000 employees in some 90 countries dedicated to their purpose: Bringing plant potential to life. Syngenta's mission is to make a difference for smallholders in developing countries. By helping them become more professional growers, they want to achieve added value for rural communities. One way they do that is through technical innovation. Equally important is access to markets, enabling smallholders both to buy inputs and sell their produce. These and other factors are all essential for sustainability successful agriculture.

Eligibility: Available to a technical or undergraduate student in any program in the Faculty of Agriculture. Awarded to students whose course and project work reflect an interest in the Maritime potato industry. Applicants will be required to submit a 300-500 word essay expressing opinion on a topic relating to the crop protection industry. Selection criteria include academic performance, and potato farm experience or background.

Bruce Trenholm/Atlantic '86 Scholarship

Bruce was born on the family farm in Grand Pre, Kings County, he graduated from the former Nova Scotia Agricultural College and MacDonald College, receiving his Bachelor of Science Degree in Animal Husbandry in 1947. Upon graduating from McDonald College he served as the Agricultural Representative in Yarmouth and then taught Animal Husbandry at the former Nova Scotia Agricultural College for three years. In 1952 he took over the family farm going on to establish the well-known Brulo herd. Bruce's contributions to agriculture have been many and varied and are worthy of recognition in the Atlantic Agricultural Hall of Fame. He had a lifelong interest in Holstein cattle and was Master Breeder and Past President of Holstein Canada. In 1986, the year of Bruce's death, he coordinated Atlantic '86 – the Annual National Convention of Holstein Canada. This scholarship was established in his name as an on-going memorial.

Eligibility: Available to students entering their final year in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces, have a Holstein farm or 4-H (Holstein calf project) background. Selection criteria include academic performance and career goals.

Raymond Webber Memorial Scholarship

Ray was born and raised in Halifax, Nova Scotia. Upon completion of High School, Ray took a business course and worked in an office for the next five years. This soon became boring so Ray entered the "Nova Scotia Agricultural College" (now known as the Faculty of Agriculture) in Truro in 1928. After completing his studies at Truro, he attended MacDonald University in Montreal where in 1931 he received a Bachelor of Science Degree in Agriculture. After graduation, Ray went to work for Canada Agriculture in the Plant Protection Branch in Halifax in an administrative capacity. Due to Ray's sincere dedication and commitment to Landscape Atlantic, a memorial scholarship has been established in his name to ensure his legacy lives on long into the future.

Eligibility: Available to students entering second year of the Diploma in Technology (Managed Landscapes) program at the Faculty of Agriculture. Selection criteria include academic performance and practical skills.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$800

Michael Whidden Memorial Award

Awarded to a student who has provided leadership on the Faculty of Agriculture's Woodsmen Team, and has maintained a sound academic performance.

Eligibility: Available to current technical and undergraduate students at the Faculty of Agriculture.

Application Type: Automatic Consideration – No Application Required

Eric Williams Memorial Scholarships

Born in 1938 Eric P. Williams started farming in 1959 with nine cows and twenty acres. Today the Williams' family own and operate a two hundred head Holstein dairy farm in the Goulds and employ a nephew and one other worker. Eric worked hard to introduce supply management for milk producers in Newfoundland. In 1983 he was appointed the first chair of the Newfoundland Milk Marketing Board now known as the Dairy Farmers of Newfoundland and Labrador. During his lifetime he fought to improve the cost of production formula for milk producers in the province. Eric was also nominated by the Dairy Farmers of Newfoundland and Labrador in recognition of his tremendous contributions to agriculture, to become an inductee into the Atlantic Agricultural Hall of Fame. It is for the same reasons that the Dairy Farmers of Newfoundland and Labrador have established a scholarship in his memory for his dedication and commitment to agriculture.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program in the Faculty of Agriculture.

Applicants must be permanent residents of Newfoundland and Labrador. Selection will be based on academic performance. Typically one award is given to a technical student and the other to an degree-seeking student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Zhuhui Ye Memorial Award

This fund was established by classmates of Zhuhui Ye (Kevin) to honour his memory. Kevin attended the former Nova Scotia Agricultural College as part of the FAFU 2+2 program, earning his BSc(Agr) in Aquaculture in 2012. Kevin continued his studies with the Dalhousie MSc. program. On September 8, 2012, Kevin lost his life in a drowning accident at Dollar Lake Provincial Park. Kevin is well remembered as an intelligent, popular, and outgoing man whose generosity touched the lives of many friends. The intent of the Zhuhui Ye Memorial Award is to further the understanding of culture and relationship between Chinese and Canadian students by supporting the FAFU/DAC 2+2 program.

Eligibility: Award to a Chinese student in the FAFU 2+2 program or another student demonstrating a commitment to and involvement with the FAFU 2+2 program at the Faculty of Agriculture, in addition to academic performance and financial need.

Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$1,000

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.
Application Type: Automatic Consideration – No Application Required

Dr. Roger S. Bacon Scholarship in Agriculture

Dr. Roger S. Bacon was a dairy farmer and blueberry producer from Cumberland County, Nova Scotia. He was also a long standing MLA from this area. During his political career, he was a well-respected and long serving Minister of Agriculture and for a time Premier of Nova Scotia. In keeping with his lifetime interest and service to Agriculture, Dr. Bacon has made a donation to establish an endowed fund to support a new scholarship at the Faculty of Agriculture.
Eligibility: Awarded to a Nova Scotia student entering the final year of any program at the Faculty of Agriculture who has plans to pursue a long term career in agriculture. Selection criteria include career plans, academic performance and financial need.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$2,000

Doug Bailey Memorial Bursary

Doug Bailey had a lengthy and successful career at Farmers Dairy (now Agropur). It began at what is now known as the Middleton Spreads Plant in 1968 when Twin Cities Dairy acquired J.D. MacKenzie's Limited. Doug held many managerial positions over the years, including General Manager of the Truro Cheese Plant and Vice-President and General Manager of Central Dairies in Newfoundland. He was appointed President and Chief Executive Officer of Farmers Dairy (now Agropur) in 1987, a position he held until his death in 1996. One of Doug's greatest strengths was his leadership ability, which he demonstrated not only with Farmers Dairy (now Agropur) but also throughout the industry. The Farmers Dairy (now Agropur) Board of Directors established this Bursary in memory of Doug.

Eligibility: Awarded to a technical, undergraduate, or graduate student at the Faculty of Agriculture who is a family member of an Agropur shareholder or employee. Selection criteria include leadership, extracurricular and community activities, financial need, and academic performance.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$2,000

A. B. Banks Memorial Scholarship

This scholarship is given by friends and family in memory of A.B. Banks, a former Director of Livestock Services Branch, Nova Scotia Department of Agriculture and Marketing. Mr. Banks was highly dedicated to the agricultural industry throughout his 35 year career in Nova Scotia and elsewhere in Atlantic Canada. He was born and raised in the Annapolis Valley and graduated from the former Nova Scotia Agricultural College and the Ontario Agricultural College. His career included service with the Canada Department of Agriculture, the Newfoundland Department of Agriculture and Forestry and the Nova Scotia Department of Agriculture and Marketing. As one of the first agricultural representative in Nova Scotia, he served the counties of Colchester, Halifax, and Cumberland. He was a strong advocate of improved farm management skills and believed this to be an important key to improving agricultural production.
Eligibility: Awarded to the second year BSc(Agr) Animal Science student with the highest average from the first year of study.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$500

Bible Hill Garden Club Scholarship

The Bible Hill Garden Club, originally referred to as Hillcrest Landscape Club was first organized in January of 1947. The group was created to promote the improvement of home grounds, assist in the beautification of community grounds, local parks and schools. Over the years, the group has gained popularity and has grown from 17 members to over 60, mostly women who range in age of 50-60. The group contributes to the Faculty of Agriculture through help supporting students with the bursary they have created.
Eligibility: Available to current students who are permanent residents of the Truro area, in any undergraduate program at the Faculty of Agriculture, with preference given to students in at least the second year of study in Horticulture, preferably a landscape program. Selection criteria include academic performance and financial need.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$500

David W. Brown Memorial Scholarship

The David W. Brown bursary is an ongoing demonstration of appreciation to the foundation of the David Brown United Limited by Atlantic Poultry Incorporated formerly ACA Cooperative Limited. Initiated in November 25, 1976; the company has continued to fund an annual memorial scholarship.
Eligibility: Available to students who have graduated from a high school in Atlantic Canada and who are entering the second year of a technical program at the Faculty of Agriculture. Value: \$500

Class of 1950 Award Fund

The Class of '50 Award was first established in 2000 at the Class of 1950, 50th anniversary weekend celebration. President, Don Young and Vice-President, Jack Johnson spearheaded the campaign to get their classmates involved in their commitment to help future AC students. The group recognizes the difficulty that young students face to finance their post-secondary education, as they too faced similar challenges. After a great deal of preparatory work from Don, Jack and Cliff McIsaac, a proposal was created for the Class of '50 Award fund of to assist deserving students to "stick with it." The group of classmates have made and continue to make significant contributions to the campus and students.

Eligibility: Available to current students in financial need in any technical or undergraduate program in the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Class of 1960 Memorial Bursary

In recognition of their 50th reunion, classmates established the Class of 1960 Memorial Bursary. Classmates contributed generously to this fund, with the intention of supporting an AC student. Their wish is to honour their deceased classmates who contributed to this fund, and who valued the experience and education they received at the Nova Scotia Agricultural College.

Eligibility: Awarded to a full-time technical or undergraduate student enrolled in any program at the Faculty of Agriculture who has demonstrated financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Colonel Charles Coll Memorial Scholarship

The Colonel Charles Coll Memorial was established in memory of Col. Charles Coll Sr. He was the inventor, owner and president of Muskol Enterprises Limited. He manufactured and sold Muskol insect repellent first from his basement in his Truro, Nova Scotia home and later from his manufacturing plant in Hilden, just outside of Truro. In 1957 Charles concocted a perfume to apply to clothing while deer hunting and later registered a company. The deer lure was used by regular deer hunters, bow hunters, wildlife photographers and naturalists. Charles named the ingredient "Muskol" which derives from musk, an ingredient in the lure and the phonetic last name Coll. Federal and Provincial Departments of Fisheries, Resources, Mines, as well as many sportsmen and outdoors people still continue to use the Muskol Insect Repellent.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) Animal Science program. Selection criteria include academic performance, involvement and interest in poultry, and achievement and contribution to 4-H.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Charles M. Collins Memorial Scholarship

The scholarship is in memory of Charles McKittrick Collins who spent the years 1936-1962 working in various positions in the agricultural industry in Nova Scotia, including teaching at Dalhousie's Agricultural Campus for twenty-five years. Collins Horticultural Building on the Dal-AC campus is named in his honour as well.

Eligibility: Available to current students studying Horticulture in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in the Bachelor of Technology program in Environmental Landscape Horticulture who have not qualified for other significant awards.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,200

George and Lottie Cook Memorial Scholarship

Lottie Cook first developed her passion for agriculture on her family farm on Cape Breton Island. Lottie's parents were pioneers in the agricultural industry, and her father a renowned farmer. At a young age Lottie became involved in 4-H where she achieved some of the club's top honours. She later graduated from the former Nova Scotia Agricultural College and worked as an assistant agricultural representative to J.C.F MacDonnell for many years. In 1943 Lottie married George Cook and the pair later opened a chick hatchery in Truro and became one of the foremost producers of high quality chicks in the Maritime Provinces. After the passing of her husband in 1954, Lottie continued to operate the family business. Due to Lottie's involvement in the agricultural industry and former NSAC community from both herself and family business, a scholarship has been created in her and her husband's name.

Eligibility: Available to students from Nova Scotia in the first or second year of a technical or undergraduate program at the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Renée Covill Scholarships

The Renée Covill Scholarship was established by Dennis Covill and Renée Covill in their estate. Dennis and Renee Covill, immigrated to Canada from England in 1955. Building on his experience working on the development of Colossus, the world's first electronic computer, Dennis went on to establish Nautel Limited in Hacketts Cove, N.S. Under his leadership and expertise, Nautel created the world's first high-powered solid state radio beacon – a technology now used around the world. Nautel, a partner in UNB's wireless research program, designs and manufactures high power solid state radio transmitters for AM and FM radio stations, navigation radio beacons and other applications.

Eligibility: Available to current students from Atlantic Canada studying in the Bachelor of Science (Agriculture) Plant Science or the Bachelor of Technology (Environmental Landscape Horticulture) at the Faculty of Agriculture. Preference will be given to students who have course and project work that reflect a commitment to environmental issues and career interests in growing plants (including farming). Selection criteria are academic performance, financial need, and career plans.

Dalhousie Agricultural Students' Association Awards

Dalhousie Agricultural Students' Association (DASA) is the student association for all students at the Dalhousie Agricultural Campus. DASA is the official voice of the student body, and provides leadership and vision for the students of the Agricultural Campus. DASA promotes student engagement and leadership through various campus activities including Orientation, Shinerama, College Royal and Winter Carnival. DASA also promotes student engagement within the surrounding communities of Truro and Bible Hill. DASA works closely with Student Services and Administration to collectively provide a welcoming community dedicated to higher learning and service to the community.

Eligibility: Awarded to students enrolled in the Faculty of Agriculture who have demonstrated, in the current academic year, exceptional school spirit and involvement in any or all of the following: DASA sponsored events, volunteering, campus community leadership.

Application Type: Automatic Consideration – No Application Required

Value: 2 @ \$300

K. de Geus Memorial Prize for Plant Science

The K de Geus Memorial Prize was created in memory of Klaus de Geus. Klaus, met his wife, Christina "Tina" de Geus, in DeBeemster, The Netherlands. Klaus and Tina immigrated to Canada in 1957 with their three children, Gram, Louise, and Tineke. When they arrived in Canada, they decided to settle in Nova Scotia where they made a new life for their family, including setting up and running a successful flower shop and landscaping business in Bridgetown. Tina took great pleasure in her work as a floral designer. Over the years, she gave many demonstrations on all aspects of floral designing. This led to a career in teaching floral design in the continuing education department of the former Nova Scotia Agricultural College.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture, based on high standing in course work, with preference to students in the Horticultural field.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

CA Douglas Bursary

The CA Douglas Bursary was originally established in 1984 in recognition of the impact of Charles Allan Douglas on the Agriculture industry in Nova Scotia. Charles held positions at Scotsburn Creamery, Avon Valley Greenhouse Farm and had a 35 year career with the Department of Agriculture and Marketing. Charles had a unique ability to inspire leadership and confidence in those around him, as he was very conscious of the importance of the individual. He devoted untiring energy to supporting rural youth and community development. As a result of his dedication and commitment to new technology, and his leadership and desire to relate to the individual Charles was inducted into the Atlantic Agricultural Hall of Fame in 1979 and honored with a bursary in his memory.

Eligibility: Awarded to a BSc(Agr) student enrolled full-time in the third or fourth year of study who has demonstrated financial need. Preference is given to students majoring in Animal Science.

Application Type: Faculty of Agriculture In-Course Award Application

Eastern Veterinary Technicians Association Bursary

The Eastern AHT Association represents AHTs and similar persons especially those working in the field of veterinary practice in the four Atlantic Provinces. Formed in 1989 it now numbers approximately 55 members including over 20 students enrolled in the AHT program at the Agricultural Campus. The EHTA Bursary is awarded annually to an AHT student entering the third year of the program based upon all-around performance, but with special reference to clinical ability.

Eligibility: Awarded to a student who best demonstrates proficiency in veterinary clinical skills during their first year and externship at the Atlantic Veterinary College as part of the Veterinary Technology program. Students must be in good academic standing and demonstrate financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$200

Paul C Eaton Memorial Scholarship

Paul C. Eaton was an alumnus, Class of '48, at the former Nova Scotia Agricultural College. Growing up on a dairy and apple farm, Mr. Eaton understood the importance of agriculture, and devoted his life to this passion. Mr. Eaton spent the majority of his career working in Extension Services on the Agricultural Campus.

Eligibility: Awarded to a full-time student from Atlantic Canada in the second year or higher of the BSc(Agr) program majoring in Environmental Sciences or Plant Science. Recipients must have a background in agriculture or come from a family farm. Selection is made on the basis of academic merit.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$2,500

Ernest L. Eaton Memorial Scholarship

Throughout Mr. Eaton's lifetime he maintained a keen interest in scientific agriculture, and the education and development of the interested young people. He personally established the Ernest L. Eaton Scholarships, and made provision for them to continue in perpetuity. Although none of his children are directly active in farming, they all are interested in, and support, the fine work being done at present at the Agricultural Campus. The hope for the recipient of the Ernest L. Eaton Scholarship is to encourage the pursuit of excellence in both academic and scientific activities.

Eligibility: Available to students entering third year of the Bachelor of Science (Agriculture) program based on performance in second year. Recipient cannot have received another scholarship of higher value.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Egg Farmers of Newfoundland and Labrador Scholarship

The Egg Farmers of Newfoundland and Labrador (formerly the Egg Producers of Newfoundland and Labrador) is a commodity board governing the production of eggs.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program. Applicants must be permanent residents of Newfoundland and Labrador.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Noel Enman Memorial Award

To honor the memory of Noel Enman, a former Agricultural Campus Animal Science Technician-Agricultural Technology student, 1979-1982, the Alumni Association has established a fund for the Noel Enman Memorial Award.

Eligibility: Awarded to a graduating technical student from the Faculty of Agriculture whose personality and fellowship have contributed to student life and activities, thereby gaining the respect of the students and faculty.

Application Type: Automatic Consideration – No Application Required

Faculty of Agriculture Mature Student Bursary

At the Faculty of Agriculture, the student body demographics have shifted dramatically over the past generation. We have increasingly more students transfer from other institutions or begin studies as a visiting or mature student. The 2012 Annual Appeal for the Faculty of Agriculture focused on raising funds for an endowment that would benefit mature students. In addition, alumnus Charles MacQuarrie directed that his planned gift benefit Faculty of Agriculture mature students.

Eligibility: Students enrolled at the Faculty of Agriculture in full-time studies who demonstrate financial need and are mature students (as defined by the Registrar's Office).

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: See dal.ca/scholarships for application deadline

Value: at least \$1,000

Fall River Garden Club Bursary

The Fall River Garden Club's mission is to promote the improvement of home and community flower and vegetable gardens, lawns, trees and landscaping through friendly sharing of information, work and education. During the year they run fund raising events in order to raise money to beautify the neighborhoods. Their main fundraiser is their annual plant sale followed by an area garden tour whereby members open their gardens for viewing to the general public. The monies raised at these events go towards supporting Santa's Express and giving a Bursary to a student at the Agriculture Campus studying horticulture. In addition, the gardens maintained in the surrounding areas are also funded from these events.

Eligibility: Available to a first year student in a Horticulture program at the Faculty of Agriculture in good academic standing, with preference given to students from the Fall River, Waverley, Wellington, Oakfield, Lakeview or Windsor Junction, Nova Scotia areas. Other residents of Nova Scotia will be considered. Applicants will have demonstrated financial need and well-developed career plans.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Farm Focus Scholarship

Farm Focus of Atlantic Canada is an agricultural newspaper that covers the Atlantic Provinces and their diverse food production. The publication contains information on the various sectors of the agricultural industry, including: regional, national, and international news; profiles on farms and farm families; 4-H; features on new innovations and technology; and editorials and opinions on issues of importance to the farming community.

Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture at Dalhousie. Selection is based on financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$200

Ena Fenton Memorial Scholarship

Ena Fenton was a founding member of the Bedford Horticultural Society in 1950. Ena was an enthusiastic and willing participant in every function of that group for 47 years. Mrs. Fenton had been a teacher prior to her marriage and had always been interested in the education of young people. After her death in 1977, the Society decided to name their scholarship in her honor. They feel certain that she would have been very pleased by their acknowledgment of her interest in the development of Horticulture and Landscaping in Nova Scotia.

Eligibility: Available to students studying Horticulture or Environmental Studies, entering the second year of any undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia, with preference given to those from Bedford, Sackville, and Waverley. In years when no student from Bedford, Sackville, or Waverley applies for the scholarship, consideration will be given to other students from the Halifax Regional Municipality (excluding those from Halifax and Dartmouth). Selection will be based on financial need, career plans, and academic performance.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

H. J. Fraser Memorial Prize in English

The H.J. Fraser Memorial Prize was established in memory of H.J. Fraser who taught at the Agricultural Campus.

Eligibility: Awarded to a second year student who has excelled in first year English at the Faculty of Agriculture.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$50

Dr. Gerry W. Friars Undergraduate Research Prize

Dr. Friars, a former NSAC Alumnus, was introduced to scientific research by an undergraduate research project. This was the beginning of a career in research in teaching. In recognition of the significance of this first research experience, Dr. Friars has provided a sum of money to endow an Undergraduate Research Award.

Eligibility: Awarded to a graduating undergraduate student from the Faculty of Agriculture who is judged to have completed the best written research report as part of the fourth-year project requirements.

Application Type: Automatic Consideration – No Application Required

Value: \$250

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying “good human conduct”. Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Bronze Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of technical programs.

Application Type: Automatic Consideration – No Application Required

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

Kevin Grant Memorial Scholarships

In memory of Kevin Grant, Class of 1975 (Animal Science Technician diploma).

Eligibility: Available to students entering their final year in any two-year diploma program at the Faculty of Agriculture, with preference given to students enrolled on a full-time basis. Value: \$1,000

Jennifer Hayes Starratt Scholarship

The Jennifer Hayes Starratt Scholarship was created by Jennifer's husband, Mark, as a Christmas gift. Jennifer Starratt attended the Agricultural campus and graduated in 1996 with a Bachelor of Science in Agriculture. According to her husband the Agricultural campus holds a very special place in Jennifer's heart and having a scholarship created in her name, is something very special to her. Due to the couple's success in their professional lives, they were able to create a legacy to give back to the communities that have helped enrich their lives.

Eligibility: Available to female students entering their final year of the Bachelor of Science (Agriculture) program, with preference given to students who have completed their first three years at the Faculty of Agriculture. Selection will be based on academic performance, leadership, and involvement in campus activities. The scholarship will not be awarded to a student receiving other significant scholarships.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,500

Anna Helvig Schousboe Memorial Scholarship

This scholarship was established with the Department of Agriculture, Fisheries and Aquaculture, Government of New Brunswick, in memory of Anna Helvig Schousboe. Anna and her husband Gustav emigrated from Denmark in 1928 and became lifelong Kings Co. NB farmers and also very active in their community. Always strong believers in the value of education, after her death in 1993 Gustav endowed this scholarship in her memory to assist New Brunswick youth in pursuing studies in the agricultural field.

Eligibility: Awarded to a resident from Kings County, New Brunswick, working towards a degree or diploma in agriculture at the Faculty of Agriculture. Applicants must be permanent residents of Kings County, New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

John Higgins Memorial Scholarship

John was a founding member of The Atlantic Association of Landscape Designers in 1992. He was instrumental to the development of Canada's first ever Certification Program for Landscape Designers, which was available to all designers in the Atlantic Region, and pre-empted the National Certification Program by several years.

John Higgins' dedication and enthusiasm for the Landscape Design Industry throughout his career was unfaltering, his contributions immeasurable. It is for these reasons that AALD decided to offer a Design Scholarship for students attending the AC, to be dedicated in his name. The Atlantic Association of Landscape Designers hope is that, in part through this scholarship, his legacy will live on.

Eligibility: Available to students entering third year of the Bachelor of Technology in Environmental Landscape Horticulture program in the Faculty of Agriculture.

Selection criteria include academic performance and skill and interest in landscape design.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Randy and Gladys Keddy Memorial Scholarship

The Randy & Gladys Keddy Memorial Bursary was established by their son, Stewart Keddy in memory of his parents to provide an on-going legacy that is meaningful for family members and friends. Stewart graduated from the Faculty of Agriculture in 1967, from McGill University in 1969, and from Dalhousie Dentistry in 1974, where he was recognized for excellence in endodontics and radiology. Stewart practiced as a dentist for 37 years. He served in the Dental Corps from 1974-1979 and was a founding partner of Purdy's Wharf Dental Group from 1985 until his retirement in 2011. He held memberships in the Nova Scotia Dental Association, Canadian Dental Association, and Academy of General Dentistry.

Eligibility: Available to students entering second year of a diploma program or the third year of a degree program in the Faculty of Agriculture, with preference given to students from the Annapolis Valley of Nova Scotia with farm backgrounds. Awarded to a student whose background, program of study, course and project work and summer employment show a genuine interest in working in the agricultural industry following graduation. Selection criteria include career goals, academic performance, and financial need. Students receiving other scholarships of greater value will not be eligible for this scholarship.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Ketchum Manufacturing Company Limited Prize

Zebulon Ketchum, an Ottawa, Canada based inventor and former professional lacrosse player turned his love of tinkering into a successful business. He owned a bicycle shop in downtown Ottawa and eventually grew and expanded that business into other products including becoming the first provider of the new "horseless carriage" in the nation's capital. However, it was his inventor's nature that led him to the genesis of the Ketchum business which was metal identification tags to be used in the livestock industry. The company has become the world's leading supplier of tags used to identify and trace the origins of wild caught and farmed seafood and they continue to be a metal stamping company as well and currently produce numerous metal products for various industries around the world. The business started on a rural farm outside of Ottawa and when it moved it found itself in the middle of the city. What started as a niche business serving the local agricultural community spread regionally, then nationally, and now competes in almost every market of the world.

Eligibility: The Ketchum Manufacturing Company Limited Prize is awarded to a graduate of the Animal Science option.

Application Type: Automatic Consideration – No Application Required

Kings Mutual Insurance Scholarships

In memory of Past Directors, the Kings Mutual Insurance Company awards scholarships to students in the Faculty of Agriculture. The Kings County Federation of Agriculture represents the interest of the agricultural community in Kings County and is an active voice for its 395 members with the Nova Scotia Federation of Agriculture, Council of Leaders and provincial and national governments.

Eligibility: Available to students in any technical or undergraduate program in the Faculty of Agriculture. Applicants must be permanent residents of Nova Scotia.

Selection criteria include financial need, academic performance, and demonstrated interest in a career in the Agri-food industry as reflected by summer employment and/or extra-curricular involvement. This scholarship is not available to students receiving other scholarships of greater value. At least one scholarship will be awarded annually to a technical-level student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

P. Max Kuhn Scholarship

P. Max Kuhn grew up on a small farm in Lawrencetown, Halifax County. He lived from 1887 until 1928 and was the father to Bernard G. Kuhn. Max attended one year of the former NSAC General Course in 1908-1909. He was not able to return the next year because of need for him at home and shortage of funds, it was a great disappointment to him. That year was his only year of formal schooling; his home was so isolated that he was never able to attend grade school or high school, and his mother taught him at home. Max was a dedicated, hard-working farmer, and he made great use of his AC training. He bought his own Manor Hill Farm in 1918, located on Woodlawn Road (Portland Street) just outside what were then the town limits of Dartmouth. He market-gardened and ran a dairy there until his death. It was Bernard's wish to establish this scholarship to recognize his father, Max, give education opportunity to others beyond what his father had, and to "repay Nova Scotia, former NSAC and Canada in small part for the education and support that he received here" (Bernard G. Kuhn).

Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture at Dalhousie, with preference given to students who have completed at least one year of study. Applicants must be permanent residents of Nova Scotia, with preference to students from the Halifax Regional Municipality. Awarded to a student with a farm background or those whose course and project work and summer employment demonstrates an interest in working in the agriculture industry after graduation. Selection criteria include financial need and academic performance.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Landscape Nova Scotia Award

Landscape Nova Scotia's mission is to promote high standards in product quality, professional service and conduct in the horticultural trades industry; and to encourage the use of Association members by the public. Landscape Nova Scotia has been a voice for the landscape and horticultural industry for more than 20 years in Nova Scotia, and are committed to providing consumers with options to make informed decisions.

Eligibility: Available to students in a landscape-related undergraduate program in the Faculty of Agriculture. Selection criteria include academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Raymond Loo Memorial Scholarship in Organic Agriculture

Raymond Loo was a certified organic farmer from Springfield, PEI where he operated Springwillow Farms. Ensuring there was room for wildlife on the farm and exploring ways to produce healthy food with the smallest environmental impact was very important to Raymond. Committed to promoting better farming practices in his community, he was a founding member of ACORN and board director for 6 years. Raymond also helped found and was the first president of the PEI Certified Organic Producers Cooperative. Raymond was dedicated to his province and the field of organic agriculture and was recognized greatly for his contributions.

Eligibility: Awarded to an undergraduate or technical student at the Faculty of Agriculture enrolled in at least one organic agriculture course offered on the Dalhousie Agricultural Campus.

Application Type: Faculty of Agriculture In-Course Award Application

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

C. C. MacDougall Memorial Scholarship

C.C. MacDougal was the first district agriculturist to work with the NB Department of Agriculture in Sussex. The C.C. MacDougall Memorial Scholarship was established in 1958 by a large group of agriculture groups.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture. Awarded to a student pursuing a degree or diploma in Agriculture. The recipient must have been a 4-H member from Kings County, New Brunswick, or have parents who raise or breed Guernseys anywhere in New Brunswick.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Dr. Allan and Barbara MacKay Scholarship

Born in Heathbell, Pictou County, Nova Scotia, Dr. Allan MacKay received his early agricultural experience on the Spruce Grove Farm that had the distinction of having one of the first purebred Guernsey herds in Canada. He was a member of the Scotsburn Junior Dairy Calf Club and represented his province in the National competitions for club members at the Royal Winter Fair in Toronto in 1941. Dr. MacKay received his primary education at Heathbell School and his secondary education at Pictou Academy. He graduated from former N.S.A.C. in 1943 and obtained his Doctor of Veterinary Medicine from the Ontario Veterinary College in 1951. That same year he established a veterinary practice in Pictou County and continued his work until his retirement in 1991. Dr. MacKay is honoured for his program of animal health care, for his philosophy of preventing disease problems before they occur and his dedication to farm families in the area he served.

Eligibility: Awarded to a student with strong academic performance from the Faculty of Agriculture who plans to study veterinary medicine at the Atlantic Veterinary College.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$250

Paul R. MacPhail PEI Potato Industry Scholarship

The roots of the Prince Edward Island Potato Board can be traced as far back as 1920, when the first Potato Growers' Association was formed on Prince Edward Island. A true marketing board followed in 1950 and was restructured as a producer controlled board under the Natural Products Marketing Act in 1990. The PEI Potato Board established this award in memory of Paul R. MacPhail.

Eligibility: Awarded to a PEI student studying at the technical or undergraduate level of an agricultural program. The recipient will demonstrate an interest in working in the potato industry through course work, research projects related to potato production and utilization (including all disciplines, e.g. pathology, biotechnology, entomology, etc). Awarded based on academic performance and the project's relevance to the improvement of the potato industry.

Value: \$500

Edith Main Memorial Bursary

The NSVMA has created the Edith Main Memorial Bursary in her memory. Incorporated under the Veterinary Medical Act of the Province of Nova Scotia, the Nova Scotia Veterinary Medical Association (NSVMA) holds the responsibility to regulate the practice of veterinary medicine and to govern its members in accordance with this Act, regulations and the by-laws in order that the public interest may be served and protected.

Eligibility: Awarded to a Nova Scotia student in the second year or higher of a diploma or degree at the Faculty of Agriculture who intends to pursue a career in veterinary medicine.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$500

Joseph E. Mapplebeck Memorial Bursaries

In honour of Joseph E. Mapplebeck, who farmed for 50 years in Kings County, Nova Scotia, and in recognition of his appreciation for the importance of a good education, family members have established two bursaries.

Eligibility: Available to current second year technology students at the Faculty of Agriculture in good academic standing who demonstrate financial need. One of the two awards will be made available annually to a student in the Plant Science Technician program.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Maritime Dairy Industry Scholarship

Dairy Farmers of Canada created this award to support Maritime students interested in the dairy industry. Dairy Farmers of Canada (DFC) is the national policy, lobbying and promotional organization representing Canada's farmers living on 12,529 dairy farms. DFC strives to create stable conditions for the Canadian dairy industry, today and in the future. It works to maintain policies that foster the viability of Canadian dairy farmers and promote dairy products and their health benefits. Eligibility: Awarded to a third year student from the Maritime provinces enrolled in any Faculty of Agriculture program who shows commitment to and interest in the dairy industry, and professional and academic promise.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$2,000

Bill Mathewson Memorial Award

Bill Mathewson grew up on a hill sheep farm in Sma Glen, Scotland. He graduated with a BSc (Agriculture) in 1949 and later (1974) a MSc. both from Aberdeen University. On graduation 1949, he joined H.M. Overseas Civil Service. After further training in Cambridge and Trinidad, he was posted to Tanganyika, Africa where he worked for 14 years. On retirement in 1965, he worked for three years with the N.F.U. of Scotland in Edinburgh before immigrating with his family to Nova Scotia in 1968. He taught for 20 years at the Faculty of Agriculture. Bill retired in 1988 and was honored by his colleagues by being made Professor Emeritus. Much loved by students, faculty and the agricultural industry, Bill will be greatly missed. It is with his memory in mind, that Bill's friends and colleagues at the AC launched an award in his name.

Eligibility: Available to any student registered in any program at the Faculty of Agriculture participating in an international experience. In applying for consideration, students will submit a proposal to participate in such activities as a study semester abroad toward their degree/diploma, attendance at a conference to make a presentation, a specialized training course or an internship or development project.

Value: \$1,000

Donald McInnes Award

Established in 1904, Pictou Mutual Insurance Company is the oldest mutual insurance company in Nova Scotia. Initially established by a group of farmers who sought to provide local protection for each other in the event of loss, their company has grown to include more than 3,500 local and rural policyholders. Donald McInnes was born in 1933 on the original McInnes farm on Scotch Hill Road. A graduate of Pictou Academy high school, he attended the AC, graduating in 1955. As a shareholder of Scotsburn Co-op, Donald served as Director for 22 years and Chairman of the Board for 15 years. For 35 years Donald was active in the Pictou County Farmers Mutual Fire Insurance Company. Donald served first as an agent, then as a director and manager of the company. Due to Donald's sincere involvement with both the community and Pictou Mutual Insurance Company, an award has been created in his name which is funded by Pictou Mutual Insurance.

Eligibility: Available to a student enrolled at the Faculty of Agriculture. Selection criteria include commitment to and involvement in the community and leadership provided in student activities, academic performance and financial need. A student may not be selected for this award more than once.

Value: \$100

Clint McLean Memorial Scholarship

The Clint McLean Memorial Scholarship was established by Clint's loving family, with contributions from his many friends and colleagues. Clint loved life and had many interests including entertaining, fine cooking, travel and music. To Clint family was everything; no amount of trouble, sacrifice, or inconvenience was too much. However, his heart was in agriculture. He lived and breathed agriculture, but dairy had a special corner in his heart. Not only did he talk the talk, he walked the walk. Clint was a graduate of NSAC (Class of 1979) and Guelph University. He was also an active member of his alumni associations, serving as Vice President and President for the Agriculture College Alumni. Clint served on the Agricultural Institute of Canada Board of Directors and on numerous institute committees. He served as the chair of the Atlantic Forage Crops Advisory committee and represented the Atlantic Provinces at the National Expert Committee on Forage. Clint was a distinguished and valued member of the NB Department of Agriculture, taking a leading role in innumerable initiatives to support the true stewards of the land; the farmers of Atlantic Canada. His career was that of a scientist with a human touch.

Eligibility: Awarded to a third or fourth year BSc(Agr) student, with a preference to a student from New Brunswick and a preference to a student involved in the study of dairy. Recipients will have strong academic standing and demonstrate financial need.

Value: \$1,000

John Reginald (Reg) Moore Memorial Scholarships

Reg Moore was born in Economy Nova Scotia on August 25, 1917; the fifth of six children. He was educated in Economy and Bass River graduating in 1935. Reg then enrolled in Normal (Teachers) College in Truro. He taught in various locations in Nova Scotia until called up for service in the Royal Canadian Air Force in 1940. Reg served as a staff pilot and as a Coastal Command pilot in Canada and the United Kingdom. Returning to Canada in 1945 Reg enrolled in the Nova Scotia Agricultural College (now the Faculty of Agriculture, Dalhousie University). He graduated from the former NSAC in 1947. Reg spent his entire post war career at the FCC. First as a Credit Advisor, then as Branch Manager for Nova Scotia. In 1960 he was transferred to Saint John, New Brunswick as Executive Assistant to the Regional Manager Atlantic. By 1962 Reg had tired of doing office work and transfers (four in three years) so requested a transfer to field duties where he would have day to day contact with farmers. He was assigned to the Sussex, NB Office where he completed his career, retiring in 1981.

Eligibility: Available to current students in any undergraduate program in the Faculty of Agriculture, with preference given to students studying in a full-time capacity.

Applicants must be permanent residents of Colchester County, Nova Scotia and will have completed at least one year of study. Selection will be based on financial need and a cumulative average of at least 3.00.

Application Type: Faculty of Agriculture In-Course Award Application

A. C. Neish Memorial Trust Scholarship

Dr. Neish (1916-1973) was an undergraduate at the former Nova Scotia Agricultural College in Truro. This is where he had his first contact with science and where he had won the Governor General's Medal and a Macdonald College (Quebec) Scholarship. His work on fermentation, bacterial and plant metabolism and the biosynthesis of plant polysaccharides and lignins received international acclaim. He was a Fellow of the Chemical Institute of Canada, of the Royal Society of Canada, and the Royal Society of London. Dr. Neish was the first person to be awarded the Gold Medal of the Canadian Society of Plant Physiologists, and was awarded an honorary doctorate by Mount Allison University and an honorary Doctor of Science degree by McGill University. The A.C. Neish Memorial Trust Scholarship was established by friends, admirers, and colleagues of the late Arthur Charles Neish.

Eligibility: Available to students entering their final year of the Bachelor of Science (Agriculture) program. Selection criteria include high academic performance and qualities of leadership as indicated by participation and achievement in both academic and non-academic activities.

Nova Scotia Mink Breeders Association Award

Dr. Bruce Hunter passed away on October 19th, 2011 at the age of 61. He was a leading veterinarian in the fields of avian and furbearer disease, and an integral part of the Canadian mink industry, serving as director of research for the Canada Mink Breeders Association. He was a longtime champion of integrating animal, human and environmental health at OVC and around the world. He played a key role in setting up a Canadian Community Practice in EcoHealth (CoPEH) and a graduate-level course in ecosystem approaches to health involving U of Gm the University of British Columbia and Université du Québec à Montréal. Recently, he was co-leader of a poultry project in Ghana for Veterinarians Without Borders/Vétérinaires Sans Frontières-Canada. This year, he received the Aeroplan Volunteer of the Year Award from VWB/VSF in recognition of his work and commitment. The Nova Scotia Mink Breeders Association established this scholarship in memory of Dr. Bruce Hunter, a retired veterinarian from Ontario Veterinary College and recognized expert on naturally occurring diseases in mink. This scholarship will recognize students who have an interest in mink.

