

Student Learning Experience Questionnaires

A Quick Guide for Students

As a student, you have the **power** and the **responsibility** to provide feedback on your learning experience. By completing the Student Learning Experience Questionnaires,

Your confidential feedback will help improve the courses and teaching at Dalhousie, and enhance the learning experiences of future students.

dal.ca/SLEQ

Your Voice Matters!

The information from SLEQs is used by Dalhousie to:

1. Help instructors improve their teaching via constructive feedback.
2. Assist TAs to improve their teaching as they begin their careers.
3. Act as reference for the promotion and tenure of instructors and staff.
4. Provide evidence of teaching accomplishments and excellence for internal and external Teaching Awards.
5. Develop enhanced, or perhaps new, educational programs and courses.

When do I provide SLEQ feedback?

You may complete the SLEQ forms anytime during the **last two weeks** of your class once access is provided. An email will be sent through your Dalhousie email containing a link to the BLUE system and access to the form will become available in Brightspace under the SLEQ tab on the main page. After the initial invitation, at least 3 reminders will be sent to non-respondents.

Provide constructive feedback

BE RESPECTFUL. Derogatory comments or criticisms based on race, religion, gender, sexual orientation, etc. are not appropriate in SLEQs.

Constructive feedback from students is a valuable resource for improving teaching and learning. The feedback should be specific, focused, and respectful. Focus on examples in the course and teaching that are positive as well as those you feel need improvement.

Please read the “Guidelines to Students on Providing Constructive Feedback” which is linked in the invitation email you receive from SLEQ@dal.ca once the SLEQ forms open, or view it and other materials on our website at dal.ca/sleg.

Contact Us

We also invite you to contact us (SLEQ@dal.ca) if you have questions about the SLEQ process.

You can also find other resources and information on our website at www.dal.ca/sleg.
