

TECHNICAL WRITING

DAL.CA/TECHNICALWRITING

Effective writing skills for clear communication

You've got expertise, technical skills and a mastery of complex information and ideas. Our Technical Writing Certificate will help you convey that knowledge to your target audience, clearly and with impact.

Our interactive online program is tailor-made for professionals working in engineering, technology, science or other technical fields. You'll develop versatile writing skills that empower you to create compelling technical documents and communicate with confidence.

Don't let the writing process be a barrier. Learn to craft documents, reports and emails efficiently—and give yourself more time to devote to the work that drives your organization.

TECHNICAL WRITING COURSES

To earn the Technical Writing Certificate, you must successfully complete four courses: Technical Writing Essentials and three electives. Courses can also be taken on a stand-alone basis. Choose from:

- Technical Writing Essentials
- Project Management Documents
- Persuasive Writing
- Writing Clear Technical Reports
- Grammar Tune-up
- Writing Emails that Get Results