Eligibility: Available to current students in any Animal Science-related undergraduate program in the Faculty of Agriculture, with preference given to a student whose course/project work demonstrates an interest in the mink industry.

Donald Palfrey Award

The Don Palfrey Award was established in memory of Don Palfrey in recognition of his many years of service and contributions to weed science in Nova Scotia. Don was born in Fort Fairfield, Maine. He received his formal education in Pictou County and he graduated from the AC in Truro, Nova Scotia and from McGill University in Montreal, Quebec with a Bachelor of Science in Plant Pathology. He worked for the N.S. Department of Agriculture in Marketing for 37 years, retiring as Supervisor of Weed Science, where he was a key player and helping in pioneering work in extension and research in weed control in Nova Scotia. Don also taught at the AC for 18 years, teaching courses in Weed Control and Plant Pathology. He was a distinguished life member of the N.S. Institute of Agrologists and the first honorary life member of the Atlantic Vegetation Management Association. As a result of Don Palfrey's sincere commitment to the Department of Agriculture and his field of interest, an award has been created to honor his memory and legacy.

Eligibility: Awarded to a final year undergraduate student carrying out a research project in the area of pest management, with preference to a student involved in weed science, either through academic work or summer employment.

Cliff and Grace Retson Memorial Scholarship

The Grace and Cliff Retson Memorial Bursary was first created by Grace in memory of her husband, Cliff Retson who graduated from the AC in 1934. Cliff passed away in 1997. Grace was born in Waskada, Manitoba and grew up in Kerrobert, Saskatchewan. She attended secretarial school in Saskatoon and after retiring, she received her Bachelor of Arts from St. Mary's University. Grace met Cliff, her husband of 56 years, while she was working at the Senate in Ottawa. They married on July 26, 1941 and moved to Truro in 1947. The Retson's (Grace & Cliff) hosted several international students studying at the Faculty of Agriculture over the years. It is

for this reason and to ensure ongoing support of the educational interests of International students studying at Dal-AC, that Grace created the scholarship.
Eligibility: Available to international students in any undergraduate program at the Faculty of Agriculture. Selection criteria include financial need, academic performance, and interest in and involvement in multi-cultural activities on campus.

Ira L. Rhodenizer Memorial Scholarship

Ira Rhodenizer was born in 1890 in Parkdale, Lunenburg County, Nova Scotia and lived there for the majority of his life. He served in the Canadian Army from 1914 to 1919 and was wounded overseas during World War I. He later became a farmer, storekeeper, and lumberman in Parkdale, NS. He was greatly interested in community life and was associated with farmer's organizations for many years. He was married and had seven children. He was a member of the Baptist Church, the I.O.O.F. and Masons. Ira was active in Nova Scotia Guides and Fish and Game Associations, had been a municipal counsellor and President of the Lunenburg Centre Liberal Association. He was a Director of the Nova Scotia Federation of Agriculture and was killed in a car accident on the way to a meeting of this organization in August 1958. The Ira L. Rhodenizer Memorial Scholarship was provided by the Federation as a memorial for his dedication and contributions through the years.
Eligibility: Available to students entering second year of any undergraduate program in the Faculty of Agriculture who are permanent residents of Nova Scotia.

Value: \$500

Dr. Robert G. Rix Family Farm Scholarship

Robert (Bob) Rix was born in Halifax on July 29th, 1948. Robert graduated from Dalhousie University Dental School in 1974. He practiced in Musquodoboit Harbour, Tatamagouche, and Winsloe, PEI, prior to opening his own dental practice in Bible Hill. He took great interest in his profession and knew the family trees of most of his patients and will be fondly remembered by everyone for his excellent dentistry, story-telling, knowledge of American History, love of gardening, tinkering with mechanical items, love of nature and his family. Robert had originally established the "Robert G. Rix Family Farm Bursary" in 1985. Although not having a farm background himself, he shared his beliefs that everyone's roots are in the land and he felt his way to contribute to the importance of agriculture to our society was through this small bursary each year. A couple years ago, the award became known as the "Dr. Robert G. Rix Scholarship" to allow support to a student where the need was greatest. After Robert's passing, one of the faculty provided funds to continue the bursary in Robert's name. Since then, Robert's family has graciously supported the scholarship to allow his legacy and memory to live on.
Eligibility: Available to students in any undergraduate program in the Faculty of Agriculture who has shown determination and dedication to operating a family farm. Recipients will have demonstrated financial need.

Howard W. Roper Memorial Award

The Howard W. Roper Memorial Bursary: Presented by the Nova Scotia/Newfoundland Holstein Branch was established in memory of Howard Roper. Howard was born in Charlottetown, PEI and later moved to Princeport with his father in 1926 to manage the Beech Hill Farm and Dairy. Howard and his father purchased the farm in 1932 and operated the farm with purebred Guernsey's until 1952. Following the sale of the farm, he was employed by the Nova Scotia Animal Breeders Co-operative as Manager of Sales and Promotions. Howard was well-known throughout Canada, especially in Atlantic Canada for his work in the dairy industry and his love of dairy cattle, particularly Holsteins and Guernsey's. He was inducted into Atlantic Agricultural Hall of Fame in 1980, an institution in which he was instrumental in founding. The Canadian Association of Animal Breeders honored Howard in 1992 with the Award of Merit for outstanding contribution to the Dairy Cattle Industry. He was also made a lifetime member of the Canadian Guernsey Breeder Association. Those who knew Howard best will remember him for his honesty, integrity, love of people and his great eye for cattle.
Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture, with preference given to second year students in the Diploma in Business Management - Dairy Farming program. Applicants must be either be permanent residents of Nova Scotia or Newfoundland and Labrador. Applicants must be members of Holstein Canada, or, a member of a family with Holstein Canada membership. Ted Rose Memorial Scholarship

The Ted Rose Memorial Scholarship was created by Mrs. Ann M. Rose in memory of her husband, Ted. Ted had grown up on a dairy farm in Urbania, near Shubenacadie. Ted and his brother Percy ran the farm after the death of their father. Although no one from the family had any connection to the AC, Mrs. Rose had a soft spot for farming, admitting there can be "nothing as rewarding as farming." Rose wanted to provide a scholarship to a deserving young person who is interested in farming themselves someday, while honoring her husband's memory.
Eligibility: Available to students in any undergraduate program at the Faculty of Agriculture. Awarded to a student who plans to operate a livestock farm. Selection criteria include financial need, academic performance and a documented commitment to animal welfare.
Application Type: Faculty of Agriculture In-Course Award Application
Application Deadline: Check dal.ca/scholarships for application deadline
Value: \$500

Rotary Club of Truro International Student Bursary

The Rotary Club of Truro has been part of the fabric of the community of Truro as well as the network of Rotary Clubs around the world since 1926. The Rotary Club

of Truro is proud of its years of service and benevolence in the community and internationally. In addition to providing assistance to countless individuals with special needs for medical treatment or equipment over the years, the Club has continued to focus on the needs of children with disabilities.

Eligibility: Available to a current international student at the Faculty of Agriculture. Preference will be given to students registered in a program of study and registered full time, with additional preference given to students studying for the full year. Special consideration will be given to students who came from a developing country and plan to return and apply their education there. All students paying the international tuition differential are eligible for consideration. Selection criteria include financial need and potential impact of the bursary on the student's lifestyle while at school and their future plans.

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Sport Leadership Award

The Sport Leadership Award recognizes a high school varsity athlete enrolling full time in a program of study and planning on participating in a sport at the varsity level at the Faculty of Agriculture.

Eligibility: Available to entering technical or undergraduate students at the Faculty of Agriculture with an admissions average of at least 75%. Recipients of other major entrance scholarships are not eligible. Selection criteria include financial need, sport skills and leadership.

Application Type: Automatic Consideration – No Application Required

Phillip Stead Memorial Leadership Award

Phillip Stead graduated from the former Nova Scotia Agricultural College in 1965 with a degree certificate. He left Nova Scotia to complete his BSc. in Animal Science at McGill University and returned in 1967 to begin what was to be a long and successful career with the Nova Scotia Department of Agriculture, working as a sheep specialist with the Animal Industry Branch. In 1972 Phil continued his education by completing a MSc. in Agriculture and Nutrition at Virginia Polytechnic Institute and State University. For his passion for community involvement and his long standing contributions to Agriculture, a memorial award has been created in his name.

Eligibility: An award will be presented annually to a student who has exhibited outstanding leadership at the Faculty of Agriculture and/or within the community. Nominations for the award will be received by a committee representing the Student Leadership program at the Faculty of Agriculture and a member of the sponsoring body for the award (Nova Scotia/Newfoundland Holstein Branch). The committee will select an awardee from those nominated who best represents the leadership qualities and performance in the past year or number of years that would be a model for others. Selection criteria may also include academic performance, financial need, and the other awards that have been granted to the nominee.

Application Type: Contact the Faculty for more information

Captain R. M. Steele Memorial Fellowship

Captain Richard Steele was a founding member of the Atlantic Chapter of the Rhododendron Society of Canada (RSCAR) and supported the creation of the Atlantic Rhododendron & Horticultural Society. He faithfully attended, and contributed to, meetings and programs. A mentor and friend to many, and with an international network of plants people, he was a major influence on horticulture, locally and further afield. RSCAR members in the early days established the tradition of the annual Steele Lecture, the objective being to bring a top-ranking plants person to Nova Scotia as a guest speaker. Captain Steele died March 14th 2010.

Eligibility: Awarded to a final year undergraduate student in the Faculty of Agriculture who intends to pursue plant-related studies at the graduate level.

Application Type: Faculty of Agriculture In-Course Award Application

Value: \$250

Catherine and Alexander Sutherland Bursary

This bursary was established in memory of Victor Sutherland's parents, Catherine and Alexander Sutherland. Born in the 1890s in the area of Earltown, Nova Scotia, Catherine and Alexander operated the Earltown General Store. Over a century later, this store still operates, under other ownership. Alexander also operated a saw mill, while Catherine managed the books and ran the store. In 1939 the family moved to Truro and operated a second store in Bible Hill, near the Nova Scotia Agricultural College. Alexander died in 1943, and Catherine continued to raise their three children. Catherine died in 1972, having lived a very full and satisfying life. Victor Sutherland is an alumnus of the Nova Scotia Agricultural College, Class of 1954. After completing his diploma at the NSAC, now the Dalhousie University Faculty of Agriculture, Victor completed a degree in geology at Acadia University. He spent his career working in the oil and gas industry, including forming his own company, Northrock Resources, in 1986.

Eligibility: Awarded to a full-time Faculty of Agriculture technical or undergraduate student who demonstrates financial need. Preference is given to students who have attended high school in Truro, and then to students who attended high school in Colchester County.

Application Type: Faculty of Agriculture In-Course Award Application

William D. Swetnam Memorial Award

Raised in Port Mouton and Liverpool, NS, William (Bill) Swetnam, graduated from the former Nova Scotia Agricultural College in 1956. Bill discovered what he was destined to do when he purchased a farm in Sheffield Mills, NS in 1958. Throughout his career, Bill dedicated countless hours to many boards. As a founder of the Nova Scotia Turkey Marketing Board he also spent time on the County South and East Livestock Health Services Board, the NS Crop and Livestock Insurance Commission, Canadian Livestock Feed Board Advisors Committee, as well as Nova Scotia Farm Loan Board. Bill also served as president of the Kings County Federation of Agriculture and became a member of the Council of Leaders with the Federation. Bill's dedication to his community has not gone unnoticed. In 2002 he was honored by the Queen with the Golden Jubilee Medal. Bill has truly distinguished himself in his area of expertise, bringing honour to the former NSAC and the Alumni Association. It is for this reason, an award has been created in his memory.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program who have displayed leadership qualities during their program. Applicants must be permanent residents of one of the Atlantic provinces.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$2,000

Syngenta Canada Inc. Awards

Syngenta is one of the world's leading companies with more than 28,000 employees in some 90 countries dedicated to their purpose: Bringing plant potential to life. Syngenta's mission is to make a difference for smallholders in developing countries. By helping them become more professional growers, they want to achieve added value for rural communities. One way they do that is through technical innovation. Equally important is access to markets, enabling smallholders both to buy inputs and sell their produce. These and other factors are all essential for sustainability successful agriculture.

Eligibility: Available to a technical or undergraduate student in any program in the Faculty of Agriculture. Awarded to students whose course and project work reflect an interest in the Maritime potato industry. Applicants will be required to submit a 300-500 word essay expressing opinion on a topic relating to the crop protection

industry. Selection criteria include academic performance, and potato farm experience or background.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

Bruce Trenholm/Atlantic '86 Scholarship

Bruce was born on the family farm in Grand Pre, Kings County, he graduated from the former Nova Scotia Agricultural College and MacDonald College, receiving his Bachelor of Science Degree in Animal Husbandry in 1947. Upon graduating from McDonald College he served as the Agricultural Representative in Yarmouth and then taught Animal Husbandry at the former Nova Scotia Agricultural College for three years. In 1952 he took over the family farm going on to establish the well-known Brulo herd. Bruce's contributions to agriculture have been many and varied and are worthy of recognition in the Atlantic Agricultural Hall of Fame. He had a lifelong interest in Holstein cattle and was Master Breeder and Past President of Holstein Canada. In 1986, the year of Bruce's death, he coordinated Atlantic '86 – the Annual National Convention of Holstein Canada. This scholarship was established in his name as an on-going memorial.

Eligibility: Available to students entering their final year in any undergraduate program at the Faculty of Agriculture. Applicants must be permanent residents of one of the Atlantic provinces, have a Holstein farm or 4-H (Holstein calf project) background. Selection criteria include academic performance and career goals.

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$500

University Medal in Animal Science

Awarded to the graduating Animal Science student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Medal in Aquaculture

Awarded to the graduating Aquaculture student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Medal in Plant Science

Awarded to the graduating Plant Science student with the highest standing.

Application Type: Automatic Consideration – No Application Required

University Silver Medal

This medal is awarded to the student who is judged to be the leading First Class Honours student among graduates of baccalaureate programs. The recipient cannot have received the Governor General's Silver Medal.

Application Type: Automatic Consideration – No Application Required

Florence (Pineo) Ward Memorial Award

The Florence (Pineo) Ward Memorial Award was established by James Pineo in memory of his late sister, Florence. James wanted to leave a legacy behind for his sister, and help support the academic efforts of agricultural students, such as his niece Lisa (Orlando) Gowan, a BSc(Agr) Agricultural Chemistry graduate.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program at the Faculty of Agriculture.

Preference will be given to students from Boutilier's Point, Halifax County, and Advocate, Cumberland County. Awarded to students in financial need. Preference will be given to students with sound academic background who have come to the Faculty of Agriculture for technical training to enhance their employability but financial constraints are limiting their ability to continue their studies.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Michael Whidden Memorial Award

Awarded to a student who has provided leadership on the Faculty of Agriculture's Woodsmen Team, and has maintained a sound academic performance.

Eligibility: Available to current technical and undergraduate students at the Faculty of Agriculture.

Application Type: Automatic Consideration – No Application Required

Wild Blueberry Producers Association of Nova Scotia Scholarship

The Blueberry Producers Association of Nova Scotia is a grower organization with approximately 1000 members from around the province. The Association promotes the production and consumption of wild blueberries. It constantly strives to keep growers informed of the newest technology available for both growing and harvesting. As well, it helps provide the producers with an adequate return to management, labour and capital.

Eligibility: Available to students entering third or fourth year of the Bachelor of Science (Agriculture) program with Plant Science majors. Preference given to someone with interest and experience in small fruit. Selection will be based on academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$750

Eric Williams Memorial Scholarships

Born in 1938 Eric P. Williams started farming in 1959 with nine cows and twenty acres. Today the Williams' family own and operate a two hundred head Holstein dairy farm in the Goulds and employ a nephew and one other worker. Eric worked hard to introduce supply management for milk producers in Newfoundland. In 1983 he was appointed the first chair of the Newfoundland Milk Marketing Board now known as the Dairy Farmers of Newfoundland and Labrador. During his lifetime he fought to improve the cost of production formula for milk producers in the province. Eric was also nominated by the Dairy Farmers of Newfoundland and Labrador in recognition of his tremendous contributions to agriculture, to become an inductee into the Atlantic Agricultural Hall of Fame. It is for the same reasons that the Dairy Farmers of Newfoundland and Labrador have established a scholarship in his memory for his dedication and commitment to agriculture.

Eligibility: Available to current students who have completed at least one year of study in any technical or undergraduate program in the Faculty of Agriculture.

Applicants must be permanent residents of Newfoundland and Labrador. Selection will be based on academic performance. Typically one award is given to a technical student and the other to an degree-seeking student.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadline

Value: \$1,000

Zhuhui Ye Memorial Award

This fund was established by classmates of Zhuhui Ye (Kevin) to honour his memory. Kevin attended the former Nova Scotia Agricultural College as part of the FAFU 2+2 program, earning his BSc(Agr) in Aquaculture in 2012. Kevin continued his studies with the Dalhousie MSc. program. On September 8, 2012, Kevin lost his life in a drowning accident at Dollar Lake Provincial Park. Kevin is well remembered as an intelligent, popular, and outgoing man whose generosity touched the lives of many friends. The intent of the Zhuhui Ye Memorial Award is to further the understanding of culture and relationship between Chinese and Canadian students by supporting the FAFU/DAC 2+2 program.

Eligibility: Award to a Chinese student in the FAFU 2+2 program or another student demonstrating a commitment to and involvement with the FAFU 2+2 program at the Faculty of Agriculture, in addition to academic performance and financial need.

Application Type: Faculty of Agriculture In-Course Award Application

Application Deadline: Check dal.ca/scholarships for application deadlines

Value: \$500

Faculty of Architecture and Planning

This Calendar is prepared some months before the year for which it is intended to provide guidance. The policies, procedures, and awards listed in this section are subject to continuing review and revision. Not all awards listed will be offered in any given year. Additionally, the number of awards offered, values of awards, and selection criteria may change without notice.

All Faculty of Architecture and Planning Awards

Aliant Ambassador Scholarship

A one-year scholarship open to students registered in year four or five of an Architecture, Planning, Computer Science, or Engineering program. Selection is carried out by the Scholarship and Awards Committee of the Faculty of Engineering.

Eligibility: Available to students entering fourth or fifth year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Aramark Leadership Award

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Margaret Archibald Memorial (Entrance) Bursary

The Family, Friends and Associates of Margaret Archibald established this award. Mrs. Margaret Archibald was a Dalhousie employee from December 1962 to May 1979. During this period of time, she worked for three Presidents. After her official retirement as Administrative Secretary to the President, Mrs. Archibald continued with the University working in the Public Relations Office until 1983. Margaret Archibald was a very loyal and dedicated employee with a keen interest in the Dalhousie community. The eligible candidate must be a woman who has fulfilled or expects to fulfill the minimum entrance requirements into third year of an undergraduate program in Architecture, Computer Science, or Engineering.

