

Awesome Edna

Edna Billard - Custodian, is being praised for her amazing professional, is high quality of work.

Mary Taylor, working in Information Technology Services, wanted to pass along her compliments to Mary for her great job at 1322 Robie Street, saying "Edna went above and beyond this past 2 weeks keeping the house clean. We were having

heat pumps installed in the house and there was a lot of extra mess and dirt to clean up. Edna also cleaned the deck on the back of the house where the guys had been doing a lot of their work. It looks better than it has in a long time. We sincerely appreciated Edna's extra effort and positive attitude."

Keep up the great work!

From Mary Taylor, Information Technology Services
