FACULTY OF ARTS AND SOCIAL SCIENCES

First-Year Bachelor of Arts (BA) Coordinated Arts Program (CAP) Course Planning Worksheet
2019-2020 Academic Year

The guide below can be used to assist you with your first-year course selection. Use the table below, the academic timetable and the schedule worksheet to build your schedule. It is recommended you schedule your required courses first, and then choose your electives based on your interests and future goals. The Course Planning Worksheet is meant as a reflective tool to plan out your courses. For complete program requirements, see the Dalhousie Academic Calendar at www.dal.ca/calendar or ask your advisor.

REGISTRATION NOTES:
In first year, you may take a maximum of 15 credit hours in each of the fall and winter terms. You may choose to register for fewer credit hours, depending on your anticipated academic workload and other commitments. In order to be considered a full-time student, however, you must take a minimum of 9 credit hours per term. Every BA student must complete, before graduating, the General Degree Requirements, including 6 credit hours each in the Humanities, Social Sciences, and in Life or Physical Sciences, plus 6 credit hours in an approved writing requirement, and in an approved language requirement. The CAP program meets all of these requirements, except the language requirement.

FIRST YEAR INTEREST GROUPS - FIGS:
A First-Year Interest Group, or FIG, is a great opportunity to meet other first-year students with similar interests or goals. Led by senior students, groups will meet once a week during the fall term to explore interests, build connections, and learn tips for success! Visit www.dal.ca/figs for information about what FIG courses are being offered or ask your Advisor for details.

LANGUAGE REQUIREMENT:
To satisfy the language requirement, you must take six credit hours in a single subject some time before you graduate. Note: If you choose to major in Economics, Philosophy, Political Science, Psychology, or Sociology/Social Anthropology, you may substitute 6 credit hours in math or statistics for the language course if you prefer (provided the Math is not: 1001.03, 1002.03, 1003.03 1110.03, 1120.03, 1115.03).
