

# Security's Saturday Night Party

Saturday night September 14<sup>th</sup>, 2018, students were partying on and security was working hard to keep them all safe. Two officers, Erin Meredith and David Adeyemi responded to a call in under 5 minutes to help out a student who had become too intoxicated.

The student who lives in Sheriff Hall was found wondering around another residence, the LMP. Dal security “Walked the student back to Sherriff. The whole time, they were focused on the student, asking how they felt and if they needed a break” recounted by Mirusha Ramaj. This situation was a very positive experience, one that Mirusha felt should not go unnoticed.

David and Erin’s work was invaluable and greatly appreciated.