Eligibility: Available to students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Faculty of Engineering: Year 3 Entrance Scholarship Application

Application Deadline: April 30

Value: \$500

Architecture and Planning Bursaries

Proceeds from the former TUNS Board of Governors Fund are used at the Dean's discretion. They provide up to five \$1,000 bursaries to assist full-time students entering the winter term of the Bachelor of Environmental Design Studies or Master of Architecture program in the School of Architecture or the Bachelor of Community Design or Master of Planning program in the School of Planning. Applicants must be making satisfactory academic progress and must demonstrate financial need by submitting a bursary application. Selections are made by the Scholarship Committees of the School of Architecture and the School of Planning.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Bachelor of Environmental Design Studies Year Four Portfolio Prize

A prize is awarded to the student who has produced the best design portfolio at the end of year four in the BEDS program.

Application Type: Automatic Consideration – No Application Required

Bachelor of Environmental Design Studies Year Three Portfolio Prize

A prize is awarded to the student who has produced the best design portfolio at the end of year three in the BEDS program.

Application Type: Automatic Consideration – No Application Required

Marjorie Ball Scholarship

Marjorie Ball was born in Newfoundland in 1912 and attended Dalhousie University in 1934. This scholarship was established by a bequest from the Estate of Marjorie Ball to the Dalhousie University Alumni Association.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Boyd Bursary

The income from the George Boyd Trust will provide a bursary to a student who demonstrates financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing, with preference given to applicants from the Sydney area, Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program (excluding the Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Ernest Brehaut Memorial Bursaries

students if they maintain creditable academic standing and show genuine need.

Eligibility: These bursaries were established by the gift of Mrs. Ernest Brehaut of Colorado Springs, USA, in memory of her husband, a distinguished graduate of Dalhousie, Harvard and Columbia. Preference is to be given to relatives of the late Dr. Brehaut.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Lt. (E) Harry J. Brewer, MBE, CD, RCN (Ret.), Memorial Bursary

A memorial bursary fund has been established to provide financial assistance to a full-time student who is enrolled in a degree or diploma program.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Isabel Brown Scholarship

The scholarship was endowed in 1982 by the Brown family under the auspices of the Women's Division of the Dalhousie Alumni Association. The interest provides an annual scholarship ordinarily to a student who is entering the final undergraduate year.

Eligibility: Available to a final year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Robert Bruce Scholarships

The University is a beneficiary of a bequest from the late Robert Bruce of Quebec whereby a portion of the annual income is to be used for both entrance and in-course scholarships, and for bursaries.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Minnie F. Burbidge Scholarships

In her Will the late Minnie F. Burbidge bequeathed the residue of her Estate to Dalhousie University. In 1945 the sum of \$16,000 was endowed to provide undergraduate, usually in-course, scholarships.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Students must submit application a minimum of one month before departure.

Eligibility: Available to upper-year Dalhousie students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

George H. Campbell Memorial Scholarship

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Howard C. Clarke International Study Award

An endowment fund to assistance a Dalhousie student who is participating in a recognized study abroad or exchange program for academic credit. Student must demonstrate great financial challenges.

Eligibility: Available to an undergraduate Dalhousie student participating in a study abroad or exchange program.
Application Type: Contact the International Centre for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.
Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.
Application Type: General Online Bursary Application
Application Deadline: October 15

Community Design Service Prize

The prize is awarded to a graduating Community Design student who has made a significant contribution to community design beyond the School.
Application Type: Automatic Consideration – No Application Required

Community Design Achievement Award (second year)

This prize is awarded to the student with the highest cumulative average in the second year of the Community Design program.
Application Type: Automatic Consideration – No Application Required

This prize is given in recognition of excellent work in completing the thesis project for the Bachelor of Community Design.
Application Type: Automatic Consideration – No Application Required

Community Design Achievement Award (third year)

This prize is awarded to the student with the highest cumulative average in the third year of the Community Design program.
Application Type: Automatic Consideration – No Application Required

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during “The Great Depression”. Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.
Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.
Application Type: General Online Bursary Application
Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.
Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support.
Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.
Application Type: General Online Bursary Application
Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability.
Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary.
Application Type: Contact awards@dal.ca for more information
Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.
Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.
Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15 (fall), February 15 (winter), June 15 (spring and summer)

Alfred George Darville Memorial Bursary

This fund provides one bursary to a qualifying Dalhousie student.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Halifax West High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

Design and Construction Institute of Engineering and Architecture Scholarship

The Design and Construction Institute (DCI) is a volunteer organization consisting of over 75 industry leaders whose common goal is to promote, foster and advocate for the design and construction industry in Nova Scotia. This fund was established to recognize and support engineering and architecture students who are enrolled in both the undergraduate and graduate programs. The award will rotate between the Faculties of Architecture & Planning and Engineering, beginning with Engineering.

Eligibility: Awarded annually to students who show an aptitude for or are interested in the design and construction industries in Nova Scotia. Recipients will be selected based on academic achievement and recommendations from professors. The recipient will submit a letter to DCI demonstrating their commitment to pursuing a career in the design and/or construction industry. Candidates will be in the 3rd or 4th year of Engineering, or the 1st year of the Masters of Architecture.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Dharma Master Chuk Mor Memorial Scholarship

T.Y. Lung established this scholarship in memory of Buddhist monk Chuk Mor (1913-2002) who was an educator and artist well known in the fields of Chinese poetry, Chinese painting and Chinese calligraphy. This in-course scholarship is available to a full-time undergraduate student who has attained a high standard of academic achievement and who has completed a minimum of one year in any undergraduate degree program.

Eligibility: Available to a current full-time undergraduate student.

Application Type: Automatic Consideration – No Application Required

Charles Robert Raefe Douthwaite Memorial Bursary

To honour the memory of Charles Robert Raefe Douthwaite, an endowment was established to provide bursaries for students graduating from Nova Scotia high schools.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from a high school in Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John Dunlop Memorial Bursary

An endowment to provide a bursary to an academically sound student from a rural area.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of a rural area.

Application Type: General Online Bursary Application

Application Deadline: October 15

Shawn Dupuis Memorial Prize

This prize was established in memory of Shawn Dupuis of Dartmouth, Nova Scotia who was a member of the varsity swim team. This prize will be awarded at the first AUS meet of the season held at Dalhousie to a Dartmouth Crusader Swimmer entering his/her first year of study at Dalhousie University. Preference will be given to students who are enrolled in a class from the Bachelor of Commerce program or the Spanish and Latin American Studies Department, Faculty of Arts and Social Sciences.

Eligibility: Available to a former member of the Dartmouth Crusaders Swim Team entering an undergraduate program at Dalhousie.

Application Type: Contact the Department of Athletics for more information

Value: \$300

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

European Union Centre of Excellence (EUCE) Prize

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct".

Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Dr. Ruth M. Goldbloom Bursary

This fund was established in 1995 to honour Dr. Goldbloom CM, on the occasion of her installation as Chancellor of the Technical University of Nova Scotia. This bursary is awarded annually to a female student entering her third year of study in the Faculty of Architecture and Planning, Faculty of Computer Science or the Faculty of Engineering.

Eligibility: Available to female students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Contact the Department, School, or College for more information

Application Deadline: April 30

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary. .

Mr. & Mrs. H. D. Howitt Scholarship

This scholarship was created to promote education and advancement of youth, to encourage achievement at the university level in both academic endeavors and in contributions to community life. The funds provide one or more annual scholarships to students enrolled full time in undergraduate degree programs. Awarded based upon academic excellence.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Barry and Margo Johns Family Bursary

This bursary, donated by Barry Johns (BArch 1972), provides financial assistance to a student entering the B5 term of the BEDS program. Applicants must be making satisfactory academic progress and must demonstrate financial need by submitting a bursary application. The selection is made by the School of Architecture Scholarship Committee.

Eligibility: Available to current students in the Bachelor of Environmental Design Studies program at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

Michael G. Johnston Memorial (Entrance) Bursary

This annual bursary has been established in the memory of Michael G. Johnston by the Board of Governors of the University. Michael G. Johnston was a valued member of the Dalhousie Board of Governors who expressed sincere interest in all who came into contact with him. Candidates must have fulfilled or expect to fulfill the minimal entrance requirements for an undergraduate program in Architecture and Planning, or for entrance into the third year of Computer Science and Engineering. The bursary is awarded on the basis of community involvement, scholastic ability, and financial need.

Eligibility: Available to students entering first year of the Bachelor of Community Design or Bachelor of Environmental Design Studies programs, and students entering third year of the Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Value: \$500

The E. John Jordan Scholarships

Under the Will of the late E. John Jordan a bequest was left to the University for the purpose of funding entrance and in-course scholarships.

Eligibility: Available to entering or current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it “If you can’t do something for someone, you are a no one.”

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.

Application Type: General Entrance Award Application

Application Deadline: October 15

The Khaki University Scholarships

From the Khaki University of Canada and the Young Men’s Christian Association Memorial Scholarship Fund, the trustees of Khaki University made a gift to Dalhousie University in 1921 of \$6,500 to endow scholarships.

This endowment, established in memory of Isaac Walton Killam, provides entrance and in-course scholarships to citizens of the United States who are enrolled in undergraduate programs at Dalhousie University.

Eligibility: Available to entering and current undergraduate students who are US citizens (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Harry Kitz Fund

Interest from the fund, established in memory of the late Harry Kitz, is used to support one or more students in the Faculty of Architecture and Planning to undertake supervised planning, design, or construction activities on public property in the Halifax Regional Municipality. Proposals are evaluated on their imagination, practicality, and potential value to the community.

Eligibility: Available to undergraduate students in the Faculty of Architecture and Planning at Dalhousie University. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Application Deadline: May 31

Kostman Family Bursary

An endowment has been established in memory of Harry Kostman to provide one or more bursaries for undergraduate students of First Nations or African-Canadian descent who are graduates of TYP entering full-time studies. Harry Kostman had an enduring passion for education, and generously provided for his children and grandchildren while they attended university. Through this bursary, they strive to continue his legacy of support.

Eligibility: Available to full-time Black or First Nations undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have completed the Transition Year Program at Dalhousie, with preference given to single parents.

Application Type: General Online Bursary Application

Application Deadline: October 15

Ann Lavers Howe Hall Bursary

The Ann Lavers Howe Hall Bursary was founded, by alumni and friends of Howe Hall, to provide financial assistance to a Dalhousie student who is a current Howe Hall resident. It is named in honour of Ann Lavers, staff member of Howe Hall from 1967-1994, who befriended many residents over her term of employment, in a variety of positions, at Howe Hall. The recipient must have made a positive contribution to the residence community at Howe Hall. Application information is posted within the residence each January.

Eligibility: Available to a Dalhousie student who is a current resident of Howe Hall, who is in good academic standing, and has demonstrated financial need.

Application Type: General Online Bursary Application

Application Deadline: October 15

Annie E. Longard Memorial Bursary

An endowment has been established to provide an annual bursary in memory of an accomplished alumna and long-time participant in the Women's Division of the Dalhousie Alumni Association.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

The W. Andrew MacKay Alumni Scholarship

The Dalhousie Alumni Association established an annual scholarship in honour of Dr. W. A. MacKay, a former president of the University. The scholarships are available to students who have demonstrated high academic standing (GPA of at least 3.30) and who have shown an excellence in qualities of leadership, citizenship and sportsmanship. Candidates are considered by nomination by their Department or School in the fall of each year.

Eligibility: Available to current undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: See dal.ca/scholarships for more information

Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Springhill, Cumberland County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

The Shaw Group Environmental Design Scholarship

In the 1960s, The Shaw Group Limited established an award for the student in the School of Architecture who has derived the greatest benefit from Design courses during year three of the Bachelor of Environmental Design Studies program. To be eligible for this award, a student must have been born in, and have a permanent residence in, Atlantic Canada. The recipient is selected at the year-end review in April and receives the scholarship at the start of the next academic term in May.

Application Type: Automatic Consideration – No Application Required

Value: \$2,500

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English. First preference will be given to students who are either permanent residents or intending to become permanent residents of Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Rod Shoveller Memorial Bursary

This bursary has been established by the Dalhousie Student Union and is supported by students, alumni, family, friends and colleagues. Mr. Shoveller was the Athletic Director of TUNS from 1980 to 1991 and acted as counsellor, mentor, and friend to the hundreds of students who came to know his compassion and understanding. The award is made on the basis of participation in Dalhousie athletics, with an emphasis on intramurals and financial need, provided that the applicant is maintaining an acceptable academic standard.

Eligibility: Available to students entering fourth year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Value: \$500

The Slaughter Family Foundation Scholarship for African Students

The Slaughter Family Foundation Scholarship for African Students is a renewable scholarship valued at \$25,000 per year and is funded by a very generous gift by the Slaughter Family Foundation. The scholarship will be awarded annually to a full-time undergraduate student who resides in Africa and is either entering into their first year or returning (current) year of studies in any program at Dalhousie University. To be eligible, candidates must demonstrate financial need, hold good academic standing, and demonstrate involvement in their community.

Eligibility: Available to entering and current undergraduate students who are permanent residents of Africa.

Application Type: Automatic Consideration – No Application Required

Lenore Smith Cumming Bursary

From the Estate of Charles Gordon Cumming came a bequest of \$10,000 US to endow a bursary fund to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, with preference given to graduates of Naparima College in Trinidad.

Application Type: General Online Bursary Application

Application Deadline: October 15

Charles A. Smith Memorial Bursary

Charles A. Smith was a Black Nova Scotian born in 1926. He pursued his career on the railway, starting as a sleeping car attendant and retiring at a senior level in customer service with Via Rail. This renewable bursary will be available to assist one or more Nova Scotia Black students who are single parents enrolled in undergraduate studies at Dalhousie.

Eligibility: Available to Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Nova Scotia. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Rt. Honourable Robert L. Stanfield Bursary

Established by the Windsor Foundation in recognition of the contributions of the Rt. Honourable Robert L. Stanfield.

Eligibility: Available to full-time Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Student's Medical Response Trust Fund

The fund was established with a generous donation from Professor and Mrs. Surain S. Sarwal, a member of Dalhousie Faculty along with students, staff, faculty, and friends of Dalhousie. The concept of the fund was developed in response to a medical emergency. Prior to the establishment of this fund, students, staff, faculty, and friends of Dalhousie joined together to provide special funding to assist a student. A committee will decide upon the distribution of funds. Distribution of funding will be subject to the judgment of the committee taking into account the individual circumstances and needs. Applications are made to the Dean of the student's respective Faculty.

Eligibility: Available to any student registered in the Faculty of Architecture & Planning, Computer Science, or Engineering.

Application Type: Contact the Faculty for more information

Study Work International Fund (SWIF)

SWIF has been established by Dalhousie University, as part of the Student Assistance Program, to provide financial assistance to Dalhousie and King's students who wish to undertake international placements as part of their educational experience. Students must submit application a minimum of one month prior to departure.

Eligibility: Available to Dalhousie and King's students taking part in an international placement.

Application Type: Contact the International Centre for more information

Supertemp Bursary

This bursary is awarded annually to a Mature undergraduate student who has demonstrated financial need.

Eligibility: Available to mature undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Value: \$1,000

TD Bank Financial Group Bursary

This bursary is available to part-time or full-time students who demonstrate financial need. Recipients may be residents of any province or territory in Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health

Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John L. and Glenna E. Towse Scholarships

A bequest to the University provides for a number of in-course scholarships.

Eligibility: Available to current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Margaret Archibald Memorial (Entrance) Bursary

The Family, Friends and Associates of Margaret Archibald established this award. Mrs. Margaret Archibald was a Dalhousie employee from December 1962 to May 1979. During this period of time, she worked for three Presidents. After her official retirement as Administrative Secretary to the President, Mrs. Archibald continued with the University working in the Public Relations Office until 1983. Margaret Archibald was a very loyal and dedicated employee with a keen interest in the Dalhousie community. The eligible candidate must be a woman who has fulfilled or expects to fulfill the minimum entrance requirements into third year of an undergraduate program in Architecture, Computer Science, or Engineering.

Eligibility: Available to students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Faculty of Engineering: Year 3 Entrance Scholarship Application

Application Deadline: April 30

Value: \$500

Architecture and Planning Bursaries

Proceeds from the former TUNS Board of Governors Fund are used at the Dean's discretion. They provide up to five \$1,000 bursaries to assist full-time students entering the winter term of the Bachelor of Environmental Design Studies or Master of Architecture program in the School of Architecture or the Bachelor of Community Design or Master of Planning program in the School of Planning. Applicants must be making satisfactory academic progress and must demonstrate financial need by submitting a bursary application. Selections are made by the Scholarship Committees of the School of Architecture and the School of Planning.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Bachelor of Environmental Design Studies Year Four Portfolio Prize

A prize is awarded to the student who has produced the best design portfolio at the end of year four in the BEDS program.

Application Type: Automatic Consideration – No Application Required

Bachelor of Environmental Design Studies Year Three Portfolio Prize

A prize is awarded to the student who has produced the best design portfolio at the end of year three in the BEDS program.

Application Type: Automatic Consideration – No Application Required

Marjorie Ball Scholarship

Marjorie Ball was born in Newfoundland in 1912 and attended Dalhousie University in 1934. This scholarship was established by a bequest from the Estate of Marjorie Ball to the Dalhousie University Alumni Association.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship. The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during "The Great Depression". Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability.

Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary.

Application Type: Contact awards@dal.ca for more information

Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Halifax West High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

Design and Construction Institute of Engineering and Architecture Scholarship

The Design and Construction Institute (DCI) is a volunteer organization consisting of over 75 industry leaders whose common goal is to promote, foster and advocate for the design and construction industry in Nova Scotia. This fund was established to recognize and support engineering and architecture students who are enrolled in both the undergraduate and graduate programs. The award will rotate between the Faculties of Architecture & Planning and Engineering, beginning with Engineering.

Eligibility: Awarded annually to students who show an aptitude for or are interested in the design and construction industries in Nova Scotia. Recipients will be selected based on academic achievement and recommendations from professors. The recipient will submit a letter to DCI demonstrating their commitment to pursuing a career in the design and/or construction industry. Candidates will be in the 3rd or 4th year of Engineering, or the 1st year of the Masters of Architecture.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Application Type: General Online Bursary Application

Application Deadline: October 15

Shawn Dupuis Memorial Prize

This prize was established in memory of Shawn Dupuis of Dartmouth, Nova Scotia who was a member of the varsity swim team. This prize will be awarded at the first AUS meet of the season held at Dalhousie to a Dartmouth Crusader Swimmer entering his/her first year of study at Dalhousie University. Preference will be given to students who are enrolled in a class from the Bachelor of Commerce program or the Spanish and Latin American Studies Department, Faculty of Arts and Social Sciences.

Eligibility: Available to a former member of the Dartmouth Crusaders Swim Team entering an undergraduate program at Dalhousie.

Application Type: Contact the Department of Athletics for more information

Value: \$300

Marjorie F. Ellis Scholarships

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

European Union Centre of Excellence (EUCE) Prize

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct". Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Dr. Ruth M. Goldbloom Bursary

This fund was established in 1995 to honour Dr. Goldbloom CM, on the occasion of her installation as Chancellor of the Technical University of Nova Scotia. This bursary is awarded annually to a female student entering her third year of study in the Faculty of Architecture and Planning, Faculty of Computer Science or the Faculty of Engineering.

