

Facilitating Success

A huge thank you to these members of the Dal AC Facilities Team who provided support to the COVID immunization clinics by volunteering to work the screening table at the two Public Health COVID Immunization clinics on the Dal AC campus. They greeted and screened anyone who arrived to the clinic, using Public Health protocols. These individuals took their time to work as part of the team that provided the opportunity for students, staff, faculty and community to receive a COVID vaccine. Their participation contributed to this vital part of our overall health and safety plan.
