

FM Truro Staff show their commitment to safety!

Dalhousie's Environmental Health & Safety Office held their 3rd Annual Environmental Health & Safety Expo in September for the first time on the Truro Campus – where the Facilities Management staff were front and centre. The expo is an excellent opportunity demonstrate the great work that is being done within the Dalhousie community and the goal was to teach everyone how to keep healthy and safe on the job.

The Zone 5 Trades team set up a booth displaying Lock out/tag out, electrical panels, and fall/arrest equipment among other things. Their hands-on displays had staff, students, and faculty asking lots of questions.

Congratulations to everyone on the FM team who took part, including; **Tom Cole** (Plumber/Steamfitter), **Ritchie Davidson** (Mechanic), and **Tony Fleck** (Supervisor).
