

EXAMS AT EASE

Jason Penney, Gordie Farrell, Ed Bowers and Seymour Publicover all helped students have a less stressful exam experience during April's exam period.

As one example of their dedication, Jason and Gordie came back into work one evening to reset a room that had been stripped of the exam tables needed for the next morning. This was above and beyond. This allows students to have a seamless experience.

Seymour placed privacy film on the windows in the testing room, making the students feel less on display. Eddie has helped with table set-up and take down, securing book shelves so they were stable and safe for students and staff to be around.

Thank you to them all! They are all deserving of KUDOS!

From Bev Zinck, Coordinator of Academic Accommodations, Student Success Centre, DALAC
