

Tim and Troy aren't giving up until the job gets done!

I wanted to pass on my appreciation to **Tim Jolly** and **Troy Farnell** for doing great work and relieving me of some anxiety today. I was asked to find a couch for the common room on 1376 LeMarchant street – which features a very awkward and clogged up entry way. When I found an L-shaped couch through surplus, I lost sleep worrying that it might not fit through the entry way. Tim and Troy wiggled it through and got the awkward thing to where staff, faculty, and students will now be able to sit in comfort! They didn't fuss or complain... and were cheerful the whole time as they were moving the couch twenty different ways until it finally went through the door... We all appreciate what they do!
