

# McCain is happy to have Mary

The Faculty of Arts and Social Sciences is very happy to have Mary Garon. Mary is a veteran custodian who is new to McCain Building, and is doing an excellent job.

Mary always goes above and beyond her assigned duties as a hard worker. Her main job is to clean and sanitize her assigned areas to provide a safe and

sanitary work environment for faculty, staff and students at Dalhousie University.

There are compliments from faculty and staff alike on Mary's amazing work.

Congratulations Mary!
