

Sustainability Achievements

The Office of Sustainability's Executive Director Rochelle Owen sent a kudos in recognition of the entire Facilities Management Department team for their efforts and support in achieving sustainability goals on campus.

"I wanted to send a personal note to Facilities Management. Over the last 10 years, every unit in Facilities has worked on numerous projects with us. The results of these projects can be seen in our progress and are outlined in [our 10 year Sustainability Report for Operations]. I wanted to thank your team and the many people who have worked with us and continue to do so. Thank you."