Eligibility: Available to female students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Contact the Department, School, or College for more information

Application Deadline: April 30

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Enid Hager Clarke Textbook Fund

A bequest from the Estate has set up an endowment from which to award bursaries to assist students from certain geographic areas of New Brunswick. Students who are domiciled in King's and Saint John counties are eligible under the terms of the bequest.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

W. L. Harper Scholarship

From the Estate of Arta Falconer Harper a bequest to the University makes possible the provision of a number of awards from the annual income.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Annie M. Harrison Bursary

The annual income from the bequest of \$5,000 from the Estate of Annie M. Harrison provides a number of bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Alice M. Haverstock Bursary

From the Estate of Gertrude H. Fox came a bequest to endow a bursary fund in the name of Alice M. Haverstock.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Hayes Family Award

The Hayes Family Award rewards a top varsity athlete.

Eligibility: Awarded to a Dalhousie Tigers varsity team member who has a term or cumulative GPA of 3.70 or higher and who is also receiving a student loan.

Application Type: Contact the Department of Athletics for more information

Dr. Mary G. Hickman Memorial Scholarship

Under the will of Theresa Rose Hickman, this scholarship fund was established in memory of her late daughter Mary Hickman, MD 1972. This fund provides scholarships in recognition of academic excellence at Dalhousie.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Annette S. Hill Bursaries

The University received an endowment under the Will of the late Annette S. Hill to set up a fund, the income to be used to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Eileen Holden Scholarship

To provide financial support for an undergraduate student.

Eligibility: Awarded to an undergraduate student who has graduated from a high school in/near Lunenburg County, NS. Preference is given to students who graduated from Bridgewater Jr/Sr High School or Park View Education Centre.

Application Type: Automatic Consideration – No Application Required

Mr. & Mrs. H. D. Howitt Scholarship

This scholarship was created to promote education and advancement of youth, to encourage achievement at the university level in both academic endeavors and in contributions to community life. The funds provide one or more annual scholarships to students enrolled full time in undergraduate degree programs. Awarded based upon academic excellence.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Barry and Margo Johns Family Bursary

This bursary, donated by Barry Johns (BArch 1972), provides financial assistance to a student entering the B5 term of the BEDS program. Applicants must be making satisfactory academic progress and must demonstrate financial need by submitting a bursary application. The selection is made by the School of Architecture Scholarship Committee.

Eligibility: Available to current students in the Bachelor of Environmental Design Studies program at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

Michael G. Johnston Memorial (Entrance) Bursary

This annual bursary has been established in the memory of Michael G. Johnston by the Board of Governors of the University. Michael G. Johnston was a valued member of the Dalhousie Board of Governors who expressed sincere interest in all who came into contact with him. Candidates must have fulfilled or expect to fulfill the minimal entrance requirements for an undergraduate program in Architecture and Planning, or for entrance into the third year of Computer Science and Engineering. The bursary is awarded on the basis of community involvement, scholastic ability, and financial need.

Eligibility: Available to students entering first year of the Bachelor of Community Design or Bachelor of Environmental Design Studies programs, and students entering third year of the Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Value: \$500

The E. John Jordan Scholarships

Under the Will of the late E. John Jordan a bequest was left to the University for the purpose of funding entrance and in-course scholarships.

Eligibility: Available to entering or current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it "If you can't do something for someone, you are a no one."

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.

Application Type: General Entrance Award Application

Application Deadline: October 15

The Khaki University Scholarships

From the Khaki University of Canada and the Young Men's Christian Association Memorial Scholarship Fund, the trustees of Khaki University made a gift to Dalhousie University in 1921 of \$6,500 to endow scholarships.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Killam American Scholarship Fund

This endowment, established in memory of Isaac Walton Killam, provides entrance and in-course scholarships to citizens of the United States who are enrolled in undergraduate programs at Dalhousie University.

Eligibility: Available to entering and current undergraduate students who are US citizens (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Harry Kitz Fund

Interest from the fund, established in memory of the late Harry Kitz, is used to support one or more students in the Faculty of Architecture and Planning to undertake supervised planning, design, or construction activities on public property in the Halifax Regional Municipality. Proposals are evaluated on their imagination, practicality, and potential value to the community.

Eligibility: Available to undergraduate students in the Faculty of Architecture and Planning at Dalhousie University. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Application Deadline: May 31

Kostman Family Bursary

An endowment has been established in memory of Harry Kostman to provide one or more bursaries for undergraduate students of First Nations or African-Canadian descent who are graduates of TYP entering full-time studies. Harry Kostman had an enduring passion for education, and generously provided for his children and grandchildren while they attended university. Through this bursary, they strive to continue his legacy of support.

Eligibility: Available to full-time Black or First Nations undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have completed the Transition Year Program at Dalhousie, with preference given to single parents.

Application Type: General Online Bursary Application

Application Deadline: October 15

Ann Lavers Howe Hall Bursary

The Ann Lavers Howe Hall Bursary was founded, by alumni and friends of Howe Hall, to provide financial assistance to a Dalhousie student who is a current Howe Hall resident. It is named in honour of Ann Lavers, staff member of Howe Hall from 1967-1994, who befriended many residents over her term of employment, in a variety of positions, at Howe Hall. The recipient must have made a positive contribution to the residence community at Howe Hall. Application information is posted within the residence each January.

Eligibility: Available to a Dalhousie student who is a current resident of Howe Hall, who is in good academic standing, and has demonstrated financial need.

Application Type: General Online Bursary Application

Application Deadline: October 15

Annie E. Longard Memorial Bursary

An endowment has been established to provide an annual bursary in memory of an accomplished alumna and long-time participant in the Women's Division of the Dalhousie Alumni Association.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.

Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.

Application Type: Automatic Consideration – No Application Required

The W. Andrew MacKay Alumni Scholarship

The Dalhousie Alumni Association established an annual scholarship in honour of Dr. W. A. MacKay, a former president of the University. The scholarships are available to students who have demonstrated high academic standing (GPA of at least 3.30) and who have shown an excellence in qualities of leadership, citizenship and sportsmanship. Candidates are considered by nomination by their Department or School in the fall of each year.

Eligibility: Available to current undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: See dal.ca/scholarships for more information

MacKean Athletic Scholarship

The Margaret Louise MacKean Scholarships were established through the estate of Charlotte Louise MacKean. Through a bequest in her will, the Margaret Louise MacKean Scholarships will eternally benefit Dalhousie student athletes who have demonstrated athletic, academic and citizenship excellence.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Springhill, Cumberland County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

The Shaw Group Environmental Design Scholarship

In the 1960s, The Shaw Group Limited established an award for the student in the School of Architecture who has derived the greatest benefit from Design courses during year three of the Bachelor of Environmental Design Studies program. To be eligible for this award, a student must have been born in, and have a permanent residence in, Atlantic Canada. The recipient is selected at the year-end review in April and receives the scholarship at the start of the next academic term in May.

Application Type: Automatic Consideration – No Application Required

Value: \$2,500

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English. First preference will be given to students who are either permanent residents or intending to become permanent residents of Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Rod Shoveller Memorial Bursary

This bursary has been established by the Dalhousie Student Union and is supported by students, alumni, family, friends and colleagues. Mr. Shoveller was the Athletic Director of TUNS from 1980 to 1991 and acted as counsellor, mentor, and friend to the hundreds of students who came to know his compassion and understanding. The award is made on the basis of participation in Dalhousie athletics, with an emphasis on intramurals and financial need, provided that the applicant is maintaining an acceptable academic standard.

Eligibility: Available to students entering fourth year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Value: \$500

The Slight Family Foundation Scholarship for African Students

The Slight Family Foundation Scholarship for African Students is a renewable scholarship valued at \$25,000 per year and is funded by a very generous gift by the Slight Family Foundation. The scholarship will be awarded annually to a full-time undergraduate student who resides in Africa and is either entering into their first year or returning (current) year of studies in any program at Dalhousie University. To be eligible, candidates must demonstrate financial need, hold good academic standing, and demonstrate involvement in their community.

Eligibility: Available to entering and current undergraduate students who are permanent residents of Africa.

Application Type: Automatic Consideration – No Application Required

Lenore Smith Cumming Bursary

From the Estate of Charles Gordon Cumming came a bequest of \$10,000 US to endow a bursary fund to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, with preference given to graduates of Naparima College in Trinidad.

Application Type: General Online Bursary Application

Application Deadline: October 15

Charles A. Smith Memorial Bursary

Charles A. Smith was a Black Nova Scotian born in 1926. He pursued his career on the railway, starting as a sleeping car attendant and retiring at a senior level in customer service with Via Rail. This renewable bursary will be available to assist one or more Nova Scotia Black students who are single parents enrolled in undergraduate studies at Dalhousie.

Eligibility: Available to Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Nova Scotia. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Rt. Honourable Robert L. Stanfield Bursary

Established by the Windsor Foundation in recognition of the contributions of the Rt. Honourable Robert L. Stanfield.

Eligibility: Available to full-time Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Student's Medical Response Trust Fund

The fund was established with a generous donation from Professor and Mrs. Surain S. Sarwal, a member of Dalhousie Faculty along with students, staff, faculty, and

friends of Dalhousie. The concept of the fund was developed in response to a medical emergency. Prior to the establishment of this fund, students, staff, faculty, and friends of Dalhousie joined together to provide special funding to assist a student. A committee will decide upon the distribution of funds. Distribution of funding will be subject to the judgment of the committee taking into account the individual circumstances and needs. Applications are made to the Dean of the student's respective Faculty.

Eligibility: Available to any student registered in the Faculty of Architecture & Planning, Computer Science, or Engineering.

Application Type: Contact the Faculty for more information

Study Work International Fund (SWIF)

SWIF has been established by Dalhousie University, as part of the Student Assistance Program, to provide financial assistance to Dalhousie and King's students who wish to undertake international placements as part of their educational experience. Students must submit application a minimum of one month prior to departure.

Eligibility: Available to Dalhousie and King's students taking part in an international placement.

Application Type: Contact the International Centre for more information

Supertemp Bursary

This bursary is awarded annually to a Mature undergraduate student who has demonstrated financial need.

Eligibility: Available to mature undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Value: \$1,000

TD Bank Financial Group Bursary

This bursary is available to part-time or full-time students who demonstrate financial need. Recipients may be residents of any province or territory in Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John L. and Glenna E. Towse Scholarships

A bequest to the University provides for a number of in-course scholarships.

Eligibility: Available to current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.
Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).
Application Type: Aramark Leadership Award Application
Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.
Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.
Application Type: General Online Bursary Application
Application Deadline: October 15

Margaret Archibald Memorial (Entrance) Bursary

The Family, Friends and Associates of Margaret Archibald established this award. Mrs. Margaret Archibald was a Dalhousie employee from December 1962 to May 1979. During this period of time, she worked for three Presidents. After her official retirement as Administrative Secretary to the President, Mrs. Archibald continued with the University working in the Public Relations Office until 1983. Margaret Archibald was a very loyal and dedicated employee with a keen interest in the Dalhousie community. The eligible candidate must be a woman who has fulfilled or expects to fulfill the minimum entrance requirements into third year of an undergraduate program in Architecture, Computer Science, or Engineering.
Eligibility: Available to students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.
Application Type: Faculty of Engineering: Year 3 Entrance Scholarship Application
Application Deadline: April 30
Value: \$500

Architecture and Planning Bursaries

Proceeds from the former TUNS Board of Governors Fund are used at the Dean's discretion. They provide up to five \$1,000 bursaries to assist full-time students entering the winter term of the Bachelor of Environmental Design Studies or Master of Architecture program in the School of Architecture or the Bachelor of Community Design or Master of Planning program in the School of Planning. Applicants must be making satisfactory academic progress and must demonstrate financial need by submitting a bursary application. Selections are made by the Scholarship Committees of the School of Architecture and the School of Planning.
Application Type: Contact the Department, School, or College for more information
Value: \$1,000

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.
Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health

Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Marjorie Ball Scholarship

Marjorie Ball was born in Newfoundland in 1912 and attended Dalhousie University in 1934. This scholarship was established by a bequest from the Estate of Marjorie Ball to the Dalhousie University Alumni Association.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Community Design Achievement Award (second year)

This prize is awarded to the student with the highest cumulative average in the second year of the Community Design program.

Application Type: Automatic Consideration – No Application Required

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during “The Great Depression”. Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability.

Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary.

Application Type: Contact awards@dal.ca for more information

Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15 (fall), February 15 (winter), June 15 (spring and summer)

Alfred George Darville Memorial Bursary

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Halifax West High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

Dharma Master Chuk Mor Memorial Scholarship

T.Y. Lung established this scholarship in memory of Buddhist monk Chuk Mor (1913-2002) who was an educator and artist well known in the fields of Chinese poetry, Chinese painting and Chinese calligraphy. This in-course scholarship is available to a full-time undergraduate student who has attained a high standard of academic achievement and who has completed a minimum of one year in any undergraduate degree program.

Eligibility: Available to a current full-time undergraduate student.

Application Type: Automatic Consideration – No Application Required

Charles Robert Raefe Douthwaite Memorial Bursary

To honour the memory of Charles Robert Raefe Douthwaite, an endowment was established to provide bursaries for students graduating from Nova Scotia high schools.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from a high school in Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John Dunlop Memorial Bursary

An endowment to provide a bursary to an academically sound student from a rural area.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of a rural area.

Application Type: General Online Bursary Application

Application Deadline: October 15

Shawn Dupuis Memorial Prize

This prize was established in memory of Shawn Dupuis of Dartmouth, Nova Scotia who was a member of the varsity swim team. This prize will be awarded at the first AUS meet of the season held at Dalhousie to a Dartmouth Crusader Swimmer entering his/her first year of study at Dalhousie University. Preference will be given to students who are enrolled in a class from the Bachelor of Commerce program or the Spanish and Latin American Studies Department, Faculty of Arts and Social Sciences.

Eligibility: Available to a former member of the Dartmouth Crusaders Swim Team entering an undergraduate program at Dalhousie.

Application Type: Contact the Department of Athletics for more information

Value: \$300

Marjorie F. Ellis Scholarships

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

European Union Centre of Excellence (EUCE) Prize

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct". Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Dr. Ruth M. Goldbloom Bursary

This fund was established in 1995 to honour Dr. Goldbloom CM, on the occasion of her installation as Chancellor of the Technical University of Nova Scotia. This bursary is awarded annually to a female student entering her third year of study in the Faculty of Architecture and Planning, Faculty of Computer Science or the Faculty of Engineering.

Eligibility: Available to female students entering third year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Contact the Department, School, or College for more information

Application Deadline: April 30

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Enid Hager Clarke Textbook Fund

A bequest from the Estate has set up an endowment from which to award bursaries to assist students from certain geographic areas of New Brunswick. Students who are domiciled in King's and Saint John counties are eligible under the terms of the bequest.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

W. L. Harper Scholarship

From the Estate of Arta Falconer Harper a bequest to the University makes possible the provision of a number of awards from the annual income.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Annie M. Harrison Bursary

The annual income from the bequest of \$5,000 from the Estate of Annie M. Harrison provides a number of bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Alice M. Haverstock Bursary

From the Estate of Gertrude H. Fox came a bequest to endow a bursary fund in the name of Alice M. Haverstock.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Hayes Family Award

The Hayes Family Award rewards a top varsity athlete.

Eligibility: Awarded to a Dalhousie Tigers varsity team member who has a term or cumulative GPA of 3.70 or higher and who is also receiving a student loan.

Application Type: Contact the Department of Athletics for more information

Dr. Mary G. Hickman Memorial Scholarship

Under the will of Theresa Rose Hickman, this scholarship fund was established in memory of her late daughter Mary Hickman, MD 1972. This fund provides scholarships in recognition of academic excellence at Dalhousie.

Eligibility: Available to entering and current undergraduate students.

Application Type: Automatic Consideration – No Application Required

The Annette S. Hill Bursaries

The University received an endowment under the Will of the late Annette S. Hill to set up a fund, the income to be used to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Eileen Holden Scholarship

To provide financial support for an undergraduate student.

Eligibility: Awarded to an undergraduate student who has graduated from a high school in/near Lunenburg County, NS. Preference is given to students who graduated from Bridgewater Jr/Sr High School or Park View Education Centre.

Application Type: Automatic Consideration – No Application Required

Mr. & Mrs. H. D. Howitt Scholarship

This scholarship was created to promote education and advancement of youth, to encourage achievement at the university level in both academic endeavors and in contributions to community life. The funds provide one or more annual scholarships to students enrolled full time in undergraduate degree programs. Awarded based upon academic excellence.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Michael G. Johnston Memorial (Entrance) Bursary

This annual bursary has been established in the memory of Michael G. Johnston by the Board of Governors of the University. Michael G. Johnston was a valued member of the Dalhousie Board of Governors who expressed sincere interest in all who came into contact with him. Candidates must have fulfilled or expect to fulfill the minimal entrance requirements for an undergraduate program in Architecture and Planning, or for entrance into the third year of Computer Science and Engineering. The bursary is awarded on the basis of community involvement, scholastic ability, and financial need.

Eligibility: Available to students entering first year of the Bachelor of Community Design or Bachelor of Environmental Design Studies programs, and students entering third year of the Bachelor of Computer Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Value: \$500

The E. John Jordan Scholarships

Under the Will of the late E. John Jordan a bequest was left to the University for the purpose of funding entrance and in-course scholarships.

Eligibility: Available to entering or current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it "If you can't do something for someone, you are a no one."

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.

Application Type: General Entrance Award Application

Application Deadline: October 15

The Khaki University Scholarships

From the Khaki University of Canada and the Young Men's Christian Association Memorial Scholarship Fund, the trustees of Khaki University made a gift to

Dalhousie University in 1921 of \$6,500 to endow scholarships.
Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

This endowment, established in memory of Isaac Walton Killam, provides entrance and in-course scholarships to citizens of the United States who are enrolled in undergraduate programs at Dalhousie University.
Eligibility: Available to entering and current undergraduate students who are US citizens (excluding the Faculty of Agriculture).
Application Type: Automatic Consideration – No Application Required

The Harry Kitz Fund

Interest from the fund, established in memory of the late Harry Kitz, is used to support one or more students in the Faculty of Architecture and Planning to undertake supervised planning, design, or construction activities on public property in the Halifax Regional Municipality. Proposals are evaluated on their imagination, practicality, and potential value to the community.
Eligibility: Available to undergraduate students in the Faculty of Architecture and Planning at Dalhousie University. See award description for specific eligibility requirements.
Application Type: Contact the Department, School, or College for more information
Application Deadline: May 31

Kostman Family Bursary

An endowment has been established in memory of Harry Kostman to provide one or more bursaries for undergraduate students of First Nations or African-Canadian descent who are graduates of TYP entering full-time studies. Harry Kostman had an enduring passion for education, and generously provided for his children and grandchildren while they attended university. Through this bursary, they strive to continue his legacy of support.
Eligibility: Available to full-time Black or First Nations undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have completed the Transition Year Program at Dalhousie, with preference given to single parents.
Application Type: General Online Bursary Application
Application Deadline: October 15

Ann Lavers Howe Hall Bursary

The Ann Lavers How Hall Bursary was founded, by alumni and friends of Howe Hall, to provide financial assistance to a Dalhousie student who is a current Howe Hall resident. It is named in honour of Ann Lavers, staff member of Howe Hall from 1967-1994, who befriended many residents over her term of employment, in a variety of positions, at Howe Hall. The recipient must have made a positive contribution to the residence community at Howe Hall. Application information is posted within the residence each January.
Eligibility: Available to a Dalhousie student who is a current resident of Howe Hall, who is in good academic standing, and has demonstrated financial need.
Application Type: General Online Bursary Application
Application Deadline: October 15

Annie E. Longard Memorial Bursary

An endowment has been established to provide an annual bursary in memory of an accomplished alumna and long-time participant in the Women's Division of the Dalhousie Alumni Association.
Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.
Application Type: General Online Bursary Application
Application Deadline: October 15

The Robert and Katherine MacDonald Award

An endowment has been established to provide an annual prize for Chinese students at Dalhousie. The recipient will be engaged in undergraduate studies and be a member of the Dal-TUNS Chinese Students' Association or its successor. The recipient will have demonstrated good academic achievement combined with leadership qualities and contribution to University life. The Association will recommend a candidate or candidates to the Head of Student Services.
Eligibility: Available to an undergraduate Chinese student who is a member of the Dalhousie Chinese Students and Scholars Association.
Application Type: Automatic Consideration – No Application Required

The W. Andrew MacKay Alumni Scholarship

The Dalhousie Alumni Association established an annual scholarship in honour of Dr. W. A. MacKay, a former president of the University. The scholarships are available to students who have demonstrated high academic standing (GPA of at least 3.30) and who have shown an excellence in qualities of leadership, citizenship and sportsmanship. Candidates are considered by nomination by their Department or School in the fall of each year.
Eligibility: Available to current undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).
Application Type: See dal.ca/scholarships for more information

Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Springhill, Cumberland County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English. First preference will be given to students who are either permanent residents or intending to become permanent residents of Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Rod Shoveller Memorial Bursary

This bursary has been established by the Dalhousie Student Union and is supported by students, alumni, family, friends and colleagues. Mr. Shoveller was the Athletic Director of TUNS from 1980 to 1991 and acted as counsellor, mentor, and friend to the hundreds of students who came to know his compassion and understanding. The award is made on the basis of participation in Dalhousie athletics, with an emphasis on intramurals and financial need, provided that the applicant is maintaining an acceptable academic standard.

