

Consistently Excellent Colleague

“I hosted a conference at the CHEB in early June and **Steve Smith** went above and beyond in his support. He was proactive - checking in with the organizers about the event and what we needed, anticipating some things we’d need, and helping us find solutions when we ran into issues. He is a great communicator, checking in with us regularly, and he is attentive. He takes pride in his work and in ensuring that the CHEB presents at its best. I’ve hosted many events and tours at the CHEB and Steve is a consistently excellent colleague. I’m always confident that things will go smoothly when I see that Steve is on duty. Thank you Steve.
