

Over the Moon with Weekend Custodial

“I just want to send a note of how pleased and over the moon I am with all Joanne Marion’s custodial teams particularly **Omer Suleman** and **Sterling LaRowe**. This week and the past few weekends were out of the ordinary with lots of small details for big events with a lot of heavier lifting than usual. Your teams have been impeccable for checking in when they have questions and also making suggestions when they think something will work better which I truly appreciate.

I have so much appreciation for you all.
Thank you so much!”
