

DAL SECURITY KEEPS AN EYE ON DUNN

“I just want to say ‘Thank you’ for the very visible policing of the Dunn parking lot in the morning. I have noticed – as have my colleagues – that there is a larger security presence checking for cars without proper parking tags. I waited years and paid extra for the privilege to park there with a guarantee that I will find a spot. I used to arrive no later than 7:30 a.m. for general parking, and would leave after my 6 p.m. classes which made it a very long day. I really appreciate having the Dunn parking lot available to me. Thanks for the great job you’re doing!”
