

## 2019 STOKER AWARD FOR STEWARDSHIP

### CUSTODIAL BROWN AND ORANGE (RESIDENCES)

I want to thank the Custodial Crew in general for all they do in residences. I know that there are times that they are faced with a lot to do after some weekends. They are truly some of the unsung heroes that are behind the scenes doing this work and never get recognized like they should. They are all a key part of our success and we would not manage without their hard work to keep our residence buildings clean and safe for students! - Linda Parker.

From Risley Students:

- We all really appreciate how they kindly cleaning up our messes. They are so friendly every time I meet them and honestly every single one of them always smiles and talks to me.
- A lot of students seem to take advantage of the fact we have cleaners here so they don't care if they make a mess. It's not their job to clean up after a bunch of adults. Thank you all very much for the work you do here at Dalhousie. Thank you for taking care of our "home."

L-R: FM AVP Peter Coutts, Interim President Teri Balsler, Residence Custodians, VP Ian Nason.
