

CUSTODIAL TEAM HELPS WITH ACCREDITATION

I want to say thank you to all staff for all the hard work they have done prior to and during our Medical School Accreditation process. The Tupper Building, Link Building and Clinical Research Centre present itself very well as a result of the contributions from Custodial Services. The foyer floor, hallways, washrooms, classrooms and our student lounge look great. So, I think it's important to pass along my appreciation to everyone!
