Certificate in Immigration Program

UBC Continuing Studies and Dalhousie University College of Continuing Education are pleased to be offering a new 100% online Certificate program to professionals who currently work or would like to work in the area of immigration.

Canada is a country built and enriched by immigrants, and immigration continues to be an important facet of Canadian culture.

The Certificate in Immigration: Laws, Policies and Procedures Program consists of seven modules. All modules provide opportunities to practice critical thinking as well as develop oral and written communication skills, including filling out immigration application forms, relevant to the field of immigration consulting.

The program is accredited by the Immigration Consultants of Canada Regulatory Council (ICCRC) and is the first step towards becoming a regulated immigration consultant in Canada. Choose from 9-month part-time or 6-month full-time options starting in September 2014 and January 2015.
