

Facilities Management 2024 Stoker Awards

Stewardship Award Jason Williams

AC Custodial Services

On Jason's regular rounds he noticed that one of the horses housed on campus was not looking right. He took the time to go over to the horse, take a closer look and then reported the anomaly to the staff at the dairy facility. The vet was called and determined the horse had colic, which is potentially serious for horses. Thanks to the actions of this staff member the horse was treated and saved from further suffering.
