

Event Centre Construction Update Sept. 20, 2023

Construction of the Dalhousie Event Centre continues with a projected completion date of late 2025.

The two-level event centre will be a dynamic and inclusive new space for Dalhousie and the greater Halifax community featuring an NHL-sized rink with an alternate floor surface allowing for a variety of events.

Current Construction Activities

- The sidewalk on the north side of South Street has now been closed until construction is complete. A temporary crosswalk with flashing lights has been erected and will remain in place for the duration of the project directing pedestrians to the opposite side of the street. The Halifax Regional Municipality approved this work and has issued all appropriate permits.
- Crews continue with site prep work on site.

As a busy university campus in our shared neighbourhood, we understand that construction can sometimes be inconvenient, and it is our goal to complete the project in a timely manner and to minimize disruptions by adhering to all construction, traffic and noise related by-laws.

All construction updates will be posted on the Event Centre website at Dalhousie Event Centre - Facilities Management - Dalhousie University.
