

Graduate Module Outline

Title: Scientific Writing.

Instructor: Vilis O. Nams (vilis.nams@dal.ca)

Timing: Jan-April 2020, Thursdays 10-11:30

Description: This module will teach students how to write more clearly. Among other topics, it will cover parallel sentence structure, introductory sentences, and active vs passive voice. This will not cover grammar or spelling.

Format: One meeting weekly for 3 months. There will be weekly assignments, lectures and class discussions.

Method of Evaluation: 50% class attendance and participation, 30% assignments, and 20% summary writing assignment.
