

2019 VALUES AWARD FOR TEAMWORK

JILL MCPHEE

The Dean of Architecture says Jill and her team went above and beyond to help get all buildings on Sexton campus ready for students in September 2019. Many spaces were either under renovation or intensely used and Jill was amazing. She rallied her team to make all of the spaces ready.

Then this fall Mike Wilkinson writes that when regular Mailroom staff out for various reasons Jill stepped back into her Mailroom role without hesitation to help keep the mail moving in the middle of the chaos caused by the warehouse construction and renovations. Without Jill's help many students and staff would not have received their parcels - some of which contained medications passports and other time sensitive items. Well done and thank you.

L-R – FM AVP Peter Coutts, Interim President Teri Balsler, Jill McPhee, VP Ian Nason.
