

Facilitating Success

A sincere thank you to the many members of the Dal AC Facilities team who provided support to the two Public Health COVID immunization clinics on the Dal AC campus. Flexibility in scheduling, setting up for the clinic as well as the tear down, clean up, provision of additional equipment provided the opportunity for students, staff, faculty and community to receive a COVID vaccine. Very appreciative for the leadership and willingness to step forward on multiple occasions volunteering and supporting these clinics in numerous ways contributed to this vital part of keeping our community safe and healthy.
