

Truro Campus is in good hands with employees like Starla and Jason

In November of 2017, we received these kind words from Jason Williams, a custodian with a hearing impairment. He expressed his appreciation for the work and flexibility that his supervisors constantly display.

“**Starla Hutt** is very committed to overseeing our custodial work and ensuring that everything is works properly (radios, work orders, supplies, etc.). She also helps **Jason Penney** while he is on and off campus, as he is always making sure the Truro Campus is safe and in good condition. They even go out of their way to communicate with me through text to accommodate for my hearing impairment.”