Eligibility: Available to students entering fourth year of the Bachelor of Community Design, Bachelor of Environmental Design Studies, Bachelor of Computer

Science, Bachelor of Informatics, or Bachelor of Engineering programs at Dalhousie University. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: Faculty of Engineering: Undergraduate In-Course Scholarship Application

Application Deadline: September 30

Value: \$500

The Slaughter Family Foundation Scholarship for African Students

The Slaughter Family Foundation Scholarship for African Students is a renewable scholarship valued at \$25,000 per year and is funded by a very generous gift by the Slaughter Family Foundation. The scholarship will be awarded annually to a full-time undergraduate student who resides in Africa and is either entering into their first year or returning (current) year of studies in any program at Dalhousie University. To be eligible, candidates must demonstrate financial need, hold good academic standing, and demonstrate involvement in their community.

Eligibility: Available to entering and current undergraduate students who are permanent residents of Africa.

Application Type: Automatic Consideration – No Application Required

Lenore Smith Cumming Bursary

From the Estate of Charles Gordon Cumming came a bequest of \$10,000 US to endow a bursary fund to assist needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, with preference given to graduates of Naparima College in Trinidad.

Application Type: General Online Bursary Application

Application Deadline: October 15

Charles A. Smith Memorial Bursary

Charles A. Smith was a Black Nova Scotian born in 1926. He pursued his career on the railway, starting as a sleeping car attendant and retiring at a senior level in customer service with Via Rail. This renewable bursary will be available to assist one or more Nova Scotia Black students who are single parents enrolled in undergraduate studies at Dalhousie.

Eligibility: Available to Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Nova Scotia. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Rt. Honourable Robert L. Stanfield Bursary

Established by the Windsor Foundation in recognition of the contributions of the Rt. Honourable Robert L. Stanfield.

Eligibility: Available to full-time Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Student's Medical Response Trust Fund

The fund was established with a generous donation from Professor and Mrs. Surain S. Sarwal, a member of Dalhousie Faculty along with students, staff, faculty, and friends of Dalhousie. The concept of the fund was developed in response to a medical emergency. Prior to the establishment of this fund, students, staff, faculty, and friends of Dalhousie joined together to provide special funding to assist a student. A committee will decide upon the distribution of funds. Distribution of funding will be subject to the judgment of the committee taking into account the individual circumstances and needs. Applications are made to the Dean of the student's respective Faculty.

Eligibility: Available to any student registered in the Faculty of Architecture & Planning, Computer Science, or Engineering.

Application Type: Contact the Faculty for more information

Study Work International Fund (SWIF)

SWIF has been established by Dalhousie University, as part of the Student Assistance Program, to provide financial assistance to Dalhousie and King's students who wish to undertake international placements as part of their educational experience. Students must submit application a minimum of one month prior to departure.

Eligibility: Available to Dalhousie and King's students taking part in an international placement.

Application Type: Contact the International Centre for more information

Supertemp Bursary

This bursary is awarded annually to a Mature undergraduate student who has demonstrated financial need.

Eligibility: Available to mature undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Value: \$1,000

TD Bank Financial Group Bursary

This bursary is available to part-time or full-time students who demonstrate financial need. Recipients may be residents of any province or territory in Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Provides one or more bursaries to students who have graduated from Sir John A. MacDonald High School.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Sir John A. MacDonald High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Tupper Memorial Bursary

Provides one or more bursaries for students in their first year of an undergraduate degree program at Dalhousie University.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Gerald Turner Bursary

An endowment has been established to provide a bursary to assist a needy student from Cape Breton in first year.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and be permanent residents of Cape Breton, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

University Medal in Community Design

This medal is awarded annually to the graduate who has attained the highest academic standing in Community Design.

Application Type: Automatic Consideration – No Application Required

University Silver Medal

This medal is awarded to the student who is judged to be the leading First Class Honours student among graduates of baccalaureate programs. The recipient cannot have received the Governor General's Silver Medal.

Application Type: Automatic Consideration – No Application Required

Varsity Athletic Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life.

Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Women's Division Bursaries

A number of bursaries, based on financial need, will be offered directly from the Women's Division of the Dalhousie Alumni Association. A separate essay and one page application will also be required to be submitted to the Alumni Office addressed to the Chair of the Scholarship Committee, Women's Division.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Women's Division of the Dalhousie Alumni Association Scholarships

Open to a returning female student demonstrating academic excellence.

Eligibility: Available to a current undergraduate female student.

Application Type: Automatic Consideration – No Application Required

Sir William Young Scholarship

This fund was left by Sir William Young for the purpose of endowing scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Charles and Cecelia Zwerling Scholarship

This fund was created by members of the Zwerling family in memory of Mr. and Mrs. Charles Zwerling for a scholarship beyond first year.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Faculty of Arts and Social Sciences

This Calendar is prepared some months before the year for which it is intended to provide guidance. The policies, procedures, and awards listed in this section are subject to continuing review and revision. Not all awards listed will be offered in any given year. Additionally, the number of awards offered, values of awards, and selection criteria may change without notice.

All Faculty of Arts and Social Sciences Awards

The James H. Aitchison Award

In 1979, colleagues of Dr. J. H. Aitchison established a fund from which an annual prize would be awarded in recognition of the best undergraduate honours essay. The fund was established to honour Professor Aitchison who was instrumental in founding the Department.

Application Type: Automatic Consideration – No Application Required

John David and Ellen Matheson Allen Endowment Fund

The bursaries to be known as John David and Ellen Matheson Allen bursaries are in memory of John David Allen and his wife, Ellen Margaret Allen, both graduates of the Department of Education of the University. In the selection of the recipients of the bursaries, priority is to be given to First Nations, but where no such persons apply, the bursaries are to be given to other applicants as determined by the appropriate office of the University.

Eligibility: Available to students in the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Prix de l'Alliance française

An annual book prize awarded to a third or fourth year student who has achieved outstanding results in the study of French language and literature. Suitable candidates are proposed by the Department before March 15. This award is open to students who have demonstrated excellence in their studies while showing interest in both the French language and in Francophone culture. The award is bestowed at an official ceremony in the spring. The Alliance française is an internationally renowned non-profit organization with a mission to promote French language and culture.

Application Type: Automatic Consideration – No Application Required

Prix de l'Ambassadeur de Suisse au Canada

A book prize, the gift of the Ambassador of Switzerland in Canada, is awarded to a graduating student who has won distinction by their work in the French language.

This award is conferred at a Departmental ceremony in the spring.

Application Type: Automatic Consideration – No Application Required

Aramark Leadership Award

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Nathan T. Ashkins Scholarship

Each year, the Nathan T. Ashkins fund provides for a scholarship to a student in Arts and Science who is beyond first year.

Eligibility: Available to current undergraduate students in the Faculty of Arts & Social Sciences or the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Deadline: October 15

The Atlantic Barber Shop Harmony Award

The Nova Scotia Chapter of the Society for the Presentation and Encouragement of Barber Shop Quartet Singing in America has established a fund to award an annual prize to a student enrolled in an undergraduate degree program in Music, who, in the estimation of the School, demonstrates outstanding aptitude and achievement leading to a professional career in an aspect of choral music (conducting, composing, arranging, singing, etc.) Normally awarded to a fourth year student, with the discretion of the School it may be used as a Graduation Prize.

Application Type: Automatic Consideration – No Application Required

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Susan Baggey Atlantic World History Scholarship

Before air travel and telecommunications, oceans connected the communities that encircled them. This scholarship was created by Dalhousie History graduate Susan Buggey to encourage excellent senior students whose undergraduate studies have focused on the history of the social, cultural, economic and political worlds across and around the Atlantic Ocean. Recipients will have taken at least one of the History Department's second year survey courses in Atlantic World history, as well as two or more other courses with substantial Atlantic World content. This scholarship is awarded annually.

Application Type: Automatic Consideration – No Application Required

Donnell and Betty Beaton Bursary

This bursary is to provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia.

Eligibility: Available to full-time students entering first year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton, with preference given to graduates of Baddeck Rural High School.

Application Type: General Online Bursary Application

Application Deadline: October 15

Barbara Bennett Chittick Prize

This prize is awarded annually to an outstanding first year student enrolled in introductory English at Dalhousie University. Section instructors will normally make nominations, which shall consist of a letter from the instructor on why the student should receive the award, the student's final grade, and a sample essay. The prize winner will be determined by a selection committee consisting of one member of the Undergraduate Committee and the co-ordinator of tutor-markers in the English Department.

Application Type: Automatic Consideration – No Application Required

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Allan and Lura Bevan Memorial Scholarship

Colleagues and friends of the late Allan Bevan have established a memorial scholarship. The scholarship is to be awarded, in the first place, to a student in the Major program (that is a student entering the third or fourth year of the Majors program). In the absence of a suitable candidate from the Major program, the scholarship will be awarded to a student entering the third or fourth year of the Honours program. If there are no suitable candidates from English, the selection will be made by the School of Performing Arts.

Application Type: Automatic Consideration – No Application Required

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Blackmore Award

This award was created by Neptune Theatre of Halifax to honour scenic carpenters John and William Blackmore. The award is given to a student in his or her third year of a Theatre BA program who has shown promise in and passion for work in Technical Theatre and Stage Design.

Application Type: Automatic Consideration – No Application Required

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Bornoff/Garamie Memorial String Scholarship

A scholarship will be given to a student who is entering the third or fourth year of a music degree program who in the opinion of the Fountain School of Performing Arts has demonstrated outstanding talent as a string player. The fund was established to honour the memory of two significant string music teachers, George Bornoff and Arthur Garamie.

Eligibility: Available to current students entering third or fourth year of the Bachelor of Music program at Dalhousie.

Application Type: Contact the Department, School, or College for more information

George Boyd Bursary

The income from the George Boyd Trust will provide a bursary to a student who demonstrates financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing, with preference given to applicants from the Sydney area, Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program (excluding the Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Ernest Brehaut Memorial Bursaries

students if they maintain creditable academic standing and show genuine need.

Eligibility: These bursaries were established by the gift of Mrs. Ernest Brehaut of Colorado Springs, USA, in memory of her husband, a distinguished graduate of Dalhousie, Harvard and Columbia. Preference is to be given to relatives of the late Dr. Brehaut.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Lt. (E) Harry J. Brewer, MBE, CD, RCN (Ret.), Memorial Bursary

A memorial bursary fund has been established to provide financial assistance to a full-time student who is enrolled in a degree or diploma program.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Isabel Brown Scholarship

The scholarship was endowed in 1982 by the Brown family under the auspices of the Women's Division of the Dalhousie Alumni Association. The interest provides an annual scholarship ordinarily to a student who is entering the final undergraduate year.

Eligibility: Available to a final year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Robert Bruce Scholarships

The University is a beneficiary of a bequest from the late Robert Bruce of Quebec whereby a portion of the annual income is to be used for both entrance and in-course scholarships, and for bursaries.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Robert Bruce Bursaries

Several bursaries tenable in the third year of an Arts or Science course, will be awarded to students of promising abilities but of straitened circumstances.

Eligibility: Available to students entering third year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Minnie F. Burbidge Scholarships

In her Will the late Minnie F. Burbidge bequeathed the residue of her Estate to Dalhousie University. In 1945 the sum of \$16,000 was endowed to provide undergraduate, usually in-course, scholarships.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Students must submit application a minimum of one month before departure.

Eligibility: Available to upper-year Dalhousie students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

Professor Ray D. Byham Memorial Prize in Piano Studies

A prize established with donations made by family, colleagues, and friends of Professor Ray D. Byham, who taught at Dalhousie from 1969-1993, to provide one (or more) annual prize(s) to a student(s) entering fourth year piano studies. The prize will be used to provide financial assistance toward continued piano performance studies at Dalhousie, a recognized piano-intensive workshop, a chamber music festival, or similar event. The recipient will have a cumulative GPA of not less than 3.3, with at least two years prior, consecutive residency in the Dalhousie Bachelor of Music (Piano Performance) program or equivalent.

Application Type: Automatic Consideration – No Application Required

George H. Campbell Memorial Scholarship

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

James and Abbie Campbell Memorial Scholarships

A bequest from the late Elsie Alma MacAloney of Halifax made provision for the establishment of the James and Abbie Campbell Memorial Fund. The purpose of this fund is to promote the University's music program through scholarships in music. Academically sound students who have demonstrated competency in music will be selected by the Fountain School of Performing Arts for one of several James and Abbie Campbell Music Scholarships. Other music students will be selected on the basis of their overall academic standing by the Registrar's Office. The fund also provides in- course scholarships.

Application Type: Automatic Consideration – No Application Required

Dr. Sue Campbell Memorial Bursary

Provide a bursary to one or more undergraduate fourth year student(s) enrolled in the Department of Philosophy and/or undergraduate fourth year student(s) from any other program at Dalhousie who have taken at least two courses in the Department of Philosophy.

Eligibility: Available to current fourth year students at Dalhousie University. Applicants will have demonstrated financial need and satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Marcelle Cendres Sandhu Memorial Prize

Colleagues, friends, and students of the late Marcelle Cendres Sandhu have established an annual prize to be awarded to a Major or Honours student in the Department of French who achieves excellence in third or fourth year French grammar courses.

Application Type: Automatic Consideration – No Application Required

The Clan Ramsay of Nova Scotia Prize

To provide an annual prize to the student in the Faculty of Arts and Social Sciences who has written the best paper dealing with (any aspect of) the influence of Scottish culture within Canada. This award was established by the Clan Ramsay in Nova Scotia in recognition of the contribution of George Ramsay, 19th earl of Dalhousie, founder of Dalhousie University.

Eligibility: Available to current students in the Faculty of Arts and Social Sciences program at Dalhousie. See award description for specific eligibility requirements.

Application Type: Contact the Faculty for more information

Howard C. Clarke International Study Award

An endowment fund to assistance a Dalhousie student who is participating in a recognized study abroad or exchange program for academic credit. Student must demonstrate great financial challenges.

Eligibility: Available to an undergraduate Dalhousie student participating in a study abroad or exchange program.

Application Type: Contact the International Centre for more information

Application Type: Automatic Consideration – No Application Required

Graham Creighton Prize in English

Established by his son, Wilfrid Creighton, this prize is to honour the memory of Graham Creighton, 1904 graduate of Dalhousie. Graham Creighton and his wife raised six children in their home on LeMarchant Street. All six children attended Dalhousie and graduated between 1915 and 1927. This prize is awarded annually to students majoring in English or in Honours English and entering their fourth year of study.

Application Type: Automatic Consideration – No Application Required

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during "The Great Depression". Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Honourable L. D. Currie Memorial Scholarship in Music

The Scots North British Society established this scholarship in memory of the Honourable Lauchlin D. Currie in 1971. An annual scholarship in the amount of \$1,000 is available to a Canadian in any year of Music. The successful student will have demonstrated competence in vocal or instrumental performance.

Application Type: Automatic Consideration – No Application Required

Value: \$1,000

The Women's Division provides an annual medal to the graduating student who achieves the highest cumulative GPA in music subjects over the four year Bachelor of Music degree.

Application Type: Automatic Consideration – No Application Required

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. Application Type: General Online Bursary Application Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability. Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary. Application Type: Contact awards@dal.ca for more information Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline. Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements. Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing. Application Type: General Online Bursary Application Application Deadline: October 15

A scholarship will be awarded to a student in the third or fourth year of the Bachelor of Music concentration in Composition. To be eligible, students must demonstrate artistic excellence and a commitment to performing arts in the community.

Eligibility: Available to current students entering third or fourth year of the Bachelor of Music program at Dalhousie. Applicants must be Canadian citizens or permanent residents of Canada and studying Composition.

Application Type: Contact the Department, School, or College for more information

Value: \$1,000

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

James A. Faraday Memorial Music Award

This annual scholarship is for a percussion student in the third or fourth year of a Music degree program. To be considered, students must demonstrate a high standard of performance, a love of music, a positive attitude, and a collaborative spirit. The Fountain School of Performing Arts committee will work in consultation with faculty members from the percussion program to choose an eligible student. The award will be made in the spring of each year. This award was established by family and friends to honour the memory of James A. Faraday, percussion teacher, mentor, and friend, who inspired students at Dalhousie for over 30 years.

Application Type: Automatic Consideration – No Application Required

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The French Department Scholarship

This scholarship is awarded to students entering the third or fourth year of a major or an honours program in French and who have spent a year studying in France. The award is based on meritorious performance in French courses. At the discretion of the Department, the scholarship may also be awarded to outstanding students who have not studied abroad. This award is conferred at a Departmental ceremony in the spring.

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dr. Frederick J. Gaudet Scholarship

Dr. Gaudet bequeathed to the University in 1978 a sum of money to provide for a scholarship in Arts.

Eligibility: Available to entering and current undergraduate students in the Faculty of Arts & Social Sciences.

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct". Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

The Elvira Gonnella Scholarship in Voice

Upon the recommendation of the voice faculty, this scholarship may be awarded to a voice student entering his/her third or fourth year of a music degree program, who has demonstrated an outstanding level of performance and exceptional potential for a professional singing career. This scholarship is given by former faculty member Elvira Gonnella, in gratitude for having had the privilege of teaching music at Dalhousie.

Eligibility: Available to current students entering third or fourth year of the Bachelor of Music program at Dalhousie. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her

professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English. This fund supports four awards to recognize the achievements of outstanding students in the Fountain School of Performing Arts Theatre programs: the Basil Cook Award for students in Costume Studies, the Blanche Potter Award for students in Technical Theatre, the Martin Surette Award for students in Acting, and the Robert Merritt Award for students in Theatre Studies. The award will normally be made during the student's third year of study in the Fountain School of Performing Arts.

