

# PAINTING POSITIVITY

Friendly, professional, and very skilled, are just a few words used by a recent client to describe Raymond Legere, Michael Blakeny, Doug MacLeod, and Kenny Fitzgerald. This paint crew did an outstanding job on the School of Nursing, and put in the effort to exceed the highest standard of excellence.

Their collaboration made for very efficient, and excellent work. This group went above and beyond, prepping and painting areas that were requested, but not included in the project.

This client was exceptionally impressed, and had an appreciation for their friendliness, kindness, commitment, skills, and professionalism.

Congratulations, and thank you for the amazing work. You four help make Facilities Management an incredible environment.
