

# EXCELLENT EDNA

Edna Billard's work is being recognized by several Dalhousie employees, including Margaret Kay-Arora from the Healthy Populations Institutes. Margaret wanted to let Facilities Management know that Edna, who is cleaning her office, is doing a terrific job. She is thorough, effective and pleasant.

One morning Margaret took off her ring in the bathroom to wash her hands, and left it on the counter. Edna found it and immediately asked around to find out who it belonged to. Margaret sincerely appreciated her honesty.

Edna's hard work, and honesty deserves to be recognized.  
Excellent job Edna!
