

FACULTY OF AGRICULTURE

First Year Bachelor of Science (Agriculture) Majors: Animal Science, Aquaculture, Environmental Sciences, Integrated Environmental Management, and Plant Science

2024-2025 Academic Year

This worksheet is intended to guide first year students in making their first-year course selections. Use the <u>academic timetable</u> to look up the course reference numbers (CRN), days and times of the lectures, labs, and tutorials you wish to take. Use the blank schedule template to build your weekly schedule or try a digital site like <u>Coursicle</u>. It is recommended that you schedule your required courses first, followed by your elective(s). Information on the overall requirements for the BSc (Agr) can be found in the <u>academic calendar</u>.

| Fall Term | Winter Term |
|--|--|
| AGRI 1000 Agricultural Ecosystems | Elective (3 credit hours) |
| BIOA 1002 Biology I | BIOA 1003 Biology II |
| CHMA 1000 General Chemistry I | CHMA 1001 General Chemistry II |
| MTHA 1000 Introductory Calculus I | MTHA 1001 Introductory Calculus II |
| ECOA 1000 Principles of Microeconomics | English: EGLA 1000, EGLA 1002 or EGLA 1004 |

CHOOSE AN ENGLISH COURSE

BSc (Agr) students must take an approved English course. We recommend that most students take writing in first year. Students for whom English is a second language may wish to defer their writing course until second year. Students beginning their studies will need to take one of the following English (EGLA) courses: EGLA 1000 Composition, ELGA 1002 Nature and Literature, or EGLA 1004 English Studies for Science and Technology.

Students considering veterinary studies should register for either EGLA 1000 or EGLA 1004 to meet the English composition requirements needed for admission into a Canadian Veterinary College.

CHOOSE YOUR ELECTIVES

Before graduation BSc (Agr) students must complete **36 credit hours of agricultural elective, and 6 credit hours of humanities electives**. Student may also complete general electives in their first year, which can be any course of interest, provided the student meets all pre-requisite requirements. Courses at the **1000** or **2000** level are recommended for students in their first year of university study.

FACULTY OF AGRICULTURE

First Year Bachelor of Science (Agriculture) Majors: Animal Science, Aquaculture, Environmental Sciences, Integrated Environmental Management, and Plant Science

2024-2025 Academic Year

Humanities and social science courses include those in the following subjects: English, Arts, History, French, Spanish, Philosophy, Economics, Geography, Psychology, Political Science, Rural Studies, and Sociology. Additional courses from outside these subjects are listed in the academic calendar.

Agricultural courses focus on one or more aspects of the agri-food system. A full list of approved agricultural courses can be found in the academic calendar. The following is a sample of possible options for first year students: AGRN 2000, ANSC 2004, APSC 2000, HORT 2000, INFB 1000, SOIL 2000, or POLS 2000.

DETERMINE IF YOU REQUIRE PREPARATORY COURSES

If you do not have Pre-Calculus Math 12 or the 65% required minimum grade, which prepares you for university level Calculus, it is recommended to take a non-credit preparatory course, MTHA 0050 Functions, prior to enrolling in Calculus, MTHA 1000. Students may register for MTHA 0050 for the summer term by emailing enrollment.services@dal.ca, and then registering for the course using the CRN found in the timetable.

Upgrading courses are offered online and can be taken through the summer or regular academic year with the <u>Faculty of Open Learning</u>. A grade must be awarded before a student may enrol in university level courses if a student is missing these high school level courses. **Students are strongly encouraged to complete these courses in the summer** if they wish to prevent delays within their program.

Students who may be eligible for course credits based on previous post-secondary education or IB/AP courses should ensure their final official transcripts are forwarded to Dalhousie **as soon as they become available**. Any inquiries regarding transfer credits may be directed to transfercredits@dal.ca.

2024-2025 Academic Year

Build your Schedule

- 1. Login to DalOnline.
- 2. Select Web for Students.
- 3. Select View Academic Timetable.
 - . From here you can select the Term and Location, it is recommended to review course offering one term (fall or winter) at a time.
- 4. Select the subject from the drop-down list, note that courses are listed by subject not program or degree.
 - i. All courses offered on the Agricultural campus will be indicated by either Agri Campus, Agricultural Campus, or AGR in the subject title (e.g. Economics-Agricultural Campus), except for CSCI Computer Science courses.
- 5. Find the intended course (e.g. ECOA 1000) and record the CRN number for one of the lecture (Lec) sections.
 - i. The CRN is a five-digit code (e.g. 13789).
- 6. If applicable, select a tutorial (Tut) or Lab section and record the CRN. You must register for one of each of the sections that appear for each course (Lec, Lab, and Tut).
 - i. Note that not all courses have a lab or tutorial section, e.g. ECOA 1000.
- 7. Check the first column for notes such as restrictions (R), or preferred sections for select programs.
- 8. Repeat, finding the CRN's for all courses required for the given term and be mindful of time conflicts, while recording CRN's in your schedule.
- 9. Once you have found all the CRN's for your courses in the Fall term, repeat the same process for the Winter term.

Register for Courses

- 10. Access DalOnline and navigate to Web for Students, then the Registration page.
- 11. Select Register for Classes, twice,
 - i. From the drop-down menu select your term, starting with **2024/2025 Fall** and Continue.
- 12. Select Enter CRNs from the option across the top of the screen, **do not** use the Class Search option.
 - i. Add as many CRN text boxes as needed.
 - ii. Type one CRN into each text box, once complete select Add to Summary.
- 13. Your tentative schedule will be available in the panel in the bottom left and your summary of courses can be seen in a panel in the bottom right of the screen.
 - i. Confirm your schedule is accurate and that there are no course conflicts.
- 14. Next to each pending course confirm your intended Action generally Web Registered and select Submit to finalize your course registration.
- 15. After registering for the Fall term, complete the process for the 2024/2025 Winter term.
- 16. If errors occur after submitting CRN's please reach out to newtodalac@dal.ca for clarification and assistance to resolve the issue.
