

NEW BRUNSWICK YOUNG FARMERS FORUM

2015 Annual General Meeting

'Busting Myths and Reversing Trends'

It is easy to recognize the challenges we are facing here in New Brunswick. Our economic future is unknown, but we have a strong young farmer community working towards evolution in the countryside. The 2015 NBYFF AGM will honour and celebrate the young farm families who are leading the charge for change in the city and rural communities.

This year's event will be held on January 23rd and 24th, 2015, at the Crowne Plaza Beaverbrook Hotel in Fredericton, NB.

Speakers include:

- **Dr. Joe Schwarcz, McGill University:** *"Science, Sense and Nonsense"*, an interactive discussion on the science of food and the beliefs that drive consumer demand
- **Peter Moorhouse, President & CEO, Better Business Bureau Atlantic:** Keynote banquet address outlining the results of the *"One Nova Scotia Now or Never Report"* and the future of rural Maritime communities.

A Friday evening gala banquet has been added to the agenda for 2015 to celebrate the success of the New Brunswick Young Farmers Forum as a community and an organization. In the spirit of professionalism and celebration, the banquet dress code will be business formal.

A block of rooms has been reserved at the Crowne Plaza for those who require overnight accommodations under NBYFF.

This is a Young Farmers event you won't want to miss! To register, [email](mailto:info@nbyff.ca) the NBYFF office at info@nbyff.ca, or [call](tel:506-472-8033) 506-472-8033.
