# FACULTY OF AGRICULTURE
First Year Bachelor of Landscape Architecture
2025-2026 Academic Year

This worksheet is intended to guide first year students in making their first-year course selections. Use the academic timetable to look up the course reference numbers (CRN), days and times of the lectures, labs and tutorials you wish to take. Use the blank schedule template to build your weekly schedule or try a digital site like Coursicle.

Complete information on the overall requirements for the Bachelor of Landscape Architecture program can be found in the academic calendar.

| Fall Term | Winter Term |
|---|---|
| APSC 1002 Surveying | EGLA 1000 Composition |
| HORT 1000 Landscape Plants I | HORT 1005 Landscape Construction Methods |
| HORT 1003 Planting in Landscapes | LARC 1003 Design Documents and CADD |
| LARC 1010 Studio I: Introduction to Design | LARC 1004 Visual Communications I |
| SOIL 2000 Introduction to Soil Science | LARC 1020 Studio II: Site Design |

Specific program questions can be directed to Ed Versteeg, ed.versteeg@dal.ca.

## TRANSFER COURSES
Students who may be eligible for course credits based on previous post-secondary education or IB/AP courses should ensure their final official transcripts are forwarded to Dalhousie **as soon as they become available**. Any inquiries regarding transfer credits may be directed to transfercredits@dal.ca.

Students joining Dalhousie after having attended another post-secondary institution should connect with an academic advisor to discuss changes to the above course plan, as needed, depending on anticipated transfer courses because of previous study.

## BUILD YOUR SCHEDULE

1. Login to DalOnline.
2. Select Web for Students.
3. Select View Academic Timetable.
    i. From here you can select the *Term* and *Location*, it is recommended to review course offering one term - fall or winter - at a time.
4. Select the subject from the drop-down list, note that **courses are listed by subject** not program or degree.
    i. All courses offered on the Agricultural campus will be indicated by either Agri Campus, Agricultural Campus, or AGR in the subject title (e.g. Economics-Agricultural Campus), except for CSCI Computer Science courses.
5. Find the intended course (e.g. ECOA 1000) and record the Course Registration Number (CRN) number for one of the lecture (Lec) sections.
    i. The CRN is a five-digit code (e.g. 13789).
6. If applicable, select a tutorial (Tut) or Lab section and record the CRN. You must register for one of each of the sections that appear for each course (Lec, Lab, and Tut).
    i. Note that not all courses have a lab or tutorial section, e.g. ECOA 1000.
7. Check the first column for notes such as restrictions (R), or preferred sections for selected programs.
8. Repeat steps 4 through 7, finding the CRN's for all courses required for the given term and be mindful of time conflicts, while recording CRN's in your schedule.
    i. The registration system **will allow** you to register for lecture, labs, and tutorials that **conflict**. It is your responsibility to ensure you can attend all required course components.
9. Once you have found all the CRN's for your courses in the Fall term, repeat the same process for the Winter term.

## REGISTER FOR COURSES

1. Access DalOnline and navigate to Web for *Students*, then the *Registration* page.
2. Select *Register for Classes*, twice,
    i. From the drop-down menu select your term, starting with **2025/2026 Fall** and *Continue*.
3. Select *Enter CRNs* from the option across the top of the screen, **do not** use the *Class Search* option.
    i. Add as many CRN text boxes as needed.
    ii. Type one CRN into each text box, once complete select *Add to Summary*.
4. Your tentative schedule will be available in the panel in the bottom left and your summary of courses can be seen in a panel in the bottom right of the screen.
    i. Confirm your schedule is accurate and that there are **no course conflicts**.
5. Next to each pending course confirm your intended action - usually Web Registered - and select *Submit* to finalize your course registration.
6. After registering for the Fall term, complete the process for the **2025/2026 Winter** term.
7. If errors occur after submitting CRN's please reach out to newtodalac@dal.ca for clarification and assistance to resolve the issue. A screenshot of the error message is helpful.
