

Rose Jean the Shining Queen

As August ends days start to become gray and sad, the LSC was revived with light after Rose Jean hit the third floor and left it a shining again. Although August 31st was a bright summer's day the clean, bright and fresh atmosphere created left the employees with “a boost to start their work positively.”

“Your positive impact is very well appreciated.”

Rajesh Rajaselvam

Teaching Faculty Biology – third floor LSC
