

FACULTY OF AGRICULTURE

First Year BSc (Agr) Majors in Agricultural Business or Agricultural Economics
2024-2025 Academic Year

This worksheet is intended to guide first year students in making their first-year course selections. Use the [academic timetable](#) to look up the course reference numbers (CRN), days and times of the lectures, labs, and tutorials you wish to take. Use the blank schedule template to build your weekly schedule or try a digital site like [Coursicle](#). It is recommended that you schedule your required courses first, followed by your elective(s). Complete information on the overall requirements for the BSc (Agr) – Ag Business/Ag Economics major can be found in the [academic calendar](#).

Fall Term	Winter Term
AGRI 1000 Agricultural Ecosystems	English course (EGLA 1000, 1002, or 1004)
BIOA 1002 Biology I	BIOA 1003 Biology II
EOCA 1000 Principles of Microeconomics	EOCA 1001 Principles of Macroeconomics*
MTHA 1000 Introductory Calculus I*	MTHA 1001 Introductory Calculus II*
MGTA 1004 Introduction to Business*	Elective (3 credit hours)

CHOOSE AN ENGLISH COURSE

BSc (Agr) students must take an approved English course. We recommend that most students take a writing course in first year. Students for whom English is a second language may wish to defer their writing course until second year. Students beginning their studies will need to take one of the following English (EGLA) courses: EGLA 1000 Composition, ELGA 1002 Nature and Literature, or EGLA 1004 English Studies for Science and Technology.

CHOOSE YOUR ELECTIVES

Before graduation BSc (Agr) students must complete **36 credit hours of agricultural elective, and 6 credit hours of humanities electives.** Student may also complete general electives in their first year, which can be any course of interest, provided the student meets all pre-requisite requirements. Courses at the 1000 or 2000 level are recommended for students in their first year of university study. The Business and Social Sciences Department strongly recommends that students consider taking [CSCA 1000 Computer Methods](#) as an elective in their winter term, schedule permitting.

Agricultural Economics students may **take an elective in place of *MGTA 1004** in the winter term as this course is **only required** for the Agriculture Business major.

***EOCA 1001** can be taken in your second year without causing delays to your program as outlined in the [Academic Calendar](#). However, it is recommended that students take both ECOA 1000 and ECOA 1001 in their first year if scheduling allows.

Agricultural Business students will need to take electives in place of **MTHA 1000 and MTHA 1001** to allow for ***MGTA 1004**. It is recommended that Agricultural Business students complete MGTA 1004 in their first year and their required Calculus courses in second year. Students are encouraged to take **STAA 2000 Introduction to Statistics and MGTA 2000 Human Resource Management** in their Winter term, both are required courses.

FACULTY OF AGRICULTURE

First Year BSc (Agr) Majors in Agricultural Business or Agricultural Economics
2024-2025 Academic Year

Humanities and social science courses include those in the following subjects: English, Arts, History, French, Spanish, Philosophy, Geography, Psychology, Political Science, Rural Studies, and Sociology. Additional courses from outside these subjects are listed in the Academic Calendar.

Agricultural courses focus on one or more aspects of the agri-food system. A full list of approved agricultural courses can be found in the Academic Calendar. The following is a sample of possible options for first year students: AGRN 2000, ANSC 2004, APSC 2000, HORT 2000, INFB 1000, SOIL 2000, or POLS 2000.

DETERMINE IF YOU REQUIRE PREPARATORY COURSES

If you do not have Pre-Calculus Math 12 or the 65% required minimum grade, which prepares you for university level Calculus, it is recommended to take a non-credit preparatory course, **MTHA 0050** Functions, prior to enrolling in Calculus, **MTHA 1000**. Students may register for MTHA 0050 for the summer term by emailing enrolment.services@dal.ca, and then registering for the course using the CRN found in the timetable.

Upgrading courses are offered online and can be taken through the summer or regular academic year with the [Faculty of Open Learning](#). A grade must be awarded before a student may enrol in university level courses if a student is missing these high school level courses. **Students are strongly encouraged to complete these courses in the summer** if they wish to prevent delays within their program.

Students who may be eligible for course credits based on previous post-secondary education or IB/AP courses should ensure their final official transcripts are forwarded to Dalhousie **as soon as they become available**. Any inquiries regarding transfer credits may be directed to transfercredits@dal.ca.

First Year BSc (Agr) Majors in Agricultural Business or Agricultural Economics
2024-2025 Academic Year

Build your Schedule

1. Login to [DalOnline](#).
2. Select Web for Students.
3. Select [View Academic Timetable](#).
 - i. From here you can select the Term and Location, it is recommended to review course offering one term (fall or winter) at a time.
4. Select the subject from the drop-down list, note that courses are listed by subject not program or degree.
 - i. All courses offered on the Agricultural campus will be indicated by either Agri Campus, Agricultural Campus, or AGR in the subject title (e.g. Economics-Agricultural Campus), except for CSCI Computer Science courses.
5. Find the intended course (e.g. ECOA 1000) and record the CRN number for one of the lecture (Lec) sections.
 - i. The CRN is a five-digit code (e.g. 13789).
6. If applicable, select a tutorial (Tut) or Lab section and record the CRN. You must register for one of each of the sections that appear for each course (Lec, Lab, and Tut).
 - i. Note that not all courses have a lab or tutorial section, e.g. ECOA 1000.
7. Check the first column for notes such as restrictions (R), or preferred sections for select programs.
8. Repeat, finding the CRN's for all courses required for the given term and be mindful of time conflicts, while recording CRN's in your schedule.
9. Once you have found all the CRN's for your courses in the Fall term, repeat the same process for the Winter term.

Register for Courses

10. Access [DalOnline](#) and navigate to Web for Students, then the Registration page.
11. Select Register for Classes, twice,
 - i. From the drop-down menu select your term, starting with **2024/2025 Fall** and Continue.
12. Select Enter CRNs from the option across the top of the screen, **do not** use the Class Search option.
 - i. Add as many CRN text boxes as needed.
 - ii. Type one CRN into each text box, once complete select Add to Summary.
13. Your tentative schedule will be available in the panel in the bottom left and your summary of courses can be seen in a panel in the bottom right of the screen.
 - i. Confirm your schedule is accurate and that there are no course conflicts.
14. Next to each pending course confirm your intended Action generally Web Registered and select Submit to finalize your course registration.
15. After registering for the Fall term, complete the process for the **2024/2025 Winter** term.
16. If errors occur after submitting CRN's please reach out to newtodalac@dal.ca for clarification and assistance to resolve the issue.

MY PLAN FOR FALL TERM

TIME	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
8:35am					
9:35am					
10:35am					
11:35am					
12:35pm					
1:35pm					
2:35pm					
3:35pm					
4:35pm					
Evening Classes					

Course	Ex. ECOA 1000					
Lecture CRN	10241					
Lab CRN	10245					
Tutorial CRN	10255					

MY PLAN FOR WINTER TERM

TIME	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
8:35am					
9:35am					
10:35am					
11:35am					
12:35pm					
1:35pm					
2:35pm					
3:35pm					
4:35pm					
Evening Classes					

Course	Ex. ECOA 1000					
Lecture CRN	20241					
Lab CRN	20245					
Tutorial CRN	20255
