

# Trades Transform HA19

The dark, dreary HA19 auditorium in the Medjuck Building on Sexton Campus got such a complete makeover that the Dean of Architecture and Planning did a dance of happiness when she thanked FM Trades for their work at an official opening.

“Words can’t express how delighted all of us are at the Faculty with this beautiful renovation. I have heard from countless students, faculty and staff how pleased they are with the quality of this renovation and what a change it is making in our teaching and learning.”

Early on in the project development, Facilities Management decided to merge two simultaneous projects: the room renovation and mechanical upgrades to all of the Medjuck Building. This decision paved the path forward for us to realize our ambition for the best solution in the face of a tight budget: the reversal of the room direction and universal accessibility. It required great strategy and coordination at all levels of project planning and management, to achieve this desired goal.

## Christine Macy

Dean of Architecture and Planning

This project would not have been possible if not for:

- Kevin Hazel (Electrical)
- Jack Roach (Electrical)
- Glenn MacQuarrie (Carpentry)
- Zeqirja Rexhepi (Painter)
- Graham Josey (Plumbing)
- Janset Mufti (Project Manager)
- Phillip Li (Project Manager)
- Wayne Cordeau (Custodial)
- Jeramie DeCastro (Custodial)
- Shirley Kelsie (Custodial)
- Christopher Rhyno (Carpentry)
- Matthew Sampson (Carpentry)
- Brian Westhaver (Zone 1 Plumbing)
- Stewart Irons (Plumbing)
- Ross McMahon (Custodial)
- Verna McNeil (Custodial)
- Michael Swinimer (Plumbing)
- Nicola Embleton-Lake (Planning)
- Darryl Babin (Planning)
- Max Zhao (Planning)
