**The Stores team has completely physically overhauled their space improving organization, ease of use, and efficiency for the whole team. They are proactive with the trades teams, directly reaching out to consult with front line staff so they can ensure they have proper materials and equipment on hand. They are friendly, cooperative and supportive of each other. The stores department has undergone a great deal of transition in the last number of years, and the level of respect and professionalism in this team is very noted and appreciated.**
