

## Event Centre Construction Update      Nov 10, 2023

Dalhousie is building a new Event Centre on South Street with a projected completion date of late 2025.

The two-level facility will be a dynamic and inclusive new space for Dalhousie and the greater Halifax community featuring an NHL-sized rink with an alternate floor surface allowing for a variety of events.

### Construction activities:

- Excavation, rockbreaking and increased truck traffic will continue as necessary into 2024.
- Formwork, rebar and placement of concrete for building foundations continues.
- The sidewalk on the north side of South Street will remain closed until project completion. Pedestrians must cross at the crosswalk at the corner of LeMarchant Street/South Street or at the newly created crosswalk near Wickwire Field.
- Reminder that this area is an active construction site and there is to be no trespassing in this area during the project. Anyone with concerns about the site should contact [projects@dal.ca](mailto:projects@dal.ca) during business hours or Dal Security after hours at 902 494 6400.

As a busy university campus in our shared neighbourhood, we understand that construction can sometimes be inconvenient, and it is our goal to complete the project in a timely manner and to minimize disruptions by adhering to all construction, traffic and noise related by-laws.

Please note that all times/activities are subject to change.

All construction updates will be posted on the Event Centre website at [Dalhousie Event Centre - Facilities Management - Dalhousie University](https://www.dalhousie.ca/event-centre-facilities-management).
