

Oulton-Stanish Centre Construction Update

HRM has approved a Noise Exemption for work at 6191 South Street (Oulton-Stanish Event Centre) which allows work to continue past prohibited hours on weekdays as needed until the project is completed.

The dates of the work will be posted on the following HRM website as soon as they are known (typically 5 days in advance): [Approved Construction | Noise Exemptions | Halifax](#)

Noise limiting protocols will be in place at all times during this work.

As a busy university campus in our shared neighbourhood, we understand that construction can sometimes be inconvenient, and it is our goal to complete the project in a timely manner and to minimize disruptions by adhering to all construction, traffic and noise related by-laws. Please note that all times/activities are subject to change.
