

CUSTODIAL HEROES

Karen Rioux and Paula MacDonald are two custodians who do an amazing job at the Cox Institute of Agricultural Technology at Dalhousie's Agricultural campus in Truro. Their excellent work was recognized by Drucie Janes.

"They embody all of the values listed above and are two of the best custodians that are on the Dal AC campus." says Drucie. "Both as a team and individually, Karen and Paula go above and beyond their everyday duties."

Karen and Paula work extremely well to keep the Cox building clean. They also make it a very happy and positive environment.

"Kudos to Karen and Paula...I'm honored to 'work' with them."