Application Type: Automatic Consideration – No Application Required

Arnold and Beatrice Tingley Memorial Scholarship

The Tingley Scholarship commemorates the lives of Arnold and Beatrice Tingley. The scholarship was established by their son Daryl and his family Maureen, Peter, and Martin. Arnold joined the faculty at Dalhousie University in 1953. With the support of his wife Bea, Arnold served Dalhousie, in turn, as mathematics professor, Chair of the Department of Mathematics, Registrar, Secretary of Senate, Secretary of the Board of Governors and Assistant to the President, until his retirement in 1986. He was appointed Professor Emeritus in 1988.

Eligibility: Awarded to an undergraduate student from Atlantic Canada entering the third year of a four year BA or BSc program. Candidates will have high academic standing and will have shown enthusiasm and talent for mathematics (by having taken at least five mathematics or statistics courses over their two first years of study and being enrolled in any mathematics program).

Application Type: Automatic Consideration – No Application Required

The Georg Tintner Prize

This fund was established by family, colleagues, and friends, to honour the musical legacy and spirit of Dr. Georg Tintner, conductor and Music Director of Symphony Nova Scotia (1987-1994) and devoted supporter of Dalhousie's Music performance activities. An annual prize will be awarded to an instrumental or voice student enrolled in a Music degree program who, in the estimation of an audition panel, demonstrates exceptional musical talent with the potential for a professional performance career. The prize will be awarded at the annual Concerto Night concert.

Eligibility: Available to current students in the Bachelor of Music program at Dalhousie. See award description for specific eligibility requirements.

Application Type: Contact the Department, School, or College for more information

The John L. and Glenna E. Towse Scholarships

Eligibility: Available to current undergraduate students in the Faculty of Arts & Social Sciences or the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Donnell and Betty Beaton Bursary

This bursary is to provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia.

Eligibility: Available to full-time students entering first year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton, with preference given to graduates of Baddeck Rural High School.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship. The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during “The Great Depression”. Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability.

Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary.

Application Type: Contact awards@dal.ca for more information

Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct". Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003. Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Application Type: Contact the Department of Athletics for more information

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English. First preference will be given to students who are either permanent residents or intending to become permanent residents of Canada. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements. Application Type: General Online Bursary Application Application Deadline: October 15

The Slight Family Foundation Scholarship for African Students

The Slight Family Foundation Scholarship for African Students is a renewable scholarship valued at \$25,000 per year and is funded by a very generous gift by the Slight Family Foundation. The scholarship will be awarded annually to a full-time undergraduate student who resides in Africa and is either entering into their first year or returning (current) year of studies in any program at Dalhousie University. To be eligible, candidates must demonstrate financial need, hold good academic standing, and demonstrate involvement in their community. Eligibility: Available to entering and current undergraduate students who are permanent residents of Africa. Application Type: Automatic Consideration – No Application Required

Lenore Smith Cumming Bursary

From the Estate of Charles Gordon Cumming came a bequest of \$10,000 US to endow a bursary fund to assist needy students. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, with preference given to graduates of Naparima College in Trinidad. Application Type: General Online Bursary Application Application Deadline: October 15

Charles A. Smith Memorial Bursary

Charles A. Smith was a Black Nova Scotian born in 1926. He pursued his career on the railway, starting as a sleeping car attendant and retiring at a senior level in customer service with Via Rail. This renewable bursary will be available to assist one or more Nova Scotia Black students who are single parents enrolled in undergraduate studies at Dalhousie. Eligibility: Available to Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of Nova Scotia. See award description for specific eligibility requirements. Application Type: General Online Bursary Application Application Deadline: October 15

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form. Application Type: Contact the Department, School, or College for more information

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces. Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture). Application Type: Automatic Consideration – No Application Required

The Rt. Honourable Robert L. Stanfield Bursary

Established by the Windsor Foundation in recognition of the contributions of the Rt. Honourable Robert L. Stanfield. Eligibility: Available to full-time Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. Application Type: General Online Bursary Application Application Deadline: October 15

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Study Work International Fund (SWIF)

SWIF has been established by Dalhousie University, as part of the Student Assistance Program, to provide financial assistance to Dalhousie and King's students who wish to undertake international placements as part of their educational experience. Students must submit application a minimum of one month prior to departure.

Eligibility: Available to Dalhousie and King's students taking part in an international placement.

Application Type: Contact the International Centre for more information

Supertemp Bursary

This bursary is awarded annually to a Mature undergraduate student who has demonstrated financial need.

Eligibility: Available to mature undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Value: \$1,000

TD Bank Financial Group Bursary

This bursary is available to part-time or full-time students who demonstrate financial need. Recipients may be residents of any province or territory in Canada.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Arnold and Beatrice Tingley Memorial Scholarship

The Tingley Scholarship commemorates the lives of Arnold and Beatrice Tingley. The scholarship was established by their son Daryl and his family Maureen, Peter, and Martin. Arnold joined the faculty at Dalhousie University in 1953. With the support of his wife Bea, Arnold served Dalhousie, in turn, as mathematics professor, Chair of the Department of Mathematics, Registrar, Secretary of Senate, Secretary of the Board of Governors and Assistant to the President, until his retirement in 1986. He was appointed Professor Emeritus in 1988.

Eligibility: Awarded to an undergraduate student from Atlantic Canada entering the third year of a four year BA or BSc program. Candidates will have high academic standing and will have shown enthusiasm and talent for mathematics (by having taken at least five mathematics or statistics courses over their two first years of study and being enrolled in any mathematics program).

Application Type: Automatic Consideration – No Application Required

The John L. and Glenna E. Towse Scholarships

A bequest to the University provides for a number of in-course scholarships.

Eligibility: Available to current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dean and Marie Trimper Bursary

Provides one or more bursaries to students who have graduated from Sir John A. MacDonald High School.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Sir John A. MacDonald High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Tupper Memorial Bursary

Provides one or more bursaries for students in their first year of an undergraduate degree program at Dalhousie University.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Gerald Turner Bursary

An endowment has been established to provide a bursary to assist a needy student from Cape Breton in first year.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and be permanent residents of Cape Breton, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

University Medal in Canadian Studies

A University Medal has been established for the student with the highest standing among those who graduate with First Class Honours.

Application Type: Automatic Consideration – No Application Required

University Silver Medal

This medal is awarded to the student who is judged to be the leading First Class Honours student among graduates of baccalaureate programs. The recipient cannot have received the Governor General's Silver Medal.

Application Type: Automatic Consideration – No Application Required

Varsity Athletic Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life. Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Women's Division Bursaries

A number of bursaries, based on financial need, will be offered directly from the Women's Division of the Dalhousie Alumni Association. A separate essay and one page application will also be required to be submitted to the Alumni Office addressed to the Chair of the Scholarship Committee, Women's Division.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

This fund was created by members of the Zwerling family in memory of Mr. and Mrs. Charles Zwerling for a scholarship beyond first year.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Classics

John David and Ellen Matheson Allen Endowment Fund

The bursaries to be known as John David and Ellen Matheson Allen bursaries are in memory of John David Allen and his wife, Ellen Margaret Allen, both graduates of the Department of Education of the University. In the selection of the recipients of the bursaries, priority is to be given to First Nations, but where no such persons apply, the bursaries are to be given to other applicants as determined by the appropriate office of the University.

Eligibility: Available to students in the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Aramark Leadership Award

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Nathan T. Ashkins Scholarship

Each year, the Nathan T. Ashkins fund provides for a scholarship to a student in Arts and Science who is beyond first year.

Eligibility: Available to current undergraduate students in the Faculty of Arts & Social Sciences or the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Donnell and Betty Beaton Bursary

This bursary is to provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia.

Eligibility: Available to full-time students entering first year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton, with preference given to graduates of Baddeck Rural High School.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life.

Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Boyd Bursary

The income from the George Boyd Trust will provide a bursary to a student who demonstrates financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing, with preference given to applicants from the Sydney area, Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program (excluding the Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Ernest Brehaut Memorial Bursaries

students if they maintain creditable academic standing and show genuine need.

Eligibility: These bursaries were established by the gift of Mrs. Ernest Brehaut of Colorado Springs, USA, in memory of her husband, a distinguished graduate of Dalhousie, Harvard and Columbia. Preference is to be given to relatives of the late Dr. Brehaut.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Lt. (E) Harry J. Brewer, MBE, CD, RCN (Ret.), Memorial Bursary

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Isabel Brown Scholarship

The scholarship was endowed in 1982 by the Brown family under the auspices of the Women's Division of the Dalhousie Alumni Association. The interest provides an annual scholarship ordinarily to a student who is entering the final undergraduate year.

Eligibility: Available to a final year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Robert Bruce Scholarships

The University is a beneficiary of a bequest from the late Robert Bruce of Quebec whereby a portion of the annual income is to be used for both entrance and in-course scholarships, and for bursaries.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

Robert Bruce Bursaries

Several bursaries tenable in the third year of an Arts or Science course, will be awarded to students of promising abilities but of straitened circumstances.

Eligibility: Available to students entering third year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Minnie F. Burbidge Scholarships

In her Will the late Minnie F. Burbidge bequeathed the residue of her Estate to Dalhousie University. In 1945 the sum of \$16,000 was endowed to provide undergraduate, usually in-course, scholarships.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Students must submit application a minimum of one month before departure.

Eligibility: Available to upper-year Dalhousie students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

George H. Campbell Memorial Scholarship

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

The Clan Ramsay of Nova Scotia Prize

To provide an annual prize to the student in the Faculty of Arts and Social Sciences who has written the best paper dealing with (any aspect of) the influence of Scottish culture within Canada. This award was established by the Clan Ramsay in Nova Scotia in recognition of the contribution of George Ramsay, 19th earl of Dalhousie, founder of Dalhousie University.

Eligibility: Available to current students in the Faculty of Arts and Social Sciences program at Dalhousie. See award description for specific eligibility requirements.

Application Type: Contact the Faculty for more information

Howard C. Clarke International Study Award

An endowment fund to assistance a Dalhousie student who is participating in a recognized study abroad or exchange program for academic credit. Student must demonstrate great financial challenges.

Eligibility: Available to an undergraduate Dalhousie student participating in a study abroad or exchange program.

Application Type: Contact the International Centre for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during "The Great Depression". Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Student Union Student Accessibility Fund Award

The Dalhousie Student Union established this fund to support students with a disability.

Eligibility: Students must be in good academic standing and registered with the Advising and Access Services Centre or with their provincial government as having a disability. Students cannot also be in receipt of a Johnson Foundation Bursary.

Application Type: Contact awards@dal.ca for more information

Application Deadline: See dsu.ca/bursaries for application and deadline information

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15 (fall), February 15 (winter), June 15 (spring and summer)

Alfred George Darville Memorial Bursary

This fund provides one bursary to a qualifying Dalhousie student.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Application Type: General Online Bursary Application
Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

The Honourable W. H. Dennis Memorial Prizes for Literary Compositions in English

Two prizes known as the Joseph Howe Prizes are offered each year. First prize \$250, second prize \$150, for a poem or collection of poems of any length greater than one hundred lines. Two prizes known as the James DeMille Prizes are offered each year, one of \$250 for an essay, the other of \$250 for a prose short story.

Eligibility: Available to any full-time undergraduate or graduate Dalhousie student who submits the best essay, short story, or collection of poems.

Application Type: Contact the Department, School, or College for more information

Dharma Master Chuk Mor Memorial Scholarship

T.Y. Lung established this scholarship in memory of Buddhist monk Chuk Mor (1913-2002) who was an educator and artist well known in the fields of Chinese poetry, Chinese painting and Chinese calligraphy. This in-course scholarship is available to a full-time undergraduate student who has attained a high standard of academic achievement and who has completed a minimum of one year in any undergraduate degree program.

Eligibility: Available to a current full-time undergraduate student.

Application Type: Automatic Consideration – No Application Required

Charles Robert Raefe Douthwaite Memorial Bursary

To honour the memory of Charles Robert Raefe Douthwaite, an endowment was established to provide bursaries for students graduating from Nova Scotia high schools.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from a high school in Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John Dunlop Memorial Bursary

An endowment to provide a bursary to an academically sound student from a rural area.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of a rural area.

Application Type: General Online Bursary Application

Application Deadline: October 15

Shawn Dupuis Memorial Prize

This prize was established in memory of Shawn Dupuis of Dartmouth, Nova Scotia who was a member of the varsity swim team. This prize will be awarded at the first AUS meet of the season held at Dalhousie to a Dartmouth Crusader Swimmer entering his/her first year of study at Dalhousie University. Preference will be given to students who are enrolled in a class from the Bachelor of Commerce program or the Spanish and Latin American Studies Department, Faculty of Arts and Social Sciences.

Eligibility: Available to a former member of the Dartmouth Crusaders Swim Team entering an undergraduate program at Dalhousie.

Application Type: Contact the Department of Athletics for more information

Value: \$300

Marjorie F. Ellis Scholarships

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

European Union Centre of Excellence (EUCE) Prize

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dr. Frederick J. Gaudet Scholarship

Dr. Gaudet bequeathed to the University in 1978 a sum of money to provide for a scholarship in Arts.

Eligibility: Available to entering and current undergraduate students in the Faculty of Arts & Social Sciences.

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying “good human conduct”. Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Eligibility: Available to entering or current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it "If you can't do something for someone, you are a no one."

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.

Application Type: General Entrance Award Application

Application Deadline: October 15

The Khaki University Scholarships

From the Khaki University of Canada and the Young Men's Christian Association Memorial Scholarship Fund, the trustees of Khaki University made a gift to Dalhousie University in 1921 of \$6,500 to endow scholarships.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003.

Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

Application Deadline: October 15

South House Sexual and Gender Resource Centre Bursary

The South House Sexual and Gender Resource Centre, formerly the Dalhousie Women's Centre, was founded in recognition of women and trans people's common and diverse needs. The South House recognizes that you cannot work for a society free of sexism and patriarchy without also working for a society free of all forms of oppression. The South House supports women and all people dealing with oppression on the basis of sexuality and gender. South House believes in working together for the creation of a society that is vibrant and safe for people of all genders. The funds available will be distributed according to identified need. Bursaries are given out in sums between \$25 and \$250. Available funds are split between applicants. See <http://southhousehalifax.ca/> for an application form.

Application Type: Contact the Department, School, or College for more information

Betty Spencer Scholarship

Betty Spencer was born in Saint John, New Brunswick in 1916. She graduated from Saint John Vocational School and worked for a time at Wasson's Pharmacy where she met her husband. They retired in Bangor, Maine and later in St. Andrews, New Brunswick. Although Betty had no specific connection to Dalhousie, she generously bequeathed this endowment through her Will. Preference is given to students from the Atlantic provinces.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The Rt. Honourable Robert L. Stanfield Bursary

Established by the Windsor Foundation in recognition of the contributions of the Rt. Honourable Robert L. Stanfield.

Eligibility: Available to full-time Black undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Joseph Duncan Stewart Scholarships

A bequest under the Will of the late Joseph Duncan Stewart has made possible the funding of undergraduate scholarships.

Eligibility: Available to entering and current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Study Work International Fund (SWIF)

SWIF has been established by Dalhousie University, as part of the Student Assistance Program, to provide financial assistance to Dalhousie and King's students who wish to undertake international placements as part of their educational experience. Students must submit application a minimum of one month prior to departure.

Eligibility: Available to Dalhousie and King's students taking part in an international placement.

Application Type: Contact the International Centre for more information

Supertemp Bursary

This bursary is awarded annually to a Mature undergraduate student who has demonstrated financial need.

Eligibility: Available to mature undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Arnold and Beatrice Tingley Memorial Scholarship

The Tingley Scholarship commemorates the lives of Arnold and Beatrice Tingley. The scholarship was established by their son Daryl and his family Maureen, Peter, and Martin. Arnold joined the faculty at Dalhousie University in 1953. With the support of his wife Bea, Arnold served Dalhousie, in turn, as mathematics professor,

Chair of the Department of Mathematics, Registrar, Secretary of Senate, Secretary of the Board of Governors and Assistant to the President, until his retirement in 1986. He was appointed Professor Emeritus in 1988.

Eligibility: Awarded to an undergraduate student from Atlantic Canada entering the third year of a four year BA or BSc program. Candidates will have high academic standing and will have shown enthusiasm and talent for mathematics (by having taken at least five mathematics or statistics courses over their two first years of study and being enrolled in any mathematics program).

Application Type: Automatic Consideration – No Application Required

The John L. and Glenna E. Towse Scholarships

A bequest to the University provides for a number of in-course scholarships.

Eligibility: Available to current undergraduate students (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dean and Marie Trimper Bursary

Provides one or more bursaries to students who have graduated from Sir John A. MacDonald High School.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Sir John A. MacDonald High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Helen Tupper Memorial Bursary

Provides one or more bursaries for students in their first year of an undergraduate degree program at Dalhousie University.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

This fund was created by members of the Zwerling family in memory of Mr. and Mrs. Charles Zwerling for a scholarship beyond first year.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Creative Writing

John David and Ellen Matheson Allen Endowment Fund

The bursaries to be known as John David and Ellen Matheson Allen bursaries are in memory of John David Allen and his wife, Ellen Margaret Allen, both graduates of the Department of Education of the University. In the selection of the recipients of the bursaries, priority is to be given to First Nations, but where no such persons apply, the bursaries are to be given to other applicants as determined by the appropriate office of the University.

Eligibility: Available to students in the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Aramark Leadership Award

This award provides scholarships for returning undergraduate students at Dalhousie registered in the Faculty of Architecture and Planning, Arts and Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Diploma of Dental Hygiene who show leadership in the community. Eligible students must have been full-time Dalhousie students during the previous academic year, be currently registered as a full-time undergraduate student, be in good academic standing, and demonstrate involvement and dedication to the Dalhousie community through leadership, citizenship and/or sportsmanship. Applications are available through DalOnline - Student Awards and Financial Aid section.

Eligibility: Available to current Dalhousie undergraduate students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Aramark Leadership Award Application

Value: \$4,000

Helen Archibald Memorial Bursary

To provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia, with preference given to students from Richmond County.

Eligibility: Available to full-time undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Eva and David Ashkins Memorial Bursary

The donors established this fund for the purpose of assisting pupils who have matriculated from selected high schools to enter Dalhousie. These high schools are (first) North Queen's Rural High School or Bridgewater High School, and (secondly) other high schools in the province of Nova Scotia. The recipient may be considered in subsequent years for further assistance.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Each year, the Nathan T. Ashkins fund provides for a scholarship to a student in Arts and Science who is beyond first year.

Eligibility: Available to current undergraduate students in the Faculty of Arts & Social Sciences or the Faculty of Science.

Application Type: Automatic Consideration – No Application Required

Helen Mary and Earl Atkins Memorial Bursary

A trust from the estate of Helen Mary and Earl Atkins to provide bursaries for those who might otherwise be unable to attend university.

Eligibility: Available to first and second year undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be residents of rural Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Avery Prize

This prize, bequeathed by J. F. Avery, MD, will be awarded on graduation to the student standing highest among graduates of the general degree program. The recipient cannot have received the Governor General's Silver Medal or University Silver Medal. For the aforementioned medals and prize, a student who is completing a second Dalhousie degree will have only those courses required for a second degree used when calculating their cumulative average. In addition, any disciplinary action by the Senate Discipline Committee shall be deemed sufficient cause for any student to be ineligible. For more information on deadlines and application procedures, please visit www.dal.ca/scholarships.

