

THE SCIENCE

POLITICS OF

CLIMATE CHANGE

SATURDAY, MAY 2ND, 7PM

ONDAATJE HALL, MCCAIN ARTS & SOCIAL SCIENCES BUILDING, DALHOUSIE UNIVERSITY

Come for a discussion on the scientific evidence for climate change, new projections, progress towards emissions reductions, and prospects for securing a new climate deal at the 2015 United Nations Climate Change Conference in Paris. Speakers include **DR. THOMAS J. DUCK**, scientist and advocate, and **ELIZABETH MAY**, O.C., M.P., Leader of the Green Party of Canada and author.
