The guide below can be used to assist you with your first-year course selection. Use the table below, the academic timetable and the schedule worksheet to build your schedule. It is recommended you schedule your required courses first, and then choose your electives based on your interests and future goals. The Course Planning Worksheet is meant as a reflective tool to plan out your courses. For complete program requirements, see the Dalhousie Academic Calendar at www.dal.ca/calendar or ask your advisor.

</table>

* If selected, two of ENVS 1100.03, ENVS 1200.03, ARCH 1001.03 and ARCH 1002.03 may be taken in any combination to total 6 credit hours in one term or over two terms

**SUST 1000.06 is 6 credit hours in a single term, and it also meets the writing requirement. If selected, SUST 1000.06 would occupy both slots it is listed in, and the Writing Requirement slot in winter term would become an elective.

**ELECTIVES:** Electives are any course outside of your major. When choosing your electives, keep in mind that you will need to take at least 6 credit hours of a science subject, and at least 6 credit hours of an arts, humanities or social science subject before you graduate. ERTH/GEOG 1030 counts for 3 credit hours of science.

**TIP:** If you are considering a double major in Community Design and Sustainability, it is recommended that you complete both SUST 1000.06 and SUST 1001.06 in your first year.

**TRANSFER STUDENTS:**
Transfer students should contact the School of Planning undergraduate advisor for course selection assistance (see contact details below).

**WRITING COURSE OPTIONS:**
Choose a total of 6 credit hours of writing requirement courses from the following list. Note that X/Y indicates a full-year (fall and winter) course. Course codes ending in .06 equal 6 credit hours and course codes ending in .03 equal 3 credit hours. To fulfill this requirement, select one .06 course or two .03 courses.
Note: not all University writing requirement courses are on this list.

- **Classics**: CLAS 1103.03, CLAS 1104.03
- **English**: ENGL 1005.03, ENGL 1015.03, ENGL 1025.03, ENGL 1040.03, ENGL 1100.03
- **History of Science and Technology**: HIST 1801.03
- **Journalism**: JOUR 1001.06 X/Y
- **Philosophy**: PHIL 1010.06 X/Y
- **Political Science**: POLI 1103.06 X/Y
- **Sustainability**: SUST 1000.06 (single term)
