

## Event Centre Construction Update

August 31, 2023

Construction of the Dalhousie Event Centre has now resumed with a projected completion date of late 2025.

The two-level event centre will be a dynamic and inclusive new space for Dalhousie and the greater Halifax community featuring an NHL-sized rink with an alternate floor surface allowing for a variety of events.

### Construction activities September 1-12, 2023:

- The sidewalk on the north side of South Street is being closed until construction is complete. A temporary crosswalk with flashing lights is being erected and will remain in place for the duration of the project directing pedestrians to the opposite side of the street. The Halifax Regional Municipality approved this work and has issued all appropriate permits.
- Starting September 12, 2023 crews will begin removing asphalt in preparation for the foundation.

As a busy university campus in our shared neighbourhood, we understand that construction can sometimes be inconvenient, and it is our goal to complete the project in a timely manner and to minimize disruptions by adhering to all construction, traffic and noise related by-laws.

All construction updates will be posted on the Event Centre website at [Dalhousie Event Centre - Facilities Management - Dalhousie University](#).
