

# Jason Williams lights up the AC with his glowing personality

“**Jason Williams** does an exceptional job keeping Jenkins Hall clean and tidy. It is clear that he takes pride in his work and the results are clear for everyone to see. However, Jason also has an amazing attitude, I don’t think that I have ever seen him NOT smiling. He greets everyone with a cheerful ‘hello’ with an enthusiasm that is contagious. He is a great asset to the custodial team, our campus and our community. The work he does is appreciated by all and we are very grateful to him for his continued hard work. He makes this a better place to work! Thanks Jason!”