Application Type: Automatic Consideration – No Application Required

Donnell and Betty Beaton Bursary

This bursary is to provide one or more bursaries for undergraduate students from Cape Breton, Nova Scotia.

Eligibility: Available to full-time students entering first year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of Cape Breton, with preference given to graduates of Baddeck Rural High School.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Avie Bennett Prize

This prize is one of six established by Mr. Avie Bennett, former Chairman and President of McClelland and Stewart to mark the company's 90th anniversary and the 40th anniversary of the New Canadian Library, of which the founding general editor was Dalhousie Professor Emeritus Dr. Malcolm M. Ross. It is awarded each year for the best essay on Canadian literature submitted from an undergraduate course at Dalhousie during the current academic year. Essays may have been written for

courses in any department, but they should focus explicitly on a Canadian literary topic and not on history or culture more generally, and they must be written in English. Essays should be nominated by instructors; clean copies should be submitted by the specified date.

Eligibility: Available to any undergraduate student.

Application Type: Automatic Consideration – No Application Required

Harry and Kaye Bernstein Bursary

A bursary to an undergraduate student born and living in Halifax from a low income family, who shows financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: General Online Bursary Application

Application Deadline: October 15

Beta Sigma Phi Scholarship to Dalhousie University

The Halifax-Dartmouth City Council of Beta Sigma Phi sorority has established an endowment of \$2,000 whereby the annual income will provide for a scholarship.

The successful candidate will be selected from the following categories, listed preferentially: first, an active Member; secondly, a daughter, son or spouse of an active Member; and thirdly, some other student chosen by the Registrar's Office. Applications are available from sorority members.

Eligibility: Available to students entering any program at Dalhousie University, with preference to an active member of the sorority or the child or spouse of an active sorority member.

Application Type: See dal.ca/scholarships for more information

Application Deadline: July 31

Black and Gold Awards

Each year the Dalhousie Black and Gold Club funds a number of awards that recognize outstanding student athletes and the contribution they make to university life.

Returning students must have been a full time student for at least two semesters in an academic year at Dalhousie with a minimum GPA of 2.00 in three full year courses (18 credit hours) or the equivalent. Entering candidates must have an average of 80% or higher. Participation on a varsity team is a requirement. Applicants should apply through the head coach of their respective varsity teams. Eligibility is verified by the Registrar's Office.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

The Jotham Blanchard Scholarship

The New Glasgow Literary and Historical Society in 1912 established this scholarship in memory of Jotham Blanchard. The scholarship will be awarded to a student of meritorious standing who is in the second year of an undergraduate program.

Eligibility: Available to a second year undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Boyd Bursary

The income from the George Boyd Trust will provide a bursary to a student who demonstrates financial need.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing, with preference given to applicants from the Sydney area, Cape Breton.

Application Type: General Online Bursary Application

Application Deadline: October 15

Jeff Bredin Memorial Scholarship in Men's Volleyball

This scholarship was established in memory of Jeff Bredin who graduated from Dalhousie in May, 1985 with a Bachelor of Physical Education. While at Dalhousie, Jeff was a member of the varsity volleyball team for two years and was the recipient of numerous awards for his contribution to the University's volleyball team. One or more scholarships will be awarded to entering or continuing student athletes on the Dalhousie men's volleyball team who demonstrate excellence in volleyball, sportsmanship and community service.

Eligibility: Available to student athletes in any program (excluding the Faculty of Agriculture). See award description for specific eligibility requirements.

Application Type: Contact the Department of Athletics for more information

Ernest Brehaut Memorial Bursaries

students if they maintain creditable academic standing and show genuine need.

Eligibility: These bursaries were established by the gift of Mrs. Ernest Brehaut of Colorado Springs, USA, in memory of her husband, a distinguished graduate of Dalhousie, Harvard and Columbia. Preference is to be given to relatives of the late Dr. Brehaut.

Application Type: General Online Bursary Application

Application Deadline: October 15

The Lt. (E) Harry J. Brewer, MBE, CD, RCN (Ret.), Memorial Bursary

Several bursaries tenable in the third year of an Arts or Science course, will be awarded to students of promising abilities but of straitened circumstances.

Eligibility: Available to students entering third year of the Bachelor of Arts or Bachelor of Science programs at Dalhousie. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Minnie F. Burbidge Scholarships

In her Will the late Minnie F. Burbidge bequeathed the residue of her Estate to Dalhousie University. In 1945 the sum of \$16,000 was endowed to provide undergraduate, usually in-course, scholarships.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

George Burris Scholarship

The scholarship was established by Mary Burris and Grace Burris in memory of their father, George Burris, to support Dalhousie students wishing to study in England as part of their academic program. Scholarships are awarded on the basis of academic and extracurricular excellence, financial need, and international experience. Open to Dalhousie University upper year Canadian students who have applied for admission to participate in an International Program/Placement in England. Students must submit application a minimum of one month before departure.

Eligibility: Available to upper-year Dalhousie students participating in a study abroad or exchange program in England.

Application Type: Contact the International Centre for more information

Value: \$5,000

George H. Campbell Memorial Scholarship

In 1917 Mr. and Mrs. G. S. Campbell established the George H. Campbell Scholarship Fund to provide annual scholarships in memory of their late son, George Henderson Campbell.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture)

Application Type: Automatic Consideration – No Application Required

The Clan Ramsay of Nova Scotia Prize

To provide an annual prize to the student in the Faculty of Arts and Social Sciences who has written the best paper dealing with (any aspect of) the influence of Scottish culture within Canada. This award was established by the Clan Ramsay in Nova Scotia in recognition of the contribution of George Ramsay, 19th earl of Dalhousie, founder of Dalhousie University.

Eligibility: Available to current students in the Faculty of Arts and Social Sciences program at Dalhousie. See award description for specific eligibility requirements.

Application Type: Contact the Faculty for more information

Howard C. Clarke International Study Award

An endowment fund to assistance a Dalhousie student who is participating in a recognized study abroad or exchange program for academic credit. Student must demonstrate great financial challenges.

Eligibility: Available to an undergraduate Dalhousie student participating in a study abroad or exchange program.

Application Type: Contact the International Centre for more information

The Rebecca Cohn Bursary Fund

A gift of \$4,000 by the executors of the Estate of the late Rebecca Cohn provides an endowed bursary fund for needy students.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dorothy Macdonald Crummey Memorial Bursary

This bursary was established by the family of the late Dorothy Macdonald Crummey (1912-2005) who was born in Little Harbour, Pictou County. She attended Halifax Ladies College (an affiliate of Dalhousie University) and graduated with a diploma in Household Science in 1932. Like many educated women of her generation, Dorothy did not work outside the home after marriage to Dr. Clarence Crummey (MD 1932). Nevertheless, she actively supported university students remembering her own efforts to fund her education during “The Great Depression”. Bursaries will be available to students enrolled in any undergraduate degree program from Nova Scotia with a preference for students from Pictou County. Apply through the general online bursary program.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and preferably graduated from a high school in Pictou County, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie Leadership Bursaries

A limited number of bursaries are available annually to students who have exhibited a record of considerable leadership achievement. Candidates must also demonstrate consistent satisfactory academic accomplishment. The Selecting Committee may consider such other matters as financial need, service to the University and the community, and character. Submit completed forms to the Department of Athletics and Recreation, which will forward your application with supplementary information.

Application Type: Contact the Department, School, or College for more information

Dalhousie Memorial Bursary Fund

From time to time at Dalhousie contributions have been made to the University as a memorial subscription in honour of some student or former student. Until now there

has been no proper place into which these funds could be channeled. Because of these occurrences a Dalhousie Memorial Bursary Fund has been established. The existence of the fund will be commemorated by a book of remembrance to be located in a prominent place in the Killam Library. Names of persons in whose memory contributions have been made by relatives, friends, individuals or groups, to the Memorial Fund will be recorded in the book, along with the date of their birth and death. The pages will be turned on a regular basis. All money contributed to the Fund will be invested by the Board of Governors and only the investment income will be awarded. The award will be available to any full-time Dalhousie student, already registered and in attendance at courses, who can show a need for additional support. Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing. Application Type: General Online Bursary Application
Application Deadline: October 15

Dalhousie Student Union Student Accessibility Award

This award is open to Dalhousie students with a permanent disability (physical, mental or learning impairment). Applicants must apply by writing, taping or filming a personal statement on why they could benefit from this award. Interested students should contact the Vice-President, Internal, Dalhousie Student Union for additional details and application deadline.

Eligibility: Available to current students in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Applicants will have demonstrated financial need and have satisfactory academic standing. See award description for specific eligibility requirements.

Application Type: See dal.ca/scholarships for more information

Dalhousie Student Union Student Wise Health Plan Bursary

To provide financial aid to an undergraduate student or students who are covered by the DSU health care plan.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15

Dalhousie University Undergraduate Bursaries

Students who are registered in six credit hours per term will be considered for bursaries.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need and have satisfactory academic standing.

Application Type: General Online Bursary Application

Application Deadline: October 15 (fall), February 15 (winter), June 15 (spring and summer)

Alfred George Darville Memorial Bursary

This fund provides one bursary to a qualifying Dalhousie student.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program entering directly from high school. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from Halifax West High School, Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

Frank R. Davis Memorial Scholarships

These scholarships are made possible by a fund established by Mrs. Davis in memory of her late husband, the Hon. Frank R. Davis, Minister of Public Health in the government of Nova Scotia and a graduate of this University. The scholarship will be awarded to deserving graduates of Bridgewater High School, on the nomination of the Supervisor of Schools and the Senior High School Staff. In selecting candidates, the governing considerations will be scholastic standing, unselfishness of purpose, and interest in the common good.

Eligibility: Available to entering students from Bridgewater Jr./Sr. High School.

Application Type: Automatic Consideration – No Application Required

Dharma Master Chuk Mor Memorial Scholarship

T.Y. Lung established this scholarship in memory of Buddhist monk Chuk Mor (1913-2002) who was an educator and artist well known in the fields of Chinese poetry, Chinese painting and Chinese calligraphy. This in-course scholarship is available to a full-time undergraduate student who has attained a high standard of academic achievement and who has completed a minimum of one year in any undergraduate degree program.

Eligibility: Available to a current full-time undergraduate student.

Application Type: Automatic Consideration – No Application Required

Charles Robert Raefe Douthwaite Memorial Bursary

To honour the memory of Charles Robert Raefe Douthwaite, an endowment was established to provide bursaries for students graduating from Nova Scotia high schools.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and have graduated from a high school in Nova Scotia.

Application Type: General Online Bursary Application

Application Deadline: October 15

The John Dunlop Memorial Bursary

An endowment to provide a bursary to an academically sound student from a rural area.

Eligibility: Available to undergraduate students registered in the Faculty of Architecture & Planning, Arts & Social Sciences, Computer Science, Engineering, Health Professions, Management, Science, or the Dental Hygiene program. Applicants will have demonstrated financial need, have satisfactory academic standing, and be a resident of a rural area.

Application Type: General Online Bursary Application

Application Deadline: October 15

Shawn Dupuis Memorial Prize

This prize was established in memory of Shawn Dupuis of Dartmouth, Nova Scotia who was a member of the varsity swim team. This prize will be awarded at the first AUS meet of the season held at Dalhousie to a Dartmouth Crusader Swimmer entering his/her first year of study at Dalhousie University. Preference will be given to students who are enrolled in a class from the Bachelor of Commerce program or the Spanish and Latin American Studies Department, Faculty of Arts and Social Sciences.

Eligibility: Available to a former member of the Dartmouth Crusaders Swim Team entering an undergraduate program at Dalhousie.

Application Type: Contact the Department of Athletics for more information

Value: \$300

Marjorie F. Ellis Scholarships

The late Marjorie F. Ellis bequeathed one-half of the remainder of her estate to Dalhousie University for scholarships to worthy students.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Prize awarded by EUCE for the best essay on Europe and the European Union.

Eligibility: Available to any Dalhousie student.

Application Type: Contact the Department, School, or College for more information

Value: \$100

Adrian Facca Leadership Fund

The Adrian Facca Leadership Fund has been established in Memory of Adrian Facca. Adrian graduated from Dalhousie University with Bachelor's degrees in Both Arts (1980) and Commerce (1982). He proudly wore number 19 for the Dalhousie Tigers hockey team for five seasons, starting in 1977. He exemplified leadership both on and off the ice and was an important contributor to his team and to Dalhousie.

Eligibility: Awarded to students on the Tigers men's hockey and women's volleyball teams.

Application Type: Contact the Department of Athletics for more information

Ross Faulkner Scholarships

The University received from the Estate of Julia L. Faulkner a bequest to provide scholarships in memory of her husband, Dr. Ebenezer Ross Faulkner.

Eligibility: Available to entering and current undergraduate students (excluding students studying at the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

The SLT Bruce Galloway Memorial Prize

Friends, family and shipmates of Sub-Lieutenant Bruce David Galloway, a member of the Ship's Company of H.M.C.S. Fraser and a 1983 Arts graduate of Dalhousie, have established a memorial fund. The prize is to be awarded to the student, male or female, attending Dalhousie University on the Regular Officer Training Plan who attained the highest academic standing (not less than a passing standing) in the program in which he or she is enrolled. A prize is to be awarded in each year in which there is a student attending Dalhousie on the Regular Officer Training Plan who achieves a passing standing.

Eligibility: Available to a current undergraduate student (excluding the Faculty of Agriculture).

Application Type: Automatic Consideration – No Application Required

Dr. Frederick J. Gaudet Scholarship

Dr. Gaudet bequeathed to the University in 1978 a sum of money to provide for a scholarship in Arts.

Eligibility: Available to entering and current undergraduate students in the Faculty of Arts & Social Sciences.

Application Type: Automatic Consideration – No Application Required

The Irving and Jeanne Glovin Award

The Oskar Schindler Humanities Foundation established this award in 2003 to support research into the meaning and principles underlying "good human conduct". Students enrolled in any major discipline, for example, Languages, Social Sciences, Humanities and Performing Arts, or any interdisciplinary program, for example, Canadian Studies, European Studies, Gender and Women Studies and IDS are encouraged to apply. The recipient will preferably have broad general education and interdisciplinary interests appropriate to the research topic chosen.

Eligibility: Available to a full-time student in the final year of any undergraduate program or any year of a graduate program at Dalhousie University.

Application Type: Contact the Faculty for more information

Application Deadline: mid-February

Governors' Awards

In 1992, to mark the 125th anniversary of the founding of the Dalhousie Student Union, and to recognize students' contribution to the quality and vitality of the University, the Board of Governors established a set of awards to be known as Governors' Awards. Up to four awards can be made each year, for exceptional contributions or leadership in the extracurricular realm in such areas as university governance, development of a sense of community on campus, community service, internationalizing the campus, visual or performing arts, minority access or athletics. To be eligible, students must have a minimum cumulative GPA of 3.0 or equivalent. Otherwise, all students - undergraduate, graduate, or professional faculty students, full or part-time, at any stage in their academic career, may be considered for an award. Information is available on the Student Services website.

Application Type: Contact the Department, School, or College for more information

Governor General's Silver Medal

Offered by His Excellency the Governor General of Canada, this medal is awarded to the undergraduate student who has achieved the highest academic standing among graduates of baccalaureate programs.

Application Type: Automatic Consideration – No Application Required

The Graham Family Athletic Awards

John and Lina Graham have established the Graham Family Athletic Awards, which recognize the contributions that varsity student athletes make in enriching the quality of life at Dalhousie University. Awards are available to entering and continuing varsity athletes. Award recipients should demonstrate positive attributes in the areas of citizenship, sportsmanship and community service.

Eligibility: Available to student athletes in any program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture).

Application Type: Contact the Department of Athletics for more information

MacCallum S. Grant Charitable Foundation Bursary

The MacCallum S. Grant Charitable Foundation supports a number of bursaries for Dalhousie University students each year. First priority will be given to students who have lived in Halifax County, Guysborough County and Preston for a period of at least two years immediately prior to receiving a bursary. Students from the former City of Halifax, Dartmouth and the town of Bedford are not eligible to receive a bursary. .

Application Type: Automatic Consideration – No Application Required

Nimmi and Teji Kanwal Bursary

Mr. Tejinder (Teji) and Mrs. Nirmal (Nimmi) Kanwal have cared and impacted numerous lives over the years. Although now retired, both were successful and beloved teachers for over 30 years. They grew up in India where their parents were strong believers in education and supported their schooling. Teji came to Canada in 1962 and Nimmi joined him in 1967. Travelling around the world twice, their love of adventure and travel continued throughout their lives. Both received Masters degrees from Dalhousie. They are supporters of equal rights for all, which includes their support for equal opportunities for teachers in Nova Scotia. As Teji puts it “If you can’t do something for someone, you are a no one.”

Eligibility: Awarded to an undergraduate Dalhousie student who is in good academic standing and demonstrates financial need, with preference to a female student.

Application Type: General Entrance Award Application

Application Deadline: October 15

Application Type: General Online Bursary Application

Application Deadline: October 15

Dr. Carolyn Savoy Award of Excellence

In March of 2009, Dr. Carolyn Savoy announced her retirement from coaching, after a 32-year career of outstanding service to Dalhousie University and its women's basketball program. Carolyn continues to work as an Associate Professor in the School of Health and Human Performance at Dalhousie. Dr. Savoy came to Dalhousie in 1977 as head coach of the women's basketball team, following seven years in the same capacity at St FX. In over three decades of coaching, Coach Savoy posted very impressive results, including an 858-292 CIS win-loss record for a 74.5 winning percentage. A four-time AUS Coach of the Year, she led the Tigers to the national final in 1980, the semifinals in 1982, to a fourth place CIS finish in 2007 and placed sixth at nationals in 1986, 1996 and 2001. Coach Savoy's teams won nine regular season AUS titles and five AUS championships. Academically, her teams had a 100% graduation record for those playing three to five years in the program. As a Level 4 basketball master course conductor, Carolyn has coached at the national and international level as an assistant with the Canadian national team program and also

served as head coach of the 2001 Nova Scotia Canada Games team. She completed her BPE degree in 1969 at the University of New Brunswick. She enjoyed an outstanding athletic career at UNB, where she was a star volleyball, basketball (she played on a team that compiled a 93-game winning streak) and field hockey player. She began her coaching career at St FX (1969-77), where she transformed both the basketball and field hockey teams into winning programs. Carolyn has been honoured with a number of prestigious awards including the 2002 Women of Excellence award in the health, sport and fitness category. In 2005 she received the Frank Baldwin award for her contribution to the development of basketball in Nova Scotia. She was also inducted to the Saint John Sport Hall of Fame as a builder in 2003. Eligibility: Available to athletes in the women's basketball program at Dalhousie University (excluding the Dalhousie Faculty of Agriculture). Application Type: Contact the Department of Athletics for more information

Leslie Shaw Bursary

This bursary was established by Allan, Gabrielle, and Sarah Shaw for Leslie Shaw to honour her and to celebrate her 60th birthday. Leslie Shaw dedicates her professional and volunteer life to the betterment of our society. This bursary is awarded annually to permanent residents of Canada and/or international students whose first language is not English.
